122nd APPEARANCE DAY OF SRILA PRABHUPADA

No work in all Indian literature is more quoted, because none is better loved, in the West, than the Bhagavad-gita. Translation of such a work demands not only knowledge of Sanskrit but an inward sympathy with the theme and a verbal artistry. For the poem is a symphony in which God is seen in all things.

His Divine Grace A.C. Bhaktivedanta Swami Prabhupada is, of course, profoundly sympathetic to the theme. He brings to it, moreover, a special interpretative insight, a powerful and persuasive presentation in the bhakti tradition...The swami does a real service for students by investing the beloved Indian epic with fresh meaning. Whatever our outlook may be, we should all be grateful for the labor that has led to this illuminating work.

Emeritus Distinguished Professor of Philosophy
University of Southern California

As a native of India now living in the West, it has given me much grief to see so many of my fellow countrymen coming to the West in the role of gurus and spiritual leaders. For this reason, I am very excited to see the publication of Bhagavad-gita As It Is by Sri A.C. Bhaktivedanta Swami Prabhupada. It will help to stop the terrible cheating of false and unauthorized 'gurus' and 'yogis' and will give an opportunity to all people to understand the actual meaning of Oriental culture.

Center for Oriental Studies,
The University of Mexico

Srila Prabhupada's edition thus fills a sensitive gap in France, where many hope to become familiar with traditional Indian thought, beyond the commercial East-West hodgepodge that has arisen since the time the Europeans first penetrated India. Whether the reader be an adept of Indian spiritualism or not, a reading of the Bhagavad-gita As It Is will be extremely profitable. For many this will be the first contact with the true India, the ancient India, the eternal India.

- Dr. Francois Chenique
Institute of Political Studies, Paris

THE BHAGAWAD-GITA AS IT IS by His Divine Grace A.C. Bhaktivedanta Swami Prabhupada is a work of spiritual genius. Its philosophical excellence is inseparable from its theme. It is a deeply felt, powerfully conceived and a beautifully explained work. I don't know whether to praise more the translation of the Bhagawad-Gita, its daring method of explanation, or the endless fertility of its ideas.

Even in translation the beauties of Gita are overwhelming. I have never seen any other work on Gita with such an important and authoritative voice and style. It is a work of undoubted integrity. I have strongly recommended this book to all students interested in Sanskrit and Indian Culture. It will occupy a significant place in the intellectual and ethical life of modern man for a long time to come.

The Bhagwat Gita, a great religio-philosophical classic treatise and work of imperishable significance to humanity, has exercised great influence that extended for centuries to China, Japan and latterly to the lands of the West particularly Europe, U.K. and U.S.A.

Eminent sages, scholars and religious teachers such as Sankara (A.D. 788-820), Ramanuja (11th Century A.D.), Madhava (A.D. 1199-1276), Nimbarka (A.D. 1162), Vallabha (A.D. 1479), B.G. Tilak (1856-1920), M.K. Gandhi (1869-1948), S. Radhakrishnan (1888-1975), and many others, have offered learned commentaries, but the interpretation of His Holiness A.C. Bhaktivedanta Swami Prabhupada is the greatest among the great interpretations.

Today when the entire humanity hangs from the cross of iron under the clouds of nuclear war, the message of Bhagwat Gita is the only hope which can save the humanity. It also gives hope to millions who are disillusioned and disappointed because of the sufferings of the human life imposed upon them by the materialistic society.

When the statesmen, great industrialists and some religious teachers are engaged in the rat race for power, God has sent His Holiness A.C. Bhaktivedanta Swami Prabhupada to lead the humanity the path of the Bhagwat Gita. From the number of his followers and disciples spread throughout the world, it is abundantly proved that he has been quite successful in spreading the eternal gospel of Gita and message of Hindu civilization and culture throughout the world. His service to the humanity by way of his interpretation of Bhagwat Gita perhaps will remain unsurpassable for many centuries to come.

MEANING OF VYASA PUJA

The Spiritual Master is the representative of Vyasadeva. Vyasadeva is the original spiritual master because he compiled and disseminated the Vedic knowledge. Therefore, according to the Vedic system, on the birthday of the spiritual master the disciples conduct the ceremony called Vyasa Puja.

As part of the Vyasa Puja ceremony, the disciples and followers of Srila Prabhupada offer homage to him by writing about his glories. Hearing the glories of the bonafide spiritual master has the same effect as hearing the glories of Lord Krishna the hearer becomes purified and awakens his dormant Krishna consciousness.

This book is a compilation of the glorification of His Divine Grace A.C. Bhaktivendanta Swami Prabhupada by his devotees on the occasion of his 122nd Vyasa Puja.

PRAYERS TO OUR BELOVED SPIRITUAL MASTER SRILA PRABHUPADA

*nama om viṣṇu-pādāya kṛṣṇa-preṣṭhāya bhū-tale
śrīmate bhaktivedānta-svāmin iti nāmine*

I offer my respectful obeisances unto His Divine Grace A.C. Bhaktivedanta Swami Prabhupāda, who is very dear to Lord Kṛṣṇa on this earth, having taken shelter at His lotus feet.

*namas te sārāsvate deve gaura-vāṇī-pracāriṇe
nirviṣeṣa-sūnyavādi-pāścātya-deśa-tāriṇe*

Our respectful obeisances are unto you, O spiritual master, servant of Sarasvatī Gosvāmī. You are kindly preaching the message of Lord Caitanyadeva and delivering the Western countries, which are filled with impersonalism and voidism.

*om ajñāna-timirāndhasya jñānāñjana-śalākayā
cakṣur unmīlitaṁ yena tasmai śrī-gurave namaḥ*

I offer my respectful obeisances unto my spiritual master, who has opened my eyes, blinded by the darkness of ignorance, with the torchlight of knowledge.

I have tried to explain what is there in the Bhagavatam, expand it. That is not my explanation, that is Krishna's explanation. I cannot explain now. That moment I could explain. That means Krishna's... I can understand that. That the description is very nicely given. Although it is my writing, but I know it is not my writing. It is Krishna's writing. So we should read Bhagavatam always.

Madhu Pandit Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories to Your Divine Grace.

Srila Prabhupada, your desire is that Krishna be glorified in the grandest manner, befitting His absolute status as the Supreme Personality of Godhead. You were always thinking big for His transcendental mission in order to bestow the greatest benefit to all the living entities on this planet. You expressed this divine spirit in a letter to Balavanta on 22 Dec 1971.

‘We should always be enthusiastic to try for shooting the rhinoceros. That way, if we fail, everybody will say, "Never mind, nobody can shoot a rhinoceros anyway! "And if we succeed, then everyone will say, "Just see, what a wonderful thing they have done!" So if you are determined in this way to expand the Atlanta Temple, then you can try for it by begging for the protection of Krishna. Consult Satsvarupa your GBC man in this regard.’

You thought big, and also fought fiercely with *maya* in a big way with your powerful consciousness. Every victory in the course of establishing the *sankirtana* movement is a victory you scored against maya. This victory was not easy. You had to face great hardships and discouraging circumstances to build up this movement.

In a letter of 1972 you replied to your disciple: "Do not be depressed. All along my godbrothers gave me only depression, repression, compression - but I continued strong in my duty. So never mind there is some discouragement, continue with your work in full enthusiastic Krishna Consciousness attitude of service."

Srila Prabhupada, you faced not only discouragement from your godbrothers but from the very organisation that you built. It posed continuous internal challenges to Your Divine Grace. You had to continuously fight them all with great determination and patience and the spiritual power of your purity.

One of your early GBC disciples, Ravindra Svarupa Prabhu and the GBC member, wrote in 1999: "Prabhupada's own movement also soon provided him with ample reason for discouragement. From the very outset there was trouble: his authority was challenged; his position compromised; his instructions distorted, neglected or selectively followed; his teachings moulded to various fancies; his assets misused, mismanaged and misappropriated; his standards broken; his dependents neglected, exploited and abused. And the worst of this was committed by men Prabhupada entrusted with responsible positions. Prabhupāda travelled continuously around the world, grappling with problems. Each day his mail washed up to him a jumbled deposit of scandals, failures and disappointments. Internal weaknesses and shortcomings turned the eleven years of Prabhupāda's personal supervision into a concatenation of crises."

In spite of this, Your Divine Grace withstood all these negative forces and pushed on the movement for 11 years. At an advanced age, you toiled relentlessly, day after day from 1966 to 1977, and established 108 temples around the world. Through all those years, as you dauntlessly faced scandals, failures and

disappointments, Your Divine Grace sat up in the night dictating the *Bhaktivedanta* purports. These tireless efforts, steeped in compassion, are transcendently enlivening the whole world even to this day. And they will continue to do so for thousands of years.

On 26th July 1970 you wrote to your disciple: "Kindly keep me informed of your activities at least twice in a week, otherwise I become very much anxious and due to my blood pressure sometimes do not eat, do not sleep. I am just trying to organize a worldwide movement not for any personal ambition but to execute superior orders, and by the grace of Krishna we are getting good encouragement. So I request my students to cooperate fully."

What a role model of a true *Acharya* you are, Srila Prabhupada! We should never think that the Movement was built without the most trying hardships. You stated in the above letter that you get blood pressure due to anxiety for Lord Krishna's work. Though you talked of peace and happiness for the whole world, you did not care for such gratification for your mind and body. But you were transcendently peaceful and happy at the lotus feet of Krishna by taking pleasure in serving his real mission. You were firmly rooted in the existential reality of the world's need for Krishna consciousness and was in the ecstasy of preaching Krishna consciousness all over the globe. We do not find any instance of Your Divine Grace trying to enjoy *sattvic* peace and happiness because you were toiling hard on a higher state of consciousness of transcendental ecstasy of preaching.

Both the famous 'shooting for the rhinoceros' quote, and the quote on your getting blood pressure due to anxiety, if analysed, have great messages embedded in them for your servants.

- Aim to shoot the rhinoceros
- While doing so, beg for protection from Lord Krishna
- Consult other *Vaishnavas* like GBC
- Take anxiety for executing superior order
- Continue to work with full enthusiasm in spite of all discouraging situations
- Do not work for personal ambitions but to execute the superior orders

Srila Prabhupada, your exemplary spirit of thinking big for the Lord was definitely your transcendental ecstasy. In the material world, people are ambitious to do and achieve big things for enjoying lording *rasa*. When neophytes who are still afflicted with subtle fruitive desire for social *rasa* of name, fame and adoration from success, try to imitate thinking big for preaching without proportional spiritual purity, the same can be disastrous to their devotional life.

Imitation of high devotional ecstasy of doing big big things for preaching, without freedom from false ego, sooner or later turns out to be subtle sense gratification that chokes *bhakti*. Such unregulated passionate service only feeds the *anarthas* with *ahankara*, rather than the soul with *bhakti*.

This is the trap used by *maya* to pull down the illusioned living entity by giving him the false impression that his achievements are the result of pure spiritual ambition to do big big things for the preaching

mission. What is the value of an ambition largely driven by lording nature to taste success for gaining power, name, fame, recognition, distinction etc rather than please Your Divine Grace and Krishna?

Even roads paved with good intention can lead to hell if not accompanied by good intelligence from Krishna. But how much are we capable of receiving that intelligence from the Lord in our hearts? You have instructed us to always 'follow' and not 'imitate.' You had warned us of the dangers of imitating in spiritual life.

For many years I was trying to understand philosophically, why so many of the leaders in whose hands you left the Movement in 1977, inspite of having this 'thinking big' attitude, fell down from grace and were practically grounded by *maya*. Unfortunately many of these leaders in the Movement 'imitated' Your Divine Grace and ended up in *maya*'s trap. Thus the pages of ISKCON's sad history post 1977, has very deep lessons for devotees.

After several years of wondering about this, Srila Prabhupada, you have mercifully settled the following understanding in my heart:

Shoot for the rhinoceros, but only in the spirit of carrying out Your Divine Grace's orders, and not to imitate Your Divine Grace by trying to shoot the likes of rhinoceroses that only you could shoot. You could achieve that due to your flawless purity. Each one can shoot a rhinoceros that he has the purity of consciousness to attempt at a given point of time. While we constantly aspire for increasing the purity of purpose to take on bigger and bigger rhinoceroses in proportion to our internal growth, we must determine the size of the rhinoceros we can attempt for, at a given point of time. This we can do safely by consulting and taking the blessings of the other *Vaishnavas* and GBC, that are given whole-heartedly. It is only by Vaishnava association that we can identify the extent of fine *anarthas* in us, especially in the form of personal ambition for name, fame, adoration and distinction; recognition *rasa* that comes from success, especially among the devotee community. Just like we need a mirror to see our own face, we need the help of other *Vaishnavas* who are our true friends, to see our own *anarthas*, since the mind finds umpteen ways to camouflage our selfish illusory desires. While we think big for Krishna, we have to simultaneously work big for internal purity, by constantly trying to eliminate gross sense gratification and subtle social gratification.

On this auspicious day of Vyasa Puja, I beg of you to kindly help me reinforce the above understanding into my subconscious, so that I always balance and regulate my desire to do big things for you, and temper it with fear of *maya* by putting equal efforts or *tapasya* to develop internal purity by chanting the holy name offenselessly. Please, dear Srila Prabhupada, bless me with more and more purity, so that I can take up challenges as and when you order me, on your behalf, for the mission of Lord Chaitanya, to spread the benediction of the holy name, so I may be eligible to receive your blessings.

Your eternal servant,

Madhu Pandit Dasa,

President, ISKCON – Bangalore.

Chanchalapathi Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories to Your Divine Grace.

I wish to present this short writing prepared on the occasion of the Vyasa Puja 2018 for your pleasure.

The Glorious Role of Srila Prabhupada in ISKCON and the spiritual lives of all ISKCON devotees

Diksha or initiation is a practice and ceremony in Vedic tradition. As there are many Vedic traditions in India, there are many different practices and understandings of *diksha*. The traditions of Shankara, Madhva, Ramanuja - all have their practices and understanding of *diksha* or initiations. The Jains and Buddhists too have their versions of *diksha* or initiation. Hence while discussing the meaning, significance and rituals of *diksha* in Vedic traditions, we must be conscious of the nuances that exist among the different traditions.

Srila Prabhupada is an empowered *acharya* fulfilling the prophesies of the Vedic scriptures, Sri Chaitanya Mahaprabhu and the previous *acharyas*, that the science of pure love of God or Krishna consciousness will go beyond the shores of India and benefit sincere souls seeking genuine spiritual life all over the world. Hence when Srila Prabhupada introduced *diksha* in ISKCON, it is important to understand the meaning and significance of *diksha* that *he* introduced in ISKCON.

Srila Prabhupada explained the important elements and features of *diskha* or initiation on different occasions, including some of the initiation lectures. Here are a few:

1. "Initiation means to officially accept to abide by the orders of Kṛṣṇa and His representative."
2. "If you are serious about practicing Krishna consciousness, that is real initiation." "It is your determination to follow the rules and regulations. That is initiation."
3. "The spiritual master agrees to deliver the disciple from the material world."
4. "The spiritual master agrees to deliver Krishna to the sincere disciple."
5. "The Lord is transferred from the heart of the spiritual master to the heart of the disciple by *diksha* or initiation."
6. "Awakening of transcendental knowledge in the heart of a disciple is *diksha*."

(This list is not comprehensive, but relevant to the present discussion).

In 1974 in Bombay, Srila Prabhupada introduced daily *guru puja* as part of the standard daily morning program in ISKCON temples. Later he explained the importance of this daily *guru puja*:

“And because the spiritual master enlightens the (disciple with) *divya-jñāna*, one feels obliged to him. *Yasya prasādād bhagavat-prasādo yasya prasādān na gatiḥ kuto 'pi*. So this *guru-pūjā* is essential. As the Deity worship is essential... It is not cheap adoration. It is the process of enlightening (with) *divya-jñāna*. (Lecture, Bombay, April 1st, 1977)

Srila Prabhupada introduced the singing of *Sri Guru Vandana* by Srila Narottama Dasa Thakura during the *guru puja*. Today all ISKCON devotees offer daily *guru puja* to the Deity of Srila Prabhupada and sing this song in all the ISKCON temples all over the world.

If we notice carefully, the meaning, features and elements of *diksha* or initiation are described in this *guru puja* song. Here we tabulate the elements of *diksha* or initiation as explained by Srila Prabhupada and the words from the *guru puja* song also, with explanations by Srila Prabhupada himself:

<p>The real meaning and understanding of <i>diksha</i> or initiation? What are its essential elements and features?</p>	<p>The <i>Guru Vandana</i> song that we sing to Srila Prabhupada every day in all ISKCON temples describes these very elements or aspects of <i>diksha</i> or initiation:</p>
<p>1. Initiation means to officially accept to abide by the orders of Kṛṣṇa and His representative:</p> <p>Devotee: How important is formal initiation?</p> <p>Srila Prabhupāda: Formal initiation means to accept officially, to abide by the orders of Kṛṣṇa and His representative. That is formal initiation. Officially accept, "Yes, sir, I shall accept. I shall do whatever you say." This is initiation, official acceptance of the job. That's all. Now, you formally accept, and if you do not do the duties, then where is the question of other function? There is no question. Initiation means this is the beginning of accepting to carry out the orders of Kṛṣṇa and His representative. This is the beginning. That is initiation. Just like if you enter in an office establishment, so you accept the terms of service. That is initiation. Then you go on serving, you become promoted, you get salary increase. You become recognized. You become officer. You become big officer, like that. That very word initiation suggests, "This is the beginning." ... So <i>diksha</i> means the initiation to begin transcendental</p>	<p><i>guru-mukha-padma-vākya, cittete koriyā aikya, āra na koriho mane āsā.</i></p> <p>“You are singing every day, <i>guru-mukha-padma-vākya, cittete koriya aikya, ar na koriho mane asa</i>. This is life. This is life. <i>Guru-mukha-padma vakya...</i> You accept the bona fide guru, and what he orders you, carry out. Then your life is successful. <i>Ar na koriho mane asa</i>. You do not desire anything else. Are you not singing daily? ... Yes, what is the meaning?</p> <p>Devotee: "My only wish is that my mind be purified by the words coming from the mouth of my spiritual master. I have no other desire but this."</p> <p>Prabhupada: Yes. This is the order. <i>Guru-mukha-padma-vākya, cittete koriya aikya</i>. Now <i>citta</i> means consciousness or heart. "I shall do this only, <i>bas</i>. My Guru Maharaja told me; I shall do this." <i>Cittete koriya aikya, ar na koriho mane asa</i>. So it is not my pride, but I can say, for your instruction, I did it. Therefore whatever little success you see than all my godbrothers, it is due to this. I have no capacity,</p>

<p>activities. That is called initiation. Therefore we take promise from the disciple, "Will you chant so many times."</p> <p>"Yes, sir."</p> <p>"Will you observe these rules and regulations,"</p> <p>"Yes, sir."</p> <p>That is initiation. He has to observe; he has to chant. Then everything comes automatically. (SB class, Auckland, Feb 22nd, 1973)</p>	<p>but I took the words of my guru as life and soul. So this is fact. <i>Guru-mukha-padma-vakya, cittete koriya aikya</i>. Everyone should do that. (Srimad Bhagavatam class, July 12th. 1975, Philadelphia).</p>
<p>2. "If you are serious about practicing Krishna consciousness, that is real initiation;"</p> <p>"It is your determination to follow the rules and regulations. That is initiation."</p> <p>Initiation is a formality. First of all you have to decide whether you will abide by the rules and regulations and become Kṛṣṇa conscious. That is your consideration. You have to decide for yourself whether you are going to take this Kṛṣṇa consciousness seriously. That is your decision. Initiation is a formality. If you are serious, that is real initiation. If you have understood this Kṛṣṇa philosophy and if you have decided that you will take Kṛṣṇa consciousness seriously and preach the philosophy to others, that is your initiation. My touch is simply a formality. It is your determination. That is initiation. (Conversation with Mr. Paul Valliere, an Instructor of Religion at Columbia University in New York City.)</p>	<p><i>Guru-mukha-padma-vākya, cittete kariyā, āra nā kariyā mane āśā</i></p> <p><i>Cittete kariyā aikya.</i> Now this is the determination. We must approach the real guru, empowered guru, with power of attorney. Then if we take his word... <i>Guru-mukha-padma-vākya, cittete kariyā, āra nā kariyā mane āśā....</i> Don't try to manufacture ideas. Then if you take up the order of the spiritual master seriously, then your life is successful. <i>Guru-mukha-padma, cittete, āra nā kariyā mane āśā.</i> Don't spoil yourself by manufacturing ideas. Take word from him. You carry it out. Don't bother whether you'll be spiritually advanced or not, but take the word of the spiritual master and carry it. Then everything is guaranteed. <i>Guru-mukha-padma-vākya, cittete koriyā aikya, āra nā koriyā mane āśā.</i> (CC class, July 11th, 1976, New York)</p>
<p>3. Deliverance from the material world:</p> <p>It is the spiritual master who delivers the disciple from the clutches of <i>māyā</i> by initiating him into the chanting of the Hare Kṛṣṇa <i>mahāmantra</i>. In this way a sleeping human being can revive his consciousness by chanting Hare Kṛṣṇa, Hare</p>	<p><i>Yānhāra prasāde bhāi, ei bhava toriyā yāi.</i></p> <p>So why one should go to spiritual master? Because <i>yānhāra prasāde bhāi</i>: "My dear brother, if you get the benediction from the spiritual master..." <i>Yānhāra prasāde bhāi, ei bhava toriyā yāi.</i> What is that benediction? ... the miracle of spiritual master</p>

This is miracle: no more material existence. Then ei bhava toriyā yāi. So real thing (?) is one can cross over the ocean of nescience. That is real gain. That is the real favor of spiritual master, ... Ei bhava toriyā yāi. (CC class, July 11th, 1976, New York)</p>
<p>4. The spiritual master agrees to deliver Krishna to the sincere disciple:</p> <p>"Does what you told us this morning (about initiation)," Howard asked, "mean we are supposed to accept the spiritual master to be God?"</p> <p>"That means he is due the same respect as God, being God's representative," Prabhupada replied, calmly.</p> <p>"Then he is not God?"</p> <p>"No," Prabhupada said, "God is God. The spiritual master is His representative. Therefore, he is as good as God because he can deliver God to the sincere disciple. Is that clear?" It was. Kṛiṣṇa is not independent. He is the property of the devotee. <i>Kṛiṣṇa se tomāra, kṛiṣṇa dite pāra, dhāi tava pāche pāche:</i> "I am just following you, sir. Because Kṛiṣṇa is your property, if you like, you can deliver: 'Take it immediately.' " So it is not flattering; it is in the <i>shastras</i>. (CC class, July 11th, 1976, New York)</p>
<p>5. The Lord is transferred from the heart of the spiritual master to the heart of the disciple by <i>diksha</i> or initiation:</p> <p>"As indicated here by the word <i>manastah</i>, the Supreme Personality of Godhead was transferred from the core of Vasudeva's mind or heart to the core of the heart of Devaki. We should note carefully that the Lord was transferred to Devaki not by the ordinary way for a human being, but by <i>diksha</i>, initiation. Thus the importance of initiation is mentioned here. (BG class, Aug 7th, 1973, London).</p> <p>If you approach a devotee of Kṛiṣṇa, he can deliver you Kṛiṣṇa like anything: "Here is Kṛiṣṇa. Take." Kṛiṣṇa is so nice. <p>Godhead within the core of one's own heart.... Yogis meditate upon the Supreme person within the mind. For a devotee, however, the Lord is present, and His presence need only be awakened through initiation by a bona fide spiritual master. (Srimad Bhagavatam, 10.2.18 purport)</p>	<p>before mother Yashoda He was trembling. Mother Yashoda showed Him the cane. (Sri Brahma Samhita lectures, July 27th, 1971, New York).</p>
<p>6. Awakening of transcendental knowledge is <i>diksha</i></p> <p>“Diksha is the process by which one can awaken his transcendental knowledge...” (CC Madhya 15.108 purport)</p> <p>Divya-jnana is (understanding) that we are all servant of Kṛṣṇa, and our only business is to serve Kṛṣṇa. This is <i>divya-jñāna</i>. It is not difficult at all. We have become servant of so many things—servant of society, servant of community, servant of country, servant of wife, servant of children, servant of dog and so many. "Now let me become servant of Kṛṣṇa." This is <i>divya-jnana</i>. <i>Diksha</i>. <i>Diksha</i> comes from this <i>divya-jnana</i>. All the essential features of *diksha* or initiation listed above are described in the daily guru puja song that all ISKCON devotees sing before the vigraha of Srila Prabhupada. In fact the daily guru puja song can be practically called the “Initiation song.” The daily guru puja has become the essential part of ISKCON daily life for all ISKCON devotees all over the world.

It is also to be noted that Srila Prabhupada introduced the daily *guru puja* practice in ISKCON temples and this was not the custom in the Gaudiya Matha.

Not only did Srila Prabhupada introduce daily *guru puja* as part of the morning program in all ISKCON temples, he placed a lot of importance to this daily *guru puja*.

Once HH Jayapataka Maharaja shared with us in Bangalore an instruction that he personally received from Srila Prabhupada.

It was during the mid-1970s. Lot of construction work was going on in Mayapur and there was a deadline to complete the construction of the buildings. And Jayapataka Maharaja was overseeing them. Once during morning program, Srila Prabhupada noticed that Jayapataka Maharaja was not attending the *guru puja* and asked the other devotees present, “Where is Jayapataka?” Srila

Prabhupada was told that probably due to the intense construction work going on, he was preoccupied with some service. Later Srila Prabhupada instructed Jayapataka Maharaja, “Even if you are busy with services and have to miss the morning *sadhana* program, you should at least attend the *guru puja*.”

Considering all these, there is little doubt, Srila Prabhupada is playing an active, significant and spiritually potent role in the spiritual lives of all ISKCON devotees all over the world. If we take Srila Prabhupada's instructions seriously with determination, as the *guru puja* song states, he will deliver us from this material world, awaken transcendental knowledge and give us Krishna. All of these are the features of *diksha* or initiation that Srila Prabhupada introduced in ISKCON. Hence Srila Prabhupada is in fact playing the role of *diksha* guru for all devotees in ISKCON.

This glorious role of Srila Prabhupada must be recognised and celebrated in all ISKCON temples and in the spiritual lives of all ISKCON devotees. Sadly this is not happening and the ISKCON's International GBC has been obstructing such a recognition of Srila Prabhupada's role!

In this context it is appropriate to recall what Srila Prabhupada said in the Radio interview on March 12th, 1968, in San Francisco:

“I am the spiritual master of this institution, and all the members of the society, they're supposed to be my disciples. They follow the rules and regulations which I ask them to follow, and they are initiated by me spiritually.”

Your humble servant,

Chanchalpathi Dasa

President, Hare Krishna Movement – Vrindavan, Sr. Vice President – ISKCON Bangalore.

Jai Chaitanya Dasa

Most worshipable Srila Prabhupada,

Your merciful appearance is the most prominent and important event in this age of darkness. It is indeed the most auspicious day for all of us. Although the understanding of your absolute position is never complete, with time it grows deeper and more intense.

On this day, as we celebrate the important event of your appearance, I wish to share with you my understanding of your relevance and your position, for my own purification. The more and more we think of your absolute position, the more prominence it gets. And it has gradually developed over years of struggling to come out of the ignorance we were covered with, in association with the deviant understanding.

ISKCON, the baby you created and considered as close to you as your body, has failed to recognize your most prominent position in your own Society. It is very disheartening to see how they choose to

remain in the darkness of ignorance of your rightful position - a position unique for the entire duration of this *yuga*, as long as interest for God realization exists.

ISKCON still wants to recognize the position of a person giving initiation, as *diksha guru* - the person who nullifies the sins of the disciples and guarantees their deliverance. And they maintain this stand only in the name of following tradition. This traditional system is followed in 99% of the *guru-shishya* institutions. The difference though, is that these traditional *mathas*/institutions, follow this practice true to its spirit and word. But, ISKCON, in its present system of management, cannot practically adhere to most of its aspects. The elements of interaction involved in the relationship between guru and disciple have been watered down to a very superficial level. The traditional system, in which the disciple has to accept the guru as good as God, accept his words as final, follow his words as one's life and soul, worship him on a daily basis, serve his lotus feet as the only occupation etc., cannot be followed in the ISKCON institution. Not only are they not followed, some of these activities are banned by the institution in the name of ease of management. The clashes with the management line of authority of GBC and the spiritual line of authority of the guru are very evident and has made administration an impossible task. Due to this, the traditional *guru-shishya* system cannot be followed and this gives chance to *guru aparadha*, which is rampant in the institution. There is no meaning in following an incorrect system which only gives rise to offences, in the mere name of following tradition, and extending this to every rank and file devotee.

It is high time they realise that the practical application of *guru-shishya parampara* should be taken from the words of the *Acharya*, and not from tradition, in the name of *shastric* correctness. The *acharya's* words are in themselves tradition for his disciples and are to be followed verbatim.

The recent revelations about the wrong doings of a *matha* head which were exposed due to his untimely death, triggered many thoughts in this direction. It is becoming more and more evident that in this Iron Age it is most impractical to hand the authority of a *matha* or institution into the hands of one single person. As this Iron Age gets stronger grip over human minds, their fragility increases, thus making them easy prey to *maya's* hands.

Of course, Srila Prabhupada created the GBC for administrative duties and for overseeing of spiritual standards. However, the core issue of disciple-ship is still in the hands of individuals, and the risk of one person influencing thousands of devotees' spiritual faith is the main issue.

Hence, it is more and more evident why Your Divine Grace established the *rithvik* / officiating *acharya* system for initiation of future devotees in your Movement, although it moves away from the usual tradition. People of limited intelligence fail to understand the indications of an *acharya*; they expect the *acharya* to be crystal clear in his instructions, without realizing their incompetence to follow even if such crystal clear instructions are given. Not following such instructions will mean fall down of disciples into permanent spiritual ruination. Hence, it is understood that the *acharya* does not always instruct explicitly, unless he knows that the disciples are ready to follow those instructions verbatim.

Even though many individuals are able to see the correctness of the officiating *acharya* system which is very clear from your instruction in the 1977 May 28th conversation, they are reluctant to accept it as they

believe that initiation can be given only by a physical person. So the main contention is whether Srila Prabhupada is factually present physically or not. When Srila Prabhupada has personally mentioned his presence at all times, to even consider him not to be, is a sin.

It is important to understand the differences in circumstances of traditional times and the modern times, especially in the wake of technological advancements. The fact is that the sound tapes of the *acharya* or the video clips of the *acharya* are capable of making his physical presence felt more than while just by reading about him (as in the past). As technology advances, connection to the spiritual master is becoming more and more practical and easy. A disciple just has to carry gigabytes of such data in his pocket today. This being the case, how can we deny that the current generation is able to perceive the physical presence of Srila Prabhupada.? What is the clear definition of physical presence? Should he be present in the three dimensional world for one to feel? Or should the experience of his presence through his books, sound and videos be understood to be his presence?

We need to deliberate on why Srila Prabhupada makes the most emphatic statement that, “anyone who reads my book and follows it is “MY DISCIPLE.” Srila Prabhupada lives through his books.

It is more and more clear to us that there are multiple ways of making the spiritual master’s physical presence felt today. The situation of modern days are far different from those in traditional Vedic times. It simply means that at an appropriate time, the *acharya* makes changes in the systems, even if it appears to be a ‘deviation’ from tradition. As we have understood, the *acharya*’s strength is his absolute purity and acceptance by Krishna. This empowers him to invent newer ways for preaching, by adjusting normal practices. He is authorized to formalize practices according to time, place and convenience and in this way he contributes to the glory of the *sampradaya*.

Bestowing initiation through the *rithvik* is definitely a possibility henceforward, whereby Srila Prabhupada has the privilege of taking each and every one of his followers back to Godhead, if he or she has sufficiently pleased him. As the Lord hands over the right to give access of the spiritual world to his confidential devotee, as in the case of Sri Ramanuja of Shree sampradaya, the Lord has handed the right of who can and cannot go back to Godhead to his pure representative’s will and wish - in our case Srila Prabhupada. And that right is with him ONLY. No future generation of devotees in the ISKCON *parampara* can grab it, irrespective of their purity. Srila Prabhupada is, and will continue to inspire people to chant the holy name through his books, and tapes and videos etc., thereby being the GIVER of the holy name. As a special representative of the Lord, he holds the right to certify souls to enter the spiritual world, whereby he is the DELIVERER. Then why can’t he be accepted as the DIKSHA GURU for as long as he wants? Even if it is at the cost of following tradition?

It was shocking to hear that the ISKCON management is waiting for an appropriate *shastric* conclusion and correctness to even resolve that Srila Prabhupada is the deliverer for ALL devotees in ISKCON. Giving Srila Prabhupada his rightful position as the GIVER of the holy name and as the DELIVERER of souls, is the meaning of ‘keeping him in the CENTER.’ It is not about simply placing his altar in the center of the temple hall. And as long as the current mini gurus are insisting that they are the

deliverers of their initiates, they are blatantly usurping the rightful position of Srila Prabhupada, thus committing grievous GURU APARADHA.

It is really ironical that they call us *guru aparadhis*, saying that we have rejected the spiritual master. We have given up their ignorant illusion about their position, and rightly positioned them as *rithvik* of the *Acharya*. To act as officiating gurus on behalf of the *acharya* - Srila Prabhupada is the highest and most reverential position to be expected, only second to Srila Prabhupada. It was shocking to hear a mini guru say that he would be jobless if he gave up the right of “delivering his initiates.” This is a right anyone should shudder to consider as his own. The Sri *sampradaya* has been following this system for over 1000 years. So why should we be hesitant to give that position to Srila Prabhupada for the next 10,000 years?

However it is important for us to understand the roles and responsibilities of the *rithvik*. The *rithvik* is the conductor of the ceremony, representing Srila Prabhupada, where the aspirants are accepted as the disciples of Srila Prabhupada. The duty of seeing to the spiritual wellbeing of such initiated devotees also rests on the *rithvik*, which he may execute through the structure created. Another important aspect to note is that of serving senior Vaishnavas, Following Vaishnavas, taking directions from them and taking shelter of their guidance, are very important aspect of Gaudiya Vaishnava *siddhanta*. And this training cannot be minimized. Hence, officially positioning the *rithviks* as *shiksha gurus* is of utmost importance.

In this evolved and fine-tuned understanding of the officiating *acharya* / *rithvik*'s position is the future of the Movement, and its strength. This Movement is the torch bearer for this Iron Age of Kali. This Movement can grow stronger and stronger and be free from the possible lacuna of human frailties which will show its ugly face more and more as this modern age progresses.

ISKCON Bangalore Group's demonstration of growth and strength, drawn from this understanding, is a proof of Your Divine Grace's absolute, flawless direction for posterity. We pray at your lotus feet that the rest of ISKCON realizes this, so we may collectively offer at your lotus feet, the satisfaction that is greatly due to you. The satisfaction that the baby you created has grown into an institution that can express gratitude and love to you by following yet another important instruction, that our love for you will be shown by how best we can work together.

So far, our repeated request for the above to be accepted in the larger ISKCON, whereby both the sides can service under one banner, has fallen on deaf ears. We pray that ways and means to understand your most prominent position is revealed to all your sincere followers. The fact is that you have saved us from eternal damnation and whatever we may do, we can never repay you.

Your eternal aspiring servant,

Jai Chaitanya Dasa

Vyasa Puja Offering on the 122nd Vyasa Puja celebrations of

His Divine Grace A.C. Bhaktivedanta Swami Prabhupada,

the Founder *Acharya* of the world-wide Hare Krishna Movement

Dear Srila Prabhupada,

Please accept my most humble obeisance at your lotus feet on this most auspicious appearance day anniversary of Your Divine Grace.

In the *Srimad Bhagavatam*, Parikshit Maharaja says:

*muktānām api siddhānām nārāyaṇa-parāyaṇaḥ
su-durlabhaḥ praśāntātmā koṭiṣv api mahā-mune*

“O great sage, among many millions who are liberated and perfect in knowledge of liberation, one may be a devotee of Lord Nārāyaṇa, or Kṛṣṇa. Such devotees, who are fully peaceful, are extremely rare.” (SB 6.14.5)

This verse clearly declares that pure devotees are extremely rare even among millions of liberated and perfected beings. Is it not the greatest fortune of this world, that a pure devotee like you came from the spiritual world just to deliver the fallen souls in fulfilment of Lord Chaitanya’s mission?

All the transcendental qualities of a pure devotee described in the scriptures are to be found in your personality. But among all the qualities, your humility shines brilliantly. Let me mention a few instances of your humility, so that I may glorify you on this most auspicious occasion.

You have been fully empowered to preach by your spiritual master because of your humble attitude towards him. You expressed this in your offering to him on the occasion of his Vyasa Puja in February of 1936: “Personally, I have no hope for any direct service for the coming crores of births of the sojourn of my life, but I am confident that some day or other I shall be delivered from this mire of delusion in which I am at present so deeply sunk. Therefore, let me with all my earnestness pray at the lotus feet of my divine master to allow me to suffer the lot for which I am destined due to my past misdoings, but to let me have this power of recollection: that I am nothing but a tiny servant of the Almighty Absolute Godhead, realized through the unflinching mercy of my divine master. Let me therefore bow down at his lotus feet with all the humility at my command.”

On board the Jaladuta, you offered the following prayer to Lord Krishna with a deep sense of humility: “Although my Guru Mahārāja ordered me to accomplish this mission, I am not worthy or fit to do it. I am very fallen and insignificant. Therefore, O Lord, now I am begging for Your mercy so that I may become worthy, for You are the wisest and most experienced of all.”

In the early days of the Hare Krishna movement, even the young devotees in New York who were just beginners in Krishna consciousness could understand that you are the pure devotee of Krishna as described in the scriptures. One of them (Jadurani Dasi) recalls, “In your quarters in New York City in 1967 you once told me, from *The Nectar of Devotion*, how the *jīvas* who are pure devotees have 78% of Kṛṣṇa’s qualities. So, I smiled and said, ‘So that means you have 78% of His qualities?’ You looked surprised. ‘Me?’ you questioned, ‘I am a conditioned soul.’”

In perfect humility you offered all credit to your guru for the success of the Hare Krishna movement as you have stated in the Preface to the *Bhagavad-gita As It Is*: “If I have any credit in this connection, it does not belong to me personally, but it is due to my eternal spiritual master, His Divine Grace Om Viṣṇupāda Paramahansa Parivrajakācārya 108 Śrī Śrīmad Bhaktisiddhānta Sarasvatī Gosvāmī Mahārāja Prabhupāda.”

As the perfect *acharya*, you teach by your own example how a disciple should offer gratitude to his spiritual master. At Hamburg, on the fifth of September in 1969, while receiving Vyasa Puja, you said, “I was also misled in so many ways. But my spiritual master saved me, Bhaktisiddhānta Sarasvatī Gosvāmī Mahārāja.”

In the foreword to the book, *Science of Self Realisation*, your disciple Mukunda Gosvami recollects, “One day, after someone had asked, ‘Are you God?’ Śrīla Prabhupāda replied, ‘No, I am not God—I am a servant of God.’ Then he reflected a moment and went on. ‘Actually, I am not a servant of God. I am trying to be a servant of God. A servant of God is no ordinary thing.’”

In line with the teaching of Vaishnava humility by all the previous *acharyas* in our *sampradaya*, you have written in a purport to the *Srimad Bhagavatam* verse 4.12.33 “The Kṛṣṇa consciousness movement is spreading now all over the world, and sometimes I think that even though I am crippled in many ways, if one of my disciples becomes as strong as Dhruva Mahārāja, then he will be able to carry me with him to Vaikuṇṭhaloka.”

Even though you are the thirty second *acharya* in this glorious *parampara*, in an arrival address on the twentieth of June in 1975, you said, “I have no personal qualification, but I simply tried to satisfy my guru. That's all.” In another *Bhagavad-gita* class, given in London on the third of August in 1973, you said, “It is not that I am very much qualified. The only qualification is that I have tried to execute the order of superior authority. That's all. This is the secret of success.”

In a letter to your disciple Devananda, written on the twenty eighth of September in 1968, you have described the ‘humble service spirit’ thus, “The description given in these books, are not mundane speculations, but they are authorized versions of liberated souls, presented by our humble self. So, the strength is not in us, but the strength is in the Supreme Lord. And we have simply to present them without any adulteration, in humble service spirit. That is the secret of success.”

In yet another letter to Karandhara, written on the ninth of January in 1973, you attribute the success of the movement to Krishna’s blessings due to the sincere work of the devotees, “Therefore, I can understand it is simply Krishna's blessing us for your sincerely working on His behalf. Actually, that is the secret of

my success, not that personally I have done anything wonderful, but that because those who are helping me are sincere, they have done the work, that is the reason for our success all over the world where others have failed. A little sincerity is very difficult thing in this age of hypocrisy and bluff, but I am so fortunate that Krishna has sent me all of you nice boys and girls who are sincerely working.”

Srila Prabhupada, I consider myself very fortunate to have received your causeless mercy, by which I have got shelter in your movement. Most importantly, though I am undeserving, I have got the invaluable association of your sincere servants. I pray that you continue to shower your unlimited causeless mercy upon this fallen soul. Only then may I be able to give up my false pride and become a humble servant of your sincere servants. Such sincere servants are working tirelessly to push forward the world-wide movement you have established to distribute Lord Chaitanya’s gift of Krishna consciousness.

Begging to always remain in the service of your lotus feet,

Your insignificant disciple,

Stoka Krishna Dasa

President, Hare Krishna Movement – Chennai, Vice President, ISKCON – Bangalore.

Dear Srila Prabhupada,

Please accept my humble obeisance at your lotus feet.

We are blessed with everything we want to preach in Mumbai. There is unlimited opportunity to preach. Mumbai city was very special for you. It is evident from the following excerpts from your books or conversations:

But Calcutta, Bombay, is really important city in India, big business, port, all rich men, every kind of, all cultural, everything—Calcutta, and Bombay. Originally only Calcutta, now Bombay also.

Indian man: I think I have seen you at Bombay once.

Prabhupada: Yes, Bombay I have got my headquarters.

Here I am working in Bombay to establish one Krishna consciousness headquarters for India. There are many big influential industrialists in Bombay and the climate is very nice. So if Krishna desires, we will have a temple here.

While we have grand plans to expand preaching in Mumbai, I personally feel the biggest project all of us have is to become Krishna conscious. Unless we have Krishna with us how can we give it to others?

Please give us your mercy and guidance so that we advance spiritually and qualify to become good instruments in your divine hands.

I am amazed at your purity and boldness in presenting Krishna consciousness. Many times I end up ‘compromising’ or ‘diluting’ the concepts to appeal to the audience; many times the audience is foremost in my mind. For you it was always Krishna. You spoke the philosophy uncompromising wholly and solely to please guru and Krishna.

Your mood is very succinctly captured in what you wrote in *Chaitanya-charitamrita*:

Since we belong to this chain of disciplic succession from Sri Chaitanya Mahaprabhu, this edition of Sri Chaitanya-charitamrita will contain nothing newly manufactured by our tiny brains, but only remnants of food originally eaten by the Lord Himself.

What will be described herein, therefore, has nothing to do with the experimental thoughts created by the speculative habits of inert minds. The subject matter of this book is not a mental concoction but a factual spiritual experience.

This edition of Sri Chaitanya-charitamrita is not the arrogant scholarship of a mental speculator but a sincere effort to serve the order of a superior authority whose service is the life and soul of this humble effort. It does not deviate even slightly from the revealed scriptures.

In one conversation you mentioned:

So we have to follow this path, that you become guru, deliver your neighborhood men, associates, but speak the authoritative words of Krishna. Then it will act. So our, this Krishna consciousness movement is like that. We do not manufacture ideas. That has spoiled the whole world.

You demonstrated the magic formula, “Books are the basis, Preaching is the essence, Utility is the principle, purity is the force.”

I personally feel the biggest project we all have is to become pure; to become Krishna conscious, where every act of ours is guided by the pure desire to please you and Krishna. I pray for your mercy and blessings so that I aspire and work sincerely for this purity in my thoughts, action and words.

This year also I am among the last to submit this Vyasa puja offering. It should not happen that I get so busy serving your mission and in the process forget you. I beg forgiveness for the delay.

On this special day, I pray that you and Sri Krishna be always in my consciousness. Let your pleasure and satisfaction be the motivation for my actions.

Thank you, Srila Prabhupada, for the wonderful gift of devotional service. Please allow me to remain your servant eternally.

Aspiring to be your servant,

Amitasana Dasa

President, Hare Krishna Movement – Mumbai, Vice President, ISKCON – Bangalore.

Dear Srila Prabhupada,

Please accept my respectful obeisance at your lotus feet.

Lord Chaitanya explained to Rupa Goswami about how rare and fortunate it is to get in touch with a bona fide spiritual master:

1. Within this *brahmāṇḍa*, or universe, there are innumerable living entities who, according to their karma, are transmigrating from one species of life to another and from one planet to another. Thus their encagement in material existence has been continuing since time immemorial.
2. There are two kinds of living entities—the eternally liberated and the eternally conditioned. The eternally conditioned living entities can be divided into two types—moving and nonmoving.
3. Those entities which can move are further divided into three categories: those that fly in the sky, those that swim in the water, and those that walk on land.
4. Out of the many millions and trillions of living entities on land, human beings comprise only a small portion.
5. Out of that small number of human beings, most are totally ignorant of spiritual life, are unclean in their habits and have no faith in the existence of the Supreme Personality of Godhead. In short, most human beings live like animals.
6. It is very difficult to find a few human beings who believe in the scriptures and the existence of God, or, for that matter, in proper behavior.
7. Out of those who believe in the value of the scriptures and the advancement of human civilization, there are two classes—the righteous and the unrighteous. Those who are righteous generally execute fruitive activities in order to derive some good result for sense gratification.
8. Out of many such persons who engage in righteous activities for sense gratification, only a few come to know about the Absolute Truth. These are called *jñānis*, empiric philosophers. Out of many hundreds and thousands of such empiric philosophers, only a handful actually attain liberation.
9. Actually a *mukta*, or liberated soul, is he who understands his constitutional position as an eternal servant of the Lord. Such liberated souls engage with faith and devotion in the service of the Lord, and they are called Krishna *bhaktas*.

*muktanam api siddhanam, narayana parayanah
sudurlabhah prasantaṭma, kotisu api mahamune*

"O great sage, out of many millions of liberated persons and persons who have achieved success in mystic yoga, one who is completely devoted to the Supreme Personality of Godhead and who is filled with peace is very hard to find." (SB 6.14.5)

In this way Lord Chaitanya explained that of the many thousands and millions of living entities wandering in the material world, **one who by the grace of Lord Krishna and the spiritual master gets the seed of devotional service is very rare and fortunate.**

Srila Prabhupada, you explain in *Teachings of Lord Chaitanya*, "Vaishnavas, or devotees, are usually very compassionate upon conditioned souls. Without even being invited, a devotee will go from door to door to enlighten people and to bring them out of the darkness of nescience by injecting knowledge of the living entity's constitutional position as a servant of Lord Krishna. Such devotees are empowered by the Lord to distribute devotional consciousness, or Krishna consciousness, to the people in general. They are known as authorized spiritual masters, and it is by their mercy that a conditioned soul gets the seed of devotional service."

I have no words to express my gratitude when I realize the most fortunate position you have put me in, by sowing the seed of devotional creeper in my barren heart.

When I remember the amount of sacrifice you have made to start this Krishna consciousness movement, I am just filled with deeper and deeper appreciation for you. Hearing your *vani*, reading your transcendental words are the most soothing and can inject Krishna consciousness even in the most ignorant.

In a lecture on the disappearance of Srila Bhaktisiddhanta Sarswati Thakura, You have already given your will as follows:

"So on this occasion of my spiritual master's departure, as I am trying to execute his will, similarly, I shall also request you to execute the same order through my will. I am an old man, I can also pass away at any moment. That is nature's law. Nobody can check it. So that is not very astonishing, but my appeal to you on this auspicious day of the departure of my Guru Maharaja, that at least to some extent you have understood the essence of Krishna consciousness movement. You should try to push it on. People are suffering for want of this consciousness."

On this most auspicious day of your divine appearance, let me beg some mercy to carry out this will in association of those who are very attached to you, let me beg eternal service at the divine lotus feet of my spiritual master.

Your most-fallen disciple,

Rajiv Lochan Dasa

President, ISKCON – Hubballi.

Satya Gaurachandra Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance unto the dust of your lotus feet and all glories to Your Divine Grace.

The other day I met one elderly devotee from ISKCON. During our discussion, he quoted one of your initiated first generation devotees and said, “Srila Prabhupada said that Mumbai is my office, Vrindavan is my home, Mayapur is my *bhajan kutir* and Hyderabad is my kitchen.” I heard this for the first time then, but we are experiencing this practically.

By the power of your desire, Hyderabad (and Andhra of your time) has indeed become home for many kitchens and *prasadam* distribution programs. As of today, 25 kitchens are operating/under progress in “your kitchen.”

People and some devotees think that you are gone, but by your mercy, we are able to work under your able leadership even now. Hyderabad and, in fact, all our temples have an influential leader, that is you. This is your causeless decision and mercy. However, we are monkeys doing some damage here and there. You and Krishna gave nice things to us, and we pray that we may not spoil them.

We are never bereft of your direction and leadership in our lives. You said in one letter:

“If you try to follow my instruction, you will feel that my body is in your presence always.” (*Letter to Ballabhi -- ISKCON Inc., 26 2nd Ave, New York, N.Y 5 May, 1967*)

We are attempting to follow your instructions, though unable to execute correctly, and we can see your careful protection even in the midst of overwhelming challenges.

The other day we were discussing internally, the new temple that came-up at Banjara Hills, Hyderabad. We were looking at the initial designs which got the permission from the local Municipality, to construct the temple. We are amused to see that the initial designs of the temple and the last manifested temple have not even an iota of resemblance!

We thought of a plan and began our journey of construction but what manifested factually is uniquely different and became your first proud golden temple in Telangana. Our thinking was miserly, but what manifested is grand and opulent. It is evident to all of us that we did not make this temple, but you did it.

We became part of your grand plan which was revealed to us layer by layer. When we came across a new layer and accompanying challenges, we were guided to take decisions in such a way that the temple came up quickly. In fact, if at all there were delays or problems in the project, it was because of our unwillingness to follow you correctly.

When we are in the midst of challenges, the solutions came up in such a way that we can readily recognize them and latch onto them quickly. It’s as if someone knows us deeply, and that’s you. It is all just your grace and eagerness to spread Krishna consciousness that pushed us into action. We have no capacity, no

skill, no good family background and pious credits. It is just your causeless mercy that you gave us the opportunity to serve.

You also gave us the *chintamani* which can bring all benedictions! That is the Holy Name of the Lord.

When we started the temple project, one *pandit* proclaimed that the temple would be impossible to come-up in this site since the north is at a high point and there is a valley on the south. As per *vaastu*, the land is in a hopeless situation. Unless we built and put something heavy on the South, there was no possibility of overcoming this *vaastu* condition. We merely chanted the Holy Name on the South side daily. What can be more massive than the Holy Name?

Similarly, resources flowed into the project just by chanting the Holy Names in the streets and parks. We increased the Holy Name presence in the city. As if by magic, all resources flew into the project by the mobilizing the potency of the Holy Name. You mentioned the power of spiritual sound:

"There is sound in the spiritual world also. If we approach that sound, then our spiritual life begins, and the other requirements for spiritual advancement can be supplied. We have to understand very clearly that sound is the beginning of the creation of all material objects for our sense gratification. Similarly, if the sound is purified, our spiritual necessities also are produced from the sound." (SB 3.26.32, *Purport*)

When we started the temple construction, we had Rs. 3 lakhs in the bank. At the end of 3 years, a 20-crore temple sprung up in the precious precincts of Banjara Hills. During your manifest presence, you went to the USA with Rs. 40/- in hand and built a multi-crore empire within a decade. By your causeless mercy on Hyderabad, you repeated the similar magic with regard to this temple.

It is sheer foolishness if someone thinks that it is a human phenomenon or because of human skills. This miraculous energy is known in *shastra* as internal energy; its ways are miraculous and inconceivable. The project came under this energy only because of your leadership of the *yatra*. Though we are all like monkeys having all kinds of frivolous proclivities, your able leadership could manifest such a temple by your pure devotion to Sri Radha Govinda. It is your presence that manifested the magic.

"The magic will act as soon as you become a pure devotee of Kṛṣṇa. The magic will be done by Kṛṣṇa, not by me or you. He will do it. Just like a small child. Nobody can hurt him. The father will take care." (Lecture on SB 2.3.1 -- Los Angeles, May 19, 1972)

Your holy presence in Hyderabad brought rains in the drought-hit erstwhile Andhra Pradesh. You turned Hyderabad into a *dhama* or pilgrimage place.

May all your desires and plans manifest under your leadership through this inexperienced team at Hyderabad. I have been given the role of a facilitator to take care of your disciple team here. Unfortunately, I don't have the required strength and qualifications. By your grace and force of your desires, the Lord is sending many opportunities of preaching. However, we are unable to understand or take up without your special causeless grace.

On this auspicious day, I pray that you may be pleased to bless me with strength and empowerment to execute your desires. Bless me so that I can always remain sane and healthy in your service.

I beg Your Divine Grace to forgive me for all the offenses that I have committed at your lotus feet and to keep me always in your service. I also beg all my god-brothers to forgive me for any offenses that I have committed to them, so that I can improve my services to you.

Your unworthy servant,

Satya Gaurachandra Dasa

President, Hare Krishna Movement – Hyderabad.

Vasudev Keshav Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories to Your Divine Grace!

You descended on this planet with the main purpose of waking up sleeping souls and giving them the highest knowledge by which they can not only be freed from all the sufferings of this material world, but also experience a truly happy life. The process that you gave us for waking up from the deep slumber is the chanting process. This process is so nice and simply joyful. In all your lectures, books and conversations, you always stressed on this ‘process’ and you used different words and expressions to tell us how seriously we must take to this process of chanting. The following expressions that you have used truly convey the actual importance of this process of chanting Hare Krishna.

1. Awakening process –

A sleeping person can be woken up only by sound vibration. The transcendental sound of Hare Krishna *mahamantra* awakens a soul sleeping in ignorance to real knowledge. So you called chanting as the awakening process.

2. Cleansing process –

We all wish to cleanse our heart from the contamination of the material world. Chanting Hare Krishna *mahamantra* completely cleanses the heart from all material contamination like lust, anger, greed, illusion, madness and envy. Hence you called chanting as the cleansing process.

3. Direct process –

The example that you gave is that if one wants to reach the topmost floor of a 100-storey building, then he may either go through the staircase which is a step-by-step process of reaching the top, or he can take the elevator which can take one within a few seconds directly to the topmost floor. In the same way, all other processes of self-realisation are like the step-by-step process, but chanting is the direct process for self-realisation.

4. **Easiest process –**

Chanting means repeating the simple names of Hare, Krishna and Rama, which is so easy, and it can be done anytime, anywhere and by anyone. So it is the easiest process.

5. **Guaranteed process –**

Chanting guarantees success in spiritual life. However, you also cautioned us by quoting your spiritual master who said, “Although this process is guaranteed, but don't wait for another life. Finish this business in this life.”

6. **Hearing process –**

You once said, “As you chant, try to hear each word very carefully and always complete your sixteen rounds.” Hearing the sound vibrations attentively is the process and this hearing process will cure us completely.

7. **Inexpensive process –**

Chanting is available freely for everyone. There is no expenditure, no loss and it is very beneficial for everyone.

8. **Joyful process –**

Anyone who chants the Hare Krishna *mahamantra* becomes happy, joyful: *kevala ānanda-kāṇḍa*. Chanting is so joyful that it relieves us from our anxieties and makes us dance during *sankirtana*.

9. **Krishna consciousness process –**

You write in your book, “As soon as the mind is engaged in the Krishna consciousness process -- specifically by chanting Hare Krishna, Hare Krishna, Krishna Krishna, Hare Hare/ Hare Rama, Hare Rama, Rama Rama, Hare Hare -- then the wild horses of the mind will gradually come under our control.”

10. **Linking process –**

By chanting we get linked up or connected to God and connecting to God means that we are connected to his infinite opulence, power, knowledge, mercy etc.

11. **Medicinal process –**

Right now we are in a diseased state of existence and the only medicine to cure us from this disease is the Hare Krishna *mahamantra*. *enechi auśadhi māyā nāśibāra lāgi' hari-nāma-mahā-mantra lao tumi māgi'*. You said hearing the holy name is the medicinal process for cleansing the heart.

12. **Meditation process –**

Chanting is the best form of meditation. There is no difference between Krishna, the personality; and Krishna, the holy name: *abhinnatvān nāma-nāminoḥ*. So chanting Krishna's holy name is as good as meditating on Krishna. Therefore chanting is both meditation on the holy name and meditation on Krishna and hence chanting is called the meditation process. In one of your talks you said that chanting is the practical meditation process.

13. Nice process –

You wrote, “Lord Chaitanya Mahaprabhu is so kind that He says, "Better late than never." Even though you missed the opportunity to begin Krishna consciousness from childhood, begin now, in whatever position you are." That is Chaitanya Mahaprabhu's teaching. He never said, "Because you did not begin Krishna consciousness from your childhood, you cannot make progress." No. He is very kind. He has given us this nice process of chanting Hare Krishna, Hare Krishna, Krishna Krishna, Hare Hare/ Hare Rama, Hare Rama, Rama Rama, Hare Hare. Whether you are young or old -- no matter what you are -- just begin.” >>> Ref. Book - *Transcendental Teachings of Prahalada Maharaja*

14. Perfect Process –

You wrote in the *Bhagavatam* purport, “For one who wants liberation from the fruitive reactions of material activities, the chanting of the Hare Krishna mantra, or glorification of the name, fame and pastimes of the Lord, is recommended as the most perfect process of atonement because such chanting eradicates the dirt from one's heart completely.”

15. Quick Process –

In an interview on March 1968 in San Francisco you said, “Meditation is there in our process, but it is a very quick process. What is that? We loudly chant Hare Krishna. So even if your mind is diverted to some other subject, you will be forced to hear Hare Krishna”

16. Real process –

In the book *Journey of Self Discovery* you write, “We have the real process for changing people's minds: chanting the Hare Krishna mantra. *Ceto-darpana-marjanam*. This process cleanses the heart of material desires.”

17. Supreme Process –

In a *Bhagavad-gita* lecture in New York on August, 1966 you said, “This *harer nāma harer nāma harer nāmaiva kevalam*, oh, this is the easiest and the most, I mean to say, supreme process.”

18. Transcendental Process –

You write in the *Science of Self Realisation* book - “Hare Krishna, Hare Krishna, Krishna Krishna, Hare Hare is the transcendental process for reviving this original, pure consciousness. By chanting

this transcendental vibration, we can cleanse away all misgivings within our hearts. The basic principle of all such misgivings is the false consciousness that I am the lord of all I survey.

19. Tested Process –

pāpī tāpī yata chilo, hari-nāme uddhārilo, tāra sākṣī jagāi mādhai. Caitanya Mahāprabhu delivered two sinful brothers named Jagāi and Mādhai. Now many thousands of Jagāis and Mādhai are being delivered just by chanting the holy name. So it is a Tested Process.

20. Universal Self-realization Process –

Self-realisation in this age can be achieved by chanting the Hare Krishna *mahamantra* and this mantra can be chanted by anyone. Even a child can take part in the chanting and therefore it is called the Universal Self-realization process.

21. Vedic Process –

The chanting of Krishna's holy name is mentioned in several Vedic Scriptures like *Bhagavad-gita*, *Srimad Bhagavatam*, *Padma Purana*, *Kali Santarana Upanishad* etc. So you called the chanting as the Vedic process.

22. Worshipping process –

In a *Srimad Bhagavatam* lecture in Hawaii in January, 1974 you said, “So those who are intelligent, *su-medhasaḥ*, they will worship this form of God in this Kali-yuga. And what is the process of worshipping? *Yajñaiḥ saṅkīrtana-prāyaiḥ.*”

23. Yajna Process –

In a *Bhagavad-gita* lecture you said, “In Kali-yuga, it is very difficult to perform other *yajña*. Therefore Chaitanya Mahāprabhu, Kṛṣṇa, has appeared to accept your *yajña*, to deliver you, and the *yajña* process is very easy: *yajñaiḥ saṅkīrtanaiḥ*. That's all. Simply perform. Wherever you live, at home or outside home, just keep a picture of Śrī Chaitanya Mahāprabhu and chant Hare Kṛṣṇa mantra before Him. Then your life will be successful.”

24. Only Process –

To one of your disciples you wrote in a letter in 1967, “I've nothing new to instruct you, the same old instruction namely constant chanting and attentively hearing the transcendental vibration Hare Krishna is the only process for self-realization in this age.” In another place you said that chanting is the only process of swiftly realizing the supreme truth, Absolute Truth. So we should follow Kṛṣṇa consciousness very seriously and sincerely.

25. No Other Process –

In the *Bṛhan-nāradya Purāṇa* it is stated: *kalau nāsty eva nāsty eva nāsty eva gatiḥ anyathā* – no other process for self-realisation is possible in Kali-yuga. You also repeatedly told this in many of your talks that if we want to be really happy in our life the only process is chanting the holy name and no other process will be successful.

Srila Prabhupada, you have glorified the holy name so well. By using the above and many more such expressions, you are actually telling us how significant chanting is in our life. You have established the holy name as the foundation of our spiritual life and you are urging us to take up chanting with one-pointed attention. Your aspiration for us was that we perfect this process of chanting. On this auspicious day, I pray at your lotus feet to make me chant attentively, to hear the holy name and cleanse myself with the chanting process. Please make me seriously stick to this process every day, day after day, with the faith that this alone can make all of us happy. As you said in an arrival address in Los Angeles in June of 1975, “So this process, the *śravaṇam kīrtanam*, this is the process of cleansing. So more you chant, more you hear, the more you become cleansed, more you become Kṛṣṇa conscious. Just prolong this process and be happy.” Thank you for all your inspiring words.

Your servant

Ratnangada Govinda Dasa

My dearest spiritual master Srila Prabhupada,

Please accept my most humble obeisance at your lotus feet.

The occasion of Vyasa Puja is very special in the life of a disciple. This is the day when the disciple recollects all the wonderful things that have happened in his life due to the special mercy of his Gurudev and strengthens his commitment for the service of his spiritual master. A true disciple incessantly glorifies his spiritual master, as he understands and recognizes the contributions of his beloved master in reforming his life. But I am so unfortunate that I am struggling to glorify you on this special day. This shows my fallen position and casual approach towards a life time opportunity which is provided to me by your causeless mercy.

*sādhū-saṅga-kṛpā kimvā kṛṣṇera kṛpāya
kāmadī 'duḥsaṅga' chādi' śuddha-bhakti pāya*

"One is elevated to the platform of devotional life by the mercy of a Vaishṇava, the bona fide spiritual master, and by the special mercy of Kṛṣṇa. On that platform, one gives up all material desires and the association of unwanted people. Thus one is elevated to the platform of pure devotional service."

Śrī Chaitanya-charitāmṛta, Madhya-līlā 24.97

Srila Prabhupada, by your mercy you have provided me everything that is required for pure devotional service - *sadhu sanga* and opportunity to serve Krishna is very rare - that is being provided under your shelter, but I fail to understand its true value. Please bless me to develop value for this from the core of my heart.

One thing that amazes me is the vast body of knowledge that you have in all the fields. Whether it is spiritual subject matters, science, fiction, history, medicine, cooking, music, management, language.... we can find your guidance in all these areas. We can also find all the 26 qualities of a Vaishnava in you. But the greatest quality that is part of you is the humility due to which you never exhibited them to attract false appreciation from people. Your most humble attitude in the midst of thousands of people's glorification showed to the world how a person should pass on the appreciations to the lotus feet of the Lord, not keeping anything for himself. Once an intelligent boy asked Your Divine Grace, "From where have to got so much vast knowledge?" and you replied, "It is not my knowledge. It is Vyasadeva's knowledge."

Your dynamic personality is another aspect that impresses many. You have taught us by your example how devotees in every situation, whether favorable or unfavorable, should tread the path of Krishna *bhakti*. Putting to proper use one of the six principles of surrender - accepting things favorable to Krishna and rejecting things unfavorable to Krishna - has opened up many avenues for devotees to adopt in this modern age, for preaching the glories of Krishna and Chaitanya Mahaprabhu across the world. You taught us how to differentiate between material and spiritual matters in life, so that we are always Krishna conscious, though outwardly engaged in executing different responsibilities. As it is mentioned in *Chaitanya-charitamrita* :

tāte kṛṣṇa bhaje, kare gurura sevana

māyā-jāla chūṭe, pāya kṛṣṇera caraṇa

"If the conditioned soul engages in the service of the Lord and simultaneously carries out the orders of his spiritual master and serves him, he can get out of the clutches of *māyā* and become eligible for shelter at Kṛṣṇa's lotus feet."

Śrī Chaitanya-charitāmṛta, Madhya-līlā 22.25

In different ages, different paths are prescribed for deliverance. In this age of Kali, it is *kalau tat hari kirtanat*. This is the verdict of the *shastras*. You have taken it across the globe and given fallen souls the opportunity to participate in Hari *kirtana*. We see in the revealed scriptures, great devotees like Narada delivering many fallen souls. Carrying the same spirit, you are the modern day messenger of God.

Srila Prabhupada, last year had been very fruitful for Jaipur *yatra*. We made over twenty full time dedicated devotees and opened Akshaya Patra in Bhilwara, Jalawar and this year we are planning to open new centers in Chittorgarh, Bikaner and Udaipur. Kindly bless us to spread your glories far and wide.

As you considered the protection of cows as one of the important aspects of Vedic life, we are blessed to serve *go matha* more than we had ever imagined. 22,000 cows are housed and served in Hingonia Goshala. Please bless us so that this project becomes a seat of learning in serving *go matha*.

Our temple project is gaining momentum and we are planning to make this as our humble offerings in the service of Their Lordships Sri Sri Krishna Balarama by the year 2022. We beg for your kind blessings in making this happen.

Srila Prabhupada, your glories are unlimited, your greatness is unprecedented. I consider myself very fortunate to be part of your movement. Kindly always keep me at your lotus feet and bless me with opportunity serve you forever.

Your insignificant servant,

Ratnangada Govinda Dasa, President, Hare Krishna Movement – Jaipur.

Achyutha Krishna Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories to Your Divine Grace!

In Jagannatha Puri temple, there is a desire tree called Kalpavata., Many pilgrims pray for fulfilling their desires.

I met a family from Benares with a four month old baby. They had come to fulfil their promise if they get a child.

It is very clear that the Lord reciprocates to the devotees according to their wishes.

Certainly spiritual trees and holy *dhamas* fulfil wishes of various devotees.

Even during Gundicha ratha yatra we see visiting devotees craving to have a glimpse of Jagannnatha *darshan*. They feel so happy and seeing them, we also are blessed.

The organisation you created has one world family of sharing and caring devotees, there is soul-filling *kirtan*, sumptuous *prasadam* and firm determination to spread the *mahamantra* all over the universe - a world which every human hankers in this world, but is rarely available. This is freely distributed by you as Lord Chaitanya's dear servant.

To really pray to a desire tree, we need to be genuine followers of the Goswamis.

They slept below different desire trees every night and all their spiritual desires were fulfilled by them. If we want our spiritual desires to be in the right direction, then we should sincerely pray to devotees who are like desire trees and can fulfil all our desires to serve your mission, although we are fallen conditioned souls.

Jagannatha Puri is also known as Purushottama Kshetra and one who visits Purushottama Kshetra gets the results of traveling to all of holy *tirthas*. The glories of this Purushottama Kshetra have been mentioned in various Vedic scriptures.

*sparshanad eva tat kshetram nrinam mukti-pradayakam
yatra sakshad param brahma bhaati dhaarava-lilayaa
api janma-sataihi sagrair, duritachara-tat-parah
kshetre asmin sangamatrena jayate vishnu samam*

Just by touching this divine place, one gets liberation. After performing austerities for hundreds of births, one can get the chance to achieve Vishnu in Jagannnatha Puri.

Dear Prabhupada, you have offered such a divine place to our devotees serving at Hare Krishna Movement Puri. Please allow us to remain in servitude to your desires and divine plans in this Jagannatha *dhama*. Please allow us to play our small part in assisting our senior god brothers and spiritual parents to establish Lord Gauranga mission in Jagannatha Puri. Let us not misuse this opportunity and commit *dhama aparadha*. Please give us spiritual strength to render unalloyed services to Vaishnavas visiting Jagannnatha Puri *dhama*.

Your fallen servant,

Achyutha Krishna Dasa,

President, Hare Krishna Movement – Puri.

Bhaktavrinda Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance at your divine lotus feet. Since the pure devotees are always busy in glorifying Lord Hari as their life and soul without considering self-interest, it's the prime duty of a disciple to glorify such a Maha-Bhagavata spiritual master. It's my great privilege to glorify Your Divine Grace. This year Vyasa Puja has been very special, last 4 years you have been performing wonderful pastimes in New Jersey, filled with many realizations. I could relish and remember these throughout my life. Although I am not qualified, you have been giving me the most important services in Lord Chaitanya's mission in the West.

Prabhupada Lila in New Jersey:

By your unconditional mercy, we have overcome all hurdles in temple setup, and finally you have brought the most beautiful Lordships Sri Radha Gopinathaji to New Jersey. How can we repay you? We had great challenges in getting government approvals, permits, construction, and inspections etc., but you have kicked out every situation in the most favorable way and enabled us to experience many miracles. I have directly experienced the *guru kripa* - how the most complex challenges got simplified in miraculous ways. Your Divine Grace personally taught us patience, enthusiasm and determination, how to perform *akinchana bhakti* unto the lotus feet of Lord Gopinatha. You have kindly sent few sincere souls to assist me in New Jersey *yatra*. Your Divine Grace is the Chief Architect of Lord Chaitanya's mission; where is the question of failure in our endeavors, as we have been blindly following your guidance.

By your unconditional mercy, we had a grand temple inauguration and Deity installation ceremony in New Jersey. How can we measure the beauty of Sri Radha Gopinathaji? He is taking away the lust from the core of our hearts, and dragging us to your lotus feet. How can we measure our devotees' good fortune, who got the privilege to personally serve the Supreme Lord in the form of *archa vigraha* incarnation?

Although I came alone to New Jersey, Your Divine Grace has been guiding me at every step, arranging resources, devotees, facilities, Lakshmi, and right intelligence. I always felt your divine presence at every decision I made in temple set up. How we bought 2 acres lot with 25,000/sft building in. As of now, our Radha Gopinatha Temple is the largest operating *ritvik* temple in the West. Their Lordships became the true owners of the building. You have again shown to this world, what wonders a pure devotee will do with insignificant people like me in this world.

The Deliverer of Modern Mrigaris:

Your Divine Grace had performed uncommon sacrifices which the modern world has never seen before. At such a ripe age, people retire, but you started a global movement with the help of cow eaters. At the age of 70, people cannot lift their own body but Your Divine Grace shook the world with the holy name and you have lifted the drunkards from sensual intoxication platform to madness of God. Narada Muni had delivered one Mrigari, but Your Divine Grace has been delivering thousands of Mrigaris, the count is still going on. Who can measure your compassion for the conditional souls? By knowing these things, how can a disciple live and sleep peacefully?

The Introducer of *Srimad Bhagavatam* to the world:

Before your departure to the USA, you went to take the blessings of Sri Advaita Acharya in Shantipura, and when your god brothers inquired whether you were going to America, you kindly refused and said that *Srimad Bhagavatam* is going to America and that you were going as a servant of *Srimad Bhagavatam*. Who can understand your confidential position in Lord Chaitanya's mission? Srila Vyasadeva had compiled *Srimad Bhagavatam* for the people

of Kali-yuga, but you are the one who had re-introduced the same *Bhagavatam* to the global/modern world through the Bhaktivedanta purports. In one sense, *Bhagavatam* has become more popular, and more widely distributed due to you. In fact *Bhagavatam* has been globally known only through you. You have fulfilled Vyasadeva's words; he would surely be delighted to see how *shudras*, drunkards and hippies got transformed into Vaishnavas through your *Bhagavatam*. Hence you are the true representative of Vyasadeva. In fact, you are the summum bonum of all Vaishnava *acharyas*, as you have flooded this world with the holy name.

Guru Kripa - How to Handle Success:

In spiritual life, failures are easy to be handled but handling success is the most difficult task because everyone wants to attribute success to themselves, and success is intoxicating where one forgets his insignificant position. Although you are the confidential servant of Lord Chaitanya, you have managed the global success in the most humble way by attributing to your spiritual master. You have taught us *guru kripa* is the only way to get real success, *guru kripa* is working everywhere, only through *guru kripa* the Supreme Lord Hari manifests His pastimes. If one can fully surrender unto the guru's mercy, he would experience the true bliss in Krishna conscious life being a servant, and would not be affected with any amount of success. Knowledge is just a piece of Information, only by *guru kripa*, information will bring transformation in one's heart.

The Introducer of Lord Jagannatha:

Although Lord Jagannatha is Patita Pavana and the Universal Lord, but His worship/*darshan* was externally limited to Puri *dhama*/India. However Your Divine Grace, you had brought Jagannatha from Puri, and introduced Him and His *ratha yatra* to the western world. The western world never seen before. You have truly introduced Jagannatha to the whole world. Today Jagannatha worship and *ratha yatra*s have been conducted around the world. It is simply due to your unconditional compassion and love for the conditional souls. You have created a true global society based on God's love, by rejecting caste, creed and nationality. This world is ever indebted to you. You are freely distributing love of God which is the most confidential part of Vedic scriptures, and it's not even accessible to people of highly planets, how could we measure your charities?

The Giver of Bhakti:

Krishna can give directly anything except *bhakti*. The Lord gives *bhakti* only through His pure devotees. *Bhakti* is more superior to Bhagavan because *bhakti* controls even Bhagavan; Bhagavan get intoxicated by His pure devotee's *bhakti*. In fact the Possessor of all possessors becomes possessed, Controller of all controllers becomes controlled, the Master of all masters becomes mastered, and the Independent of all independents becomes Dependent, the proprietor of all proprietors become indebted. Who can measure the power of *bhakti*? Even Lord Hari cannot measure the greatness of devotion unto Him. Prabhupada, you have been the same *bhakti* generously, you have brought Bhakti Devi from the holy land of Vrindavan to the foreign soil. Then how can one measure your position as a pure devotee who is the giver of such *bhakti*?

Pure Devotee

As Your Divine Grace stated in your teachings, all the pure devotees are as bright as sunshine and their bodily luster is very effulgent. In addition, their performance of *sañkīrtana* is unparalleled. The most important characteristic of a pure devotee is that he is not *lampāṭa*, or licentious, and another quality is that he is always eager to mitigate the miseries of suffering humanity. The most obnoxious misery of a living entity is his forgetfulness of Kṛṣṇa. A pure devotee, therefore, always tries to evoke everyone's Kṛṣṇa consciousness. This is the panacea for all miseries.

The Ocean of Humility:

“It is all Krishna’s grace that He has sent such nice assistants to me, for executing the mission of my spiritual master. Personally, I am nonentity; I have come here on the order of my spiritual master, and He has kindly sent you all boys to assist me. So whatever is being done, there is no credit for me, but all the credit goes to my spiritual master, because he has arranged everything, and I am simply to abide by his order.” (Srila Prabhupada Letter, October 16, 1968)

“I am just trying to disseminate this message of my spiritual master and if there’s any credit for this service, everything goes to him.” (Srila Prabhupada Letter, March 14, 1969)

Chanting the Pure Devotee’s Name:

kīrtanya-ūrtha-yaśasaṁ puṇya-śloka-yaśaskaram
dhyāyed devaṁ samagrāṅgaṁ yāvan na cyavate manaḥ

“...Another significant word in this verse is *puṇya-śloka-yaśaskaram*. The devotee is called *puṇya-śloka*. As one becomes purified by chanting the holy name of the Lord, so one can become purified simply by chanting the name of a holy devotee. The pure devotee of the Lord and the Lord Himself are no different. It is sometimes feasible to chant the name of a holy devotee. This is a very sanctified process...”

Disciple Fortune:

Prabhupada, we can purify our existence just by chanting names of a holy devotee like Your Divine Grace. You have simplified the devotional process so clearly that there is no doubt in the process; it is our inability to understand and follow your instructions. Please bless us to follow your instructions most sincerely and drag us from the lap of *maya* to your lotus feet. Your lotus feet are the only hope to cross over the material existence and obtain Krishna. Please kindly forgive us for any kind of offenses committed at your lotus feet knowingly or unknowingly. Who can deliver us except Your Divine Grace? Who can measure your compassion in this universe? Becoming your disciple is the greatest position in this universe, greater than the positions of the greatest demigods; in fact, they have been hankering and desiring to take birth in earthly plants to get the association of Maha-Bhagavata devotees. Who can measure your disciples’ fortune in this universe? Please empower me and the devotees of New Jersey to do some menial service in the mission of Lord Chaitanya.

Dear Srila Prabhupada, on this auspicious appearance day of yours I wish to thank you for having given the formula for peace and the sublime process to get free from our past sinful reactions and attain the highest goal of human birth. This you have done by giving us the all-powerful process of chanting the holy names of the Lord. You have

revealed that this process of chanting of the holy names is superior to the process of karma, more superior than the *jnana* process and more superior than the yogic process. This process is the means to cross over the material nescience and attain self-realization and transcendental knowledge. This process is also sublime and simple. You have revealed this hidden secret of the Vedas as the true representative of the *parampara* coming down from Lord Chaitanya.

You are indeed a very confidential servitor of the holy name.

There have been many so-called proponents of the Vedic culture who eloquently spoke about the virtue of Vedas, but hardly anyone understands that chanting the holy names of Krishna is the true essence of Vedic teachings. You, as a confidential servitor of the holy name, revealed it. You are one of the chief servitors of the holy name through whom the golden age will be established in this otherwise ill-fated age of Kali. You have been empowered by the holy name to spread its glories and win over the hearts of conditioned souls.

In the *Bhagavatam* it is said that many intelligent people take the Kali Yuga as a blessing, for even though the age is full of faults, only one thing is good about this age: it is that just by chanting the holy names of Krishna one can attain the highest benediction. You are the one who realized the true import of this great benediction and spread the glories of the holy name and its pure message all over the world. You purified and even now are purifying the most fallen souls by delivering the holy names of Krishna and making the holy names dance on the tongues of the most fallen.

In villages, there are many wells used for specific purposes; water from one is used for cleaning, another for bathing and another for drinking, based on the water and its purity. But if one goes to the river, one is provided with an abundant source of water which can be used for all purposes. Similarly, the karma, *jnana*, *yoga* processes as prescribed in the revealed scriptures are like the small wells which can fulfil limited purposes, whereas the process of chanting the holy names of Krishna is all-encompassing. It purifies one from all materialistic contamination and bestows love of Godhead. Srila Prabhupada, thank you for revealing this most confidential aspect of the Vedic literature.

*yan-namadheya-sravananukirtanad
yat-prahvanad yat-smaranad api kvacit
svado 'pi sadyah savanaya kalpate
kutah punas te bhagavan nu darsanat*

To say nothing of the spiritual advancement of persons who see the Supreme Person face to face, even a person born in a family of dog-eaters immediately becomes eligible to perform Vedic sacrifices if he once utters the holy name of the Supreme Personality of Godhead or chants about Him, hears about His pastimes, offers Him obeisance or even remembers Him. (SB 3.33.6)

Here in this translation of the verse of *Srimad Bhagavatam*, you reveal the potent effects of the holy names of Lord Krishna.

One becomes qualified to perform Vedic ritualistic ceremonies only after sufficient purification and austerities, but the chanting of the holy names of Krishna is so potent that even by chanting once offenselessly, one is immediately is raised to the platform of a *brahmana* capable of performing ritualistic ceremonies. Such is the power of the holy name that irrespective of one's birth or any other prequalification, it can elevate one to the platform of a *brahmana* immediately- *sadyah*- by just chanting the holy names once offenselessly. This amazing transcendental mystical

power of the holy name was revealed to us only by you. You have revealed the confidential glories of the names of Krishna.

Srila Prabhupada, thank you for revealing the potency of the holy name and for sharing this wonderful treasure with unworthy conditioned souls like me.

The chanting of the holy names of Krishna is sweet and nectarean and the process is also happily performed. But a devotee on the neophyte platform fails to enjoy complete benefits of the same due to offenses. Srila Prabhupada, you have given sufficient instructions, by following which, one can protect himself from offenses and gradually develop taste for chanting the holy names. It is said that just as when the sun is about to rise in the east, the darkness is immediately dissipated, similarly, when one just crosses the stage of offensive chanting and comes to the stage of *namabhasa*, one is freed from all sinful reactions and attains liberation. The holy names are so powerful that liberation from material *samsara* is granted to one who has just come to the threshold of the *namabhasa* stage of chanting, wherein one has just started chanting the names of Krishna offenselessly.

The *namabhasa* stage is between that of *nama-aparadha*, or chanting of the holy name with offenses and pure chanting. There are three stages in chanting the holy name of the Lord. In the first stage, one commits ten kinds of offenses while chanting. In the next stage, *namabhasa*, the offenses have almost stopped, and one is coming to the platform of pure chanting. In the third stage, when one chants the Hare Krsna mantra without offenses, his dormant love for Krsna immediately awakens. This is the perfection. (SB 5.24.20)

The real fruit of the chanting is not to become a *brahmana*, nor is to become free from sinful reactions and attain liberation, but it is to get the pure love of Krishna.

Srila Prabhupada, you have come in this material world to give this highest benefit of Krishna *prema* through the blissful chanting of the holy names.

Please give me the strength to overcome the allurements of material nature and offenselessly chant the holy names of Krishna so lovingly being distributed by you.

Please bestow this special mercy on me, so that I can appreciate the transcendental gem of the holy name being distributed by you.

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

It is my great fortune that I have been maintained by you all these years in spite of not being able to strictly adhere to your discipline standards. Your causeless mercy on this unworthy soul makes me more enthusiastic to be sincere to the cause of your great mission. Let me take this occasion of your divine appearance day to glorify you which is meant for my own benefit, to get the mercy of a pure Vaishnava and Lord Krishna. Kindly accept my offering, although it can never be sufficient because your glories are unlimited.

Srila Prabhupada, you are not just one among many ordinary spiritual masters but the only spiritual master - *prema bhakta* - topmost Vaishnava. You are a *nitya siddha* who descends from the spiritual world to fulfil the Lord's desire. Such an intimate personal associate of Radha and Krishna is a very extremely rare personality. You are empowered with Lord Krishna's *karuna shakthi*.

You have given us the purpose and mission of human life, Krishna consciousness. Further we pray that you grant us the intelligence to know your desire, to follow your instructions and to glorify you properly. If we can do these things properly, then our preaching will be successful.

Bhakti can be attained only from a person who has it. As stated in *Chaitanya-charitamrita* (CC Adi 10.77):

“Devānanda Paṇḍita was a professional reciter of *Śrīmad-Bhāgavatam*, but by the mercy of Vakreśvara Paṇḍita and the grace of the Lord he understood the devotional interpretation of the *Bhāgavatam*.”

If one is a servant of Krishna, he may or may not get success, but if he is a servant of a pure devotee then 100% he will get success like Devananda Pandit. Serving a pure devotee is more important than serving Krishna. And also the Lord claims in the scriptures, “Those who claim to be My devotees are not My devotees, but those who claim to be devotees of My pure devotee are My devotees.”

It is easier to please a devotee than Krishna. A pure devotee serves Krishna always. As a reciprocation, Krishna wants to give something to His pure devotee, but a devotee doesn't accept anything from Krishna, as he has no desire. Krishna has this pending task, as His devotee doesn't accept service from Him. When we serve His pure devotee, Lord is so pleased because we are doing His activity.

Srila Prabhupada, you have spread the holy name of the Lord across the world, by which even the most degraded, the most wretched, the most useless people can be blessed with the ultimate goal of life – love of God. It is only your phenomenal causeless mercy that this great event has happened. Therefore, you are a very special emissary sent by Krishna. Anyone who comes in contact with you, directly or indirectly, is a very fortunate soul.

Unless human society accepts the dust of the lotus feet of great *mahatmas*, devotees who have nothing to do with material possessions, mankind cannot turn its attention to the lotus feet of Krishna. Those lotus feet vanquish all the unwanted, miserable conditions of material life and makes a human being a first class devotee.

Even though we are fallen and unqualified, still we got this great opportunity to serve your mission. As stated in *Srimad Bhāgavatam*: (SB 10.38.4-5)

“Since I am a materialistic person absorbed simply in sense gratification, I think it is as difficult for me to have gotten this opportunity to see Lord Uttamaṁśloka as it would be for one born a *śudra* to be allowed to recite the Vedic mantras. But enough of such thoughts! After all, even a fallen soul like me can have the chance to behold the infallible Supreme Lord, for one of the conditioned souls being swept along in the river of time may sometimes reach the shore.”

Now, even though we have not reached the goal, we have this assurance that somehow or other, someday, we will reach the goal. By your grace, we are able to see things as they are, even while we are crossing this dense darkness of material life, and this satisfaction is so great that the unfortunate *karmis* cannot even dream of. All the wealth, beauty, fame, and knowledge of this material world cannot bring a fraction of this satisfaction of solely taking shelter of the lotus feet of Sri Krishna.

Lord Krishna spoke *Bhagavad-gita* to Arjuna as the real message of Lord was lost, due to the lack of continuous disciplic succession. But your message will live forever in your books and your disciples, who will never fail you.

Your books do not leave any room for misinterpretation. They are very clearly declaring the supremacy of Lord Krishna. From the beginning to the end, you never compromised.

Your pure devotion to Krishna and resolute surrender to the Vaishnava *parampara* is unparalleled. These qualities are pervading in all your astounding accomplishments. You are the topmost Vaishnava, exhibiting in full, all the qualities of a pure devotee. You are the most expert personality, master of all the arts and sciences of preaching Krishna consciousness. We can relish your *bhakti* through your prolific writing of Vaishnava literature.

You are so kind, you have given us everything, more than we could ever ask for. Everything is there in your books, including your very self. You have provided us with the most beautiful Lordships, Radha and Madhava. You have shown us the most sublime process of devotional service to Krishna, and you have given us devotee association. So kindly now give us the strength to appreciate fully this mercy you have showered upon us. Please give us intelligence by which we can please you more and more and then come to your lotus feet, for there we can obtain Krishna.

Our only ambition in life is to please the Vaishnavas, among whom you are the foremost. But we are very wretched and have no good qualities. Kindly let us just remain in the shade of your lotus feet, and give us the strength to spread this great mission. Please give us the strength to remember your transcendental pastimes every day, at every moment, and not only on this one day. That will be the perfection of our lives.

Your humble servant,

Dear Srila Prabhupada,

Please accept my humble obeisance unto your lotus feet. All glories to you, the saviour of the whole world.

On this auspicious occasion of your appearance day, I take the opportunity to reflect on the last one year, how it went in my life under your shelter. Starting from the time of rising in the morning till the time of retiring to bed, and all that happens in between, your divine mercy enables our activity in Krishna consciousness. If we are conscious of this, we shall realise an ever-present connection with Your Divine Grace. Srila Prabhupada, you gave some advice on how a disciple can glorify one's spiritual master **within an active preaching mission**. Your Divine Grace usually said different things at different times, but we find an instruction related to being an active preacher representing the spiritual master in a conversation of yours:

Devotee: You so completely destroy the opposition; it's very hard to say anything more.

Srila Prabhupada: Yes. That you have to prove. You can eulogize your Guru Maharaja, but you have to learn it and face the public and be strong to defend yourself. That is success. Not by praising your Guru Maharaja. You'll praise your Guru Maharaja. That is not very difficult. But be victorious to the opposing elements. Then you will praise your Guru Maharaja nicely. At home, you can praise your Guru Maharaja, and Guru Maharaja be satisfied, "Oh, my disciples are praising me." That is not very.... That is good. Respectful. That is the qualification. But you have to fight. Then your Guru Maharaja will be glorified. (Conversation - December 26, 1975)

We see how Your Divine Grace said that "home" glorification of one's spiritual master is "nice...good...respectful...", but your clear preference is for a disciple to be victorious while preaching.

In the *Srimad Bhagvatam* verse 3.7.19 it is said, "By serving the feet of the spiritual master, one is enabled to develop transcendental ecstasy in the service of the Personality of Godhead, who is the unchangeable enemy of the Madhu demon and whose service vanquishes one's material distresses."

The result of serving is superior to just association. This was your mood, Srila Prabhupada. You were not one to simply sit and associate with your spiritual master, but you dedicated your life completely to serving him by spreading his mission. And as you pointed out in the first publication of *Srimad-Bhagavatam*, "The spiritual master lives forever by His divine instruction and the disciple lives with him.", because I have always served my guru maharaja and followed his teachings I am never separated from him."

What struck me more is how Lord Krishna says, "Worshipping My devotee pleases Me more than worshipping Me." By serving the spiritual master, one attains more intense love for the Lord than by worshipping Him directly. In your teachings to us, Srila Prabhupada, you stressed this point persistently—that your disciples' business in life is to serve you, and in this way we will be able to approach Sri Radha Krishnachandra, and not by any other method. I'm trying, Srila Prabhupada. It is not easy to maintain and spread the Krishna consciousness movement in this Kali-yuga. I pray to you on this day for your mercy to help me do this without becoming fatigued by the challenges, and particularly by my own weaknesses.

Srila Prabhupada, once you told your disciples that in the 1950s you read the commentary on this verse written by Srila Visvanatha Cakravarti Thakur. You said you were struck by the commentary, which further fixed you in your resolve to follow your guru's order to preach Krishna consciousness in English. The commentary was as follows:

"The best kind of intelligence I can have, is intelligence used in the service of Krishna. That intelligence is defined as 'fixed' when it is intent upon my spiritual master's instructions; such as chanting the name of Krishna, remembering His activities and performing service to His lotus feet. Those instructions are my sadhana and my life both in the beginning stages of bhakti as well in bhakti's perfectional stage. I desire only to follow his instructions, I accept nothing else in my life's work, even in dreams. Whether I am happy or distressed, whether the material world remains or is destroyed, I don't care. There is no loss for me. I simply must carry out the orders of my spiritual master."

As I understand from your teachings, love is the basis; if we love someone naturally we want to do something for that person. In material life also we perform our work on the basis of love of family, friends and others, but we are always disappointed in that love. In love for the spiritual master and Krishna, we are never let down. You had mentioned the symptom of love is activity.

You wanted us to imbibe this attitude and you taught us why we should follow you and asked for total faith and commitment in our doing so, promising in return, the opportunity to be admitted in the pure loving service of the

Supreme Personality of Godhead. I'm convinced of the benevolence of guru, *sadhu* and *shastra*, and I accept their direction as infallible guide even though it may be unpopular. You will deliver not only me but the whole world back to Godhead, accept those who disqualify themselves by doubting your instructions. You will always be with us if we actually want you to be, that is my conviction. Everything in this world will perish but guru and disciple relationship will continue forever. No one can take that away from me. The only way that I could lose it, would be, if I am grossly offensive to you and the genuine senior Vaishnavas who have dedicated their life in propagation of your mission.

Now with your mercy, we are in the process of expansion of our movement in the North-East region of India. In Assam, we are planning to offer a beautiful temple for your pleasure. Many more states in this region are approaching your movement, for services in providing *prasadam* to school children, to teach the youth about adopting Krishna consciousness lifestyle and dedicating themselves as full-time missionaries of the movement. It's a very unique opportunity which you have provided us, to be engaged in the devotional service of Krishna in this part of the country. Such opportunities for performing devotional service are otherwise far away from those who are not willing to take shelter of Your Divine Grace. With services come great responsibility, I'm aware of that. And for that we have to become more fixed up in chanting the Hare Krishna *mahamantra* attentively daily, follow the four regulative principles strictly and hear and chant your glories.

It is sung by Srila Bhaktivinoda Thakur, *kṛṣṇa se tomāra, kṛṣṇa dite pāra, tomāra śakati āche*, Kṛṣṇa is the property of His pure devotee, and if we take shelter of a pure devotee, he can deliver Kṛṣṇa very easily. That is the special prerogative of Your Divine Grace. Please bless me on this most wonderful day that I can become a worthy disciple of you, the most worthy spiritual master. Please bless me with devotion, knowledge and realization so that I can properly carry forward your mission. And please bless me with the capacity to co-operate despite the difficulties and ironies of Kali-yuga. I place myself at your divine lotus feet today and beg for these mercies.

Your lowly servant,

Janardhana Dasa

President, Hare Krishna movement – Guwahati.

Karunya Sagar Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance. All Glories to Your Divine Grace!

You once mentioned that carrying out the order of the pure devotee and surrendering unto him is more pleasing to Krishna than surrendering unto Him directly. So I pray to you to keep me engaged in your service for your pleasure and give me the strength to surrender unto you.

Kindly bestow your mercy upon me so that I can dedicate my life only to please you and not seek any personal pleasure. You have taught us that we should not ask anything from the Lord nor take anything from Him.

As it is said in *Srimad Bhagavatam* 7.12.1:

śrī-nārada uvāca

brahmacārī guru-kule vasan dānto guror hitam

ācaran dāsavan nīco gurau sudṛḍha-sauhṛdah

Nārada Muni said: A student should practice completely controlling his senses. He should be submissive and should have an attitude of firm friendship for the spiritual master. With a great vow, the *brahmachari* should live at the *guru-kula*, only for the benefit of the guru.

Hope that one day I will be able to live this standard. Please bestow your grace upon this soul so that I will offer everything that comes in my devotional life and not take any benefit for myself.

I remember once you explained about the qualities of a good son.

1. The son or disciple should accept the words of his spiritual master and father without hesitation. Whatever the father and the spiritual master order should be taken without argument: "Yes." There should be no instance in which the disciple or the son says, "This is not correct. I cannot carry it out." When he says that, he is fallen.....

The order of the father or the order of the spiritual master must be carried out without hesitation, with an immediate yes. There should be no argument. That is real service to the father and to the spiritual master. Viśvanātha Cakravartī Ṭhākura has stated that the order of the spiritual master is the life and soul of the disciples. As a man cannot separate his life from his body, a disciple cannot separate the order of the spiritual master from his life. If a disciple follows the instruction of the spiritual master in that way, he is sure to become perfect - SB 3.24.13

Please bless me so that I can come to this standard of service.

2. It is also said in *Bhagavatam*, "A son who acts by anticipating what his father wants him to do is first class, one who acts upon receiving his father's order is second class."

It is my wish that I be a first class son (disciple) of Your Divine Grace or at least a second class son, but let me not become a son or a disciple who will disobey your order and become *asaara* or useless. Please give me the required strength to carry out your orders in a determined way.

In August 23, 1977 one astrologer from Thirupati, Dr. Arkasomayaji made the following observation after preparing your horoscope. He said, "Prabhupāda is an *avatāra-puruṣa*. He has the most righteous life that any mortal could have in these days of Kali. A *jīvan-mukta*, he is highly powerful by dint of his spiritual stature, caring for no mortal, however great." The astrologer, a Ph.D. who occupied a number of academic positions in astronomy as well as astrology, backed up all his statements by giving the planetary positions and astrological calculations. Śrīla Prabhupāda confirmed, "The calculation is good. He is a learned scholar." We are indeed fortunate to have a pure devotee, *jīvan mukta* (although apparently in a material body but liberated because of your being the Lord's representative) in Kali-yuga, an unimaginable opportunity.

Srila Prabhupada, how tirelessly and enthusiastically you worked in preaching Krishna consciousness. I recollect on the last day of July 1977, the Governor of Tamil Nadu, Sri Prabhudas Patwari, who was visiting Vṛndāvana, paid a short visit to see Your Divine Grace. The governor could only stay half an hour, but you spoke energetically with him the entire time. When you explained your condition of health, the Governor at once invited you to come to Madras and stay at the Raj Bhavan in Madras, where he said the best doctors in the whole of South Asia were available. But rather than prolong the discussion about your body, you used your bodily condition as an example to preach the philosophy of Kṛishna consciousness. How inspiring these instances are. I am indebted to you so

much and am fortunately very inspired by Your Divine Grace's life, qualities, genuineness, hard work, diligence, strategies, compassion, mercy, kindness. Practically I see all the twenty six Vaishnava qualities manifest in you.

Another instance when Your Divine Grace exhibited total detachment from the body and its condition is also very instructive: Early in the morning on August 19, 1977, one of your senior disciples asked you why you had changed your decision to go immediately to the US. You said, "The *vaidya* has requested me to wait ten days. It says in the astrologer's report to consult a physician. So my physician says wait." I then asked Śrīla Prabhupāda what his plan was. He said, "I want a green card because I plan to stay in America. I will not come back until completing the *Bhāgavatam*. I want to organize there. The American boys are so nice: Ādi-keśava, Rāmeśvara. If I make everything strong, then the movement will endure. I will organize in these places: Hawaii, Los Angeles, and the New York farm."

Again, you felt that you wanted to go immediately, without waiting for the difficult first week of September to pass. You said to your disciple during your massage, "I am frustrated, fed up and disgusted. Let us go now. They will say four days, then the medicine takes a while to act, wait a little longer. This is their method."

How much enthusiasm, sense of duty and the urgency to give Krishna consciousness to the world, while being completely oblivious and showing indifference to the condition of your body. Oh, Srila Prabhupada, there are no words to describe your compassion upon the fallen souls and your kindness to deliver all of us! If not for your untiring efforts, where would I have been? Very difficult to imagine.

Let me be ever inspired and absorbed in the ocean of your transcendental qualities to do my devotional service.

Please bless me to practice pure devotional service and serve you, Vaishnavas and Their Lordships eternally. Please pardon me for all the offences committed against you, Vaishnavas and other living entities. Please give me the strength and intelligence to avoid offences and learn appreciation and cooperation with all Vaishnavas and serve your movement.

Dear Srila Prabhupada,

Please accept my humble obeisance at your lotus feet and all glories unto you.

Glorification of the spiritual master is not for just a day in a year, but one should always be doing this all the time. Because only by the mercy of the Guru and Krishna can one be engaged in devotional service and keep enjoying Their reciprocation by realizations, to store them for lifetime.

SB 4.29.36 states the importance of the spiritual master in one's life:

*athātmano 'rtha-bhūtasya yato 'nārtha-paramparā
saṁsṛtis tad-vyavacchedo bhaktyā paramayā gurau*

The real interest of the living entity is to get out of the nescience that causes him to endure repeated birth and death. The only remedy is to surrender unto the Supreme Lord through His representative.

By this verse we can clearly understand that only by the grace of spiritual master can we know or understand about the Supreme Lord and by that knowledge only can one get out of this material world. By your constant guidance, you teach us how to improve in our understanding of scriptures and to develop renunciation from worldly life and become strong in our practice of devotional service.

There is a responsibility on all the devotees at our center to preach the glories of the Lord and make a permanent temple for the Lordships in next the four years. This year our devotees have distributed almost 4000 *Bhagavad-gitas*. We want many people to be recipients of your mercy. In this regard we have started *prasadam* distribution in mass scale and we pray that our endeavor becomes successful.

My only request is to develop taste for chanting Hare Krishna *mahamantra* and to always be able to remember the holy name of the Lord in all circumstances in life and become attached to Lord Krishna.

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories unto your lotus feet.

Some months ago, I was having a chat with a donor and well-wisher. He is a pious businessman and is quite busy in his work. He is chanting 16 rounds daily for the past 4 years. I was intrigued on what his inspiration is, to continue to chant 16 rounds daily, in spite of his busy schedule. When asked, he was quick to reply that since many years he has been visiting various ashrams and *mathas*. He has personally met the big *mathadipathis* (pontiffs) in the ashrams. He enquired with them specifically on the process of attaining *mukti* in one life time. All of them have either denied on the possibility of *mukti* in one life time or brushed the question aside. But he said Your Divine Grace is the only one who has emphatically and boldly spoken that just by chanting 16 rounds daily one can go back to Godhead in this very life time. The well-wisher was so happy and satisfied in revealing this. He could sense the simplicity and clarity in your answer, which deeply satisfied his spiritual query.

Such simple and direct instructions revealed by you have drawn people from all societies to take shelter of Lord Krishna. I remember many years ago, when I was a college student, I was reading a book on mind control, written by some *mayavadi sannyasi*. In the book, it was written that one must give up sense gratification which is material and take up spirituality. I was confused about what the difference is between living a spiritual life and material life, what is sense gratification. It was during that time that I came across your book *Perfect Questions Perfect Answers*. And I was surprised by the clear definition that you gave for matter and spirit. You mentioned that anything that is connected to Krishna is spirit and anything not connected to Krishna is matter. Anything done for the pleasure of our senses is sense gratification. And anything done for Lord Krishna's satisfaction is spirituality. So simple and clear. All the clouds in my mind were cleared. That allowed me to start my spiritual life.

In another similar instance, I was reading a book on *Isopanishad* by a *mayavadi sannyasi*. I could never comprehend the explanation given for the very first *shloka* (invocation prayers): *om purnam adah purnam idam*, in that book. But when I read *Isopanishad* written by Your Divine Grace, I could understand the most intricate transcendental science of Brahman within few minutes. Many such instances have made me personally convinced that you are the personality who knows spirituality and the Supreme Absolute Truth Lord Krishna. You are the one who is *tattva*

darshinah. And since you have seen the truth, you are able to show us the truth clearly, as against those who are unclear and cheating the public in the name of spirituality.

Srila Prabhupada, you have mentioned in *Srimad Bhagavatam*, "Significant here is the word *avyakta-mārga-vit*, one who knows that which is beyond our perception. To know matters beyond one's perception, one has to learn from a superior authority in the line of disciplic succession. Just to know who is our father is beyond our perception. For that, the mother is the authority. Similarly, we have to understand everything beyond our perception from the authority who actually knows. The first *avyakta-mārga-vit*, or authority, is Brahma, and the next authority in disciplic succession is Narada. Maitreya Rishi belongs to that disciplic succession, so he also is *avyakta-mārga-vit*. Anyone in the bona fide line of disciplic succession is *avyakta-mārga-vit*, a personality who knows that which is beyond ordinary perception." Srila Prabhupada, being the true representative of Lord Brahma and Maitreya Rishi, you are the *avyakta-mārga-vit*. You know the transcendence. You know that which is not perceivable through ordinary senses, the Absolute Truth. Hence you are giving us those transcendental instructions with such clarity.

Srila Prabhupada, I am unable to make the best use of your divine instructions due to the cloud created by the modes of material nature and thus unable to practice them. Kindly give me the strength and intelligence to serve you favorably under the guidance of your staunch devotees. If your kind mercy is there, all the disturbance in devotional service in my life will vanish and I will be able to follow your instruction and be your true disciple. Kindly forgive my offences unto your lotus feet.

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories to Your Divine Grace!

Grateful to you and your sincere, merciful disciples for still keeping me in your movement in spite of my serious shortcomings.

I lack both words and the qualification to glorify Your Divine Grace.

As usual I am always a beggar at your lotus feet.

I BEG AT YOUR LOTUS FEET:

To give me attachment to your lotus feet and the holy name and your devotees, to overcome the impending loneliness of this material world.

To give me the sincerity, sobriety, obedience and strength to follow your basic instructions of spiritual life and *sadhana*.

To make me stop being offensive in mind and words towards your dear and sincere devotees

To make me grateful and dependent on the Lord in all circumstances, rather than treating Him as an order supplier.

To give me the desire to render some sincere service to Your Divine Grace and your devotees, without any expectation of being noticed and recognized.

To pull me out of the whirlpool of deep ignorance of material attachment and sense gratification that is spiralling me down deep into sinful life and taking me far away from the execution of the services Your Divine Grace has assigned to me through your sincere devotees.

To give me strength and intelligence to apply the true purport of the verse: *tat te anukampam....bhunjana evatmakrtam vipakam*, in this life.

To make me give up envy and jealousy towards other devotees and heartily appreciate their devotion, dedication and their amazing services to Your Divine Grace.

To make me obedient and sincere to my spiritual authorities.

To give me strength to come out of my current state of laziness and sense gratification, to the state of constant engagement in your service.

To give me strength to render service to other devotees, rather than always expect and accept services from other devotees.

To give me strength to hold on to your lotus feet, life after life.

MAY MY LAZINESS AND IGNORANCE BE DESTROYED BY THE WORDS EMANATING FROM YOUR LOTUS MOUTH.

MAY YOUR GLORIES BE SUNG ALL OVER THE THREE WORLDS.

Aspiring to remain servant of your devotees,

Dear Srila Prabhupada,

Please accept my humble obeisance on this most auspicious day.

Just like the Lord's glories are unlimited, your glories are also unlimited. You are an eternally liberated soul, *nityamukta* associate of the Supreme Lord Sri Krishna. You take pleasure in spreading the glories of the Lord in spite of all inconveniences. You also expertly induce the fallen souls to take up Krishna consciousness and engage them in serving the Lord. Let me offer my respectful obeisance unto you again and yet again a million times.

You are the *jagat guru* in the true sense of the term, as you have travelled all over the world and spread the glories of the Supreme Lord Sri Krishna, even to the westerners who were bereft of Vedic culture. Indeed, it is a great achievement which no ordinary person can accomplish. You have expertly introduced Krishna consciousness in all parts of the world without being affected by various awkward situations. Your teachings are as bright as the sunshine which dispels the deep rooted ignorance and drives away all the sufferings which are imposed on the conditioned souls by *maya*.

You are carrying the message of the Brahma Madhva Gaudiya *sampradaya* and have presented the teachings of the Lord quite aptly to the modern situation. You have never compromised with the principles of Krishna consciousness and have expertly introduced it all over the world. It is an amazing achievement unparalleled in the history of the world. This shows your intense love for Krishna.

You are the most confidential servant of Lord Sri Krishna Chaitanya Mahaprabhu and hence have the power of attorney to preach Krishna consciousness all over the world. You have a unique way of organizing things to spread the Holy name of Lord Krishna throughout the world. You have a special ability to guide the fallen souls of this age who are very dull and slow in spiritual matters. You have taught us to see things in a Krishna conscious perspective, which is the true perspective under all situations.

Your explanations of the Vedic conclusions are a marvel without any comparison in this world. You have all the qualities of a pure devotee of the Lord. Your every word and action sets an example for us which helps us get closer to the Lord. It is a great pleasure to listen to your speeches.

You have taught us to lead a simple life and depend fully on Krishna. It is only because of you that we are able to be fearless even in this most degraded age of Kali-yuga.

I am very happy to be under the care and guidance of your sincere disciples. Their association gives me great inspiration to serve your divine mission.

My life has become successful by coming under the shelter of your lotus feet. I aspire to remain under your care eternally. I am eternally indebted to you for giving me an opportunity to serve your divine mission. This is your causeless mercy on this fallen conditioned soul. By your causeless mercy, we have received an opportunity to render our humble services to Sri Nitai Gauranga Deities at our center. I am grateful to you for providing us this opportunity. I humbly request you to keep me engaged in your service and forgive the offences that I have committed knowingly or unknowingly.

Your most insignificant servant.

Dear Srila Prabhupada.

Please accept my humble obeisance unto your divine lotus feet. All glories to Your Divine Grace!

I am indebted to you, Srila Prabhupada, to be a part of your glorious Hare Krishna Movement.

Always when writing your Vyasa Puja homage, I feel very lost for words, and when I see all the expertly written homages of your other disciples, I feel even more inadequate. Still, it is the duty of every disciple to glorify his spiritual master, especially on his appearance day.

In the *Srimad Bhagavatam*, 1.13.10 King Yudhisthira greets Vidura:

*bhavad-vidhā bhāgavatās tīrtha-bhūtāḥ svayaṁ vibho
tīrthī-kurvanti tīrthāni svāntaḥ-sthena gadābhṛtā*

“My Lord, devotees like your good self are verily holy places personified. Because you carry the Personality of Godhead within your heart, you turn all places into places of pilgrimage.”

You are not an ordinary person, Srila Prabhupada, but the spotless representative of the Supreme Lord. You came to this world to deliver foolish persons like me, caught up in the clutches of *maya*. Thank you very much, Srila Prabhupada, for saving me.

Therefore Srila Prabhupada, I humbly beg that you allow me to serve your lotus feet, enabling my heart to become submissive to all your instructions, cleansed of envy, so my blindness will be cured.

You are, Srila Prabhupada, the source of and sole reason for any success I may meet in convincing the people to take to Krishna consciousness.

If you so desire, please give me the strength to follow the four regulative principles strictly and chant Hare Krishna *mahamantra* offenselessly.

I beg that you may please forgive me for all the unlimited offenses I have committed to you. I also beg all my god brothers to forgive me for any offenses I have committed to them, so that I can improve my service to you.

Thank you Srila Prabhupada, for the wonderful gift of Krishna consciousness.

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories to Your Divine Grace!

First of all, I would like to thank you for all the courage and blessings you have showered upon me during all these years of my devotional service. You have been very kind and merciful towards me in every kind of aspect in life.

My dear spiritual master, this year we have started the construction of our Sri Sri Radha Krishna Diamond Temple in January. There are a lot of challenges and struggle, but we still keep on going. This temple will be a very strategic and convenient preaching center to spread the teachings of Krishna consciousness to all the people in accordance to Lord Chaitanya’s prediction that every corner of the street there will be the chanting of the holy name. This remarkable and unique design of the temple will be the main source of attraction for people to come and relish their inner desire for spiritual knowledge. Recently, we managed to acquire about 11,000 sqft land from the government of Johor. This land would be used to build a small temple to accommodate the increasing number of devotees and well-wishers who come to the temple frequently. All of these achievements are only due to your causeless mercy, which you have given us till now.

I pray that I will always remain humble and serve your lotus feet attentively. Please help me to make the center of my life to chant the Hare Krishna *mahamantra* nicely. Please give me the strength to do this day after day, week after week, month after month to the very end of my life.

Your servant,

Tusta Gauranga Dasa President, Hare Krishna Ashram - Johor, Malaysia

Dear Srila Prabhupada,

Please accept my humble obeisance at your lotus feet. All glories to Your Divine Grace!

Srila Prabhupada, you are the embodiment of compassion and patience when it came to encouraging your disciples, while at the same time you set the right standard of pure/unadulterated devotional service, that everyone should aim for. I beg for your mercy and guidance to make me an instrument in your hands, to find the right balance in doing both in executing my assigned services.

In a letter in 1973, you wrote-

“Regarding Pyari Mohan, Ramacarya, and Nanda devi dasi taking second initiation, if you recommend, that's alright. But now they must keep very clean and never break the regulated principles. Purity is the force and if the people in general notice that we are clean both inside and outside that is to our credit.”

Srila Prabhupada, you taught us how to always strive for pure devotional service and showed by your own example and from examples of exemplary devotees from history, what it means to be a pure devotee. At the same time, you always said that your movement is a spiritual hospital where we should expect to see devotees who have the disease of material consciousness to various extents.

We often fall victim to *maya* by seeing that devotees at various levels of your movement have some defects and by focusing on those defects and saying that they are not pure devotees. As much as we should not expect to find fully healthy people in a hospital, we should not expect to find pure devotees freed from all material contamination. What really matters is whether everyone is taking the medicine and following a strict diet to get rid of their diseases. You taught us that depending on how well they are taking the medicine, it can take a very short time or many many years to gradually get rid of the disease.

At the same time, it is very important that everyone understands what it means to be a pure devotee and how to recognize when someone is exhibiting one or more characteristics of a pure devotee. This can be a great inspiration and hope for everyone that it is possible, in this lifetime, to go back to Godhead with your mercy. We need to exhibit patience and recognize the good in each devotee and understand that it will take a long time for devotees to change their bad characteristics.

Srila Prabhupada, please guide me to always recognize the great qualities of all devotees in your movement; to be patient and tolerant of challenges everyone is struggling to overcome. And at the same time, to understand more of how you exhibited all the characteristics of a pure devotee in every aspect of your life and set the right standard for everyone to follow. Please help me strike the right balance between the two and be an encouraging and loving instrument in your hands to spread Krishna consciousness all over the world.

Begging to be your eternal servant,

Vyomapada Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance and all glories unto you.

On this auspicious appearance day of yours I wish to pay my humble obeisance to you for taking birth in this most abominable material world. It is only your unlimited compassion for the fallen souls that a pure devotee like you volunteered to appear in this material world to retrieve fallen souls from the midst of sorrow and pain. Being a resident of Goloka Vrindavana, you have absolutely no interest or need to come to this material world, yet you have chosen to come to this miserable world only to reclaim souls like me who are rotting in the filth.

Every time I hear or quote the example that you have spoken of in your lectures regarding how Narada Muni cursed Indra to become a pig and live in this material world, I'm immediately reminded of myself, as I fit this description perfectly. Looking at myself, I can say that I have become so used to living in filth, that I have begun to appreciate filth and enjoy it too. Although you are constantly beckoning me and calling me to reach out so that you could lift me up from this miserable existence, I disregard and continue in my foolish ways. This is my pathetic and miserable condition.

In spite of hearing you and repeating your words about how miserable this material world is, I have not learned my lessons and I still think that there is joy in material activities. Prabhupada! Please save me from this greatest *maya*. I'm trying to chant and render service to you. Faults and weaknesses are unlimitedly present in me, but within my limited self I still have a little desire to serve you and Lord Sri Krishna. Please do not abandon me and continue to give me shelter in your organization and engage me. That's my only request and demand.

I feel that in the coming days I have to make drastic changes in my life so that I become worthy of your discipleship. Please give me the courage to do it. I'm praying to you constantly to let me give up all sense of proprietorship and false prestige and simply surrender unto your lotus feet. You have taught us that for a Vaishnava there is no shame or reputation that has to be protected, save and except his sincere service to his spiritual master. I hope to keep this principle in my mind and act appropriately.

Your humble servant,

Vyomapada Dasa

Dear Srila Prabhupada,

Please accept my prostrated obeisance at the dust of your lotus feet.

All glories to you on your auspicious 122nd appearance on this planet. Your glorious appearance is to deliver and to continue to deliver the countless conditioned souls from the mire of material existence and show them the path back to Godhead for the next 10,000 years as the *Senapathi-bhakta* of the army of Sri Chaitanya Mahaprabhu.

Srila Prabhupada, in your wonderful purports which are your transcendental ecstasies, you have revealed to us vividly, the dark reality of the present time we are going through. Most of the human society, even the most advanced educationists, thinkers, scientists and philosophers, are bewildered and have lost their good sense

(*mayaya apahrta jnana*- BG) at the present time, and are misleading the innocent public towards the hellish path. The blind leading the blind – *andha yathandhair upaniyamanah* (SB) and both are falling into the ditch.

To quote a few excerpts from your *Srimad Bhagavatam* purports of our present precarious situation, which you have so nicely explained to us-

In the modern setup of the democratic states, the people themselves are fallen to the qualities of the *shudras* or less, and the government is run by a representative of theirs who has not been trained according to the scriptural mode of administrative education. Thus the whole atmosphere is surcharged with shudra qualities, manifested by lust and avarice. Such administrators quarrel every day among themselves.....**The result is corruption, intrigue and hypocrisy.**

The student [*brahmachari*] communities are no longer being maintained, and householders do not observe the rules and regulations of the *grihastha-ashrama*. Consequently, the so-called *vānaprasthas* and *sannyasis* who come out of such *grihastha-ashrama* are easily deviated from the rigid path. In the Kali-yuga the whole atmosphere is surcharged with faithlessness. Men are no longer interested in spiritual values. **Material sense gratification is now the standard of civilization.** For the maintenance of such material civilizations, man has formed complex nations and communities, and there is a constant strain of hot and cold wars between these different groups.

Our situation, especially the modern young generation's condition with a very wrong type of education, training and circumstances around us and with the advancement of science and technology, has become so vulnerable that *maya* is "just one click away," on our up-to-date electronic gadgets and she seamlessly keeps us in her clutches to make us to go on in our life of deep illusion. Srila Prabhupada, with your far-sighted vision, in order to safeguard us from the hopeless situation of the present time and the strong influence of *maya*, your transcendental voice and video recordings in the form of lectures, conversations and talks, and your Bhaktivedanta purports are a big saving grace for anyone in any part of the world. On a positive note, we are only "just a click away," to place ourselves completely under the auspicious shelter of your lotus feet, provided we use the gadgets and technology to keep in touch with you constantly, for your service.

Srila Prabhupada, you have repeatedly given us a very simple message in your teachings- to become sincere servants of Lord Krishna, which is our natural position as spirit souls. Right now, most human beings' every activity is misdirected to serve oneself (as body) and extended self (as family, society, country etc.). Thus constantly being enamored by *maya*'s different allurements and therefore forgetting our natural position as servant of Krishna, is the root cause of all suffering that we are experiencing in the material world. Srila Prabhupada, the transcendental organization of ISKCON/Hare Krishna Movement you have established across the globe is to give this very same understanding of developing our service attitude towards Lord Krishna, yourself and all the sincere Vaishnavas. Anyone coming in touch with different transcendental arrangements you have mercifully given- temples, books, holy name, devotees, projects, *prasadam*, your recorded lectures and videos etc., becomes the recipient of the seed of *bhakti* which is so rare to obtain in all the three worlds.

Srila Prabhupada, personally I have no qualifications, nevertheless you have kindly given me shelter in your movement and have been bestowing your causeless mercy upon me through the many senior Vaishnavas who are solidly fixed up in taking forward your mission. I am unable to properly glorify the unlimited blessings you have been showering upon me since the time I came in touch with your movement. On this auspicious occasion I beg you to keep me always under the shade of the shelter of your movement, so that I can go on with my insignificant services, to assist your sincere disciples throughout my life, and life after life.

I also pray you to bestow your mercy on me to improve the quality of my chanting every day.

We devotees in Vrindavan, by your grace, under the guidance of the senior Vaishnavas, have taken up the mammoth task of creating an iconic structure of monumental proportions -the grand Vrindavan Chandrodaya Mandir Project. This project, once completed, will showcase to the entire world, your great contribution to the entire humanity as a spiritual ambassador from Goloka Vrindavan. For generations to come, people will acknowledge and glorify you as that great personality behind inspiring millions of people across the world to take up the process of Krishna *bhakti* and popularizing the great chant for deliverance for this Kali-yuga viz., the Hare Krishna *mahamantra*. This project is actually an effort to glorify the unlimited compassion and mercy you have bestowed on humanity, by giving them the highest benefit in their human life – Krishna consciousness.

sri guru karuna sindhu, adhama janara bandhu,

lokonath,lokera jivana;

ha ha prabhu koro doya, deho more pada-chaya,

ebe yasa ghusuk tribhuvana.

O spiritual master, ocean of mercy and friend of the fallen souls, you are the teacher of everyone and the life of all people. O master! Be merciful unto me and give me the shade of your lotus feet. May your glories now be proclaimed throughout the three worlds.

Srila Prabhupada, your determination to push this movement single-handedly, against all adversities, from the time you received the instruction from your spiritual master during your youth, is very inspiring to me personally. Please bestow a trace of your rock-solid determination to all the devotees of Vrindavan *yatra*. Having a strong determination to go on in our personal spiritual life will definitely infuse enthusiasm, confidence and inspiration constantly. By your blessings and with the sincere efforts of all the devotees, we have made significant progress in the project so far. We are very confident that just like the sparrow who, with her strong determination to empty the ocean water, attracted the attention of Lord Garudadeva, and thus received his blessings, likewise all our devotees' tiny endeavors to glorify you will attract the attention of Their Lordships Sri Radha Vrindavanchandra and Sri Gaura Nitai, Whom we are sincerely trying to serve and by your grace, Lord willing, the project will manifest as early as possible.

JAI JAGAD GURU SRILA PRABHUPADA!

Dear Srila Prabhupada,
Kindly accept my humble obeisances at your lotus feet. All Glories unto you!

This is my first Vyasa puja homage to you after my first initiation. On this auspicious day of your divine appearance in this material world, let me pay homage at your lotus feet and beg for your mercy.

In Lord Caitanya's teachings to Srila Sanatana Goswami, He has said:

*mahat krpa vina karme "bhakti naya
krsna-bhakti dure rahu, samsare nahre ksaya*

"Unless one is favoured by a pure devotee, one cannot attain the platform of devotional service. To say nothing of krsna-bhakti, one cannot be relieved from the bondage of material existence" (CC Madhya 22.51)

Srila Prabhupada, without your mercy, just like many lost souls, I would have been lost in the unending darkness of this material world. O Gurudev, only by receiving your mercy (you, who are a pure devotee of Lord Krishna), it is possible to develop the eligibility to engage in devotional service. Although I am not qualified to receive your mercy, you are compassionate to shower your mercy through your transcendental books as well as your valued guidance to allow me to continue serving Lord Chaitanya's mission. I have so much to learn in this process of Krishna Consciousness.

Dear Prabhupada, thank you for your personal care and spiritual advice through your books and vani. Although, we have never met, I always feel that you are guiding my actions in my daily spiritual life.

Gurudev, today, we celebrate your appearance day together with your disciples around the world. I pay my obeisances unto you on this auspicious day of your appearance and all the Vaisnavas who are like desire full-filling trees. Koti Koti Pranaam.

Your fallen servant,
Abhay Govind Dasa

Abhiram Chaitanya Dasa

Dear Srila Prabhupada,

Please accept our humble obeisances at the dust of your lotus feet.

All glories to you, Srila Prabhupada, on this most glorious day of your appearance.

Each and every day we thank you from the bottom of our hearts for giving us Krishna consciousness. We do not know where we would be without this amazing gift. As we write this insignificant offering to Your Divine Grace, we are contemplating how fortunate we are to have you as our spiritual master. You left the glorious land of Vrindavan at the ripe old age of sixty-nine just to save fallen souls like us. We had no idea of the meaning and purpose of life, what to speak of our destination after death. We had no idea that this life is meant not for sense gratification but for self-realization. We had no idea of the vast ocean of spiritually charged activities you gifted to us, such as chanting the Hare Krishna mahamantra, dancing before the Deities, honoring incredible prasadam, reading and studying transcendental literature, associating with wonderful devotees of the Lord. How great you are

to have opened our eyes with the torchlight of knowledge through your transcendental books! We can see you face to face through your wonderful Bhaktivedanta purports. *sadhunam sama-cittanam sutaram mat-kritatmanam darsanan no bhaved bandhaḥ pumso'kshnoḥ savitur yatha* "When one is face to face with the sun, there is no longer darkness for one's eyes. Similarly, when one is face to face with a sadhu, a devotee, who is fully determined and surrendered to the Supreme Personality of Godhead, one will no longer be subject to material bondage." (Srimad-Bhagavatam 10.10.41) How great you are to have given us the opportunity to fully understand within this very lifetime all these amazing things. In our small way we are trying to please you by developing a mood of service and gratitude toward Their Lordships, Your Divine Grace, and the devotees by holding various preaching activities. All this is possible only due to Your Divine Grace's blessings. Without your benedictions, where would we be? Perhaps in some undesired place not knowing what the future beholds. You have opened our eyes and given us the opportunity to associate with devotees of the Lord and read sastra in order to re-establish our relationship with the Supreme Personality of Godhead.

The process of Krishna consciousness is based on practical engagement of the body, mind, and words in the loving devotional service of the Lord, through His representative. To be under your shelter therefore means to be actively following your instructions and fulfilling your desires. Then we can be sure we're on the right path and attain a bona fide understanding of your teachings. So please give us Krishna conscious intelligence to properly understand your legacy as a whole, and to practically apply and preach your teachings accordingly. We have your teachings in your books, conversations, letters, lectures, etc. That is our treasure. We have no good qualifications, but we are confident that sincerely endeavoring to act according to your instructions in the system of guru-parampara will bring us to the *uttama gati*, the highest perfection.

Although unworthy, we are very grateful for this opportunity and hope to prove our gratitude not only by our words but also by our deeds and our desire to serve you more and more.

Your insignificant servant,

Abhiram Chaitanya Dasa

Adi Keshava Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories to Srila Prabhupada. All glories to you on this auspicious day of your appearance.

It is stated that only through the mercy of a pure devotee can one get Krishna and thus liberation beyond the material world, which is temporary and full of miseries. The great forest fire takes place in this world because of the violent passion of the conditioned souls illusioned by the external energy. It could be extinguished only by the mercy clouds of pure devotee like you. Sometimes it is very scary to see the fire in this material world. Always I feel that how safely you have kept us under your soothing mercy clouds. I see no hopes apart from these clouds. Taking some other's shelter is just like holding a dog's tail to cross over the great ocean. There is no hope of reaching the other end but to pathetically drown. This rare patch of life's only hope is to take shelter of a very rare pure devotee like you. Recently I came across a wonderful verse from the Hari-bhakti-sudhodaya which states that:

*akṣṇoḥ phalaṁ tvāḍṛṣa-darśanam hi, tanoḥ phalaṁ tvāḍṛṣa-gātra-saṅgaḥ
jihvā-phalaṁ tvāḍṛṣa-kīrtanam hi, sudurlabhā bhāgavatā hi loke*

"O devotee of the Lord, the purpose of the visual sense is fulfilled simply by seeing you, and to touch your body is the fulfillment of bodily touch. The tongue is meant for glorifying your qualities because in this world a pure devotee of the Lord is very difficult to find."

Actual purpose of life is to engage our senses in serving pure devotees like you but the purpose is lost as soon as we are becoming captivated by sense enjoyment. Therefore the whole process of your glorious Krishna Consciousness movement is meant to rectify the conditional activities of the senses and to re-engage them in the direct service of the Lord and His pure devotees. Only one out of millions of living entities gets this fortunate opportunity of associating with a bona fide spiritual master like you.

Also I had come across a verse cited by Shiva to Parvati mentioned in the Skanda Purana which states that :

*dhyana mulam guru murti, puja mulam gurur padam,
mantra mulam gurur vakyam, moksha mulam guru kripa*

“The Guru's form is the best to meditate upon; the Guru's feet are the best for worship; the Guru's word is the mantra; the Guru's Grace is the root of liberation.”

That is the greatness of serving a great spiritual master like you.

Sometimes there are many glow worms like spiritual leaders who appear in this dark material world which sometimes bewilders conditional souls like us. But these glowworms are very temporary in nature and is incomparable in front of brilliant sun like you who has just arisen in this dark age of Kali, which is the only ray of hope for us in this age of Kali. Taking shelter of you is the only hope.

On this most auspicious day of your glorious appearance day I beg you to forgive all of my offenses done unto your Lotus feet. I sincerely pray that let your instructions be my life and soul, let your lotus feet be my object of worship and serving you be my purpose of this rare human form of life.

Thank you Srila Prabhupada for still giving me this fool an opportunity to render service in your glorious mission.

Aspiring for your causeless mercy,

Your most unworthy servant,

Adi Keshava Dasa

Advaita Chandra Dasa

Dear Srila Prabhupada

Please accept my humble obeisances at your lotus feet

Unless one gets the mercy of your divine grace, how can one cross over this dreadful ocean of material existence and go deep into the other part, the other shore material world, there is the abode of Lord and that is our eternal home. Now the question is how can we go there? The only way to go there is to offer prayer at the lotus feet of Guru who is an expert navigator, who can ferry us across this dreadful ocean and take us there.

*sri-guru-carana-padma, kevala-bhakati-sadma, vando mui savadhana mate
jahara prasade bhairava, e bhava toriya jai, krsna prapti hoy jaha hoite*

“The lotus feet of the spiritual master is the abode of pure devotional service. I bow down to those lotus feet with great care and attention. It is through the grace of the spiritual master that we cross over this material existence and obtain Krishna.”

Only by your mercy Prabhupada, one will be able to cross over this dreadful ocean of material existence and develop Krishna-bhakti. The jiva, wandering in innumerable brahmandas, universes, in innumerable species of life in this material world, is only getting suffering, distress, misery, pain and torture. No happiness! No pleasure! That is the only effect of blazing fire, samsara-davanala. He is in the blazing forest fire. Nobody puts fire into the forest, but

automatically when two pieces of wood rub, fire ignites and the whole forest is burnt. The animals there suffer painful burning effects, and are burnt to ashes.

Similarly, in this material world the jivas, the conditioned souls are burning in three types of klesha or sufferings: adhyatmika, adhibhautika and adhidaivika. They give burning sensation. To understand we are suffering in this material world one need to have the mercy of guru.

Wandering in innumerable universes and in innumerable species of life, at last a bhagyavan jiva, one who is a fortunate soul, comes to the lotus feet of Guru and takes shelter there. Brahmanda brahmite kono bhagyavan jiva.

There are so many impediments, obstacles. Material world means every step there is danger, every step there are so many stumbling blocks. But if one surrenders through body, mind, and speech then all your impediments, stumbling blocks, obstacles will be destroyed within a moment. In this very life one can achieve perfection. There is no doubt about it. Without the mercy of Prabhupada, without service to Prabhupada, nobody can understand Krishna, nobody can approach Krishna, and nobody can get Krishna, which is the ultimate goal of human life.

I beg for that mercy

Your aspiring servant,

“I bow down to the beautiful lotus feet of my spiritual master, by whose causeless mercy I have received the supreme holy name; the divine mantra; the service of Lord Chaitanya, the son of Sacimata; the association of Srila Svarupa Damodara, Rupa Gosvami, and his older brother, Sanatana Gosvami; the supreme abode of Mathura; the blissful abode of Vrindavana; the divine Radha-kunḍa and Govardhana Hill; and the desire within my heart for the loving service of Sri Radhika and Madhava in Vrindavana.”

*he guro jñana-da dina-bandho, svananda-dataḥ karuṇaika-sindho
vrindavanasina hitavatara, prasida radha-praṇaya-pracara*

“O spiritual master, O giver of divine wisdom, O friend of the fallen, you are the giver of your own bliss, and you are the only ocean of mercy. Although dwelling in Vrindavana, you have descended for the welfare of fallen souls like myself, and you are preaching the divine love of Radha for Krishna [as well as Lord Balarama for Lord Krishna].

Please be kind upon me. Please accept my humble obeisance in the dust of your lotus feet. All glories to you, the savior of the whole world.

I, an undeserving soul, am tasting the sweetness of your merciful glance upon myself. Now I am greedy for more of your merciful glance upon me to remain forever in the transcendental plane of eternal service to your mission. I am eternally indebted to Your Divine Grace for providing me such a Vaikuntha-loka of Sri Sri Radha Madhav.

In BG you wrote “the devotees are more kind than the Lord because they understand the purpose of the Lord.” We can see your mercy in our present lives and upon all souls who are coming in touch with your movement. Even though I’m most fallen, wretched, lowest of mankind, fool, having no understanding of devotional service and Lord, your one merciful glance upon me changed whole life to what was unimaginable, unbelievable.

You gave me kitchen service which is personally done by daughter of King Vrishabhanu. You are making me an instrument to serve Sri Madhav in Shrimati Radhika’s kitchen service. You are accepting our service even though we immaturely commit so many mistakes and offences. I am very grateful and obliged to all Vaishnava’s who are helping me grow in my spiritual life, now especially my authority who is always guiding me in my cooking. I don’t know how to cook and what to cook but by your mercy all things are happening. Please always keep your mercy upon me, give me strength to follow your instruction and authorities.

I am always praying please keep me in association of devotees and under your shelter. I’m just a new born baby, there is a long way to go in spiritual life. If you don’t protect and nourish my spiritual health, Maya is ready to sweep away me.

Longing to remain attached to the dust of your lotus feet.

(Prayer unto the Lotus Feet of Krsna by HDG A.C. Bhaktivedanta Swami Prabhupada on board the ship Jaladuta, Sept 13, 1965)

Once upon a time, there was a boy; invited him to dine, but was being coy.

Dine was a feast, by the Hare Krishna’s; didn’t bother at least, deluded by mriga-trishna.

Was in his world, WA FB Hike Viber; in bed being furred, never used a timer.

Lecture-lab-mass bunks, was the usual routine; evening *galla* with junks, back to deadly quarantine.

Dates, freshers and farewells, never felt bankrupt; they say he’s jovial, heart was totally corrupt.

That intense burning desire, to read the holy book; that thought didn’t retire, luckily obtained by crook.

BG-SKJ-Vrindavana trip, lost his heart there; ‘twas the final flip, under devotees’ special care.

Gave up big beard, to maintain status quo; preached on being geared, boys began to flow.

Desirous to shave head, he began to wander; thus devotees’ mercy led, to Nitai-Gaurasundar.

‘twas a master plan, of the Divine Couple; to join devotees’ clan, wasn’t a big grapple.

Trying sincerely and seriously, the boy rendered service; but maya didn’t comply, he bore no malice.

Begged more causeless mercy, from His Divine Grace; Krishna’s most confidential servant, who started chanting craze.

Habit is second nature, anarthas’ kept on knocking; but ISKCON’s best features, honoring prasadam-chanting-dancing.

No taste to hear, remedy-serve guru’s feet; bliss enters like spear, when both souls meet.

Hence initiation approached quickly, nicely wore saffron clothes; tried approaching guru meekly, took the eternal oaths.

His head be designed, with thy dust-mass; the boy has undersigned,
as Amogha Virya Dasa.

My Dear Srila Prabhupada

Please accept my humble obeisances at your lotus feet. First of all thank you so much for pulling me out of burning material life and accepting me as your eternal servant. You are my eternal father and only you can know my eternal good otherwise without your causeless mercy I would have been living the life of an ass. As you mentioned so many times in your lectures and books that without Krishna consciousness one is simply wasting his human life in eating, sleeping, mating and defending like animals. By your grace I am able to chant 16 rounds, try to follow 4 regulative principles, having Sri Sri Radha Madhav Maha-prasadam every day and association of vaishnavas all the time. This good fortune is created by your grace only.

Desiring always to follow your guru's instruction, taking it as life and soul, to spread Krishna Consciousness to whole world you went to western world at such a ripened age of 70 years when everyone thinks of retiring. But out of compassion for suffering souls you started the journey despite of great physical inconveniences and within 10 years you transformed the whole world and gave such a huge volume of perfect literature to save the humanity at large. Still you always remained humble by giving all credit to your guru maharaja. This can be possible only by a person who belongs to spiritual world. Just like Krishna showed his supremacy not only theoretically or philosophically but also in real by showing universal form. Same way you also practically proved that we are spirit soul part and parcel of Krishna and our happiness is only when we serve Krishna. No one can realize Krishna by one's imperfect senses but Your Divine Grace can make it possible (divya jñān hṛde prokāśito).

Before coming to Krishna consciousness I never imagined my position of becoming the part of Lord Chaitanya's army in which Srila Prabhupada is Commander-in-Chief. Devotees' plans are as good as Krishna's plan so by following them Krishna can change our destiny. By your grace joining ashram became so easy which I never thought of. Your plans through your organization are always your causeless mercy. Let me always become part of such plans by following them.

I have committed so many mistakes intentionally or unintentionally during chanting or service. Please forgive me and give me strength to follow your instruction. Only by your grace I can follow you. I am eternally debtor to you because what you have given me such a valuable Krishna conscious life even though I am unworthy. I know you will never forget me but give remembrance, so that I may not forget you. Let my head always be bowed to dust of your lotus feet.

Dear Srila Prabhupada,

Please accept my heartfelt gratitude at your lotus feet. One more encouraging and enlightening year has gone by with lots and lots of spiritual realizations and a step forward towards surrender, dedication and dependence at yours and Krishna's lotus feet.

As Krishna says in Bhagavad-gita that four category of people surrender unto him and four do not. The people who surrender are the sukritinas pious men who adhere to the rules and regulations of the scriptures. But above the sukritinas are Eka Bhaktir Vishishyate, those who in full knowledge in union with Krishna do pure devotional service and are very dear to the Lord. But to render service unto Krishna piety is required, and that piety is only possible by doing direct service to a pure devotee. I am indebted to you Srila Prabhupada that you gave me such a wonderful opportunity to serve you and because of that from a dushkritina at least I have come to the level of sukritina. This has enabled me to pursue again my lost devotional service and by mercy of yours I have got to know that I am eternal servant of lord Krishna. I have full faith Srila Prabhupada that by serving your lotus feet and following your instructions till last breathe I will surely come to the stage of “eka bhaktir vishishyate”.

The most important thing in our daily lives is the Morning Program which you have given Srila Prabhupada which is most easy and fast process to advance. There are many things in that to take Rasa in, but the safest Rasa is the Kirtan Rasa. If you desire Srila Prabhupada I may daily bathe my consciousness in Kirtan of the Lord and naturally my mind may get attracted to kirtan.

Association of devotees especially senior vaishnavas has helped me a lot to do nice japa and reading your books. May my japa improve more and more in association and I may able to nurture my consciousness and develop taste in reading your books. My prayers to become a suitable instrument in your hand.

Aspiring to become a servant of your servant, Anupama Govinda Dasa

तो प्रभुपद बताते हैं कि यदि हम भगवद सेवा का बीज बोए और श्रवण कीर्तन द्वारा उसका सिंचन करे तो इसे अंकुरित होने में सहायता करने के लिए भगवान हमें सूर्य प्रकाश प्रदान करेंगे मुझे इसका अनुभव नहीं हुआ, किन्तु श्रील प्रभुपद ने मुझे उसी क्षण भक्तिमय सेवा का बीज प्रदान कर दिया।

जिस पद्धति से गुरु शिष्य को भक्तिमय सेवा का बीज प्रदान करता है, उसका वर्णन श्री चैतन्य चरितामृत में है -

ब्रह्माण्ड ब्रमिते कोन भाग्यवान जीव गुरु कृष्ण प्रसादे पाय भक्ति लता बीज

ब्रह्माण्ड में भटकते हुए असंख्य जीवों में से कोई एक सौभाग्यशाली होता है जिसे कृष्ण की कृपा से प्रामाणिक गुरु का सानिध्य पाने का एक सुअवसर प्राप्त होता है।

श्रील प्रभुपद की कृपा से हमें भक्ति बीज मिला और हमने कृष्ण के विषय में श्रवण एवं कीर्तन द्वारा उसका सिंचन करने का प्रयास किया है।

और उस सिंचन से मंदिर में होने वाले हर उत्सव में मुझे उसमें सेवा करने और कृष्ण ओर प्रभुपद के विषय में और जानने का मौका मिला और हर वर्ष इसका अनुभव अलग अलग होता है।

इसी ही कृपा श्रील प्रभुपद तथा उनके भक्तों के संग में रहने से ही मिलती है और मैं इसके लिए प्रभुपद की बहुत - बहुत आभारी हूं।

Dear Srila Prabhupada,

om ajñana-timirandhasya jñanāñjana-śalākaya

cakṣur unmilitam yena tasmai śrī-gurave namaḥ

Please accept my humble obeisances at your soothing lotus feet.

Thank you Srila Prabhupada for keeping me in your army. Though I am able to act only as a foot soldier, still you have mercifully allowed me to be in your gigantic army. Whenever I hear of the wonderful service rendered by your senior disciples, my heart becomes gladdened with joy & I take inspiration from them.

Life in your shelter is a life aspired for by many people, but to whom you shower your blessings they only can be in this fearless army. For the past one year, you have given me a task of broadcasting your teachings to the souls of Ahmedabad. The field of action is a really tough one, and I am sure with the advancement of Kali-yuga, it will

become even tougher. And Prabhupada, from within, you have inspired me to take up this anxiety to preach in an unfavorable place. You mentioned in a Bhagavad-gita class that “*Anxiety is spiritual anxiety and material anxiety. Spiritual anxiety means you are advancing in spiritual life, and material anxiety means you are going downhill.*” Hence, if we take this anxiety to spread your mission, it will only purify us & we’ll advance faster. Just by rendering services unto your transcendental mission, I have forgotten all the anxieties pertaining to bodily necessities like eating, sleeping, defending, etc.

It often happens in my services that there is dilemma about the next step, whether to do this or that, what is right or wrong? During this dilemmatic situations you have helped me out with some solution. I remember, it was February 2018 when I was conducting *Ambrosia*, a fest for college students. It was just 5 days for the event & we had only 40 registrations; in comparison to previous year’s 500 registrations. I thought that that nothing could be done further to increase the number. I was then inspired by you to do something unusual, which we never did for a long time. Normally for registering our volunteers would keep the desk inside college campus & enroll by selling the passes. But this time I stood at the counter inside college campus & thought that this idea may fail miserably; as saffron dress is not appreciated by youngsters. But instead more passes were sold & luckily we had 180+ students attending the fest. It was all your causeless mercy to inspire me at that most-needed hour.

I must say that there are so many souls waiting to receive Krishna Consciousness, what we need to do is just be present in the field & most of the things will be carried out mystically, by divine intervention. I met many people who were like dry grass & the moment I mentioned your transcendental teachings to them, they have taken up Krishna Consciousness seriously. In all these cases you are the one who wants to infuse Krishna Consciousness in a conditioned soul & for this you use your disciples as an instrument. As it is mentioned in the famous shloka of Bhagavad Gita “*nimitta-matraṁ bhava savyasacin*”, where Krishna tells to Arjuna, “*Prepare to fight and win glory. Conquer your enemies and enjoy a flourishing kingdom. They are already put to death by My arrangement, and you, O Savyasachi, can be but an instrument in the fight.*” Similarly, Krishna consciousness will definitely be spread to the entire world, as Lord Chaitanya has proclaimed it;

pr̥thivite ache yata nagaradi grama, sarvatra pracara haibe mora nama.

So, we preachers have to be present just as instrument & results will come by your grace. Though I am completely unqualified & immature, still you have chosen me as an instrument. Thank you Srila Prabhupada for giving me such nice guardians, who have always kept me motivated & inspired during tough times. Even if I get a drop of magnanimity, compassion & devotion, as compared to my authorities, I would consider my life a success. Please engage my mind in your services throughout my life. Forgive me for offenses. Keep me a humble servant of your servants.

Insignificant servant of your servants,

His Divine Grace, on this most auspicious day of your transcendental appearance into this mortal world, I offer my humble obeisances unto your Lotus feet again and again, from the front, from the back and from all the sides. The Largely unfortunate souls of Kali-yuga have become immensely fortunate on this very day, for your appearance day is even more important than lord's own appearance day. REASON - The causeless mercy of the Supreme Personality of Godhead is first appreciated when one comes in touch with a bona fide spiritual master who can bring the conditioned soul to the highest position of devotional life. Therefore Lord Chaitanya said that by the mercy of the spiritual master one can achieve the causeless mercy of the Lord, and by the mercy of the Supreme Personality of Godhead, one can attain the mercy of the bona fide spiritual master. (TLC Chp1)

Today's world is in an absolutely chaotic condition. With each passing day, Maya and Kala are ripping apart people's sanity, their good deeds and qualities. For e.g., Few souls are blessed to come to temple, get association of devotees, Deities and above all, follow your order of chanting Hare Krishna. Still, people have been accustomed to this opium of material enjoyment since so long that because of the chronic illness, one again goes back to lap of Maya, only to Suffer even more. What to speak of staunch Karmis! Because of the independent and faithless nature, jiva's real intelligence is covered and material misery continues. Just like, a butcher who kills goats and as he gives little grass to the goat about to be killed next, she doesn't realize that her life also meets the same fate, instead she is happily eating the Grass. Once we were also, in such a terrifying Situation, but against all odds, you saved us, leaving Maya dumbfounded. The Vedic scriptures sing of your character for the unlimited compassion you have showed to the jivas of this Material world, including trees, insects, Animals, etc. You travelled extensively even at the Age of 70+, just to fulfill the Desire of your Guru Maharaja and please him. Out of Great love for Krishna, you worked extremely hard to spread Hari-nama in all the corners of the world. In doing so, you gave up literally everything which is dear most for all, bodily wants, desires, even Necessities like Eating, sleeping. And yet No credit for yourself. That's why, you are Truly Glorified as Sri Krishna-krupa-murti, the Embodiment of Krishna Kripa.

Bhagavatam truly describes the Souls of Kali-yuga as Lazy, misguided, always disturbed, spiritually slow and Highly Unfortunate. I always wondered that although Krishna recited whole Bhagavad Gita in the Middle of the Battlefield for the Benefit of Pandavas and Kurus alike and still not a single Kuru surrendered unto Krishna, the Supreme Personality of Godhead. It only means that Bhakti is not for anyone and everyone. Without taking upon one's head the dust from the Lotus feet of a pure Devotee, one cannot attain devotional service. Devotional service is not possible to attain simply by undergoing severe austerities and penances, by gorgeously worshiping the Deity, or by strictly following the rules and regulations of the sannyasa or grhastha order; nor is it attained by studying the Vedas, submerging oneself in water, or exposing oneself to fire or scorching sunlight. (CC ML 22.52) may the dust of your lotus feet be there perpetually on our unworthy heads. Please bless us so we can become humble servants of your servants. Thank you for the opportunity to reflect upon life and be united with you in the process.

A joker's activities simply arouse laughter, and a person who tries to repay the spiritual master or teacher of the transcendental message of Krishna becomes a laughing stock just like a joker because it is not possible to repay such a debt. (SB 4.22.47) Srila Prabhupada, you are a Vaishnava aristocrat and I am a street dog. For the life you have blessed me with, I can never repay even a fraction of the debt towards you. How a conditioned soul sunk in Maya can ever realize the position of a pure devotee. Indeed it is the duty of all true disciples: to repay the debt to their spiritual master by offering him, with pure hearts, their wealth and even their very lives. Let me serve you faithfully with Love till my last breath.

Aspiring to be eternally at your lotus feet,

Your Servant's Servant,

Dinabandhu Krishna Dasa.

My dear GuruDev Srila Prabhupada, koti koti dandvat pranam

I personally feel myself the most fortunate person to acquire your shelter and serve Lord Krishna under your instructions. It's your causeless mercy that I started my journey with one mala japa to 16 mala japa to initiation to Brahman Diksha and now directly serving Their Lordships Sri Sri Radha Madhav in the altar at Hare Krishna Movement Ahmedabad. It was just not possible without your blessings. With your wish my whole family has become part of your family and now in practice of Krishna consciousness. I, the most fallen soul remains totally dependent on you to put any step forward and look for your instructions to go ahead. And you have been so kind to guide me on the right path. I continue to remain at your Lotus Feet for ever to perform my remaining journey in Krishna consciousness. Indeed I need your instructions, blessings, mercy and shelter constantly to maintain my endurance to progress in service of Sri Sri Radha Madhav. Oh Gurudev please accept my obeisances and allow me to remain at your Lotus Feet.

Dear Srila Prabhupada,

Please accept my humble obeisance to thy lotus feet which alone are the saving grace for us all.

It has been now almost two years in your movement trying to serve you under the sympathetic guidance of your loyal servants.

Ever since I took your complete shelter it has been a constant procession of many realizations about the very existence by Your Divine Grace alone. But all that appears to sway back as I derelict from the methodology of sadhana bhakti you have expertly installed for daily temple programs.

You have paved the royal passage to our eternal lives at Goloka Vrindaban. Holding onto your lotus feet are the only boat to sail through this mighty ocean of repeated birth and death. You are the ocean of mercy to extinguish the blazing fire of lust burning incessantly in our hearts of materially afflicted souls.

You are the dearest to Krishna and Krishna is your property! You are the one and only deliverance for this suffering humanity. You have created a house wherein the whole world can live peacefully and happily. You are the epitome of compassion that travelled the globe fourteen times to spread the message of Lord Chaitanya in the midst of severe hypocrisy and cheating religions.

Where ever you are there is Goloka Vrindaban. You are greatest mystic to firmly plant the love for Krishna in our hearts. You are the greatest jnani to jeer the impersonalists, antagonist and the atheistic scientists. Your mere glance over us is like the soothing rays of moon to extinguish the blazing fire of nisidhhachar, kutinati, jivahimsa, puja, labha, pratistha.

Srila Visvanatha Cakravarti Thakura duly glorifies the position of a spiritual master as:

*sakshad-dharitvena samasta-sastrair
uktas tatha bhavyata eva sadbhih
kintu prabhor yah priya eva tasya
vande guroh sri-caranaravindam*

The spiritual master is to be honored as much as the Supreme Lord, because he is the most confidential servitor of the Lord. This is acknowledged in all revealed scriptures and followed by all authorities. Therefore I offer my

respectful obeisances unto the lotus feet of such a spiritual master, who is a bona fide representative of Sri Hari [Krishna].

And for your disciples you are the swift deliverer from the abominable site of whirlpool of nescience by the wind of your celebrated instructions. You live forever and the followers live with you. But to those who heedlessly demand and necessitate the physical presence of a spiritual master, Your Divine Grace has duly explored at one instance:

KRISHNA GOSWAMI: Can a Christian in this age, without a Spiritual Master, but by reading the Bible, and following Jesus's words, reach the ...

SRILA PRABHUPADA: When you read the Bible, you follow the Spiritual Master. How can you say without... As soon as you read the Bible, that means you are following the instruction of Lord Jesus Christ. That means that you are following the Spiritual Master. So where is the opportunity of being without spiritual master?

Srila Prabhupada, one who follows your instructions with tantamount faith is sure to please you and thereby attain pure devotional service to Krishna realizing ones constitutional position.

May the words emanating from your lotus mouth become my life and soul! Attachment to your lotus feet is the perfection that fulfills all desires. Please bestow upon me the dust of your lotus feet, Oh! Srila Prabhupada! May I become a puppet in your hands to dance however you want and follow you at every breath of my heart.

Your servant,

Dear Srila Prabhupada,

With the passage of another year in your service, another opportunity to glorify you stands at my door today. I know that no words in any language can be sufficient to do justice to your glories. Still as a service to my beloved Spiritual Master I have to make a humble attempt to glorify you within my limited vocabulary and understanding. When I happen to achieve something, I fear taking its credit and being proud about it. The thought of thinking myself as the proprietor of results haunts me. All I want is to be so immersed in the goal that getting the credit pales

into insignificance. Bestow upon me the strength to be away from hidden agendas or personal motivations and to maintain enthusiasm, despite the absence of results and reciprocation.

O beloved master! you prolifically communicated about truths beyond this world and compassionately made it accessible to one and all. With no envy, through honesty and without even a tinge of pride, your purity invoked faith and your example is an inspiration for generations. An individual down to earth, and simultaneously merged in transcendence, embodying everything the books of wisdom talk about. Walking Bhagavata who made the entire world dance on the tunes of the holy names of the Supreme Personality of Godhead and made them realize the personal feature of the Lord, engaging them in his service. Idyllic as it sounds, I'm acutely aware that I don't possess the simplicity, absorption and sincerity to do such a thing. It can't be imitated; it has to be earned.

On the order of my authorities, I am trying to help a few people along the way, sharing whatever I've learned and speaking whatever I've heard. Nothing can happen without your mercy upon them and me. I may cover things up, deny it or justify it, but deep down I get to know that something is out of tune. Whenever it happens, give me the courage to reveal my mind to my authorities, so that my head can rest eternally at your lotus feet and serve the instruction coming from your lotus mouth.

Aspiring to increase my surrender towards you.

Your insignificant servant,

Keshava Priya Dasa

Kirtipradha Devi Dasi

Dear Srila Prabhupad,

Please accept this fallen conditioned souls humble and respectful obeisances unto your lotus feet.

Your appearance day is the most auspicious occasion in our lives. It has brought meaning to innumerable soul's birth in this material world. In our eternal journey in this material world since time immemorial, the only auspicious, fortunate or the best thing happened to us is Your Divine Grace coming in touch with us and by your unconditional causeless mercy keeping us in your shelter. It would really be disgusting and a meaningless life without you! You are the most merciful savior.

Srila Vishvanatha Chakravarti says Giriraj Govardhana is a completely selfless servant, one who only gives to Krishna and never takes anything from Him. He has only Kṛṣṇa's interest in mind—never His own. It sounds the same with Your Divine Grace. You gave and are continuing to give innumerable offerings to Krishna – reclaiming souls back to Krishna, temples, offerings by establishing your divine mission in this material world. As Krishna being merciful upon fallen souls expands himself in as many numbers as the living entities and always resides with them as Paramatma, so as you are always with each and every disciple of yours leading the journey back to home back to Godhead with continuous guidance.

Krishna has made manifest wish fulling trees in this world in the form of your recorded and printed instructions, results can be achieved as desired by the living entity as per its consciousness - peaceful life, prosperous life, life in higher planetary system or the ultimate going back to Krishna. You are an extraordinary personality. You not only gave the fruits through your wish fulling tree, but also guided which is the best fruit to be achieved: As mentioned in *Bhagavatam*, "Therefore we should always seek good association, devotee association. Then our life will be successful."

This show cases your uniqueness and proves there is no well-wisher for us other than you. You always see every individual as a Soul and engage us in your Lord's Service, you are never discriminating. I have never come across a perfect personality like you. You say Krishna is perfect, we can experience the same about Your Divine grace "the

most perfect" and "absolute" in words, actions, speech, dealings.... all your activities. Any doubts or questions would find an absolute and a perfect answer at your shelter. No one can ever give solution as a perfect as you gave. We see so many issues lying around us. Only when you give the solution, it's perfect and absolute, else issue remains the same. Such is your power. Thanking you for keeping me in your shelter. I always beg to remain at your Lotus feet engaged in satisfying you alone, letting go my false ego. Kindly make me as you want me to be, let me do whatever you wish.

Your most fallen disciple,

Kirtipradha Devi Dasi.

Krishna Kripa Dasa

Dear Srila Prabhupada,

Please accept my prostrated humble obeisance at your lotus feet.

This year again, when the time came to glorify you on your Vyasa Puja, I stepped back & remembered how you mercifully & graciously saved me from wallowing in the mire of material nature & have given me a fresh lease of life.

First of all, I thank you for using me as a humble instrument in your hands to reveal your transcendental plans for preaching in Pune. You have so kindly blessed me to preach so many souls sincerely seeking the real goal of life. On this most auspicious occasion, please help me become a good instrument in your hands. Please give me strength to follow your instructions sincerely. Please help me serve your mission with humility & dedication, and without any false prestige.

If I meet with any success, let me never take even an iota of credit & always remember that I am merely an instrument of yours. Let me always remember that Lord Krishna is the prime mover of everything & without His causeless mercy I cannot get any strength to serve you.

You have blessed us with the Lord's Holy Names. I beg your mercy to enable me to concentrate fully on the sound vibration of the maha mantra. Please help me hear each word distinctly and clearly during japa. Please help me remember that, while chanting, I am connecting directly with Lord Krishna. Please give me strength and awareness so that I am very careful, cautious and respectful while chanting the holy name. Please help me remember always that there is no difference between Lord Krishna and His holy names. Please help me chant the holy names with respect and attention. Please continue to hold me so that I may not fall again & again due to my petty weakness.

Recently while I was hearing one Bhagavatam class, one portion of it made a deep impression on me:

The word "Jagannath" means "The Lord of the Universe" & He is famous as Patita Pavana, the deliverer of the fallen, the most munificent Lord who personally comes out every year to deliver everyone without any reservation. We see on this Oriyan land especially, worship of Lord Jagannath & His grand Ratha Yatra has been going on from millennia. But, He is not just Oriya Nath, He is Jagan-Nath & probably the Lord Himself was waiting just for your arrival to take Him out of your eternal residence at Purushottam Kshetra.

If it was only through you that the Rath Yatra festival was transplanted from Puri to San Francisco & from there to all over the world. It was only you, who introduced Lord Jagannath to the world & brought real meaning to His name. That is your special gift to entire world. This one incident proved to me that you are an extraordinary personality specially empowered directly by Lord Krishna Himself.

My prayer to your lotus feet is that may I be always attracted to your devotional service and in this way pass my entire life serving you. I request your love, compassion and grace to keep me from falling prey to puja, pratistha and labha. Please protect my tender bhakti lata. I beg to you to kindly forgive me for all my fallacies, my regressions & my fall downs.

On your Vyasa-puja day I pledge my sincere & serious efforts to share what you have given me to all others I come in touch with.

Your fallen servant,

Krishna Kripa Dasa.

Kunjavihari Dasa

All Glories to Vishnupada Paramahansa 108 Sri Srimad His Divine Grace A.C. Baktivedanta Swami Srila Prabhupada, my beloved Spiritual Master.

In our temple thousands of people visit every week, the movement they enter Temple campus their mouth opens wide in astonishment, when they see fine gardens filled with colorful flowers, crystal clear Madhav Kund, fountains, golden chariot, temple's huge structure, Aksaya Patra Kitchen and hot khichdi. Their response of astonishment is a kind of glorification. Many of these people see the Deities decorated beautifully and they get mesmerized, which is the glory of the glorious Deities "Sri Sri Radha Madhav".

But, look at our fortune that, we have got the very rare chance to glorify the glorious personality, who is behind all these glorious manifestations. And on this auspicious occasion of Vyasa Puja-2018, I pray to my Lordships "Sri Sri Radha Madhav" to bless me - that I can eternally glorify my Spiritual Master by my mind, words and action, with great delight. Let my heart remain always filled with the gratitude and love for my spiritual master.

Krishna is telling in Gita "janma karma cha me divyam, evam yo vetti tattvataha" - "one who knows my transcendental appearance and activities in truth". And in another place Krishna Says "upadeksayanti te jnanam,

jnaninas tattva-darshinah” – “The self-realized souls can impart knowledge unto you because they have seen the truth.” One should approach guru and submissively enquire from him about the truth. But in my case I didn’t know how to approach guru nor was I submissive. Fully under the bodily consciousness, ignorant of the truth about self, the Lord and our relationship with Him. My condition was animalistic, trying to gratify senses, glorify myself, being completely under the shelter of Maya.

But, my dear master it is only your causeless mercy, by which you have kindly picked this ignorant being from the illusory world. It is you who is training me to be submissive. There is no tinge of doubt in my mind that you are that “tattva dashinah” to whom Lord is referring, for it is fact that whatever we have understood in reality about this world is shown by you. People go to Ganges to bathe and clear their sins. But, my situation is just the other way like mother Ganges herself coming to me for my purification.

I beg to you my dear master to engage me more and more in service of your Lotus Feet, your movement and your divine instructions. Only you can engage this unworthy servant, who is helpless and hopeless without the shelter of your Lotus feet. Let me always derive inspiration from you and your disciple’s - my god brothers, all the time. That will keep me alive in Krishna Consciousness.

I pray again and again to Their Lordships “Sri Sri Radha Madhav” to let me remain surrendered at the lotus feet of my dear Spiritual Master, Srila Prabhupada life after life.

Your useless servant, Kunjavihari Dasa.

Mangala Narsimha Dasa

Dear Srila Prabhupada,

I offer my respectful humble obeisances unto your divine lotus feet again & again. All glories to you

On this auspicious day of your appearance disciples get the opportunity to please you. Srila Prabhupada, the more we try to engage in your service and the longer we endure, the more we realize your greatness, your magnanimity. You came to deliver this world. You are the ocean of mercy and Lord Krishna’s pure representative. Out of your kind mercy only and by your inconceivable potency, you are time and again guiding us, and we are very confidently sure of this fact; otherwise how is Krishna blessing our Hare Krishna Movement? Without the grace of a bona fide spiritual master as yourself, nothing works and nothing can work. So please, Srila Prabhupada, we are simply begging you to kindly bestow your mercy upon us here, so that we can somehow or other please you in our humble attempt to participate in your transcendental mission. Kindly do allow us, as we are devoid of any intelligence, humility or in fact, everything.

GRATITUDE TO MY SPIRITUAL MASTER

By your mercy only we come to know about our real life.

By your mercy only we realize the importance of human life.

By your mercy only this transcendental mission is running.

By your mercy only we are practicing spiritual life in association of devotees.

By your mercy we are getting real happiness.

By your mercy only we know the relationship between Krishna & us.

PRAYER TO MY SPIRITUAL MASTER

Please bless me so that I can serve you sincerely & seriously.

Please give me the strength so that I can follow your instructions.

Please bestow the mercy so that I can always be in the association of devotees.

Please Prabhupada keep me under your shelter so that I can progress in my spiritual life.

Dear Srila Prabhupada,

Please accept my humble obeisances onto the dust of your Lotus feet.

All glories to Srila Prabhupada.

Thank you my dear eternal spiritual father for keeping me under your shelter in your beloved movement. This shows your mercy and compassion on fallen condition and impure soul being like me

As a disciple what I am supposed to do every day was Mercy fully showered. But it pains me a lot to say that, I am keeping it as a ritual. First and foremost duty of a disciple is to understand the spiritual Masters mind and serve him accordingly. But when I measure myself as your disciple I failed miserably. It is a wonderful thing how despite of it, you keep tolerating me and continue to engage me in the service of your Lotus feet.

Thank you Srila Prabhupada for your transcendental encouragement to remain fixed up in devotional service and remain faithful to the Lord throughout the turbulence.

Krishna in Bhagavad Gita says

Thank you Srila Prabhupada, for giving this book distribution service, a wonderful opportunity to get recognized by Krishna, by Bhagavad Gita distribution.

Please guide me and protect me Prabhupada.

My only prayer to you is, kindly Prabhupada do not keep me in the state of forgetfulness Life after life kindly Prabhupada be my eternal spiritual master.

Sorry Prabhupada and kindly forgive me for giving your pain.

His Divine Grace A.C. Bhaktivedanta Srila Prabhupada,

Hare Krishna Srila Prabhupada,

Please accept my sincere obeisance unto your lotus feet. With your blessings and spiritual guidance, I got the opportunity to take initiation. I am submitting my sincere thanks to your lotus feet as a disciple. This is my sixth year in Krishna consciousness. With your blessings I am engaged in daily activities from mangala arathi to sayana arathi, worship of Sri Sri Nitai Gauranga and started to read Srimad Bhagavatam in Tamil version. Please give me more strength to continue performing these spiritual activities in any situation.

Rendering service to temple is happening by making bathis. It is my humble small service towards the Lord. Because of responsibility of family, circumstance and distance from my home to temple, I am not able to do direct service at temple on regular basis. I am worried about that. But, with your blessings and guidance, I got opportunity to continue render Service to Lord Shree Balaji Temple, Gandhinagar, near to my home by offering Tulasi garland and Raj Bogh seva on every Saturday for last two and half years. It is compensating and giving sense of joyful service towards the Lord as per your recommendation that wherever we live we should do temple service in Krishna consciousness. This is all happening by your mercy and blessing. I should not forget this bhakti and discipline I learned from our Hare Krishna Sri Radha Madhav Temple, Ahmedabad. Thanks to all temple devotees. Let me put my more effort to improve myself in Krishna consciousness with your blessing. With your mercy let me improve the service towards the Lord.

Lot of thanks to my spiritual master,

Please forgive me for my mistakes in the path of spiritual progress.

Hare Krishna.

Yours obedient disciple,

कृष्णभावनामृत के सुन्दर जीवन के लिए एवं आपकी अहैतुकी असीमित कृपा के लिए, मैं शाश्वत रूप से आपका ऋणी रहूँगा। आज इस व्यासपूजा के अति पावन अवसर पर इस पत्र के माध्यम से मैं आपको एक आज्ञाकारी शिष्य के नाते श्रद्धांजलि अर्पित करने की कोशिश कर रहा हूँ। प्रत्येक वर्ष मैं अनुभव कर रहा हूँ कि, आपसे मिलने के पहले हम किस परिस्थिति में थे और आज किस परिस्थिति में हैं। एक वर्ष में ही जीवन में कई उतार चढ़ाव आ जाते हैं, आज जो भक्त बोल रहे हैं कि "प्रभुपाद मैं आजीवन आपका ऋणी रहूँगा, कभी भी आपसे दूर नहीं रहूँगा, क्या पता अगले वर्ष वो कहाँ और कैसा जीवन व्यतीत कर रहे होंगे," माया देवी इतनी प्रबल शक्ति है। इस वर्ष दरम्यान कभी कभी बहुत अधिक सामाजिक एवं व्यावसायिक कार्यों में व्यस्तता की वजह से कुछ ऐसे भी दिन आये जिस दिन आपकी पुस्तकों का अध्ययन नहीं हो पाया उस समय मैंने अपने आप में महसूस किया क्या मैं भी कृष्णभावनामृत से दूर हो रहा हूँ? तब मैंने वापस निर्णय किया और संकल्प किया कि कृष्णभावनामृत में प्रगति कैसे हो मुझे सिर्फ इस के बारे में ही सोचना चाहिए या उसी दिशा में कार्य करना चाहिए। मुझे तुरंत आपके द्वारा इसका उत्तर मिला और वो जवाब मिला "गुरुसेवा" श्रील प्रभुपाद के लिए सेवा, और ये सेवा उत्साह के साथ, ये एक बहुत ही गहन विषय है, गुरु सेवा में वही उत्साह जो पहले दिन था, उसी प्रकार का उत्साह किस प्रकार बना रहे? आपने सिर्फ एक पंक्ति में मुझे इसका पूरा उत्तर दे दिया कि, उत्साह कृष्णभावनामृत से आता है, और कृष्णभावनामृत में बने रहने की एक मात्र विधि है, गुरु के द्वारा दिए गए विधि निषेध का पालन, और साथ ही श्रवण एवं कीर्तन सेवा, ये सेवा

My dear most Revered Spiritual Master,

I am extremely grateful for pulling me to your lotus feet during last 13years, and more intensely since last 4years. Since you formally graced me & made me your disciple, my spiritual journey has travelled much deeper and longer. Your committed disciples have been a great instrument on your behalf in solidifying my association with you as my spiritual master as well as with your teachings.

The Krishna guided assignment to associate with our magazine, Shree Hare Krishna Darshan, for preparing write up based on your three great books namely 'The Supreme Personality of God Head-Lord Krishna, Sri Chaitnaya Charitamrit-Adi Lila Part 1 & Prabhupada -The Ambassador from East' has totally transformed my insight into understanding their teachings & importance of their Lilas. Through your grace only, I am able to grasp the deep meaning of your these books & reproduce the same for the larger benefits of general devotees.

Your grace has made my spritual journey free from major hurdles & spontaneous support flows from unknown but devoted persons through Lord Radha Madhav, Lord Jagannath & Lord Chaitnaya Mahaprabhu. These have further intensified my spiritual discipline.

I continously go on receiving grace from their Lordships by following sincerely the path laid down by you.

I get moved while reading about all sufferings that you had gone through during your journey in India as well as USA for building the the brand of great institution ISKCON & all of us including your disciples are greatly benefitted for all the times to follow.

Through your grace, my all family members have backed me in my all steps, resulting into rich association with all your teachings & practices.

I have realized that you are most dear Messenger of Lord Radha Krishna, Lord Gaura Nitai & their various Parshads.

I along with my family bow down to your lotus feet & pray to you in intensifying our services for following your teachings.

We will eternally remain grateful to you.

All Glories To His Divine Grace A. C. Bhaktivedanta Swami Srila Prabhupada

Kindly accept my humble obeisances of this fallen soul unto your lotus feet.

I remember, during my preaching service I met one elderly person, who welcomed me to his office and offered me water. He started conversing with me saying, “Swamiji your life is very austere.” He appreciated many things and lastly he donated some amount for temple and I gave him Prasad. When I was returning to temple I started thinking what austerity we do?? Then I made a list

1. We get up early in the morning - many people do this (Students, athletes etc.)
2. We have Simple & controlled diet - there are so many people who eat simple food.
3. We study scriptures - there are many Saints who study various kind of Vedic scriptures more than us.

After contemplating in this way I started thinking there is nothing great in doing all such things, but yes one great thing I have in my life and that is cause less mercy of a bona fide Spiritual Master who descended to this material world to bestow his mercy upon conditioned souls like me. We may perform severe austerities or read many Vedic literatures but all these are of no use if we don't have blessings of a bona-fide spiritual master in our lives.

The only austerity in our lives is following the instructions of spiritual master and whatever he says becomes shastra for us.

Your Grace has established many temples only for a purpose to bring people together and practice principle of sadhana bhakti. Today I am provided with all facilities in temple just To chant 16 rounds of Hare Krishna mantra daily in the association of devotees, to hear and discuss Srimad Bhagvatam (nityam bhagvat sevaya), to taste krishna prasadam, to serve Vaisnavas and constantly work for Krishna (using all our material skills as per the modes that we carry).

It is mention in Chaitanya-charitamrita that “brahmand bhramite kono bhagyavan jive guru krishna kripa paye bhakti lata beej.”

Your Grace, Srila Prabhupada, is constantly helping me in form of Temple authority. They are guiding me, correcting me and motivating me to practice Krishna consciousness. All obstacles in the path of devotional service will go away just by sticking to your divine instructions. I sincerely want to preach the message of Sri Chaitanya Mahaprabhu (prithvi te ache nagaradi gram sarvtra prachar hoye mora naam). This life has no meaning if it cannot be used in serving your divine mission, please give me required strength to do so.

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories to you and Lord Gauranga.

Vyasa puja is one of the most important occasions for a disciple to glorify his spiritual master and to receive his immense blessings and inspiration for one's Krishna conscious life.

By your grace, this year I deeply realized that nothing happens without the will of the Lord and that will is meant for our good only. I realized that you and Krishna are the only real doers. You are the one who so actively acts in between me and Krishna to set things right. I commit so many mistakes and offenses but by your interference, I am saved. You have given me your eternal shelter which is incomparable with anything.

This year I learned many things by being engaged in Krishna Ashraya services, Folk services, Pujari services etc. and realized one thing very seriously that I am nothing without you. You act at the perfect moment, with perfection, so that things can become perfect. But still there is a lot to work for improvement in my consciousness.

I request you humbly to keep me always in your eternal shelter and bless me by your causeless mercy, so I can improve in my sadhana and services in spite of difficult situations. Let me become a proactively involved instrument in your services to spread your mission in the way you want under the guidance of authorities. Let me be able to become a first class humble servant of servant of your servant.

Your fallen servant Padmanabha Dasa

Dear Srila Prabhupada,

Please accept my respectful obeisances unto your lotus feet. All glories unto you.

Srila Narottama Dasa Thakur says, "The Lotus of the spiritual master is the only by which one can attain pure devotional service." This is the goal of a devotee in ISKCON. Dear Srila Prabhupada without attachment to your lotus feet no one can achieve this ultimate goal. This goal can even surpass the conception of liberation from material existence. Srila Prabhupada, my only desire within the heart is to have unconditional surrender unto your lotus feet. Kindly shower your causeless mercy upon me, so that I can take your instructions & this Chaitanya Mahaprabhu's mission as my life and soul.

Srila Prabhupada, by your causeless mercy I am enlightened with intelligence to understand your books and teachings more clearly in comparison with previous years. Bhakti-shastri course has given me an extraordinary opportunity to scrutinizingly study your books. I am very much obliged to all your beloved disciples, who are shaping me as a proper Krishna conscious person. When a child becomes bewildered, father helps the child by giving valuable guidance. Similarly Srila Prabhupada, you mystically taught me many formulae and measuring scales in Krishna consciousness through your books as well as through your beloved disciples.

Srila Prabhupada only by your divine mercy, I am able to shape myself despite so many rough phases in my spiritual life. I am able to recognize many anarthas within my heart. You bestowed me with ability to understand their deteriorating impact in the quality of my spiritual life. You blessed me with good sense by which I can seek help from your beloved disciples.

Srila Bhaktivinoda Thakur says "Troubles & happiness in Krishna's service are equally important riches because both of them will destroy the ignorance within the heart of a conditioned soul." By your mercy Srila Prabhupada, I experienced this statement. This has given me a solid foundation in my Krishna consciousness career. Srila

Prabhupada, I fervently beg for your divine mercy so that I can remember these teachings & instructions throughout my ISKCON life.

Kunti Maharani prays to give more troubles, so that she can always remember Krishna. In the same way Srila Prabhupada, my only prayer is that in all troubles my attachment to you & to this mission of Lord Chaitanya's may increase more & more. To serve & be part of the Lord Chaitanya's mission is the rarest opportunity for a soul within the creation. As you mentioned in NOD, "Every preacher should think that he is just an instrument in the hands of the spiritual master and should never be proud as a great preacher. Only by this way one can do some benefit to suffering humanity." Krishna is there as a Paramatma within the heart of all the jivas from millions of life times and foolish people like me who are with so many anarthas think that I made him Krishna consciousness. All these misconceptions within the heart will be driven away, only by taking shelter of your divine lotus feet.

Srila Prabhupada, I humbly offer my thousands of obeisances unto your lotus feet. Please mercifully glance upon this most fallen soul.

Your eternal servant, Param Dhama Dasa

मैं धीर पवित्रा राधिका देवी दासी आपको बारम्बार प्रणाम करता हूँ। हे प्रभुपाद जब से मैं आपकी शरण में आई हूँ मेरा जीवन बदल गया है। मुझे आपकी कृपा और आपके भक्त प्रभु लोगों के संपर्क में आकर बहुत कुछ सिखने को मिला है। जैसे प्रभु लोग आध्यात्म की ओर आगे बढ़ने के लिए गीता क्लास और अन्य कार्यक्रमों के द्वारा प्रेरणा देते रहते हैं। यहाँ से जुड़ने के पहले जीवन बेकार था। लेकिन अब मैं ब्रह्म मुहूर्त में उठती हूँ और भगवान् के लिए भोग बनाना, भोग लगाना, आरती करना, सोलह माला करना और दिन में भगवद्गीता तथा आपकी अन्य पुस्तकों का अध्ययन करना आदत बन गया है।

आपकी कृपा से हमें यहाँ इतनी जानकारी मिलती है कि हम कहीं और पूरी ज़िन्दगी भी लगा दें तो भी नहीं मिलती। हे गुरुदेव मेरी मेरी आपसे यही प्रार्थना है कि हमारा मन आध्यात्म की ओर से कभी न भटके। और आपके आशीर्वाद से हम हमेशा आगे बढ़ते रहें। आप अपनी कृपा हमपर और हमारे हमेशा बनाये रखें। मैं आपके चरणों की दासी आपको बारम्बार प्रणाम करती हूँ।

All glories! All glories! To Your Divine Grace Srila Prabhupada!

Dear beloved Spiritual master, please accept my humble obeisance unto your lotus feet. Time seems to fly faster than lightning, bringing another opportunity for my self-purification by constructing a fragment of your glories in my words though they are unfathomable. The year that has passed-by has indeed brought about a realization of how important it is to associate with your divine grace by studying your books. It's exactly 2 years when we started the Bhakti-shastri course under the able guidance of our senior god-brothers. These studies helped me immensely to stabilize my mind & concentrate on your words. The studies have also brought about a deeper connection to you and the vast subject matter just makes me awestruck as to how you sacrificed every single moment of yourself in bringing out this wonderful transcendental literature to the World, to save them from the nescience of ignorance and establish pure devotional service as the only activity of the living entities.

I pray for lot more enthusiasm to learn & teach others about your divine words so that constant thoughts to present this subject matter in a palatable way to the literate mass runs on. Please direct this unqualified disciple to become your instrument in making people appreciate your divine words & also apply them in their lives.

Aspiring to be the servant of your servant, Prataparudra Dasa

ॐ अज्ञान तिमिरान्धस्य ज्ञानांजन शलाकया, चक्षुर उन्मीलितन येन तस्मै श्री गुरवे नमः ।

परम आदरणीय, प्रातः स्मरणीय, नित्य वंदनीय गुरुदेव । पहले जब मैं आपकी पुस्तकें पढ़ती थी, तो मैं चीजों को ठीक ठीक नहीं समझ पाती थी। लेकिन जब से मेरी दीक्षा हुई, तब से मैं जो कुछ भी पढ़ती हूँ, तो मुझे यह अनुभव होता है कि आप उन चीजों को समझने में मेरी मदद कर रहे हैं। विषय वस्तुओं को ठीक ठीक समझ पाना केवल आपकी कृपा से ही संभव हो पाया है। जब मैंने आपकी लीलामृत को पढ़ा तो मुझे यह अनुभव हुआ कि अपने अपनी लीला के माध्यम से हम बद्ध जीवों को यह दिखाया कि भगवान की भक्ति और उनके नाम का प्रचार किसी भी परिस्थिति में किया जा सकता है।

आपने जो भी किया वह किसी चमत्कार से कम नहीं है। ११ वर्षों की अल्पावधि में और उन कठिन परिस्थितियों में आपने १४ बार सम्पूर्ण जगत की परिक्रमा की, इतने समृद्ध साहित्य की धरोहर हमें दी एवं १०८ मंदिरों की स्थापना की। यह कार्य किसी साधारण जीव की तो कल्पना से बाहर की चीज है।

‘जलदूत’ में दो बार हृदयाघात से पीड़ित होने तथा शारीरिक रूप से अस्वस्थ होते हुए भी आपने अपने गुरु के आदेश का पालन करते हुए अपने दृढ़ संकल्प का परिचय दिया। इससे हमें यह प्रेरणा मिलती है कि आपके संदेश एवं आपके मिशन के प्रचार के लिए हमें कुछ भी कर गुजरने के लिए तैयार रहना चाहिए।

आज के इस पावन अवसर पर मेरी आपसे यही विनती है कि जन्म जन्मान्तर आप ही मेरे गुरु रहें एवं आपके अनुयायियों के संग का सुअवसर मिलता रहे।

आपकी तुच्छ सेविका,

હરે કૃષ્ણ જય શ્રીલ પ્રભુપાદ,

આદરણીય ગુરુજી આપનેમારા સાદર દંકૃત પ્રણામ. આપણી કૃપાથી હું આજે જીવનમાં થોડે ઘને અંશે કૃષ્ણપ્રેમ મેળવવામાં તથા આધ્યાત્મિક પ્રગતી કરવામાં મારો પ્રયત્ન કરી રહી છું. હું અનુભવ કરી શકું છું કે મારી આ પ્રગતી ખુબજ ધીમી ચાલી રહી છે.

આપના દર્શાવેલ સિદ્ધાંતો તથા નીતિ નિયમોનું પાલન કરવું એ એક શિષ્ય તરીકે મારી ફરજ છે પરંતુ હું દુર્ભાગ્યવશ તેનું પાલન પાલન કરી શક્તિ નથી અથવા કદાચ હું પોતે જ તેનું પાલન કરતી નથી. આપના સ્થાપિત કરેલ કૃષ્ણભાવનામૃત સંઘમાં જોડીને અનેક લોકો પોતાના જીવનનું લક્ષ્ય ભગવાદપ્રેમ પ્રાપ્ત કરવામાં સફળ નીવડ્યા છે. અને વિશ્વાસ છે કે આપણી કૃપા તથા સાનિધ્ય પ્રાપ્ત કરીને હું પણ તે પ્રાપ્ત કરીશ.

પ્રભુપાદજી સાથે આપના પ્રવચનોમાં તથા ભગવદગીતામાં ભગવાન કૃષ્ણે કહ્યું છે તે પ્રમાણે ભગવાનના નામનો પ્રચાર કરવા માટે હું થોડા મહિનાથી અન્ય લોકોને મળી તેમણી સાથે વાતચીત કરીને તેમને પણ આ કૃષ્ણભાવનામૃત સંઘમાં જોડાવવા માટે આમંત્રણ આપું છું. પરંતુ હું પોતે આ કામ કરવામાં હજી ખુબજ બિનઅનુભવી છું. મારા કહેવાથી નહિ પરંતુ જેમની ઉપર આપણી કૃપા હોય છે. તે તરતજ આવવા માટે તૈયાર થઈ જાય છે. ગુરુજી મારા પર આપણી કૃપા સદાય રાખજો જેથી કરીને હું મારા આગળના જીવનમાં હરિનામનો જપ તથા હરિનામનું સંકીર્તન સદા કરતી રહું.

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories to you on this auspicious day of your Vyasa puja. This is equally acceptable as an opening to your offering.

Most of our team members found kirtan through the teachings of A.C. Bhaktivedanta Swami, a spiritual master from India who travelled to America in 1965, at the age of 70, desiring to share the teachings of bhakti yoga with the Western world. Not knowing anyone and with hardly any possessions or money, he arrived in New York City, where he sat in a city park daily and sang kirtan. As crowds gathered by the day, he shared the message of bhakti – that each of us is an eternal spark of God. While we discriminate on the basis of class, race, gender and religion, beneath the temporary covering of the body, we are all equal. All material pleasure is temporary and can never bring lasting satisfaction. Awakening our relationship with God through service and love, anyone can find a deep happiness that will never diminish. He founded a movement called the International Society for Krishna Consciousness.

I'm trying to serve to Lord Chaitanya Mahaprabhu's sankirtan mission and your Krishna consciousness movement.

Your humble servant,
Purandar Nimai Dasa

Dear Srila Prabhupada...

Please accept my humble obeisances.

Once in a busy street of the famous city sitting on a footpath bench watching hundreds of people gushing out and in, hither and thither, madly for survival to your disciple, you said with tears springing out of compassion “ **How can we save them? Will you help me?**”

Since then and before that Your Divine Grace has been saving countless souls from going in cycles of endless suffering. You have been sent only to perform this confidential service unto Lord Krishna under His transcendental plan, which you revealed openly to a few of your disciples. Wherein you said, “I didn’t want to come to this material world, but when Krishna asked repeatedly, on the third request I said Yes. To write about the pure unalloyed devotional service unto the lotus feet of the Absolute Truth Sri Krishna. And O master yourself has been doing that even after the finishing the manifest lila.”

It's difficult to comprehend, assimilate or grasp to even for the devotees, most of whom read your books and are in your hundreds and thousands of temple that even now and in the future you are available for a sincere seeker who wishes to take up Krishna consciousness. And of course what to speak of others who will be tricked with your transcendental fraud. But then it's happening and very few, very very fortunate are able to understand and even fewer are able to follow it. As confirmed by Lord Krishna in the Gita.

Close to a decade of so-called service unto your mission, I am hoping, limping, falling, and at times even crawling. But you are holding unto me. Forgetting and forgiving with your fatherly dealings with your foolish disciple. How can you love so much? How can you tolerate so much of impudence, audacity and still be unconditionally merciful? Only you can Srila Prabhupada. How fortunate am I? How can you do that? It's no shock or surprise... That's what you are... Through your books, lectures, organisation, sincere disciples especially who are leaders of your movement the GBCs, Presidents... things have been going on as per your plans.

Thanking you for blessing us souls into the Ahmedabad yatra who will be instrumental in furthering your mission. Please bless as many as you wish for the journey of the yatra. Keep me a sharpened instrument for your able usage eternally.

Dear Srila Prabhupada

Please accept my humble obeisance unto your lotus feet.

According to The Nectar of Devotion, “A person who is unable to bear another’s distress is called compassionate.” Whereas generally people are too focused on their own interests to concern themselves with the distress of others, the devotee is focused on Krishna’s interests. Because Krishna desires that the conditioned souls be delivered, the devotee dedicates his life to fulfilling that desire. The devotee, therefore, is naturally compassionate.

Srila Prabhupada, seeing the position of the people in general Supreme Lord inspired you to kindly come and take back the suffering souls. You have humbly accepted His order. After coming here, when you went to the western countries on the order of your spiritual master to preach this gospel of Krishna consciousness to the English speaking people, you personally saw how these westerners were fully engrossed in the material pool of Maya not knowing the real goal of human life. Being compassionate over them, you decided to free them from Maya’s service and bring them to Krishna’s service.

Compassion is one of the quality of Spiritual master who sees the sufferings of the conditioned soul and wants to bring them out of their current state of misery. You have very nicely taught and depicted to us about this quality of compassion that on whom it has to be applied and under which condition.

As Lord, out of His great compassion towards His pure devotees, appears in person, to reclaim the conditioned souls, similarly the Lord's pure devotees, however, take compassion upon such unfortunate persons and, in a missionary spirit, try to persuade them into the line of devotional service. Only by the grace of pure devotees like you can such unfortunate men like us be elevated to the position of transcendental service.

One thing I have deeply realized is the importance of following your instructions which protects one from the clutches of miseries and all danger. Due to my anarthas, I am unable to follow the simple rules and regulations of spiritual life. There is natural tendency of the jiva to go away but Srila Prabhupada, if you so desire, please bless me to become more sincere and serious.

Srila Prabhupada, you have showered your special mercy on the devotees of Hare Krishna Movement Ahmedabad and we see every year there is new activities. Thousands of devotees are coming every week and they are taking the advantage of chanting the Hare Krishna Mantra.

Many times people come to the temple and when we meet them, they ask the same question that one devotee asked you.

Madhudvīṣa Prabhu asked you: We have been here for many lifetimes performing sinful activities. So is it possible to counteract all those sinful activities in one lifetime, or does it require many...?

Prabhupāda Answered: One minute. That is Kṛṣṇa consciousness movement. One minute. You are not reading Bhagavad-gītā? What Kṛṣṇa says? Sarva-dharmān parityajya mām ekam śaraṇam vraja, ahaṁ tvām sarva-pāpēbhyo mokṣayiṣyāmi: [Bg. 18.66] "You surrender unto Me. Give up your all business. I will give you relief from all sinful

reaction immediately." So it requires **one minute**. "My dear Kṛṣṇa, I was forgotten. Now I understand. I fully surrender unto you." Then you become immediately free from all sinful reactions.

Thank you Srila Prabhupada for keeping me under your care and shelter.

Your servant,

Rohini Nandan Das, HKM Ahmedabad.

Sachisuta Dasa

Dear Srila Prabhupada,

Thanks for giving me one more opportunity to glorify your wonderful lilas on this auspicious 122nd appearance day. There are no words to glorify you Prabhupada but by the mercy of Vaishnavas I can try little on this day.

First of all I thank you for keeping me under your shelter for these many years and providing me the energy to serve Sri Sri Radha Madhav with utmost capacity. Just by remembering your words and lilas you performed we get so much enthusiasm and spiritual energy flows within and service happens the way it has to happen.

It is said in the sastras that without sanction of the Lord not even a blade of grass moves in the same way without your causeless mercy we can't progress in spiritual life.

You have showered seed of devotional service in my heart even though I am unqualified to receive it but being in association of Vaishnavas and trying to follow the regulated principle I am serving the movement.

Sometimes I remember that before I came in touch with your movement I didn't know any basics of God or guru but after I came in touch with your movement and followed some principles then only I came to know the fortune of being situated on right path with right captain and moving towards right destination. In this material world so many bogus gurus & philosophies are propagated and people get confused whom to follow. But see the fortune of mine as stated in scriptures

brahmanḍa bhramite kona bhagyavan jiva, guru-kṛṣṇa-prasade paya bhakti-lata-bija

Out of many millions of wandering living entities, one who is very fortunate gets an opportunity to associate with a bona fide spiritual master by the grace of Krishna. By the mercy of both Krishna and the spiritual master, such a person receives the seed of the creeper of devotional service. (CC M 19.151)

Please shower your mercy on this soul so that I can remain forever under your shelter and serve Sri Sri Radha Madhav with full energy. Just being under the shelter of your movement we are immune to effects of kali. ISKCON movement is like a protective layer that whoever comes and takes its shelter is being protected from effects of kali like how Krishna lifted govardhan hill to protect vrindavanasis from Indra's rain. Similarly you have created this ISKCON movement which protects each and every jiva from getting contaminated by this kali.

Just by association with your movement I got to know a lot. As it is stated in Chaitanya charitamrita

'sadhu-sanga', 'sadhu-sanga'—sarva-sastre kaya

lava-matra sadhu-sange sarva-siddhi haya

The verdict of all revealed scriptures is that by even a moment's association with a pure devotee, one can attain all success.

Only by reading your books and hearing to the lectures I came to know that Human life is durlaba, and it should be used for realizing god and knowing relationship with him.

I pray on this most glorious day of your appearance that I remain ever fixed in your loving service, keeping a humble and submissive attitude, fully surrendering mind, body and words unto you. I beg to put my unworthy self under your divine protection as your eternal servitor.

Your Servant,

Sachisuta Dasa

Satyatma Krishna Dasa

My Dear Srila Prabhupada. Please accept my humble obeisance unto to the dust of your lotus feet. All glories to you on this auspicious day of your Vyasa-Puja. I feel overwhelmed as I think to write to you. Your Patience and Causeless mercy on me make me realize, you are so magnanimous!

A bona fide spiritual maser accepts charge of disciples, teaches them the Vedic knowledge with all its intricacies, and gives them their second birth. The ceremony performed to initiate a disciple into the study of spiritual science is called Diksha, or the function that brings one nearer to the spiritual master. A person born a shudra is not barred from such spiritual initiation, provided he is approved by the spiritual master, who is duly authorized to award a disciple the right to be a brahmana if he finds him perfectly qualified.

According to their karma, all living entities are wandering throughout the entire universe. Some of them are being elevated to the upper planetary systems, and some are going down into the lower planetary systems. Out of many millions of wandering living entities, one who is very fortunate gets an opportunity to associate with a bona fide spiritual master by the grace of Krishna. By the mercy of both Krishna and the spiritual master, such a person receives the seed of the creeper of devotional service.

Last one year has been so much eventful, that we are serving at your lotus feet. Thank you for granting a chance to each one in my family to serve in your mission. We are also able to attend more temple programs. I beg you to give me the remembrance, to be grateful for the mercy that you are showing. You have given us the simple formula for maintaining Vaikunta atmosphere even in this material world that is just by maintaining the regulative principles. But still I am so fallen that I am not getting enthused to bring in that kind of atmosphere into life, worrying so much about materialistic qualities and loop holes.

Finally I thank you once more for giving me chance to serve you in this life time, which is for sure, symptom of your causeless mercy and I beg to give me strength for continuing service to your divine grace.

Your fallen servant aspiring to be a pure disciple someday,

Satyatma Krishna Dasa

Sevananda Dasa

Respected,

His Divine Grace A .C. Bhaktivedanta Swami Srila Prabhupada,

Kindly accept my obeisance unto your lotus feet.

This is my humble submission to you. Once in a year we get opportunity to express in writing my spiritual experience to you. Srila Prabhupada, after taking initiation, under your shelter, I felt that the responsibility in spiritual life has increased. I have to submit my sincere thanks to your lotus feet for my initiation.

Still I have to improve myself more and more in spiritual activities. I gained good experience after attending Gita Life Course. Thanks to all temple devotees. Please, guide me how can I become a good preacher. I have to do good things to spread your mission but somewhere I am lacking. I need more strength to improve in that.

Let me put my effort to overcome all obstacles in Krishna consciousness with your mercy and blessings. Reading your books, understanding, memorizing, realizing and applying in life and preaching to others is more essential. This is my understanding.

Gita trainer course is giving confidence to develop in preaching Krishna consciousness. I have to train myself as a good disciple. I am trying to improve in kirtan. Still more practice is required. With your blessings I am having determination to develop preaching skills to spread your mission of Krishna consciousness, wherever I go, wherever I live, and whenever I get opportunity.

Srila Prabhupada, please guide me in the right direction. Please utilize my life span in Hare Krishna Movement. Thanks a lot. Kindly forgive my mistakes.

Obeisance unto your lotus feet. Hare Krishna.

Your Obedient Disciple,

Sevananda Dasa.

Shyam Charan Dasa

My beloved spiritual master Srila Prabhupada,

I am very grateful to be able to offer you this homage on the 122nd Vyasa Puja celebration of your divine appearance. I offer my prostrate obeisance unto your lotus feet on this glorious day and beg for enlightenment to understand and execute your instructions more sincerely.

From your divine teachings we are able to understand the position of an Acharya and his causeless mercy on the conditioned souls. Without the attentive care of his parents, a child cannot grow to manhood; similarly, without the care of the spiritual master one cannot rise to the plane of transcendental service. In the Vayu Purāṇa an acarya is defined as one who knows the import of all the Vedic literatures, abides by their rules and regulations, and teaches his disciples to act in the same way. Only out of His immense compassion does the Personality of Godhead reveal Himself as the spiritual master. Therefore in the dealings of an acarya there are no activities but those of transcendental loving service to the Lord. He is the Supreme Personality of Servitor Godhead. It is worthwhile to take shelter of such a steady devotee, who is called asraya-vigraha, or the manifestation or form of the Lord of whom one must take shelter. You mercifully taught us that a disciple should always respect the spiritual master as a manifestation of Sri Krishna, but at the same time one should always remember that a spiritual master is never authorized to imitate the transcendental pastimes of the Lord.

In Srimad Bhagavatam it is mentioned that a bona fide spiritual master or saintly person always desires to elevate a common man who comes to him. Because everyone is under the delusion of maya and is forgetful of his prime duty, Krishna consciousness, a saintly person always desires that everyone become a saintly person. It is the function of a saintly person to invoke Krishna consciousness in every forgetful common man. We have personally experienced the above mentioned symptoms in your divine instructions and the compassionate blessings on us. I am so fallen that in spite of having received your shelter I have been unable to execute all your orders faithfully. As you have mentioned in the pages of your purports that the instruction of the spiritual master and the faithful execution of the instruction by the disciple, makes the entire process perfect. I find myself most unsuitable to bring out this perfection in the process of Krishna consciousness. I want to beg your causeless mercy on this day of your divine appearance to make my only duty to fulfill your desire. You explained us that one who wants to be certain to achieve spiritual success must take the instruction from the spiritual master as to what his particular function is. He should

faithfully try to execute that particular instruction and should consider that his life and soul. The faithful execution of the instruction which he receives from the spiritual master is the only duty of a disciple, and that will bring him perfection. One should be very careful to receive the message from the spiritual master through the ears and execute it faithfully. That will make one's life successful. I don't see any other ray of hope for overcoming the freedom from the shackles of maya than the shelter of your soothing lotus feet.

Without these guiding principles, I fear how my life would have been conducted. We are glad to meditate on the transcendental Pastimes of the Absolute Godhead; we are proud to feel that we are His eternal servitors which make us jubilant and dance with joy. All Glory to my Divine Master for it is He Who has, out of His unceasing flow of mercy, stirred up within us such a movement of eternal existence. Let us bow down at His Lotus Feet. I don't know whether you would consider me fit to be your disciple but my earnest prayers at your lotus feet to let me realize my misdoings and become humble in executing your order for my purification.

Your eternal servitor,

Shyam Charan Dasa

Smita Krishna Dasa

All Glories to My Guru Maharaj

Om Vishnupada Paramahansa Parivrajakacarya Ashtottara-shata Sri Srimad A.C. Bhaktivedanta Swami Prabhupada.

Srila Prabhupada you have told us several times that your Guru Maharaja said that this world is not a fit place for gentleman.

"A person who is not in Krishna consciousness has no good qualifications. However so called gentleman or academically educated one may be, he is hovering over the mental plane and therefore, he must commit nuisance being influenced by the external energy. A person who has however unflinching faith in the Supreme Personality of Godhead has all the good qualifications of the demigods." In other words we should not keep our trust on so called gentlemen of the world, however nicely dressed they may be. In the matter of discharging our mission of Krishna consciousness we have to meet many so called gentlemen but we must be very cautious for dealing with them as we are cautious in dealing with serpents.

As preachers, we are experiencing this in our daily preaching services. Whatever Guru Maharaja said every word is true. With your guidance we are able to safeguard our spiritual life and not get attracted to the opulence of so called gentlemen life style and more over we are able to see how they are victimized by Maya's attack.

I am an unworthy preacher to preach others in Krishna consciousness. But you have authorized me to do that preaching so that I can realize the realistic falseness of this material world and recognize the real spiritual world of Krishna which will give us the relief from all the life time miseries. Srila Prabhupada, you used to say "If you abide by the orders of Krishna, He can give you anything that you may need. Be cheerful and chant Hare Krishna without any lamentation." Even though I am smallest of the smallest preachers, your full mercy is evident in my services like preaching outside people and in liberating Lakshmi ji for Krishna conscious activities. Otherwise I am no standing to render service to Krishna. I am hopeless as per material qualifications but Guru Maharaja you helped me in every helpless condition and are sustaining me in spiritual life.

Once, while devotees were taking delicious Prasadam together in ashram. One of the devotees was appreciating Lord Krishna's mercy that we are able to take this variety of opulent prasadam. But our small realization from heart is that because of pure mercy of our Guru Maharaja Srila Prabhupada we are able to get this causeless mercy of Krishna in the form of delicious prasadam. Otherwise Krishna is there in all the temples but not all the devotees are blessed like us. Because Srila Prabhupada you're the pure devotee and prefect representative of Lord Krishna, Lord

is providing all facility for your disciples. We may not be able to realize about the Lord but we are able to recognize your transcendental intervention to make us somehow eligible to render service to Lord Krishna and purify ourselves in this life itself, which will lead us to think about the back to Godhead.

Yours trying to be a faithful son and disciple, Smita Krishna Dasa.

Srivilasini Devi Dasi

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet. All glories unto you who is most dear to Krishna!

On this most auspicious occasion of Vyasa Puja, I firstly pray unto you that I may be able to appropriately exalt your divine grace, even though your glories are ‘unfathomable and inexhaustible’ and never ‘possible and satiable’ for a disciple to describe.

When I joined this mission in Iskcon Bangalore, I was awed by the grandeur of the temple and its spotless management. I wondered about the driving principle behind so much of ardour and dedication that prevailed amongst the devotees. Somewhere in the corner of my heart, I desired to be a part of a small center to see it, and contribute at least in an insignificant way, while it grows into a magnificent devotional abode like Iskcon Bangalore. By your wish, on the order of authorities, we came to Ahmedabad in the year 2012 to be a part of an upcoming temple in this city. There were just a handful of full-time devotees then and our temple was in a small bungalow with Gaura-Nitai deities on a simple altar. Six years have rolled by, and today, in 2018, there are three times the number of full-time devotees and we have a palatial temple, housing Their beautiful Lordships Sri Sri Radha Madhav.

There are lakhs of people living in this city. Among these lakhs, thousands of people visit our temple every month and are blessed by the graceful glance of Sri Sri Radha Madhav. They receive the first seed to get connected to a pure devotee – books authored by your divine grace. Among these thousands, hundreds of fortunate seeking souls get transformed just by the potency of your words which are simple but straightforward in establishing the sublime absolute truth. They have adopted the lifestyle given by you and are experiencing satisfaction and bliss every single day. Among these hundreds, dozens of surrendered souls have firmly understood the importance of accepting the shelter of a pure devotee and following his order as one’s life and soul. They have ardently taken diksha from your divine grace and have dedicated their prana, artha, dhiya or vacha, one or many, in serving your mission.

As time rolls by, the number of these surrendered souls will increase exponentially and there is no doubt thereof! For the next ten thousand years which is the golden period of Kali yuga, your divine grace shall be the spiritual master of the Hare Krishna community and in every city there shall be “pockets of Vaikuntha” in temples of HKM.

I understand, that, it is by your causeless mercy we are connected to Iskcon Bangalore group of temples. For leaders of this ‘ritvik group’, words of your divine grace are ‘sum and substance, life and soul’. Their undeviating faith in your words inspires thousands of followers every day and we are realizing the dangers of unnecessary deviations from your instructions.

Hence, I pray unto you that I may keep this truth engraved in my heart for this and all lives to come, “For a disciple, to continue practicing and progress in spiritual life, all that is required is unflinching faith in the words of the spiritual master and unconditional surrender unto his lotus feet.” This is that driving principle.

Thank you Srila Prabhupada, for showering your incessant blessings on this undeserving soul. May I never forget to glorify and be grateful to you, not just on this day, but every single day of my life. In the role of a mother, I pray that I may get intelligence to inspire the little one in her journey to become your sincere servant.

Your unworthy servant, Srivilasini Devi Dasi

Suhrit Krishna Dasa

My dear Srila Prabhupada

All glories to my beloved savior and savior of the whole world. Please accept my humble and respectful obeisances unto your lotus feet.

Dear Srila Prabhupada, how fortunate a person I am to get you as my spiritual master. Such a merciful, compassionate, bona fide spiritual master, who is very dear to Srila Bhakti Siddhanta Saraswati Goswami Maharaja. Srila Prabhupada I don't know how to serve you. I am dull in all respects; neither am I an expert in philosophy nor in sadhana. It is your only causeless mercy that you are still keeping me in your movement, which is very pure, your disciples are very pure, your movement is very pure, lifestyle is very pure, behavior is very pure, service to you and Their Lordships is supremely pure.

By your mercy only now we are studying Bhagavad-gita very systematically. Now I am realizing the depth and authenticity of your literature; it has an ocean of philosophy, an ocean of instruction, and an ocean of deep meaning. Earlier I used to read Bhagavad-gita but it was not an easy subject matter to understand for an insignificant person like me who is cultureless, having uncontrolled senses, low born etc. But, now I am so gladdened to receive such a valuable jewel that you have given to us. It is so sublime, pure, faultless, cheating less, confusion less, defectless etc. One who seriously reads it will very soon become a devotee, regardless of whoever he may be. Now I am seeing your movement is increasing like anything, your disciples are increasing like anything, your glories increasing like anything. So this is the proof that Lord Chaitanya's prediction is becoming true. So on this most auspicious day of your appearance, my only request is please give me the strength to know and assimilate the most sublime knowledge of this Gaudiya Philosophy and propagate it everywhere.

Under your shelter, in your movement days are going like anything. Their Lordships Sri Sri Radha Madhav and Sri Sri Nitai Gauranga and Sri Lakshmi Narasimha Deva are very merciful, despite the unlimited offenses committing at Their lotus feet. This is all because of your mercy only that I am still in this most sublime movement. Please give me the strength to follow whatever you command.

Your most insignificant servant Suhrit Krishna Dasa.

My humble offering to Om vishnu-pada paramahansa parivrajakacharya astottara sata sri srimad His Divine Grace Jagat Guru A. C. Bhaktivedanta Swami Prabhupada

The Lord's devotees can save even those whom the Lord Himself rejects. This is their unique character. Therefore the devotees of the Lord arrange various means to save the fallen, reprobate souls from perdition. In fact, they live among these spiritual derelicts to encourage them toward spiritual perfection, using any means at hand, even tricks. So be merciful unto me. Give me the shade of your lotus feet. Hare Krishna.

Virupaksha Dasa

Dear Srila Prabhupada,

I offer my humble obeisances unto your lotus feet.

The glory of your appearance in this material world cannot be fully understood by any living being of this universe. The depth of your mission, the intensity of your compassion, the magnanimity of your heart, can be fully known only by the paramhansa devotees of the highest order. By your mercy we can only attempt to understand your glory in bits and pieces.

Srila Prabhupada, it is clearly evident from your actions and teachings that you had appeared on this planet for no other purpose than delivering the highest benediction to the lowest of the humans. And this is what we generally preach that Your Divine Grace has come to this material world to take us back to Krishna. But to get into the intricacies of your mood and mission is not possible for us. Taking responsibility of millions of surrendered souls, having a unique personal relationship with them and paving their way back to Godhead is something that only an empowered representative of the Supreme Lord can do.

In one letter to a disciple you had written, “I thank all of you very much for accepting me as your spiritual master, and I promise that I will take you back to home, back to Godhead. I ask you all to promise me to always chant at least 16 rounds, follow the regulative principles, read our books and try to preach this Krishna Consciousness Movement all over the world.” This statement is a clear evidence that you are an empowered representative of Lord Krishna, holding the resilient authority to take your disciples back to Godhead. Otherwise who can make such a courageous promise? Your promise is the test of a bona fide spiritual master. It is a bold and loud challenge for anyone claiming to be a guru that being a Guru is not a frivolous play of sentiments or making feel-good material arrangements for the disciple. Being a guru means to take the responsibility of a disciple’s eternal residence in Krishna-loka, and nothing short of it. Just by carefully studying this statement of yours, any sane person can easily conclude about the position, power and glory of a bona fide spiritual master. All his illusions and doubts will be busted in an instant. Your Divine Grace, who is a pure devotee and firmly absorbed in Krishna, never need to worry about anything or anybody in this material world. So, there has to be no anxiety for you whether someone accepts your shelter or not. You will always be intimately dear to Krishna and Krishna will be intimately dear to you. Still your expression of thanking us, the fallen souls of this material world for accepting you as spiritual master shows how intensely you yearn for our liberation from this material mire and wish to situate us back in Krishna’s eternal and blissful shelter. This shows your anxiety for and steadfastness in executing Krishna’s mission for which He has sent you to this material world. This establishes that you have no other goal, save and except pleasing Krishna by delivering all of us to Him.

Srila Prabhupada, it is the greatest of great fortunes to be picked up by Your Divine Grace as a candidate for going back to Godhead – to a life of eternal bliss and knowledge. It is even a greater fortune to serve you in your mission and be under the personal care of Lord Chaitanya Mahaprabhu. This benediction, even the greatest of the demigods are deprived of. Just by being in connection with you, we get recognized by Lord Chaitanya, and by serving your mission, we become His pet. Those enamored by material opulence cannot imagine about even a fragment of this glorious fortune. And when we dwindle in our consciousness, even we become hazy in recognizing it.

Please bless me that I never forget the spiritual benedictions given by you and honor them well by following your instructions. Please bless me that I diligently serve your mission under the guidance of your representatives, who have reposed so much of faith in me for contributing to your mission. But due to my frailty, I am unable to keep up their faith. Please bless me that I become a real servant of your servants and emerge as a trustworthy dasa.

Your unworthy servant

Dear Srila Prabhupada,

Please accept my humble obeisances.

You came to this world with only one purpose, which is to take conditioned souls back to Godhead. And you are fulfilling that purpose through your organization. Most wonderful thing is, through your organization, you are engaging all the modern forms of Maya like social media, mobile phones, internet etc. in fulfilling that divine purpose. Your compassion and causeless mercy is rescuing more and more soul's every day.

I feel greatly fortunate to complete three years as a part of your body, i.e. your organization. I don't know how to offer my gratitude to your lotus feet for making me recipient of your causeless mercy. In past one year, there have been few ups and downs in my consciousness. But I have survived them all only because of your protection and guidance at every step through various means like your books, morning sadhana program, Vaishnavas, and services.

I have no qualification to serve your mission nor is there a great need for me in your mission. But it is your causeless mercy only by which, you have accepted me in your mission and fulfilled my need to be part of your mission. I beg to continue bestowing me with services in your mission. Most of the time I am in forgetfulness of the fortune you have bestowed upon me by making me an instrument in your service to Krishna. So I pray to your lotus feet to kick me every now and then for reminding me of this great fortune. My dear master please don't let, even the thought of going away an inch from your lotus feet come to my mind.

Your fallen servant, Vrajesh Tanaya Dasa.

Dear Prabhupada,

My respectful obeisances unto your lotus feet.

It's not very long since I came in contact with FOLK - 'FRIENDS OF LORD KRISHNA', Pune. It was altogether a different, exciting and learning experience. I feel fortunate enough for getting the 'Perfect Knowledge' and the "Absolute Truth" of Self Realization and the knowledge of going back to godhead under your guidance.

By coming in contact with Krishna Consciousness Movement or popularly known as the 'Hare Krishna Movement' I learnt a lot of things -

Chanting of the Holy name, the rasa in doing Hari Naam Sankirtana and there are still so many souls in material world which are in utmost need of this real Knowledge present in your books. If once they read your books, their way of thinking will change for the better.

I remember when I was in my teens, I had the desire to read "Bhagavad Gita As It Is" as my grandmother used to read in front of me which I couldn't understand, so I tried reading myself, but was unsuccessful in each attempt, such a fool I was. It was only when I came in Folk I got to read Srimad Bhagavatam and learnt that it should be read only under the guidance of a bonafide Guru - that is you. Without you it wouldn't have been possible .

Early Morning Mangala Aartis, SB Lectures followed by Nice Krishna Prasadam gives us a perfect start to our day in Folk Pune. Memories of trips like Mayapur Dham & Hare Krishna Mandir, Ahmedabad always leaves me mesmerized and makes me realize the real potencies of holy Dham.

Krishna and his devotees' pastimes which we hear always leaves me fascinated. The Book Distribution and Pass Distribution always made us touch new souls in material world and as we guided them by following your instructions, they also became fortunate. I feel fortunate that I had the chance of serving Krishna by being a part of

the 'Hare Krishna Movement', and ISKCON which was set up by you. Living in folk under your shelter I learnt a lot of things.

I was able to develop love for Krishna, the desire to serve and even learnt how to manage so many things in less time. Prabhupada without you, it won't have been possible. I thank you for your causeless devotion to Krishna that today is helping fallen souls like me to advance in Krishna Consciousness. Prabhupada, please continue showering your blessings and be merciful unto me forever and forgive me for any mistakes I may have committed in serving You and the Lord in this birth and the future births to come.

Your fallen servant, Bhakta Abhishek Bansal.

Dear Srila Prabhupada,

Please accept my humble obeisances at the dust of your lotus feet. All glories to you.

I should be offering at every moment, words in glorification of your transcendental activities, which have no limits. In millions of lifetimes I cannot thank you for what you have done to me. My life has become meaningful in connection with you. Krishna consciousness is your gift to the world. Thank you for that eternal gift. You are my worshipable Deity. You are Commander-in-chief of Krishna & you fought for him by spreading Krishna consciousness till last breath. Srila Bhaktivinod Thakur said that a personality will appear & spread love of Krishna throughout world. That personality is you. You made even the lowest of human beings into a devotee.

I have strong desire to surrender to you but I am always compromised by Maya. I am one of the condition souls whom you have picked up but still I am far away from Krishna. But I have nothing to fear because I have you. I am now a dog with a master. So I beg you to kick me & do whatever is required to make me Krishna conscious because my attempts are useless. However nonsense rascal I am, please don't let me go. Also I pray to Krishna that I do activities that will please you and make you happy.

All glories to you. Jaya Srila Prabhupada Abhishek Jani - Vadodara

हरे कृष्ण,

यह बताते हुए मुझे खुशी हो रही है कि, मैं श्रील प्रभुपाद का शिष्य हूँ। इस भौतिक जगत में चारों ओर अँधेरा फैला हुआ है, और हर कोई अपने आप को गुरु समझने लगा है। किन्तु मंदिर से जुड़ने के बाद मुझे एक प्रामाणिक गुरु मिला। और मुझे अपनी गुरु की कृपा से जीवन का लक्ष्य, भगवद धाम, वापस जाना है, यह पता चला।

मेरे गुरु और श्रीश्री राधा-माधव की कृपा से हमारे घर श्रीश्री नितार्ई-गौर आये और साथ ही घर में आध्यात्मिक वातावरण लाये। मंदिर से जुड़ने के बाद भौतिक चीज़ों से रुचि कम होकर आध्यात्मिक प्रवृत्तियों में रुचि बढ़ने लगी है।

आज मेरे गुरु की कृपा से मुझे यह ज्ञात हुआ कि मैं मनुष्य नहीं आत्मा हूँ। मेरी धर्म भगवान की सेवा करना और अपने सही घर वापस जाना है। वरना मैं यही प्राणी की तरह जीवन व्यतीत करता और जन्मजन्मांतर के चक्र में फँसा रहता।

मैं सच्चे दिल से अपने गुरु को धन्यवाद करता हूँ कि मुझे उनका आश्रय मिला और उन्होंने मुझे बचा लिया।

Some of them are being elevated to the upper planetary systems, and some are going down into the lower planetary systems. Out of many millions of wandering living entities, one who is very fortunate gets an opportunity to associate with a bona fide spiritual master by the grace of Krishna. By the mercy of both Krishna and the spiritual master, such a person receives the seed of the creeper of devotional service.”

By your special mercy upon me, I have completely dedicated my life in your service.

It has been a wonderful journey in the association of Vaishnavas after joining as a full time missionary in your organization.

To my eternal glorious spiritual master,

My obeisances unto you Srila Prabhupada, whose life is an example, who is a pure devotee, a true representative of God, deliverer of fallen soul, who is the parampara personified, who is manifestation of param karuna, who is causeless mercy personified, who is always busy in fulfilling desire of his spiritual master, who has not diverted an inch from the instruction of his spiritual master, who is potent enough to deliver the whole world, who has converted mlechhas and yavanas into brahmanas, who has saved fallen souls from the blazing fire of this material world, who never takes credit and always give credit to his guru and Gauranga, who is thoroughly honest, who has been chosen by Lord Chaitanya Mahaprabhu to propagate the holy name in western countries, whose character are sung by the Vedic scriptures, whose darshan is enough to wash one's all sins which are accumulated birth after birth.

Who wouldn't want to serve a personality like His Divine Grace A.C. Bhaktivedanta Swami Srila Prabhupada?

My dear Prabhupada, I feel your causeless mercy, whenever I touch my shaved head and shikha it is like a dream come true for me. My ears are satisfied when some devotee calls me with bhakta Aman name. Those stairs of ashram are not less than, stairs of Vaikuntha for me. I have waited 4 years for the day when I will enter ashram with shaved head, and those 4 years were like 40 years for me. Senior vaishnavas are personally taking care of my sadhana and I am feeling like a shelter of your lotus feet. I do not want anything, I just want to serve you life after life, life after life as your full time initiated disciple in ISKCON. Marobi rakhobi kukura tumhara, now my everything will work to serve you so that I can fulfill your desire and your orders.

I pray to lord Chaitanya to bless me so that I can fulfill your desire of preaching. I pray to H.D.G Bhaktivinoda Thakur Maharaja to bless me to always be determined in serving my dear Srila Prabhupada. I pray to H.D.G. Gaura Kishor Das Babaji Maharaja to bless me so that I can be detached to all bodily comforts and can focus on serving my dear Prabhupada. I pray to H.D.G. Bhaktisiddhanta Saraswati Maharaja to bless me with a preaching mood to fulfill your desire.

My dear Prabhupada, I am incapable please give me strength to follow your instructions which are coming through my temple authority. Please bless me I may not fall down, I may not fall down, I may not fall down.

Dear Srila Prabhupada,

Please accept my humble obeisance. I am feeling myself so fortunate to be selected by you to serve lord Krishna. I have come in contact to folk thorough college visit to Sri Sri Radha Madhav temple, Bhadaj. First I had joined folk just for certificates and prasadam but after attending sessions I realized real meaning to 'Why I am here?' I am so thankful to you Prabhupada for removing me from "maya", and directing me on the right path for permanent happiness. And that permanent happiness is in Lord Krishna's feet only. I would humbly request you to keep me always under your feet. Thank you so much Srila Prabhupada

Dear Srila Prabhupada

Please accept my humble and respectful obeisance unto your lotus feet. It's been three years, since you started showering your mercy on this useless and sinful soul. Prabhupada, I never ever will be able to repay you. Even if I surrender to you this life, still it will not be equal to even a tinge of your mercy what you have showered on me. Prabhupada, thank you so much for allowing me to do your service even though I'm such a sinful person. Prabhupada, you are our eternal well-wisher and father. You care for your children, you care for them equally. Even when one child is most sinful and useless still you love everyone equally. I have done those things which I should not do, still you are not throwing me from your shelter. Truly you only fulfil the actual definition of father.

“In every birth one can get father and mother, but to get the spiritual master and Krishna, that is not possible in every birth. That is only possible in this human form”

It is mentioned in one of your purports that Lord is more merciful to the living beings than they can accept. But I would say, that you are more merciful than any person can even accept. You have done so much for me, you are allowing me to serve you and Krishna. Please Prabhupada allow me to serve you 24 hours a day.

Our Spiritual Master is the ocean of mercy, friend and master of the devotees. O master! Be merciful unto me, give me the shade of your lotus feet. May your glories be proclaimed through the three worlds.

Aspiring to be most humble servant of your servants.

Dear Srila Prabhupada,

Humble prayers to our beloved spiritual master HDG Srila Prabhupada,

I still remember the day when I met with your student which lead me to the thought that how much intelligent his guru would be when student is carrying such a humble, meek and nice behavior towards us. I don't know what fortune brought me to you but I am sure that the same fortune has changed my life up and down. We require a teacher in every field to grow, and so we need in spiritual matters and I think nobody can ever excel you in this regard in the whole universe. You have created revolution in this field as before till now people are only interested in sense gratification. You uplifted the spiritual discussion and matter in such a way that one will see at once even if jiva is not interested. You gave us the exact knowledge to us by following which we can actually love and see god which is not possible by any other method.

I am very thankful to the way you loved, pampered and took care of your disciple as father takes care of his own son. You taught us how to live for others, giving us this divine knowledge through which we can gain the most precious jewel i.e. love of godhead in this whole cosmic manifestation. You gave us strength, courage, determination, hope, and what not at every stage of our life. Today on this very auspicious day of your appearance day I promise to you that I'll follow your instructions up till my last breath and share this knowledge to everyone I meet during this journey. I think this is the best possible way I can serve you.

Your Servant ,
Bhakta Anant Pandey.

प्रिय प्रभुपाद,

आपणांस कोटी कोटी प्रणाम,

मी खुप आभारी आहे, की आपल्या कृपेनं मला कृष्णा भक्तीची संधी मिळाली. आपल्याच कृपेने मला जगण्याचे उद्दिष्ट समजले, प्रथम माझे उद्दिष्ट पैसे कमवणे, मौज मजा करणे हेच होते. पण मला जाणिव झाली, खरा आनंद हा कृष्णसेवेतच आहे.

हळूहळू मी कृष्णाचे नामस्मरण करू लागलो आणि हरे कृष्णा महामंत्रचा जप करू लागलो. कृष्ण भावनेत आल्याने मला सर्वोच्च अशा ग्रंथाचे म्हणजेच भगवद्गीतेचे सरळ सोप्या भाषेत ज्ञान मिळत आहे. मी आपण लिहलेली पुस्तकेवाचली ती वाचून मला कृष्णा बद्दल माहिती मिळाली, कृष्णा लीला माहित झाल्या, आपल्या सेवेत आल्यापासून मी खुप प्रसन्न आणि आनंदी आहे. खरंच मी खुप आपला आभारी आहे. अशीच आपली कृपा माझ्या समवेत असावी, हि नम्रविनंती...

आपला शिष्य, अनिकेत जगताप.

Elixir of my life Dear Gurudeva & the spiritual master of entire world,

A. C. Bhaktivedanta Swami Srila Prabhupada,

On this very auspicious and gladsome day, I would like to thank you for all the mercy you have bestowed upon me. You are so merciful, gracious, lenient and you are so beneficent dear Prabhupada. As a spiritual master you have always guided me in all the situations. I am very fortunate that I got you as a spiritual master in this life and through your supernal guidance, association of your beneficent devotees, transcendental books I am being able to take up the ubiquitous holy name of Lord Krishna in my life. I feel so fortunate and thankful that your divine grace has accepted a fool like me as your son which I take very seriously. I am so fortunate to have your divine grace as my spiritual father. Your divine grace is so loving, gentle, keen and humble that any child could ask for it.

I am yours completely. I surrender myself more and more to your lotus feet as the days go by. In this world your divine grace is the most important in my life. I cannot imagine life without your mercy. Before I was drowned within Maya and covered by her veil, a misidentified lost soul roaming aimlessly around. Whenever I chant the holy name of Krishna through you at that time my heart beats fast and that supernal smile on your face fulfils me with the bliss, beatitude.

I pray to you Gurudeva today to bless this lowly servant, so that I may become humble and chant attentively and serve with the correct attitude always remembering my position as a servant. Every time I want to serve you through my entire life. I do not want anything Gurudeva instead of eternally serving to your lotus feet. Please grant me this desire and accept my imperfect service, I feel very much inspired by your humbleness, by your spiritual knowledge as your divine grace always wants that the honour and opulence to be offered to your spiritual master. I can only try to follow in your divine footstep. So please grant me to do the same as very sincerely.

“śrī-guru-carāṇe rati, ei se uttama-gati”

I think that really the heaven of my life is to serve your lotus feet eternally.

“divya jṣān hṛde prokāśito”

In this world you and only you will reveal in my heart the transcendental knowledge and the Krishna-Prema. So I as a servant I pay my obeisances unto you the supernal representative of Lord Krishna Himself.

Your aspiring fallen servant,

Bhakta Aniket K P.

Dear Jagat Guru Srila Prabhupada,

Please accept my most humble obeisance at your lotus feet, and kindly forgive my offenses.

Thank you for giving me Maha-mantra, this is the most fortunate benediction that anyone can receive in his lifetime. Dear Prabhupada for me happiness is when I remember or serve Krishna and rest all are sad moments. All this is happening only because of you. How perfectly you guided me as my Spiritual Master. For us, our existence in Krishna consciousness is dependent solely on our being firmly situated at your lotus feet. You are the pure devotee of the Lord who cared to engage such unqualified persons as us in Krishna's service. Our spiritual life rests firmly in your hands and under your shelter. There is no concept other than this for your dedicated followers. Srila Prabhupada, you have the right and unfailing medicine for all the ills of the world. It is a medicine that can pass all tests. Your books can convince any sensible person in the world. The holy name—Hare Krishna—faithfully chanted can give a complete benefit. Such chanting is preventive and curative as well. It is most easy yet most effective as well. It is very natural and practical.

Please let me always pray to you to give me the strength to chant and hear Hare Krishna Maha-mantra with full attention and following all the instructions you have given. I beg for the benediction to be eternally engaged in your mission. I am always happy to follow your orders, knowing that by doing so, Krishna will be pleased, hence there is nothing better for me to do. If you forever keep me as your humble instrument, I will never have anything else to ask for. Of course, words like these are easy to state yet difficult to fulfill. If I could pray in that way from within my heart and be unhesitatingly ready to do anything and everything to serve you under all circumstances, then I might qualify to be your humble instrument

Please be merciful unto this most unqualified servant of yours so that he can serve you and all the Vaisnavas. Your mercy is my only hope, my only power, my only shelter.

*krishna se tomara, krishna dite paro, tomara shakati ache
ami to' kangala, 'krishna' 'krishna' boli', dhai tava pache pache*

Krishna is yours. You have the power to give Him to me. I am simply your servant running behind you shouting, "Krishna! Krishna!"

Please forgive my constant offenses and bless me that I may serve you completely.

Your unworthy aspiring servant,

Dear Srila Prabhupada,

All glories to you and your preaching movement.

I just wanted to say , whatever I have learnt from you and your devotees, will always help me in my life.

I don't know if I will go back to godhead or not, but I will always try to follow whatever I have learnt from you , irrespective of where ever I am. There have been difficulties after I came out of folk, my mind does not focus much on chanting and spiritual things and obviously coming so far to USA has made a difference. But still I try to follow you somehow or other. I try to Visit ISKCON whenever there is a possibility. Recently I came in touch with HKM temple in New Jersey. I try to go there and render service on Sundays. I hope you keep on blessing me with this kind of environment ,so that fools like me can at least remember Krishna.

Thank you for bringing the knowledge to my life and guiding me towards the right direction. I will be always indebted to you.

Yours Insignificant Servant,

Bhakta Anirudh Mehta

Dear most respected Spiritual Master His Divine Grace A.C. Bhaktivedanta Swami Srila Prabhupada

With your grace anybody can become fortunate. I have also become fortunate today, as, with your kind blessings, I hereby got the wonderful opportunity to present my offerings to you, who are my beloved Master.

After writing all the religious books for the mankind, Srila Vyasadeva thought about the less intelligent people of Kali-yuga and presented the nectar "Srimad-Bhagavatam". In the same way, coming in the disciplic succession of Vyasadeva, your divine grace has presented the greatest gift for humankind - Srimad Bhagavad-gita As it is, showing compassion on the fallen souls of this age who are living a low life of madness.

In this material world, one needs to first understand who is the Supreme Personality of Godhead "SRI KRISHNA" and then follow his instructions through Bhagavad-gita to receive the blessings of the Lord. As instructed by Lord Chaitanya 550 years ago, mission of Your Divine Grace is spreading the nama-sankirtan, "Hare Krishna Hare Krishna Krishna Krishna Hare Hare Hare Rama Hare Rama Rama Rama Hare Hare" which is the one and only one way to get the love of Lord Sri Krishna.

O Master, I cannot glorify you without your kindness and I strongly believe you will forgive me.

Your obedient servant

Bhakta Anmol Sahay Saxena.

Bhakta Anubhav

Dear Srila Prabhupada,

The Patita Pavana

I offer my humble and respectful obeisances unto your divine lotus feet. All glories to Sri Guru and Gauranga.

You are the true representation of the title: Patita Pavana, as you have delivered many fallen conditioned souls including me the most fallen. Thank you for such causeless mercy, as you have fulfilled my one desire which I wrote you in the last Vyasa Puja, i.e. to make me a soldier in your Divine Army. But still you have to make me stronger.

By your mercy, I was able enough to write my offerings unto you. Please let the attitude of servitude flow in me incessantly like the waves in the river flow and like Lord Sri Krishna plays His unlimited pastimes.

*sri-guru-carane rati, ei se uttama-gati
ha ha prabhu koro doya, deho more pada-chaya*

This is my only desire as a loving faithful servant of Your Divine Grace. I am waiting for the movement when:

*diksha-kale bhakta kare atma-samarpana
sei-kale krishna tare kare atma-sama*

"At the time of initiation, when a devotee fully surrenders to the service of the Lord, Krishna accepts him to be as good as He Himself." CC- (Antya 4.192)

Actually, as you are speaking through the Nectar of Instruction book of Srila Rupa Goswami please till last breathe of my life and in my next birth also keep facilitating and guiding me by your divine instructions.

One of your favourite prayers I just thought to convey. Prabhupada the only shelter and our father please talk to me and make me able so that I can talk to you and Their Lordships Sri Sri Radha Madhav and Sri Sri Nitai Gauranga.

*krishna tvadiya-pada-pankaja-panjarantam adyaiva me vishatu manasa-raja-hamsah
prana-prayana-samaye kapha-vata-pittaih kanthavarodhana-vidhau smaranam kutas te*

"My Lord Krishna, I pray that the swan of my mind may immediately sink down to the stems of the lotus feet of Your Lordship and be locked in their network; otherwise at the time of my final breath, when my throat is choked up with cough, how will it be possible to think of You?" (MM 33)

*kathayantas ca mam nityam
tushyanti ca ramanti ca*

When will I feel great satisfaction and bliss when I converse with my god brothers about Krishna. I am waiting for that day I will become eligible for taking diksha officially from you.

*divyam jnanam yato dadyat kuryat papasya sankshayam
tasmad diksheti sa prokta desikais tattva-kovidaih*

"By *diksha* one gradually becomes disinterested in material enjoyment and gradually becomes interested in spiritual life." Thank You for everything Srila Prabhupada,

Your insignificant mercy begging servant,
Bhakta Anubhav

Dear Srila Prabhupada,

Please accept my respectful obeisances at your lotus feet. All glories to Your Divine Grace.

I am here in the Krishna consciousness since last one and half year. I have seen a drastic change in myself both in material and spiritual journey. I have experienced that the taste of spiritual journey is everlasting, especially when I assemble in sankirtana and dancing in front of lord.

Lord Narsimha-deva tells to Prahlad Maharaj that, "In your family a Vaishnava has appeared; so your forefathers upto fourteen generation will be liberated." A putra (son) is responsible for the liberation their forefathers, if he does not work for the same, then he is similar to mutra. Dear Prabhupada, by your mercy everyone has got a big responsibility to liberate their forefathers, and you gave the very easy process for the same.

Considering this great responsibility I will always work in this direction, to become a sincere Vaishnava.

Thank you Prabhupada

Dear Srila Prabhupada,

I pay my obeisances to my teacher who has opened my eyes from the darkness of Ignorance and spread the light of knowledge.

*om ajnana-timirandhasya jnananjana-shalakaya
chaksur unmilitam yena tasmai sri gurave namah.*

This shloka befits my relation with my spiritual teacher Srila Prabhupada. After coming in contact with the Hare Krishna Movement my life has been transformed in ways that I could not have imagined before. All this is due to nothing else but the grace and blessings of my guru Srila Prabhupada.

I was exposed to many spiritual organizations since my childhood, but somehow could never connect with them. I used to visit Hare Krishna Mandir Bhadaj and once I was asked to attend the 'Spiritual Retreat' lectures which are a series of four lectures conducted on different subjects like the importance of Bhagvad-gita on four consecutive Sundays.

The way the devotees explained the subjects with proper explanations got me interested and I signed for the 'Gita Life Course - GLC', a 6 month course explaining the prominent teachings of the Bhagvad-gita. That was the turning point. By Prabhupada's mercy, I was being exposed to nothing else but the words spoken by the Lord Himself, pure and without any modification.

We were taught to chant the Hare Krishna Mantra at home every day and the chanting led to the teachings of the Gita becoming clearer and its mysteries being demystified. The words of the Lord became louder and clearer, as if he was right there in front of me speaking those enlightening instructions. That is a feeling that cannot be described in words, and has to be experienced.

What sets apart Srila Prabhupada from other spiritual teachers is that he mercifully helps his disciples to connect with God directly - without pretending to be God himself. His teachings in his numerous books leave no doubt in mind that loving and serving the Supreme Lord is the only way to get everlasting joy and peace.

I bow down to my teacher and express my heartfelt gratitude for transforming my life. "Hare Krishna"

All glories to Srila Prabhupada

Dear Srila Prabhupada,

Please accept my humble and respectful obeisances. All glories to your Divine Grace!!!

I remember one of my first meetings when I came into contact with a devotee at temple. By that time I came in contact with you and Krishna. After that my whole ignorant and dwarf mission of life got changed. Later on I joined FOLK Residency and started practicing Krishna Consciousness with my little haphazard efforts with the help of your causeless mercy and mercy of all the devotees. I had many difficulties and faults in my behaviour and life. But by the very sound quality of this movement and devotees' compassion, now I am able to cope up with that.

When I was a small boy, I used to think I should have such a nice surroundings, people with great good qualities around me, etc. I was surprised that all those small wishes are just inherent qualities of Vaishnava devotees. After all these things I could not find myself with any substantial change. Then a devotee asked me to read the book of yours "The Second Chance". I read that book and it regained myself in Krishna Consciousness Movement. It struck me like never before. After that I started book distribution at my best level & couldn't control the joy of that. All because of you and Lord Chaitanya Mahaprabhu's Mercy.

I am very grateful that Krishna gave many chances to me to become a Krishna conscious person, and I ended up with a confident and humble boy. Then I got KRSNA book. It is very joyous and makes me understand the relation between us and Lord Sri KRSNA. It is one of my most cherished gift by you. It is always available for me as a touchstone of pure knowledge to give me peace in times of distress. Because of you Srila Prabhupada, I know what is right and what is wrong, what is good and what is bad, and more importantly, what the process of self-realization

is in this age. I may struggle with living up to the high standard of the truth you have given, but I know it is, in fact, the absolute truth, and that the need of change is within me and not with what you have given.

Thank you for your books Srila Prabhupada. They have given me life. They have given me hope. They have given me a purpose. They are truly the gems of literature. Nothing else comes close. I want to feel the below expressions in tinge of love to Krishna.

nayanam galad-aśru-dhārayā, vadanam gadgada-ruddhayā girā

pulakair nicitam vapuh kadā, tava nāma-grahane bhavisyati

"Oh my Lord, when will my eyes be decorated with tears of love flowing constantly when I chant your holy name? When will my voice choke up, and the hairs on my body stand on end as I chant your holy names?"

On this moment of such a wonderful opportunity, I am reminding of the truly great gift you have given to the world. I am always in your debt, and in return will always try to help others to become Krishna conscious.

Your humble & obedient servant, Bhakta Arpit

Hare Krishna

Please accept my humble obeisance. All glories to Srila Prabhupada.

I remember just a year back I was practically nothing, I wasn't even chanting Hare Krishna Maha-mantra even after having been known the devotees and the philosophy of Krishna consciousness since a year.

Still when I was lost among this animalistic human civilization being and living like an animal myself, that time You had Your causeless mercy upon me by which I got these transcendental opportunities to come and stay in temple. Ever since then I am trying to seriously follow the principals and the methods to be Krishna conscious, this could not happen if I would have not got an opportunity to come and stay in temple, being in association with devotees, chanting 16 rounds, honoring only Krishna prasadam and most importantly performing devotional service on to Your lotus under the guidance of devotees, this is all amazes me how a person like me who was an atheist to do all these spiritual activities. This could only happen because of You, Your teachings have to the potency to make anyone and everyone in this world Krishna consciousness, my life would have been completely unworthy of living if i had not taken this opportunity.

I am begging to You to always keep me engaged in service of Your lotus feet.

Aspiring to be Your servant,

Dear Srila Prabhupada,

Please accept my humble obeisances unto your lotus feet. All glories unto You.

I consider myself luckiest person in the universe because I got guidance of a spiritual master like you. I completed almost one year in Krishna consciousness movement. Before coming in contact with this movement, I was completely aimless. i. e. I didn't know the real purpose of this human life. I even don't know who am I? Where am I? There were many questions in my mind. I was thinking that no one has answers for all these questions, I was completely lost in this world. And one of the important aspects is that at that time, I didn't have a bit of love towards God within my heart. As soon as I came in contact with this movement, slowly I am able to get all the answers to my questions. You are the only person because of whom I came to know about real aim of life. You showed me solutions to my problems as well as the path back to Godhead. You saved me from this hellish condition. All these words are not enough to explain my gratitude towards you. You transformed me from an animal to a devotee of Krishna. You awakened love for Krishna within my heart. Most important part of my life is that, I got the opportunity to serve the Supreme Personality of Godhead through this movement. You are the source of my inspiration and solution to all my problems. You have done a lot for me.

So I beg you to kindly forgive my offences and engage me in the service of your mission and continue to bless me like this so that I can overcome all the obstacles which may come in my spiritual path.

Jai Srila Prabhupada!

Your Servant,

Bhakta Avadhoot Majgaonkar

Thank you Srila Prabhupada for continuing to keep me engaged in your mission and for always inspiring and guiding me with the support from missionary devotees.

On this occasion I beg for your divine blessings to grow up in spiritual life and be a part of your mission eternally and thus become your true servant.

Trying to be your sincere servant, Bhagyavan Shetty.

After coming to contact with Srila Prabhupada's Hare Krishna Movement and devotees at Hare Krishna Temple, Bhadaj there were lot of changes in my life.

I have started to offer prayer daily to Sri Radha Madhav as a routine. This gives me peace of mind. In studies my focus and concentration has improved significantly. In turn my power of subject understanding has increased. My

view and my belief towards goal pertaining to my career have got a great positive boost. In turn I am performing better day after day by the Divine Grace of Srila Prabhupada and Sri Radha Madhav.

I am not consuming onion, garlic, tea and coffee after coming in contact with the Hare Krishna Movement. I am keeping fast every month on the occasion of Ekadshi. I am performing prayer, Aarti and offering all food preparations to Sri Radha Madhav prior to consuming it. I am enjoying Harinam sankirtan.

During last Dipawali we visited Vrindavan, on the occasion of Govardhan Puja we did parikrama of Govardhan parvat by walk without any problem. This was due to the grace of Srila Prabhupada and Sri Radha Madhav.

I am thankful to Srila Prabhupada for having such a wonderful arrangement in terms of Hare Krishna Movement, Hare Krishna temples and the qualified devotees which helped me to understand purpose of life, goal of life and the preaching helped me to set my goal. My confidence boosted up as well helped me to understand Karma has to be executed as per the defined path.

I shall be ever obliged to Srila Prabhupada for having such a wonderful arrangement which helped me to determine my career goal. I am moving towards achieving the goal with strong belief in Sri Radha Madhav's support as well karma that is by studying.

"I was born in the darkness of ignorance, and my spiritual master opened my eyes with the torchlight of knowledge. I offer my respectful obeisances unto him."

mukam karoti vacalam pangum langhayate girim, yat-krpa tam aham vande sri-gurum dina-taranam

"I offer my respectful obeisance unto my spiritual master, the deliverer of the fallen souls. His mercy turns the dumb into eloquent speakers and enables the lame to cross mountains."

Dear Srila Prabhupada,

Please accept my humble obeisance to you. This is my 1st homage offering unto your lotus feet on the auspicious occasion of 122nd appearance day.

brahmaṇḍa bhramite kona bhagyavan jiva, guru-kṛṣṇa-prasade paya bhakti-lata-bija

"In the course of traversing the universal creation of Brahma, some fortunate soul may receive the seed of bhakti-lata, the creeper of devotional service. This is all by the grace of guru and Krishna."

As you mentioned chewing the chewed. I was in completely engaged in the material activities. You bestowed me with chanting of the holy name even when I'm not qualified also. That cures everything. Because of your blessings only, chanting 16 rounds and following regulative principles are possible, otherwise I will not be possible. It is by your causeless mercy that I am able to read Bhagavad Gita As It Is otherwise it was not possible to open the Gita itself because I was under the modes of nature.

The willingness to serve you gives everything needed to do any service, otherwise it not possible to serve. False ego, sense gratification, material desires won't allow us to render service. But one who follows your organizational structure, can easily overcome these diseases.

sri-guru-charane rati, ei se uttama-gati,

Attachment to his lotus feet is the perfection till the last breath. Please kindly bless me to follow your instructions i.e. morning sadhana, regulative principles and rendering service with care and attention.

I thank you Srila Prabhupada for being so merciful upon me.

पूज्य आदरणीय गुरुदेव श्रील प्रभुपादजी,

गीता लाइफ कोर्स में आने से पहले मुझे भगवद-गीता के बारे में इतना गहन ज्ञान नहीं था। जैसे-जैसे क्लास होते गए, मुझे इस ज्ञान के बारे में सही-सही पता चलता गया। तथा इस ज्ञान में दृढ़ हो गया कि योग, ज्ञान, ध्यान और भक्ति में भक्ति ही सब है और सरल एवं सत्य है कि वह हमें मोक्ष दिला सकती है। यह जितनी सरल है उतनी ही प्रभावशाली तथा सत्य भी। और इसमें हरे कृष्ण का जप ही सब-कुछ है।

श्रीमद भगवद-गीता के एक-एक अध्याय के बारे में गहन ज्ञान प्राप्त हुआ है। इसलिए मैं आपके प्रति आभारी हूँ और अपनी भक्ति भावना को प्रकट करता हूँ।

Bhakta Bhavesh Patat

Dear Spiritual Father, Srila Prabhupada

Please accept my humble obeisances. All glories to your divine grace.

Srila Prabhupada, from the day I have come in touch with you, the viewpoint of my life, the purpose of my life has completely changed. Every year gives a certain kind of realization, a reality & a clearer view towards this world, when I see it through the binocular of Krishna conscious philosophy. Today I have a meaningful purpose to live my life. I have some little knowledge about myself, Krishna & my relationship with him. Today I'm living my life on a kind of platform that I could have never imagined in my life. And when I turn back and see the drastic changes which have transformed my life, only one face comes to my mind; it's you Srila Prabhupada. If you would not have entered in my life, definitely I would have also become the one among the loitering living beings in the universe.

Srila Prabhupada, You have given us a very simple & sublime process of chanting Hare Krishna Maha-mantra which is the only way in this age of Kali to go back to Krishna. I remember in one of your lectures you had mentioned, "Krishna is very kind, whatever you want he will give you. Up to mukti, mukti means to merge into the existence of brahman. Krishna will give you very easily, but he is very strict to give you bhakti. Because to the bhaktas, Krishna although the supreme, He becomes within the grip of bhaktas. For bhaktas, he becomes the controlled by the bhakta."

Whenever I recall these words of yours Prabhupada, I just wonder while thinking that "today I can serve Krishna through various services like Temple cleaning, through playing Mridanga, through preaching, through serving Vaishanva devotees even though I don't deserve. How a fallen condition soul who knows nothing about Krishna can serve Krishna in so many ways? And this shows how merciful you are!!! Like Lord Chaitanya Mahaprabhu, irrespective of cast, color, creed, nation & qualification you are giving Krishna to everyone.

As mentioned in Chaitanya Charitamrita,

brahmaṇḍa bhramite kona bhagyavan jiva, guru-krishna-prasade paya bhakti-lata-bija

"According to their karma, all living entities are wandering throughout the entire universe. Some of them are being elevated to the upper planetary systems, and some are going down into the lower planetary systems. Out of many

millions of wandering living entities, one who is very fortunate gets an opportunity to associate with a bona fide spiritual master by the grace of Krishna. By the mercy of both Krishna and the spiritual master, such a person receives the seed of the creeper of devotional service.

Srila Prabhupada, although I'm a very minute person in the movement of Lord Chaitanya, please bless me so that I can render a service to you, Sri Sri Radha Madhav & all Vaishnava devotees.

I beg to remain the servant of your servants.

Dear Srila Prabhupada,

Kindly accept my obeisance's at your lotus feet. Since a year I am in touch with Hare Krishna Movement and Proactive Leaders' Club, but I am actively participating in it for a last month only. Whenever I visit Hare Krishna Temple with my family, I feel great peace and calm with positive vibes. In PLC, I got to learn many new things in every session what Bhagavad Gita teaches for every phase of life and even after it. Like, how to tackle one's mind in hard times. Though I have learnt a lot, I am still learning. I find the sessions of the club very interactive and helpful. It has helped me a lot in many ways. Especially during my exams it helped me to stay enthusiastic and motivated. Therefore, I submit this letter to you.

परमपूज्य स्वामी प्रभुपादजी,

मैं आपको सादर नमस्कार करता हूँ। आपने मुझे अपने चरण-कमलों में शरण दी और हरे कृष्ण मन्दिर से जोड़ा।

मुझे इस संस्था से जुड़े हुए 3 से 4 वर्ष हो गए हैं। एक अजीब सा आकर्षण है और मैं इस संस्था से अनवरत जुड़ा चला जा रहा हूँ। एक क्षत्रिय-कुल में जन्म होने के कारण शास्त्रों का बहुत ज्ञान नहीं था। केवल भगवान को मानता रहा था। उनको जानने के बाद इतना रस मिलेगा, इसकी जानकारी नहीं थी।

मेरी यह यात्रा भगवद-गीता खरीदने से शुरू हुयी है। दिसंबर माह में लगभग 12 वर्षों से 20 भगवद-गीता पुस्तकें खरीद कर लोगों (भक्तों) में वितरित करता रहा हूँ। यह आपका ही आशीर्वाद है कि आपने इस्कोन सेटेलाइट मंदिर के बाद मेरे घर के पास ही हरे कृष्ण मंदिर की स्थापना की। तथा किसी न किसी प्रभुजी के माध्यम से समय-समय पर आपने मुझे निर्देशन दिया।

पहले प्रति-रविवार परिवार के साथ बाहर खाने-पीने जाते थे परन्तु आज प्रभु के आशीर्वाद से हम प्रत्येक रविवार मंदिर आते हैं और अत्यधिक आनन्द का अनुभव होता है। आज प्रभु के आशीर्वाद से मैंने गीता लाइफ कोर्स ज्वाइन किया और मंदिर के प्रभुजी के साथ जगन्नाथ-पुरी धाम की यात्रा पर गया जो कि बहुत ही अविस्मरणीय रहेगा और जीवन को एक नया मार्गदर्शन मिला।

आपके द्वारा संचालित गीता लाइफ कोर्स के माध्यम से आपने मेरी आँखें खोल दीं। मैं आपका बहुत ही आभारी हूँ।

પરમ પૂજ્ય શ્રીલ પ્રભુપાદ જી,

તમારી શરણ ગ્રહણ કર્યા પછી, મને સમજાયું કે હું કોણ છું અને મારું શું કર્તવ્ય છે આ જીવનમાં તમે જગત ના બધા જીવોને કૃષ્ણભાવનામૃત માં જોડવા માટે જે પણ અથાગ પ્રયત્નો કર્યા અને બધા જીવો ને કૃષ્ણભાવનામૃત માં જોડ્યા એ માટે બધા જીવો અને હું પોતે તમારો કૃતજ્ઞ છું અને તમને સાદર પ્રણામ કરું છું.

પૂજ્ય શ્રી ગુરુજી, તમે શ્રીમદ્ભગવત ગીતાજી ને યથારૂપ પ્રસ્તુત કરીને જગતના બધા જીવોને કૃષ્ણ ભાવનામૃત થવા તથા કૃષ્ણભક્તિ માટે આધાર પૂરો પડ્યો છે. અને જગતના બધા જીવો માટે ભક્તિ પરંપરા ની નવીન શક્તિ પ્રદાન કરી છે. શ્રી ગુરુજી તમારી શરણ લીધા પછી મને સમજાયું છે કે જીવન માં કૃષ્ણભાવનામૃત થવું કેટલું મહત્વનું છે.

Srila Prabhupada, in this material world if there is something which can take me back to Godhead, then it is only your causeless mercy on me and your instructions. This is my first year in Krishna Consciousness. When first time I heard about your mission into Western countries I just wondered that how one 70 year old person can do such great job. It can be only done by mercy of Krishna, upon his pure devotee like you. I feel glad and thanks to Krishna for giving me such a great spiritual master.

The greatest thing about you is your books and Bhagavatam lectures. Your book does not contain any ordinary content. It is great compilation of words of the Lord. Your books and lectures have the ability that can lift up the soul like me from the mud of material consciousness, and make me ready for going back to Godhead. When I just think about my life before being your disciple, I just laugh upon myself and think that how mad I was. You are the only ray of light in this darkness. You are that only hope which can get me out from this dark well of miseries.

I hope that I can make this birth, my last birth by your mercy & mercy of Lord Krishna. I will try my best to obey your instructions and spread your mission to materially conscious souls.

Jay gurudev!

Respected Srila Prabhupada,

Please accept my humble regards on this auspicious occasion of Vyas Puja. I would take this opportunity to glorify You for the life changing experience in Your Ashraya.

This journey of Krishna consciousness is transforming me to a humble & better human. Association with You & Your devotees has changed mine & my family's life positively in last 2 years. Life has become peaceful & I have become a patient person to deal with struggles in this world. Chanting gives me the self-confidence & takes me closer to Lord Krishna & You.

I have couple of significant experiences to share explaining the changes in my life.

Before this association I was praying every day in front of Deities requesting for self-material gains & now I pray for keep me engaged in good & right karma & devotional services to Lord Krishna.

Before this association temple visit was under fear & now temple visit is a joy of life every week.

I look forward for Your continuous blessing to move ahead on this spiritual path & achieve the elevation in Krishna consciousness.

Dear Srila Prabhupada,

Please accept my warmest and humble regards.

Having a human body and mind, I could have made mistake of going towards materialistic things in life and engaging myself in mundane activities. I am very fortunate to be under your guidance and steer clear of such things. In this mean world every step seems like a trap. But you being a savior have always inspired and guided me to steer clear of those traps in life.

Thank you for opening my eyes and showing me the right path.

Dear Srila Prabhupada,

Please accept my humble obeisance at your lotus feet. Through your great mission I realized my life's true goal. It has been journey of just 1 month after I got connected and realized most of things but in this one month I realized myself. I realized so many secrets of life. Without your mercy I would have never realized about this material world wherein mostly people keep wasting their time. Now I can ask questions like who am I? Why am I here? How I came here?

Whenever I have been touched with Krishna conscious life I was having many doubts about life that why we are existing in this world? And many more questions. By your great association I got my all answers and today by your mercy I found real happiness to serving lord Krishna, listening to kirtans and the best thing is seeing beautiful deities, smelling flowers offered to Krishna and how to become a friend of lord Krishna. All these things were taught by you only. And all time I feel happiness within myself. I realized that the material things like money, fame, power, different relations are just wasting of this costly human life. It is mercy of lord Krishna to me that I have been getting more and more association with devotees. And I will do my best trying to forward this great mission.

Once upon a time in my life, I didn't knew about the reality & truth of my life. I was just acting like a materially conscious person. I was falling in the darkest of ignorance and you Srila Prabhupada, my spiritual master have opened my eyes with the torch of the knowledge. I have received this mercy & I will be trying to give this mercy to more and more people. And I wish that I will read more and more books and get more association and do service to my best capability and keep chanting all the time.

When I was 12 years old, some question suddenly struck in my mind that why we are born? Why someone has created us? What is our goal? What is our life? Our life is just to take birth, eat, sleep, earn money, do a marriage, achieving goal, desire, study.... Is that it? Just enjoying things? Love? Relationships? And then death? Only these things? But what is after all this??? Why we are doing this things? .this all questions confused me all times. But now I understood this all questions simply by your association.

Kindly keep this wretched soul always engaged in your mission. Never kick me out of your soothing shelter.

Aspiring to be servant of your servants,

Dear Srila Pradhupada,

Please accept my humble obeisance's at Your and Shri Krishna's lotus feet. One year has passed since I joined the proactive leaders group at my college. Till now I heard Your pastimes and your services, such as how was Your life before becoming a saint and after that, Your spiritual master giving You instruction and all other pastimes. How You went to America and taught the world about our Lord Krishna and Bhagavad Gita. I have read a book of Yours and I liked it. I don't want to write the name because You already know that as You were watching over me. I had visited the temple at Bhadaj many times. I had enjoyed my time there and I learned about You more.

Thanks a lot for choosing me as one of Krishna's servant.

आदरणीय परम-पूज्य श्रील स्वामी प्रभुपादजी,

इस जीवन में आपकी संस्था से जुड़ने का जो मौका मिला है, वह मेरे भक्ति (कृष्ण-भक्ति) जीवन का नवीन जन्म है। मैं आपके द्वारा दिए गए ज्ञान और भक्ति के लिए बताये गए अति उपयोगी एवं सरल व्यावहारिक तरीकों से अत्यंत प्रभावित हूँ।

मैं जीवन में अब तक भगवान के श्रीराम स्वरूप को अपना आराध्य मानता रहा हूँ। रामायण (तुलसीदास कृत श्रीरामचरितमानस) में श्रद्धा रखता हूँ।

श्रीमद भगवद-गीता समझना कठिन लगता रहा था। अनेक प्रयासों के पश्चात अब जबसे मैं आपके द्वारा स्थापित संस्था के सम्बन्ध में आया हूँ तब से मेरी रुचि श्रीमद भगवद-गीता में बढ़ी है। और हरिनाम संकीर्तन के महत्त्व का जितना मुझे ज्ञान था उससे भी ज्यादा पारदर्शिता और गहनता से समझ में आ रहा है।

भक्ति एक निरन्तर प्रक्रिया है और आपके संयोग में आकर भक्तिमार्ग में स्वयं को तथा अपने परिवार को और सुदृढ़ और नियमित होकर अपना उत्थान करूँ, बस इतना ही उद्देश्य और इच्छा है।

सविनय धन्यवाद।

आपका परम आभारी

Dear Srila Prabhupada,

Please accept my humble obeisance's at Your lotus feet. Prabhupada even though I am unqualified to describe Your transcendental glories, I am sure that just like a father accepts the broken language of his child, You will accept these humble offering of Your unqualified servant.

By Your mercy I have got an opportunity to offer myself for the glorious mission of Chaitanya Mahaprabhu.

You are the one who gave me the taste of chanting the holy name, and then the light of knowledge blossomed in my heart. Kindly give me the taste for sravanam & kirtanam. You are the only inspiration & You are the only driving force by which I am following Your instruction as far as possible. You are the living instruction for all of us. I am confident that You will take us back home, back to godhead there is no doubt about it. Hence I am always willing to be under the shelter of Your lotus feet since that is the ultimate goal of bhakti yoga.

Enough janmas have been wasted, this life will be utilized only by surrendering to His Divine Grace & follow the instruction sincerely & achieve perfection & go back home back to Godhead.

All glories to You and Lord Gauranga

હરે કૃષ્ણ,

ઇસ્કોન સંસ્થાનો પરિચય ઘણા સમયથી છે.હું લાઈફમેમ્બર પણ છું. પરંતુ સ્મિતા કૃષ્ણ દાસજી જોડે મુલાકાત થયા બાદ એમના માર્ગદર્શનથી હરે કૃષ્ણ મહામંત્રની માળા કરવાનું ચાલુ કર્યું. એક માળામાંથી દિવસની ચાર માળા થઇ પછી શ્રદ્ધાવાન કાર્યક્રમમાં ગુરુ શ્રી શ્રીવ પ્રભુપાદજીની સમક્ષ નિયમ લીધો અને એ પ્રમાણે આચરણ કરવાનું નક્કી કર્યું. ગુરુજીની કૃપાથી મને એવું લાગ્યું કે મારો ધમંડ ઓછો થયો છે. અમુક પ્રકારના ડર-બીક પણ ઓછા થયા છે અને બધા જ કાર્યો શ્રી કૃષ્ણને સમર્પિત છે તેવી ભાવના જાગૃત થઇ છે. એટલું તો અવશ્ય કહીશ કે મારે મારું જીવન કેવી રીતે જીવવું તેનો ચોક્કસ માર્ગ અને દિશા પ્રાપ્ત થઇ છે. સ્મિતા કૃષ્ણ દાસજીનો આભાર.

ગુરુજી શ્રી શ્રીવ પ્રભુપાદજીને પ્રણામ,

શ્રી હરી શ્રી કૃષ્ણને પ્રણામ.

Respected Prabhupada,

Each year I would write my experience and my improvement in Krishna Consciousness to you and have tried to improve the same more.

I am surrounded by types of people who do not know who the Supreme Personality of God is, or some of them do not want to know also. I am living in between mundane human beings who are well educated in modern science but are illiterate in the perfect and the true knowledge. I am trying to help them understand the bhakti of Krishna. I don't succeed more in all attempts but yes, I have started to learn and stay calm against their wrong activities and responses.

I believe that I am following the basic principles in Krishna Consciousness which is why I am still not distracted or depressed in this type of situation, and I will make sure that I will improve in Krishna Bhakti, and will make others understand the same too. For this, I request you to be with me in all such situations, so that I can be in Krishna consciousness all the time, to learn, to be firm, to improve, to be patient and moreover, to not get distracted by some other mundane theories.

Thank you so much for being with me and my family guiding us through your teachings and books till today. Please be with us in the coming future too, so that we do more Krishna Bhakti and try to help others in the same.

Yours Sincerely, Bhakta Gokulkumar Selvakumar

Dear Beloved Srila Prabhupada,

Please accept my humble obeisances unto your lotus feet.

Om ajnana-timirandhasya jnananjan- salakaya Caksur unmilitam yena tasmai sri-gurave namah

I have started my spiritual journey from 2014 by your mercy. In this journey I left you many time because of my bad karma and lower intelligence, even my chanting reduced to zero but you are so merciful that you picked me up again and again.

Because of you I can maintain my both material and spiritual life. Right now I am chanting 8 rounds, doing morning program of 1 hour and visiting Iskcon center weakly. This is my position, I am most fallen, unworthy and foolish. You are patita-pavana, the savior of all fallen souls. Please shower your mercy by engaging me in your divine service.

I beg you to keep me forever in your service.

Your unworthy aspiring servant,

Dear Srila Prabhupada,

I offer my humble obeisance at your lotus feet.

Thank you very much for your guidance at every step of my journey in Krishna consciousness. By your grace I am able to chant and do some service in the temple. You always guided me through your quotes or books, whenever I

deviated from my path due to heavy work load. Thanks to you and all the devotees who are always with me in every situation and providing guidance to progress in spiritual life.

By your mercy, I have taken the Sevaka Ashraya, and by your guidance and grace only I am able to adhere to it. Please give me the strength and knowledge to always follow small and simple steps given by you to remember Krishna and render devotional service.

I wish by your causeless mercy I can reach up to 16 rounds of chanting and follow all the principles to get the highest goal of life. Thank you Prabhupada for all your efforts in my life in the journey of spiritual path. All glories to Sri Guru and Gauranga.

Dear Guruji,

Srila A. C. Bhaktivedanta Swami Prabhupadaji Pranam.

Today, I am going to write few words about experiences I had after joining the Hare Krishna Movement.

Before some time, I was in search of right track for my spiritual progress, because there are many temples, many methods and many suggestions too, to achieve God and then blessings. Also I heard about many ways by which we can achieve the goals in this material world through spiritual ways, by watching some television shows, by some stories, by some spoken words, etc.

But, when I visited the place, Hare Krishna Temple, where all the devotees are staying as family, actually a big family in today's life, I felt the power of spiritual environment. After joining the Hare Krishna Movement, I feel some good changes in my life too.

The thing I like most is, all Prabhujis from the temple guides us in proper way, actually in proper direction. They talk with people, understand them and try to solve the thing by spiritual way. They are like my friends, actually family now... I am at the place, where I can feel happy and proud, It's the place of our Guruji, Srila A. C. Bhaktivedanta Swami Prabhupadaji's dream/wish, it is Hare Krishna Movement. The ultimate expression of mercy is to freely afford everyone with the opportunity to develop pure love of Godhead.

In the Bhagavad-gita, Lord Krishna states that He is the friend of all living beings. As the Lord's intimate associate, Srila Prabhupada also displayed this mood of friendship to all by dint of his constant engagement in spiritual welfare activities for their benefit.

Dear guruji, I thank You for Your Divine Grace.

Pranam.

Your Servant, Bhaktha Hardik Joshi

Bhakta Harsh Bansal

All glories to Srila Prabhupada.

All glories to you on this auspicious day of your vyasapuja.

Srila Prabhupada has changed my life because of him, I came to know what is real education, how to escape from the cycle of birth and death, why Krishna is Supreme & the meaning of chanting (Hare Krishna Hare Krishna Krishna Krishna Hare Hare, Hare Ram Hare Ram Ram Ram Hare Hare) because of his mercy we came to know how important service to Krishna is and we are able to render service to Lord.

Your humble servant, Bhakta Harsh Bansal.

પરમ પૂજ્ય શ્રીવ ગુરુદેવ પ્રભુપાદ ને મારા કોટી કોટી દંડવત પ્રણામ,

શ્રીવ ગુરુ પ્રભુપાદજી ની અસીમ કૃપા થી મારું જીવન પરિવર્તન થઇ ગયેલ છે. પ્રભુપાદજી ના આશીર્વાદ થી મારું જીવન સરળ સુખમય નિર્મળ થઇ ગયું છે. ગુરુજી ની કૃપાથી દરેક જીવ માત્ર માટે દયા ભાવ તથા પરમાત્મા દર્શન કરું છું. ત્યારથી જીવનમાં ગુરુજી ની કૃપા થી પરમાત્માની ઓળખ તથા તેમને પામવાની જીજ્ઞાસા થઇ છે. હું ભગવાનનો સનાતન કાળ થી દાસ છું. તેથી મારે ભગવાન માટે દરેક કર્મ કરવું જોઈએ. તેનું ભાન થયેલ છે. આવી ઘણી બધી ગુરુજી ની મારા પર કૃપા થયેલ છે તેથી હું જગત ગુરુ શ્રીવ પ્રભુપાદ નો ખુબ ખુબ આભારી છું તથા તેમને હું વંદન કરું છું.

“કૃષ્ણ ભાવનામૃત” બનવાથી મને ખુબજ શાંતિનો અનુભવ થયો છે. માટે આધ્યાત્મિક જગત તરફ ઉન્નતી કરવા માટે “શ્રીવ પ્રભુપાદ જેવા ગુરુ ના આશ્રય માં જવાથી તેમજ “શ્રી ચૈતન્ય મહાપ્રભુ” એ બતાવેલ “હરે કૃષ્ણ” મહામંત્રના જપ કરવાથી આધ્યાત્મિક માર્ગ તરફ જવાનો રસ્તો સહેલો બને છે. ગુરુ ની કૃપા વગર ગોવિંદ મલવા ખુબજ મુશ્કેલ છે. ગુરુ શ્રીવ પ્રભુપાદ અને ભગવાન કૃષ્ણ વિશે જેટલું લખીએ તેટલું ઓછું છે.

ભૂલયૂક થઇ હોય તો માફ કરશો...

Dear,

Srila A.C. Bhaktivedanta Swami Prabhupada

Please accept my most humble obeisance's.

After I got connected with Hare Krishna movement, I learned so many things just by reading different quotes mentioned by You.

Suppose, when we would ask You, "Srila Prabhupada, what should we do if there is a huge earthquake and California sinks in the sea?"

You would reply, "CHANT HARE KRISHNA! There is no other way, no other way, no other way!" In short You teach us that if God wants to protect someone no one can kill him and if God wants to kill someone no one protects him. You taught us that we all are a victim of Maya's dance; because whatever we have is just material life and that material life will not help us to live peacefully. Lust, greed, lies, etc and many more are the sinful activities. When somebody chants "Hare Krishna mantra", it helps us to regain four legs of dharma that is

- 1] Mercy
- 2] Self-control / Austerity
- 3] Truthfulness
- 4] Cleanliness.

Srila Prabhupada, for myself, I do not know how to live in this material world but still I cling to Your feet with all my heart. It is only through Your words, Your books and the sincere devotees who follow You that I learn to have Your deep and gentle yet all-powerful compassion

I pray that I may remember Your instruction, so that I can come back to pursue Your mission; Birth after birth and start afresh.

Your most insignificant servant,

Bhakta HARSH RAVAL

Dear Srila Prabhupada,

Let me offer my humble obeisances unto your lotus feet.

First of all I beg forgiveness for all the offences that I have committed. I was born in a so called Brahmana family but by your grace I came to know what is a real Brahmana is. Only by your causeless I have reached here in folk & therefore I can conclude that Lord has some higher plans. But before coming to folk, I didn't know about Krishna consciousness. I was not even knowing anything about ISKCON.

I am very thankful to you that you are taking me out of the hell and are giving me such a great life. Only by your grace, so many people got benefited by Hare Krishna Maha mantra. You are the father of all of us.

I have so many feelings that I can't describe it you in words. I am very thankful to you that you have given me such a great life.

Your servant,

Bhakta Harshit Sharma.

Bhakta Hemanand Behera

Dear Srila Prabhupada,

I offer my respectful obeisances unto your lotus feet.

I want to thank you for this Krishna Conscious life, because of your causeless mercy I am living happily. You have shown me the perfect path through your books, devotee associations and prasadam. Not only to me, to the whole world, you have given a wonderful gift, a home in which the whole world can live. But I want to share with you something today:

I am feeling very guilty because I know that I tried but I didn't followed your instructions properly and on top of that I always tried to find faults in this transcendental message of Lord and sometimes I became a burden on my authorities too, but inspite of all this you are showering you mercy upon me like anything. Please forgive me, if you so desire.

I don't know about Krishna but, O the most merciful one I know you are watching me each and every day. My mind is very flickering and dangerous for me. You know everything about me from the time I joined FOLK. Please Prabhupada, remove all my doubts, confusions, etc. from my mind.

I want to serve you up to my last breath and with my full capacity. But I don't know why this pinch of material desire is not allowing me to do so. You are best potter who can give me the best shape but this EGO, lust and laziness is drying my clay (or mud) every time. Because of this dryness there are so many cracks in my pot of Krishna conscious life. All devotees advised me to continuously pray to you and to the Lord, but I feel so helpless because I don't know how to pray also.

Yes I am holding your Dhoti tightly but every day I fear of Maya snatching me away from you and Krishna.

Please, please, please save me Prabhupada.

Yours fallen servant,

Bhakta Hemanand Behera.

Dear Srila Prabhupada,

First of all I would like to pay humble obesances to your lotus feet.

Thank you prabhupada for your causeless mercy upon me. Just because of you, I came in Pune and got in touch with FOLK. I have never heard place called FOLK. I got perfect place which I want in my life. I got the maha mantra "HARE KRISHNA". For Kali yuga, one can achieve great things in life if he learns how to use this maha mantra by the teachings of Prabhupad ji.

My prayer and my only wish is to grant me the privilege to chant the holy names of the Lord and have the darshan of Lord. Give me the association of your devotees forever and please engage me in devotional service. Please bless me so that I can bring people in touch with Krishna. Earlier I use to go for a trip once in a year but after coming to folk, I am going 3-4 trips per year. I have attended many trips in south like Mayapur, Tirupati, and Bangalore. It is only your grace that in spite of so many reversals, I am still under your shelter trying to serve your instructions.

Please empower me so that I can remain strong & be fixed in Krishna consciousness.

Your Servant,

Bhakta Himanshu Sahare

Srila Prabhupada ki Jaya!

Now I am expressing my great feeling with You that when I got connected with Srila Prabhupada's Hare Krishna Movement, it was different from my lifestyle. But I realized that the people of this Movement are different from the others. They are not addicted to gambling, tobacco, non-veg, wine, etc. Those who are addicted have also overcome such vices. That's the grace of Srila Prabhupada. I am fortunate that I also received this grace. I also started chanting Hare Krishna Maha-mantra daily. I got a clear vision of spirituality.

આ મંદિરમાં મારા સબંધી દર્શનાર્થે લાવેલા આ ભવ્ય મંદિર જોઈ અહીંનું વાતાવરણ જોયું ભગવાનના દર્શન કર્યા. મનને ખુબજ શાંતિ,આનંદનો અનુભવ થયો, એક ફોકબોય સાથે ચર્ચા કરી તો અહીંના વિશે વધારે જાણકારી મેળવી.આમ કરતા દર રવિવારે મુલાકાત લીધી શ્રી પ્રતાપ રુદ્ર પ્રભુ સાથે મુલાકાત થઈ વિશેષ જાણકારી આપી. કઈ રીતે કૃષ્ણભક્તિ થઈ શકે કેવા નિયમો છે. તેની જાણકારી આપી આમ કરતા આ સંસ્થા સાથે જોડાઈ ગયા.

સંસ્થા સાથે જોડીને જે જીવનમાં નિયમિતતા આવી દરરોજ પૂજા અર્ચન. ભગવાનના જાપ કરવા તેનાથી મળતી મનની શાંતિ નો અનુભવ થયો અમારી આવડત પ્રમાણે મંદિરમાં સેવા આપવા લાગ્યા. મંદિરમાં બીજા ભક્ત ગણ સાથે ફેમીલી જેવું વાતાવરણ મળ્યું ધર્મ વિશે નવું નવું દરેક પાસેથી જાણવા મળ્યું કઈક ને કઈક લોકો પાસેથી જાણકારી મેળવતા ગયા જીવન ના અજ્ઞાનરૂપી જે વિચારો હતા તેમાં સુધારો થયો. શ્રી પ્રભુપાદના પુસ્તકો વાચ્યા તેમના જીવનની ઝાંખી થઈ દૃષ્ટ વર્ષની ઉંમરે પછી પણ દુનિયામાં શ્રી કૃષ્ણ વિશે ધર્મનો ફેલાવો કરી ડંકો વગાડ્યો. ૧૦૮ મંદિર આ ઉંમરે પુરા કર્યા તે નાની સુની બાબત નહોતી શ્રી કૃષ્ણ ભગવાનની અસીમ કૃપા તેમણી પર હોય તોજ આવું મોટું કાર્ય કરી શકે.

Dear Srila Prabhupada,

I am so glad to be a part of such a fascinating FOLK and a very delightful place which helps me to overcome my burdens and also helps to make my way clear towards peace of mind and soul. It also helps me to concentrate on my goals, the location of the FOLK is just mind-blowing. It's natural, spiritual and positive feeling is maintained very well. The FOLK boys are very modest, meek and unpredictable. They all are always ready to assist or lend a helping hand to everyone.

I had a visit to the Hare Krishna mandir and I was stunned by its alluring beauty and as soon as I stepped into the temple I was struck by a metaphysical and holy feeling which went from my heart through my whole body and that movement was the most astonishing and breathtaking movement of my life and it will be accumulated eternally for my whole life. Moreover, I was able to have a sight of shayan arati and it was such a worth remembering visual perception. Nevertheless, I got a chance to take prasadam at the temple and it was really phenomenal. There I did chanting for the very first time in my life and it was such gratifying and it really fulfilled my soul with pacification and tranquility.

I met some devotees there and they were so courteous and friendly. Whenever I got any trouble in anything I just approach them and I find the best way out of it. Moreover, I found that temple is in so isolated and in the middle of nowhere but it is overcrowded by all the devotees. Innumerable people visits it daily. So now I chant and pray every day to the god and hope he helps me to get over my issues, in fact I hope that god helps everyone and bless us to the way to paradise. Finally, I would like to thank You again for everything.

Your humble servant, Bhaktha Jay Patel

Dear Srila Prabupada,

I started coming to Hare Krishna Mandir with my friend who was associated here from a very long time. The positive energy and vibes that you get when you are in front of God cannot be described in words. I was not interested in spirituality before I came in contact with your moment. But after reading your books I have gained a lot of spiritual knowledge. I am much more inquisitive to know about God due to your grace.

Before coming to Hare Krishna Mandir I had never chanted a single mantra. But after coming in contact with you, I can't stop chanting this Hare Krishna Mahamantra. This chanting not only gives me a lot of peace, but also makes me much more self-realized.

Your servant

Bhakta Jaydeep Mansukhai

Dear Srila Prabhupada,

Please accept my humble obeisance's unto Your divine lotus feet and kindly forgive my offenses

Before coming to Krishna Consciousness movement, I had not developed full faith in god, but after reading Your books, hearing Bhagvatam video lectures of devotees and Yours, and mainly to associate with the devotees I am able to know about who god is?, what is science of soul?, how karma is acting?, what is self-realization? etc. and like this so many things that I could understand by Your mercy and blessings and importantly I am able to know that the supreme personality of godhead is Krsna only who is our eternal father, and mother is radha rani.

Prabhupada You really struggled very hard to preach the message of Chaitanya Mahaprabhu in western countries, really it was like impossible task but You had followed Your spiritual master's order and now whole world is taking Harinam as I had seen in Mayapur in my last pilgrimage visit.

Prabhupada one day I was reading Your book and that one line of sentence really remained fixed in my mind and that is "Our life isn't just for eating, mating, defending and sleeping, it is above this kind of activities and that is spiritual life, the only difference between human life and animal life is spirituality and for that we have to chant **Hare Krsna Hare Krsna, Krsna Krsna Hare Hare, Hare Rama Hare Rama, Rama Rama Hare Hare** to achieve highest goal of life and to liberate our soul from this birth and death cycles and to go back to home to godhead and so I have taken shraddhavan asharya and taken few commitments.

By the mercy of devotees right now I am staying in temple and working in Akshayapatra organization. Sometimes I feel like I am so fortunate soul that I am able to do sadhana here in temple only, getting association of devotees, eating prasadam, taking part in kirtan and listening Krsna songs and it is really peaceful environment and I feel like I am far away from stressful material life.

I am begging Your blessings and mercy. Prabhupada wherever I am, I wish to practicing Krsna consciousness and to continue to be in touch with devotees.

Your Servant,

પૂજ્ય ગુરુદેવ, અત્યાર સુધી મારા જીવનનું કોઈ અંતિમ લક્ષ્ય નહોતું. પરંતુ હવે કૃષ્ણ કૃપા અને તમારા આશીર્વાદ થી મારાં જીવનનું અંતિમ લક્ષ્ય સંભવ બન્યું છે. અત્યાર સુધી મારું મન બહુજ વિચલિત રહેતું હતું, પરંતુ હવે ગુરુજી તમારો આશ્રય લીધા બાદ મારા મનને જાણે વિસામો મળી ગયો. તમારી કૃપાથી હવે મને લાગે છે કે હવે હું નિશ્ચિતપણે ભગવદ્ધામ પ્રાપ્ત કરી વર્ણશ અને મારી કૃષ્ણ પ્રત્યેની નિત્ય સેવામાં સ્થાયી થઈશ. પૂજ્ય ગુરુદેવ મને તો તમારા ગુણગાન કરતા પણ આવડતું નથી. બસ મને તો એટલું જ ખબર છે કે હવે તમે જ મારી માતા છો.

Dearest Srila Prabhupada,

I am probably the most worthless soul on this planet. I try every day to overcome my laziness and at least constantly chant my rounds so that I may do some reading. I have been trying so hard to make it a part of my life to at least do some reading of your books, but haven't managed to fully succeed. I do not have enough words to thank you, as "thank you" is a very insignificant word for all your kind efforts in bringing us closer to Krishna, for without coming to this movement I would never have appreciated what it means to love and serve God. I currently pray to the Lord Krishna that I have been attached to through my journeys in life and ask Them to bless me and make me worthy of initiation. My sincere desire is to get initiated and serve the Lord as much as I can, Please Prabhupada, you are so merciful, please shower your mercy on me so that I may achieve this, and always keep me under the shade of your lotus feet so that I may never deviate from serving Krishna.

I sincerely await the day of my initiation when I will have been blessed by you and the Lordships and also provide me the knowledge so that I may make it a priority to read your books. Please direct me with your kind mercy so that I may achieve the goal of this human life!

All glories unto your lotus feet. Srila Prabhupada ki Jaya!

My dear Srila Prabhupada please accept my humble obeisances.

I and thousands of people are so glad to join Hare Krishna Movement which was started by You.

I am feeling so much blissful by taking Your teachings from Your disciples. These teachings help me to know more about Krishna and make advancement in Krishna Consciousness.

After accepting Your Divine Grace as guru I started chanting 4 rounds daily, I have also taken shraddhavan and left eating onion and garlic. My whole family is slowly advancing in Krishna consciousness.

I have also done temple's seva due to mercy of Srila Prabhupada, I have taken part in abhishekam service which is the most favorite service to me, it brings us closer to Krishna.

The most liked thing is to take part in kirtan, doing dance and eating tasty prasadam. Chanting helps me to lead a good life

Thanks to Srila Prabhupada for giving me best association from Your devotees from past 8 months.

Hare Krishna.

Dear Srila Prabhupada

Please accept my humble obeisances. All glories unto you!

Your divine grace has been such a motivation leading us to the right path through your kirtans, lectures, addresses and everything. Before coming to Krishna consciousness my life was haywire - no proper time to sleep or eat. I was eating and sleeping the way my senses demanded resulting in anxiety to a certain level, though not as intense as some of my classmates were experiencing at that time. I think myself to be extremely lucky that I got in touch with Krishna consciousness before getting down the wrong lane. I offer all gratitude to you, dear Srila Prabhupada who made me come to Krishna consciousness.

I remember that my Sunday's definition was to wake up late in the afternoon, chill and at night go out to some place to eat but now Sundays are meant to hear Bhagavad-gita, do Kirtana and importantly have delicious prasadam. Sundays at the Hare Krishna Mandir are huge head-start for the week. I see no other good way to spend a Sunday and kickoff one's Monday with full of energy, bliss and spirituality. Once in a while, I am not able to attend Sunday program and I have to wait another week without Kirtana. There are some times when I'm not able to chant; I just wish these moments would never come. Chanting of my prescribe number of rounds will always be a priority.

I remember once seeing an article in a newspaper about a course on some vedanta yoga class whose title was "How Vedanta changed my life". My story would be titled "How Bhaktivedanta Swami changed my life". Dear Srila Prabhupada, I cannot thank you enough through words or actions.

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet. One more year has passed under your shelter. My sincere request to keep me under your shelter eternally. Srila Prabhupada, by your mercy in the last academic year 11 boys came to stay with us at FOLK, thank you so much for sending them, please send more boys this year too. We are totally dependent on your mercy for our FOLK preaching. This year I have been given FOLK lead service, I want to serve your devotees to your satisfaction but I know I am offending them due to my rude behaviour. Please forgive me for this & bless me so that I can stop committing these offences.

Srila Prabhupada, it was among the most joyful moments I ever experienced to see my seniors joining your mission. Srila Prabhupada, I am in final year of my degree now & I am sure that by your mercy I will pass out next year. So there is only one year left for me in FOLK, I am worried about my spiritual life after that please guide me what to do, so that I can continue serving you & Lord Krishna always.

I thank you very much because in spite of many short comings you have given me space to live in your home with your devotees. Srila Prabhupada, I am unable to follow your instructions seriously please forgive me for that by considering me big fool.

You have given me a life in which there is lots & lots of enjoyment & satisfaction. I can't express your mercy in these few words.

Aspiring to be your servant,
Bhakta Karun

Dear Srila Prabhupada,

Please accept my humble obeisance's at Your lotus feet. One year has passed away by serving and this year went away in lightning speed. This year was very special as I was able to serve and it became even more special as first time I took Your Ashray in Sevak level from You.

This year one incident had occurred. I wanted to go to Germany but my visa got rejected. I got depressed. One day one thought came in my mind. Let me do service at temple. I went temple for 3 months and associated with You and Your disciples. Due to Your glories and mercy I became spiritually inclined as well as strong in devotional service. After I realized who I am? Why I am suffering here? What is aim of my life? How can I do service Krishna and You? by Your mercy. I am very happy because You are giving me the visa of Back to Godhead not of this foolish material world. I shall never forget Your causeless mercy on me. Prasadam is also Your mercy. Frankly speaking, beyond my gunas and karmas You graced me to play kartal and sing some kirtans.

Aspiring to be servant of Your servants,

Dear Srila Prabhupada

Please accept my humble obeisance unto your lotus feet

I can see how lucky I am to have the shelter of a spiritual master as you. Before I got connected to Krishna consciousness, I was too attached to maya but since I started regularly visiting temple, attending mangala aarti,

rendering devotional service, and attending festivals, I realize that I am improving in spiritual life. Your books are very important for me to advance in spiritual life. Without your mercy, I could have never come to this stage where I am trying to achieve the ultimate goal of life. I feel so lucky to be in your association and a part of Hare Krishna Movement.

Your servant,

The true knowledge about God which is there in many of the holy books is given by You in Your books in a simple style which anyone can understand.

Dear Srila Prabhupada,

Please accept my humble obeisance unto your lotus feet. I am a fallen soul and a deranged person and you have bestowed your causeless mercy upon me. I haven't been able to follow your instructions which is just to serve Krishna and haven't developed faith for Krishna who is the Supreme Personality of Godhead. I am sorry for the offences I have committed unto your lotus feet and unto your faithful servants who are your sons. I have left the association of devotees knowingly which have caused me only more sufferings. My heart is so much heavy with material contamination and still I am hoping to get happiness in this material world where clearly there isn't. I pray to you that this hope ends because this hope seems endless which will cause me birth & death again and again resulting in endless suffering.

I just only wish that wherever I am in my life I become your faithful and humble servant.

Your Aspiring Servant,

Bhakta Manan Thakker

Hare Krishna!

First of all, I would like to pay my dandvat pranam to Gurudev Srila Prabhupada and Sri Sri Radha Madhav.

Srila Prabhupada and his Hare Krishna Movement has transformed my life in various ways. It has explained me the importance of living a pure life in the service of Lord Krishna. This automatically helped me to leave tea-coffee, onion-garlic and other tamo-rajo guni things. It has explained me the importance of offering everything to supreme enjoyer Lord Krishna which has automatically helped me to offer Bhoga of everything to Lord Krishna.

My life has got a firm spiritual goal to achieve by studying Srila Prabhupada's books and chanting Hare Krishna Maha-mantra. This goal is very clear that You have to engage Yourself in devotional service of Lord Krishna by remaining in Your existing position and preach to others for the same.

The firm conviction in devotional service to Lord Krishna has awakened through studying various books of Srila Prabhupada, listening his lectures, GLC program, Dham Yatra, Vaishnava Bhajans, prayers and chanting Hare Krishna Mantra 16 times every day. Srila Prabhupada ki Jaya. Hare Krishna.

Your humble servant Bhaktha Manan Thakker

Bhakta Manesh Dani

Hare Krishna!

Srila Prabhupada Namah,

To begin, I with full of regards remember my initial engagement with the Prabhuji from Hare Krishna Movement. On his guidance and support, I took up the Shraddhavan level in Prabhupada Ashraya. Life is so fast and so are the happenings.

The chanting is the pious force, and I am experiencing the divine power. The eternal truth is that wandering mind can be disciplined with chanting, satsang, reading and guidance.

I am grateful to be associated with the process and experiencing the enlightenment. Hare Krishna

Bhaktha Manesh Dani.

Bhakta Mangaldeep

To Our beloved Spiritual Master Srila Prabhupada,

Please accept my humble obeisances.

I deeply express my gratitude for giving me shelter to be in association of devotees. I may have committed many offences at your lotus feet but I beg for pardon on this auspicious occasion for the same. When I flash back in my life, I realise how miserable it was without your association. Today we are getting to serve Lord Nitai Gauranga all because of Your blessings. Your divine grace took too much trouble and miseries just to preach fallen condition souls like us. You made science of God very easy and explained it in your books through simple and lucid language.

I beg for your mercy to let me be instrumental for preaching and distributing books. Please provide us the strength to continue preaching in our college. Please bless me so that I can always serve you and your servants in whatever condition I am. I again pray to let me be engaged 24 hrs in preaching and distributing your books.

Allow me to always remember you and never lose your association. Please continue to shower your mercy on this fallen conditioned soul.

Your Humble Servant, Bhakta Mangaldeep

Bhakta Manoj Mishra

After taking Srila Prabhupada Ashraya I experienced lot of change in my life;

Lot many perceptions about God changed like as per earlier knowledge it was in my belief Lord Shiva is the Supreme God. But we came to know the truth that Lord Krishna is the Supreme God.

It always gives the sense of sincerity, self-consciousness and discipline. Which brought certain changes in my life such as early morning wake-up, punctuality, and devotion towards Srila Prabhupada, Sri Sri Radha Madhav and gratitude towards the devotees who helped us to understand the mool-mantra of life by preaching. I stopped consuming onion & garlic, tea & coffee. I am keeping fast on Ekadashi.

I am enjoying chanting Hare Krishna Maha-mantra compulsorily 4-8 rounds daily. It brought lot of changes in my life. The first and foremost is that I immediately got Job of my satisfaction. As I am in the job where certain monthly target has been assigned for revenue generation, by the grace of Srila Prabhupada and Sri Sri Radha Madhav, it is getting achieved consistently even though it looks difficult to achieve, I strongly believe that this is getting achieved month after month consistently due to the blessing of Srila Prabhupada, Sri Sri Radha Madhav.

I felt more confident than ever in past after Srila Prabhupada Ashraya. My decision making power has been boosted, now I take any crucial decision instantly by the strong feeling of presence of Radha Madhav and Srila Prabhupada behind me hence there is no chances of any error, and it has proven right. We started daily practice of prayer, aarti & offering food to Sri Radha Madhav prior to consuming it. It gives immense pleasure as we started consuming prasadam daily, no wastage of food as its prasadam, we learnt this.

We started sankirtan, we used to participate in sankirtan, we used to visit Sri Krishna temple regularly. Whenever we get free from office most of the time automatically from inner sense we prefer to chant Maha-mantra. We experienced the significant changes in life and for the same we shall be ever obliged and thankful to Srila Prabhupada for having such huge organization and holy movement and nice devotees whose mentorship and preaching lead us and transformed our life with the goal to be perfect in Krishna bhakti and to achieve Vaikuntha dham as a final destination.

Thanks Hare Krishna. All glories to Srila Prabhupada

Dear Srila Prabhupada,

I bow down in front of You as a servant (Dasa). Oh Spiritual Master please accept my humble obeisance. All glories to You on this auspicious day of ‘Vyasa Puja’.

On this very auspicious day, I thank You for all the mercy You have bestowed upon me. I thank You for accepting my service as a servant. I came in contact with Krishna consciousness through an internship under an organization which is the reason for those healthy and joyful kids across India, the Akshaya Patra Foundation. I thank You Prabhupada for giving me this opportunity.

I thank You for providing me with all those excellent books and specifically the Srimad Bhagavad-Gita. I promise You that I will distribute as many Bhagavad-Gita as I can. I thank You for guiding me every time. The moment I had a doubt and the moment I felt miserable, I found You guiding me in some way or the other. Thanks for giving me an opportunity to be in the association of devotees and for connecting me to a huge family, the Krishna conscious family. I thank You for making people's lives around me simple & meaningful and giving them a systematic way of living life and to me as well.

Prabhupada I thank You for giving me the right knowledge about who I am, who is my real father, where is the actual source of infinite happiness (that happiness which every creature in all the countless universes seek for). And special thanks for giving us such a beautiful thing which takes almost no time but the one whose effect lasts for all the time, yes that's chanting; chanting Hare Krsna Maha-mantra. And the one more among the endless list and that's the Maha-prasadam and in that too especially for the delicious Prasadam during festivals.

Seeking the endless blessings of You.

Your servant, Bhaktha Mohit Purohit

My Dear Srila Prabhupada,

O' Senapati of Lord Sri Chaitanya Mahaprabhu,

Please Accept My Humble Obeisances. All Glories unto Your Divine Grace. Only because of your causeless mercy that I have come into your movement. Otherwise what qualification this fallen soul has? You have saved me from rotting in this material world which is madly running in a rat race. You are the real Acharya. There is no gap between what you taught and what you followed. Every word you speak is having a Vedic reference. You are that Pure Devotee who is able to make disciples all over the world as mentioned by Srila Rupa Gosvami in his Upadeshamrita (Text 1). The more I know of your pastimes and struggles to establish the mission of Sri Chaitanya Mahaprabhu, the more I get to like you.

This fallen servant is trying to follow your instructions through the authorities. Please forgive me for my shortcomings. I beg the Lordships to keep me always under the shelter of your lotus feet life after life and keep me engaged in your service. Also I beg you to give me knowledge (Divya Gyan) to realize your teachings.

Your fallen servant of your servant,
Bhakta Nagarjuna, Hare Krishna Movement Ahmedabad

Bhakta Nainesh Varma

His Divine Grace,

Dear, A.C. Bhaktivedanta Swami Prabhupada.

Please accept my obeisance at your lotus feet. I am so happy to be introduced to Krishna Consciousness Movement introduced by you. It has been almost nine years now. I and my family are so lucky to be a part of Krishna Consciousness Movement. If I talk about my personal changes, I am regularly chanting my rounds & reading Bhagavad-gita daily. A person like me who used to wake up at 8 a.m. now wakes up between 5-6 am. I get the power for the whole day to face challenges in day to day activities. I am a businessman but now I have no fear of my future since Lord Krishna is with me. I have found the purpose of my life through this Movement I have become very much settled, slowly my greed and anger are becoming less day by day. I have left tea, coffee etc. forever. Now I am studying about Krishna more & more. I try to dedicate all my actions to The Supreme personality of godhead, the Paramatma Sri Krishna. Whenever anything happens good or bad I try to understand that it is the Lord's wish or my previous karmas.

I have decided to contribute as much as possible on this planet Earth towards Krishna Consciousness. For doing that I keep doing the following:

Whenever I meet a new customer whenever I finish the business talks, I definitely talk about Krishna, His pastimes, His greatness etc. I keep my japa bag together. Whenever I attend Sunday classes I try to recite the same to any person I meet. I also talk about our Akshaya Patra program and Krishna consciousness movement. Many of my relatives, friends, colleagues etc. now know about this so they also get interested to attend classes, functions, festivals, etc.

Dear Srila Prabhupada,

These are just a few gestures, please help me & guide me more & more.....My dream is to dedicate my life towards Krishna Consciousness Movement, after the age of 50, so before that please help me & guide me in a manner so I can arrange for my family. Well I know the Lord takes care of all but even though as a human being as the Lord says that "just do your karma & leave the results unto Me." My ultimate dream is to go back to **Supreme Personality of Godhead**.

So please, please, please Guide & help me.... I love u a lot

Dear Srila Prabhupada,

Hare Krishna.

Please accept my humble, respectful obeisances. I have no words to thank you for showering your divine blessings on me, which has given me the strength and direction to lead my life following the path of Krishna consciousness. Ever since I took shelter under Krishnashraya about 4 years ago, I have tried to follow your teachings with the help

of devotees at the Hare Krishna Mandir at Bhadaj, and since then, my life has been completely transformed. Today, my day is not complete without completing 16 rounds of the Hare Krishna Mahamantra, sankirtan and reading your books. I am trying my best to balance the responsibilities of a grihasta and living my life in keeping with the regulative principles.

I realize that I have merely started on my journey, but hope to continue my journey towards self- realisation with your blessings and under your divine guidance.

All glories to you.

Your servant,
Bhakta Narayanan A.

Dear Prabhupada,

Please accept my respectful obeisances to you lotus feet.

Thank you for accepting me under your shelter. I was struggling in the hands of your maya until you came in my life. Your guidance has changed my life fully. Your instructions are like sword by following which I am able to protect myself from the clutches of Maya. I was living a life in mud from where you picked me up from and took to your shelter. I am in high debt of yours which I may never be able to repay. Just by propagation of your instructions I want to serve you as much as possible. If you had not accepted me in your shelter I would not have got the opportunity to serve you and Krishna. I had lost my father when I was just two years old. You have shown me that our real father is Krishna. It is because of you that today I am able to discharge my service to you and Krishna.

Thank you Prabhupada for glancing at me and to save me from maya. It is due to you that I am today chanting 16 rounds every day. Thank you again for realizing who I am and what I am for this world. I have accepted you as my spiritual master forever. Please guide me so that I may be in association of devotees all the time.

Thank you again Prabhupada.

Yours Servant,

Dear Srila Prabhupada,

Please accept my humble obeisance's at Your lotus feet.

All Glories to Srila Prabhupada,

My dear Srila Prabhupada,

You are the ocean of mercy; how can I express the gratitude which is there within my heart. Even if I show my homage unto You billions of times that would not be sufficient for the single drop of the Mercy which You have showered onto me.

“Out of many millions of wandering living entities, one who is very fortunate gets an opportunity to associate with a bonafide spiritual master by the grace of Krishna. By the mercy of both Krishna and the spiritual master, such a person receives the seed of the creeper of devotional service.”

Dear Gurudev, I don't even know from how many lives I was wandering here and there within this material world and suffering because of my selfish and contaminated desires to enjoy this material world without knowing the real goal of life.

By Your Grace only I came to know that what life is all about and what is the purpose of the human life which is considered as the gateway to the spiritual world in all the Vedic scriptures.

Before You came in my life I was just wasting my life like a pig wastes his life within the mud and stool falsely thinking those dirty useless things as the highest enjoyment and leading a horrible sinful life.

Therefore, I should always remember and praise the spiritual master. At least three times a day I should offer my respectful obeisance's unto the lotus feet of my spiritual master"

Dear Prabhupada, by Your Grace only I came to know that within this material world every moment is painful but there is one solace to heart which is amazingly joyful and that is the service at lotus feet of Krishna.

By Your mercy even a fallen, sinful and less intelligent being like me can also understand and perform Bhakti which is not available to even the great sages and yogis.

I'm so thankful to You, by Your Grace all the questions which were hitting my mind regarding my life and spirituality are all answered today. I'm very much glad that I'm in Your family which perfectly teaches the real goal of life and helps me to progress for the same every day. Thousands of devotees are serving the lotus feet of Krishna and leading a joyful life.

My only wish is to serve Your lotus feet throughout my entire life, I have no qualification I have many contaminations, but please always keep me under Your Divine shelter and please keep showering Your mercy unto me.

Please keep guiding me in my spiritual life and always keep me engaged in Your Divine service.

Dear Srila Prabhupada,

Please accept my most humble obeisances at your lotus feet. I was amazed when I heard about you that how a 70 year old man was kindly preaching the message of Lord Chaitanya Mahaprabhu and delivering the uncultured Western countries even without any support.

We are progressing in Krishna consciousness and more and more realizations are manifesting themselves. One of them is that unless we become conscious of the great gifts you have given to us in form of holy name, devotional service, association of devotees, the books, dance, prasadam, festivals and so many things we are not actually happy at all.

Prabhupada I am the conditional soul which is fully in ignorance and under the influence of Maya only you are my savior. When I was in 1st year of my college I met one devotee who told me that a person who reads Prabhupada's books and listens to bhagavatam daily he will come to spiritual standards very soon. I realized that how great your association is. I will never give up your and Krishna's association. I humbly request to you that you please take me out of this material world which is full of misery. I will try my best to follow your and Krishna's instruction as it is.

Now I have started spreading your and Krishna's mission. I love you Prabhupada and Krishna. I will try my best to serve your lotus feet till my last breath.

Your eternal servant, Bhakta Nirbhay Devani

Bhakta Nitin Verma

Dear Srila Prabhupāda,

I have only my obeisance to offer unto you as I am being the most fallen conditioned soul have nothing to repay you in return.

I was born in the darkest ignorance and because of your causeless mercy, you have opened my eyes with the touch of wisdom, knowledge and love. You have showed us the path towards Krishna. You are the only bonafide ācārya as you are representative of Kṛṣṇa and the former ācārya's. The Supreme Personality of Godhead, Kṛṣṇa himself says that all ācārya are His representatives so therefore the Guru should be offered the same respect as one give to God and for us you are the bonafide Guru. I have heard about Guru issue and came to know how some devotees are proclaiming themselves as Guru. It makes me feel sad just by thinking about it. but, how fortunate i am that I am under the guidance of your sincere disciples who consider you only the bonafide Guru.

At the age of 11 or 12 ,I couldn't recognise you when I first saw your deity in one of the ISKCON Temple . But after about 7 to 8 years when I came in contact with KC and in association of your devotees I understood your significance, value and dominance in one's life. And how one's life can be transformed when you acts in someone's life. currently I am facing alot of difficulty in maintaining Vaishnava relationships and I am committing vaishnava offenses frequently knowingly or unknowingly. Please give me required wisdom to correct my mistake and purity to maintain Vaishnava etiquettes. Earlier I was indulged in so much of sinful activities and then a time came when I have no hope to get out of that gutter but just like a mother tigress picked her cub out of danger by holding the nape of the cub's neck likewise in my case, you have picked me up from the ocean of darkness and engaged me in the service of the Lordships Sri Sri Radha Madhav

tad viddhi pranipātena pariprasenenā sevayā

One can get out of all of the illusion and ignorance only by approaching a spiritual master and inquire from him submissively and render service unto him. Although, you are not present physically but you are present through your books as you have instructed us . So I pray to you please give me strength so that I may feel attachment to your books and feel enthusiastic while reading them and may render more and more service unto Supreme Lord and unto you.

Sri guru charan padmā, kevala bhakati sadmā

The lotus feet of you are the only way by which we can attain pure devotional service.

Guru mukha padmā vākya citte korita aikya

My only wish is to have my consciousness purified by the words emanating from your lotus mouth.

hā hā Prabhu karo dayā deho more pada-chāyā

Shadow of your lotus feet are just like an umbrella which can save me from torrents of sinfull activities and can show me the path towards Lord Kṛṣṇā. Although, I am not worthy to get the position at your lotus feet but then also I beg you to please place me as the dust at your lotus feet. Therefore, I humbly pray to you please empower me to overcome all obstacles in my spiritual life so that I can continue practicing KC and serve you and your mission throughout my life.

Yours Servant, Bhakta Nitin Verma.

Dear Srila Prabhupada,

Please accept my humble obeisance.

All glories to you on this auspicious day of your Vyasa puja. It would be impossible to count all the ways that you have helped me in my decisions as a "True Well Wisher". Thank you so much for all that you have guided me. I only hope that I can return the favor sometime in the future in serving you according to my abilities. Thank you for your eternal shelter, even when I probably don't deserve it. Thank you for all your support, no matter how much foolish person I am. Although you are the knower of everything but please help me in achieving my goals, so that I can make more and more contribution in your mission by my menial services.

Dear Srila Prabhupada,

After coming in touch with Your Divine Grace, my whole life experience changed. I have experienced that there is a lot more meant for the human life than just dealing with worldly affairs. I got to know about the Hare Krishna Movement two years back. I was intrigued know more about the temple. Then I came in touch with wonderful devotees and their association which changed my life forever. As I got to know more about Krishna, I started attending the daily temple programs. Especially the Bhagvad Gita discourses and honoring delicious Krishna Prasadam. After reading your books, I got more and more inspired to render service unto the lotus feet of their Lordships and practice Krishna Consciousness.

As I progressed with Your grace, I stopped consuming onion, garlic, tea and coffee with ease. Then Your Divine Grace bestowed me with your Ashraya. My chanting got well-ordered and we started offering bhoga daily. At first, going to temple was just a regular thing for me but after coming to Krishna consciousness I got to know what Bhakti Yoga is and the importance of offering service unto the lotus feet of Lord Sri Sri Radha Madhav.

O Spiritual master, please bless me with the shower Your causeless mercy upon me so that I can increase my devotion in Krishna Consciousness.

Your humble servant,

Bhakta Paresh Rathod

Bhakta Parth Pandya

I offer my most respectful obeisances to Srila Prabhupada.

I am so ignorant, how can I know your glories?

O best among the spiritual master I am so grateful to you because only by your causeless mercy I can able to know Lord Krishna is the Supreme Personality of Godhead. You gave me rebirth in the sense of mother by introducing me to Lord Hari as my eternal father. I was in the deepest well of darkness but as Sun rays can destroy the greatest darkness from infinite time in the same way I can be able to see transcendental light by your mercy. I need your protection just like a new born baby needs protection by a mother. As a small fish cannot be able to know the whole ocean similarly a disciple cannot able to know his spiritual master. As whole world knows ocean is root cause of

raining but nobody can use water of ocean directly whole world depends on raining as the Supreme Personality of Godhead Lord Hari is source of entire knowledge but a disciple depends on his spiritual master.

According to the scriptures and many prominent acharyas progress on the path of spiritually by the disciple is only depending on causeless mercy and grace of his spiritual master. A person like me with full of anarthas can chant name of Lord Madhav because of your causeless mercy.

O Srila Prabhupada please give me devotional service of servant of Lord Sri Sri Radha Madhav.

I pay most respectful obeisances to you again and again.

Dear Srila Prabhupada,

What a wonderful life it has been for the past close to two years of our association with Hare Krishna Mandir, Bhadaj, Ahmedabad.

It all began when one Sunday one of our neighbours called me and my wife to accompany them to the temple. We found an unusual attraction and felt peaceful standing before Sri Sri Radha Madhav. I casually attended the Spiritual Retreat lectures and felt the 'connect' and started looking forward to learn more. It was then Gita Life Course (GLC) started and I was looking forward for Sundays to come. The 'routine' Sunday activities started disappearing from my life as I started regular chanting and listening to the explanations given by His Divine Grace Srila Prabhupada and well-articulated by the Prabhujs in the Gita Life Course and later in the Gita Trainer Course. I did not realise when I cleared the first two levels of Ashraya programme. The interest to learn more about HDG Srila Prabhupada's teachings lead me to participate in the Dwaraka and Chardham yatra. In fact, these days whenever I travel, I look for a Hare Krishna Mandir / ISKCON temple in that city and make it a point to take part in the Aarti at least.

Often I wonder how this transformation happened. In my humble opinion, it is just because of His Divine Grace Srila Prabhupada creating this family of seekers of God and providing these seekers a community of true devotees to guide. This is a Divine Community transformed from being ordinary persons. Without the temple and ordained devotees, I would not have the opportunity to be in this glorious path. Indeed, it is all His Divine Grace Srila Prabhupada's Mercy. I realise the value of the path shown by His Divine Grace Srila Prabhupada and feel very indebted to him. The only way we can be grateful to him is to dedicate and surrender myself to the Lord through the Spiritual Master HDG Srila Prabhupada.

Hare Krishna. Bhakta R Parthasarathy, Ahmedabad.

Hare Krishna,

All glories to Bhaktivedanta Swami Srila Prabhupada!

I have started doing Nama Japam 4 malas everyday, the practice of which, was injected into me by the devotees of your divine grace. Through the same medium I was fortunate to learn the teachings on Krishna consciousness. I was taught that the Divine name is identical with God.

Nama Japam is the most valuable, most sacred and most useful act I perform in my everyday life. It is the easiest and the best; there is nothing higher than this. I experience thoroughly that the more sincere the practice, the higher is the effect. It is helping me to keep away from materialistic desires. I am experiencing the fact that the Divine name of Lord Krishna is the Truth Eternal and it works wonders. Its very remembrance dries the ocean of mundane desires and vanishes the cycle of birth and death. Krishna consciousness through Nama japa initiated by your divine grace is untangling my materialistic life and attracting me towards divine living. I not only feel enhancement in my virtues such as patience, boldness, serenity, fearlessness and self confidence, but also feel peace at heart and mind.

I pray the Lord to grace me with an opportunity to spread the benefits of the Nama Japam to the near and dear of my life that they come to experience the divine living. Hare Krishna.

श्रीमद भगवद गीता , श्लोक संख्या - 4.34

“त्वद्विद्धि प्रणिपातेन परिप्रश्नेन सेवया , उपदेक्ष्यन्ति ते ज्ञानं ज्ञानिनस्तत्त्वदर्शिनः ”

इस श्लोक में भगवान श्री कृष्ण अर्जुन से कह रहे हैं कि -

तुम गुरु के पास जाकर सत्य जानने का प्रयास करो. उनसे विनीत होकर जिज्ञासा करो और उनकी सेवा करो . स्वरूपसिद्ध व्यक्ति तुम्हे ज्ञान प्रदान कर सकते हैं , क्योंकि उन्होंने सत्य का दर्शन किया होता है. पूज्य गुरुदेव श्रील प्रभुपाद , आपको मेरा दंडवत प्रणाम है .

उपरोक्त श्लोक के अनुसार , आपने हमें शाश्वत ज्ञान प्रदान किया है . हमें अँधेरे से उजाले का मार्ग दिखाया है . आपने जिस सत्य का दर्शन किया है उस सत्य को समग्र विश्व के सम्मुख प्रस्तुत किया है . आज समग्र विश्व आपका ऋणी है . आपने ‘ श्रीमद भगवत गीता ’ को उसके यथारूप में प्रस्तुत करके सारी मानव जाती को भगवन के प्रति अपराध करने से बचा लिया है . क्योंकि भिन्न भिन्न प्रकाशकों और धर्म गुरुओं द्वारा अलग अलग तरीके से ‘श्रीमद भगवद गीता ’ का अर्थ घटन किया जाता था . इतना ही नहीं बल्कि उसमे व्यक्तिगत विचार भी प्रस्तुत किये जाते थे . यह तय कर पाना कठिन था कि ‘श्रीमद भगवद गीता’ की कौन सी प्रति वास्तविक है . दूसरी तरफ , मनोधर्म भगवन के प्रति अपराध होता है . ऐसे में ‘श्रीमद भगवद गीता’ के ऐसे संस्करण की आवश्यकता थी जो उसके असल रूप में हो , व्यक्तिगत विचारों से मुक्त हो तथा मनोधर्म के लिए कोई स्थान नहीं हो . यहाँ तक कि बड़े बड़े विद्वानों ने ‘श्रीमद भगवद गीता’ को कर्म योग से सम्बंधित ग्रन्थ कहा . लेकिन आपने इसका सत्य उजागर करते हुए बताया कि ‘श्रीमद भगवद गीता’ भक्ति योग का आधार स्तम्भ है . आपने हमें यह बताया कि बिना कठोर तपस्या किये हुए या बिना शास्त्रोक्त विधि विधानों का पालन किये हुए कितनी सरलता से हम भगवान को भक्ति योग द्वारा प्राप्त कर सकते हैं .

आपन, भक्त पियुष रणपुरा

Bhakta Pradeep Sarkale

पूज्य गुरुदेव,

जब से हम आपके सानिध्य में आये हैं तबसे हमें भगवान श्रीकृष्ण के बारे में ज्यादा पता चला। जैसे हम कई देवताओं की सेवा में लगे हुए थे और कई बातों समझ नहीं पाते थे।

हमारा यह मनुष्य जीवन व्यर्थ ही था किन्तु जबसे हमने इस कृष्णभावनामृत संघ को जॉइन किया है तब से हमें अपने मनुष्य जीवन के उद्देश्य के बारे में पता चला है कि हमें अपन मनुष्य जीवन किसकी सेवा में लगाना चाहिए और भगवद-भक्ति कैसे करनी चाहिए और शास्त्रों के बार में पता चला। अन्ध-श्रद्धा से दूर हुए और भक्ति का नया मार्ग मिला। आपके सानिध्य में हमें यह पता चला कि हमें अपना जीवन भगवान के बारे में जानने में लगाना चाहिए और पूरा जिन्दगी भर स्वयं को कृष्णभावनामृत संघ में लगाने की प्रेरणा मिली। आपसे हमारे यही प्रार्थना है कि हमें सदैव आपका सदा मार्गदर्शन तथा आशीर्वाद मिलता रहे।

Dear Srila Prabhupada,

Prabhupada, Please accept my humble obeisance unto your lotus feet. Prabhupada, I encounter a particular question nearly every single day, the question is as in how can I be so fortunate that I am still in touch with Krsna consciousness even after countless ups and downs? When I ponder for a brainstorming answer, I end up realizing that the answer is your causeless mercy upon me. Prabhupada, as days are passing by, I feel a constant battle between my so called material and spiritual desires. My wretched mind is winning most of the battles. But the matter of fact is that I am still not afraid because I literally feel that you will continue to bestow your personal blessing upon me. With your blessing I have travelled a long distance and I pray lord and you to please bless me with your blessing and personal service so that I can be always present there to offer my respectful obeisance unto your lotus feet.

Atlast Prabhupada, Please accept a sincere note of thanks from your good for nothing and a very below average disciple of yours.

Dear Srila Prabhupada,

I offer my humble obeisances unto you my spiritual master. I am very grateful to you for accepting such a soul like me as your student, as a disciple, although I have no good qualities and always remain absorbed in the material pleasures. I have made certain promise to you, but the same are not fulfilled by me with full commitment and endurance and even principles given by you are not properly adhered unto by me. Please provide me strength to follow your footsteps and achieve the spiritual knowledge and be capable of going Goloka dham. Also provide me strength to chant the prescribed rounds regularly and attentively and capability of not falling into the well of allurements and greed. I am very thankful to you for the spiritual support and choosing me as your servant. Please keep me absorbed in your services and make me follow the guidance and steps given by you and help me in the same way you are doing at every moment.

Dear Srila Prabhupada,

Please accept my humble obeisance's at Your lotus feet.

Once my father told me that in mid-60's You (Srila Prabhupada) went USA to preach Krishna consciousness at the age of around 70 without money and other supports and founded ISKCON. After hearing Your story, I felt You must be having some amazing blessings of Lord Krishna.

Few months ago I found Bhagavad Gita-As It Is which my grandpa gave to my mother. It has nice spiritual content with beautiful examples, I must say You are the perfect spiritual master in this fake world. To know more about Lord Krishna and to improve my devotion to Krishna, I became a regular follower at Your Hare Krishna Mandir.

After joining I feel really blessed under Your shelter. You taught me how to be a gentleman, how to serve devotees and how to serve lotus feet of supreme Lord Krishna using spiritual knowledge and You also show us the path which leads to Lord Krishna. "Hare Krishna Maha mantra" gives me so much energy and inner peace which I cannot describe in words.

Today on this auspicious day, I want to thank You for everything You gave me. I pray to You Guruji, just like You have done before, please always bless me and keep Your merciful hand on me so that I can control my senses and use it in Lord's services and also give me strength to spread Krishna consciousness till my last breath.

Dear Srila Prabhupada,

As per Shloka number 4.34 one should learn the truth by approaching a spiritual master and render service unto him. The self-realized soul can impart knowledge because he has seen the truth. Srila Prabhupada is a true Acharya who teaches by example. When Srila Prabhupada was in the US, once during his morning walk near the sea beach he saw a sea liner was being pulled up by a small motor boat. Citing this example he asked his disciples what philosophy it suggest. One of the disciples told that the engine of the big sea liner is not working and that's the reason it's being pulled up by small motor boat. To this Prabhupada replied that the sea liner represents the human beings, the engine of the sea liner represents the soul and the motor boat represents the senses. He told that the spiritual engine can be switched on by chanting the holy name of the Lord and performing devotional services. Thereby the human being will not be pulled by the senses (Maya). In this way Prabhupada teaches us the science of self-realization. He used to see Krishna in everything and everything in Krishna. The hippies in the west were very rich and lived a frustrated life not knowing the ultimate aim and goal of life. Prabhupada showed them the goal of life in Krishna Consciousness and converted them into devotees of Lord.

Before coming to Krishna Consciousness, we used to worship hosts of demigods and Krishna, not knowing Him as Supreme. After coming in touch with Prabhupada's Hare Krishna Movement we have come to know that Krishna is the Supreme Personality of Godhead and we are his servitors. Through the teachings and books of Prabhupada we have come to know that by serving Krishna only, we can remain happy in this material world. Prabhupada was so much compassionate towards living beings that one day a group of children were fighting for the food. He decided that in 10 K.M. radius nobody should be hungry and thus he started the Prasadam system. People used to come for

eating the prasadam and Prabhupada would happily provide because he knew that at least by this manner the fallen souls would have an opportunity to listen about the glories of the Lord.

After associating with the temple and under the shelter of Prabhupada we see that our life has gradually changed and our interest is growing with the temple and its activities. We try to keep Krishna at the center of all the activities we do. We thank Srila Prabhupada for his books, commentary and all those things that he has initiated as we become more and more eager to learn the new dimensions of the Spiritual life.

Dear Srila Prabhupada,

Please accept my humble obeisances.

This is my first vyasa puja offering and in this way, I am able to share my experience what I felt after getting in touch with your divine movement. I have never thought that there will be someone who will help people to connect with Lord, teach them, educate them and help them to become bhakta. By Your hardwork you established this movement and made the path back home back to godhead very easy for everyone. We are able to follow this path because of your blessings only. This is the great service you rendered to humanity, a soul can ever do.

People in this material world who want to reach Lord Krishna don't know how to approach Him, they are just doing as per their assumptions. The best thing happened with me ever is I got the way to Krishna by Your disciples and through your teachings. I have a desire to become a devotee of Lord Krishna in an authorized way, but I don't know the path and I have no information whether I'm progressing or not. I felt that, there should be someone to whom I can able to put forward these questions, and somehow I got shelter at your movement.

Your movement is unexpected blessings to the people who are searching for Lord Krishna's mercy and love. I feel that, I have covered some distance in the journey towards Lord Krishna and to His Divine lotus feet. This happened possible only because of you. Otherwise, I don't think this path will be that much easy and clear, so that I will ever be able to start my journey towards my Lord. I was just looking a way towards the Lord and it had become possible by you. I had an assumption that no one is there who is doing this service to the Lord for the sake of betterment of people. Then I found your place or might be that by seeing my eagerness you brought me to this place. Thank You Srila Prabhupada for everything, that I have received from you.

Your servant and the most fallen soul,
Bhakta Rahul Kumar Chhabra

All glories to Srila Prabhupada!!!

I am really very fortunate because my spiritual journey started before two years back when I came in touch with your mission of spreading Krishna consciousness. On this moment, I am really wondering that how my material life completely turned into Krishna conscious life with full of service and dedication to Krishna and only Krishna after coming in touch with Hare Krishna Mandir, Bhadaj. Hence, on the occasion of Guru Puja, I take this privilege to offer my sincere obeisance to you. I hereby confess that after attending course on Bhagavad Gita from Hare Krishna Mandir, Bhadaj, I truly understand the importance of shelter of one bona fide master which is only authorized to show path of liberation from material world.

तद्विद्धि प्रणिपातेन परिप्रश्नेन सेवया । उपदेक्ष्यन्ति ते ज्ञानं ज्ञानिनस्तत्त्वदर्शिनः ॥ 4.34

It means that just try to learn the truth by approaching a spiritual master. Inquire from him submissively and render service unto him. The self-realized soul can impart knowledge unto you because he has seen the truth. I slowly and steadily realize that the only way to understand the absolute truth and ultimate goal on the journey of spiritual life is - to immediately take surrender to bona fide Spiritual master and with all curiosity and dedicated service make submissive enquiries to understand the Krishna. He is only who has seen and understood the absolute truth by practicing bhakti yoga.

And one fine day on 16th August 2017, we were blessed with the prestigious Gaur Nitai Seva at our own home. We have been honored to have Nitai Gauranga Seva full time at our home and finally two family members added in our small family, our home became temple and our life became 24x7 Krishna conscious then after. We also started arranging Bhagavad-gita session for our entire society on every Wednesday along with melodious sankirtan just to provide golden opportunities to people around us who really not tested priceless taste of Prem Bhakti and Bhakti-yoga through chanting harinam together.

Dear Srila Prabhupada,

Please accept my humble obeisance's at Your lotus feet. One year has passed away by serving & this year went away at lightning speed. I am very happy to join this society and this all was possible because of You and Krishna. Krishna and You are always in my heart and mind.

Dear Srila Prabhupada,

Please accept my humble dandvat pranam at your lotus feet. All glories to Your Divine Grace!

My beloved Prabhupada, I am amazed with your constant state of mind which is always involved in spreading the essence and love of Krishna consciousness. You are a humanity savior, who freed thousands of souls from the darkest spell of Maya. How wonderfully you have spread the Krishna consciousness in the world within a span of just 11 years, is definitely not an easy task. However as you always say that if we take any material names for few thousand times we will be tired off, but if we take Krishna's name, we will always feel to repeat it more and more. Same way your actions that you were always and always involved in spreading the love of Krishna throughout the world.

In this age of Kali, we all are surrounded with the false images. It is likely impossible to find a true spiritual master who can genuinely show us the right path back to Godhead. Out of many blissful devotees I am one of them that I could reach you somehow. Once during the Dipawali I visited Radha Madhav Temple Bhadaj, Ahmedabad with my family member. I saw few devotees paying obeisance in very systematic manner. This made me curious to know the science behind it. I visited next time and met Vrajesh Tanaya Prabhu, who was working in google and left his job to serve Krishna. I was really astonished to know this. And later I found so many devotees who were at the top position in this material world and left everything for Krishna. Somehow I realized that - believe it or not but true happiness is in serving the Supreme Personality of Godhead – Krishna. Your Deity was there in the temple and I

enquired more about you. More and more I was asking, more and more I was getting satisfied. When I was passing through bad times of my life because of family issues, I started more visiting temple and more I fell in love with Krishna consciousness philosophy.

“manas-ekam, vachas-ekam, karman-ekam mahatmanaam”- Great souls are consistent in their thoughts, words and actions. Prabhupada, Your life, your actions and your worlds are a wonderful example of this. While I was reading the book of Science of Self Realization, in one paragraph of preface, it was written that someone asked you, “Prabhupada, are you God” and You replied “No, I am not God, I am servant of the God”, later after few second you corrected it again and replied “Actually I am trying to be a servant of the God”. Yes that incident stole my heart and I was feeling to cry how noble heart person you are. Who has dedicated his whole life for the God and saying I am just trying to be servant of the God. And YES, I've found you, I've got my true spiritual master and that is you Prabhupada.

Prabhupada, I am not that one devotee what you're always instructing me to be one but I am trying my best and promise you that one day I will be the devotee that satisfies you. Every day I am stepping ahead on this path and keeping the goal in mind to go back to Godhead and never come back again.

હરે કૃષ્ણ

શ્રીલ પ્રભુપાદજી ના ચરણોમાં સત સત નમન ભક્તિવેદાંત શ્રી પ્રભુપાદ તે એક કૃષ્ણકૃપામૂર્તિ હતા. તેમને ભૌતિક અને આધ્યાત્મિક જીવન વિષે અત્યંત સરલ અને સુંદર રીતે અનેક કૃષ્ણ ભક્તો ને જીવન જીવવાની અનોખી રીતે બતાવી.

શ્રી ભક્તિ વેદાન્ત પ્રભુપાદજી ને ગુરુ રૂપમાં સ્વીકાર કરીને આપના જીવન ધન્ય કર્યું. સરલ અને સુંદર મહામંત્ર આપને આપ્યો.

“હરે કૃષ્ણ હરે કૃષ્ણ કૃષ્ણ કૃષ્ણ હરે હરે”

“હરે રામ હરે રામ રામ રામ હરે હરે”

આ મહામંત્ર શ્રી પ્રભુપાદજી એ અમારા જીવન માં આધ્યાત્મિક જીવન જીવવા માટે અત્યંત મહત્વની રાહ બતાવે છે. એક ઉદાહરણ છે કે “પારસમણી લોહ ને સોનું બનાવે છે.

પણ લોહને પારસમણી નથી બનાવી સક્તી.

જ્યારે શ્રી ભક્તિવેદાંત પ્રભુપાદ તે એક એવા

પારસમણી છે જે અતિ નિમ્ન વ્યક્તિ ને પણ

સ્વયંપોતાના જેવા બનાવી શકે છે.”

ગુરુ ની શક્તિ અદ્ભૂત હોય છે. જે મારા ગુરુદેવ શ્રી ભક્તિવેદાંત પ્રભુપાદ માં છે.

જ્યારે અમે શ્રી રાધા માધવ ભાડજ મંદિરના સંપર્કમાં આવ્યા ત્યારથી જ જીવનમાં આનંદ અને આધ્યાત્મિક જીવન શું છે. તે જાણવાથી જીવન અમારું ધન્ય થઈ ગયું શ્રી પ્રભુપાદજી ના પ્રેમાળ આશીર્વાદ થી મારું પરિવાર કૃષ્ણ કૃપા નું સદ્ભાગી બન્યું. આજ અમને તે જાણવા મળ્યું કે ભગવાન શ્રી કૃષ્ણ શું છે? અને તેમણી કૃપા કેવી રીતે મળી શકે પરંતુ આજ જ્યારે હું ભાડજ માં કૃષ્ણભાવના ભાવિત ભક્તો થી મળું છું તો અતિ આનંદિત થઈને કૃષ્ણ ભગવાન ના રૂપ ને પોતાની આંખો માં સમાવેશ કરીએ છીએ. અને મહામંત્ર “હરે કૃષ્ણ હરે કૃષ્ણ કૃષ્ણ કૃષ્ણ હરે હરે

હરે રામ હરે રામ રામ રામ હરે હરે” નું નામ લઈને આધ્યાત્મિક જીવનમાં આગળ ને આગળ જવાનું શુભ કાર્ય કરીએ છીએ.

શ્રી ભક્તિ વેદાંત પ્રભુપાદજી એ આધ્યાત્મિક જીવનમાં પૂર્ણ પુરુષોત્તમ ભગવાન કૃષ્ણને કેવી રીતે સહજ અને સરળ રીતે પામી શકાય તે દર્શાવે છે. માટે શ્રીવ પ્રભુપાદજી ને ગુરુ રૂપે સ્વીકારીને આધ્યાત્મિક જીવન ધન્ય થયું. શ્રી ગુરુદેવ ભક્તિવેદાંત પ્રભુપાદજી ને ચરણ વંદના અને પ્રણામ

હરે કૃષ્ણ હરે કૃષ્ણ કૃષ્ણ કૃષ્ણ હરે હરે

હરે રામ હરે રામ રામ રામ હરે હરે

પુજ્ય પ્રભુપાદના આ પ્રસંગે મને આપના આશીર્વાદ મલે છે. તેનો હું ખુબજ મારા જીવનને ધન્ય માનું છું. આપણા જીવનમાં ઘણા પ્રસંગો એવા આવે છે. ત્યારે આપણે ખુબજ મુજવાણમાં મુકાઈએ છીએ તે સમયે શાંત ચિત્તે વિચાર કરવાનો છે કે આવી સ્થિતિમાં આપણે શું કરીએ ત્યારે આપણે આપણા જીવનમાં મળેલા ગુરુ જે શ્રીપ્રભુપાદ છે તેમને અચૂક યાદ કરીએ છીએ તેમના માર્ગદર્શન થી આપણા ન વિચારેલા ધર્મિક કાર્યો, તેમજ રોકાયેલા બધાજ કાર્યો અચૂક પુરા થાય છે. તેમાં કોઈજ શંકા ને સ્થાન મળતું નથી.

રાધા માધવ મંદિરમાં જ્યારે જ્યારે શુભ પ્રસંગો હોય છે ત્યારે મંદિરમાં કીર્તન કરવા, આરતીના દર્શન કરવા, સ્થયાત્રા, જન્માષ્ટમી, કાર્તિકમાસ, રામનવમી, વગેરે વગેરે ધાર્મિક પ્રસંગો માં પ્રભુપાદ ના દર્શન કરવા એ મારા માટે ખુબજ ભાગ્યના સ્થાને તેમના આશીર્વાદ રૂપી પ્રસાદ હોય છે.

આપણા જીવનમાં આવા સદગુરુ મળવા અને તેમના પુસ્તકો વાંચવા તેમાંથી આપણને જે માર્ગદર્શન મળે તેમજ તેમના પુસ્તકો નો પ્રચાર કરવો. આપણે મંદિરમાં આવી જે કઈ સેવા કરીએ તે પ્રભુ માટે કરીએ છીએ જે આપણને સદગુરુ ના આશીર્વાદ થી સેવા કરવાનો અવસર પ્રાપ્ત થાય છે. આ માટે આપણે આપણા જીવનનો વધારે સમય પ્રભુ સેવા, ગુરુસેવા, મંદિરસેવા માં ફાળવવો જોઈએ. અને આપણું જીવન ભક્તિમય બને સાથે સાથે જીવનમાં આપણે સંતોની સેવા કરીએ એ મોટા ઉદ્દેશ્ય સાથે

ગુરુજીના ચરણમાં દંડવત પ્રણામ હરે કૃષ્ણ આપનો સેવક રાજુભાઈ ગાલીયાં

Dear Guru Maharaja Srila Prabupada,

I offer my respectful obeisance on to lotus feet of my spiritual master, the deliverer of the fallen souls like me. I'm so thankful that Your Divine Grace has accepted me as disciple. Your Divine Grace is the most loving and gentle *guru maharaja*, any disciple could ask for. I surrender myself more and more to your lotus feet as the days go by. But simultaneously, it is a fact that I am struggling to strictly follow the *Bhakti Path* rules in the same way as narrated by you. Since long time I have done audit of my sense gratification desires and observed that I have to work a lot on it. I'm still drowned by Maya and covered by her veil. I only have my Shradhha and service to offer unto your lotus feet to get strong determination and willingness for following *Bhakti Path* more seriously. Thank you my master for molding the way of living life. I'm so grateful and appreciative.

On this auspicious day I pray to you my *gurudev* to bless me so that I chant attentively to serve with correct attitude and become more careful to progress on *Bhakti Path*.

All glories and glories to Your Divine Grace

कृष्णकृपामूर्ति श्री श्रीमद ऐ. सी. भक्तिवेदान्त स्वामी प्रभुपाद, आपको १२२वें आविर्भाव दिवस पर आपके श्री चरणों में सादर नमन एवं वंदन करता हूँ।

वर्तमान युग में सभी लोग भगवान के दर्शन करने के भाव से मंदिर जाते हैं, मैं भी अपने परिवार सहित घर के समीप मंदिर एवं अन्य देव स्थानों पर नियमित रूप से जाता था। इसी क्रम में मेरा परिचय आपकी द्वारा बनाई गई संस्था हरे कृष्ण मूवमेंट के वरिष्ठ भक्त (वैष्णव) से हुआ। अनेक विशेष आग्रहवश मैं परिवार सहित श्रीश्री राधा-माधव मंदिर, भाड़ज जो कि मेरे निवास से बहुत दूर हैं, भगवान के श्री विग्रह के दर्शन के लिए आया। यहाँ आने के बाद पहली बार मुझे मालूम पड़ा कि मंदिर क्यों जाना चाहिए? भगवान के श्री विग्रह के दर्शन के साथ-साथ मंदिर में सही ज्ञान की प्राप्ति के लिए मंदिर जाना चाहिए। इसी दिन से मेरा झुकाव मंदिर कि तरफ एवं आपकी संस्था कि तरफ बढ़ गया।

धीरे-धीरे यहाँ पर वरिष्ठ भक्तों एवं वैष्णवों के संपर्क में आने के बाद यह ज्ञान हुआ कि वास्तव में हम कौन हैं और भगवान कौन हैं? एवं भगवान के साथ हमारा क्या घनिष्ठ सम्बन्ध हैं? दिनों-दिन मेरे ज्ञान में उत्तरोत्तर वृद्धि होने लगी। नियमित रूप से मंदिर आने पर उपस्थित वरिष्ठ वैष्णवों के संपर्क में रहने से मेरे जीवन को श्री कृष्ण भक्ति का सुदृढ़ आध्यात्मिक लक्ष्य मिला। बीते डेढ़ वर्ष में मेरा जीवन बहुत हद तक बदल गया है। यह सब आपके चरणाश्रय में आने पर ही संभव हो सका है। आपकी अहैतुकी कृपा से बीता समय बहुत ही यादगार रहा है। परम पुरुषोत्तम भगवान श्री कृष्ण की भक्ति में विशेष निष्ठा जागृत हुई है। आपकी आशीर्वाद से ससंस्था के वरिष्ठ वैष्णवों के मार्ग दर्शन ने क्रमबद्ध रूप से श्रद्धावान, सेवक एवं साधक चरण तक आश्रय प्राप्त किया है।

हरे कृष्ण मंदिर "उत्सवों के मंदिर" के रूप में विख्यात हैं। यहाँ पर समय-समय पर अनेक उत्सव आयोजित किये जाते हैं। आपकी कृपा से मैंने परिवार सहित सभी उत्सवों में भाग लिया है और दी गयी सेवाओं को पूर्ण रूप से निभाने का प्रयास किया। पिछले कार्तिक माँस के दौरान मुझे परिवार सहित संस्था के भक्तों के संग में वृन्दावन यात्रा पर जाने का विशेष मौका मिला। हालांकि इस क्षेत्र कि पहले भी यात्रा कर चुका हूँ, किन्तु वास्तविक रूप में "धाम यात्रा" इस बार ही हो सकी है। श्रीश्री राधामाधव के अहैतुकी कृपा से एवं आपके विशिष्ट आशीर्वाद से नित्यानंद त्रयोदशी पर मंदिर से भगवान श्री गौर-निताई के अर्च विग्रह घर पर पूजन अर्चन के लिए भेंट-स्वरूप प्रदान किए गए। इसी सप्ताह आपके स्नेहिल आशीर्वाद से श्री गौर-निताई के महाभिषेकम का भव्य आयोजन करने का मौका मिला। हमारे पुरे परिवारजानों, रिश्तेदारों, समाजजनों के साथ महाभिषेकम का अभूतपूर्व आयोजन किया गया।

इसी वर्ष दौड़ान मंदिर के भक्तों के संग, मुझे उत्तराखंड चार धाम यात्रा पर भी जाने का अवसर प्राप्त हुआ। भगवान कि अपार कृपा से पूरी यात्रा सकुशल विशेष हर्षोल्लास के साथ पूर्ण हुई। संक्षिप्त में कहूँ तो आपकी संस्था में आने के बाद आपके चरणाश्रय लेने के पश्चात् जीवन जीने का पूर्ण तरीका बदल गया है। और मैं सही जीवन पथ पर निकल गया हूँ। मंदिर द्वारा मुझे सम्मानित करते हुए हमारे विस्तार शाहीबाग में भगवान श्रीश्री राधामाधव कि भव्य रथयात्रा कि आयोजन करने कि ज़िम्मेदारी दी गई। आपके आशीर्वाद से इसे निभाने का निष्ठापूर्वक प्रयास किया। आज मैं इस पावन दिवस पर आपके समक्ष शपथ लेता हूँ कि भविष्य में भी संस्था द्वारा समय-समय पर जो भी ज़िम्मेदारी (सेवा) मुझे दी जायेगी, मैं उसे पूर्ण रूप से निभाने का प्रयास करूँगा।

आपका चरणाश्रय एवं आशीर्वाद मुझे मिलता रहें और श्रीकृष्ण भक्ति पथ पर सदैव आगे बढ़ता रहूँ। उसकी मंगल कामना करता हूँ।

हरे कृष्ण,
भक्त राकेश सोडानी

હું ગુરુ પ્રભુપાદના નિયમો નું પાલન પણ કરું છું અને ગુરુ પ્રભુપાદના આશ્રયથી મારા જીવનમાં ઘણા પરિવર્તન આવ્યા છે અને જે પણ મારા જીવનમાં પરિવર્તન છે તે મારા ગુરુ પ્રભુપાદ આપના આશ્રયથી છે

પ.પૂ.શ્રી પ્રભુપાદજી,

મેં આપના આશીર્વાદથી તા.૮/૭/૨૦૧૮ ના રોજ શ્રધ્ધાવાન આશ્રય લીધો.

આપના આશીર્વાદ મળ્યા પહેલાં મારી જીંદગીમાં આળસ ખુબ જ હતી.જે અત્યારે ઘણા પ્રમાણમાં ઓછી થઈ ગઈ છે. (પહેલાં હું સવારે ૭:૦૦ વાગ્યે ઉઠતો હતો. અત્યારે પરોઢીયે ૪:૩૦ વાગ્યે ઉઠવાનો પ્રયત્ન કરું છું.) દરરોજ હરે કૃષ્ણ મહા મંત્રનો જાપ કરવાનો સંકલ્પ કર્યા પછી જીવનમાં નિયમિતતા આવી.

ઘેર દરરોજ ભગવદ્ગીતાનું પારાયણ થતું હતું પરંતુ તેમાં રહેલી ગહનતા આપની કૃપાથી વાંચવા મળેલ ભગવદ્ગીતા યથા રૂપ દ્વારા મળી.

કૃષ્ણભાવનામય જીવન જીવવા માટે આવતી નાની મોટી અગવળો સામે ઝઝુમવાની શક્તિ પણ આપની કૃપાથી મળી છે.

All glories to Srila Prabhupada,

I feel very delightful to come in touch with You. After getting in touch with Hare Krishna Movement, I can see the unbelievable change like improved concentration in myself. The prasadam is very nice. I would like to have prasadam always. Chanting Hare Krishna Mahamantra keeps us motivated & some invisible spiritual energy which is stored in our self. I would like to come to temple and attend sessions.

I am very much fond of coming to temple and having association of devotees. But due to some reason I am not able to make it. I seek Your blessings so that I can overcome this and have darshan of Sri Sri Radha-Madhav.

Your servant, Bhaktha Ridham

Bhakta Rohan Mandora

Respected Guru Srila Prabhupada,

Please accept my humble obeisance's. All glories to Your Divine Grace! I am so fortunate to have come in contact with the Hare Krishna Movement and Shree Radha Madhav Mandir at Ahmedabad. As mentioned by You in one of the letters, "Character building is the groundwork for seating Krishna consciousness". Your humble servant is currently at the initial stages on the journey to understand Krishna, his universe, his expectations, our duty and the ultimate goal of life. With Your blessings, I have got an opportunity to kick start the study of the teachings of the Lord as given in the Vedic literatures by attending the Gita Life Course in which Your learned disciples, taught us the unadulterated essence of the Holy Bhagwat Gita. Please shower Your mercy to be able to convert the academic learning's into implementation in life.

While we keep coming across multiple cross roads in life where it is easy to get carried away towards a materialistic comfort zone, Lord Krishna's and Your blessings as well as a continuous engagement with temple devotees, ensures that the focus gets re-aligned to making a steady progress on the path of Krishna Consciousness with the ultimate goal being getting a place in the lotus feet of Krishna. Multiple materialistic commitments currently take up substantial mind space and time, limiting the opportunity for devotional service. Incrementally, with Your mercy, I hope to be able to devote more time towards spiritual development and continue to advance towards building a Krishna conscious character in the forthcoming years.

Please continue to bestow Your mercy on this humble servant of Yours,
Bhaktha Rohan Mandora

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet. All glories to my beloved spiritual master.

It has been three years since I came in touch with your mission and embraced every following day ever since. I try to follow your teachings as much as possible. Although it has been difficult to do so as I had to come to my home, not the home that I wish to go. But you have conditioned my senses in such a way that wherever I go, my eyes

always look for a sign that would grant me the association of you and Krishna, be it the sight of Vaishnava tilaka on someone's forehead or Kanthi mala in the neck, I just go and talk to them and somehow or the other, I find myself in the association of your devotees and experience real happiness. I wish everyone who is running after money, lust and pride must get a taste of this sweet nectar of devotion to feel what actually it is being always blissful unconditionally. My heart cries when sometimes I really want to come to temple, just a visit is sufficient to brighten up my days but I am forced not to do so by people who have forgotten their life's actual purpose that is to go back to Krishna, to go back to Godhead. I want to thank you with all my heart for making me yearn for Krishna, the association of devotees, Sankirtana, Prasadam and everything that connects me with the super soul whenever I'm wasting my time away from all this. I pray to you and Krishna to always let me be under your shelter and causeless mercy.

Your servant,
Bhakta Rohan Singh

Hare Krishna my dear Prabhupada,

Please accept my humble obeisance's unto Your lotus feet.

Prabhupada, I see You daily on mobile, sometimes hear Your lectures, sometimes meet You in temple. Whenever I see You I have something materialistic in my heart that I wish to have. I am not able to clean my heart even after so much of time. In happy timings I always believe myself a devotee but when difficult time comes my faith in You and Krishna reduces.

Also today I realized that I started speaking lies due to my laziness and ignorance. I promise You that I will not speak lies to good people now onwards. I am the lowest among all Your children. You have put so much of trust on us but I am so foolish that I become lazy, start lying and become servant of my senses. And I know Prabhupada that You are always there guiding me inside my heart. I accept all my wrongdoings Prabhupada and I accept that I couldn't come out of my ego till now.

Prabhupada my mother is a good believer in You and also my father is a good person, I see him following the principles of Bhagavad-gita. I wish that they can come out of chaos currently going on in my home and we can come to meet You in Mayapur soon and I can introduce You and Krishna consciousness a bit to them, though I am not capable of it.

I remember Your quote that I read couple of days before - until and unless we know the truth that no one can save us neither money, nor children, nor family, nor assets but only Krishna mercy can save us in this materialistic world till that time we don't become Krishna conscious.

Prabhupada, my heart is so dirty that although You have written everything in Your books but I don't take out time to read them and I complete my 8 rounds of chanting just as a duty. I am not able to come to little pure consciousness. May I get association of devotees more and more and by hearing them, seeing them my heart becomes cleaner. Prabhupada, I want to be in Your association through chanting, book reading and devotional service.

I promise You Prabhupada that I will be more serious in my day to day activities and I will remain humble to everyone and lead my life under Your shelter. Please don't put me away from You. Please bless me that wherever I am living I can regularly meet You, regularly chant and keep doing devotional service. I always think of You Prabhupada. May I share Your glories to more people and before that may I become a good servant of Yours.

Thank You Prabhupada for everything I have in my life and for giving me chance to write a letter to You. I hope that You read this and bless me.

Jai Prabhupada, You are my beloved Spiritual master, May I follow Your instructions seriously without any mistake and make You happy.

Your servant,

Bhaktha Rohit Chugh

Dear Srila Prabhupada

Please accept my humble obeisances at your feet. All glories to you on this auspicious occasion of your divine appearance. Because of your efforts ISKCON society got established and fallen souls like me got a chance to connect to Lord Krishna and understand deeply the miserable condition of material life. I consider myself the most fallen soul and request you to recommend Lord Krishna as a special favor to purify my existence so that my soul is purified and gets engaged in Krishna's devotional service. I am struggling hard in this material existence and only by your mercy I get solace by reading Bhagavad-gita, visiting temple and watching ISKCON videos.

I met one of the Prabhus in Hare Krishna Movement Ahmedabad, as my spiritual guide he is constantly trying to bring me to the nectar of Lord's mercy and love in my heart and life. Your mercy has given me strength during my tough times. I do not find happiness in material existence. Give me light and direction to serve your lotus feet and Krishna's lotus feet.

Your most unworthy servant,

Bhakta Rupesh M Patel

Dear Srila Prabhupada,

Please accept my humble obeisance at your lotus feet. All glories to you on this auspicious occasion of your divine appearance day.

I still remember the day, I first visited the Hare Krishna Movement Ahmedabad temple and also ISKCON Bangalore Temple. I was simply awestruck by the beauty of the temple. The fusion of modern and traditional architecture, vibrant and divine atmosphere, clean premises and of course the beautiful worshipable Deities with their elegant attire completely mesmerized me. This is the kind of standard made by you and maintained in all the Hare Krishna temples. Devotees are able to maintain this high level of consciousness as they have realized the value of Krishna consciousness in their life based on your transcendental teachings. This reflects in every aspect of temple worship.

I had visited so many temples earlier but never had such a wonderful experience. That experience and appreciation was the beginning of my spiritual life. Like this Srila Prabhupada you had brought transformation in the life of millions and millions of jivas by imparting them the transcendental knowledge of Krishna consciousness and engaging them in Krishna's service.

Srila Prabhupada I humbly request you to please bestow your mercy on me so that I can serve you in whatever condition I am, wherever I am, whether in this life or the next. Allow me to remember your teachings and never get separated from you.

Thank you Srila Prabhupada with whatever little opportunity came my way to render service to you and their Lordships.

Yours Sincerely, Bhakta Dr. Rupesh M Patel

Bhakta Raturaj M Prajapati

Dear His Divine Grace 108 Sri Srimad Abhay Charanaravinda Bhaktivedanta Swami Srila Prabhupada, The Founder Acharya of ISKCON, Hare Krishna Movement.

Please accept my humble respectful obeisance unto your lotus feet. As Stated In SB:1.3.28 – “krishnas tu bhagavan svayam”, my spiritual master you are so great. that you have spread the holy name of Supreme Personality of Godhead Sri Krishna in the form of Hare Krishna Maha-mantra, “Hare Krishna Hare Krishna, Krishna Krishna Hare Hare, Hare Rama Hare Rama, Rama Rama Hare Hare”, as stated in Kali Santarana Upanishad throughout the whole world. By doing it you have spread the glory of Sri Krishna Chaitanya Mahaprabhu who stated that, “prithibitey ache yata nagaradi gram, sarbatra prachar hobe mor nam” and you are privileged to do it.

Dear Srila Prabhupada, You showed us the highest perfection of life which is the transcendental loving devotional service unto Sri Krishna. Which is above impersonal Brahman and localized Narayana realization of gyanis and yogis respectively and what to speak of atheist, voidist and impersonalists? All these sweet things are happening just by your vani – the divine instructions of Your Divine Grace which is non-different from vapu your physical presence. It is stated by you that whoever reads your books which are so much potent that he will be sure to become Krishna Conscious. I am neophyte devotee with offences. I am very much clear about your highest position as Uttama Adhikari Mahabhagavata - Spiritual master of entire world, by the help of your instructing disciples (shiksha gurus) at Hare Krishna Mandir Bhadaj, Ahmedabad and by Your Grace.

I am begging mercy to become advanced in Krishna Consciousness. Because only you can give the mercy of Krishna as it is stated, “yasya prasada bhagvata prasada”. I know that there will be so many obstacles. But that is also necessary for passing the test for becoming Krishna’s devotee. Because Krishna’s external energy will not allow us to go to Krishna without examining. As all things are of Krishna’s different energy, working for His pleasure – “parasya shaktir vividhaiva sruyate”. Please give me sufficient strength to pass these test successfully, for I solely depend on your mercy alone.

You are the one who showed our lost address - Goloka Vrindavana, which is our original home. We all are spirit souls being part and parcel of Krishna, our first duty is to serve Krishna very nicely. And now you have mercifully come here to train all of us and take back to Home back to Godhead. May I always remain attached to your lotus feet my dear master and chant Hare Krishna Maha-mantra and associate with devotees, so that I advance in Krishna consciousness.

Your aspiring disciple and servant,
Bhakta Raturaj M Prajapati

Bhakta Sagar Dalal

Dear Srila prabhupada,

Hare Krishna!

Please accept my humble obeisance on to your lotus feet again and again. All the words I would speak are given to me by you.

Again a year that has just passed on and has made me stronger in practicing Krishna consciousness the reason being is only and only your mercy. It has been your blessings and the intelligence given by you that I have been able to practice it. The most important things that keeps me going are your teachings, your quotes and your life up to which I look and learn a lot and there are times when I fall very badly and get shattered and feel that I will not be able to do anything in life and but just as a child falls, gets some pain and looks at his parents for some help or love at the moment, in the same manner I feel that you have always been there with me, no matter which part of the world I am struggling in, fighting but every single time I felt alone, I always had your back and your hand asking me to stand up, rise and again start and which makes me feel that I can never be alone and low as I always have

yourself and Krishna with me forever. And that helps me to manage to be little safe and follow the regulative principles in any situation of life, no matter where I am, how I am, but at every instance of life I have your quotes, teachings with me that keeps me going and makes me strong and I know that without your causeless mercy and your grace, it is not at all possible for me to survive in this world. Whenever I feel that I am not able to work, survive or follow, I get support of your devotees that makes me go one step further and practice it more nicely, no matter how hard it takes but it is only by your grace and by the lord's blessings that it becomes possible for me to follow this in different conditions and situations and in different countries as well.

Again During this period and this year I came across many ups and down in my life, well at every instance of life I learn something different but this time it was something different. It was very difficult for me to find temple, an atmosphere to follow and in such a country where most of the people have a very much tamsic nature and very poor eating habits, I was somehow managing by chanting, praying to Sri Sri Radha Madhav frame in my room and talking to your frame in my room. After 2-3 months of struggle, fight and desire to have darshan of the Lord, somehow I found Sri Balaji temple very much near from my place and having a glance of Lord made me cry. I have been visiting Balaji temple since then and will keep continuing doing the same by your blessings and whenever at any moment I fall or feel low or shattered I can always see your hand and support of your devotees in making me go strong and rise and for sure I know that it was you who has always given me strength to face every problem and difficulties in life and you have been my savior always. I feel blessed to be your follower as the teachings taught by you are a boon to the mankind and are the only thing that is making me go strong in Krishna consciousness outside the temple/Folk atmosphere.

Dear Master, please help me in purifying myself & my existence. Please do not leave me ever in this ocean of difficulties and problems as there have been times when maya acts showing me difficult times and gets stronger over me making my mind contaminated and does not let me practice your instructions strictly, sincerely and seriously. But it is you, your teachings and the support and your presence through your devotees that always keeps me going and saves me from ruining this precious life given by Lord to me. Please protect me, save me from this state of illusion. Only by your causeless mercy and your will can I be saved from this illusion and will be able to practice all your instructions in the best way and engage myself in your transcendental devotional service.

Your blessings made it possible for my parents to take up chanting and since that time they have been chanting regularly.

I would request you to keep showering your blessings and mercy over me and my parents forever so that all of us keep continuing this habit of chanting and also stay stronger in following your instructions irrespective of the places and situations we are in. Please direct us with your kind mercy so that we may achieve the goal of life. I beg you to forgive all my offences.

“Thanking you “will never be enough through my Vyas Puja offering as your teachings and blessings are not ordinary as it is helping me in getting more and more closer to Krishna. Always seeking your personal protection,

Yours Loving Servant,
Bhakta Sagar Dalal.

Bhakta Sahil Yadav

Dear Srila Prabhupada,

I offer my respectful obeisances unto my spiritual master, the deliverer of the fallen souls. His mercy turns the dumb into persuasive speakers and enables the lame to cross mountains.

I thank you Prabhupad for taking this sinful soul in your shade & giving me an opportunity to stay in folk in the association of devotees. During this past one year, you have assigned me the service to handle the Account of folk

Pune. This service demanded & gave an opportunity to realize the importance of Krishna's money and how to spend each rupee carefully in service of Krishna.

Prabhupad, even after 3 year in association of devotees, sadhna is everyday a struggle & I wonder how come I have managed to stick around even after so many ups and downs. Through your books I feel connected to you and try to stay krishnaized. Prabhupad, please keep me in your intensive care as I am afraid that I am still not strong enough to withstand any more blows of maya. Please let me always hold your dhoti as I have no other hook in Krishna Consciousness to hold on to. The more I think of you, Srila Prabhupad, the more I realize how great you are and how small I am. So I beg from you only one thing that where ever you may take me in future, just keep me in your devotee association.

Please be merciful onto me.

Your menial servant, Bhakta Sahil Yadav.

Bhakta Sameer

My Dearest Guru Maharaja Srila Prabupada,

Please accept my humblest obeisances at Your Divine Lotus Feet on this holy day of Sri Vyasa Puja. All Glories to Sri Guru and Gauranga!

I have no words to thank you that you accepted me as your servant. I beg you to always shower your mercy unto me so that I may always stick to your movement. My desire is that my life should go on by applying the principles you have given, please shower your blessing unto me. A disciple means who voluntarily agrees to be disciplined by the spiritual master. When one becomes disciple, he cannot disobey the order of the spiritual master. One cannot disobey the orders of guru. Caitanya Mahaprabhu, although He is Krishna Himself, he also says, *guru more murkha dekhi' karila shasana*: "My guru, My spiritual master, saw Me a fool, and therefore he has chastised Me." I also want to be a fool number 1 in your eyes.

The glories of the master are judged by the qualities of his disciples, so I long that I may become a humble, obedient servant at your lotus feet. Srila Vishvanatha Chakravarti Thakura has greatly stressed the mercy of the guru, and it is an actual fact that if we satisfy the guru by our service, he will give us his blessings. This is a very great opportunity, for the guru is the confidential servant of Krishna. The guru never claims that he is Krishna, although he is worshiped as Krishna: *sakṣad dharitvena samasta-shastrair uktas tatha bhavyata eva sadbhiḥ*.

Being the most confidential servant of Krishna, the guru is very dear to Krishna; therefore if he recommends someone to Krishna, Krishna accepts the person. The guru is the confidential servant of Krishna because he canvasses from door to door, saying, "Please become Krishna conscious and surrender unto Krishna." The bona fide guru tells people to surrender not unto him but unto Krishna. Thus one has to surrender unto Krishna through the via media of the guru, not directly. This is the process. The guru does not accept respect from his disciple for his personal self but conveys this respect to Krishna. If we cannot receive the mercy of the guru, Krishna is very difficult to approach directly. So my only desire is to always please you, in whatever condition you put me. I beg from you to always shower your mercy on this number 1 fool.

Desiring to always stay at the dust of your lotus feet.

Your most fallen, insignificant servant.

Bhakta Sameer.

Bhakta Saptarshi Paul

Dear Srila Prabhupada,

*Saksad – dharitvena samasta - sastrair uktas tatha bhavyata eva sadbhih
kintu prabhor yah priya eva tasya vande guroh sri - caranaravindam*

“In the revealed scriptures it is declared that the spiritual master should be worshiped like the supreme personality of Godhead, and this injunction is obeyed by pure devotees of the lord. I offer my respectful obeisance's unto him.”

I am glad that you have allowed me to be with your devotees. I am very happy and proud that my cousin brother is staying in temple and living a brahmachari life. My Mother & other family members are always attached with Krishna, it is my pleasure. When I first came to Pune, I heard about Iskcon boy's hostel beside our college, but it took me a lot of time to find the place. I Spoked with one of the devotee (NVCC temple) to name the place where the hostel is located, but he did not tell me that place. Maybe he was too busy.

One month passed. One morning I was thinking I might not be able to stay in this temple. Just an hour later Miracle happened with me, I show a person wearing Tulsi's mala in his neck. And I initiated the conversation and found that, he is staying in the FOLK Hostel. Then I started coming to their session. One devotee (Sameer prabhu) inspired me to stay there with the devotee, and now by your mercy I have started living in there association. Thank you prabhupada for your special mercy.

Prabhupada, give this servant of yours a drop of mercy. I am lower than a blade of grass in street. Give me strength. Let me be your servent, without desires or aspirations for material things. When will such mercy fall to this fallen soul who is weak and devoid of intelligence? . If you examine me, you will find no qualities. If you are not merciful unto me, I can only weep in the separation from your love. Prabhupada please be kind to me so that I can always stay under the shades of your lotus feet. Give me strength to remember the name of Krishna until my last breath, if you so desire.

Yours Servant,

Bhakta Saptarshi Paul.

Bhakta Sarthak Saxena

Dearest father Srila Prabhupada,

Founder Acharya ISKCON.

Please accept my humble obeisances unto your lotus feet.

When I first came to this Pune city, it was very new to me. No parents & no relatives were there for me. I was little bit afraid, but after one or two days I got in touch with some folk boys who were senior to me and one of them was wearing the Akshay patra T-shirt at that time I didn't knew about the AP. So, I thought the senior who wore AP t-shirt was Akshaya Patra man. But after coming in FOLK session, I got to know about AP and Krishna consciousness which is very important in everyone's life.

After coming in contact with seniors, FOLK sessions, Krishna Kripa prabhu and especially you Prabhupad, my life is fully changed. By your mercy, I got to know about the Supreme Personality of Godhead 'KRISHNA' and by your mercy I got the intelligence to know you as well. In my first Folk trip to Ahmadabad and Dwarka, when I saw Sri Sri Radha Madhav at Hare Krishna Mandir, I was very much astonished as well as attracted towards Radha Madhav. At that time, I decided to carry this Krishna Consciousness in my life in future. By reading your books, I got to know many things, like "we are not this body but we are soul" & also I realized so many things while reading, talking, walking, etc only by your mercy. I am practicing this KC and always wanted to be in your shade.

Now, in this life I will always chant Hare Krishna Mahamantra by your mercy,

"HARE KRISHNA HARE KRISHNA KRISHNA KRISHNA HARE HARE

HARE RAMA HARE RAMA RAMA RAMA HARE HARE".

Thank You Prabhupad to come in my life and giving me this perfect knowledge.

Your Servant,
Bhakta Sarthak Saxena.

Bhakta Sarvesh Malewar

Dear Srila Prabhupada,

Please accept my humble and respectful obeisances unto your lotus feet. On this most auspicious day of your appearance I beg your forgiveness for all the offences and mistakes I have done knowingly or unknowingly by not following your commands and orders. I am very thankful to you for showering your causeless mercy upon me.

You have saved me from many difficulties and obstacles which would have hindered my devotion towards their lordships Sri Sri Radha Madhav. I beg you to please forgive me for all the misdeeds I have done and please continue saving me from all those difficulties and obstacles. Three years back I came in contact with FOLK due to one of my senior Jivish Prabhu who introduced me to Krishna Consciousness and HG Krishna Kripa Prabhu. I am very thankful to both the devotees for introducing me to Krishna Consciousness. The atmosphere of FOLK is so enlightening and enthusiastic that I got attracted to FOLK and decided to stay in FOLK from October of 2015. This decision was the best decision I have taken in my life. I am practicing to follow your footsteps and wish to continue this for my entire lifetime. Please bless me so that I may not get distracted from my decision and determination to continue practicing Sadhna.

By your mercy I have been engaged in many devotional services since I have joined FOLK, but internally I am full of material desires, false ego and anarthas, please engage me more and more in your devotional services.. Let me always remember: -

*yasya prasada bhagavat-prasado yasyaprasadan na gatih kuto pi
dhyayan stuvams tasya yashas tri-sandhyam vande guroh sri-charanaravindam*

By the mercy of the spiritual master one receives the benediction of Krishna. Without the grace of the spiritual master, one cannot make any advancement. Therefore, I should always remember and praise the spiritual master. At least three times a day I should offer my respectful obeisances unto the lotus feet of my spiritual master. Srila Prabhupada, in this auspicious day of your appearance I very sincerely pray at your lotus feet to please help me come out of all the material desires and material illusion and may continue serving you more and more. I am also putting lot of efforts to do my Sadhna regularly and devotional services with more sincerity. Please help me to put more and more efforts to enhance my spiritual life and may reach my eternal home in this life only. Please forgive me for all the wrong deeds.

In seek of your blessings.

Your most fallen servant,
Bhakta Sarvesh Malewar

Bhakta Satish Gajjar

Honorable Srila Prabhupada,

Please accept my humble obeisance. All glories to Your Divine Grace,

Your pastime on the planet has been a series of divine lessons that guide us in every step of our Krishna conscious journey. I am really happy to offer my service to your great NGO Akshaya Patra Foundation. I am also feeling very proud to work with Akshaya Patra Foundation for last 3 years. I get very emotional with children when I see in the school that our kitchen meal is being fed. Tears come out of my eyes at time of school visit. From your blessing and huge support now a days thousands of people are employed getting employment from Akshaya Patra and Hare Krishna.

Srila Prabhupada, please continue keeping your merciful glance upon me, so that I don't fall into forgetfulness of all the wonderful experiences and realizations of Krishna consciousness that you bestow upon me.

From your sincere,

Bhakta Satish Gajjar, Akshayapatra Foundation-Ahmedabad

Bhakta Sayan Das

Dear Srila Prabhupada,

I am blessed that I have come in touch with Hare Krishna Temple. Thanks for helping me to find solutions for my problems. In this one year experience of Hare Krishna Mandir I enjoyed very much. In the college 1st year I came to bridge course & fortunately during the village visit, I came in touch with Hare Krishna Temple for the first time. I purchased the pass of only Rs.100. I remembered that our first session was taken by the Shyam Charan Prabhu. I liked very much kirtans, and the bhajan and the Hare Krishna Maha-mantra. I started chanting 10 rounds daily. Initially I was not at all happy in my life, but after chanting I am happy. I got relief by chanting Hare Krishna Maha-mantra. In temple, I like the atmosphere around 4 am to 6am in which all devotees chant & glorify the Lord. During that time, I could hear only Hare Krishna sounds everywhere. I want to enjoy both my material & spiritual lives. I thank all devotees to guide me. Devotees taught me to manage time & do spiritual practices. Hare Krishna mantra gives me so much confidence, I feel I have the will power to solve all problems of life just by chanting

Hare Krishna Mantra

Your servant,

Bhakta Sayan Das

Bhakta Sharad Shukla

Hare Krishna,

My obeisance to the Spiritual master. It is due to his mercy that I have found a purpose in my life beyond eating, enjoying and sleeping. His blessings are in the form of the vast knowledge base, he has left behind in the form of books and lectures and the ISKCON organisation that is espousing his ideas. I feel extremely blessed and privileged to be thrown this life-line and will work towards making myself worthy of it.

The association with the devotees and Prabhus has kindled a deep urge for hearing about the Supreme Lord and His energies. At the same time, the classes that I attend at the Hare Krishna Mandir, give a very direct and unambiguous explanation about the current state of affairs of the self and the world at a large. By now, it is even empirically established that the number of rounds of chanting is proportional to the wellness in the general state-

of-being. The focus has changed from movies and novels to reading Prabhupada's literature. I pray to Him to keep me focussed on the path shown by His most beloved Devotee.

Master Prabhupada, I pay my obeisance and homage to you to have enabled me to be a part of this transcendental bliss. Hare Krishna.

Your servant, Bhakta Sharad Shukla.

Bhakta Shashank K Bhattacharya

Dear Srila Prabhupada,

Please accept my humble obeisance's at your lotus feet. One more year has passed away since I have joined into your mission. Now I have realised that you have chosen me to get into Krishna consciousness. Before joining, I was not aware of the truth that Krishna is only the Supreme personality and after getting in touch with him only we can be free. This year was very special to me as I have seen or judged the drastic change in my thoughts, behaviour and in my life after joining in Krishna consciousness I got the opportunity to render service unto you in many of the festivals. I really enjoyed by being in touch with your dearly servants/devotees. I went on many spiritual trips which increased my knowledge about you and lord, by hearing your pastimes. Besides them also you helped me whenever I was at home, so that I can properly do chanting and can put control over my senses. Most importantly, I was able to be part of many book distribution programs through which I was somewhat able to contribute into your mission. By your, Krishna's and my all respectful devotees mercy I was able to chant 10 rounds daily and wishing to be at 16 rounds soon.

I am presently not so qualified in Krishna consciousness, as I am unable to focus on my goals and cannot control over my senses purely. So I humbly request you to show mercy of your nail tip upon this servant so that I can make proud to my parents and can control my mind and senses. Next year in the Vyasa Puja offering I am sure that I would be able to glorify you, having increment in Krishna consciousness by your mercy.

JAI SRILA PRABHUPADA

Servant of your servant,
Bhakta Shashank K. Bhattacharya.

Bhakta Shashank Singh

Dear Prabhupada,

Thank you for giving me this wonderful gift of Krishna consciousness. Because of you only I am totally a different person now. Earlier I was an atheist but when I came in touch with your books I was bewildered. Until I saw the documentary on your life i.e. HARE KRISHNA movie, I didn't know that you are such a great personality and from that day I decided to follow your instructions and serve you and Krishna. Because of your causeless mercy only I came in touch with seniors who introduced me to Krishna consciousness and when I went to Ahmedabad temple I was mesmerized by seeing devotees and beautiful deities Sri Sri Radha Madhav. Thank you for choosing such a degraded soul to give this valuable gift. So Prabhupada, I beg to you to use me as an instrument to spread your HARE KRISHNA MOVEMENT to other fallen souls. Kindly accept my obeisances unto your lotus feet. Hare Krishna!

Your servant,
Bhakta Shashank Singh.

Bhakta Shivang Dhasmana

Dear Srila Prabhupada,

Please accept my humble obeisance at your lotus feet.

It's been three years from now that I am trying to serve this movement and trying to give a little from my side. I know that I have not done anything so far for this movement but you are still showering the mercy upon me and giving me the constant association. You gave life not to me, instead you thought about everyone who took shelter at your lotus feet. This thing I was able to relate when I went to Sridham Mayapur where I saw how the westerners were following more sincerely than any INDIAN. You gave them peace and you want everyone to be peaceful. You are the one who brought Jagannath out of Odisha.

And gave Jagannath rath yatra to all people all over the world. You gave the highest philosophy to the fallen souls. As I could see that your movement is designed in such a way that if a person puts sincere efforts, than that person's liberation is guaranteed. You only give and give & a fallen soul like me is not able to give you anything in return.

There are certain small thing which I have been noticing between KC person and a non-KC person. We live in FOLK under your shelter and many of my friends live outside folk. They are simply gratifying their senses and here in folk we are given a nice environment in which we are learning to control our senses.

As you are the direct representative of the Lord, bonafied Acharya, your books are also the same. They are so easy to understand. Any one book summarizes whole vedas in it.

Once there was a time when I left your association and went to karmis association. It was impossible for me to come back but you took me back and put my mind again on track. SO LIKE THIS PLEASE PLACE ME IN YOUR HEART JUST LIKE YOU REMAIN IN KRISHNA'S HEART.

I am really, honored TO BE YOUR SERVENT.

Your servitor,

Bhakta Shivang Dhasmana.

श्री श्रीमद अभय चरणारविन्द भक्ति वेदान्त स्वामी श्रील प्रभुपाद के चरणों में कोटि-कोटि वंदन।

प्रभुपाद आपकी ही कृपा से कृष्ण भावना में ही जीवन निरंतर गतिमान है। जिस प्रकार कड़ी धूप से बचकर वृक्ष के निचे बैठे प्राणी छाया एवं शीतलता का अनुभव करते हैं। पारिवारिक व्यस्तता के कारण इस वर्ष में मंदिर सेवा कार्य में अधिक नहीं जुड़ सका परन्तु आपकी कृपा से भगवद् गीता का प्रचार एवं वितरण, वृन्दावन यात्रा, पाटोत्सव, रथ यात्रा, जन्माष्टमी एवं चार धाम यात्रा इस वर्ष के विशेष यादगार पल रहे। प्रभुपाद आप ही की कृपा से मंदिर अध्यक्ष श्री जगन मोहन कृष्ण प्रभु की प्रेरणा से मुझे मंदिर के ही एक भक्त के निवास पर भगवद्गीता के प्रवचन का द्वारा श्रीकृष्ण के सन्देश का प्रचार करने का अवसर प्राप्त हुआ। यद्यपि मैं इस कार्य के लिये सर्वथा अयोग्य हूँ परन्तु मुझे आपके इन वचनों का स्मरण है। जिसमें आप कहते हैं कि हमें बहुत ज्ञानी होने की आवश्यकता नहीं है। बस भगवान् कृष्ण के सन्देश को जैसा उन्होंने कहा है और जैसा हम गुरु परम्परा में सुन रहे हैं उसी रूप में आगे सुना दो बस तुम्हारा कर्तव्य पूर्ण हो गया है। प्रभुपाद मैं भी आपकी उस आज्ञा को पूर्ण करने का एक छोटा सा प्रयास कर रहा हूँ यदि इस प्रयास में मुझसे कोई भी भूल होती है तो आप मुझे क्षमा करें और साथ ही मुझे ऐसा सामर्थ्य प्रदान करें की मैं आपकी आज्ञा का पूर्ण श्रद्धा एवं लगन के साथ पालन करने योग्य बनूँ।

पुनः एक बार फिर से आपकी निरंतर बढ़ती कृपा एवं दया की याचना के साथ आपके चरणों में अपने इस निवेदन को पुनः करता हूँ।

Jai Srila Prabhupada,

My dear Prabhupada, you have always helped me even in my slightest of difficulties which comes my way. Every time I overcome such difficulties, it makes me humble and peaceful and moreover my love, my dedication, my surrenderance to Lord increases and I feel more protected. Life was never easy for me but being in touch with our spiritual master, life is rolling smoothly.

It's been almost 2 years that I am in touch with you and in these 2 years, life has taken a drastic change. I don't know where to start and where to end because there are many experiences. I would like to share my recent experience which was like a U turn in my life. I was living in Folk pune past last 1 year. 1st half was really great, but in the 2nd half things begin to change. I was feeling like I am not suitable for Folk. So by the end of the 2nd half, I decided to leave folk.

Everything was decided and finalized and I paid outside for the flat where I was going to leave afterwards. But without Lords mercy nothing is possible. So how could this happen? Hahaha. So foolish I was. One fine day before leaving folk, one Prabhu from Ahmedabad came to our folk. He came to know about my situation that I am leaving folk. He called me out, we talked about 2 hours on this topic. He made me understand each and every thing which is good for me and which is right for me. Before going to meet prabhu, I was a different person and after coming out of room I became a different person.

Thank you for everything Prabhupada.

Your Servant,
Bhakta Siddharth Dhiman.

पूज्य श्री गुरुदेव,

आप को हृदय से कोटि-कोटि प्रणाम ।

आप की वजह से आज मुझे मेरे मनुष्य जीवन में होने का दिव्य अहसास हुआ है । जगह-जगह भटकने के बाद भी क्या चाहिये, क्यूँ चाहिये; पता नहीं था । खुद का ही पता नहीं था । आप ने जो दिया है उस से बड़ी कोई चीज नहीं है । उससे बढ़कर मेरे लिए कुछ भी मायने नहीं रखता । ऐसा लगता है कि आपने भगवान से जुड़ने वाली जो सारी व्यवस्थायें बनायी हैं, उससे शायद आत्मा का अधूरापन कहीं खो गया है । एक दिव्य आनंद प्रदान करने के लिए, भगवत-प्राप्ति का मार्ग बताने के लिए, प्रभु के बारे में बताने के लिए आपको लाखों प्रणाम ।

जय गुरुदेव श्रील प्रभुपाद

आपकी कृपा की अनुग्राही

Dear Prabhupada,

Thanks for everything that you gave to us.

I never thought that I would ever truly believe in God. But because of your mercy, your Hare Krishna Movement, I came to know who is god and who I am. I was totally perverted, it was you prabhupada who picked me up from the mud.

Thank you Prabhupada ji you are always my spiritual master. Please Prabhupada ji give me the necessary strength so that I can follow all the regulative principles without fail and never ever be forgetful of the Supreme Personality of Godhead "Krishna" and always chant "Hare Krishna Maha Mantra" Jagad Guru Srila Prabhupada ki Jai!

Dear Srila Prabhupada,

Life is the most beautiful thing to live and experience everyday only when we understand the actual meaning of it and this meaning is understood by very few of people. The same thing happened with me too where I wasn't actually aware of how life needs to be, it was full of miseries, totally disorganized, uncertain thoughts and beliefs and no discipline in mental or in spiritual life. Problems used to act as those barriers which always seemed too high to lean upon and adding an emotional breakdown too. Decision making ability was one such thing which always proved to be the most difficult thing for me and always costed me more than I would have ever thought. The mind had always been very unstable where day to day a lot of thoughts come and go like a flash but never did those thoughts helped me get myself to a proper living and put me under a proper shape. Life had been more like an ocean, flowing everywhere with a lot of waves and never got stable. The only feeling which had always been constantly in me throughout was will I ever get a lifetime solution for every one of the things in which I didn't ever wanted to be?

Been in all these dilemma of my Life, I finally entered into engineering and those were the days of my first year when I got myself enrolled in an organization called FOLK, with no idea of what it is all about. I was asked to attend their lectures and then have food. So, only being curious about what's going to be in the food I started attending their lectures every Sunday. By almost about the third lecture I started developing my interest towards you and wanted to know more and more about you. Every Sunday now seemed not only about food but more about Prabhupada and his teachings and principles of life. I was getting amazed every day about the fact that I was actually getting solution for each and every problem of my life. Those teachings were like unfolding this whole mystery of life and for a young boy like me who doesn't knew anything, these thoughts were more like a nectar for me which were purifying myself every day. The life started getting inclined towards that world where the actual meaning of everything is residing, the actual happiness can be experienced, where positivity hits you every second, where every sound, every feeling, every thoughts are in the most purified form, and that world is the SPIRITUAL WORLD. I was experiencing this feeling of inclination towards this world every day. The Life was getting untangled, the hymns of the name of Lord Krishna was making me and my mind stable.

Prabhupada's thoughts were making me spiritually strong. I started to value my life more and was getting a new definition for it which first comprised of only sleeping and eating but now it was all about doing every service which relates to Lord, making myself internally happy rather than just fulfilling my external needs, where every day I wasn't feeding myself but rather feeding my SOUL. The Ultimate Truths of Life made me understand one thing which I feel was the best thing for me is that it isn't only about asking to get something from Lord, but it should be about trying to give something to Lord without any secondary thoughts and that's where even without asking for anything, you get everything and the thing which I got from these services was something which I never experienced. May be that's the Charisma of Prabhupada's teachings, Lord Krishna's Vibes, and getting towards Spiritual World. The Chanting of the Mahamantra has made me capable enough that I can control my mind. Every action now seems to be useful for me and my life. Prabhupada's smile always brightened more than anyone I have observed throughout but now I understand that it's the smile of internal happiness and to achieve that kind of happiness is what I look out for every day. When I think about myself a year back I see myself as a boy who was low on confidence, was always worried about everything going on, wasn't a truly happy guy, always had a negative approach towards everything but in this present day I feel amazed and happy too that in just a year I have totally changed from that boy to altogether a different and positive personality. I can't say about others but for me, yes I have actually grown as a human in this one year, and I feel myself very lucky that I got myself into a spiritual lifestyle at quiet young age and words will always be short for you who guided me and tried to transform me.

Yes! I love this life, this is worth living & these teachings will always be the carrier of my life and will always guide me throughout every situation. HARE KRISHNA!!!

Srila Prabhupada,

The words in dictionary would fall short, but yet Your humble devotees would have only done a wee bit in describing Your glorious past time & how You have transformed the life of millions of souls by guiding them back on the spiritual path of life. Your appearance in this material world to uplift the lost souls by the causeless mercy of the Supreme Personality of the Godhead.

The spiritual words that You have left for us neophyte devotees are pure bliss. The Nectar of Instruction and Nectar of Devotion You have blessed us with is all that a devotee requires to cross this material ocean. Every time we read Your books and whenever we listen to Your bhajans, serene and transcendental feeling of being next to the Supreme Personality of Godhead takes over this material body & ecstatic tears of joy flow from the eye. Truly, those divine words which You have Yourself said that these have been dictated by Lord Krishna Himself to You, is all that a devotee requires to remain surrendered at the lotus feet of Supreme Lord.

My Lord, I was lost, hopeless, despondent, dejected and tormented by the material world and consistently shackled like a pitiable animal at the hand of my ungrateful masters (my material senses). Your grace, Your words, Your books and Your kirtan gave me ever illumined sword of knowledge to cut through these false bondage and be brought back on the path of Krishna consciousness & thus resume my spiritual journey. I shudder to think of what might have happened to my soul if You would not have saved me Gurudev! if I look back at the massive transformation of my life, which has only happened because of blessings of Lord Gaur-Nitai & You, I only feel overwhelmed by the fact that in spite of my lowly qualifications, my drawbacks in my character, the lack of understanding my true dharma, You have blessed me and uplifted me and surrounded me with miracles, that these rationalist rascals would never understand but then a true devotee would immediately know the reason for You showering such miracles on an unworthy soul like me.

I bow down at Your feet again and again and offer my humble obeisances a millions times & humbly pray to You that may You Prabhupada please guide me throughout my spiritual journey. May Your wonderful grace and mercy be the shining light that guides my boat across this horrendous & treacherous ocean of material world and enable me to finally return back home to Godhead.

Your humble disciple, Bhaktha Sudeep Sanyal

Bhakta Sudhir Singh

Hare Krishna Srila Prabhupada,

Please accept my humble obeisances!

I have no words to express my gratitude for what Your reappearance in my life has done to me and my current family too. I can now clearly see it as all Lord Krishna's plan by which I got reconnected to You after around 13 years' of deviation from Krishna consciousness path which You showed me during my college days.

All the Vaishnavas You are sending to me and my current family from Your movement are so diligently helping us to progress on the path of devotional service. I wonder how the world would have been if You had chosen not to appear at that time and rescued at least some humanity levels and then gradually grown it to next levels in the form of Your movement in the form of Your books and other teachings.

Please keep Your blessings on us to help us experience a drop of Krishna Prema in this lifetime.

Dear Srila Prabhupada,

You have blessed me so much that today I'm following the four regulative principles and chanting Hare Krishna taught by the devotees and become free from all the dirt that was there within me. Not only this but also by Your grace I have taken the oath of sevak and have started offering food to lord first and take the Prasadam and stopped tea coffee onion and garlic in our food.

I have also started GLC (Gita life course). To write just a book on Your glories is not just enough but just like everyone I got a chance. I'm so excited that Your teachings and principles and Bhagvad Gita As It Is given by You is a gift all human society.

I will pray that more and more people come to know about Your glories and try to come and take blessings and be part of our society.

All in all, I love You Prabhupada and request to bless me so that I may never leave chanting, dancing and love for Krishna.

After completion of my 12th Science, I went for higher studies to Bangalore in November 2006. Suddenly my classmates and seniors planned to visit temple. At that time I was not aware of ISKCON. When I visited ISKCON Bangalore, it felt like a new world, very amazing. Then I started going to ISKCON temple once a week and attended Focus program, Yoga Retreat, Folk Classes and attended festivals too. I rendered services during the festivals. Then I came in touch with one Prabhu who started Gita classes at my home every Wednesday. Then I came in touch with other Prabhus, and they all helped me a lot in getting associated with ISKCON. I got positive thinking, life style, communication and delicious prasadam. During my final year in B. Pharma, Prabhu helped me a lot for reading. I am really very thankful to ISKCON and Srila Prabhupada.

महाविद्यालयात शिकत असताना चार महिन्यांपूर्वी कृष्णभावनामृत भक्तांच्या सानिध्यामध्ये मला कृष्ण भावनेत येता आले आणि आपल्या चरणांचा आश्रय घेता आला. मी खूप भाग्यशाली आहे कि, मला राधा माधव आणि श्रीलाप्रभूपाद यांच्या कृपेमुळे आणि असिम प्रेमा मुळे मला या आध्यात्मिक मार्गावर चालण्याची संधी मिळाली आणि भगवतधामात जाण्यासाठी जगातील सर्वोच्च अश्या गुरूंचे सानिध्य लाभत आहे.

कृष्ण भावनेत आल्याने जगातील सर्वोच्च अश्या भगवतगीता ग्रंथाचे अध्ययन, मनन, आणि आचरण करण्याची संधी मिळत आहे. कृष्णाच्या लीला ऐकून माझ्या हृदयात कृष्ण प्रेमाचा झरा वाहायला लागला आणि सर्वोत्तम अश्या आनंदाची प्राप्ती मला झाली. हरे कृष्ण हरे कृष्ण कृष्ण कृष्ण हरे हरे, हरे राम हरे राम राम राम हरे हरे या चैतन्य महाप्रभूंनी दिलेल्या मंत्रांचे १६ फेरे जप करून माझे हृदय शुद्ध होत आहे. प्रभूपदांनी सांगितलेल्या ४ दैनंदिन तत्वामुळे मला चांगल्या सवयी लागल्या आणि शरीरतीतल्या घोड्यासारख्या धावणाऱ्या मनाच्या दोऱ्याच आवळल्या. कृष्णप्रसादाच्या दररोज ग्रहणामुळे विचार सुपीक येण्यास मदत होत आहे.

Hare Krishna,

In starting of 2017, I was very depressed, tensed and tired due to various reasons (very similar situation to that of Arjuna in Mahabharata). Someone suggested me to visit Hare Krishna Movement, Bhadaj. I was not going to temple before that and was not keen to come here. One fine Sunday, I came and had darshan of Sri Sri Radha Madhav. At the first sight, the things I like the most was the cleanliness and the interaction of Prabhujs with everyone. Then I started coming on regular basis and attended 'Spiritual Retreat' course. Then progressed to "Gita Life Course" and my life is changed. I understand the three modes of nature and what is Atma, Parmatma and Brahman and of course the liberation. After the Gita Life Course, it was very crystal clear about what God wants from us? Why we are here? I was like 'karishye vachanam tav' (Similar to Arjuna). At present I am offering morning & evening seva, bhog to Lord Sri Krishna and chanting 8-12 rounds. Feeling joyful, more relaxed and I can proudly say "I am Vaishnav". All the credit goes to Srila Prabhupada. Because if there were no Prabhupada, then no Hare Krishna Movement and nothing could have changed in my life.

Sri Sri Radha Madhav ki Jaya and Jay Jay Prabhupada.

Dear Prabhupada,

My entry in FOLK Hostel was purely coincidental. Initially, during my stay I had thought that I will not stay in this hostel because God consciousness was something I never believed in. But now, after a year, it is only because of your mercy I have realised that I was terribly wrong. Before coming in touch with Krishna Consciousness, I was a misguided soul who was an atheist and was clearly going in the wrong direction. But it is only by your mercy that I am able to chant the holy name of the Lord 16 rounds a day. After coming in touch with your teachings, it has completely changed my perspective towards God and God consciousness.

Being a non-believer in God, it was difficult for me to do this but thanks to your patience and trust in me I was able to overcome that barrier. Also, after in touch with your lotus feet I am able to honour the delicious prasadam. Recently, I went to a trip to ISKCON Bangalore and Tirupati Balaji with my fellow FOLK boys and the fun I had in that trip was the best I had experienced in my entire life.

I have wonderful seniors who are very caring and helpful. They always help me in my material studies and also clear my doubts regarding my spiritual life. Only after their association I was able to grow in my life. Thank you Prabhupada for giving me this wonderful opportunity and bless me so that I can progress more and more in my spiritual life.

All glories to you Srila Prabhupada!

Please accept my humble obeissances unto your lotus feet.

It has been 3 years and 4 months since the very day you transformed my life. I was looming in the darkness of material existence and suffering the pangs of Maya. I very well remember the day I first stepped on the doors of FOLK Pune. It was the 2nd of March 2015, the day when I was enlightened about the purpose of my existence. I can never forget my first Gaur Poornima at HKM Ahmedabad. On my first visit only I was blessed to carry the Pallaki of Shri Radha Madhava. I will never ever forget the night of Gaur Poornima when I was dancing to the kirtana, looking at the Gaur-Chandra in the sky, drenching all over in the holy water of Abhishekam. It was so ecstatic; the first glimpse of the transcendental pleasure. My whole body was electrified, tears of joy were in my eyes. Till this day I've never had that same feeling again.

On 15th of March 2015, I shifted to Folk and this was the beginning of an unforgettable enlivening experience. I had my highs as well as my lows but within the core of my heart a strong feeling prevailed that Krishna Consciousness is the foundation of my life and whatever happens, I will never give up on it. I am very sorry Prabhupada that I could never become a nice devotee. I don't even consider myself worthy enough to be your disciple. I've just been a great fool. Still you've been very kind to me and always uplifted me from my low moments. I'm trying hard to follow your divine instructions and I've only one prayer unto you that kindly give me the shelter of your lotus feet and give me a chance to serve you and the devotees and Lord Krishna eternally.

One of my biggest bottle-neck in advancement in spiritual life was my false pride and ego. I've committed many offences due to which I'm still suffering in this struggle for existence and I'm regretting every single day for this. I always pray to Krishna, "I am very fallen, I can't hold on to You forever, please don't let me go away from You ever".

The last year in Folk was very hard for me as I was unable to manage my sadhana and competitive studies together. I failed miserably in spiritual life and material life as well. I couldn't bond well with the folk-devotees and offended

them out of my gross ignorance and foolishness. I deeply apologise to them and to you that I could not live by your instructions.

To my sheer amazement, Krishna and you never left me alone. I was able to chant and read even at my home. You would be happy to know that due to His blessings I have set up an altar at my home where I would worship Sri Radha Vrindavanchandra according to my capacity. Currently, I'm in Delhi studying and struggling for my career. I have no words to describe that how in the midst of such mayhem, you blessed me with the association of devotees. I can call it my "Second Chance". Due to your mercy I am chanting 16 rounds here and attending mangala arati daily. I'm so delighted to honour Krishna prashadam amidst a locality where even hygienic food and water is scarce.

There is much more I feel in my heart for your grace and blessings, but words are insufficient to describe my gratitude for you. In these years you've taught me the real meaning of humility and I've firm faith that my life will be full of Krishna consciousness. Please give me a chance to serve you and Sri Radha Madhava in whatever best way I can in this life and forever ever.

Yours most fallen servant,
Bhakta Vishal Choudhary K R

Dear Srila Prabhupada,

Please accept my most humble obeisance's at your divine lotus feet. You are glorified as ocean of mercy. So if you want to bestow anything upon me, please see that within the core of my heart there are no material desires except the transcendental desire to serve your divine instructions so that this rarest opportunity of human form of life is made successful. You do not tolerate any blasphemy against Krishna or His movement. But because of my irresponsible acts such blasphemy happened. Please kindly forgive me. Kindly give me the determination and strength to chant my 16 rounds and follow regulative principles. Please don't punish me by not providing prasadam and devotees' association. Otherwise my whole life will be doomed. Please give me strength so that I can rectify my mistakes and bring back good will for our movement in my college. Please give me strength and intelligence to please my authorities. Please give me strength to read your books and participate in transcendental book distribution. I again offer my most humble obeisance's at your divine lotus feet.

Your fallen servant,

Dear Srila Prabupada,

With the blessings of Lord Krishna, I joined the temple activities two years ago and interestingly I attach all the activities of temple. And I serve as volunteer and I am satisfy with this service and in my spiritual level is also increased. My confidence is also increased. There are many miracle happens after joining the temple. I am just sharing my recent miracle and I believe that is only because of the blessings of Lord Krishna.

My wife was suffering from stomach ache from last 1 year. When we got gynecologist, doctor said that my wife had more than one fibroid of 10 cm. So we needed to operate else she would not conceive pregnancy and it can create trouble to us.

Therefore we had checkup to multispecialty hospital and we got the same reply and asked us to operate. Then only she would be able to conceive pregnancy. Operation is critical that in that the womb of her needed to be removed. But due to lot of ache we decided to get operation done and remove fibroid.

Therefore we took an appointment for operation and check up for necessary tests and got the date of admission for operation. But before 1 day ago to admit we had pregnancy test and surprisingly it is positive. It is really a miracle for us. Then we went to hospital and check up with their instruments and found pregnant. Doctors also said, "The case of pregnancy during large fibroid inside womb is very less but it happened for you. So please carry pregnancy." It was really a miracle for me and my wife, and it just happened due to the blessings of Lord Krishna. Under the guidance and blessings of Srila Prabhupada we really feel happy and we come to temple to get the blessings of Krishna and Radharani even though my wife's 3rd month of pregnancy is running now.

It's really an example for those who do not believe in God, and we all continue our dedication to lord Krishna. Thanks a lot to those who helped me to push forward to pursue this devotional activity. I am really very happy to join this spiritual path. I even got a lot of confidence in my business as well.

Yours Servant, Yagnesh Dave.

Dear Srila Prabhupada,

His Divine Grace A.C. Bhaktivedanta Srila Prabhupadaa,

Hare Krishna Srila Prabhupada,

I submit my obeisance at your lotus feet. Last one year, I got a new service at our Hare Krishna Sri Radha Madhava temple, to teach the children about Krishna consciousness. In that service I learned many things. This service made me very enthusiastic.

When I teach the children about Krishna consciousness I am learning and gaining more knowledge about Supreme Personality of Godhead. By doing service to Sri Sri Nitai Gauranga, my routine life is going on smoothly. If I face any type of problem by the grace of your mercy I am getting solution to solve the same.

Last year I visited with my family Trichy, Sri Rangam, Sri Ranganatha temple. After darshan my father asked us, "Have you taken the darshan of moola murthi Anantha Sayanar". Unfortunately I didn't have darshan of Lord Anantha Sayanar moola archa vigraha, it has happened to my mother also, because of less time of darshan, before understand that to where to have darshan. We requested the temple devotee, but they refused to allow once again. We had to go all the way in the queue. But it was noticed by one of the women police who were in security purpose and she requested the poojari to allow us to have proper darshan. This was happened of your mercy and blessing of Krishna. We have darshan of Sri Partha Sarathy temple, Akshaya Patra Sri Krishna Balaram Temple, Chennai. Guruvayur, Tirumala Tirupati devasthanam and Alamelu Mangai temple darshan. In one tour we had Lords different darshan. It was my wonderful experience and second pilgrimage yatra after joining Krishna consciousness.

Srila Prabhupada, give me guidance and strength to improve my spiritual path. Please, forgive me if I made mistake by word or phrase while writing this offering homage to you.

Your sincere and obedient child,

Bhakta Abirami Selvakumar.

Bhaktin Adrika Singh

Dear Srila, Prabhupada,

Please accept my humble obeisances !

Its been over four years, we came in touch with Hare Krishna Movement Ahmedabad. When we had just begun, my mother used to find it very difficult to cook without onion, garlic and we used to find it very 'tasteless' to eat without onion, garlic. And in the beginning chanting used to be very fun and enthusiastic but then in the later years it

seemed boring and difficult to find time for chanting but still always I find kirtan the most mood lifting Krishna conscious activity even today as it is since the very beginning. Since I was so attracted to Sankirtan I used to watch the devotees playing Kartal and tried to copy them last year I took Kartal training on YouTube. Truly, I am very sad and dull personality but since the time I'm in touch of Srila Prabhupada, whenever I feel sad or something I suddenly just get a thought and Prabhupada says or he gives me positive thoughts and a reason to smile, always. As my father is very active since the time we started, he always wanted me to be in the same enthusiasm as I was in the beginning that is around 3 to 4 years ago. But unfortunately I couldn't convince myself or I didn't wish to stay in spiritual association too but I started to get into material association.....but I even couldn't help myself there cause where ever we lived previously or we are currently living, we could not find spiritual association. Whenever I tried to preach, people just never got convinced and those who were convinced were also just convinced for the sake of showing me that how good friends they are. And kind of the same way even I went on getting pulled by Maya and now I realize the fact that how powerful Maya is. And even in the mid times when my devotion just went low, I used to just pretend to be the old Adrika but pretention doesn't stand for long and my father already knew and, the point where I really went low and left all hope was when my father used to give me a weird look whenever the 'Bogus Guru' topic came up. now this doesn't happen anymore but.

I used to chant 8 rounds during weekdays and in my holidays 16 and today I chant 1 to 2 round daily and the same in holidays as well but as I mentioned above my always enthusiasm is and was Kirtan. And today I lead kind of a materialistic life but just I always try to squeeze in one round of chanting. About the rest spheres of devotional service, I have Prasadam, attend daily Arti twice a day at 6.30 am and pm. We have Gaura-Nitai Deities since last 3 years. And I used to bath them for until last Ekadashi.

In my family my father is the most active. His preaching's are very effective but I don't know why they no more affect me. My father and mother chant 16 rounds. My father is a good and strict devotee. About my mother, truly sometimes we (me and my mother) fall for onion/garlic dishes. Before we got into Krishna consciousness my father just like a fruitive worker and a materialist and the most surprising change has taken place in my father, before he used to get angry very quickly and he was worse than a materialist and today making him angry is a difficult job and this is proved by his effective preaching. I hope that I have defined my fallen situation very well and now I ask you to help me out of it. (I am very aware of my efforts required in the same.

I thank you so much Srila Prabhupada for bringing so much change in me and my family. I accept that I am not utilizing my time and the efforts you took just to help fallen people like me, I know that You are sad while seeing me not utilizing your efforts and that's why I request you to help me out of this situation and yes, I know my efforts would be required for the same. Thank you so much.

Bhaktin Aishwarya Chauhan

प्रणाम गुरुदेव,

मैं आपके पदचिन्हों पर चल रही एक और श्रद्धावान हूँ। आपने संघर्षों से हम जैसे भड़के नौजवानों को अपनी ऊर्जा परम पुरुष श्री कृष्ण की सेवा में लगाने का अवसर प्रदान किया। हमें योग का सही मतलब समझाया, हमारी आत्मा को दारुण दुख प्राप्त होने से पहले ही उल्लास का मार्ग दर्शाया। मैं आपकी आभारी हूँ। हे कृपामूर्ति, आपके आशीर्वाद और श्री कृष्ण की कृपा से मुझे सनातन धर्म को वैज्ञानिक और धार्मिक दृष्टि से जानने का मौका मिला। जबसे मैं श्री कृष्ण की सेवा में आपके अनुसार जुड़ी हूँ, मानवों और भगवान के प्रति मेरा दृष्टिकोण बदला है। ना सिर्फ बाहरी तौर पर, परंतु अंदरूनी तौर पर मेरी कुशलताओं की वृद्धि हुई है। श्रद्धावान के नियम अनुसार मैंने श्री कृष्ण महामंत्र का जाप, नियमित रूप से श्रीमद्भगवद्गीता का अध्ययन और आपकी लिखी पुस्तकों को पढ़ना शुरू किया है।

मैं अब अपने साथ श्री कृष्ण की निरंतर कृपा का आभास करती हूँ। मेरे मन में 'संधर्ष' और 'सुखी', हर एक क्षण में घट रही घटना, भगवान की कृपा तुल्य है।

धन्यवाद प्रभुपाद।

आपकी सेविका,

जगतगुरु श्रील प्रभुपाद.

जब से मेने श्रील प्रभुपाद का आश्रय लिया है तब से मेरे जीवन में परिवर्तन आ गया है। श्रील प्रभुपाद की कृपा और उनकी संस्था के संपर्क में आकर मैं जान पायी की मनुष्य जीवन का मूल लक्ष्य है भगवान कृष्ण को प्राप्त करना। प्रभुपाद की कृपा से मुझे पता चला की जीवन का सच्चा आनंद भगवान कृष्ण की भक्ति में है और कही नहीं। जो शांति हरे कृष्ण मंत्र जप से मिलती है वो शांति इस भौतिक जगत में कही भी जाकर खोजने से नहीं मिलेगी। जबसे मेने प्रभुपाद के चरण कमल का आश्रय लिया तबसे श्रीला प्रभुपाद ने मुझ पर अहैतुकी कृपा करके मुझे इस लायक बनाया की मैं घर में भी नीताई गौरांग की सेवा और भक्ति करके मुझे आध्यत्मिक जीवन में आगे बढ़ने का एक मार्ग दिया। मैं श्रीला प्रभुपाद से प्रार्थना करती हु की वो हमेशा मुझ पर कृपा करे और मुझे आध्यत्मिक जीवन में और भी आगे बढ़ाये। मैं कभी भी अपने आध्यत्मिक जीवन से भटकु नहीं।

आपके चरणों की दासी,

पूज्य गुरुदेव ,

आपके चरणों में सादर प्रणाम

"गुरुदेव" शब्द का एक अलग ही एहसास है। जब से मैंने आपका आश्रय लिया है मेरा जीवन निरंतर परिवर्तित हो रहा है। जीवन का सही मार्ग मिला है। मुझे भक्ति की नयी परिभाषा मिली है, ईश्वर की कृपा दोनों एक साथ मिले हैं। स्वयं का आत्मविश्वास बढ़ा है। हरे कृष्ण मंदिर भाड़ज मुझे मेरे बच्चों की वजह से प्राप्त हुआ है। गुरुदेव से यही विनती है कि हम भक्ति निरंतर बढ़ते रहें और उनका आशीर्वाद प्राप्त करें।

धन्यवाद गुरुदेव

“गुरु गोविंद दोनो ખડે, કાકો લાગુ પાય;

બલિહારી ગુરુ આપકી, ગોવિંદ દિયો બતાય.

ગુરુકૃપા સિવાય ઈશ્વરપ્રાપ્તિ. આત્મસાક્ષાત્કાર કે ઈશ્વર દર્શન શક્ય નથી.

ગોસ્વામી તુલસીદાસજી રામચરિત માનસના આરંભમાં ગુરુની વંદના કરતા લખે છે.

“જે કૃપાના સાગર છે, અને નરરૂપમાં હરિ છે તથા જેમના વચન મહામોહરૂપ ધોર અંધકારનો નાશ કરવા માટે સૂર્યના કિરણોના સમૂહ સમાન છે એવા ગુરુ મહારાજના ચરણકમાલની હું વંદના કરું છું. જેમ જળ વસ્તુને ઉપર ફેકવા

ચેતનની જરૂર પડે છે તેમ સત્વહીન અને પશુતુલ્ય બનેલા માનવને દેવત્વ તરફ મોકલવા જીવંત વ્યક્તિની આવશ્યકતા રહે છે. અને આ જીવંત વ્યક્તિ એટલે ગુરુ અને માર માટે ગુરુ એટલે ગુરુ શ્રીવ પ્રભુપાદ. ગુરુ પૂર્ણિમાના પાવન અવસર પર શ્રીવ પ્રભુપાદના ચરણોમાં મારા કોટી-કોટી વંદન.

સદ્ગુરુ ઈશ્વરનો સાક્ષાત્કાર કરાવી શિષ્યને જન્મ-મરણ ના બંધન માંથી મુક્ત કરે છે. તેથી સંસારમાં ગુરુનું સ્થાન વિશેષ મહત્વનું છે. તેમણી સદેહે હાજરી ન હોય છતાં પણ તેઓ સતત અને સખ્ત રીતે આપનું માર્ગદર્શન કરતા રહે છે.

શ્રીવ પ્રભુપાદના પરોક્ષ તથા તેમના શુદ્ધ ભક્તોના પ્રત્યક્ષ સાનિધ્યના કારણે જીવનને આધ્યાત્મિક ઉન્નતિનો અવસર સાંપડ્યો છે. વ્રત, તપ સંયમ, સહજતા, શાંતિ, શ્રદ્ધા, આસ્થા, વગેરે નો અર્થસભર અનુભવ કરાવવા બદલ શ્રીવ પ્રભુપાદ તથા તેમનું જ્ઞાન પીરસનાર પ્રભુ ભક્તોની હું આજીવન કૃતજ્ઞ રહીશ.

ગુરુની મહત્તા ગોવિંદ કરતા પણ વધારે છે કેમકે ગુરુએ આપેલ જ્ઞાન મારફતે યોગ્યતા પ્રાપ્ત કરીને જ શીશ્ય પ્રકાશમાન દીપક સમાન પરમાત્મા સુધી પહોંચીને એની ઝાંખી કરી શકે છે. શ્રીવ પ્રભુપાદ અંગે પણ આજ બોધ થાય છે.

હરે કૃષ્ણ મુવમેન્ટ અને શ્રીવ પ્રભુપાદના સંસર્ગ તથા સાનિધ્યના કારણે જીવનને એક નવી જ દિશા પ્રાપ્ત થઇ છે. ગુણવત્તાયુક્ત જીવનનો અનુભવ શક્ય બન્યો છે. રોજીંદા જીવનની અતિ સામાન્ય ઘટનાઓ પણ ગુરુના માર્ગદર્શન પ્રમાણે શ્રી કૃષ્ણથી જોડાઈ જાય છે. અને તેમાંથી મળતો અલૌકિક આધ્યાત્મિક આનંદ ગુરુને જ આભારી છે. શ્રીવ પ્રભુપાદ સમક્ષ કૃતજ્ઞતા વ્યક્ત કરતા તથા તેમનો આભાર વ્યક્ત કરતા ગુરુદેવને એજ વિનંતી કે તેમની કૃપા હંમેશા વરસાવતા રહે, તથા તેમનું માર્ગદર્શન સદાય મારા જેવા અબોધ શિષ્યોને પ્રાપ્ત થતું રહે. હું પણ તેમના માર્ગદર્શન અનુસાર તેમના વચનો, કૃષ્ણઆશ્રયના નિયમોને અનુસરીશ અને એમ કરવામાં તેમણી કૃપા અનિવાર્ય છે. ગુરુ જ પોતાના શિષ્યોને નવ જીવનન માટે તૈયાર કરે છે.

ભગવાન શ્રી કૃષ્ણ પણ ગુરુની મહિમા કરતા વર્ણવે છે ઇષ્ટ સાથે મેળવવાનું કાર્ય પણ ગુરુ જ કરે છે. વ્યાસપૂર્ણિમાના અતિ પાવન અવસર પર શ્રીવ પ્રભુપાદને શ્રદ્ધાપૂર્વક કોટી-કોટી વંદન. હરે કૃષ્ણ!

The appearance of Srila Prabhupada is very special day for all the devotees.

Please accept my humble obeisance. All glories to Srila Prabhupada.

Thank you for the mercy you shower on us. I am eternally grateful to you for showing me the correct path and saving me from impersonalism and showing me the right way of bhakti. I am so thankful to Sri Sri Radha Madhav that your grace has accepted me as your daughter and disciple which I take very seriously. I am so fortunate to have your grace as my spiritual father. I surrender myself more and more to your lotus feet as the days go by.

Gurudev, I am so indebted to your lotus feet, I have only my shraddha determination and service to offer at your lotus feet. Please accept my imperfect service. My life has completely changed.

Today when I look back, I feel I have wasted so much of time by not listening or knowing about Srila Prabhupada.

Gurudev, please bless me that I will remain your servant forever and not leave you even for a second.

Hare Krishna!

First of all, I would like to pay my pranam to Gurudev Srila Prabhupada and Sri Sri Radha Madhav.

Srila Prabhupada and his Hare Krishna Movement has transformed my life various ways. I am feeling immense positiveness, inner peace and faith towards supreme lord in my life after joining this movement. It has explained me the real goal of life i.e. service to the Lord Krishna only. This automatically helped me to engage myself in reading Srila Prabhupada's books like Bhagvad Geeta and Bhagvatam daily. It has explained me the reality that supreme enjoyer is Lord Krishna only which has automatically helped me to prepare the food for Lord Krishna.

My life has got a firm spiritual goal to achieve by studying Srila Prabhupada's books, association of devotees and chanting Hare Krishna Maha-mantra daily. This goal is very clear that You have to engage your each and every activity and senses in devotional service of Lord Krishna by remaining in Your existing position and preach to others about the glories of Lord Krishna.

The firm conviction in devotional service to Lord Krishna has awakened through various books of Srila Prabhupada, Sankirtan, GLC class, Vaishnava bhajans, aarti, chanting Hare Krishna Mantra 8 rounds every day and yatra of Jaganatha Puri Dham.

Srila Prabhupad ki Jaya. Hare Krishna.

Regards, Bhaktin Chandni Thakker

My Dear Srila Prabhupada

Please accept my humble obeisances

In this Vyasa Puja homage offering, I want to express my experience after accepting your divine grace as Guru. By accepting a pure devotee as Guru, first we have avoided tea, coffee and onion, garlic while for the past so many days we had the habit of those unwanted thing in our life. This itself shows the influence of a real Guru and real knowledge received from him. We started avoiding those things and gradually we started to offer the food to Sri Radha Madhav and eat the same as delicious prasadam every day. I got an opportunity to apply tilak to all the temple visitors on sundays and festivals because of your mercy.

Thank you so much for allowing me the good association of your devotees from past three years.

આ મહામંત્ર જે આપણને શ્રી ચૈતન્ય મહાપ્રભુજી આપેલો છે. પણ તે મહામંત્ર આપણા જીવનને કેવી રીતે બદલી શકે છે. તે મહામંત્રનું આપણા જીવનમાં શું મહત્વ છે અને મહામંત્ર નો શું યમત્કાર છે. એ શ્રીવ પ્રભુપાદ એ સમજાવ્યું છે. જ્યારથી તેમને અમારા ગુરુ ધારણ કર્યા ત્યારથી એ વાત સમજાય કે આ જીવનમાં આપણે શું કરવા માટે આવ્યા છીએ, આપના જીવનનો હેતુ શું છે. પહેલા એવુજ વિચારતા કે સવારે જાગો તમારું નિત્ય કર્મ યાવું કરો રાત્રે સુઈ જાવ ફરી જાગો રોજ નું એ જ.

પણ હવે ના જ્યારથી શ્રીવ પ્રભુપાદજી અમારા જીવનમાં આવ્યા વિચારવાની કાર્ય કરવાની દરેક પધ્ધતિમાં ફરક પડી ગયો છે. હવે જીવન કેવી રીતે જીવવું જોઈએ આપણને આ જીવન મળ્યું છે. તે અમુલ્ય છે, અને માત્ર સવારે જાગો ખોરાક લો કામ કરો અને સુઈ જાવ આ કામતો શ્રીવ પ્રભુપાદજી “ગીતાજી” કહે છે કે પશુ ને પણ કરતા આવડે છે અને ભગવાન દરેક જીવ માટે આ સગવડ આપેલી છે જે ને બોલતા આવડે છે કે નથી આવડતું પણ મનુષ્ય અવતાર કેટલો અમુલ્ય છે તેને આ ત્રણ ચાર વસ્તુ એટલે કે જે પશુ ને પણ આરામથી મળી રહે છે. કોઈ પણ જીવને મળી રહે છે. એ માટે સમય નથી બગાડવાનો અને ભૌતિક જીવનમાંથી નીકળી અને મનુષ્ય જ છે જે વાંચીને સાંભળીને અને સમજીને આ ભૌતિક જીવનમાંથી આધ્યાત્મિક જીવનમાં પ્રવેશી શકે છે. અને તેનો ભરપુર આનંદ લઈ શકે છે.

હવે જો આપણે દ્રષ્ટાંત સમજીએ અતિ આધુનિક ટેકનીક થી બનાવેલી મશીનરી આપણા પાસે છે. એમણે જોઈએ છીએ પણ તે કેવી રીતે કાર્ય કરે છે એ જો કોઈ જાણતું ન હોય તો આ કિંમતી મશીનરી અતિ આધુનિક સગવડ ભરી હોવા છતાં નકામી છે તો એમના સાચા અને ખરા ઉપયોગ માટે એમનો ટેકનીશીયન હશે તો તમે સમજી શકશો કે તે કેટલી ઉપયોગી નીવડશે માત્ર એક સ્વીચ નો ઉપયોગ કેવી રીતે કરવો તે તેના અભ્યાસથી જ સખત મહેનત જે તેમણે આ માટે માછરી મેળવવા માટે કરી તે પછી જ તે એટલી સહેલી રીતે મશીનને ચલાવી શકે છે.

આવા જ આપણા શ્રીવ પ્રભુપાદજી જેમને આ જ્ઞાન એટલું સહેલું બનાવી દીધું છેકે પોતે કરેલા પ્રખર તપસ્યા અને તેનાથી મેળવેલું દિવ્ય જ્ઞાન એ જ્ઞાન માંથી પણ કૃષ્ણ ને પાસે રહેવાનું તેમની નજીક રહેવાનો રસ્તો બસ હંમેશા ભજતા રહો મહામંત્ર

Hare Krishna,

All glories to Srila Prabhupada.

I offer my most humble obeisance's unto the lotus feet of His Divine Grace A.C. Bhaktivedanta Swami Srila Prabhupada who transformed my heart, my soul and who made me realize the purpose of life.

Such a pure soul, our beloved Gurudev, is still alive in our hearts and in his books. Because of him, today there are so many devotees who became Vaishnavas and transformed their lives from hippie to happy. He taught us to read his books, to chant Maha-mantra, make life sublime and to gift Krishna consciousness to others.

The Acharya who appeared to spread the Krishna Consciousness movement all around the world, to elevate inconsequential souls like us, to make us understand the real purpose of Life and because of whom we are realizing who we are and who is Krishna-the all Attractive.

It's been only one year that I have been through Krishna consciousness journey and relishing the mellows of pastimes of Shri Krishna Chandra because of Him. I have taken His ashraya and want to get more absorbed in service to Him, surrendering myself unto His lotus feet.

He is not just a Spiritual Master, he is our Eternal father and our beloved Gurudev.

By his Mercy, I got chances to serve Sri Sri Radha Madhav in Hare Krishna Mandir and also serving Vaishnav devotees and I am praying to be in His service the rest of my life.

I pray to Srila Prabhupada that please keeps on showering the mercy on us so that by following Your guidance, directions, instructions and blessings we get elevated in this journey and can serve You Gurudev and Sri Sri Radha Madhav as I have no such qualification to approach their Lordships directly.

All Glories to Srila Prabhupada.

नमः ॐ विष्णु पादय कृष्ण पृषठाय,

श्रीमते भक्ति वेदांत स्वामिन इति नामिने।

नमस्ते सरस्वते देवे गौर वाणी प्रचारिणे ,

निर्विशेषा शून्यवादी पाश्चात्य देश तारिणे।

जगत गुरु श्रील प्रभुपाद के चरण कमलों में कोटि कोटि प्रणाम। प्रभुपाद जी ने जो हमारा जीवन परिवर्तन किया है ,जो कृष्ण भक्ति दी है,श्री श्री राधा माधव की कृपा दी है उसके लिए मैं उनकी आभारी हूँ और उनके लिए कुछ लिखने का प्रयास किया है।

मुझे प्रभुपाद जी का मुस्कुराता हुआ चेहरा बहुत पसंद है और उससे हमें भक्ति ,में आगे बढ़ने की शक्ति मिलती है। "हरी बोल "कहके वे हमारा उत्साह बढ़ाते हैं। मुश्किलों के समय [रभड़ा जी की पुस्तकों को पढ़ने से अपने आप रडता मिल जाता है ,हमें ऐसा लगता है की हमारे गुरुदेव सदैव हमारे साथ हैं। मैं कभी कभी यह सोचती हू की यदि प्रभुपाद जी कृपा न होती तो वो मेरे गुरुदेव नहि होते और मेरा जीवन कृष्ण भक्ति के बिना ही रह जाता।मेरे गुरुदेव ने कृष्णभावनामृत का आंदोलन चलाया और चैतन्य महाप्रभु के सनकीर्तन से कृष्ण भक्ति का मार्ग दिखाया। प्रभुपाद जी ने जो गृहत्याग किया वह अपने गुरुदेव श्रील भक्तिसिद्धांत सरस्वती ठाकुर जी की आज्ञा का पालन न किया होता यो आज जिस रस्ते पे हम चल रहे हैं वो रास्ता ना होता। विदेशों में प्रभुपाद जी ने जब प्रकार किया तो ऐसे लोग कृष्ण भक्त बने जो की मांसाहार,नशा तथा गन्दी आदतों के शिकार थे। प्रभुपाद जी ने ऐसे लोगो का जीवन शुद्ध करके उन्हें कृष्ण भक्ति का ज्ञान दिया।

अमेरिका में उन्हींने बैंक तो गॉडहेड मैगज़ीन का प्रचार किया,जिन मुश्किलों का समना किया,कैसे भक्त बनाए ये एक आश्चर्य की बात प्रतीत होती है। जो उन्हींने विदेशों में हरे कृष्ण कीर्तन न किया होता तो वह पे रथयात्रा न निकलती। प्रभुपाद जी ने हर मुश्किल को सहन करके आसान रास्ते बनाये हैं। आज हम जो चार नियमों का पालन करते हैं,एकादशी व्रत करते हैं ,कीर्तन करते हैं और प्रसाद लेते हैं ,यह सब उन्हीं की कृपा है। आज हमारे जीवन में ऐसे अनुभव हैं जो आश्चर्यजनक हैं ,जैसे कभी एक टाइम की चाय मिस होने पे सरदर्द होता था और आज यह भी याद नहीं की कभी हम चाय पिया करते थे। गुरु के वचनों पर विश्वास करके और उनकी आज्ञा का पपालन करके हमारा अत्याधुनिक जीवन शुरू हुआ है।

प्रभुपाद के चरण कमलों में कोटि कोटि प्रणाम,सदैव आपकी कृपा रहे और हम कभी भी कृष्ण भक्ति के पद से निचे न उतरे बल्कि आगे बढ़ते रहे। ज्यादा से ज्यादा सेवा करे ,जाप करे और अंततः सभी वैष्णवों के चरण में कोटि कोटि प्रणाम।

हरे कृष्ण इला वेगडा।

श्री चैतन्य मनोभिस्ताम स्तापितामयेना भूतले। स्वयं रूपः कदा मह्यं ददाति स्वपदान्तिकम्।

श्री श्रीलप्रभुपादजी,

आपके हम बहोत आभारी हैं क्योंकि हमने आश्रय लिया उस हम लोग के पास उतना समझ और ज्ञान नहि था लेकिन जब से हम ने मंदिर आना शुरू किया तब हमें भक्ति का और आध्यात्मिक जीवन का पता चला।

आपकी कृपा से हमें बहुत कुछ समझ आया। जैसे की जो भी व्यसन था बुरी आदतें सब छूट गया। और नियमित रूप से जप करने की आदत हो गई। जीवन में गुरु की कृपासे परिवर्तन आया और नियमित रूप से हम गीता पाठ करनेलगे और आप ने लिखे पुस्तकों को पढ़ने लगे। पहले भी हम लोग मंदिर जाते थे पर हरे कृष्ण मंदिर आने से पता चला की भक्ति और सेवा कैसे की जाती है और हमने मंदिर आना नियमित रूप से चालू कर दिया और यहाँ आके हमसे जोबताते हैं उस सेवा में लग जाते हैं। हमें लगता है की आपकी कृपा हमें ना मिलती तो हम कभी भी भगवन के बारे में नहीं समाज पाते।

Hare Krishna! Srila Prabhupada ki jai!

My heartfelt gratitude to Srila Prabhupada and all the devotees and everybody associated with Srila Prabhupada and his teachings.

A common person like me, though not every day going to the temple is so much inspired to try to follow the path shown by Srila Prabhupada, then the people who everyday visit are the most benefited people who everyday visit are the most benefited people. Like as Srila Prabhupada has instructed to be in the association of devotees is must and is of great importance. So is my experience of the association of devotees.

The tireless efforts of Prabhuji's and Mataji's from temple are commendable. They are always full of zeal and knowledge to impart whenever You meet them. They don't discriminate, which makes me think very high for them. They always inspire You with a smiling face to indulge in the service of lord through any which way You can.

Their efforts to impart the true knowledge and purpose to people through all possible medium is excellent and is of great benefit to society.

I feel blessed to somehow be in association and benefited for my spiritual journey from humble and selfless people. This association and efforts really takes You a step forward to the path to go back to godhead.

Word are not enough to express my gratitude towards “Srila Prabhupada” and his devotees who religiously follow His teachings and spread them in society for betterment of each and every soul

Dear Srila Prabhupada,

Please accept my respectful obeisance's

It's a great experience for me to be a part of Hare Krishna mandir Ahmedabad. 4 years ago when I came in touch with this movement I had no idea about principles of life. But I can see the change in myself in these 4 years. Now I chant my 16 rounds daily which is very helpful in my sound sleep at night. The most difficult part since when I started to follow the regulative principles was to get rid of my tea, which was affecting my health adversely. Onion, garlic was not a problem for me but cooking without it was difficult and also my daughter was fond of foodstuff containing onion, garlic.

I can see visible changes not only in myself but also in all my family members and in their thought process, their eating habits and also in their lifestyle. My children are more focused in all walks of their lives. For all of this I express my heartfelt gratitude towards You, Srila Prabhupada.

Thank You for all these transformations.

Dear Srila Prabhupada,

I thank you for blessing me with Krishna consciousness. By following your instructions I have experienced lots of changes. I came out of depression. By chanting Hare Krishna Maha-mantra my mind has become peaceful and I am feeling happy now. Because of you only I learned that Lord Krishna is the Supreme Lord. He is everything and you taught me how to do His bhakti. By chanting, my home has become peaceful. Everything has settled rightly by doing Madhav-bhakti.

Please bless me that I remain Krishna conscious all my life. Please give me strength to chant my prescribed rounds of Hare Krishna Maha-mantra.

प्रभुजी आपको कोटि कोटि प्रणाम जी। आपने अपना पूरा जीवन सभी जीवों की उन्नति में भगवान् की दिव्यमय सेवा में समर्पित किया। और भगवान् चैतन्य महाप्रभु के मिशन को आगे बढ़ाया। जिसकी वजह से आज हम जैसे कई लोगों को जीवन का लक्ष्य समझ में आया और आपको अपना गुरु बनाने का मौका मिला जो किसी पुण्य का फल है। पर आपका सान्निध्य पाकर और भक्ति योग से कैसे भगवान् के पास कैसे जाना है, वो समझकर आज जीवन क्या है और हम कौन हैं यह समझ में आया। इसके लिए आपका जितना भी शुक्रिया किया जाए या आपको प्रणाम किया जाए वो कम है, क्योंकि कुछ चीजें लब्धों से बयां नहीं होती।

प्रभुजी अभी तो हम भगवान् की दास्य भाव में भक्ति के लिए अपने आप को समझ रहे हैं और उन्नति के लिए प्रयास कर रहे हैं। भक्ति रास क्या है वो समझ रहे हैं। पर उस रास तक पहुँचने के लिए हमें आपका सहारा मिल रहा है उसका बहुत शुक्रिया। धीरे धीरे परमेश्वर से सम्बन्ध बनाए की प्रक्रिया समझ में आ रही है, जो बहुत ही आनंदमय है।

श्रीला प्रभुपाद जी की जय..

हम प्रभुपाद जी का धन्यवाद करते हैं कि उन्होंने हमें भक्ति का रास्ता दिखाया , इस संसार में रहते हुए अपने ग्रहस्थ जीवन को सुचारू रूप से चलाते हुए हम किस प्रकार कृष्णभक्ति करके अपने अमूल्य जीवन का उद्धार कर सकते हैं। हरे कृष्ण महामंत्र की ताकत को समझाते हुए हमारे उद्धार का रास्ता दिखाया। हम अपने आपको धन्य मानते हैं कि कृष्ण की कृपा हम पर हुई और हमें कृष्णभक्ति मिली , हम हरे कृष्ण मंदिर से जुड़े और प्रभुपाद जी जैसे गुरु का आश्रय प्राप्त हुआ।

अब जीवन का उद्देश्य पूर्ण लगता है , ऐसा लगता है कि जीवन निरर्थक नहीं जा रहा है। हम अपने नियमित कर्म करते हुए भक्ति से जुड़े हुए हैं तथा और लोगों को भी भक्ति के मार्ग पर जाने का प्रयास करा रहे हैं। प्रभुपाद जी के बताए हुए नियमों का पालन करने से जीवन व्यवस्थित हो गया है।

प्रभुपाद जी पुस्तकें पढ़ने से ज्ञान प्राप्त हुआ है कि भारतीय संस्कृति में पूजा पाठ के नियमों का एक वैज्ञानिक आधार है। प्रभुपाद जी का ज्ञान " भक्ति और विज्ञान " का मिश्रण है जो हमें आत्मविश्वास से जीवन जीने और ईश्वर से जुड़ने के लिए प्रेरित करता है। जिससे हम सतमार्ग पर चलते हुए अपने संसारिक दायित्वों की पूर्ति करते हुए अंततः गोलोक जाने के लिए प्रयासरत हैं।

कृष्णाभावनामृत जीवन देने के लिए मेरे गुरु श्री प्रभुपाद जी को कोटि कोटि धन्यवाद।

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories to Your Divine Grace.

Way back, after visiting the first Sunday feast and speaking to your disciples, the world changed. In short we were in dark clouds by your help we have come out from it. In life I saw lots of ups and downs but after holding your hand , I saw only straight line no ups and downs...

It is always the most difficult task to describe one's appreciation for all the opportunities that you have presented to us. Whenever I attempt to express my feelings and appreciation words fail me. My eyes well up with tears just thinking about your kindness.

My prayer to Lord Krishna and Srila Prabhupada today is that they give me their mercy to spread the message of Krishna Consciousness in my community.

Thank you for your unlimited mercy.

Dear Srila Prabhupada

Please accept my humble obeisances. All glories unto you!

I have been visiting the Hare Krishna Mandir from September 2016 onwards on Sundays and occasionally on some weekdays. It has been a beautiful transformative journey in the spiritual path ever since, carefully guided by the temple devotees.

Particularly, I look forward to the Bhagavad-gita classes conducted by devotees on Sundays. I cannot express clearly how both my husband and I could reorganize our Sunday activities to fit into the new schedule of visiting the temple and attending the classes. Similarly, I cannot tell how I started allocating time for chanting the Hare Krishna Maha Mantra in the midst of my other official and household activities. As a working woman, when I frequently travel for my office related work, I do not think twice to tell the hotel or organiser of an event that I need fruits or specific food on the Ekadashi day. I feel a lot more peaceful with myself and do not feel that I miss any of the social activities that I was doing on Sundays before September 2016.

Though I should admit, I have a long way to go in regularly reading books authored by your divine grace, nevertheless, I can honestly say that the message conveyed to us during the GTC classes, interaction with the temple devotees in the temple and during the yatra to Dwarka and Chardham do have an influence on me. For instance, though sometimes I do get influenced by hurt, envy, anger and disappointment caused by my own actions, my family, friends or colleagues, yet I am able to quickly get over that with a prayer or chanting of the Maha Mantra a couple of times.

More importantly, I am happy that I can now pick up a conversation with any stranger and talk on the importance of chanting and invite them to visit the temple. I constantly feel inspired by your ability to write so many books on Krishna consciousness, and build so many temples across different countries and remind myself that I need to do my bit by engaging in at least one spiritual activity everyday.

Jai Srila Prabhupada.

Respected Srila Prabhupada,

I feel blessed to be given ashraya at your lotus feet and receive your blessings every day.

I am blessed to get an opportunity to serve Lord Krishna, you and all the Acharyas through the various activities at the Hare Krishna Mandir, Bhadaj. As a member of the Vaishnavi Club, I am getting religious instructions and the chance to do seva. I am doing this to the best of my ability and pray that I am given the strength to continue doing seva till my last breath.

I am blessed to be given the strength to observe Ekadashi, perform abhishekam and hold weekly sankirtan programs for ladies at our house. These activities give me a lot of inner peace and feel confident that these activities will bring me closer to the Lord.

For the past one year, I have been chanting sixteen rounds of the Hare Krishna Maha-mantra every day. I have realized that it has helped me in meeting life's challenges more positively.

I pray that all your blessings are always with me and will guide me on my spiritual journey

Pranaam. Hare Krishna.

HARE KRISHNA, JAI PRABHUPADA

A Spiritual Master is a person who shows right path to the fallen soul. Thanks to Srila Prabhupada for coming in this material world being compassionate upon the fallen souls like us who are wandering from one body to another without any aim in life just to satisfy our bodily concepts of life. Prabhupada, you have come to us to show the correct path of our life that is to serve Lord Krishna and that should be our main motto of life.

Earlier my way of worshipping God was different. Chant some prayer for 10 minutes in the morning and in the evening and ask for some material benefits. But after coming in contact of Srila Prabhupada, I try to think Krishna always. Now it is not 10 minutes affair. I get up early in the morning and do mangala-arati, starting the day with Krishna offering fruits, chanting and preparing food for Krishna, reading pastimes of Krishna. Previously I used to cook food for my family (family centric) now I cook food for Krishna offer the food to Krishna first and then we eat Krishna Prasadam. The whole atmosphere of my family has changed due to Prabhupada and Krishna. Now we no longer read Newspaper but instead we utilize our time reading Prabhupada books. After joining this movement of Prabhupada I have got the opportunity to associate with devotees which is the most important aspect to steadily advance in Krishna Consciousness and learn new aspects of life.

Through your teachings and instructions we are able to know about our own selves and our relationship with Krishna, which was hidden due to our ignorance. You have taught us that one should not blindly follow Krishna Consciousness but one should understand the real science of Lord Krishna. You have shown compassion towards us by teaching us the real purpose of this precious human life for advancing in Spiritual Path and to establish the forgotten relationship with Supreme Absolute Truth. Your teaching has made me understand that I am not this body but I am eternal soul and the eternal servant of Lord Krishna. The suffering and pain which I am suffering is only bodily and is due to my past karma only. Then also Krishna being merciful towards me has given me the opportunity to associate with His pure devotee Prabhupada and made me to follow Prabhupada's instructions.

Prabhupada will be always present with through His books and instructs us the correct path of our self (self-realization). You always stress on reading your books they are so potent that anyone who reads them is sure to become devotee of Krishna and he comes under shelter of Krishna and Prabhupada. Anyone reading your book will be benefitted. You have shown mercy to us by writing many volumes of books and giving many audio lectures. Your books are like dynamite that explode where ever it is present giving the right aim of human life. We are less intelligent and affected by 4 defects so we cannot understand Bhagavad Gita the song of Lord Krishna and Bhagvatam, but you have made it easy by giving meaning and philosophy of each word spoken by Krishna and through purport you have made us understand what actual instruction of Krishna is.

You are the real savior of our life boat which was wandering in many directions aimlessly just satisfying our bodily requirements and gratifying our senses. But through your teachings only we have understood that real happiness lies in satisfying the senses of Krishna through devotional service and by that we will also satisfy our senses when Krishna is satisfied AND REAL HAPPINESS LIES IN KRISHNA CONSCIOUSNESS. Working for Krishna is ultimate perfection of all our activities this transcendental instructions of yours motivates us to work for Krishna rather than ourselves.

Prabhupada only you can protect our devotional creeper. As a creeper needs support of a strong tree in the same way your instructions can only act as a strong tree and help us progress in Krishna consciousness. We should be always under the shelter of your lotus feet and serve you, this should be our prime importance. I am not capable to serve Krishna directly but under your guidance only I can progress in devotional service without deviation.

ALL GLORIES TO PRABHUPAD. JAI PRABHUPAD.

Thank you very much to my spiritual master Srila Prabhupada, who showed me the real path of Krishna consciousness.

Before joining temple, I was confused and did not know the ultimate goal of life. I also did not know why I am here? Who am I? What to do? Where to go?

But now, I have all my answers. Only because of you dear Srila Prabhupada, I got to know the actual goal of my life - to live in our real home (back to godhead). Only because of your blessings I am here. You have taught how to love Krishna, how to realize Krishna.

Dear Srila Prabhupada, you are still alive in our hearts with all your "inspirational books". The whole world will remember you for your books and Bhakti you taught us. You have saved us from this material world.

Thank you very much Srila Prabhupada for everything you gave us. I promise you that I will do my best to serve you.

Dear Srila Prabhupada

If you did not appear in this world, what would have happened to us, the fallen people of this age! You are the one who gave us right knowledge about Krishna. You distributed this knowledge without any discrimination to people of every country. No one can imagine the hardships that you took to spread this mission and make so many devotees. I shall offer you gratitude by trying to spread this valuable Krishna consciousness to my near and dear ones.

I have been coming to temple since five years now. I am so happy that I got a chance to join Bal Sanskriti classes in temple. I have given up eating chocolates, onion and garlic, which were once my favourite! But rarely, due to some inescapable situations I happen to eat onion and garlic. I feel so hurt at that time that I begin to cry. I pray to you, Srila Prabhupada, that I may get strength to avoid those 'rare' situations also.

पूज्य श्रील प्रभुपादजी,

मैं आपका बहुत-बहुत धन्यवाद करती हूँ कि मैंने आपकी कृपा से गीता अध्ययन शुरू किया। आपके निर्देशानुसार संचालित इस गीता लाइफ कोर्स के माध्यम से मुझे कृष्ण-भक्ति का अनुभव हुआ तथा हमारा मन का झुकाव, भगवान कृष्ण के प्रति बढ़ा। हमें ज्ञात हुआ कि आनन्द की प्राप्ति के लिए जो कुछ भी हम इस भौतिक जगत में कर रहे हैं उससे ज्यादा आनन्द भगवान की भक्ति में है। हमारा मन बहुत

हल्का हुआ। यहाँ प्रत्येक क्लास अच्छे से समझ में आती है। आपकी कृपा से मुझे यह ज्ञान मिला इसके लिए मैं आपको कोटि-कोटि प्रणाम करती हूँ।

Words are not enough to express gratitude to are beloved Srila Prabhupada, our Vedic spiritual guru. He was the one to show us the real goal of our life is to take shelter of Sri Krishna he was the founder of ISKCON- international Society For Krishna Consciousness and also the Hare Krishna movement which viewed him as a messenger of god. He has initiated thousands of Americans and started the publication called back to godhead in 1944.

Like all other people, I used to have faith and belief in each and every deity and I considered them all as supreme. But I was always troubled with one question that who is a real god? I wanted answer desperately and obviously, after following Srila prabhupada, I become clear about my doubts, which were to be solved. Reading his publication I become aware of who I am and many more things. It was his teachings that pointed out in which direction. I was moving on. Because of him, I came to know about the supreme lord, Sri Krishna and I become aware of for what this birth is given to me. I would really like to thank him for him for this reason because of which, my human birth will not go in vain. In a way, I owe myself to him. He is the one by following whom the very important thing that is bhakti has struck inside me. Many small and big changes have occurred in my life and these changes mean a lot. My gratitude for him is priceless and beyond words. The vision of life has completely changed, having a positive outcome. The worries, anxieties, disappointment are turning slowly into happiness and peace. Mental peace is something which plays a major role in my life after I become his follower. He has brought me and many other jivas in contact with the paramatma. He holds a very special position in the heart of devotees.

Without his teaching, I couldn't even I imagine that there could be a relation between god and us. He has definitely completed the mission of the coming together of atma and paramatma. By publishing the Bhagavad-gita in different languages he has opened all the door for us, which lead to god. The need is for us to understand it. There is a lot more to say about him. As I mentioned earlier words are not enough to express my gratitude for him. I would like to conclude my writing with.

आदरणीय श्रील प्रभुपादजी,

कृपया व्यास पूजा के शुभ अवसर पर मेरा विनम्र नमन स्वीकार करें। मैं आपके आश्रय में जीवन के बदलते सकारात्मक अनुभवों के लिए आपका आभार व्यक्त करती हूँ।

इस कृष्ण भावनामृत से मुझमें और मेरे परिवार में कई सकारात्मक परिवर्तन आये हैं, जो आपके और आपके भक्तों के साथ के बिना सम्भव नहीं था। इन २ सालों में जीवन में सकारात्मकता और शान्ति आई है। पहले भगवान् कृष्ण से तथा आध्यात्म से जुड़ी बातों का ज्ञान न होने से विभिन्न प्रयास करने पर भी संतोष और शान्ति नहीं होती थी। नकारात्मकता रहती थी। लेकिन जब इस संस्था से जुड़ने का अवसर मिला, आपका आश्रय मिला और “हरे कृष्ण” महामंत्र की महिमा का ज्ञान मिला जीवन में सकारात्मकता आने लगी, और जीवन जीने का नया उद्देश्य और उत्साह प्राप्त हो गया। महामंत्र के जप से मन में शान्ति और सकारात्मकता होती है। जो मुझे भगवान् अर्थात् ‘कृष्ण’ के नजदीक ले जाता है। जिससे मुझे आध्यात्म को जानने और ‘कृष्ण’ को समझने की नई चेतना मिलती है।

इस संस्था से जुड़ने से पहले मुझे छोटी-छोटी बात पर गुस्सा आता था, नकारात्मक विचार आते थे और कभी कभी तो ऐसा लगता था कि सबकुछ छोड़कर कहीं दूर चली जाऊँ लेकिन अब भगवान् की सेवा करने में बहुत शान्ति मिलती, जीवन जीने का उद्देश्य मिल गया है।

कृपया आप अपनी कृपा ऐसे ही बनाए रखिये जिससे हम आध्यात्म और कृष्ण भावनामृत के रस्ते में और उन्नति करें

इस कलि काल में श्री भगवान् की स्तुति करना सरल नहीं है कलिकाल के मोहमाया के फँसा हुआ है। मनुष्य को भक्ति के मार्ग पर अग्रसर करने के लिए भक्तिवेदांत स्वामी श्रील प्रभुपाद जी ने

हरे कृष्ण हरे कृष्ण कृष्ण कृष्ण हरे हरे, हरे राम हरे राम राम राम हरे हरे

महामंत्र का जप करने की और प्रेरित किया है जो कि भक्ति के पथ पर अग्रसर होने के लिए सरलतम उपाय है। भगवान् तक पहुँचने का सबसे सरल प्रयास यही है कि सबसे पहले हमें भगवान् कृष्ण के सच्चे तथा महान भक्त का भक्त बनने करना चाहिए। श्रील प्रभुपाद जी श्री भगवान् के सच्चे भक्त हैं अतः उन्हें गुरु मानकर हमें भक्ति के पथ पर अग्रसर होने का प्रयास करना चाहिए क्योंकि श्रील प्रभुपाद गुरु के रूप में हमें भगवान् कृष्ण की भक्ति करने का मार्ग प्रशस्त करते हैं।

भक्तिवेदांत स्वामी श्रील प्रभुपादजी ने अनेक कष्ट सहन कर मानवजाति के कल्याण एवं उत्थान के लिए विभिन्न प्रकार की ज्ञानवर्धक पुस्तकों की रचना की जिन्हें पढ़कर हम भक्ति के मार्ग पर अग्रसर हों और इस तरह मोक्ष प्रणति का मार्ग सरल बन जाए। भक्तिवेदांत

स्वामी श्रील प्रभुपादजी से निवेदन है कि वे हमारी त्रुटियों को क्षमा करते हुए भक्ति के मार्ग पर प्रशस्त होने के लिए अपना बहुमूल्य आशीर्वाद सदा बनाए रखें और हमें अनुगृहीत करने की कृपा करें।

हमारे जीवन में प्रभुपाद के आने से ऐसा लगा की हमे हमारे पिता मिल गए। मुझे पहले किसी भी बात पर रोना आता था पर अब कोई कुछ बोलता है तो उसका कारण क्या है यह सोचती हूँ

प्रभुपादजी एक पुर्ण गुरु के दायित्व को निभाते है। हमारे घर में कोई भी परेशान होता हैतो प्रभुपादजी आराम से रह दिखा देते है , और हमारा घर बिक नहीं रहा था तो प्रभुपादजी ने हमे उसमे से अछि तरह से बहार निकला और हमारे लड़के को परेशानी थी उसमे से भी आपने हमे आसानी से बाहर निकाला और प्रभुपाद का आश्रय लेने से हमे कोई भी कुछ भी कहे फर्क नहीं पड़ता है। और प्रभुपाद जी दुःख मिलने से भी मन दुखित नहीं होता है। जैसे कोई कुछ भी कहे हमे फर्क नहीं पडता। आप हमारे ज़िन्दगी में आये और हमे जीने कि राह बताई। अब मुझे कोई भी विपदा आये तो कोई फर्क नहीं पड़ता ,हम खुश रहते हैं। हमे ऐसे ही प्रकाशित करते रहे और अपनी कृपा हम पे बनाये रखें।

Dear A.C.Bhaktivedanta Swami Prabhupada.

Please accept my obeisances at your lotus feet.

I am very fortunate to have the opportunity to write to you on the auspicious day of your appearance from last so many years.

Thank you very much for entering my heart and life. I often think of where I would have been without you and your disciples, who keep on preaching Krishna Consciousness. I just get frightened even by this thought even.

With your blessings, this year has been a very wonderful and important year for me and my Krishna Consciousness life.

This year with the help of your blessings and the disciples, we started the Yoga for happiness programme for ladies in Science City, based on the learning and application of the principles of Bhagavad-gita in our daily life. Vatsalya programme, Bliss programme are really helpful for my spiritual growth. To propagate the mission of your divine grace Srila Prabhupad, I m going to different areas of Ahmedabad and meeting ladies. It is just possible by your grace. I also did my GLC Programme, it was a wonderful and conclusive programme. It is helping me in preaching Krishna Consciousness.

You are keeping me engaged in the service of the Lord. Even, if for a second, other thoughts come in my mind, your words inspire me to do the service of the Lord - “Never try to see God, act in such a way that God sees you”. I heard many lectures and attended so many classes. Today I am writing this offering and your words are echoing in my ears.

Thank you..Thank you very much for always being with me.

Oh Srila Prabhupada, I have caught your finger, please take me ahead. If and when I get nervous in this material world, please encourage me more and more in Krishna Consciousness. Thank you for advice, support and for being with me.

Just one humble request is that please guide me to serve the Lord more and more. Help me to fall in love with devotional service,

This love towards Kirtan..

This love towards Prasadam...

This love towards devotee association...

This love towards hearing Gita Class....

This love towards YOU Srila Prabhupada.....

And finally I will realize and fall in love with Shri Krishna.

All Glories to Srila Prabhupada!

I cannot imagine myself without this association! This is due to your MERCY ONLY! Thank you! Thank You Prabhupada

जय श्रील प्रभुपाद

हम मंदिर से दो साल से जुड़े थे। बस ऐसे ही भगवान् के दर्शन करने आते थे। एक साल तो ऐसे ही बीत गया। हम मंदिर जाते, दर्शन करते, वहाँ के भक्तगणों से बातें करते और वे हमें मंदिर के विषय में भगवान् के बारे में बताते हमें श्रीला प्रभुपाद बताते और उनकी पुस्तकों के बारे में बताते। वहाँ हम भगवद् गीता के विषय में गहराई से जान पाते। धीरे धीरे मंदिर से लगाव बढ़ने लगा। फिर हर रविवार मंदिर जाते थे।

धीरे धीरे हमने चाय कॉफी प्याज लहसुन सब छोड़ दिया, पता भी नहीं चला। धीरे धीरे माला करनी शुरू की। फिर एक बाद श्रीला प्रभुपाद आश्रय लिया। अब मैं नियमित रूप से माला करती हूँ और भगवान् को भोग लगाती हूँ। पहले हम मंदिर के दर्शन करने जाते थे। लेकिन भगवान् कौन हैं - क्या हैं - भक्ति कैसे होती है - भगवान् प्रसाद क्या होता है। ये हमें मंदिर से जुड़ने के बाद पता चला। श्रीला प्रभुपाद की किताबें पढ़ने से हमें हर बात की गहराई समझ में आई।

मंदिर और प्रभुपाद से जुड़ने से हमारे जीवन में बहुत कुछ बदल गया। बस श्रीला प्रभुपाद - आपसे यही आशीर्वाद और कृपा चाहते हैं की हम श्री श्री राधा माधव मैं आगे बढ़ते रहे और उनकी सेवा करते रहे।

પહેલા મને કૃષ્ણભાવનામૃત સંઘના વિષે કોઈ જાણકારી નહોતી. મારા લગ્ન થયા પછી મને મારા પતિના થકી કૃષ્ણભાવનામૃત સંઘનો સંઘ મળ્યો.

શ્રીલ પ્રભુપાદ અને રાધા માધવના ભક્તોના સંગને કારણે મને રાધા માધવ ની સેવા કરવાનો અવસર મળ્યો. ગુરુની કૃપા વગર ભગવાન વિષે જાણવું સહેલું નથી. શ્રીલ પ્રભુપાદની કૃપાથી મને આ જીવનનો મૂળ સિધ્ધાંત ખબર પડ્યો.

મેં તારીખ: ૧૪૭૨૦૧૮ ના દિવસે શ્રી હરે કૃષ્ણ મંદિરમાં શ્રીલ પ્રભુપાદની કૃપાથી શ્રદ્ધાવાનનો આશ્રય લીધો. અને શ્રીલ પ્રભુપાદના સમક્ષ અમુક નિયમોનું નિયમિત રૂપે પાલન કરવાની પ્રતિજ્ઞા લીધી છે. પહેલા હું એકજ માળા કરતી હતી પરંતુ હવે શ્રીલ પ્રભુપાદનો આશ્રય લઈ ને હવેથી રોજ ચાર માળા હરે કૃષ્ણ મહા-મંત્રનો જપ કરું છું.

પહેલા અમે ભગવાનને ભોગ લગાવતા પણ મૂળ પધ્ધતિ ખબર નહોતી. તે પ્રભુપાદની કૃપાથી ખબર પડી. ગુરુ વિના જ્ઞાન નહિ એ વાત ખરેખર સાચી છે. શ્રીલ પ્રભુપાદની કૃપા ના કારણે ભગવાન વિષે ખબર પડી અને ભગવાનની ભક્તિમય સેવા કેવી રીતે કરવી તેની ખબર પડી.

હું પ્રભુપાદનું “રાજવિદ્યા” નામક પુસ્તક વાંચું છું. શ્રીલ પ્રભુપાદ ની કૃપા બધા ઉપર સદાય રહે એવી હું પ્રાર્થના કરું છું.

By the grace of God or by the grace of guru-vice versa - my life has been changed in terms of whom to accept as God (which god or goddess, Shiva or Ganesh, Durga or kali)? Now my focus is only on Krishna. Srila Prabhupada is the only and the ultimate way who can change our lives.

A Very famous doha is there that perfectly goes with Srila Prabhupada-

guru govind dono khade kake lagoo pay, balihari guru apki govind diyo dikhay

So, this is the perfect Doha that only guru can lead us to the god/supreme God.

When I was not in touch with Srila Prabhupada, I was worshiping God according to the festivals, that too our kul devta - kali devi. But now my life has been changed. And this is only because of Srila Prabhupada. By the grace of guru – I can face the challenge and I am able to take decision also. He is a great motivational speaker and shows us a very simple & easy way to reach the god. He is teaching us to chant Hare Krishna maha-mantra & to go back to Godhead.

It was a spiritual kind of but I didn't know what it is.

Now I understand what real spirituality is. I am becoming spiritual just because of Srila Prabhupada make my life like a festival. Now I enjoy my life by the grace of guru & Govinda. I have learned so many things through Bhagavad gita-as-it-is by Prabhupada.

When I see people engaged in to worship of 'devatas' - I really think they need a guru- Srila Prabhupada who can show them the way or path of actual bhakti- or liberation. Just as my life has been transformed similarly their life lives should also be transformed.

I and my son we are very much engaged in Krishna bhakti & temple services just because of Srila Prabhupada. He is the life changer.

My shat shat pranam to Srila Prabhupada.

Dear Srila Prabhupada

I have been coming to the temple since ten years now. But only before some four years or so, I started practicing Krishna Consciousness seriously. It is all because of your simple teachings, that a student like me could also easily understand what is Krishna consciousness. Krishna consciousness has given me success, happiness and much more in my life.

Srila Prabhupada, you have instructed us to chant the holy names of Lord daily. I started to chant Hare Krishna mantra few years ago, but after few months of chanting, I felt there was no use of chanting and I stopped doing my rounds. But then, I realized that, those days when I did not do my japa, I was lacking cheerfulness and I was sad and morose for no reason. Then I understood that chanting is the simple yet powerful method given by you for being happy and peaceful in one's life.

Previously I was visiting temple every Sunday with my parents, but I would go home after kirtan and prasadam. But ever since I joined Bal Sanskriti classes, since 3 – 4 years, I am enjoying the taste of Krishna consciousness by your grace. I feel very very joyful, happy and have come to know and learnt many things about the Supreme Personality of Godhead. Thank you dear Prabhupada for your kind blessing upon me for making me a part of this wonderful journey.

I pay my respectful obeisances to His Divine Grace A.C.Bhaktivedanta Swami Prabhupada. O spiritual master! O ocean of mercy! I am so obliged and consider myself very fortunate because you have given me the chance to stay under the Lotus feet of Lord Krishna, who is the Supreme Personality of Godhead. I was living in the darkness and you opened my eyes by the torch of true knowledge, that is by following Krishna Consciousness. I was introduced to Krishna consciousness before 5 years, and I am trying to regularly chant 5 rounds and always try to remember Krishna and it is just because of you.

I am so grateful to you because from this temple I have learnt so many nice things. I learnt about how to improve my life by staying in Krishna consciousness. I also learnt shlokas from Bhagavad-Gita, puranic stories and values. All this has all happened just by your mercy. I try to chant regularly and I enjoy all festivals given by you. Thank

you Prabhupada for everything that you have given me. I am so lucky that I got this opportunity. Thank you so much

ॐ अज्ञान तिमिरान्धस्य ज्ञानाञ्जनशलाकया चक्षुरुन्मीलितं येन तस्मै श्री गुरुवे नमः

इसका अर्थ है कि, “मैं घोर अज्ञान के अंधकार में उत्पन्न हुआ था और मेरे गुरु ने अपने ज्ञान रूपी प्रकाश से मेरी आंखें खोल दीं। मैं उन्हें सादर नमस्कार करता हूँ”।

पूज्य गुरुदेव श्रील प्रभुपाद,

भारतवर्ष को आद्यात्मिक विश्व गुरु बनाने का आपका प्रयास अभूतपूर्व है। आपने 4000 से ज्यादा शिष्यों को दीक्षा प्रदान की। अंतराष्ट्रीय कृष्ण भावनाभावित संघ की स्थापना करके समग्र विश्व में ISKCON के 100 से भी ज्यादा केंद्र खोले।

आपने 60 से भी ज्यादा पुस्तकें लिखीं। लेकिन आपने सदैव ही वैदिक सांस्कृतिक परंपरा का प्रतिनिधित्व किया।

इसके अलावा आपने समग्र विश्व में भगवद्गीता को उसके मूल रूप में प्रस्तुत किया। आपने भगवद्गीता के माध्यम से लोगों को भक्ति योग की प्रतीति कराई। लोगों ने भगवद्गीता का मनमाने ढंग से अर्थघटन किया था।

आपने सभी को भगवद्गीता का वास्तविक अर्थ समझाया। आपके द्वारा ही गुरु-शिष्य परंपरा पुनर्जीवित हुई। क्योंकि आपने जिस समय यह दुष्कर कार्य किया उस वक्त भारतवर्ष अपनी पहचान नहीं बना पाया था।

आपने भगवद-धाम प्राप्ति के लिए इतना सरल तरीका बताया कि कोई भी उससे प्रभावित हुए बिना नहीं रह सकता।

मात्र माला जाप, चार नियामकों का पालन तथा प्रसाद के अतिरिक्त कुछ भी नहीं खाकर संसार का बद्ध जीव भगवान् को प्राप्त कर सकता ऐसा कोई सोच भी नहीं सकता था।

गुरुदेव, मैं आपके बताये रास्ते पर चल निकली हूँ। बस इतनी कृपा कीजिये कि मैं सदैव इस पथ पर अग्रसर रहूँ।

I am trying my best for practicing the same under the guidance of temple devotees but in this physical world so many hurdles are there. Gurudev please have your

Dear Srila Prabhupada,

You are a great personality and you have made me understand and what is the importance and power of God. Because of you, I have come to the path of bhakti and progress. Since I have been introduced to you I have excepted you as my real guru or teacher. Whenever I am sad, frustrated or angry, I just remember you and chant the Hare Krishna maha-mantra which gives my mind a rest and make me feel peaceful and relaxed.

I just want to thank you and Lord Krishna for making me a devotee and turn me towards a positive, right and a spiritual path. I would always like to follow the path which you guided me to and would like to be your devotee.

I know you are a pure devotee of Lord Krishna. I have heard that if you want to become a devotee of Lord Krishna then you first need to be a devotee of his pure devotee and that's you. So I just want you to accept me as your student or child and be my guru until the end of my life.

I listened to it I always was able to learn something new and helpful. I must have done many bad karmas and I am sorry for that and would be able to pay it back by chanting and by the following path.

After taking Srila Prabhupada Ashraya there are lot of changes experience in my life ;

I felt fortunate that while visiting Hare Krishna Temple Bhadaj, the temple offered us to watch a short video clip on the questions and facts. That was the life changing moment. Then we joined Spiritual Retreat class and it helped us to understand the fact of life and we started going deep in the Krishna bhakti. My sincere thanks to Srila Prabhupada who established such a beautiful system and devotional organization which helped me to immerse in Krishna bhakti. I influenced by the preaching and spiritual classes, started Hare Krishna Maha-mantra chanting daily. Now I am a chanting 8-16 rounds daily.

I started to wake up in the early morning (brahma muhurtam). I started prayer and arati as a routine, both in the morning and evening in my house. Prior to consuming I am offering all the food preparation first to Sri Radha Madhav systematically as per the guidelines by Srila Prabhupada. I stopped consuming onion, garlic, tea & coffee. We are doing sankirtan at home regularly and even organizing as a function on auspicious occasion.

I used to keep fast every month on the occasion of Ekadashi. After taking Srila Prabhupada Ashraya the change what I experienced is the fear which was existing in me vanished and my confidence level got increased ...

After Srila Prabhupada Ashraya I always felt God is with me for all the support and I am getting also. All the work and wishes are getting fulfilled by the Divine Grace of Srila Prabhupada and Sri Radha Madhav.

I am thankful to Srila Prabhupada who gave beautiful amazing gift for us that is Hare Krishna Movement as an organization and system established towards Krishna consciousness. The regular preaching helped us to understand meaning of life and goal of life. I shall be ever obliged to Srila Prabhupada whose messengers mentored and guided

me which contributed significantly in making me a pure devotee. I am enjoying every moment of life in deep Krishna bhakti.

Hare Krishna,

I will start by my humble request to Guru Srila Prabhupada to accept my obeisance at your lotus feet. I am very grateful to Gurudev for showing us the correct path and saving us from all kind of negativity and showing us right way to do bhakti we use to worship lord Krishna from very beginning but the way of worships way of offering, importance of chanting Maha-mantra is being tough by you.

The Guru is one who shows the right path to his students. If one fails to recognize the guru he may suffer a lot. I found such a guide in “Hare Krishna” temple who made us learn every correct way of bhakti and connected me to Gurudev Srila Prabhupada and Radha Madhav.

With preaching of Gurudev every devotee learned a lot. Not only by preaching but by the lectures he delivered. By readings books like shradhavan, sevak, ‘janam mrutyu se pare’. I learnt importance of wearing Tulasi mala, importance of offering and many more things.

“By the mercy of the spiritual master Srila Prabhupada one receives divine blessings of Krishna, without the grace of Gurudev one cannot make any advancement.”

The appearance of Srila Prabhupada is one of the most auspicious day on planet earth for everyone. I am very fortunate to have found the shelter at the lotus feet of Gurudev and Sri Sri Radha Madhav. On the occasion of Sri Vyasa Puja I offer my most humble obeisance to lotus feet of Gurudev.

Lastly, I would like to offer you my heartfelt thanks, and will also request to please forgive me for my constant uncontrolled offenses and bless me that I may serve you constantly instead of illusion

Dear Srila Prabhupada,

Krishna says, “One who claims to be my devotee is not so....one who accepts my devotee as a spiritual master is my real devotee.”

Almost fifty years ago you established ISKCON (International Society for Krishna Consciousness) in New York, U.S.A. No one was aware about your intentions. You just started walking alone on a path which was crowded with thousands of atheistic Americans. You were not alone, Krishna was there- yes, and you proved that. They did not even know Krishna and had never heard the name before. In that kind of crowd you successfully made them realize that Krishna is the Supreme Lord and they considered Krishna as a person-The Supreme Lord. In this material world you made us aware and gave us the gift of Krishna’s holy name which is the only boat can help us to survive in the ocean of sinful activities, and adharm in this material world, Kaliyuga. In the system of Bhakti yoga, accepting spiritual master is very important and we’re very thankful to the supreme lord that we’ve got you as our spiritual master. Please gurudev, shower your blessings upon all of us.

Yours humble devotee, Kumari Sarjana Bhatt.

Words will never be enough to describe you how nicely you guided and inspired thousands of people around the world to take Krishna consciousness in their life. I am feeling happy and blissful by learning about Your Divine Grace by reading your books and knowing more about the Supreme Personality of Godhead. I have joined a Gita Life Course program to learn about Bhagavad-Gita as it is under guidance of your disciples, which is supported by temple authorities.

I am understanding so many things by your grace beyond ordinary understanding and chanting my 8 rounds of Maha-mantra with your blessings which gives me immense strength and confidence to lead my life. Thank you so much for allowing me the good association of your devotees from past three years

Please accept me as your disciple in the mission managed by your devotees in “HARE KRISHNA MOVEMENT AHMEDABAD”. Dear Srila Prabhupada,

Please accept my humble obeisances, All glories to you. Srila Prabhupada there is always a deep influence of yours in my life. When I came to Bangalore for the first time and happened to listen to a lecture I was wonder stuck. I was thinking how can someone answer all the questions that I had on my life so wonderfully. On asking that devotee how are you able to speak so nicely? He just pointed his finger towards you. And said whatever I am it's only because of you. Srila Prabhupada I come from a very impersonal background. To be very frank I did not get attracted to you in the beginning. And I used to wonder why these devotees around me are saying so much "Prabhupada! Prabhupada!". Then after I read Srila Prabhupada lilamrita, I realized what is your greatness. My dear master, I am so unqualified even to understand your greatness then how will I ever understand such complex philosophy. I have done 'n' number of mistake in my spiritual life. And even face a lot of challenges. This one year has been the most difficult year for me, and I was thinking if you would still accept me after all the mistakes I did. Then I read a past time of yours where one of your disciples did a grave mistake and he came back to you and apologized for it and asked you to accept him. And you happily accepted him. Then one of the devotees asked Srila Prabhupada he will go on making mistakes, how many times will you forgive him and accept him? Then you say as long as he comes back to me. This shows your greatness and your compassion for everyone.

Guru is considered as the one who gives his disciple new life. Srila Prabhupada I know that a person like me isn't worthy of a great Guru like you. But somehow I was fortunate to get you. I request you to kindly forgive me for all the mistakes that I have done knowingly or unknowingly. I am especially thankful to you for the way you took care of me when I was away from you for so long and brought me back. Even though I was in pain I still felt that you were always with me, protecting me. Srila Prabhupada I missed you so much during those days. It is said that Guru has to be honored as much as the Lord. But I am so dull-headed that I can't honor Krishna also. Prabhupada I don't know any complicated philosophy. But I know some things that you thought us and that's, I am only capable of doing that. Please bless me that I chant with all the attention and Love for the Lord. I know I don't have any love for the Lord but I beg you to bless me so that someday I will chant with all the love. I would have hurt so many people with my immature behavior. I beg your forgiveness for that. Srila Prabhupada the best quality in you is that you have unconditional love for all. When devotees would go for book distribution and come back late at night, you would stand at the door waiting for them. Being a Jagadguru you didn't have to do that but you still did it. This shows how much love you have got for your disciples. I pray that I should also get a drop of such love for Krishna and His devotees. You have reciprocated many times with me. Every time I have some doubts or questions. You will somehow answer them. I will find the exact answer that I wanted. Maybe in some book or quotes, or some other way, you reciprocate. You have always stood by me and all the dangers that came upon me. Srila Prabhupada I want to chant nicely with l attention every day. Please help me in this endeavor. Thank you for coming into my life.

Your fallen servant

Abhay Gopal Dasa

Abhimanyu Suta Dasa

Dear Srila Prabhupada

Please accept my humble obeisance's at your divine lotus feet. On this glorious day of Sri Vyasa Puja, your appearance day, I take immense pleasure in glorifying your causeless mercy that has been bestowed on this world.

One's eternal journey in this vast desert of material existence can come to an end only by the combined mercy of a pure devotee and Krishna. However, to find a person who has fully surrendered to Lord Krishna is extremely rare and unless one is favored by such a pure devotee, one cannot attain to the platform of pure devotional service. Five hundred years ago Sri Chaitanya Mahaprabhu, the most magnanimous incarnation of Lord Krishna descended to deliver all the conditioned souls by teaching them Devotional service, and you are his dear most servant who carried his magnanimity all over the world. Srila Prabhupada, We are so fortunate to come in touch with such a pure devotee as you.

Srila Prabhupada, this gift of Krishna consciousness you have given us is very valuable and extremely rare. In your purport to the Hare Krishna mantra you said: "This chanting of Hare Krishna maha mantra is directly enacted from the spiritual platform, surpassing all lower stages of consciousness, namely sensual, mental, and intellectual. There is no need to understand the language of the mantra, nor is there any need of mental speculation, nor any intellectual adjustment for chanting this maha mantra. It springs automatically from the spiritual platform, and as such anyone can take part in this transcendental sound vibration without any previous qualification and dance in ecstasy. We have seen it practically—even a child can take part in the chanting, or even a dog can take part in it". This "Hare Krishna" is now a household word only due to mercy.

Krishna consciousness is truly a mystical process and just as Krishna, who is also known as Adokshaja cannot be understood by ones imperfect senses, no common man can fathom how this Krishna Conscious process of singing, dancing, feasting and dovetailing ones abilities in Krishna's service will lead one to the highest perfection of yoga that is love for Krishna. In contrast to practicing different yogic gymnastics for millions of years and endless speculations on the Vedic literatures, your presentation of the Krishna conscious method "As It Is" is truly very joyfully performed.

Srila Prabhupada, as a pure devotee you are already situated on the highest platform of devotional service. You neither live in heaven nor in hell but with Krishna in the spiritual world. In spite of your great spiritual fortune, you left the peaceful life in Vrindavan to take on so much burden and anxiety for Krishna. As a confidential servant of Krishna you are here just to execute his divine will. "Krishna inspired My Guru Maharaja, and He inspired Me, and I am trying to inspire you all because Krishna wants it" these were the words you wrote in one of your letters. Forgetting Krishna you saw all the conditioned souls, suffering terribly in this illusory world and as a Pure Vaishnava your heart breaks at it. Thus you made your home in the busiest parts of the world, where you teach people Krishna consciousness.

Śrīla Prabhupāda, please give me the strength to follow your instructions. Please bless me so that I will be able to please you through all of my actions. Please keep me ever engaged in your service in the association of your devotees. Please forgive me for all the "nonsense" I have done.

Your aspiring servant

Abhimanyu Suta Dasa

Abhinava Krishna Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories to you.

I profoundly thank you for mercifully giving me an opportunity to take initiation from you and allowing me to be an aspirant disciple of your Divine Grace. I promised to follow the four regulative principles and chant 16 rounds of the Hare Krishna mantra daily. Although I'm undeserving and unqualified for receiving it, just out of your causeless mercy you have magnanimously showered such a wonderful blessing upon me.

Had you not taken the pain of going to the West, all this wouldn't have been possible. You suffered from seasickness, dizziness & vomiting and also had two heart attacks while traveling in Jaladuta at the age of 69. But even all these things could not shake up your determination to execute the special instruction of your Spiritual Master of spreading the teachings of Krishna consciousness throughout the English-speaking world, keeping the unflinching humble faith in Lord Sri Krishna. The manner in which you exhibited the opulence of modesty and humility is beyond comparison. In spite of being the spiritual master of the whole world, the confidential associate of the Supreme Lord Krishna, still you always showed everyone how humble a pure spiritual master is, even though you control the Supreme Personality of Godhead, Lord Krishna; but as an acharya you taught everything to us by your own example.

And you went to a country where you had never been before, didn't know anybody there, had no money, had no contacts. None of the things, materially, that make for success. But in spite of all these difficulties, struggle; you profusely established the International Society for Krishna Consciousness in the year 1966 and accomplished that which others could not even conceive, thus fulfilling the prophecy of Lord Chaitanya Mahaprabhu, being Commander-in-chief of His army, inundated the whole world with the Holy name.

You slept little and spent the early morning hours writing. Despite your heavy literary schedule, you did not let anything stand in the way of your preaching. In just twelve years, despite your advanced age, you circled the globe fourteen times, went to six continents and in a short time span, you established 108 Temples.

You took all these hardships so that unworthy people like me could also get to know about the transcendental knowledge. I beg you to please bless me to do my best to glorify you. And help me to learn the art of being non-envious of all other living entities, develop staunch faith and determination towards chanting of the Holy names and develop a meek and humble attitude towards other Vaishnavas and come out of my ignorant and selfish nature.

Thank You, Srila Prabhupada.

Your Servant, Abhinav Krishna Dasa.

Abhirama Krishna Dasa

Dear Śrīla Prabhupāda,

Please accept my humble obeisances at your lotus feet.

My lord in Sri Chaitanya Caritamrita it is mentioned

muṇi tomā chāḍila, tumi more nā chāḍilā

kṛpā-pāśa gale bāndhi' caraṇe ānilā

“I gave up Your company, but You did not give me up. By Your rope of mercy You have bound me by the neck and brought me back again to Your lotus feet.”

This verse is most befitting for the series of events that happened in past couple of years. If I analyze the events and circumstances in my life since I came in touch with Krishna consciousness, I can see the endless compassion you have shown to this unworthy soul. I was never very keen on seriously following your instructions but you kept your merciful glance upon me. By the instrument of your devotees you held on to me and didn't let me drown in this ocean of material existence. I kept rebelling, blaspheming, creating problems, offending but tolerated it all and became more and more compassionate towards me.

There is a story that I remember in this context. "Once a sage while offering his morning prayers at the bank of river Ganges sees a scorpion being washed off by the current of the river. Out of compassion he immediately went in the river and lifted the scorpion. As soon as he lifted the scorpion, it stung the sage due to which the scorpion fell into the river again. The sage again picked it up and again the scorpion stung the sage. This continued for a long time until the sage brought the scorpion out of the river". Similarly you are also again and again saving me from the unconquerable ocean of material suffering tolerating my envious nature.

Your compassion transcends the boundaries of all material designations my lord. You have magnanimously blessed me with service under shelter of Lotus the Feet of Sri Sri Radha Krishna Chandra in association of wonderful devotees. Now, my humble request is that you always keep me engaged in the service of your lotus feet.

Aspiring to become servant of your servant,

Abhirama Krishna Dasa

Dear Srila Prabhupada,

Please accept my most respectful, humble obeisance.

By your grace I have been able to understand this Krishna conscious philosophy and its importance more and more. I have been practicing Krishna consciousness for last several years and have been initiated by yourself and I can see that by your grace my attachment for Krishna and yourself has increased over the several years. I have tried to engage myself in preaching about your glories on various platforms. By your grace and mercy I have been involved in coordinating NHCE college preaching and other activities. By your grace the most fallen soul has been able to stay for 3 months in the Bellandur folk residency. By your grace I have been able to render FOLK services and motivate new people to take up Krishna consciousness.

By your grace I was able to distribute books along with others through online and other means and we were able to distribute books worth 150000 or equivalent to 1000 'Bhagwat Gita As It Is' during the Book marathon. These include 3 Bhagwatam sets as well which is very dear to yourself.

By your grace I have been able to save money and contribute for the construction of the Vaikuntha hill temple. I have been able to help sincere souls on platforms like quora and other social media to appreciate the importance of Krishna consciousness by explaining your teachings and distributing your books.

Prabhupada, my own wish is slowly being molded as per your own wish and I beg your mercy to help me carry on this transformation. Somehow or the other, in spite of my efforts I am not getting attracted to a renounced order of life. However I am fully committed to your life mission of spreading your message of Krishna consciousness throughout the world. Prabhupada, I seriously feel that the current and future generation of humans have given upon reading hard copies of books and they are spending time on social media and other platform. I have tried to apply your principles and am trying to preach on these social media platforms like quora and others. I have explored several other such platforms and wish to contribute more in these sites. I believe that if the propaganda is very good then the temples and the other eco structure will automatically be benefitted. Please empower me, if you so desire to preach on all social media platforms and other platforms so that your message and sound will reach far and wide and more people will be able to receive them.

I pray to you to give me the clarity on how I can best spend my remaining life being engaged in your service according to my guna and karma. Please let me be able to continue with my services to your holy mission. Please give strength to follow all the rules and regulations, chant my rounds devotedly with focus. Please send me genuine jivas who wish to become serious so that I can guide them towards your lotus feet. Please engage me in your devotional service life after life.

Your unworthy servant,

Achyutananda Das

Adikarta Krishna Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

I was suffering in the material world due to ignorance and was considering suffering as enjoyment. By your causeless mercy, you have opened my eyes to show the reality of this world, that all these friends, relatives, family members are not actually permanent. Only my relationship with Your Divine Grace and Lord Krishna is eternal.

Whenever I hear your transcendental lectures again and again, new realizations dawn upon me, which make my determination to achieve the goal of going back to Godhead steady. I am so foolish that again and again I close my eyes to the spiritual realities, but you are so determined to make me realize that these material relationships are not permanent.

Dear Srila Prabhupada, I also have the desire to serve your movement full time, but I find myself incapable to do this, I see that with my own strength I am unable to do this because of my strong material affections. Please bless me to understand how I can do this for your pleasure.

I beg you to forgive my offences and bestow spiritual strength upon me so that I will be able to follow your instructions with all eagerness and sincerity.

Yours unqualified servant,

Adikarta Krishna Dasa

Akinchana Caitanya Dasa

Dear Srila Prabhupada, kindly accept my humble obeisances unto your lotus feet, where I beg you to keep me as a particle of dust and that is the only hope for this most fallen conditioned soul.

It is stated in the Upadeshaamrta of Rupa Gosvami that a guru is a gosvami, a controller of the senses and the mind. Such a guru can accept disciples from all over the world. And, thus You had become the saviour of the whole world, saving innumerable people all over... this you had practically demonstrated with Your wonderful lilas... like once you were sitting and holding a globe and was saying, "Brahmananda will go here, Gargamuni will go here." You were turning the globe and indicating different countries to spread the cult of Lord Sri Caitanya Mahaprabhu according to the gospel of Bhagavad-gita As It Is.

The bona fide spiritual master who accepts disciples from all over the world is also worshiped all over the world because of his qualities. The people of the world worship him just as they worship the Supreme Personality of Godhead. All these honors are offered to him because he strictly follows the brahminical principles and teaches these principles to his disciples. Such a person is called an Acarya or Jagad Guru because he knows the principles of devotional service, he behaves in that way himself, and he teaches his disciples to follow in his footsteps. And in turn with these guidelines, we are able to do our spiritual practices and thus marching ahead.

According to the Sri Caitanya-Caritamrita (Antya-lila 7.11), Krishna-Shakti vina nahe tara pravartana. An authorized spiritual master empowered by Krishna can spread the glories of the holy name of the Lord, for he has power of attorney from the Supreme Personality of Godhead. That is also the meaning of sakshad-dharitvena. And thus, this is one and the only reason that we are able to chant the Maha Mantra today.

Sanatana Gosvami clearly defines herein the bona fide spiritual master of the world. The qualifications expressed in this connection are that one must act according to the scriptural injunctions and at the same time preach. One who does so is a bona fide spiritual master. This is exactly what you did Srila Prabhupada...

Sri Chaitanya Mahaprabhu, Most merciful manifestation of Krishna, Inaugurator of Sankirtana Movement said... "Taking the sharp sword of the congregational chanting of the Hare Krishna mantra (nama-sankirtana) I will root out & destroy the demoniac mentality in the hearts of all the conditioned souls. If some sinful people escape and giving up religious principles go to far off countries, then my Senapati Bhakta will come at that time to give them Krishna consciousness." Reference : Caitanya-bhagavata, Antya 4.126 and thus there is no doubt in this regards it is none other than you Srila Prabhupada.

Like this if we keep on going quoting from the Shastras, there is no end to it. And, as per the prescribed details, You possess all those pure transcendental aspects of devotional services to Krishna, the Supreme Personality of Godhead. So, we are absolutely fortunate enough to have you with us Srila Prabhupada. Kindly engage me at the service of Your lotus Feet nicely till the last breath of life and that is the only desire and a very humble request to You as well. Thanking You for everything.

Sincerely trying to become Your humble Servant

Akinchana Caitanya Dasa

Amogha Lila Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance.

It's been very long year. Exactly I've no count but practically I've been traveling the whole year to different holy places. And the list is still increasing. The more holy dhams I am visiting and taking devotees around those places,

my own faith in Holy dham is also increasing, by listening to the pastimes of Lord and His pure devotees in those places.

It is said, *tīrthī-kurvanti tīrthāni*. A tīrtha, or holy place, is a place where great saintly personalities visit or reside. Many people go to these holy places and leave their sinful activities there, thus becoming free from contamination. When these contaminations pile up, they are counteracted by the visit of great personalities like Śrī Caitanya Mahāprabhu and His strict followers. And during Your physical presence YOU have made the whole earth purified (by circling around 14 times) by visiting many holy places and most of the countries around the world. The dust of these places have become sanctified by the touch of Your lotus feet so much so that devotees can take rajobhisekam by smearing the dust over their body.

You have truly established the glories of Sri Vrindavan Dham, Sri Dham Mayapur, Jagannath Puri...today when we go there and see thousands of ISKCON devotees are coming and also taking shelter of holy dhams from all over the world. It's only because You have spread the glories of these places throughout the world and attracted everyone.

Please grant me right vision to see these places in a proper devotional spirit. In Your early student life you had strong desire to visit Sri Jagannath Puri by hearing so much about Puri which was eventually fulfilled during college vacation.

Though I have no qualification, still by Your causeless mercy, You have kept me engaged in this wonderful service. I know I need to make further progress in cleaning my infinite Anarthas and which is only possible by Your more & more mercy. As we everyday sing and pray...

*sri-guru karuna-sindhu, adhama janara bandhu,
lokanath lokera jivana
ha ha prabhu koro doya, deho more pada-chaya,
ebe jasa ghusuk tribhuvana*

Our spiritual master is the ocean of mercy, the friend of the poor, and the lord and master of the devotees. O master! Be merciful unto me. Give me the shade of your lotus feet. Your fame is spread all over the three worlds.

Your servant,

Amogha Lila Dasa

Anadi Krishna Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances at the dust of your lotus feet.

The absence of physical presence does not affect the spiritual master to guide his disciples. In the recent past, I was feeling decreased enthusiasm for devotional services and increased material desires. I was trying to analyze the root cause.

I came across one of your quotes

“If devotees feel weak in Krishna consciousness, with decreased enthusiasm for devotional service and an increase in material desires, the root cause is usually poor hearing and chanting”

I was very happy to see your reciprocation. Similarly, there are many instances where I have felt your personal reciprocation by reading your books and associating with devotees.

Great sages like Valmiki, Kardama muni performed great austerities for thousands of years to get the realization of the Absolute Truth. You are so merciful and compassionate towards the fallen souls of this age. You promised of taking us back to Godhead provided disciples stick to the chanting of sixteen rounds and following the four

regulative principles. No one can ever be merciful than you, Dear Srila Prabhupada. I am so fallen that I am not following these simple instructions.

Pure devotees are always engaged in the service of the Lord. Your Divine Grace was dictating commentaries on Srimad Bhagavatam on the deathbed. This shows your commitment to serve Krishna. I beg for a drop of seriousness from you.

Sugriva received the personal protection of Lord Rama when Sugriva accepted Lakshmana as his Guru. It is said by the mercy of the spiritual master one receives the benediction of Krsna. Without the grace of the spiritual master, one cannot make any advancement. I seek your mercy, life after life.

All glories to His Divine Grace A.C. Bhaktivedanta Swami Srila Prabhupada

Dear Srila Prabhupada,

Over the last few years, in my Vyasa puja prayers, I had begged your mercy on many obstacles I had in my life and you have very kindly reciprocated and resolved many of them. I feel thankful and blessed.

By your grace I have been given an opportunity to attend the Bhakti Shastri course and on hearing many lectures by senior devotees I have some realizations which I would like to share with you. From your teachings we understand that Yoga means linking with the Supreme Lord. Out of the various types of Yoga namely karma-yoga, jnana-yoga, astanga-yoga etc., bhakti-yoga is the highest and chanting is the prescribed Yuga dharma. I have realized chanting is Yoga and when we chant our mind runs hither-tither and we have to train our intelligence to bring back

the mind to nicely hear the holy name of the Lord. This process of intelligence bringing back the mind to hear the chanting is called Yoga in chanting. Though we generally try to give work to the mind directing it to not deviate from hearing the holy name, this is rarely achieved. This task becomes monotonous for the mind and over a period of time the mind gets back to its old habit of wandering here and there while chanting.

But if we engage the intelligence in properly controlling the mind while chanting and command the mind to properly focus on hearing the holy name, our quality of chanting can achieve a paradigm shift. It's intelligence only which can control the mind and bring its attention back to hear the holy name while chanting. We use our intelligence in so many ways while executing our other services but if we utilize the same intelligence while chanting to direct the mind towards consciously hearing the holy name our contaminated intelligence will become purified for being utilized in Lord's service. This has been my realization and I see a significant improvement in the quality of chanting.

I am also keen to learn kartala and mridanga to utilize it in the service of the Lord. I want to get more creative in the transcendental deity decoration and also learn many new dishes to cook for the pleasure of the Lord. I beg your divine grace to bless me with these opportunities and to continue chanting nicely and in executing your instructions sincerely in my devotional service.

I sincerely beg to be constantly engaged in your transcendental mission and bless me with the shelter of your lotus feet eternally out of your causeless mercy.

Dear Srila Prabhupada,

I offer my respectful obeisances unto your lotus feet.

Srila Prabhupada you have been always guiding me through your sincere disciples and make me understand that chanting is the only way where I can come out of this miserable material condition of life. The only shelter is yourself and the Lord's lotus feet. I always beg for your mercy that I should follow your instructions and chant 16 rounds attentively without any offense. Please make me humble and never commit an offense to a vaisnava. Thank you Srila Prabhupāda, for allowing me to render some insignificant service by preaching although I am not at all qualified, the strength of your mercy continues to push me on.

Srila Prabhupada, please keep me engaged in your service and in the service of your servants, while always remembering my actual position.

Beloved Srila Prabhupada,

Please accept my respectful and humble obeisance's at your lotus feet.

All glories unto your Divine Grace.

It's been a little over a year now, since you accepted me into the ISKCON's ashram family. I'm so glad to feel your strong presence and to associate with you. Struggle for existence exists now only in your books and the outside world for me. For one who seeks your love and association, you will act, speak and guide him mystically through anything and anyone. I'm overjoyed when my Godbrothers chastise me because Your Grace is personally training me through them. It is a personal reciprocation that shows that I'm in your hands now and a reminder of how much you care for me, love me and want me to become perfect without considering my incapability in executing your order. Having tasted your selfless love I'm greedy for more. I wish that someday I may share the most intimate relationship of a father and a son with you. And for this I'm trying to become sincerely earnest as instructed by you.

As I was pondering over how I may best glorify you whilst glancing at the blue jacket of the Srimad Bhagavatam penned by you in English, an overwhelming thought of your grace's greatness arose; the person Bhagavata – Srila Prabhupada.

Like the six Gosvami's you effortlessly renounced your elevated position in the society as an established businessman, comforts of friends and family to spread the glorious message of Lord Caitanya and deliver the world from its miseries. You hardly slept 2 hours a day while writing your books, preaching, delivering lectures, meeting prominent personalities in every place, training countless devotees, presiding over festival celebrations and Ratha yatra's, and travelling across the globe at an advanced age to just deliver the message of Lord Caitanya to the entire world as ordered by His Divine Grace Bhakti siddhantha Saraswathi Maharaj. Thank you very much for accepting me in your entourage.

I realized that your work on Srimad Bhagavatam, the Bhagavad Gita As it is and Caitanya Caritamrta tantamount to the writings of past Bhagavatas. Srila Prabhupada, I see your position on par with Sukadeva Gosvami and the Vedic Literature has become even more ambrosial after you've spoken it. Reading Bhagavatam purports as given by your grace I'm slowly able to perceive and appreciate the absolute reality. But I'm astonished as to how such a punya jiva like me, that too in Kali yuga, an age where people are quarrelsome, misguided, lazy, unlucky, always disturbed and unaware of the aim of life, became interested to take up spiritual life and enter in to reading, practicing and dedicating my life to the teachings of Bhagavatam?

Certainly, the sages who heard the Bhagavatam were the greatest, most renowned, prominent and exceptionally qualified in the entire universe. I can't even imagine how exalted must have been position of the great sages who decided to perform a yajna for a period of a whooping one thousand years for the satisfaction of Lord Krishna. But

for me, to take to Krishna consciousness with almost nothing in common with the sages is beyond anyone's wildest dreams.

Srila Prabhupada, by giving people of kali yuga the treasure that Lord Caitanya offered – Love of Krishna – You've achieved the impossible. You've bridged the gap between the earth and the sky. Therefore you are the mercy incarnation of the most munificent Lord Caitanya. Who else except the most dearest of the Lord's servant can achieve this? I have been saved by your causeless mercy, Prabhupada. You travel all over the globe like Narada Muni who travels all over the universe, elevating the most downtrodden souls who are on a highway to hell, only to transform them into narottama's – the greatest of mankind and put them on a vimana to Vaikuntha.

There is no one who is more benevolent and courageous than you. You carried a trunk of books and just forty rupees when you went to the United States. You were not shaken by maya's death dashes. America was a new terrain with unknown people of dissimilar mindsets. You went there only because your Spiritual master ordered you so. You were unnerved, fearless and dedicated to His Divine Grace Bhakthi Siddhantha Saraswathi Thakur just as Prahalada Maharaj was dedicated to Narada muni, always chanting the Holy Names and remembering Lord Krishna.

In recent times, it is only you I see on the level of the Pandavas and other devotee kings. The visits by exalted personalities like Narada Muni and demigod's during your physical presence to ISKCON is a proof of this. ISKCON is an absolute society of sat cit and ananda because you've constructed it on the principles of Bhagavata Dharma. Who else could bring down Vaikuntha except you Prabhupada?

Like the Gosvami's you preached and established many oasis centers of Krishna consciousness in this parched desert of material world. One hundred and eight temples in 10 years!!! And now like the Gosvami's landmark - Radha Madana Mohana and Radha Govinda temples, you too are building monumental and colossal skyscraper temples again – the 50 floor Krishna Lila Theme Park and the 70 storey Vrindavan Chandrodaya Mandir through your most pure and empowered disciples such as his grace Madhupandit Prabhu, his grace Chancalapathi prabhu, other senior vaishnavas and the entire organization itself. I feel blessed and sure of becoming fixed at Krishna's lotus feet under the protection and guidance of your such venerable, advanced, energetic and good-natured disciples who are your instructions personified. These temples are yet again your gift to the confused and lost human race.

In one of your grace's lectures you explained how we must receive Bhagavata; that first of all read Bhāgavata from the bhāgavata. In Srimad Bhagavatam you explain that person Bhāgavatam is the self-realized bona fide spiritual master, and through him only can one understand the lessons of Bhāgavatam in order to receive the desired result.

And how to stay fixed up in devotional service? bhagavatṛ uttama-śloke bhaktir bhavati naiṣṭhikī. That fixed up bhakti is required, not oscillating: sometimes this side, sometimes that side. So this can be possible, fixed up devotional service, by nityam bhāgavata-sevayā [SB 1.2.18], regularly worshiping the bhāgavata-grantha and the devotee bhāgavata. One who lives on the book Bhagavata, he's person Bhagavata.

The entire human race today is blessed to receive Srimad Bhagavatam and other vedic literature, and also service to the Lord only because of you, for in this dark age of Kali when people are sinking into materialism, there is no hope other than your Divine Grace Prabhupada – one of the greatest Bhagavatas. If one sincerely serves you viz. your mission he will attain all perfection and attain pure devotional service in this very life within no time.

A devotee once shared that the next time Bhagavatam will be spoken, your Divine Grace's pastimes will be mentioned in them. Thinking on these lines, and keeping the blueprints of all the various pastimes in Bhagavatam, I imagine that the narration of the sages will begin like this – during the 50th year of Bramha, in the Kali yuga under the rule of Vaivasvatha manu, there appeared a pure devotee of Lord Krishna in Bharatavarsha to assist Lord Krishna's special incarnation as his Holy Name and who was lovingly called Srila Prabhupada by the disciples.... All glories unto your lotus feet.

In the past year I've tried to render service to the best of my ability. Inspired by a class given by one of your disciples, I've started chanting one extra round every day in order to please you and Vrindavanchandra so that the Vrindavan

Chandrodaya Mandir may descend expeditiously. I have also been trying share the glories of the Holy Name with at least one devotee every day. I'm elated that you've now bestowed upon me an adventurous service of a FOLK guide. I feel blessed for all the service opportunities. I pray for the strength, knowledge, intelligence and working ability to execute the services given to me in order to please my immediate superior authorities who are but a representation of you.

Though I've attempted to glorify you, I find my understanding, intellect and words are insufficient, incompetent and incomplete but, I know that you accept my offering only out your compassion and love for your disciples. Dear spiritual father, I yearn for that day when I'll be humbler than a blade of grass and more tolerant than a tree and I'll offer all respect to others without expecting any honor in return. When will that day come when my heart will not contain anything except the words emanating from your lotus mouth? Please bless me so that may I never get attached to anything except service to your lotus feet. Please engage me in the service of your sincere disciples because from them I may learn how to perfectly serve you. Please bless me so that I may chant the Holy Names without the ten offences every day for the sole purpose of giving pleasure to you and the Holy Name. And when I attain these perfections I may probably glorify you aptly if I'm again blessed by you to do so.

On this auspicious day of your transcendental appearance, I pray for your mercy and request you to take complete charge of my life so that I may become a perfect puppet in your hands and serve your mission as you desire, depending only on Your Grace and the Holy Name. Once again, thank you very much Srila Prabhupada.

With a heart craving for more of your transcendental Love

Hare Krishna Dear Srila Prabhupada,

Please accept my humble obeisances

All glories to Your Lotus Feet.

I wish to offer my heartfelt 'Thank you' on this most auspicious occasion of your appearance day on this planet. Your Divine Grace has appeared on this planet just to deliver the fallen conditioned souls like me and take me Back to Home, Back to Godhead, although I am reluctant and disqualified to follow you there!

Srila Prabhupada, you reminded me in your beautiful purports in the Adi-lila of Sri Chaitanya Caritamṛta and numerous other places that my constitutional position is that of part and parcel of the Supreme Personality of Godhead, Sri Krishna and my relationship (sambandha) is to serve Him. Next, you took me to a new dimension of the spiritual world and its various dynamic intricacies and you taught me how to systematically engage in His service (abhideya). But, as a patient spiritual father you have been tolerating my incompetence in perfectly rendering pure devotional service. Only you could do that. That is why you are even more merciful than Sri Chaitanya Mahāprabhu Himself, who is addressed as mahāvadānyāyā. When will the day come when I will be able to meet your expectations up to the mark and achieve the perfection of my human birth (prayojana) and thereby please you and the predecessor acharyas up to Krishna. I continue to beg your mercy in this regard and ask your blessings to save me from the onslaughts of maya and continue to engage this wretched insignificant jiva in your glorious movement in some way or the other.

The other day, I was listening to your wonderful Śrīmad-Bhāgavatam Lecture on 7.6.1 given at Sri Vṛndāvana dham, on December 2, 1975. You were saying - that a devotee is akāma. "He has no desire. Anyābhilāṣitā-sūnyam [Brs. 1.1.11]. Personally, he has no desire. His only desire is how he would glorify Kṛṣṇa. That is the only desire." May I beg from you to kindly bestow me the strength to glorify Lord Krishna and His pure devotees like your good self and all the true followers of pure devotees?

I also pray from you to keep me protected from all the unwanted creepers mainly six in number, as described by your Guru Maharaj, Śrīla Bhaktisiddhānta Sarasvatī Ṭhākura – if you so desire. Please keep me always in the association of devotees.

Thanking you a million times, Srila Prabhupada.

Srila Prabhupada ki Jay.... May your fame spread all over the three worlds....

Aspiring to be a servant of your servant,

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories unto you!

Prabhupada I would like to thank you for giving me an opportunity to serve fulltime.

I have personally seen that how by doing service and sadhana wholeheartedly a person gets quick attachment towards Krishna, so I beg you kindly bless me that, "my mind should be always absorbed in doing service to you and practicing good sadhana."

Till the time we have independent desires than of Supreme Lord we will never be happy because the eternal constitutional position of the living entity is to become subordinate to the desires of the Lord. So kindly bless me that, I can understand your mood and to be in harmony with all Vaishnavas and will be able to execute your instructions according to your will.

Your eternal servant,

Aniruddha Balarama Dasa.

Dear Srila Prabhupada,

Please accept my humble obeisance at your divine lotus feet. All glories to you on this most auspicious appearance day of your divine grace.

It is my great Sukruthi that I have come across a great ideal acharya like you who teach everything about spiritual life by personal example. Every day I am thanking Lord Jagannatha for showing me an acharya like you for my spiritual guidance. The whole perspective of my life has changed because of your preaching. I have become less anxious about my material achievements. I am able to realize any of my mistakes immediately. This is all because of your immense mercy bestowed upon me. I am trying to follow your teaching practically.

It is the mission of my life to train the people in Japa Meditation through Japa club and inspiring them to take spiritual pledge to chant the maha-mantra 108 times every day. I thank you for giving me this opportunity.

On this most auspicious day I humbly beg you to continue to shower your blessing upon me continuously.

Yours sincere disciple, Annapoorna Devi Dasi

All glories to His Divine Grace A.C. Bhaktivedanta Swami Srila Prabhupada

Dearest Srila Prabhupada,

On this 122nd Vyasa Puja day, I offer my humble obeisances unto your lotus feet. Today it has been almost 3 years since you accepted this most fallen soul as your disciple and engaged me in your service. But these 3 years have been very challenging. I have not been able to perform the devotional service in a way by which I can please you. I have only been a constant source of displeasure to you. Such is my abominable state.

This year in my service at Akshaya Patra you have given me additional responsibility to manage the central food sourcing and capex sourcing. Though I have no qualification for this, I am depending on your causeless mercy and blessings to try and add maximum value to your organization through this service opportunity. Every day I remember the instruction you have given, which says:

“Sato vṛtteḥ. Vṛtteḥ, his profession should be very straightforward. No underhand dealings. Sato vṛtteḥ and sādhu-saṅga (CC Madhya 22.83), and in the association of devotees. Six things. Enthusiasm, patience, firm conviction, following the rules and regulations, dealing straightforward, no duplicity, and in association of devotees. If you can keep these six principles always in front, then your progress in Kṛṣṇa consciousness is sure. There is no doubt about it” (from purport to Nrsimha prayers, Los Angeles, Aug 2, 1970)

I am trying my best to adhere to this instruction of yours in your Akshaya Patra mission and I beg for your mercy to be able to do it effectively. Due to workload and also my bodily conditions I fail many times to keep up consistency in my sadhana which hits peaks and valleys each day. When this happens I remember your instruction below:

“So you must practice how to love Krishna. First you have to rise early in the morning. You don’t like to, but you think, “I will rise early to satisfy Kṛṣṇa”. This is the beginning. Then, “I have to chant sixteen rounds of the Hare Kṛṣṇa mantra on my beads.” You may be lazy, you may not want to do it, but if you want to love Kṛṣṇa, you must do it, you must do it! (Ref: Quest for Enlightenment)

I want to do my sadhana very nicely in a way that I please you. But by my own strength I will not be able to achieve this. I beg for your causeless mercy to kindly help me to please you with my sadhana, with my service to your lotus feet and to your mission. I am also trying to bring my family into Krishna consciousness. But the influence of the external material world is so much that there is always continuous distraction for them. I beg for your mercy on them and please grace them with the shelter of your lotus feet.

You have blessed me with the service of Chanter’s Club to spread the holy name of the Lord. I have keen desire to distribute your books and perform sankirtan in towns and villages. But again, I am so unqualified that without your mercy how can I ever do this. Please be merciful on to me, dear Gurudev.

I sincerely beg to be situated firmly on the spiritual platform, execute your instructions perfectly and constantly be engaged in your transcendental mission and please you in everything I do. Please bless me with the shelter of your lotus feet eternally, out of your causeless mercy and please forgive me for all my frailties and failures in executing your instructions.

Dear Srila Prabhupada,

Please accept my humble obeisance at your feet. All glories to Guru and Gauranga.

“Therefore any person who seriously desires real happiness must seek a bona fide spiritual master and take shelter of him by initiation. The qualification of the bona fide guru is that he has realized the conclusions of the scriptures by deliberation and is able to convince others of these conclusions. Such great personalities, who have taken shelter of the Supreme Godhead, leaving aside all material considerations, should be understood to be bona fide spiritual masters.”

Every time I hear of a pastime of any Vaishnava, I always find this conclusion “they received mercy from a bona fide spiritual master by rendering service with humble attitude.”

Due to my inability to control my mind I always face great difficulty in following your words. I fervently pray to give me the strength to do my sadhana and carry out allocated service in a humble attitude.

By establishing these pockets of Vaikuntha, ISKCON temples around the world you have given everyone easy access to approach a spiritual master and practice the divine principles laid out by great Acharyas. You have further simplified these principles to be easily followed by the current generation.

Supreme Lord has expanded into five features, Pancha Tattva to personally spread this Sankirtana yajna in this Kali yuga. Even though the general populace is completely immersed in sense gratification this Sankirtana yajna is leading the fortunate souls towards eternal bliss, Lotus feet of Supreme Lord Krishna.

Please give me your mercy so that I can bring more souls to Krishna Consciousness.

Dear Srila Prabhupada, You write in your letter dated 8th July, 1967 to Srimati Jadurani mataji "I am your Spiritual Father, and Krishna is your Spiritual Husband. A girl can never forget either her father or her husband. In the shastras it is said that spiritual advancement of life is achieved through the combined mercy of the Spiritual Master and Krishna. Those who are sincere souls, Krishna helps them to have a bona fide spiritual Master, and the bona fide spiritual Master helps the disciple to approach Krishna."

Srila Prabhupada, On your Divine Appearance day, I thank you for accepting me as your disciple. I pray to you for strength and courage to take up Krishna consciousness more sacrosanctly. I would admit to you that I have come short in following your instructions. Over the coming years I have goals set, for which I do not see a connect to Krishna. Please bestow me the directions to connect to your mission.

When asked by your disciple why you sign off your letters with "Your ever well-wisher" you said that a disciple may forget the spiritual master but the spiritual master never forgets the disciple. I feel joy when I remember your benevolence and I wish to express my gratitude for having met you through your mission.

Srila Prabhupada, You're the epitome of mercy, please grant me the strength to understand that Krishna consciousness is the most important part of life over anything else, by this I may help myself and others. I once again thank you for accepting me as your disciple, giving me a chance to interact with your sincere disciples and an opportunity to serve your mission.

Dear Srila Prabhupad,

Please accept my humble obeisances.

After millions of lifetime Jiva gets human form and after many such human births Jiva may accept a spiritual guide to endeavour for the perfection, but there are good enough chances to get a guide who is not qualified to deliver the ultimate good to the Jiva. This is evidently visible in the world today, there are so many sects and so called gurus who can just teach about physical, mental or intellectual empowerment, few who talks about the soul are very vague in their understanding and that's how the Mayavada, Brahnavada, Sunyavada etc. are quite prevalent in the society. Prabhupad! I am so fortunate to have yourself as my Guru. You have never compromised to explain about the relationship of Jiva with the Supreme Personality, Krishna. According to Muṇḍaka Upaniṣad (1.2.12) one must approach the bonafide guru who is learned in the Vedas and firmly devoted to the Absolute Truth.

tad-vijñānārthaṁ sa gurum evābhigacchet
samit-pāṇiḥ śrotriyaṁ brahma-niṣṭham

Someone can argue that there are so many great scholars who can give commentaries on vedic literature but this argument fails when Krishna himself mentions in the Bhagvad gita (15.15) By all the Vedas, I am to be known.

*sarvasya caham hr̥di sannivisto mattah smrtir jnanam apohanam ca
vedais ca sarvair aham eva vedyo vedanta-krd veda-vid eva caham*

Prabhupad! The words of Srimad Bhagvatam (11.3.21) have been implemented to the fullest degree when you have convinced the most unqualified people all over the globe about the love of Godhead.

*tasmād gurum prapadyeta jijṣāsuḥ śreya uttamam
śābde pare ca niṣṇātaṁ brahmaṇy upaśamāśrayam*

Any person who seriously desires to achieve real happiness must seek out a bona fide spiritual master and take shelter of him by initiation. The qualification of his spiritual master is that he must have realized the conclusion of the scriptures by deliberation and be able to convince others of these conclusions.

Prabhupad! Thank you for accepting me as your disciple although I do not deserve. You are the saviour and only hope for the people on the surface of the earth. The situations in the recent past are the testimony that you are always merciful toward your unqualified disciples. I feel honoured when I go out for preaching and repeat your words to the people of Bangalore. I take pride in introducing myself as a disciple of His Divine Grace A.C. Bhaktivedanta Swami Prabhupad. O Prabhupad! O Commander-in-chief! Thank you for enrolling me as a small soldier in the army of Lord Chaitanya Mahaprabhu.

Dear Srila Prabhupad,

Please accept my humble obeisances.

All Glories to your lotus feet and your Transcendental Mission.

Some days back I had seen an article 'The World's most richest and powerful men'. The entire media and people all over the world were talking about them and marvelled at the opulence of these men. Immediately I remembered the story you had quoted about Srila Sanatan Goswami and the Touchstone. Lord Shiva had advised one of his devotees praying for riches to meet Srila Sanatana Goswami, and when he met him he immediately guided him to a touchstone dumped away along with the other waste materials. The man delighted in the beginning wondered how someone could throw away a touchstone and was there anything more valuable than this that he possessed? With these questions in mind he approached Srila Sanatan Goswami for which he was directed to the ultimate opulence .i.e. Krishna Consciousness and the holy name of the Lord. In fact, we got to know from you that this so called opulence in this material world like Name, Fame and Money etc. are not real opulence at all as they are the sources of misery and no one can be satisfied by any amount of them until and unless they are properly utilised in the service of the Lord and His pure devotees.

Srila Prabhupad, one cannot thank you enough for creating a shelter where the whole world can stay happy, peaceful and contented in the service of the lord. You have saved us by giving us the greatest opulence of Krishna Consciousness, and also a fort to protect this opulence in the form of community of devotees. In fact because of this it is clearly apt in declaring that you are the world's greatest opulence and your presence in the form of your

sincere disciples, teachings, books, instructions etc. are the world's greatest benediction. Without these the world would surely tear itself apart.

Srila Prabhupad, you are very merciful upon me to have allowed me in the service of your mission.

I only pray that I may be engaged in your service life after life and be an instrument in your hands and be used as you desire for your pleasure and your sincere followers.

Your aspiring servant,

Atmarama Bhakta Dasa.

Avinasha Chandra Dasa

Dear Śrīla Prabhupāda,

Please accept my humble and heartfelt obeisances at your lotus feet. You are the dear most personality in my life, my eternal father holding me hand in hand and guiding me towards the abode of the Lord, mercifully. The gift you have given to me (us) is simply matchless that anyone can think of:

Oasis-like temples, Divine Deities, Soul-stirring Kirtans, Thought-provoking Bhajans, All-auspicious Holynames, Ecstatic Dances, Inspiring Bhagavatam classes, Mouth-watering Prasadam, Transcendental books, Purifying Services, Caring associations from devotees, Grandest festivals, Life-giving Dham yatra... the list goes on.

In one word you have given us LOVE that we were always hankering for. Yamuna mataji recalls in one of her interviews:

"The first San Francisco temple had certain similarities to the first New York temple, as well as quite a few dissimilarities. One dissimilarity was that in New York there were very few women, whereas in San Francisco there was almost an equal balance of men and women. So the chemistry of the temple was different. But in both places we were like Srila Prabhupada's children. He called us "boys and girls," and we were. Most of us were between twenty-five and thirty. I think the rasa of our being like his children was foremost, although when one studies the letters of this period, one will find that sometimes Srila Prabhupada referred to us as his "sons and daughters" and sometimes as "mothers and fathers." He would let the roles reverse for intimacy. I think there isn't a devotee from these early days who did not feel that every moment with Srila Prabhupada was intimate. Srila Prabhupada had such a way of showing love and affection through distributing Krishna consciousness that immediately we felt how much he cared about us. I would have never known what love was unless I met Srila Prabhupada, and I think that was true for all of us. Through Srila Prabhupada we learned to love each other. With Srila Prabhupada as our father, we had very deep, wonderful, transcendental relationships between each other as God-brothers and God-sisters."

Mataji is remembering how the early days of ISKCON were, when you were physically present. Today decades have passed after you physically departed from this world, but still whoever comes in touch with ISKCON still feel the same way mataji is expressing. This simply reiterates Bhaktivinoda Thakur's lines:

He reasons ill who tells that Vaishnavas die

When thou art living still in sound?

The Vaishnavas die to live and living try

To spread a holy life around!

Prabhupada, you are an epitome of compassion. Last time I had been to Mayapur and on the way we visited few places in Kolkata, where you played your transcendental pastimes. I had the chance of seeing the harbor from where you started your journey of compassion towards the west. It was a jaw-dropping moment! It was really scary to see

the unending ocean and the desolate cargo ships there; I was bemused to imagine how you had boarded the ship at such an advanced age for your bold mission. So much compassion you have for the conditioned souls; you are ready to take any daring step to give Krishna consciousness to the world. Below is an extract from the memories shared by Govinda mataji, a graphical sketch of your divine quality of compassion.

“When Srila Prabhupada spoke about something, you would experience it. It was like a transmission. Before going back to Hawaii, he began to speak about compassion. His eyes were closed and there were tears running down his cheeks. He said, "People are suffering in this world." He was expressing divine compassion for all the souls suffering in this world without Krishna consciousness. He said, "Please go and teach them. Tell them about Krishna. Give them this knowledge because they are suffering. They don't know they are suffering but they are suffering." He was in such a compassionate mood that tears were coming down his cheeks. He was showing how much love he had for all the jivas in this world who don't know about Krishna.”

Prabhupada, you are truly an ocean of compassion. Aren't you?

Not to forget, this year you were even more compassionate on this poor soul for you given me the sacred thread. As Hari-bhakti-vilāsa says bell metal, when mixed with mercury, is transformed to gold, me, even though not pure, you have transformed me into a brāhmaṇa. Even though I'm not qualified you have blessed me to serve the Deities. Thank you Prabhupada for showing mercy on me. Please give me the strength to always follow the brahminical principles of peacefulness, self-control, austerity, purity, tolerance, honesty, knowledge, wisdom and religiousness and to always meet the standards set by you.

Prabhupada, you have show-cased all the transcendental qualities of a pure devotee. Unfortunately today there are so many scientists, philosophers, political leaders and show-bottle spiritualists (even in your own ISKCON) who are superficially giving hope and pleasure to the innocent people but ultimately pushing them to the dark deep well of material existence. They are like the croaking of the frogs and the glittering of the glow-worms. But you are like the clear sunlight or moonlight, in your presence all these insignificant glowings and croakings will get massacred because you ARE THE true representative of Srila Vyasadeva who truly deserves homages. Your motherly love can knockout the whole darkness of this Kaliyuga and take every one of us back to Kṛṣṇa. I'm really proud to be your disciple.

Prabhupada, your lilas (both past and present) are so sweet and unlimited; it's easy to write an offering for you every year but I'm worried; when am I going to offer MYSELF to you completely! I should really contemplate on this every day and work towards becoming a devotee that you want me to become, a sun or a moon and not a glow-worm! I beg you to continue blessing me in this mission. You say in one of your books “a beautiful situation in life should be utilized for a beautiful end, not for degraded forms of worship.” You have kept me in a beautiful situation by sheltering me in brahmachari ashram, please help me to totally depend on you to utilize it for a beautiful end and not for degraded forms of worship.

Awaiting more mercy,

Your unworthy servant,

Spiritual subject are very difficult to understand and the process to attain that, but Srila Prabhupada you made very easy to understand and follow the process of chanting, following four regulative principle, reading and service.

When I look back, I see the no reason for my spiritual progress, it is because of your divine grace that, I am now in the association of devotees where spiritual progress is very fast

It is the causeless mercy of your divine grace that we are always protected, by the proper channel of organization structure. For the best spiritual practices, it is your hardship Prabhupada that we are practicing devotional life very easily.

Srila Prabhupada please keep me always under your shelter.

Please accept my most humble obeisances, All glories to your divine appearance day!! By your association my eyes are opened and I can see the world in reality, All glories to your divine appearance day!!

Around 15 years ago during the July of 2003 for the first time I came in touch with your grace and your glories mission. At that time I didn't know much about your great personality and purpose of your appearance. I didn't surrender to you on first meeting, not a single day goes-by without regretting that "Why I didn't surrender to you on first association or immediately after. " O spiritual master please forgive me, for I am most fallen.

I know for sure I am not qualified to do any service to you and Lord Radha Krishna, but out of your causeless mercy, you have engaged me in various services including Preaching, Theatre, and website work for the pleasure of Radha Krishna. I have many faults, and I am unable to serve properly many times, O spiritual master please forgive me, for I am most fallen.

In the coming year, please engage me in more and more service, if you desire so. Give me strength to face all obstacles, give me the intelligence to serve effectively. Give me the courage to approach many genuine souls, and bring them to you, if you so desire.

Srila Prabhupada, your mission is delivering the fallen souls; since I am the most fallen my claim is first, if you sp desire.

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet. As a son would beg his father, I pray and beg you to guide and help me in my spiritual life.

My initial impression of you and your followers was that there was too much one-man worship of you at ISKCON. However, I was so grossly foolish to note that this kind of hero worship happens even in material affairs and that unconscientiously, I myself was doing it. A fan of a movie hero would watch the first day, first show of all of the hero's new releases. For another man, Sachin Tendulkar may be the idol of his life and he can take the pain of even waking up at 2 AM to watch Sachin play. There are hundreds of people who dedicate their lives for a political leader. People eulogise such heroes in so many ways – they celebrate his birthday, hail his achievements in front of others, write a book on him etc. All of this glorification, however, are for the selfish reasons of the follower; no true love or appreciation exists between a material hero and his follower.

Srila Prabhupada, your activities on this planet are so amazing, it seems almost that you used magic. More than 70 books, 108 temples, 10000 disciples, 3000 lectures -- all these in a span of 12 short years. Since you are the spiritual hero of Brahma-Madhva-Gaudiya Sampradaya, if your disciples glorified you, it is actually much less than what is needed. As Hari-bhakti-sudhodaya (13.2) says, "O devotee of the Lord, the purpose of the visual sense is fulfilled simply by seeing you, and to touch your body is the fulfillment of bodily touch. The tongue is meant for glorifying your qualities because in this world a pure devotee of the Lord is very difficult to find."

I have since understood that if people can show such admiration and dedication for ordinary material achievers, it's quite natural, appropriate and essential for followers of ISKCON to show love and gratitude to Srila Prabhupada. And it's not as if Srila Prabhupada has dearth of any likable qualities. As Srimad-Bhagavatham states, "Yasyāsti bhaktir bhagavaty akiñcanā sarvair guṇais tatra samāsate surāḥ --As soon as one becomes a pure devotee of the Lord, all the good qualities of the demigods can be found in him." [SB 5.18.12]. And Krishna also says, "One who says he is My devotee is not My devotee, but one who is the devotee of My devotee is actually My devotee" (Ādi Purāṇa). Genuine gratitude, appreciation of your exalted position and a realization of the importance of a spiritual master is what makes us worship you as good as God.

O my Lord, you have accepted this most sinful man as your disciple. I'm exceptionally lazy, grossly sinful, overtly proud and brazenly disrespectful to superiors. You are kind to me, nevertheless. This is more than unconditional mercy. My fortune is more than that of any ordinary man of this world because I have the most merciful Acharya as my master. What more can I ask Lord Krishna when I have, YOU, as my spiritual master. O Prabhupada, kindly help me dedicate my life for your service only.

Aspiring to do some service that pleases you,

Your most fallen servant, Brahmananda Dasa

Braja Hari Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances to your lotus feet,

om ajnana-timirandhasya jnananjana-salakaya

caksur unmilitam yena tasmai sri-gurave namah

I was born in the darkest ignorance, and you opened my eyes with the torch of knowledge. I offer my respectful obeisances unto you again and again.

Unfortunately, in this age of Kali there are many bogus gurus who display magic to their disciples, and many foolish disciples want to see such magic for material benefits. Even I would have been one amongst them, if I would have not come in touch with your divine grace.

It is said in Shastra,

brahmanda bhramite kona bhagyavan jiva

guru krsna prasade paya bhakti lata bija

Even if one wanders for many millions of years, from the time of creation until the time of annihilation, one cannot get free from the path of material existence unless one receives shelter at the lotus feet of a pure devotee. I am very grateful to you for giving shelter at your lotus feet and bestowing an opportunity to render service unto your mission.

Even though we are not having much qualification and fallen under the spell of maya, you have given an opportunity to serve their lordships and your mission. You are very compassionate to all of us.

In Srimad Bhagavatam 3rd canto you have mentioned “The symptoms of a devotee are meekness and humility. Although spiritually very advanced, he will always remain meek and humble”.

In spite of being the spiritual master of the whole world, the confidential associate of the Supreme Lord Krishna, the greatest personality on the surface of the earth and commander-in-chief of Lord Chaitanya’s army, Srila Prabhupada, you always showed us everything by your own example. Before going to west you used to go in front of Rupa Goswami Samadhi mandir and pray "He Rupa! He Sanatana! He Gurudeva! Please give me your mercy. Without your mercy I cannot do anything. Give me the mercy. Give me the strength that I may fulfill your orders."

Sri Caitanya-caritamrta Madya 17.80 it is said

mukam karoti vachalam pangum langhayate girim

yat-kripa tam aham vande shri-gurum dina-taranam

By the mercy of the guru, even a dumb man can become the greatest orator, and even a lame man can cross mountains. Srila Prabhupada, please bless me to serve you and your mission in a way you desire and keep me always under your special protection.

Your eternal servant, Braja Hari Dasa.

Chaitanya Chandra Dasa

Dear Srila Prabhupada,

Please accept my most respectful, humble obeisance unto your lotus feet on this most auspicious appearance day of your Divine Grace.

Another one more wonderful year has passed by. Thank you Srila Prabhupada for giving me an opportunity to serve your lotus feet under the guidance of your sincere disciples having firm faith and conviction in your transcendental vani and holy name.

On this auspicious day I like to share one of your instructions which struck me a lot and which I realised during my services - “Following the order of the bona fide spiritual master is the only duty of the disciple, and this completely faithful execution of the order of the bona fide spiritual master is the secret of success”. REF:Śrīmad-Bhāgavatam 2.9.8.

I am really convinced that by following your instructions and system set by Your Divine grace, mystically success will come. Simply I have to remain obedient to your system and my spiritual authorities.

Please let me not misuse your special mercy given in my services and instead of using it in your preaching services.

I want to humbly submit a request, to bestow mercy on this unfaithful soul so that I can follow your preliminary instructions of chanting 16 rounds attentively, follow four regulative principles strictly, seriously, sincerely, reading your books regularly, render practical devotional service with full enthusiasm under the guidance and directions of devotees.

I beg your Divine Grace to forgive me for all offenses that I have committed knowingly and unknowingly at your lotus feet and your disciples.

Please give me a necessary internal and external strength to keep myself engaged always in your service.

Trying to be your humble servant,

Chaitanya Chandra Dasa

Charu Chaitanya Dasa

Dear Srila Prabhupada,

I am eternally grateful to you for giving me this beautiful gift of Krishna Consciousness. As you rightly say that 'The debt to the spiritual master cannot be repaid', I feel the same when I compare my present life to my previous life. How can I ever repay so much that you have causelessly bestowed upon this fool?! You have practically already delivered Krishna to us.

krishna se tomāra, krishna dite pāro, tomāra śakati āche

But I am so foolish that I am not able to realize the value of your gift. This present mind of mine is like a dead stone, although I am undergoing such wonderful experience, my mind is not very appreciative and keeps on forgetting all the reciprocation that you and Krishna have given me, without even praying or saying anything .

Please help me to be on this path of devotional service eternally, to always be your servant. I am being blown away by the way you are delivering this knowledge, making it so simple to understand, and at the same time the way you glorify Krishna is amazing.

It is difficult for me at the present moment to render service to you and Krishna with full attention and with out any mistakes, but I am trying, so please forgive me for any offenses that I may unknowingly commit.

Trying to be a humble servant and a sincere disciple,

Charu Chaitanya Dasa.

Damodari Devi Dasi

Jai Srila Prabhupada

Please accept my humble & respectful obeisances unto your lotus feet.

Srila Prabhupada, it is very much true that you are our ever well wisher. You have taken up the big responsibility of delivering the fallen condition souls from the ocean of nescience.

Srila Prabhupada, you are so merciful, even though you know that you have to suffer for the sins committed by the disciples. You have mercifully accepted so many unqualified souls as your disciples, just to give them proper guidance to progress in devotional service.

Srila Prabhupada, you are our saviour. Without your blessings we are unable to follow our daily sadhana & continue our Krishna conscious life.

Srila Prabhupada, I thank for everything you have given me.

Srila Prabhupada, as you have many times said that Maya is very strong we may fall prey to her anytime. So please protect me from falling prey to maya.

Srila Prabhupada, on this auspicious day of your appearance. I beg to you please bestow your mercy & guidance on me to continue in Krishna consciousness without any deviation.

Your's

Damodari Devi Dasi

Dasharatha Suta Dasa.

Dear Srila Prabhupada,

Please accept my humble obeisances.

It is said in the scriptures that we cannot know Krishna in this material world. Krishna is hidden by his material energy. And to know Krishna, Balrama who is “Prakash tattva” of Lord enables this Knowledge. And Nityananda Prabhu is the same Balrama who is that “Prakash tattva” and it is said that Spiritual master is also expansion of Nityananda Prabhu, who enables the living entities to see or know about Lord Krishna. Krishna also when he appeared 5000 years back, nobody was able to recognise him as the Supreme personality of Godhead except for few of his associates. So at present age it is even more difficult. At present, “kali-kāle nāma-rūpa kṛṣṇa-avatāra” Krishna has incarnated as his holy name and it is impossible for living entities to know or realise that Krishna has come as his holy name. It is your mercy O divine grace that so many people are getting this holy name and are able to know Krishna. This kind of mercy is impossible from any other incarnation of Lord or any personality.

Thank you for accepting me in your organisation as a full time missionary. I was very uncertain that I will be able to join your divine movement but because of your divine help I am having a life of temple devotee.

During my journey of Krishna consciousness I have felt lot of help from your divine grace. In spite of me being unworthy candidate for spiritual life and slackened sadhana you have always helped me through your disciples, your organisation, your words and your books. You inspire each disciple your's for becoming Krishna conscious.

You have shown lot of mercy to me through various ways. Few decades back nobody would have ever imagined that Chaitanya Mahaprabhu mission will become so big, but it has happened by your relentless efforts and purity. By your mercy so many Jagai's and Madhai's are turning into Vaishnavas. Please always keep me in the association of devotees.

Your Aspiring Servant

Dasharatha Suta Dasa.

Deenadayal Hari Dasa

Dear Srila Prabhupada,

I heard so many times in devotee associations that Krishna takes charge of one who surrenders unto Him. Even though, I have heard lot of times, I couldn't really appreciate it. I used to think why Krishna will take interest in me as I haven't done anything to attract His mercy. Few months back, I came across one Bhakti Vedanta Purport that states Krishna is the asset of His Pure Devotees and They can deliver to Him anyone without any qualifications. Thank You Srila Prabhupada to put me under the guidance of wonderful masters Sri Sri RadhaKrishna Chandra.

By Your Grace, I could overcome the tribulations in recent past. I faced a lot of reversals in my short stay in ashram but you have saved me and taken care of me mystically. I'm unable to glorify You with my little intelligence. Please give me lot of strength to render services for the pleasure of Lord Nityananda Prabhu.

Your servant,

Deenadayal Hari Dasa

Dhira Gaura Dasa

Dear Srila Prabhupada,

Please accept my most respectful, humble obeisance on to your lotus feet.

In this very short span of time, I consider myself very fortunate that I have got an opportunity to write about my realization and relationship with you. However, I consider myself unqualified to write about your divine personality with my very poor fund of knowledge. You've been merciful to have accepted me as your disciple and give me a name – Dhira Gaura Dasa. Please also provide me little more strength so that I can justice to my name.

I thought in this short span of time, I could elaborate my gratitude to you in the form of this below short poem:

You have given me a second chance, a second life,

By which you cut the bad omens in my life with a sharp knife;

You gave me kind and merciful initiation,

This has started clearing the life's confusion;

I am able to see life with a different perspective,

Which people often think that I do not have any prospective;

I would like to strictly follow the laid down principles,

But I am failing in it and think that it is not possible;

But again, you help me kindly like a loving father,

Which helps me feel that I am to you much closer;

Thank you Srila Prabhupada for being there for me,

My sincerity in KC is the only thing I can give you as fee...

Your humble servant,

Dhira Gaura Dasa

Dinasharana Gauranga Dasa

Dear Srila Prabhupada,

Please accept my most respectful and humble obeisances at your lotus feet.

All glories to Your Divine Grace!

Your books have been the guiding light for me in the last few years. Every line when read with attention is striking and makes questions inquiring the purpose of human life in this material world. However, my dull intelligence is not able to understand that being Krishna conscious is the ultimate perfection of my life.

It is only by your mercy that I have been able to sustain in being Krishna conscious. Without your mercy, one cannot progress an inch in Krishna consciousness. The greatest fortune in my life is to have become your disciple.

I have no desire to either surrender to Krishna or serve the mission of Chaitanya Mahaprabhu. Please give me your blessings so that I can become a humble servant in serving your movement for propagating Krishna consciousness. I beg you to keep this undeserving soul always under the shelter of your lotus feet.

Your fallen servant, Dinasharana Gauranga Dasa

Gadadhara Dasa

Thank you Prabhupada, for your special, undefined, causeless mercy on this fallen soul.

Thank you for accepting me as your disciple and giving me a chance to live a life full of celibacy, dignity, joy and happiness.

Thank you Srila Prabhupada for giving me your protection and a place at your lotus feet. Guru Dev, Thanks again for giving me the association of devotees. Your Grace, Thank you for setting up a world full of temples and giving the hope in a world full of hypocrisy.

Your divine grace, you have given me such a simple process of chanting the holy names of Lord Krishna for self realization and saving me from greatest dangers.

Oh my dear master, Srila Prabhupada, I am obliged to you every moment of this life and the life after life.

Thank you for setting up such a wonderful organization which is above the caste, creed, gender, colour and race and allows everyone to practice Krishna consciousness in a most sublime way.

Thank you for allowing me to associate with you by following your instructions.

Srila Prabhupada, You are an ocean of mercy, kindly forgive me for all of my offences and bless me to continue my journey in your foot steps.

Your servant, Gadadhara Dasa

"I offer my respectful obeisances unto my spiritual master, the deliverer of the fallen souls. His mercy turns the dumb into eloquent speakers and enables the lame to cross mountains."

All Glories to our eternal Spiritual Master His Divine Grace A.C Bhaktivedanta Swami Srila Prabhupada!

Thank you very much for your association through your transcendental temples, books, Krishna Prasadam, ecstatic kirtans, Aaratis and diety worship.

In one of the CC purport you had quoted Kala Krishna dasa's fall down saying - "Even though a person may associate with Śrī Caitanya Mahāprabhu, he can be allured by māyā and leave the Lord's company due to his slight independence. Only one who is overwhelmed by māyā can be so unfortunate as to leave Śrī Caitanya Mahāprabhu's company, yet unless one is very conscientious, the influence of māyā can drag one away, even though he be the personal assistant of Śrī Caitanya Mahāprabhu. And what to speak of others?"

In another CC purport you say - "Even though a person is rejected by the Supreme Personality of Godhead, the devotees of the Lord do not reject him; therefore the Lord's devotees are more merciful than the Lord Himself. Śrīla Narottama dāsa Thākura thus sings, chāḍiyā vaiṣṇava-sevā nistāra pāyeche kebā: one cannot be relieved from the material clutches without engaging in the service of pure devotees."

Its only due to one's deep ignorance, he may neglect serving such a pure devotee as your grace. Kindly remove all such dirt in my mind and engage in your service.

Kindly guide me not to be familiar with your transcendental gifts of Temple, Prasadam, Devotees association and Sankirtana.

Please keep me engaged in serving your transcendental mission.

Aspiring to become servant of your servants,

Dear Srila Prabhupada,

om ajñāna-timirāndhasya jñānāñjana-śalākayā cakṣur unmīlitam yena tasmai śrī-gurave namaḥ

I am so glad that one complete year has passed under your shelter, chanting 16 rounds every day. I am able to practice the regulative principles for One solid year, which was never possible before. By your association I am able to develop appreciation for Bhagavad-gita, Bhagavatham & other Vaishnava songs . you have kindly engaged me in the service of the deities which I could have never got in my life otherwise. I am so fortunate that I am honouring Lord's charanamrta every day, engaged in the temple services the whole day, living in the association of devotees, honouring prasadam every day three times. All these things have become possible only because of your mercy upon me. You have taught me the purpose behind the rules and regulations of the Vedic way of life and given practical guidelines in day to day life for remembering Krishna. Even though I am the most wretched personality, You are so kind to accept me under your shelter and have engaged me in serving the glorious Sankirtana movement of Lord Chaitanya. This glorious position of rendering service to Lord Chaitanya's movement is given to me only by your causeless mercy as it is mentioned in the Bhagavatham that even the demigods aspire for such opportunity.

You are present in your books and guides us through your instructions. The spiritual master is the representative of the supreme lord and communicates the desire of the lord for that jiva. Association with guru purifies even the most fallen. Holding on firmly to the spiritual master coming in the chain of disciplic succession is the way by which even the most fallen man can be elevated, for he acts as a transparent via medium between the Lord and the jiva. Service to guru is the most beneficial for the conditioned soul. Even Prahlad Mahraj also asked Lord Narasimha deva to grant service of Narada muni, his guru.

You are the one who has presented the message of Srimad Bhagavatham coming in the line of disciplic succession for the entire world in English, a master piece with word to word meanings for all the 18,000 slokas for the first time in the world. You have delivered the most wretched sinful people in the west which clearly proves the verse

(kirāta-hūṇāndhra-pulinda-pulkaśā ābhīra-śumbhā yavanāḥ khasādayaḥ). You have spread the message of Lord Chaitanya all over the world. You have scientifically presented the pitfalls of the modern way of life as opposed to the vedic way of life and gave thorough knowledge & practical ways to implement Vedic directions in the present modern civilization

You are completely averse to fault-finding. You have firm determination to execute the order of your guru, with unflinching faith in the holy name. You have ardent desire to spread the Sankirtana movement of Lord Chaitanya all over the globe.

I pray to you to give me strength to chant the holy name of the lord with firm faith and to respect all the other vaishnavas. Please enable me to execute devotional service firmly and seriously. Help me to follow the instructions of my authorities more rigidly.

Yours most undeserving servant,

Gajendranatha Dasa.

Dear shrila Prabhupada,

Please accept my most humble obeisances at your lotus feet,

A small poem for your pleasure by an insignificant poet.

Enjoying the taste of material name and fame,

I spent my good days only in vain

Never knew this life will give only pain,

Years and years passed by in Maya 's rein

Came in contact with Your Divine Grace by Your grace

You assured , in GOLOKA I will have a place

Without realising the power of your Grace,
Ignored the transcendental fame of the holy Place.
Thinking of returning back to Godhead still late,
Decided to try again my unseen fate
Tired in the complicated mesh of material phase
Again Saved by the most merciful your Divine Grace

Thank you Shrila Prabhupada.

Your servant, Gaura Gopal Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances.

All glories unto you. Dear Srila Prabhupada I am lame and ill advised but still your lotus feet are everything to me. Misfortune has struck people of Kaliyuga, I being a typical case, became your disciple and completed one year in Ashram by the mercy of your divine grace.

There must be a former relation of you with me, otherwise how could you know me so deeply.

so as to determine what is favourable for me and what is not. Me being in Maya perpetually caught.

Radha Krishna Chandra, Krishna Balaram, Nitai Gauranga, Srinivas Govinda, Prahalad Narsimha, Bhakta Hanuman and Bhakta GarunDeva all bestowed upon me their boundless mercy by giving me the opportunity to serve their lotus feet.

With the power of their blessings only I can hope of deliverance from bodily concept of life. The temple authorities being your representative were always kind and compassionate towards this foolhardy. My only wish oh my Lord is when my heart will throb seeing the wretched condition of all conditioned souls when will compassion for other jivas will make me forget my own comforts. Oh when O my Lord I will fully surrender unto your will and will be a perfect instrument in distributing your mercy to all souls entrapped in this Maya Jala. When will my desires seek oneness with your desires. Dear Srila Prabhupada, please be merciful upon me grant me Shakti to do Harinam Prachaar and be your eternal servant.

Desiring to be your servant of servant of the servants,

Dasosmi,

Dear Srila Prabhupada,

Please accept my humble obeisance at the dust of your divine lotus feet. All glories to you & your sincere devotees.

No words to surface the influence of your team in my spiritual growth...the change in thoughts, the actions, the working atmosphere around me....oh it's absolutely the dosage of your sweet vani which is confining / consolidating the positive vibrations and is pushing out the negative vibes within me.

Dear Prabhupada, I don't need to hide the fact from you that being drowned in the material pool, I am still struggling to come out of it and hope of being afloat in this journey was slowly sinking...but your sincere devotees in your ISKCON Bangalore have put in huge efforts in their thought process to ensure that souls of my similar nature shall never sink in this material pool but would rather slowly / safely get into your boat that takes us off straight back home back to God head. The online support like the Gita dhyana, nityam bhagavata sevaya, and the weekend chanters club and the latest Bhakthi sastri classes are creating a very huge influence on these fallen souls and we don't even have a clue on how our days / weekends just gets evaporated week after week and month after month. I feel that you are also equally excited by observing these sincere devotees of yours the way they produce these various interesting schemes to pull out the general populace from the material pangs & their continued strive for upgrading these souls.

Dear Prabhupada, I humbly beg for your causeless mercy and of your sincere devotees upon me, for me to serve your sincere devotees & swiftly progress in this spiritual journey.

Yours most fallen student,

Giridhari Krishna Dasa

Gopeesha Dasa

Dear Srila Prabhupada,

Please accept my respectful obeisance at your lotus feet. All glories to Your Divine Grace!

It is by the grace of Krishna that one gets a bona fide Guru and by the grace of such a Guru, one gets Krishna. I am so fortunate that I have taken shelter of your lotus feet and now only by your mercy I will be able to attain perfection in my spiritual journey and go back to godhead. There is no other way.

It is not possible to understand fully the glories of Lord Krishna. It is just like the efforts of a small bird flying in the unlimited sky to measure how vast it is. Still by the grace of a pure devotee like Your Divine Grace, we can understand Krishna to some extent.

It is also difficult to understand the true glories of a pure devotee. When one goes to see the Himalaya Mountains, one cannot see the entire range of the Himalayas. Still one can have some idea of what the Himalaya is by standing at one place and seeing a small portion of it. Similarly, those who have come in touch with Your Divine Grace, can perceive to some extent, what a pure devotee of Krishna is like, by your thoughts, words, qualities, activities, etc.

Dear Srila Prabhupada, you have gifted the entire world the pure philosophy of Krishna consciousness. It is the most perfect and sublime philosophy. I am convinced of this fact because it has an answer to every question that may arise in our minds, regarding the absolute truth. In a conversation with disciples, you said that your books contain the answers to all questions. When we read your books with faith and reverence and with a mood of surrender, we can appreciate the philosophy and realize that your books are full of spiritual potency.

The philosophy of Krishna consciousness is a beautiful blend of knowledge and service. It is not just limited to acquiring spiritual knowledge but it also stresses the need to act in that knowledge for its realization. This is evident from your translation of bhakti as devotional service.

Dear Srila Prabhupada, you have given us a very simple way to engage practically in devotional service – chanting the holy names of Krishna in the form of Hare Krishna maha-mantra with faith and devotion. This is undoubtedly the most magnanimous contribution of the Hare Krishna movement, which you have spread all over the world. Had Your Divine Grace not undergone so many troubles, austerities and sacrifices to spread the holy name and teachings of Lord Krishna, the world today would have been in much more miserable condition for want of Krishna consciousness and there would not have been any hope for the mitigation of the sufferings.

Dear Srila Prabhupada, you have saved me from many terrible situations in my life. I would not have been in this situation without your mercy. Kindly protect whatever little devotional service I am trying to render, sometimes unwillingly or without realizing its importance. Kindly bestow your blessings on me that I may remember the Lord and follow your instructions in all conditions of my life.

Your servant,

Gopeesha Dasa

Goura Mohan Dasa

Our dear Srila Prabhupada on this auspicious day of your Sri Vyasa Puja ceremony, I offer my most humble respectful obeisance unto lotus feet of the beloved disciple of His Divine Grace Śrīla Bhaktiśānta Sarasvatī Thakur, who is known, has all merciful spiritual master, A.C. Bhakti Vedānta Swami Prabhupada. Who is the representative of The Supreme Personality of Godhead, who is Pure Devotee of Lord Chaitanya, Who turns dumb into the eloquent speaker and enables the lame to cross a mountain, and he who defeats all inauspicious things within this world? Who is always engaged in trying to delivering the most fallen soul like me from the ocean of suffering, and elevating to the platform of Krishna consciousness, let me always try to understand you, who is always in blissful Krishna consciousness. Let me meditate on you being enthused just as you enthuse us. O spiritual master, I, again and again, bow down to your beautiful lotus feet, O giver of divine wisdom, O friend of the fallen, you are an ocean of mercy. Please be kind to me. Although dwelling in Goloka Vṛndāvana, by the causeless mercy you have descended for the welfare of fallen souls like me, you are preaching the divine love of Rādhā and Kṛṣṇa, and by your causeless mercy you have granted the supreme holy name Hare Krishna mantra, the divine mantra upon us, to attain very easily pure devotional service to Lord Krishna. Prabhupada Your mercy is truly beyond our conception, and it is our good fortune that you again bestowed your causeless mercy upon us again by giving chance to celebrate your divine appearance in this world year after year so that we can advance in Krishna consciousness life, simply by offering our humble prayers unto your lotus feet. Prabhupada offering our prayers unto your lotus feet is just like worshiping Mother Ganges with Ganges water, although your divine grace does not need anyone's prayers, you will accept them, even though the disciple is ignorant persons born in low families, if sincerely offer heartfelt prayer at your lotus feet for the benefit of your disciple. By this simple process one can become completely uncontaminated by the association of the three modes of material nature and be able to chant the glories of Your Lordship. And one who engaged in glorifying the Lord and his devotees activities is always unafraid of this material world, whereas one who cannot glorify the Lord and his devotees glories is subjected to all lamentation, lust and greed, and he suffers under the conditions of material nature. One cannot please Lord and his pure devotee simply by dint of high parentage or great opulence, learning, austerity, penance or mystic power. Indeed, these are never pleasing to you. The embodied soul one who neglected and not cared about you cannot do anything for their betterment. Whatever remedies they accept, although perhaps temporarily beneficial, are certainly impermanent. Although there are many remedies by which to get out of miserable life, any such remedies in the material world are more miserable than the miseries themselves. However, if one who has fully taken shelter of the Lord's pure devotees lotus feet by serving him can be saved from the onslaught of material nature. O best of the great personalities our dear Srila Prabhupada, You are the friend of all suffering humanity, spiritual master of the entire world, You have appeared endowed with the mercy of the Supreme Personality of Godhead Lord Krishna, to distribute the mercy of the Lord Caitanya deva, for those who are fallen living beings suffering in this material world to elevate to the platform of Krishna consciousness, what is the difficulty for you, who is always transcendently situated in Krishna consciousness. Who is simply concerned with love for the fools and rascals like me to deliver from the clutches of Maya, who is making elaborate plans for material happiness, by association with three modes of material nature who is always attracted by the external energy of the Lord, and reactions of my own activities. Repeatedly suffering the pains of birth and death and eating horrible things one after another I was gradually falling into a blind well, by following the mind's dictation. My mind is extremely sinful and lusty, being sometimes so-called

happy and sometimes so-called distressed. My mind is full of lamentation and fear, and it always seeks more and more sense of enjoyment. Thus it has become most polluted and is never satisfied in topics concerning about Krishna. Which is explained by Prahalad maharaja, who has many wives, all trying to attract him in their own way, Just like, the tongue is attracting to palatable dishes, the genitals to sex with an attractive woman, and the sense of touch to contact with soft things. The belly, although filled, still wants to eat more, and the ear, not attempting to hear about harikatha, is generally attracted to cinema songs. The sense of smell is attracting to yet another side, the restless eyes are attracting to scenes of sense gratification, and the active senses are attracting elsewhere. In this way, I am certainly embarrassed. Prabhupada your mercy is like moon like an ocean. I am like a dwarf who wants to capture the moon. Although I am completely unfit to receive your mercy. Your divine grace kindly accepted me as your disciple and Kindly instructing me on how to achieve devotional service in the transcendental platform. As bell metal is turned to gold when mixed with mercury in an alchemical process, so one who is properly trained and initiated by a bona fide spiritual master immediately becomes eligible to render devotional service, by serving you constantly, I will be able to free from all material desires and is completely pacified. In this way, I shall undoubtedly be able to cross the ocean of nescience. It is our duty of every disciple to surrender to you who is a bona fide spiritual master. Giving you everything-body, mind and intelligence, by carrying your order to get out of the clutches of māyā and become eligible for shelter at Kṛṣṇa's lotus feet, My dear Lord, When will show your causeless mercy to persons like me, by keeping engaged in your service constantly life after life. O Srila Prabhupada ocean of mercy, I belong to you alone you are my only shelter, and thus I take shelter of you. Kindly instruct me in such service.by engaging in your transcendental loving service in the association of devotees under your guidance. “Prabhupada by serving you constantly, one is freed from all material desires and is completely pacified. When shall I engage as your permanent eternal servant and always feel joyful to have such a fitting master?”

O my dear Srila Prabhupada, you are to be worshipped by every living being. The ultimate goal of life for every living entity is to attain the position of being a servant of the servant of the Lord. O Your Lordships, O ocean of mercy, Thus I fall down to offer you my respectful obeisance's and beg your mercy. Your mercy is essential to me. I am certainly the abode of many offences and am completely devoid of all good qualities. By not knowing your glories, I have dishonoured you many times by disobeying your divine instruction. Although I am such a fallen offender, you are so much kind and mercifulness upon me that in spite of such you are keeping me under your shelter and engaging me in your devotional service. Such is the compassion and transcendental loving reciprocation upon your disciples. The relationship between the disciples and spiritual master is fixed eternally; it cannot be forgotten, please excuse me for all those offenses whatever I may have done in madness pardon me Just as the ground is the only support for those whose feet have slipped, you alone are the only shelter for those who have offended you. As a father and mother tolerates and excuses the impudence of his son, a friend the impertinence of a friend, or a husband the familiarity of his wife, please tolerate and forgive me the wrongs I may have done to your lotus feet, If your divine grace don't show mercy upon me who will show mercy upon me who is an unworthy, unusable, untouchable, unseeable, lowest among creatures, who is a rejected by everyone in this entire material world because no sinner or offender is as bad as I am. You are my life and soul Now it is in your hand to protect or not. O my Lord, as powerful as fire, O omnipotent one, now I offer you all obeisance's, falling on the ground at your feet. O my Lord, please lead me on the right path to reach You, and Your grace since You know everything all that I have done in the past, what I am going to do future what I am doing in present, and what happened past to me what is going to happen in the future what is going on in present, please free me from the reactions to my past sins and offenses so that there will be no hindrance to my progress towards unalloyed devotional service to Sri Sri RADHA KRISHNA CHANDRA under your shelter. Prabhupada you are known as Patita-pāvana, the saviour of the fallen souls. Has Śrila Narottama dāsa Thākura sings:

patita-pāvana-hetu tava avatāra, mo sama patita prabhu nā pāibe āra

Yadi dayā na koribe, patita dekhiyā Patita-pavana nāma, kisera lagiya and

“My dear Lord, please be merciful to me. Who can be more merciful than Your Lordship within these three worlds? You appear as an incarnation just to reclaim the conditioned, fallen souls, but I assure you that you will not find a soul more fallen than me.”

If you are merciful upon me then certainly your name will be known as Patita-pāvana, the saviour of the fallen souls. If you are not merciful upon me then it will be very, very difficult to find more suitable candidates for your mercy. When will that moment come so that I can all ways engaged unalloyed devotional service to your lotus feet? Prabhupada when will be I able to understand and follow your divine instructions? *Which is the all means to achieve the ultimate mission in this human form of life, Just as the celestial waters of the Ganges flow unobstructed into the ocean, and as the minds of young ladies take pleasure in a young man, and the minds of young men take pleasure in a young woman, kindly let my mind takes pleasure in you alone.* O Srila Prabhupada you are like a river flowing with the nectar of mercy. Please be kind to me Please be pleased upon me, and give me a little service eternally at your lotus feet so that I can render with sincere and serious, favourably to please you, which is the success of devotional service. *yasya prasādād bhagavat-prasādo yasyāprasādān na gatiḥ kuto 'pi* By the mercy of the spiritual master one receives the benediction of Krishna. Without the grace of the spiritual master, one cannot make any advancement. Prabhupada You are my only eternal shelter, please be merciful to this foolish and make me your eternal servant, Birth after birth you are my eternal spiritual master and I am your eternal servant. Yet somehow or other I have fallen into the horrible ocean of birth and death. “So who can protect me from this great danger? I have no shelter other than you, please pick me up from this ocean of death and place me as one of the atoms of your lotus feet.

Your Eternal Servant

Goura Mohan Dasa

Govinda Kirtana Dasa

Srila Prabhupada, please accept my humble obeisance on this auspicious occasion of Vyasa Puja Prabhupada, it is impossible to glorify properly your transcendental activities and magnitude of your personality in only seven hundred words. But as per the instructions I am trying to glorify your important transcendental activities.

Srila Prabhupada, You have started ISKCON on your own with seven purposes which are wonderful and simply wonderful. No other society or Institution had this much broad vision. Without ISKCON (SEVEN PURPOSES) what would have been the fate of people like me, complete world would have been in void. Prabhupada you have voluntarily accepted so many inconveniences to fulfill yours Gurumaharaj's order and to save us from this foolish gross bodily conception of life. Who can be more magnanimous than you. Even though you experienced discomforts, your greatness never diminishes but magnifies.

Srila Prabhupada, without your association it would have been more painful to live in this material world. Before coming in contact with your association, I regret having wasted so much time in sense gratification. Your association is magical. Without your association, my life has no meaning. I pray that you will always allow me to remain connected to you and your mission. I am very much proud to be your menial servant forever. Srila Prabhupada, you have given us the simplest process to always be in the association of supreme person Krishna, by remembering his holy name (Hare Krishna MahaMantra). At present I am entrapped in this material world like an insect trapped in the cobweb. I am being harassed and crushed by the gigantic wheel of material miseries. Because I have given up my constitutional position (attitude of devotional service). Kindly put me in track so that I can be within the principles of seven Purposes of ISKCON and also take me under the protection of your lotus feet. That is the only safest place.

It is by your causeless mercy and it is my good fortune to be able to distribute Krishna's words through your transcendental books (BG and SB with wonderful purports). Gurudev you are engaging me in Krishna's Service in spite of my degraded condition and rescued me from attachment of mountains of maya.

I beg forgiveness for my many offenses that I committed while trying to do little service to your mission. My dear srila Prabhupad in my final prayer I cannot ask you for anything . You have given me more than what I deserved. Thank you srila Prabhupada for being my divine, loving spiritual master.

Your eternal servant

Govinda Kirtana Dasa

Gunakara Rama Dasa

Dear Srila Prabhupada

Please accept my humble obeisance. All glories to you!

It is by your mercy I am able to continue my devotional service. I am increasingly feeling your presence and seeing your personal intervention in my life as days pass by.

I read in your books, Sri Chaitanya Mahaprabhu is the most merciful and magnanimous incarnation, but I had thought it is a history. But today you made me realise this fact by extending the same mercy unto me. Srila Prabhupada, I am eternally indebted to you for all these!

Lord's illusory energy is so powerful that only the Lord can defeat it. But why will Lord do it for those who are not surrendered? However, I am protected from many dangerous attacks of illusory energy, I am sure it is only possible by Your Grace!

I didn't come searching for you in my life, it is you who showered causeless mercy upon me and brought me under the shelter of your servants. I accept you are more keen than me to deliver me from this material entanglement; what more I need in my life than you, Srila Prabhupada?!

I beg for your mercy to continue my journey in Krishna consciousness forever. Give me strength to serve you unconditionally and to give up all material attachments.

Your servant, Gunakara Rama Dasa

Guru Charana Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances.

Its one more year in your movement and I am glad and fortunate to have served you for one more year. But then most of the times, I take it for granted, the facilities available for us like the temple environment, the books of knowledge, the culture etc. that you have created. Though I have read your biographies that talks of your preaching activities in India (pre – 1966) and in the western world (post – 1966), I didn't realise the struggle you had to undergo during those periods.

There was no ISKCON brand name in India. The Indians were following the American/western lifestyle and had no regards for the Vedic culture. You had no support from either the government nor the fellow Indians nor the godbrothers. On the other side of the world, the Americans had not even heard of the word “Krishna” nor about Santana dharma. Then there were many theories like “God is dead”, “God is old”, “God never existed”, etc.

In these environments, only an empowered personality like yourself could have done what have you have done so far and what you would do in the days to come. I hope one day I would be able to appreciate your glories and become a worthy disciple of yours and be engaged always in the service of your mission.

You said that you always live in your books and instructions. I saw potent of those words recently. Whenever I try to preach about the message of Bhagavad Gita to Indians who are also Hindus, they will listen, not get convinced and go away. But I saw a foreigner who had come to attend your Bhagavad Gita class in the temple. He was sitting disrespectfully on a chair with one leg over another in front of you. Somehow he attended the whole class. I still remember the shloka. It was your lecture on BG 7.3. At the end of the class, he paid the panchanga pranama to you along with other devotees. That was the effect of your words. Even your physical presence was not needed to convince him. It vindicates your statement that you are indeed living in your books and instructions.

One thing that distinguishes you from all other so-called gurus is that you wanted to spread the glories of Krishna all over the world while the others wanted to spread their own glories in the name of God and spirituality. Almost 99% of the people I met knew ISKCON is a Krishna temple but none of them knew who its founder is which is not the case with other organisations. I hope one day I would be able to spread your glories also along with that of Krishna and people all over the world start appreciating you for giving the greatest gift ever to the whole world.

I hope by your mercy, a day will come when I can please you by my attempt to do devotional service and follow your instructions strictly.

Your unworthy disciple, Guru Charana Dasa

Hari Bhakta Dasa

All Glories to Srila Prabhupada

mukham karoti vācāṁ paṇḍuṁ laṅghayate girim

yat kṛpā tam ahaṁ vande śrī-guruṁ dīna-tāraṇam

I offer my respectful obeisances unto my spiritual master Śrila Prabhupāda, by whose mercy the lame can cross over mountains and the dumb can speak eloquently.

Thank You Srila Prabhupada for engaging me one more year in devotional service of their Lordships Sri Sri Radha Krishna Chandra, Your Divine Grace and all Vaishnavas at Iskcon Bangalore. Śrila Prabhupāda by Your mercy this year journey was more enlightening in every aspects of devotional service.

Srila Prabhupada, it is said in SB.1.6.29 that “Pure devotee’s appearance and disappearance are practically on the same level as that of the Lord.” This can be understood as follows:

- 1) As Lord Krishna’s and his different incarnations appearance predicted in vedic literature by Vyasa deva before their advent in this world similarly Your Divine Grace appearance was also predicted by a great Vaishnava Acharya HDG Srila Bhakti Vinod thakura before your appearance in to this mortal world as follows:
 - a) A personality will soon appear and he will travel all over the world to spread the teachings of Lord Chaitanya.
 - b) Very soon the chanting of Harinam sankirtan will be spread all over the world. Oh, when will that day come when people from America, England, France, Germany, Russia will take up kartals and mrdangas and chant Hare Krishna in their town?
- 2) Just like the day of Lord Krishna’s appearance i.e. “Janamastmi” on this earth is most auspicious, the same way, Your Divine Grace's appearance day i.e. “Vyasa puja” on this earth is also most auspicious & glorious because you have come to take all conditioned souls Back to home, Back to Godhead.
- 3) As Krishna spoke BG for enlightenment of condition souls. In the same way, Your Divine Grace has given translation & purport to very same BG and published it as “**Bhagavad-gita As It Is**” in more than 70 different languages for enlightenment of condition souls.

- 4) As Krishna Said in Bg 4.7,” He will appear to deliver the pious and to annihilate the miscreants, as well as to reestablish the principles of religion.” Similarly You have appear to deliver both pious & impious people by giving them Krishna Consciousness, to annihilate the demonic tendency of the jivas and re-established their lost relationship with Krishna.
 - 5) As Krishna said in BG “if someone at the time of his death remembers Me alone, he will attain My abode.” So on one occasion a devotee asked you a question that if I remember you Srila Prabhupada at end of my life instead of Lord Krishna, will I go Back To Godhead? And Your Divine Grace answered “Yes result will be same.”
 - 6) As Lord Krishna has built Dwarka city in midst of ocean to protect his devotees from attack of Jarāsandha and Kālayavana, Similarly You have built an ISKCON organization in ocean of nescience (*bhavasamudra*) to protect Your disciples from the attack of Maya’s bewildering & covering potency.
 - 7) As Krishna never leaves Vrindavana. In same way Your Divine Grace never leaves Your Position as “**Diksha Guru**” in ISKCON
 - 8) As Lord Krishna performed His disappearance pastimes for bewildering atheist class of people who consider Krishna as an ordinary person and thus they said now Lord Krishna has died and gone, accept me as God and I will deliver you. Similarly Your Divine Grace disappearance pastimes from this world is for bewildering the Kali-chela in ISKCON who think that Srila Prabhupada has died and gone and now you need living Guru for your deliverance from this Material world.
 - 9) As Krishna is still present in His Holy name, instructions & His deity form in Kaliyuga. In same way Your Divine Grace is still present in Your deity, in every page of your transcendental books and in heart of all your devotees who have accepted You as Spiritual Master.
- At Srila Prabhupada you are a ocean of compassion hence on this auspicious day I pray to you, please forgive me for all my offences which I committed knowingly or unknowingly in service of Your Divine Grace, all Vaishnavas and our worshipable deity Sri Sri Radha Krishna Chandra. Finally, I pray please engage me exclusively in loving service of Your Divine Grace's mission till the last breath of my life.

Aspiring to be servant of Your Servants,

Hari Bhakta Dasa. Iskcon, Banglore.

Hari Smarana Dasa

My dear spiritual master, Srila Prabhupada.

All glories unto you. Please accept my humble and respectful obeisances.

You are the Ocean of mercy! Who has been showering upon your special care and mercy upon me.

You are my spiritual father and spiritual master who have ignited the sanctified fire of spiritual life – Devotional service to Krishna unto me and have been continuously guiding me and helping me.

Srila Prabhupada! You are the Jagat-Guru, who is the only solace and only hope for the living entity to know Krishna and to love Krishna. You guide every living entity to the eternal loving and pleasing destination – Lord Krishna.

You see no distinction, no matter how degraded the jiva is, you glance upon your mercy on that soul and you try your fullest to get that living entity close to the Supreme Lord – Sri Krishna.

You are a Pure Devotee of Lord Krishna, who exhibits all qualities of a pure devotee in full extent. At your ripened age, you travelled across the entire globe for 14 times to bless the entire humankind with the message of Krishna consciousness, and you are still continuing to preach the message of Lord Krishna. This depicts how compassionate and merciful you are my dear spiritual master. You have taken innumerable austerities and penances to spread the

message of Lord Krishna all over the world. You have treated all your disciples as your dear most family - like your children.

You are the only hope for all the living entities, who are suffering in this blazing fire of material existence, to go back home, back to Godhead - to the spiritual world. Srila Prabhupada, you are the benediction Sun who is dissipating the darkness of ignorance from the hearts of every living entity and guiding that jiva towards Lord Krishna.

You completely fulfill this Vedic injunction - *tamasi mā jyotir gamah*: "Don't remain in darkness: come to the light." You guide all living entities to the divine sparkling light of Krishna. You are the spiritual ambassador of Lord Krishna who has come from the spiritual world Goloka Vrindavana, and have established the Spiritual embassies (ISKCON) all around the world, where in an entire world can live peacefully. Srila Prabhupada, You are therefore giving human society the opportunity for a life of happiness, good health, peace of mind and all good qualities through God consciousness - Krishna consciousness.

You have very mercifully blessed upon me the essence of the entire Vedic literatures, that is - Hare Krishna Maha Mantra. You have supported me all throughout my spiritual journey. I am very thankful to you for everything you have done to me. Please use me in your service as you like.

Please accept my humble homage unto your lotus feet on the occasion of Sri Vyasa Puja 2018 – 122th Appearance day of your Divine Grace.

Servant at your lotus feet,

Hari Smarana Dasa

Harini Devi Dasi

All Glories to Jagad Guru Srila Prabhupada!!

I offer my humble obeisances to my Spiritual Master who has kindly opened my ignorant eyes with the torch of Knowledge. This knowledge is the King of all, and as Krishna has instructed in the Gita, only few fortunate souls can get access to this imperishable science.

Srila Prabhupada, has shown us who God Is, How he looks, What he wears, What are his pastimes, What is his desire and How we are eternally related to Him. The highest goal in life is Krishna was taught by Prabhupada, without his mercy we would all be in darkness of ignorance and consider ourselves to be in bliss.

The year 2018 has been a very important milestone in my spiritual Journey after nearly 4 years of my initiation. I have got a very unique opportunity to study Bhavad-Gita very scrutinizingly in the association of very advanced and senior devotees. Although I am not worthy of being in such a group of senior devotees, you have kindly provided me this great opportunity to read your books even more seriously. This has made me more serious about my Sadhana of getting up early, reading your books in depth, hearing to the devotees lectures. Although this daughter of yours is struggling hard to improve in spiritual life, just like a father, you are taking care of all my needs and guiding me in every step of my life.

It is a great fortune for us to associate with your books, to understand the context in which you have painstakingly compiled all the purports in a very easy simple language for people like us, in Kaliyuga. The secret of success of our lives lies in pleasing you, because you took your guru's mission to your heart and at an advanced age, took the risk of crossing the oceans in order to deliver us. Your entire life was a plan chalked out by the Lord. He made you as the grand ambassador to propagate this Krishna Conscious Movement to each and every corner of this world. Today, thousands and thousands of people are getting benefitted by this movement and realising the presence of Krishna in your books.

Each of the wonderful pastimes you enacted in this material world is a lesson for us to contemplate upon, a teaching for us to follow and you showed us by your example the value of human life. You have given everything to us, taught us everything through your books. Now, it is our turn to show you our gratitude and respect by following what you preached.

Please give me the confidence, strength to face this world which is full of Maya. Without your guidance, I will be lost in this ocean trying to find the shore by myself. I need your advice in every step of my life to choose the right path which can help me progress in my spiritual journey. Please help me overcome my weakness, shortcomings so that I can render service unto you with determination. Please give me shelter as a dust at your lotus feet so that I can progress quickly to please you.

Help me to control my mind which is so wavering to be always engaged in thinking of the Lord's pastimes, thinking about how to help your movement in my insignificant way.

All Glories to Srila Prabhupad!

Dear Prabhupada,

Please accept my humble obeisances towards your lotus feet.

Even after spending so many years in your movement, I have still been asking so many things from you. Please rectify this thinking and help me get rid of my asking mood. Let me ask only devotional service and nothing else. Let me not ask not anything more than this Dear Guru Maharaj. Please save me from this ocean of birth and death and engage me in serving your mission.

You have clearly mentioned that chanting 16 rounds attentively will please you, reading your books will please you, distributing your books will please you but I am struggling with all these and have a long way to go.

Srila Prabhupada, in spite of my shortcomings, you have been very compassionate and kind to me. You have blessed me with so many opportunities to serve you and your devotees. I can never thank you enough for your kindness. I request you to please make me a puppet in your hands and make me act according to your wishes dear Prabhupada.

Please keep me always at your lotus feet. I can't say how much merciful you have been towards me through this small letter. Although I am not eligible for any service, you have showered your causeless mercy on me and have given me an opportunity to serve your movement.

I thank Krishna for giving me a great spiritual master and I request you to give me devotion towards Krishna's lotus feet.

Jai Srila Prabhupada.

My Dear Eternal Spiritual Master Srila Prabhupada,

Please accept my humble obeisances unto your lotus feet.

I always feel inadequate when I try to pay my eternal debt of gratitude to you. Your Sacrifices such as at Jhansi you had set up League of Devotees, wrote, edited, printed, distributed Back to Godhead Magazines in the scorching heat in Delhi, you ran helter-skelter for passport visa and ticket to travel to USA, you cooked, washed plates for receptive hippy audience, you taught dressing, honoring prasadam properly for hippies, you taught them managing temples, you kept your nights busy for Translating Vedic Scriptures and kept your days busy in training the disciples, you kept travelling from one country to another for preaching

Below apparent reversals did not affect you since you have worked for the pleasure of the lord.

Prayag pharmacy didn't go well, there was Lack of Support from family, When you went to take Jaladutta at Kolkata a place familiar to you yet unfamiliar to you because nobody was there to support you,

Hardships you had undergone in distributing books in Delhi, the number of visits and amount of convincing you had to do before setting to sail on Jaladutta, had Heart attack in the Cargo Ship, Lack of financial and moral support in USA, the stealing of the typewriter trunk, health at risk, the stroke etc

The above hardships you underwent to execute the order of your Spiritual Master. This is Vyavasayatmika buddhih. You have inspired us by your action on what is intelligence? Executing the order of the Spiritual Master is real Intelligence.

But I feel I am the best materialist in my life. When I came to ISKCON, I was fully confused in my life about how to control my senses.

You have given us the best way to control our senses.

(Excerpt from Lecture SB 3.26.27 Jan 4, 1975 Bombay)

Narottama dāsa Ṭhākura... Here it is said that kāma-sambhavaḥ. Kāma, kāma means desire. So mind is restless, always desiring something, desiring something. So the best policy to control the mind is to desire how to spread Kṛṣṇa consciousness. This is the best. Kāmaḥ kṛṣṇa-karmārpaṇe. Narottama dāsa Ṭhākura has said that you cannot be free from desire. That is not possible. This is useless attempt. They say that "You become desireless." No, that is not possible. How can I...? If I become desire less, I become dead. So long I am living entity, I must desire. I cannot check it. Therefore kāma means desire. So at the present moment, we are desiring how to become happy in this material world, how to acquire so much money, how to acquire this, how to acquire this, how to get this, how to get that. This is kāma. So this brain taxation, if you engage in Kṛṣṇa's service—how to spread Kṛṣṇa consciousness, how to convince people about Kṛṣṇa, how to take them to the Kṛṣṇa's desire, sarva-dharmān parityajya [Bg. 18.66]—and in this way, if you go on making plan for spreading Kṛṣṇa consciousness, then your mind is controlled.

Please guide me through your representatives and let me serve their plans for spreading your mission.

Your Aspiring Servant of Servant, Hemanga Chaitanya Dasa

Hemanga Gaura Dasa

Srila Prabhupada,

Please accept my humble obeisance unto your lotus feet. I would like to thank you for all the Spiritual enlightenment you have been giving all through these years in my spiritual journey via the medium of Iskcon Bangalore's devotee community. By your grace I have enrolled for the Bhakti Shastri course which started this year and trying my best

to understand Bhagavad-gita in depth. This has really opened a new dimension in me at looking at the Bhagavad-gita. I would like to offer my gratitude to you that in spite of all my short comings you have kept me in your shelter and guided me whenever required. I can only beg to have your causeless mercy and guidance so that I can be a humble servant in your mission in spreading your movement.

Your humble servant,

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

On this auspicious day I would like to first of all thank you for coming to this planet and showering your mercy on me and all of us. All glories to you. If I just look back into my past, I can see only your mercy which has brought me to your Lotus feet and by your mercy I am trying to serve their Lordships Sri Sri Radha Krishna Chandra.

In general people of this world say " I am what I am" but I feel in my heart that whatever goodness I have is only because of you and whatever bad qualities or anarthas I have is by my mistakes. If you would have not appeared in this planet then for sure it would have remained a dark place even with sun and moon because the real knowledge or real sun is with you. It is you who have revealed Lord Sri Krishna to us. I was lost, wretched, for sure useless and incapable. If you would have not handpicked me from the ocean of material sufferings and placed me at the service of The Lord, I would have suffered more and would have considered the material pains and pleasures to be all in all. Thank you Srila Prabhupada for doing this much to me.

There is no doubt that you are ocean of mercy and an empowered incarnation of Lord Sri Krishna. Lord Krishna is absolute. Even if He kills some demon or even if He blesses someone, both gets the same result of liberation. Exactly the same way your blessings and your scolding are for our own good. The main purpose of Lord Sri Krishna to come to this material world is to attract all the living entities and give them an opportunity to go home back to Godhead. Exactly the same way you appeared and attracted many souls just by your transcendental qualities and still guiding us all . None can understand Lord Sri Krishna as he is because He is covered by illusory energy of Himself. But if anyone surrenders himself to you , and with a humble service attitude hears your message can easily understand The Lord.

You have mercifully engaged me in the service of Sri Sri Radha Krishna Chandra, please help me to come out of my anarthas and do service to Their lotus feet with more humbleness and service attitude.

Your eternal servant,

Hemavarna Gaur Dasa

Ikshvaku Dasa

My Dear Srila Prabhupada,

Please accept my humble obeisances. All glories unto You.

I am eternally grateful to Your Divine Grace for saving me day after day from the dangers of Maya by Your immutable transcendental instructions. Your mercy upon this wretched soul is truly causeless because I am not at all qualified for the shower of mercy that I am receiving from You.

kr̥ṣṇa yadi kṛpā kare kona bhāgyavāne guru-antaryāmi-rūpe śikhāya āpane - "Kṛṣṇa is situated in everyone's heart as caitya-guru, the spiritual master within. When He is kind to some fortunate conditioned soul, He personally

gives one lessons to progress in devotional service, instructing the person as the Supersoul within and the spiritual master without." CC Madhya 22.47.

The words emanating from You are non-different from the words of the Supreme Personality of Godhead. A devotee sincerely following Your instructions, already has the treasure house of knowledge opened up for him and doesn't need to make separate endeavour to acquire knowledge. A person who is engaged in devotional service is already acting in knowledge. Hence, I do not want to be contaminated by other paths of acquiring knowledge and make unnecessary jñāna-prāyasa.

Our desire to lord over independently is the cause of our material existence. This desire is actually a disease because it engages us in a material body and this inhibits us, the spirit soul, in fully realizing our true potential. So, one who wants to advance spiritually and get out of this engagement, has to hear spiritual matters from a self-realized soul and hear & chant the Holy name of Lord Krishna with rapt attention. In this way our consciousness can become pure and we will lose the taste of associating with false ego(s). The real constitutional attitude of a spirit soul is to be engaged in loving devotional service to Lord Krishna. You are mercifully training us all in this mood because You are the eternal associate & lover of Lord Krishna with no tendency to lord over whatsoever.

The BhaktiVedanta purports that You have mercifully given to us are fully transcendental and can put us directly in touch with the spiritual potency of the Lord. We just have to develop the taste to systematically read, understand and relish them. I would pray to You to bless me so that I can make these purports as my life and soul.

On this auspicious day of Vyasa Puja, I beg to Your Divine Grace to forgive me for all the offenses that I have committed at Your lotus feet and to keep me always in Your service. I fervently pray at Your lotus feet to kindly keep me in the service of Your devotees in whom Your instructions are always manifest and kindly count me as one of Your insignificant servants and protect me from attraction to maya.

Your fallen servant,

Dear Srila Prabhupada,

Please accept my humble obeisances,

All glories to you Srila Prabhupada,

Srila Prabhupada, you have overflowed the inspiration of devotees by your divine pastimes. You always glorified the sankirtana movement. Once in Chicago in 1975 you shared with devotees the significance of Sankirtan. You shared that all can get the same benefit of tapasya on a few days of sankirtan. A few days of sankirtan are the equivalent of 60,000 years of tapasya by Visvamisra Muni! Everyone outburst with Haribol!

This actually deepened my faith on sankirtan movement.

Srila Prabhupada, following are pastimes which are always a source of inspiration for me:

a. Chanting and potent medicine

Srila Prabhupada, the very special gift of chanting Hare Krishna mantra you gave to me is really a life saving medicine. I remember one place you explained this as "One may or may not know the value of chanting the Hare

Krishna mantra, but if one somehow or other chants it, he will immediately be purified, just as one who takes a potent medicine will feel its effects.”

This has increased my faith more on chanting the Hare Krishna Maha mantra. You really saved me from the great disease of this phenomenal world. I am really obliged to You Srila Prabhupada for all my lifetimes.

b. Praying for all

At one time one devotee asked you Srila Prabhupada that, when you chanted Hare Krishna, were you praying for all the living entities? did you know all living entities? No, as you prayed to Krishna, and Krishna would take care of all living entities.

Chanting is a universal phenomenon, a prayer for all. This meant a lot for me. Thank you Srila Prabhupada for giving the chanting of Hare Krishna Mantra.

Srila Prabhupada by your divine grace, chanting of Hare Krishna mantra is always an inspiration for me. I am always indebted to you for all lifetimes. Srila Prabhupada, by your divine grace and by the grace of Vaishnavas my faith on your divine instructions & teachings has increased.

Srila Prabhupada, on Your divine appearance day I would like to share that I am very deeply obliged by causeless mercy on me. Recent past I was going through a rough patch in my personal sadhana & service. But you again proved that your causeless mercy & your compassion is much more bigger than the my challenges. This has deeply imprinted in my heart.

On this auspicious day of yours I assure You Srila Prabhupada that I'll increase my endeavours in purifying myself by your divine instructions, by the gifted sadhana process , by the preaching services.

Thank you Srila Prabhupada for your causeless mercy especially on me.

ಜೈ ಶ್ರೀಲ ಪ್ರಭುಪಾದ

ನಾನು ಅಜ್ಞಾನದ ಗಾಡಾಂಧಕಾರದಲ್ಲಿ ಹುಟ್ಟಿದೆ. ನನ್ನ ಗುರುಗಳು ಜ್ಞಾನದ ದೀವಿಟಿಗೆಯಿಂದ ನನ್ನ ಕಣ್ಣುಗಳನ್ನು ತೆರೆಸಿದರು. ಅವರಿಗೆ ನನ್ನ ಭಕ್ತಿಪೂರ್ವಕ ಪ್ರಣಾಮಗಳು.

ನಿಮ್ಮನ್ನು ವರ್ಣಿಸಲಿಕ್ಕೆ ಈ ಅಧಮನಿಗೆ ಒಂದು ಅವಕಾಶವನ್ನು ಕೊಡಿ ಶ್ರೀಲ ಪ್ರಭುಪಾದ. ಏಕೆಂದರೆ ನಿಮ್ಮನ್ನು ವರ್ಣಿಸಲು ನನಗೆ ಅರ್ಹತೆಯಿಲ್ಲ. ಅದಕ್ಕೆ ನಿಮ್ಮ ಕೃಪೆ ಬೇಕು ಮತ್ತು ನಿಮ್ಮ ಅನುಮತಿಯನ್ನುಕೊಡಿ. ನಿಮ್ಮ ಕೃಪೆಯಿಂದಲೇ ನನ್ನ ಜೀವನವು ಪವಿತ್ರತೆಯ ಕಡೆಗೆ ಹರಿದಿದೆ. ನನ್ನ ಜೀವನದಲ್ಲಿ ನಿಮ್ಮ ಆಗಮನವೂ ಹಾಗೂ ನಿಮ್ಮ ಕೃಪೆ ಇಲ್ಲದಿದ್ದರೆ ಈ ಭೌತಿಕ ದೇಹವು ಉಳಿಯುತ್ತಿತ್ತೋ ಇಲ್ಲವೋ ಹೇಳುವುದುಕಷ್ಟ. ಅಂತಹ ಒಂದು ಅಜ್ಞಾನದಲ್ಲಿ ನಾನು ಇದ್ದೆ. ಅಂತಹ ಅಧಮನು ನಾನಾಗಿದ್ದೆ. ಅದು ನಿಮ್ಮ ಅವ್ಯಾಜ್ಯ

ಕೃಪೆಯಿಂದ ಇಂದು ನಾನು ನಿಮ್ಮ ಸೇವೆಯನ್ನು ಹಾಗೂ ಪ್ರಚಾರ ಕಾರ್ಯದಲ್ಲಿ ತೊಡಗಿದ್ದೇನೆ. ಆದರೆ ಅದರಿಂದ ನನಗೆ ಇನ್ನೂ ತೃಪ್ತಿ ಇಲ್ಲ. ಇನ್ನೂ ನನಗೆ ಹೆಚ್ಚು ಹೆಚ್ಚು ಮಾರ್ಗದರ್ಶನ ಬೇಕಾಗಿದೆ. ಇನ್ನಷ್ಟು ಹೆಚ್ಚಿನ ರೀತಿಯಲ್ಲಿ ಸೇವೆಯನ್ನು ಮಾಡಬೇಕೆನ್ನುವ ಹಂಬಲವಿದೆ. ಅದಕ್ಕೆ ನನಗೆ ಹಿಂದಿನಿಂದಮಾರ್ಗದರ್ಶನ ಬೇಕು. ಇನ್ನೊಬ್ಬ ವೈಷ್ಣವರೊಂದಿಗೆ ಹೇಗೆ ಮಾತನಾಡಬೇಕು ಮತ್ತು ಹೇಗೆ ವರ್ತಿಸಬೇಕೆನ್ನುವ ಮಾರ್ಗದರ್ಶನ ನನಗಿನ್ನೂ ಬೇಕು. ನನ್ನದು ಮೃದು ಸ್ವಭಾವ ಇಂತಹ ಮೃದುತ್ವದಿಂದಹೊರಬರಲಿಕ್ಕೆ ಮತ್ತು ನನ್ನ ನಾಚಿಕೆ ಬಿಟ್ಟು ಮಾರ್ಗದರ್ಶನವನ್ನು ಇನ್ನೊಬ್ಬರೊಂದಿಗೆ ತೆಗೆದುಕೊಳ್ಳುವಂತೆ ಮತ್ತು ವಿನಯದಿಂದ ಕೇಳುವಂತೆ ನನ್ನ ಮನವನ್ನು ಪರಿವರ್ತಿಸಿ. ನನ್ನಂತಹ ಅಧಮನಿಗೆ ಮಾರ್ಗದರ್ಶನ ಮಾಡಲು ಇನ್ನೂ ಸೇವೆಯನ್ನು ಹೆಚ್ಚಿನ ರೀತಿಯಲ್ಲಿ ಮಾಡಲು ಅವಕಾಶವನ್ನು ಕೊಡಿ.

ಅಸಾಧ್ಯವಾದದ್ದನ್ನು ಸಾಧ್ಯ ಮಾಡುವಂತಹ ಶಕ್ತಿ ನಿಮ್ಮಲ್ಲಿದೆ. ನಿಮ್ಮ ಲೀಲೆಗಳು ಅಪಾರವಾದದ್ದು. ಪಾಶ್ಚಿಮಾತ್ಯ ದೇಶದಲ್ಲಿ ಹಿಪ್ಪಿಗಳನ್ನು, ಕೃಷ್ಣನ ನಾಮವನ್ನು ಉಚ್ಚರಿಸಲಿಕ್ಕೆ ಆಗದಂತಹ ಅಧಮರನ್ನು ಹಾಗೂ ಪಾಪದ ಜೀವನದಲ್ಲಿ ಮುಳುಗಿರುವಂತಹ ಅಧಮರನ್ನು ಉದ್ಧರಿಸಿದ ಮಹಾತ್ಮರು ನೀವು. ಹೀಗೆ ನಿಮ್ಮ ಲೀಲೆಗಳನ್ನು ವರ್ಣಿಸುತ್ತಿದ್ದರೆ ಅದು ಮುಗಿಯದ ವರ್ಣನೆ ಆಗುತ್ತದೆ. ಹೇಗೆ ಅನಂತನು ತನ್ನ ಸಾವಿರಹಡೆಯಿಂದ ಕೃಷ್ಣನ ಲೀಲೆಯನ್ನು ವರ್ಣಿಸುತ್ತಿದ್ದರೂ ಇನ್ನೂ ಮುಗಿದಿಲ್ಲವೋ ಹಾಗೆ ನಾನೂ ವರ್ಣಿಸುತ್ತಿದ್ದರೆ ಪುಸ್ತಕಗಳು ತುಂಬುತ್ತವೆಯೇ ವಿನಃ ಮುಗಿಯುವುದಿಲ್ಲ.

ನಿಮ್ಮ ಗುಣಗಳು ಕೂಡಾ ಕೃಷ್ಣನ ಗುಣಗಳೇ ನಿಮ್ಮಲ್ಲಿದೆ. ಶ್ರೀಲ ಪ್ರಭುಪಾದ ಅವನ್ನು ಸ್ವಲ್ಪದರಲ್ಲಿ ವರ್ಣಿಸಲಿಕ್ಕೆ ಇಷ್ಟ ಪಡುತ್ತೇನೆ.

೧) ಕೃಷ್ಣನನ್ನು ಎಷ್ಟು ಆದರದಿಂದ ಗೌರವಿಸುತ್ತೇವೆಯೋ ಹಾಗೆಯೇ ನಮ್ಮ ಆಧ್ಯಾತ್ಮಿಕ ಗುರುಗಳನ್ನು ಗೌರವಿಸಬೇಕು ಏಕೆಂದರೆ ಅವರು ಕೃಷ್ಣನ ಅಂತರಂಗದ ಸೇವಕರು.

೨) ಕೃಷ್ಣನ ಬಲಗೈಯಂತಿರುವ ಆಧ್ಯಾತ್ಮಿಕ ಗುರುಗಳು.

೩) ಭಗವಂತನು ಕಣ ಕಣದಲ್ಲಿಯೂ ಇದ್ದಾನೆ ಎಂಬ ಭಾವನೆ, ಹಾಗೂ ಪ್ರತಿ ಕ್ಷಣದಲ್ಲಿಯೂ ಭಗವಂತನ ಸ್ಮರಣೆ ಮಾಡುತ್ತಾರೆ

೪) ಅವರೆಂದೂ ತಾವೇ ಭಗವಂತ ಎಂದು ಹೇಳಿಕೊಳ್ಳುವುದಿಲ್ಲ.

೫) ಆಧ್ಯಾತ್ಮಿಕ ಗುರುಗಳು ನಮ್ಮ ಶಾಶ್ವತ ತಂದೆ.

೬) ಪರಮಾತ್ಮನು ಆಧ್ಯಾತ್ಮಿಕ ಗುರುಗಳ ರೂಪದಲ್ಲಿ, ಬಹಿರಂಗವಾಗಿ ಕಾಣಿಸಿಕೊಳ್ಳುತ್ತಾನೆ.

ಹಾಗೂ ನಿಮ್ಮ ಪುಸ್ತಕಗಳು ಕೂಡಾ ನಮಗೆ ಮಾರ್ಗದರ್ಶನವನ್ನು ತೋರುತ್ತವೆ. ನೀವು ನಮ್ಮ ಜೊತೆ ಇಲ್ಲದಿದ್ದರೂ ನಿಮ್ಮ ಆಧ್ಯಾತ್ಮಿಕ ಪುಸ್ತಕರೂಪದಲ್ಲಿ ನೀವು ಇನ್ನೂ ಸಾಕ್ಷಾತ್ಕಾರಿ ಬೋಧಿಸುತ್ತಿದ್ದಿರಿಹೀಗಿವೆ ನೀವು ಕೊಟ್ಟಿರುವ ತತ್ವಗಳು. ನಮಗೆ ಆಧ್ಯಾತ್ಮಿಕ ತತ್ವಗಳು ಅರ್ಥವಾಗುತ್ತೋ ಇಲ್ಲವೋ ಆದರೆ ನೀವು ಇನ್ನೊಂದಕ್ಕೆ ಹೋಲಿಸಿ ಕೊಡುವ ಉದಾಹರಣೆಯನ್ನು ಮರೆಯಲಿಕ್ಕೆ ಆಗುವುದಿಲ್ಲ (Analogy). ಈರೀತಿಯಲ್ಲಿ ಬೋಧಿಸಿ ನಮಗೆ ಅರ್ಥವಾದದ್ದನ್ನು ನಮಗೆ ಮರೆಯಲಿಕ್ಕೆ ಆಗುವುದಿಲ್ಲ.

ಶ್ರೀಲ ಪ್ರಭುಪಾದ ನನ್ನದೊಂದು ಆಸೆ. ಇನ್ನೂ ಹೆಚ್ಚು ಆಧ್ಯಾತ್ಮಿಕ ಸಾಕ್ಷಾತ್ಕಾರ ಮಾಡಿಕೊಳ್ಳುವಂತಾಗಲಿ ಹಾಗೂ ಸೇವೆಯನ್ನು ಮಾಡುವ ಹಾಗೆ ಒಂದು ಅವಕಾಶವನ್ನು ಕೊಡಿ. ನಮ್ಮ ಹಿರಿಯ ವೈಷ್ಣವರುಹೇಳಿದ ಹಾಗೆ ತಿಳಿದುಕೊಂಡು ಹೋಗುವಂತಹ ಗುಣಗಳನ್ನೂ, ತಾಳ್ಮೆಯನ್ನೂ ಕೊಡಿ. ಇನ್ನೂ ಹೆಚ್ಚಿನ ರೀತಿಯಲ್ಲಿ ಸೇವೆ ಮಾಡಬೇಕೆನ್ನುವ ಹಂಬಲ ನನಗಿದೆ. ಅದಕ್ಕೆ ಮಾರ್ಗದರ್ಶನ ಬೇಕು. ದಯವಿಟ್ಟು ಅಂತಹ ಮಾರ್ಗದರ್ಶನವನ್ನು ಕೊಡಿಸಿ ಹೆಚ್ಚು ರೀತಿಯಲ್ಲಿ ನಾನು ಸಾಕ್ಷಾತ್ಕಾರ ಮಾಡಿಕೊಳ್ಳುವಂತಹ ಬುದ್ಧಿಯನ್ನು ಹರಿಸಿ ಮತ್ತು ಕೊನೆಯವರೆಗೂ ನಿಮ್ಮ ಸೇವೆಯನ್ನು ಮಾಡಲು ಒಂದು ಅವಕಾಶವನ್ನು ಕೊಡಿ ಎಂದು ಕೇಳುವ ನಿಮ್ಮ ಅಧಮ ಭಕ್ತ.

Dear Srila Prabhupada,

Please accept our respectful obeisance at your lotus feet.

om ajṣāna-timirāndhasya, jṣānāṣjana-śalākayā

cakṣur unmīlitaṁ yena, tasmai śrī-gurave namaḥ

Gurudev,

We were born in the darkness of ignorance. Your Divine Grace delivered us with the light of knowledge. You showed us the path on which to walk.

A person having a problem in his eyesight needs spectacles to see the things around him. Similarly, unless we take shelter of a spiritual master who is the transparent via medium, Lord Krishna remains invisible to our contaminated senses. Spiritual master is necessary to get ourselves freed from the miserable conditions of the material world through spiritual knowledge and attain real happiness.

It is our great fortune that we got the opportunity to hear about God by coming in contact with a spiritual master like your Divine Grace.

We understood from your teachings that a disciple should not have false prestige and he should not be attached to the bodily concept of life. He should be free from lust, anger, greed and illusion and should be interested in the matters related to God.

Having taking shelter of your lotus feet, we have received by your mercy – chanting the Hare Krishna mantra, following the four regulative principles, honouring prasadam, hearing the narrations about the Lord, reading your books, performing sankirtan, visiting the holy places of the Lord's pastimes, etc. It is by your mercy that we are deriving great pleasure and our faith is increasing by having darshan of the Lord in Ratha Yatra.

Gurudev, we feel very happy by rendering devotional service on Janmashtami. This is because of your mercy.

Gurudev, please bless us that we surrender fully unto your lotus feet, and remain engaged in the service of Krishna according to your instructions and teachings.

Your servants,

Jagatsakha Dasa and Kanchanabala devi dasi

Jaya Govinda Dasa

To my dear Srila Prabhupada, Please accept my humble obeisances,

Vyasa Puja comes every year, but this year, it comes with a speciality. This is the 50th anniversary of your Vyasa Puja. You received your first Vyasa Puja fifty years ago in 1968. You were in Montreal that time. The devotees were very new. It was your Vyasa Puja but it was you who had to cook most of the feast. Nobody was aware of the fact that one must glorify the spiritual master on their appearance day. It had always been understood in the Gaudiya matha. But here you are guiding young fledgling devotees, in their spiritual life. And how can one ask another to glorify oneself? A very awkward moment indeed. Yet, Srila Prabhupada, you took that up. You called up the young devotees and they purified themselves by glorifying you. And thus the Vyasa Puja celebrations were started by you in ISKCON and it continues to this day.

That is your unique position, Prabhupada. No acharya in our disciplic succession has been this merciful to go to the level of teaching the etiquette to be shown to the guru for his appearance day, or even giving the pranama mantra for himself. What to speak of our sampradaya, it has never happened in any other sampradaya. Prabhupada, you have been merciful enough to come to the level of a madhyama adbhikari and talk freely with your disciples that a sense of familiarity seeps into us. But among all the pure devotees and acharyas that have walked this planet, your position is unique Prabhupada. I have a thought, Srila Prabhupada. I believe that, or rather, I'd say I know that, in another universe or another manvantara, or another day of Brahma, Srila Vyasadeva is writing the Bhagavatam and penning down the pastimes that you had performed during your manifest presence on this planet. Even at this moment, you are in the material world, somewhere, working hard in delivering fallen conditional souls like us.

Now one may think that since I am an ISKCON devotee and that after being fed continuously with your glorifications day in day out by our devotees I am bound to see you as a superhuman being. But there is a little known incident that I'd like to relate here Prabhupada. Obviously every one of us is aware of your full name, A.C. Bhaktivedanta Swami Prabhupada. And everyone knows that "Bhaktivedanta" was a title bestowed upon you by your Godbrothers. But how many of us know the full story? How many of us are aware that you were bestowed

with the title “Bhaktisiddhanta” initially? The title of your very own spiritual master? This happened sometime after the disappearance of your spiritual master. I don’t know the time that this happened Prabhupada, but at that time you were writing articles for Bhaktisaranga Goswami Maharaja. Goswami Maharaja was so impressed with your writing ability and preaching that he gave you the title “Bhaktisiddhanta”, the title of your spiritual master. No one in our sampradaya has been bestowed with the honour of receiving their own spiritual master’s title. Prophetic, indeed! You had even signed the prospectus for the League of Devotees using this title. But eventually, no matter how befitting you are to the title, many of your godbrothers objected to the use of “Bhaktisiddhanta”, which belongs to your spiritual master. Eventually, Sridhara Maharaja gave an alternate title to you, which he said was the same in meaning and that’s how you received the title “Bhaktivedanta”. But we can see how, some of your Godbrothers, could see your position, as an empowered Acharya, even before the founding of ISKCON. HH BV Yayavara Maharaja, the last sannyasa disciple of Bhaktisiddhanta Sarasvati Thakura, had even declared you to be a saktyavesa avatara that time itself. Even today, Prabhupada, when I visit many Gaudiya matha temples, I see your photo in the altar along with the Acharya of the respective matha. I was moved, Srila Prabhupada. These devotees although not a part of ISKCON have understand your position as a pure devotee.

These are just some of the examples that from early on prove your exalted position. Then you left India for America, and after an initial struggle, started ISKCON. And the rest is history. Today countless people have taken up Krishna consciousness, given up their bad habits and have taken up a satvic life. Today we worship you as the pure devotee of Krishna, accepting you as good as God (sakshad-haritvena). You are the commander-in chief of Chaitanya Mahaprabhu, who came to fulfil His desire, by spreading the Holy Name, worldwide. Various acharyas and devotees had even prophesised your arrival and activities. Just like we say Krishna is greater than the greatest, yet smaller than the smallest. You are that fearless senapati; out to defeat the Mayavadis, and the atheists, (especially the scientists), but there is another part of you – a smaller, yet powerful part. This aspect of you takes individual responsibility of each and every one of your disciples, and stays with them personally, till they become purified to go back to Godhead.

You are a loving spiritual master, Prabhupada. When I say this, it is a completely different side to your cutting and larger-than-life personality. Recently I had the opportunity to meet your disciple, Abhirama Prabhu. He shared some very intimate pastimes of yours. Once, while in the Bhaktivedanta Manor, you received a letter, a get-well letter, from your disciple Siddhasvarupananda Maharaja. He was, by this time, out of ISKCON, yet he wrote to say how he was still devoted to you. Siddhasvarupananda Maharaja had surrendered his disciples along with himself to you (he was a yoga guru before he met you itself). But after so many misunderstandings, he went back out of ISKCON and started his own establishment in Hawaii. He wrote to you that if ever you think of Hawaii, you can think of him. To this Srila Prabhupada, you broke down and said, “I’m always thinking of you.” I never saw this side of you before. This was during your antya-lila on this planet. At that time you had submitted yourself fully to the care of your disciples. There was one more thing Abhirama Prabhu shared. When Abhirama Prabhu had a little tiff with his wife you had remarked about your wife, “I was very harsh on my wife. But she was very tolerant.” You had told this with utmost humility. If it was anyone else in your position, Srila Prabhupada, they would have acted in a cold-hearted way, because they had to show themselves as vairagis, shouldn’t they? I see such people even today, Prabhupada. You were loving and caring Srila Prabhupada. That is what I can understand from this. You are not only nirvisesa sunyavadi pascatyā desa tarine, you have a soft heart too. For that Abhirama Prabhu suggested practically that why not give your family the basic maintenance for their survival, just so that they don’t starve. And you asked him to find out how much that was. Abhirama Prabhu did the necessary calculations and then also made sure your family was taken care of, just the bare minimum so that they wouldn’t starve. Recently, your youngest son passed away, Prabhupada, and one of my friends had been to his house at that time. They were fine Srila Prabhupada, you had ensured that they were taken care of. Now, some may see this in their way – why should a renounced sannyasi go to this extent, why the attachment to one’s family? But, I don’t care, Prabhupada. I love you more for this. If you had such a soft heart for your earlier family, I can see how much you will be loving me,

Prabhupada. This has made me appreciate you more as a person, above the murti of yourself in the temple, above your vani in the many books you had written, above your position as founder-acharya of ISKCON. No one can tell that you have disappeared from this planet. You are very much alive, all-pervading in every heart of your disciple. This also made me understand who it is that is taking care of me, protecting me from the effects of maya, from my own conditioned nature even. Here you are, the most exalted personality, yet guiding this errant, hapless boy in his spiritual life.

I am not that sincere Srila Prabhupada, neither am I happy in ashram. Many times I have had some negative thought or the other, or thought to do something that I shouldn't. But even without my knowledge you have kept me in ashram, in your temple. I am still chanting, attending morning program and moreover, I am still in the association of devotees. I can understand who has been doing that. I am utterly lost, Prabhupada, please take me by your hand, and I know you will.

In the Seventh Canto of the Bhagavatham, Narada Muni describes the various duties of the four varnas, and the four ashramas. Then he mentions the various ways one can overcome anger, envy, illusion, pride, lusty desires, the effects of each of the modes and so on. Then finally he says, "etat sarvaṁ gurau bhaktyā puruṣo hy aśjaśā jayet." (All this can be automatically done if one engages in the service of the spiritual master with faith and devotion, SB 7.15.25) Thus, Prabhupada, the sum and substance of my existence is only bhakti towards you. Although I am not deserving in any way, kindly bless me with more opportunities to glorify you every day of my life. What greater fortune can there be?

Aspiring to be your servant one day,

Jaya Govinda Dasa.

Jivana Mukta Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance unto your lotus feet.

Let me frankly admit to you that writing Vyasa Puja offering has become a humongous task for this unworthy disciple of yours. The reason is my limited power to grasp and assimilate all your blessings and mercy upon me throughout my journey in Krishna consciousness. While deliberating on how to write an appropriate glorification about your Divine Grace, I chanced upon a shloka from Srimad Bhagavatam and it struck me. It is mentioned in Srimad Bhagavatam,

rahūgaṇaitat tapasā na yāti, na cejyayā nirvapaṇād grhād vā

na cchandasā naiva jalāgni-sūryair, vinā mahat-pāda-rajo-'bhiṣekam

"My dear King Rahūgaṇa, unless one has the opportunity to smear his entire body with the dust of the lotus feet of great devotees, one cannot realize the Absolute Truth. One cannot realize the Absolute Truth simply by observing celibacy [brahmacharya], strictly following the rules and regulations of householder life, leaving home as a vānaprastha, accepting sannyāsa, or undergoing severe penances in winter by keeping oneself submerged in water or surrounding oneself in summer by fire and the scorching heat of the sun. There are many other processes to understand the Absolute Truth, but the Absolute Truth is only revealed to one who has attained the mercy of a great devotee." I feel very amused that how a wretched soul like me became eligible to receive your mercy. The only reason for my being in Krishna consciousness is because of your causeless mercy. I absolutely don't find any other reasons other than your causeless mercy.

Srila Bhaktivinoda Thakur had given a very simple technique for achieving success in Krishna consciousness and that process was so expertly implemented by your Divine Grace by incorporating this transcendental institution called ISKCON.

śuddha-bhakata-caraṇa-reṇu, bhajana-anukūla

bhakata-sevā, parama-siddhi, prema-latikāra mūla

The dust of the lotus feet of pure devotees, enthusiastic devotional service, and service to the pure devotees of the highest order are the roots of the creeper of devotion. I personally feel that every ISKCON follower must remember this formula to attain success in one's spiritual life. There is no other alternative available to make rapid progress in Krishna consciousness rather than depending on the mercy of the pure devotee spiritual master.

Srila Prabhupada, you very expertly and scrutinizingly studied all the revealed scriptures and wrote various books with the aim of establishing eternal religious principles for the benefit of all human beings. You are just like the ocean of love of God. Your actions are all-pleasing to everyone. You are empowered to deliver all the conditioned souls in the material universe.

Srila Prabhupada, you can purify all conditioned souls from the reactions of their sinful activities by pouring upon them the transcendental mercy of the holy name of Lord Krishna. You are the saviour of the living entities from the devouring mouth of liberation. Love of God is not an ordinary commodity. Caitanya Mahāprabhu was worshipped by Rūpa Gosvāmī because He distributed love of God, kṛṣṇa-premā, to everyone. Rūpa Gosvāmī praised Him as mahā-vadānya, a greatly munificent personality because He was freely distributing to everyone love of Godhead, which is achieved by wise men only after many, many births. Kṛṣṇa-premā, Kṛṣṇa consciousness, is the highest gift which can be bestowed on anyone whom we presume to love. This highest gift was widely distributed by your Divine Grace without any discrimination.

Srila Prabhupada, material desires are awakening in my heart due to my independent nature, and thus the noose of fruitive work is beginning to tighten.

Srila Prabhupada, on this auspicious occasion, I request you to please empower me with required strength to practice Krishna consciousness. Let me not become lazy to follow the words of your representatives i.e. spiritual authorities. Please bestow your mercy so that I can attentively chant 16 rounds of Hare Krishna maha-mantra and follow the 4 regulative principles.

Srila Prabhupada, I have no means of success, but if you give shelter at your lotus feet, then my human form of life will be successful. Please bless me to remember your divine instructions to come out of all difficulties.

Your insignificant servant,

Jivana Mukta Dasa .

Jyothirmayi Radha Devi Dasi

Dearest Srila Prabhupada,

Please accept my humble obeisance. All glories unto you.

This is my first Vyasa puja offering for the book after following Krishna consciousness for the last 17 years. I don't know if I should say that I am such a fallen soul for taking 17 long years to write to the spiritual master who guided me and my family or should I say I am so fortunate to get guidance for the past 17 years. Though a few words can't express the amount of gratitude one should express for getting the best thing of life, I would like to say that I am ever indebted to you for taking me through this wonderful journey.

The one thing which motivates me to remain in this path is your conviction on the holy name. Whenever I hear your lecture or your sincere devotees' lectures I feel myself to be so lucky that Krishna chose me to get associated with you and your disciples.

While some of my friends wonder that how come, I am not pursuing a career but have settled down as a homemaker and pursuing Krishna consciousness, I must tell you, Prabhupada that trying to serve you and your disciples is the best thing that has happened to me and I am enjoying every bit of it.

I have realized Prabhupada that small insignificant service to you is also very pleasurable. Please bless me with more opportunities to serve you and your organization.

Your servant,

Jyothirmayi Radha Devi Dasi.

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

Its another year that has just passed by in your service!

I was marching on the royal road to hell, making grand plans for my sense gratification, associating with materially motivated friends until you came into my life as my redeemer.

I can never thank you enough for the gift of Krishna consciousness. You are my loving master birth after birth. Pls engage me in the service of the servant of your servant.

You are giving me many opportunities to become empathetic as a devotee. Caring for Vaishnavas has always been a dear service to me. You are involving me in preaching to families. Coming from youth preaching background, I am happy to learn the dynamics in preaching to families.

My faith in the organisation and my appreciation for the senior devotees in the temple management is at its highest, as I am realising, how pure and sincere they are in serving you. I am very happy to be under their guidance.

It gives me great pleasure to see the ambitious plans of our senior devotees and how by your blessings all their desires are slowly coming true.

My superiors are very encouraging in my services, but the only limitation is my own anarthas.

You write in the Caitanya-caritāmṛta, Ādi-līlā 1.34, purport:

"The service of the spiritual master is essential. If there is no chance to serve the spiritual master directly, devotees should serve him by remembering his instructions. There is no difference between the spiritual master's instructions and the spiritual master himself. In his absence, therefore, his words and directions should be the pride of the disciple."

By associating with senior vaishnavas I am beginning to appreciate, that you are fully present in your instructions. This is indeed your blessing on me.

Kindly bestow your mercy Prabhupada so that I may become very serious and sincere in my services and sadhana. May I never forget the purpose of my joining this movement.

I have firm conviction that this movement is the only solace for all the problems in this world. There are many people eagerly waiting for you. As your disciples our duty is to reach your message far and wide. Kindly bless me so that I may be an able instrument to spread your glorious mission.

The lotus feet of the spiritual master are the abode of pure devotional service. I bow down to those lotus feet with great care and attention. My dear brother (my dear mind)! It is through the grace of the spiritual master that we cross over this material existence and obtain Kṛṣṇa.

It is only by your causeless mercy that one can get the seed of bhakti.

It is only by your causeless mercy that one engages in devotional service.

It is only by your causeless mercy that one can come out of ignorance.

It is only by your causeless mercy that even dumb can become the greatest orator.

It is only by your causeless mercy that a lame man can cross over mountains.

It is only by your causeless mercy that unqualified becomes qualified.

It is only by your causeless mercy that hippies can become happies.

It is only by your causeless mercy that divine knowledge is revealed in one's heart.

It is only by your causeless mercy that one makes advancement in spiritual understanding.

It is only by your causeless mercy that one engages in devotional service.

It is only by your causeless mercy that one can attain the mercy of Lord Krishna.

Everything is done only due to your causeless mercy.

Your Divine Grace have mentioned:

Just keep this your attitude of sincere service and without a doubt Krishna will give you all intelligence to serve Him nicely. Krishna is not ungrateful but rather He sees all our efforts and appreciates our sincere service. Krishna is interested in how we engage our energies in His service. (Letter, 23 November 1968, Los Angeles)

I beg you to bestow your blessings that I may develop sincere service attitude and humbly and seriously engage in following your instructions.

Your Servant,

Kalanidhi Dasa.

Kamala Paada Dasa

My Dear Spiritual Master Srila Prabhupada

Please accept my most humble obeisance on this most auspicious day of your divine appearance. All glories to Your Divine Grace.

Your causeless Mercy has bestowed up on me one more year of soothing shelter from previous year with lots of services and this milestone reminds, how much I am indebted to you and demands appropriate repay. At this point Srila Prabhupada, when I realize your ingenuity, you left me with no choice but to surrender and made me understand 'to be surrendered is my original Constitution'.

While I was in the midst of turmoil because of my naivety, by your mercy I came across this prayer by Prahlad Maharaj from Shrimad Bhagavatam

My dear Lord, O Supreme Personality of Godhead, because of my association with material desires, one after another, I was gradually falling into a blind well full of snakes, following the general populace. But Your servant Nārada Muni kindly accepted me as his disciple and instructed me how to achieve this transcendental position. Therefore, my first duty is to serve him. How could I leave his service?[SB 7.9.28]

Benevolence of my spiritual authorities and causeless compassion of your Divine Grace is purely what has kept me in your service. Until now I have failed to fathom both and after all these events in my life I feel I have utterly

misused both. I have thoroughly understood, Callousness is what my conditioned life calls for and deliverance from this kind of behavior towards my spiritual authorities and god brothers is what I beg for.

Srila Prabhupada your Instructions are so reassuring whenever I am in insobriety they have rescued and uplifted me, I would like to remind myself of these instructions in your glorification.

Anyone who has a natural tendency for rejecting sense-gratification is considered to be advanced or liberated in spiritual life. Your appreciation of Maya as false and Krishna as the only reality is a great asset. Nobody has ever gained anything by becoming a tool in the hands of Maya, but everyone has become eternally happy by serving Krishna.

- Letter to: Mrinaline, Vrindavan, August 27, 1967

"Yes, a new man may commit blunders in the beginning, but that does not mean we may be too impatient with him. After all, training means the man does not know, so you should train him nicely. A Vaishnava is expected to be humbler than the blade of grass, so when you train some new man you should not get agitated with him. After all, we are preachers, and we do not expect our audience or candidates completely respondent to our call. If everyone is trained then what is the use of our preaching."

(Letter to Upendra—Hawaii, 11 March 1969)

On this most auspicious day of your divine appearance, I beg for your mercy so that I can serve your mission sincerely by giving up my false ego and lethargy. Though your mercy has already transformed millions of hearts, somehow I have lagged behind in accepting your mercy. I now pray that I may wholeheartedly accept your mercy and actively work for spreading your divine glories.

Dear Srila Prabhupada,

Please accept my humble obeisance, All glories unto you.

Prabhupada, It is very rare that someone enquires about his existence, and even if someone realizes that he has to question, it takes millions of lifetimes to come to the understanding of the Absolute Truth. But today I'm very grateful to your Divine Grace to have shown me the most sublime and perfect way to realize the position of an individual, even though I had no qualities of enquiring about the self. I thank your solicitude nature for accepting me as your disciple. It took me years to realize to come out of the illusion of the material living, I, therefore, pray to you that you always keep me engaged in your service so that I don't get away from the truth, as I am very weak.

Guru means, one who is heavy, which also means that his instructions are heavy. But the way of teachings you have given us seems very light though they're heavy. This kindness of yours can never be replaced.

Once while you were dictating your disciples to go around places of different countries with a globe in your hand and as you picked up each devotee to go and open up centers in so many places, they had no idea or courage to step forward, but because of your presence and influence they could never deny the orders given by you. In the same way, I beg you to evade my thoughts of denying your instructions by your influence.

As I keep moving forward, please give me the strength to overcome the obstacles in my life to serve your Mission. His Grace Madhu Pandit Prabhu wished me to gallop over the impediments to achieve the perfection of the human life. Please provide the required knowledge and intelligence to surpass the influence of Maya in my actions.

I may have erred so many times during my stay with the association of Devotees, please forgive me for all the offenses I have committed against the Vaishnavas and your lotus feet.

Your insignificant servant Kamalaksha Krishna Dasa

Kamalasana Dasa

Dear Srila Prabhupada,

All Glories to Your Divine Grace.

Please accept my humble obeisances on this auspicious occasion of your Divine appearance.

Srila Prabhupada, there is no limit to your good qualities because you are always in touch with Supreme Absolute truth, the Personality of Godhead Sri Krishna who is Sac-Cid-Ananda Vighraha.

Srila Prabhupada, your whole life was actually a display of pure Krishna Consciousness and you have taught us to render practical devotional services to Sri Krishna through your own example. Even the mlecchas and yavanas could understand your exalted position and thus got reformed by your association. Srila Prabhupada, you're an ocean of mercy and friend of all fallen souls however you must consider me first because I am most fallen among them.

By your Mercy upon this fallen soul, it's been Seven years me being in Krishna Consciousness. I was struggling in the ocean of nescience from time immemorial but by your causeless mercy, this year you have given me the opportunity to live in the family that you built where whole world can live together happily, although I do not have such qualification. You're the only savior for me. I really cannot thank you enough for creating a soul saving movement.

Srila Prabhupada your compassion is just like torrents of rains which does not discriminate between the fertile land and hard rocks, showering the mercy everywhere without seeing whether one is qualified or not because of which I got opportunity to serve your divine mission, I beg your mercy so that I can serve your Divine mission throughout my life.

Gurudeva, as you say in your lecture many times and that strikes me a lot. "Bhakti, devotional service, is not easy, but at the same time very easy, one moment's business. One moment's. But I must be willing. Krishna says sarva-dharmān parityajya mām ekaṁ śaraṇam [Bg. 18.66]. If I do it, immediately... But that, I am not willing. We have seen so many persons. Kṛṣṇa says directly that "You surrender unto Me," sarva-dharmān parityajya. Still, he says, "When Kṛṣṇa will be merciful, then I shall do." What is this nonsense? Kṛṣṇa is directly asking you. Again He has to become merciful? What kind of mercy? These are all pleas, different pleas. Actually He doesn't want that "I shall not surrender unto You, Sir. I shall place some pleas." Srila Prabhupada, I was also among them but due to your causeless mercy, I came in touch with ISKCON and trying to follow your divine instructions.

O Gurudeva, on your Divine appearance day, I beg your mercy and please forgive my offenses which I committed knowingly or unknowingly on the feet of the Vaishnava.

Trying to be Your Servant.

Kamalasana Dasa

Kanchanamha Devi Dasi

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories to you.

Would words suffice to describe your glories, Srila Prabhupada? Please bless me (mukam karoti vaacaalam) to glorify you suitably.

There was a time when I chose to be away from your service, away from Sri Sri Radha Krishna chandra's service, to be able to go on with this material life, in the material society. I had to choose one among the two. Last year, to just to be able to live with those so-called relatives, I had to refrain from wearing thilaka, refrain from taking darshan

and blessings of Balaram on His appearance day. I felt like being in a mud-pit of society, family, relationships, body, pulling me down deeper and deeper. How can I ever describe how you lifted me up and re-instated me in the state of servitude to you? Shelter, money, relationships, security, bondages – everything that could put me into illusion and make me stay away from your service – were snatched away from me. Is it possible to estimate - What food, shelter, care, love and preaching could mean to a penniless, homeless, insecure, unwise, orphan like me? Not at all. What mercy!!! How is it possible to express how much my spiritual master cares for me, for my eternal good? Can I ever find a well-wisher better than Your Divine Grace in this cosmos? Never.

Prabhupada, I relished being able to do my part in your mission “directly” in the temple. I relished it for one sole reason. Serving in the temple brought up so many occasions to directly approach you for guidance, shelter and to put forth my petition to you directly. I was able to build a beautiful relationship with you through my prayers to execute my services properly. Previously, I had never known what to pray from you, what to discuss with you. The previous passive relationship has now become such an active one. I will never want to exchange this opportunity for anything else in the world. Please never allow that to happen.

Now that you have dis-entangled me, I feel so blessed to be able say that – now my body, mind, energy and resources are at your lotus feet to perform whatever you say.

“My only wish is to have my consciousness purified by the words emanating from your lotus mouth”.

I have a single fervent prayer at your lotus feet – Please never allow me not to be in your shelter.

Your eternal servant, Kanchanabha Devi Dasi.

Kanhaiya Krishna Dasa.

Dear Srila Prabhupad,

Please accept my humble obeisances at your lotus feet on this auspicious day of your divine appearance, which can purify even the most sinful person, All glories to you.

I want to thank you for the great miracle you performed in my life. I was lost in this world of Maya, desperately trying to find some sense in my life, when suddenly I came in touch with your organization.

Where I met you—in your books, your recorded classes, videos and your deity and finally in your followers, your disciples who have dedicated their lives completely to your mission. Following are some verses from scriptures, where the importance of pure devotees i.e. your presence in our lives is described,

*Mahārāja Parīkṣit said to Śukadeva Gosvāmī
sānnidhyāt te mahā-yogin pātakāni mahānty api
sadyo naśyanti vai pumsām viṣṇor iva suretarāḥ*

“Just as the atheist cannot remain in the presence of the Personality of Godhead, so also the invulnerable sins of a man are immediately vanquished in your presence, O saint! O great mystic!” (Śrīmad-Bhāgavatam 1.19.34)

*Mahārāja Yudhiṣṭhirasaid said to Vidura
bhavad-vidhā bhāgavatās tīrtha-bhūtāḥ svayam vibho
tīrthī-kurvanti tīrthāni svāntaḥ-sthena gadābhṛtā*

“My Lord, devotees like your good self are verily holy places personified. Because you carry the Personality of Godhead within your heart, you turn all places into places of pilgrimage.” { Śrīmad-Bhāgavatam 1.13.10)

Prayers by the Pracetās

teṣāṁ vicaratāṁ padbhyāṁ tīrthānāṁ pāvanecchayā

bhītasya kiṁ na roceta tāvakānāṁ samāgamah

“Dear Lord, your personal associates, devotees, wander all over the world to purify even the holy places of pilgrimage. Is not such activity pleasing to those who are actually afraid of material existence?” (Śrīmad-Bhāgavatam 4.30.37)

Śrīla Prabhupāda, I beg to always hear the sound vibration emanating from your lotus mouth. Your words in the form your books, lectures, videos, letters, and conversations.

I pray that I always have the association of your devotees who are unceasingly attached to hearing the sound vibration resounding from your lotus mouth.

Finally, Srila Prabhupad, I would like to thank you once again for making your compassion available to me, for saving me from material life. Please help me to keep my mind always at your divine lotus feet.

On this occasion I beg forgiveness for my all offences committed unto your lotus feet and other vaishnavas.

Aspiring to be worthy servant of your lotus feet

Kanhaiya Krishna Dasa.

Kanja Lochana Krishna Dasa

Dear Srila Prabhupda,

Please accept my humble obeisance at your lotus feet.

There are many reasons to take shelter of your Lotus feet. I would like to explain some of my reasons,

I always wanted to know the reason behind the variegatedness in the world (be it cultural, geographical, and personal, etc....) and how/ if all these things are interrelated. By the mercy of Your Divine Grace, I have received ONE PHILOSOPHY (Achintya Bheda Abheda Tattva), which explains the harmony of everything that existed, existing now and will exist in future, keeping one Person “KRISHNA” in the center.

I was under the impression, that, Your Divine Grace have not answered the personal questions of each your disciples (like which service a particular devotee should do, exactly when one will go back to Godhead, whether a particular devotee should get married or not, Whether our service is reaching You and Krishna or not, whether you are pleased with our service or not, etc....), but, Your Divine Grace have given us a way to get all these answers, i.e., divya jñān hr̥de prokāṣito. This is exactly the way Krishna fulfilled the desire of Vrajavasis, of knowing their destination after their present life (Krishna book Chap 28). There is no question unanswered and always there is a transcendental way you answer my question. This is your transcendental mercy on all of your disciples. You are still present with us, always ready to help your disciples advance in their Krishna Consciousness.

Thank you for keeping this sinful person at the shelter of your lotus feet. Your lotus feet are everything to me. I hope one day I will be able to satisfy Your Divine Grace with my sincerity, service and attitude.

Eternally your servant,

Kanja Lochana Krishna Dasa

Karuna Keshava Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories to unto your lotus feet.

It seems like I have joined your movement a few days back. But 5.5 years have passed away since you accepted me mercifully. First of all, thank you so much for accepting and giving me whatever is required for my advancement in Krishna consciousness. Last year I had mentioned that I had been given service to preach to the youth of Coimbatore. There were really hard struggles in my mind of how to start off with the preaching alone and get through.

As I remember how devotees had gone to different places when you were personally present and started new centers just by chanting the Holy names of the Lord. When you desired someone to go to Germany, there was one devotee who came forward and said that he would go. I didn't have that much courage to leave Bangalore and go to Coimbatore. But since my authorities desired and asked me, I agreed to it. As I had repeatedly heard that the authorities would be pleased and bestow their blessings when I do which they wanted me to do. Even though I had carried that enthusiasm initially, later due to my ego, I started finding faults in others. On one side, people whom I met are not showing interest and on the other side, I felt pressurized to build a community of youth to practice Krishna consciousness. Sometimes, I thought that I could have been guided still more. Though my authorities and devotees are ready to help in my services, I never opened up my problems which resulted in mounds of anarthas piling in my heart.

I had been always an introvert and had never asked anything for myself. But it's only by your mercy that I have changed a lot over the years to pass the message of Krishna consciousness to everyone. Since I had never asked anything for myself, I have applied wrongly in my services too. Because I didn't share my problems with the authorities and also couldn't succeed much in getting the right people, I finally landed up in taking finding faults. No doubt that it is surely by your mercy that I am sticking on to Krishna consciousness. O Prabhupad! On this auspicious appearance day of yours, I beg your pardon for all the mistakes which I had done.

In Srimad Bhagavatam, there is a verse which states (10.2.31),

*svayaṁ samuttīrya sudustaraṁ dyuman
bhavārṇavaṁ bhīmam adabhra-sauhṛdāḥ
bhavat-padāmbhoruḥa-nāvaṁ atra te
nidhāya yātāḥ sad-anugraho bhavān*

O Lord, who resemble the shining sun, You are always ready to fulfill the desire of Your devotee, and therefore You are known as a desire tree [vāñchā-kalpataru]. When ācāryas completely take shelter under Your lotus feet in order to cross the fierce ocean of nescience, they leave behind on earth the method by which they cross, and because You are very merciful to Your other devotees, You accept this method to help them.

When I read this verse, it struck me and I took the opportunity to tell this to so many people for the whole week. You are so merciful that have given us all the process to get purified by myself and also have taught me to give this benefit to others. Of late, I got to know from my authority that people will not come on their own for anything to advance in Krishna consciousness due to material implications. But it should be my responsibility to ask them for their spiritual advancement and guide them in the right Krishna conscious path. Please help me to develop this conviction.

As you instructed, Chanting of the Holy Names of the Lord is the only panacea for all the anarthas mounded up in the heart. I should never lose faith in the Holy Names, Prabhupad. Please forgive me for all the offenses which I

had against the Holy names of the Lord. In the coming days, please help me to confront all my anarthas, break all my barriers and help me execute my service sincerely. Let all my desires be inline with yours. Over the past few years, there have been lot of learnings for me. Let me not find fault with others. Rather let me help and desire other devotees who are wonderfully executing their services and pleasing you to grow more and more.

You told that the Vaishnavas are like honeybees and not the flies. I would like to become as you desire. I will put my best efforts to transform myself to a person whom you desire, Prabhupad. While my authorities are working hard day in and day out to build your movement internationally, I will put my best efforts to engineer my inner self to transform into a person of your liking and be a good instrument for your movement to grow. For whatever mistakes I do, please forgive those and help me stick onto your dhoti. I request you to please give me opportunities till my last breath to transform me as a person you desire.

Your aspiring disciple, Karuna Keshava Das.

Dear Srila Prabhupada,

Please accept my humble, respectful obeisances unto your glorious lotus feet, on this auspicious occasion of 122nd appearance day. By your grace and by the grace of all the devotees in your movements, I am able to continue my Krishna consciousness. I am indebted always for this causeless mercy.

Dear Srila Prabhupada, I realized that this homage offering are true, because since few years whatever I have written in the homage, immediately you fulfilled, from this I understood that, your divine grace, you are eagerly waiting for our spiritual desires.

Dear Srila Prabhupada, who can be more merciful than you and your devotees, neither father, mother, brother etc. The moment I desire to study the Bhagavad Gita scrutinizingly, you made me to join in Bhakthi satri course, I can never repay for such a wonderful task. The best thing learned from the class is "unmotivated devotional service" unto your lotus feet, will bestow everything in our life.

My dear guru Maharaj, another important thing which you have bestowed upon me, is the. "Women's special class" I don't have any words to glorify this special, causeless mercy. The way they taught about the "humbleness, perfect leadership, how to give all credits to spiritual master" and many more things. Prabhupada, I am so inspired about this class and I am trying to inculcate in my life. My dear master, it is so glorious, I am blissful with this guidance, from this I understood that, the way, you are protecting and guiding me is so glorious.

Dear Srila Prabhupada, I am so fortunate to be a part of a pligrimage trip. We are getting most valuable things through this pilgrimage trip in close association with the devotees, to understand you and your movement in a better way. Please bless me to continue, with this fortunate situation more and more.

My dear master, kindly use this useless, fallen, diseased soul in facilitating your message to many many people through book distribution. Srila Prabhupada, please bestow mercy upon me to distribute more and more books, without any personal motto.

My dear master, the most abominable disease which I have is motivated devotional service and mental concoction and imagination about others. Even though this is not my business, simply these thoughts are disturbing me badly, please bestow mercy upon me to come out of this most abominable disease. Simply by taking shelter of your lotus feet, we shall become completely peaceful and undisturbed. I should have only hope on your instructions.

All glories to Jagadguru Srila Prabhupada ki jai

I was born in the darkest ignorance, and my spiritual master opened my eyes with the torch of knowledge. I offer my respectful obeisances unto him.

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet! On this glorious day of Sri Vyasa Puja, your appearance day, I take immense pleasure in glorifying your causeless mercy that has been bestowed on this world. It's another year that has just passed by in your service! These two years in association of devotees was like 2 seconds. The International Society for Krishna Consciousness has been organized for this purpose. In every center of this Society—not only in the morning, evening or noon, but practically twenty-four hours a day—there is continuous devotional service going on- Purport, SB 4.12.48 The day starts by expressing gratitude towards spiritual master in a joyful way of singing and dancing in front of the altar. It is you my spiritual master who taught us wake up early in the morning attend Mangala-arati.

Mangala-arati means "auspicious welcoming ceremony for the Lord. So everyone should be very alert in their behavior. Rising early in the morning, taking bath, be prepared for maṅgala āratik immediately. Then class. Everything in regulated way- 1974, Conversation, MW

Chanting the Holy name of the Lord keeps me in Krishna consciousness. It is you my spiritual master who has given us such a simple and sublime method for Self-realization.

In this age no process of realizing the Supreme is possible except the chanting of the holy names of Lord Krishna: Hare Krishna, Hare Krishna, Krishna Krishna, Hare Hare/ Hare Rama, Hare Rama, Rama Rama, Hare Hare.- Purport Bhagavad-gita 8.11

Srimad Bhagavatham class has changed my perception about the world by hearing the beautiful pastimes of the Lord & His devotees, logical, intellectual and scientific discussion in the class really excites me to pass it on to someone. These classes gives me solution to all my problems

By regular on the Bhāgavatam and by rendering of service to the pure devotee, all that is troublesome to the heart is almost completely destroyed, and loving service unto the Personality of Godhead, who is praised with transcendental songs, is established as an irrevocable fact. Prasadam is one thing that I never wish to miss! Krishna Prasadam is always my favorite and I feel fortunate to have Maha Prasadam and it feels as if the Krishna is Himself in the prasadam. I have got an opportunity to taste varieties of Krishna prasadam which I have never heard and saw. Because of your causeless mercy Srila Prabhupada, we are getting Krishna prasadam all the time.

The spiritual master is always engaged in the temple worship of Sri Sri Radha and Kṛṣṇa. He also engages his disciples in such worship. They dress the Deities in beautiful clothes and ornaments, clean their temple, and perform other similar worship of the Lord. I offer my respectful obeisances unto the lotus feet of such a spiritual master.

I am eternally grateful to Your Divine Grace for engaging us in your devotional service in association of devotees which makes everything easy to follow. Please forgive my offenses and give me strength to attend the sadhana, intelligence to execute the assigned services to please the authorities. I pray that you may keep me at your lotus feet eternally as your humble servant and protect me from attraction to Maya.

Dear Srila Prabhupada

I offer my respectful obeisances unto the Supreme Acharya of this era who has been mercifully blessing the fallen conditional souls directing them towards eternal service to Lord Sri Sri Radha Krishna. Sitting amidst so many Vaishnavas and recollecting all those pastimes with moistened eyes itself is a divine pastime of yours in our life. You have been so patient and compassionate with all of us by neglecting all our misdeeds and taking into account of only the fewer positive steps taken in the direction of Lord Chaitanya Mahāprabhu's mission. Thank you Prabhupada for your merciful glance.

This year started with an entry into the association of initiated devotees sitting together and trying to scrutinizingly understand every statement of Lord Krishna's Supreme guidance in the form of Bhagavat Gita and monitoring daily sadhana to upgrade my spiritual score. Seeing your devotee Kushal's growth as a most organized and intelligent boy is a proof that you have mercifully adapted him as a soldier in your army and blessing him with all good behavior and talents. You protected my father from an accident on the day of Sri Narasimha Jayanti by giving him a new lease of life as you had done towards me years ago. You strengthened me with the knowledge of accepting you as a mother henceforth as she had to leave her body on that fateful day. Thanks Srila Prabhupada for accepting her into your shelter and also proving your statement that a devotee's parent will appreciate their child's Krishna consciousness during their exit from the present material body.

Srila Prabhupada, please bless me with the resilience from occasional fall down from my spiritual strata because of my weakness of mind and senses by constantly engaging me in devotional service, avoiding the process of splashing water on the carefully kindled fire. Bless me more to strongly proclaim you as the sole deeksha guru in ISKCON to all those dedicated but misdirected souls. Relieve me from the debts towards all the illusory attachments with people whom I consider influential in my present life and concentrate my ever disturbing mind towards one pointed attachment in the preaching mission with more vigor and enthusiasm like your pure disciples in the Hare Krishna movement.

Thank you with all love emerging from the bottom of my heart.

Hare Krishna Srila Prabhupada,

Please accept my humble obeisances unto Your lotus feet which showers causeless mercy to the conditional soul on this earthly planet.

I was fallen in this material world with a reason to satisfy my lusty desires independent of Lord Krishna due to this mentality since from time immemorial. I am suffering by taking birth in different species in different planets and innumerable universes and undergoing severe tribulations of birth, death, old age and disease.

Nobody helped or saved me to come out of the great suffering caused by the cycle of birth and death.

Only because of You, Srila Prabhupada who saved me from the repeated cycle of birth and death. It is You who spoke in all your writings about our lost relationship with Lord Krishna. You showed a simple pathway on how to achieve the Bhakti Yoga process enunciated in all revealed scriptures in surrendering to their Lordships and go Back Home, Back to Godhead.

I am always indebted to You life after life. My only humble wish is that I want to be a puppet in Your hands life after life.

Please bless me always and give an opportunity and engage me in Your service, and protect me that I should not be entrapped by Maya in any life and life after life. Please let me continue to serve you eternally at your lotus feet.

Respected Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

First of all my Lord, I'm begging you to please forgive me for being such a stupid follower of yours, that I am still lost in the world of ignorance despite of having complete access to your books, lectures, disciples, temples, time for devotion, health, finance etc.. Fool that I'm and yet I feel am your follower.

In the midst of all that be, I still long to work on the goal that you set for the human society. Please may I ask you to give me some extra mercy seeing me so fallen and unfortunate. I just want to be following your instructions in association of devotees. After hearing so many lectures, morning walk conversations of yours, I believe that you're very compassionate to rascals like me, and know that you won't leave me as long as I don't leave you. Please help!

My Lord, right now am working with a disciple of yours on a musical single called (The recuer has come) for Vyasa puja offering for your pleasure, please bless us for a successful completion.

I humbly pray to you to give me spiritual strength and that extra mercy for being so unworthy. Thank you Prabhupada!

With most respect,

Dear Srila Prabhupada,

Please accept my humble obeisance's unto the dust of your lotus feet.

You appear to rejuvenate the devotional service to Lordship's in order that the conditioned soul suffering from material pangs might take advantage & be liberated. Thank you Srila prabhupada for giving us the glorious devotional service to please their Lordship's Radha Krishnachandra.

As Lord Krishna mention's in Bhagavad Gita (11.54),

bhaktiā tv ananyayā śakya aham evaṁ-vidho 'rjuna - That only by undivided devotional service can I be understood as I am.

This devotional service so rare to obtain that The Supreme Personality of Godhead, Krishna does not agree to award devotional service to merely anyone. As you mentioned that Kṛṣṇa can easily offer a person material happiness or even liberation, but He does not agree very easily to award a person engagement in His devotional service. Devotional service can in fact be attained only through the mercy of a pure devotee. In the Caitanya-caritāmṛta (Madhya 19.151) it is said, "By the mercy of the spiritual master who is a pure devotee and by the mercy of Kṛṣṇa one can achieve the platform of devotional service. There is no other way."

Thank you Srila Prabhupada, to bless me with devotional service of preaching to youngsters.

I humbly pray at your lotus feet for your kind mercy upon this insignificant soul. Please keep me at the shelter of your lotus feet, so that I always follow your orders and instruction which I get through authority very seriously so as to be fixed up in the devotional service in Krishna consciousness without deviation.

॥ om ajñāna-timirāndhasya jñānāñjana-śalākayā | cakṣur unmīlitam yena tasmai śrī-gurave namaḥ ॥

My dear Spiritual father, my ever well-wisher,

Please kindly accept my humble obeisance unto your lotus feet.

In one of the purports, you quoted your Guru-Maharaja's words stating Guru means heavy, heavy with Vedic Knowledge. It's also said in our Vedic literatures that

"By the mercy of the Spiritual Master one is benedicted by the mercy of Kṛṣṇa. Without the grace of the Spiritual Master no one can make any advancement..."

So it is confirmed here that acceptance of the shelter of the bonafide spiritual master is the crucial point in spiritual life. Without this connection with the spiritual master there is no access to devotional service to the Lord, and therefore no connection with Kṛṣṇa can be made.

You are the most wonderful, sweetest, most compassionate and beautiful person on this planet just like a Mango tree producing thousands of sweet ripened fruits (disciples) who're developing your self-same brāhmanical qualities serving Lord Chaitanya's mission keeping you as their Commander.

I'm ashamed to admit that many a times I don't appreciate Your Divine Grace enough. I wish to apologize for not following your instructions seriously. Even after taking shelter at your lotus feet, I'm dragged by these whirlpools

of six vicious vices which are deep-rooted in my sub-conscious. This also gives a brief introduction of how fallen I'm in my consciousness.

Just like the previous years, this year also marked a series of twist & turns in my journey under your shelter – but more promising & challenging especially in terms of following my Daily Sadhana. But very happy to be part of a team involved in glorifying your movement by building a Historical Temple for the pleasure of their Lordships Sri Sri Radha Krishnachandra.

The holy name is revealed through the spoken words and every activity of the spiritual master. By serving the spiritual master one acquires eligibility for uttering the holy name without offense. The only method of serving the spiritual master consists in uttering the holy name without offense in His company. The association of the spiritual master is the means of realizing the mode of life which is free from offense against the holy name. If one calls upon the holy name only once sincerely, within the grace of the spiritual master, he is freed from all worldly entanglements for good, know this without doubt or fear. This realization I got by your Divine Grace, but it is not capable of being retained except by the continual blessing of Gurudeva. The memory persists by the grace of Spiritual Master. If service to Your Divine Grace is relaxed, the memory of the holy name also loses its spiritual significance. It is only by the continuous and exclusive service to Prabhupada that the divine event of the dawning of the holy name remains manifest. The spiritual master is a transcendental personality, and service to Him must be performed on the transcendental plane. This absolute state of alert, conscious submission to the will and instructions of You is the very essence of the transcendental, super-excellent admission into the congregational chanting of the holy names without which all attempts and endeavours amass to nothing more than fruitless toil, the sowing of seed on barren land, the milking of a dried up cow.

By dint of my unsubmitive and contaminated attitudes, I know that I'm doomed forever & will remain beyond the boundaries of pure devotion to your Lotus Feet. But still, O Srila Prabhupada, you're my only life and light.

Aspiring to be under your shelter & service...

Respected Srila Prabhupada,

Please accept my humble obeisance of this unworthy servant at your Divine lotus feet.

I thank you from the core of my heart for bearing me and tolerating all my anarthas and still showering your boundless mercy on this insignificant servant of yours. Srila Prabhupada! from the last 1 year in your service you have made me realise what my true nature is. For all the mistakes which I committed while performing the service you have taught me great lessons either through your dear servants or through your books. A statement that you have made keeps reverberating in my ears: “I shall live in my books, and you will utilize.” (1975 to reporter at Berkeley). Thank you for being with us and helping us to progress in Spiritual life.

Dear Prabhupada! On the occasion of your Divine appearance, I would like to mention how on different situations where I was helpless and clueless on how to perform the assigned service you were right there with your instructions and helped to perform the service effortlessly. “The Process of Krishna Consciousness should be very vigorously propagated all over the world. Simply by seeing the Deity or Simply by joining in chanting of the Hare Krsna mantra, people will derive tremendous benefit”(Purport from 17 Chapter TOQK) this statement of yours, keeps motivating me to touch more and more souls and bring them under your shelter.

Srila Prabhupada, in another occasion you said “We should always be enthusiastic to try for shooting the rhinoceros. That way, if we fail, everybody will say Never mind, nobody can shoot a rhinoceros anyway, and if we succeed, then everyone will say, just see, what a wonderful thing they have done.”(Letter to Balavanta 22nd Dec 1971), this instruction gave an immense courage to penetrate to the institutions which were otherwise considered complicated. Likewise in many occasions you have always been with me through your instructions and helped me overcome all obstacles.

Thank you Srila Prabhupad for engaging this insignificant servant in your divine service, I humbly beg your causeless mercy to be with me, life after life.

Srila Prabhupada, the biggest mistake of my life which I committed couple of years back because of my independent nature and mere foolishness keeps haunting me constantly, I beg at your lotus feet to always keep me under the shelter of Vaishnavas and never leave their association at any circumstances.

Aspiring to be a servant of your servant,

Kuru Nandana Dasa

Lakshminatha Dasa

Dear Srila Prabhupada,

Please accept my humble Obeisances Unto Your Lotus Feet,

All Glories Unto Your Divine Grace

It's been another year at your transcendental mission of spreading Chaitanya Mahaprabhu's mercy. Your continuous guidance through the Vaishnavas who are in your glorious mission and your mercy has sustained me through a lot of tough learning in your movement. It is said that sacrifice is one of the expressions of love. The discomfiture that one gets while preaching is the sacrifice, an expression of love, that the preacher has to take for preaching your mission. This is what you have taken for all of the conditioned souls here in this world. This is a transcendental expression of Love that you have with the Supreme Lord.

In one of the purports of SB 4.24.15 you mentioned that the secret of success in devotional service is:

"After being initiated and receiving the orders of the spiritual master, the disciple should unhesitatingly think about the instructions or orders of the spiritual master and should not allow himself to be disturbed by anything else".

The one pointed determination to achieve your instruction is something I genuinely aspire for. Despite many of my shortcomings you have mercifully guided me through the association of devotees on how to execute the your specific instruction. It is said that one can understand the true glories of the spiritual master by the mercy of the Lord. So this Vyasapuja I fervently pray to the Lord that I understand more and more about your transcendental glories.

On this auspicious occasion I beg for your mercy to serve your mission sincerely without a self centric attitude as you have mentioned in one of the purports:

"The disciple should not consider whether he is going back home, back to Godhead; his first business should be to execute the order of his spiritual master"

(SB 4.24.15)

I'm fortunate to be in the association of devotees who have already cultured this attitude of active service unto your lotus feet. These qualities of a pure devotee that a disciple is expected to have is already manifested in many of your disciples. This very thought makes me feel sheltered here at ISKCON Bangalore, where an atmosphere surcharged with active service unto you is prevalent.

On this auspicious occasion I beg your mercy to culture this attitude of active service as against my independent attitude. Please give me the strength to execute your mission sincerely and honestly.

Your Aspiring to be Servant,

Lakshminatha Dasa

Lokamangala Krishna Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories unto your divine Lotus Feet.

Firstly it is my great fortune to write this homage unto your divine grace on this most auspicious occasion, Srila Vyasa Puja. It is such a great opportunity and joy that a disciple gets a chance to offer his prayers and reveal his mind to the Guru on this occasion.

It's been almost half past 3 years that I have become an initiated disciple of your divine grace, but if I look back to see, I've made no attempts to fulfil the purpose of the same. By the kind guidance, help and support given by your humble disciples, I feel that Srila Prabhupada, you definitely have a plan for me and all that needs is my faith and surrender in your divine self to do in life whatever is the will of yours. Many times, though I don't see any qualification to serve the Lord and perform the acts that please the Lord, I was asked to do and find your full mercy and support that helps me to try doing my part. I am nothing or nowhere in the scene without your mercy.

Dear Gurudeva, It is so rare to find a pure devotee Spiritual Master for one's spiritual upliftment, as we see in the example of Srila Narottama Prabhu. His unmatched Bhakti to the lotus feet of his Guru Srila Lokanatha Goswami, the amount of eagerness that he had to serve his master, the amount of serving attitude, humility, conviction, obedience are all so adorable. But even after having all such transcendental qualities and great devotion to the Guru it was so difficult for him to convince his master to accept him as a disciple. But in our conditioned self, we do not have even a pinch of transcendental qualities that Srila Narottama Das Thakura possessed, still out of your causeless mercy to deliver conditioned souls you extended your hands to accept the most unqualified souls as your disciples. By your pastimes and activities, I find the magnanimity that you carry is the same what Lord Chaitanya and Nitai carried, what Sri Narada Muni carried & Srila Bhaktivinoda Thakura carried with them. Srila Prabhupada, it is so very great fortune that we the devotees at ISKCON Bangalore have received the pure shelter of your divine self by the hard work and great determination of the senior devotees here headed by your humble disciple Sri Madhu Pandit Prabhu.

Srila Prabhupada, it was my aspiration since my childhood that I learn scriptures, Vedic chants, suktas, learn and speak Sanskrit become a scholar, and to become a musician and all such aspirations but after hearing purports from your transcendental words, I could properly understand who a Scholar is, who is actually a learned man. And what kind of activities pleases the Lord, and more happy to say that how even learning all these properly to please the Lord which actually fulfils the purpose of these skills.

O dear Master, on this occasion I wish to put forward my sincere prayers that I become a worthy disciple of yours by taking your instructions and mission as my life and soul, I develop the firm faith on your instructions and love for your mission. Though the pulling force, Maya is very strong and there are a lot of times ups and downs in spiritual life still the protective armour of the Lord and Yours can surely avoid such falls. Kindly grant this soul the opportunity to serve your divine grace in whatever best capacity possible. Please give me the strength to chant my rounds with quality and read your books with attention so that some actual progress can happen. Please give me the consciousness where I wouldn't have any defiant nature in accepting the orders of my authorities and give up the anarthas that I possess with me.

Your unworthy servant,

Lokamangala Krishna Dasa

Madan Mohan Dasa

Dear Srila Prabhupada,

First of all I beg to offer my most humble obeisances at my Spiritual master's lotus feet.

I think I am very fortunate because you have accepted me as your disciple, if you wouldn't have accepted me as your disciples I would have continued to live in darkness of ignorance of this material world, thinking that I know how to approach Krishna. I will never be able to repay for his gift. However, I want to give my Spiritual master a small promise, and that is that I will always try to follow your teachings, no matter where I am. Your teachings shall always guide my actions; your teachings shall always guide my thinking. I shall always try to follow your teachings. Your kindness towards everyone is beyond any description. You forever are willing to bless anyone who is interested in going back to Godhead. You're so keen to remind everyone that they don't belong to this material world, but

they belong to the Spiritual world. It is only by your grave efforts that this movement has expanded fast in so many cities and countries.

Oh! My spiritual master, you are the messenger of Lord Krishna, Vaikuntha man. By your causeless mercy you are taxing the turbulent black waters of the ocean of dearth and fishing the drowning souls lending your lotus feet. Your grace is lightening the dark covering of my mind with soothing lights of your transcendental mercy. I am becoming relived of pain by your speeches that flow out from your lotus mouth.

Whenever I think of you Prabhupada, I feel how tolerant you are in spite of the offenses I have committed out of ignorance. You are mercy personified. Your patience has no end. You're tolerant as a tree. From my point of view I can't understand such a tolerant person, I think you are much greater than I could realize you distributing Krishna consciousness to everyone. I hope I will one day become your sincere disciple.

Your aspiring disciple,

Madhava Hari Dasa

Dear Srila Prabhupada

Please accept my humble obeisance's at your lotus feet.

All glories unto your Divine Grace!

It's been over 5 year now, since you accepted me into the ISKCON's family. I'm so glad to get this opportunity to associate with you and devotees. Thank you so much Srila Prabhupada! I pray for your continued mercy to associate with devotees in the ashram and progress further in Krishna Consciousness.

As it is said in Sri Caitanya Caritamrita..

mūkaṁ karoti vācālaṁ paṅguṁ laṅghayate gīrim

yat-kṛpā tam ahaṁ vande śrī-guruṁ dīna-tāraṇam

By the mercy of the guru, even a dumb man can become the greatest orator, and even a lame man can cross mountains. As advised by Lord Brahmā, one should remember this śāstric injunction if one desires success in his life.

Srila Prabhupada, your causeless mercy upon this fallen soul. Despite not following the principles, you're still kind upon me. One such instance, I had lost my initiation beads and had earnest desire to find it and I was searching at that place where I have lost, but then I couldn't find. By Your causeless mercy upon me, one person called me from the same location and gave back the beads. I was overjoyed by the reciprocation. After few days or months, again I have lost it couple of times, each time I lost it, you had reciprocated by returning it back. Thank you Srila Prabhupada! I pray for continued mercy to take this opportunity of reciprocation and improve the chanting quality.

In many instances at service, during work pressure, you have always been kind upon me to solve and overcome the pressure especially at legal matters. I have been assigned with many projects, which are challenging to achieve. In this regard I have to influence political and bureaucratic people to achieve these projects. I always feel that I am unqualified and lack many skills to work on these projects and offer it to you.

As bhaktivinod Thakura says...

gurudev!

kṛpā-bindu diyā, koro' ei dāse, tṛṇāpekṣā ati hīna

sakala sahane, bala diyā koro', nija-māne sprṇā-hīna

Gurudeva, give to this servant just one drop of mercy. I am lower than a blade of grass. Give me all help. Give me strength. Let me be as you are, without desires or aspirations.

On this auspicious day of your transcendental appearance, I pray and request your causeless mercy and the right attitude to work on the services assigned. Depending on your mercy, make me a success or a failure as you wish, but I only desire that you engage me in more and more service at your lotus feet. Once again, thank you very much Srila Prabhupada.

Aspiring to become servant of servant,

Dear Srila Prabhupada,

When I thought of writing Vyasa puja offering my mind went totally blank thinking about what to write. I understood that I don't have any love for you. Then a devotee reminded me that if we don't know what prayers to offer we should simply repeat the prayers offered by great devotees.

I take it as your guidance. I humbly accept my reality and will try to repeat your words and the words said by devotees in my offering.

It's been almost 5 years I came in touch with your Divine Grace. I use to foolishly think, I don't have any great anartas in my life which I should be really worried about and no major problems as I have taken initiation which has burnt all my karmas. But from past one and half years, I'm suffering from

anarthas and the problems created by my mind which has really taken out the poison from me. Now I can overcome all my problems and anarthas on my own by controlling my mind. I just wanted to give up on myself. In these difficult days, I thank you for me giving your intense association through your

disciple (my authority) and not giving up on me. I started realizing that prayers and chanting of the holy name is the only solution for my problem. I beg your mercy to keep me under you and your disciples shelter always.

In one of your letters to Malati Mataji dated 68-05-28 you have written what is Guru tattva? "In the absolute world there is no distinction as me, or he, and I. Krishna and His representative are the same. Just like Krishna can be present simultaneously in millions of places. Similarly, the Spiritual Master

also can be present wherever the disciple wants. A Spiritual Master is a principle, not the body. Just like a television can be seen in thousands of places by the principle of relay monitoring". But some foolish people claim themselves with a concocted idea of Madhyama Adhikari gurus where in that

position they don't get to know what the disciple is offering to him.

I remember a pastime of your's in a plane with Upendra Prabhu which made me realize how a pure devotee is not at all fearful of death. It is said that "The weather was stormy en route to New Orleans. Srila Prabhupada, in the first-class section with Upendra, Suddenly the plane dropped violently. Passengers

screamed and clutched their armrests, bracing themselves. Upendra, frightened speechless, thought, "If I have to die, it's all right because Prabhupada is here." Srila Prabhupada turned to Upendra. "Why is it rocking?" he asked. "It's a storm," replied Upendra. He could see that Srila Prabhupada was calm. His expression was one of irritation,

like over some minor incident, as when his lunch would be served late. In wind and downpour, the pilot finally touched the wheels on the runway, landing without mishap. A sigh rose from the passengers, then cheering and applause. Srila Prabhupada seemed unaffected. He asked Upendra how long a drive it would be to the temple.” I really enjoyed reading this pastime.

I really love your direct, straightforward and cutthroat words when it comes to worshiping only Krishna. Recently my authority pointed out the purport of man-manā bhava mad-bhakto (BG 18.55) where you write “One should fix his mind on this original form of Godhead, Kṛṣṇa. One should

not even divert his attention to other forms of the Lord. The Lord has multiforms as Viṣṇu, Nārāyaṇa, Rāma, Varāha, etc., but a devotee should concentrate his mind on the form that was present before Arjuna”. And also I noticed in that purport every line has the word “Krishna”, this shows how much a pure devotee loves the Lord.

Most of the times I receive your reciprocation through quotes which are read after mangal-arati. A recent one is when I misinterpreted a devotee’s realization on “The quality of contribution to the relationship is more important than quantity of availability”, the next day It was read on mangal-arati

quote where you say How even though you have taken lesser association of Bhaktisiddhanta Saraswati Maharaj than your godbrothers You took his mission to the world, this cleared my thinking.

I sincerely thank you for giving me a great devotee association in my life which I don’t deserve at all. I beg you not to let me go away from your lotus feet. Please bless me to develop the serving attitude.

Your unworthy disciple,

Dear Srila Prabhupada,

I offer my humble obeisances at your lotus feet. I could find no words to express my gratitude to you on this most auspicious day of your divine grace's appearance. Though I am not doing any substantial service for your movement, nonetheless you are holding me onto your movement out of your unlimited compassion. Indeed, in this world, no one can measure your unlimited compassion for the fallen condition souls. You are the reservoir of all good qualities. I am struggling in spiritual life and being tossed constantly by the modes of material nature. I am trying to get out of all unwanted habits but keep failing. I am sure that I will be able to come out by your causeless mercy. Simply by taking shelter of your lotus feet one can cross over ocean of material existence. This is confirmed by Lord Brahma himself in Srimad Bhagavatam:

*na bhāratī me 'ṅga mṛṣopalakṣyate
na vai kvacin me manaso mṛṣā gatiḥ
na me hṛṣīkāṇi patanty asat-pathe
yan me hṛdautkaṇṭhyavatā dhr̥to hariḥ*

O Nārada, because I have caught hold of the lotus feet of the Supreme Personality of Godhead, Hari, with great zeal, whatever I say has never proved to have been false. Nor is the progress of my mind ever deterred. Nor are my senses ever degraded by temporary attachment to matter. (SB 2.6.34).

You promised us that simply by chanting 16 rounds and following four regulative principles you will take us back home, back to Godhead. We have no doubts on this statement absolutely. Understanding our fallen condition you have simplified everything for our benefit. It is all due to your causeless mercy upon the fallen souls like us. We should take advantage of your simple instructions and try our best to follow.

Dear Srila Prabhupada,

I would like to be a small soldier in your vast army to conquer the world. I am doing little bit service at present and would like to take more responsibility to propagate the mission of Lord Chaitanya under your shelter. At the same time I am bit afraid of higher responsibility because I am not qualified to take it. I would like to practice devotional service sincerely so that I can preach. Unless I practice I will not be able to preach. Please kindly bestow your mercy upon me to take more responsibility to serve your mission.

Dear Srila Prabhupada,

I wish that all your disciples (Pre 1977 and Post 1977) join together to conduct your missionary activities. If it happens I am sure that no one can check us in this world. We can conquer the world very soon and establish Krishna Consciousness movement in each and every part of the world. This is confirmed by Lord Brahma to Indra in Srimad Bhagavatam:

*maghavan dviṣataḥ paśya // prakṣiṇān gurv-atikramāt
sampraty upacitān bhūyaḥ // kāvyam ārādhya bhaktitaḥ
ādādiran nilayanam // mamāpi bhṛgu-devatāḥ*

O Indra, your enemies, the demons, were extremely weak because of their disrespect toward Śukrācārya, but since they have now worshiped Śukrācārya with great devotion, they have again become powerful. By their devotion to Śukrācārya, they have increased their strength so much that now they are even able to easily seize my abode from me.

Dear Srila Prabhupada, If demons can conquer the abode of Lord Brahma by the blessings of Shukracharya, We too can conquer this tiny world without much effort by your blessings. It is not at all difficult. But, the only thing that we lack is that we are disintegrated at present. If we all join together and understand your spirit and follow your instructions seriously I am sure that we can conquer the world. Please bestow your mercy and I pray to Krishna that we all should join together and fight for establishing Krishna Consciousness movement in every part of the

world. If you pray to Krishna for us then Krishna is bound to bless us to join together and work for the common mission. This is my sincere request to you Srila Prabhupada on this auspicious day.

Dear Srila Prabhupada, I sincerely pray to you to bless me to practice Krishna Consciousness very sincerely and preach this most sublime message with full enthusiasm and I may not leave your mission till my last breath.

Hare Krishna! Jai Srila Prabhupada!

Your humble servant, Mahaprabhu Gauranga Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances at your divine lotus feet, on this glorious day.

Recently I was reading Krishna book, there is chapter called “Prayers by the Personified Vedas”, you have given translation of one prayer which was made by Shidhara Swami, it as follows

“My dear Lord, let others engage in false argument and dry speculation, theorizing upon great philosophical thesis. Let them loiter in the darkness of ignorance and illusion, falsely enjoying as if very learned scholars, although they are without knowledge of the Supreme Personality of Godhead. As far as I am concerned, I wish to be liberated simply by chanting the holy names of the all-beautiful Supreme Personality of Godhead—Mādhava, Vāmana, Trinayana, Saṅkarṣaṇa, Śrīpati and Govinda. Simply by chanting Your transcendental names, O Lord Madhupati, let me become free from the contamination of this material existence.”

This prayer gave me so much solace, there are so many living entities are wandering in this world, engaging in false argument and dry speculation, theorizing upon great philosophical thesis. It is by your grace that we have got the greatest benediction given by Chaitanya MahaPrabhu, the chanting of holy name of the Lord.

You have given us the Yuga Dharma, which is most suitable for this age. It can be practiced by anyone and everyone. No matter in any condition of life one can chant Hare Krishna mantra and get liberated. This is your great benediction that you have given to this world. In these few years I could personally see how Hare Krishna Mantra has changed the life of so many people. Miracles have happened when you were physical present in this world. The 5000 westerners who do not have any idea of Vedic culture have dedicated their life for ISKCON. You have millions of followers all over the world.

I feel myself most fortunate be under the shelter of your lotus feet. You have been guiding me through yours book, through senior devotees. Through your lectures. Please continue guiding me.

Although I have no qualification and I am your most fallen servant, I am begging to always assist you in your eternal pastime. Please never leave me;

Your insignificant Servant

Dear Srila Prabhupada,

Please accept my humble obeisance at your Lotus Feet.

As your disciple, I regard it as my sacred duty to offer you praise on the anniversary of your appearance in this world. Yet as I ponder what to write I am aware that, beyond duty, this day offers an opportunity to meditate deeply upon you, the person who, more than any other, gave meaning to my life.

It's been more than 5 years now that I'm in touch with your moment. A deep sense of dependence upon you is beginning to awaken in my heart. Looking back on my worldly life, you forced me off the path of material pursuits that was my destiny. I was truly lost, and you called me to you and set me on a different path.

It was you! It was you! Srila Prabhupada, who allowed me to enter the sanctum of ISKCON Bangalore by instructing your disciples to give everyone the chance to serve the Lord and to become part of your movement, no matter how deeply they were sunk into darkness, doubt, and delusion.

As stated in Guru Vandana,

śrī-guru karuṇā-sindhu, adhama janāra bandhu,

You are an ocean of mercy, the ultimate expression of mercy is to freely afford everyone with the opportunity to develop pure love of Godhead. Srila Prabhupada, your preaching work clearly fits this description. Your distribution of mercy was not the mechanical performance of a duty thrust upon you by higher authority but manifested naturally as a result of your heartfelt compassion for the long-suffering conditioned souls. It was unlimited and all-pervasive, falling everywhere like pleasing rain upon the burning hearts of this age. When you lectured during the early days of the Kṛṣṇa consciousness movement, you would often tell your listeners, "I have come to your country not to take anything, but simply to give." Those who were honest and sincere were able to sense your unalloyed desire to bestow upon them the highest form of mercy, and guided by the Supersoul, they voluntarily placed themselves under your guidance and protection. Although now you have gone from our material vision, your mercy is as attainable today as it was then. A liberated soul is not bound by time and space, and neither is his mercy. One has to open up his heart to receive this benediction which is being distributed freely to everyone and it is also been given to me.

Srila Prabhupada, I have never hesitated to perform sinful acts for my own enjoyment. Devoid of all compassion, concerned only with my own selfish interests, I am remorseful seeing others happy. I am a perpetual liar, and the misery of others is a source of great pleasure for me. The material desires within the core of my heart are unlimited. I am wrathful, devoted to false pride and arrogance, intoxicated by vanity, and bewildered by worldly affairs. Envy and egotism are the ornaments I wear. Ruined by laziness and sleep, I resist all pious deeds, yet I am very active and enthusiastic to perform wicked acts. For worldly fame and reputation, I engage in the practice of deceitfulness. Thus I am destroyed by my own greed and am always lustful. A vile, wicked man such as this, rejected by godly people, is a constant offender. I am such a person, devoid of all good works, forever inclined toward evil, worn out and wasted by various miseries.

I pray at the dust of your Lotus Feet to please soften my heart and stiffen my resolve to stay fixed at your Lotus Feet. Srila Prabhupada, please bless me so that I too might offer a drop of "very great service" unto you-you, who is that very great soul, a pure devotee, and empowered spiritual master chosen by Lord Caitanya to deliver His message to the far corners of the earth.

Your Insignificant Servant,

Hare Krishna

Jai Srila Prabhupada! Please accept my respectful and humble obeisances.

Srila Prabhupada, what you have given us, ISKCON, the International Society for Krishna Consciousness is a great treasure for the entire modern human society, where God has been subtracted from our lives. When this treasure is added to our lives, it becomes more valuable. This is my own experience. Worshipping the demigods or God was just like a ritual in our lives but after coming in touch with you, your books, your disciples, your servants, I have

understood what worshipping, remembering, thinking, listening and glorifying are and to Whom it has to be dovetailed.

Still I feel that I have only been wasting time by not serving you or Krishna. Srila Prabhupada, my desire is to be always in your service. I feel, I am not doing any service, please show me the way that my family and I are always in your service. Here I talk about my family because I think it is my responsibility that my family should also be in Krishna consciousness and not me alone which I feel is selfishness. Please guide us and give us shelter under your lotus feet and always keep us in the service of your mission. Srila Prabhupada, this is my sincere prayer without which my life is a waste.

Srila Prabhupada, your lila of converting the hippies in the western world to devotees of Sri Krishna is inconceivable. People in our own country who know about God and demigods are not ready to accept Lord Sri Krishna as the Supreme Personality of Godhead. But by your divine power, Srila Prabhupada, you have given them Krishna who is the Supreme, the ultimate goal of every jiva.

Srila Prabhupada, Let the whole world become Krishna conscious, chant the holy names of the Lord and be happy.

Your most fallen disciple,

Mitravinda Devi Dasi

Dear beloved Srila Prabhupada,

Please accept my humble obeisances unto the dust of your lotus feet.

All glories unto your Divine Grace.

O spiritual master I am very thankful to you since you are the one who opened my eyes and showed me the right path from the darkness. Only because of you the definition of my life is changed & life became very simple.

O spiritual master thank you, thank you for all whatever you have given to me. I have no qualification to understand the knowledge of Vedic Scripture but only by you I can understand the topmost Scripture like "BHAGAVAD GITA".

My only prayer is to please keep me in an association of Vaishnavas at least in this life as somehow by your causeless mercy & inspiration of Vaishnavas I have taken your shelter.

I offer my respectful obeisances to your divine grace, because of your efforts the people of this world are turning from everything else and are learning to repose their love at the lotus feet of Lord Krishna. By speaking the message of Lord Chaitanya Mahaprabhu, you fill this lifeless and inert universe with Krishna consciousness.

By your mercy the conditional souls are awakening from the nightmare of the material sense of happiness created by the Maya, they now see the reality of devotional service to Lord Krishna, the master of senses.

Thank you for everything SRILA PRABHUPADA!!!!

Your Servant,

Mohan Gopal Dasa.

Mohana Chaitanya Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories to you.

I beg for your mercy, kindness and compassion. Looks like my deep rooted conditioning is not allowing me to serve your divine grace to the fullest extent. It has always been my aspiration to do something special in your service, which glorifies your name. I consider my life worth living if I can see the day when every human being in this world knows your glories. You have been so compassionate to the entire world, whoever reads the life history of your's will be left with the heart transformed and tears in his eyes. I just can't stop recalling the memories of how you started off single handedly staying amidst the hippies in the initial days, to setup a world wide organization and becoming the acharya of it.

Everything what you have given us has become the support for us in our devotional service. It's the result of your hardwork, what we are enjoying. Service in a big and beautiful temple, daily darshan, kirtan, arati's and mahaprasadam. What more can an aspiring devotee ask for, who is seriously interested in progressing in his Krishna consciousness life. But Maya is deeprooted in the mind. No matter how hard I struggle in my attempt to progress in Krishna consciousness, it only comes back to prove how strong it is. Similar to every year, this year also has been very special. You have put me in AIKYA service. No matter what service it is, I only pray to you to teach me surrendrance. Looks like even after these many years of serving you as a full time missionary, I haven't yet understood nor even reached close to surrendering to you, while surrendering to Krishna remains a distant truth. Srila Prabhupada life in your service is always interesting and exciting. I seem to float in transcendental happiness always, except for sometimes when Maya decides to take me for a free ride. On my personal front, life has thought me enough lessons to not think of my personal life, hence neither I have regrets about it nor any comments on it.

I only pray that always keep me engaged in your transcendental service and never allow me to go away from your divine shelter. It's staying under your shelter which has kept me in your divine service, not my sadhana. Srila Prabhupada there was time when I used to immerse myself deep into the philosophical thoughts of your Bhagavatam commentaries. I still yearn for those days to come back. I feel the below purport of your's explains my situation better.

A person may have a bona fide spiritual master and may be attached to a spiritual organization, but if he is still not intelligent enough to make progress, then Krishna from within gives him instructions so that he may ultimately come to Him without difficulty. The qualification is that a person always engage himself in Krishna consciousness and with love and devotion render all kinds of services. He should perform some sort of work for Krishna, and that work should be with love. If a devotee is not intelligent enough to make progress on the path of self-realization but is sincere and devoted to the activities of devotional service, the Lord gives him a chance to make progress and ultimately attain to Him. Ref. Bg 10.10 purport.

I pray to you to increase my spiritual intelligence to serve you better. After all what is the value of this life if it's not utilized in the loving service of a glorious spiritual master like you, who only thought of the welfare of fallen souls like me and worked hard to just to benefit us, so that we become full Krishna conscious and go back to Godhead. To such a spiritual master who has uplifted me, I bow my head in surrendrance and pray to Lord Krishna to bless me with all the abilities to introduce Srila Prabhupada as the spiritual master, Jagadguru of the entire world which is filled with suffering souls like me and are eagerly waiting for a respite by getting in touch with you.

Thank you Srila Prabhupada for your unconditional blessings,

Your fallen servant,

Mohana Chaitanya Dasa.

Mrigendra Dasa

Beloved Srila Prabhupada,

Please accept my humble obeisances. It is by your and Krishna's mercy where I am today and I cannot thank you enough. Sometimes I feel that even sacrificing everything including this body, will not be enough to repay you. But you despite your exalted position have shown mercy on this miscreant and granted me the initiation, for which I am forever grateful.

This blazing fire of the material world was burning me and knowingly I was killing myself day after day. I was lost and was completely blind about a way out. Thank You for showing me the path out, for enlightening me with knowledge, for being the guide.

Without you I cannot imagine this life. Earlier I used to speculate for hours, become agitated and suffer. Now this has reduced radically by your grace. Simply reading your books which have such immense knowledge and the highest philosophy has relieved me of this pain. With services, please bless me so that I can receive more of your association through your books. I am trying to endeavor sincerely and seriously to follow your instructions and follow the path you have illuminated.

You have not only shown us all the direction but you have built the road and also provided us a beautiful vehicle to sit in and ride towards that ultimate destination.

While your books and lectures are the direction to that ultimate destination, your spiritual organization and temples are the vehicles for us to transport ourselves to that transcendental dham. But I'm so unfortunate and fallen that I do not properly respect your directions and value your temple and the spiritual lifestyle that you have so mercifully bestowed upon me.

I pray to you that you kindly forgive this fallen soul for not taking your instructions and guidance seriously. I'm always attracted to obnoxious habits and I'm always very offensive to the holy name and devotees. Kindly correct me and bring me back to the path of absolute Krishna consciousness which I'm lacking so much currently.

In spite of all my shortcomings I'm surprised to see how you never forsake me or rather I'm seeing that I'm still being used as an instrument in your service. Please help me giving strength and enthusiasm to do more service skillfully and surrender everything to your credit only. Please make me only covetousness to be in your service and nothing else than that.

Please show mercy on me and give me the strength so that I may not deviate.

Please give this servant and opportunity to serve you and your servants eternally and please keep me under the shelter of your lotus feet. Hare Krishna!

Begging to be your eternal servant, Mrigendra Dasa

Please accept my humble obeisance. I would like to thank you for giving me this great opportunity to be a part of your movement. Dear Prabhupada, how much ever I thank you, it is not possible for me to comprehend this benediction.

I would like to tell you that I am not able to follow any principles of Krishna Consciousness. With days passing by, I am becoming more and more fearful. I am not able to enjoy anything in Life.

As you know I have entered in Family life on 28-June-2017. That was my independent decision. I cannot call it as Grihastha Life, right now it is Grahmedhi but I wish I May become grihastha.

Srila Prabhupada I have read in your books that spiritual master's instruction should be life and soul of the disciple. Therefore in spite of all my faults please accept me as your disciple. Please bless me with the strength to follow your instructions and remove fear from my heart. My situation is very precarious and confusing.

I beg for your blessings to continue my Krishna Conscious Life in any time, place, circumstance. I may not continue to work in Bangalore Temple but I wish to continue till the last breath of my life.

Because of your causeless mercy and devotees prayers, I came back to Bangalore after marriage. Please bless me and my wife with Krishna Conscious life.

Thank you

Hare Krishna!

Dear Srila Prabhupada,

Please accept by humble obeisance, all glories unto You.

Last year has been a very important turning point for me and my family, where both my husband and I got enrolled for Bhakti Shastri course. Your mercy is so vast that even though we are insignificant and have so many faults, You still accepted us and gave us Your shelter and decided to personally guide us through Your teachings and lift us out of our short comings. It has been a very significant factor for us in improving our sadhana, which I am sure will make us strong in Krishna Consciousness and give us strength in contributing our bit towards Your mission.

Also, looking back at our daughter's arrival into the family 2 years back, I feel that she was associated with You in the past and must have left her sadhana half the way. I feel, to make us more serious before bringing her into our family only You decided to give us initiation, even though I was just 3 years into KC and wasn't sure if I was ready for it at that time. Looking at her today, I am able to see the reflection of your mercy on her, when she asks us to play Your songs and dances to those tunes and pays obeisance to Your lotus feet. She also tells now and then 'Prabhupada will lift me'. All these gives an indication that You had already planned everything for her spiritual life before sending her to us. I pray that You accept her also under Your shelter like You did for us. May we be able to bring her up as a sincere devotee by Your mercy, always eager to serve You and Your mission and in turn make us more strong in executing Your directions.

Thank you Prabhupada for all the kindness and mercy You have bestowed up on me. Kindly show me the direction always. I am not sure how I can repay this.

Jai Srila Prabhupada! Hare Krishna!

Our Most beloved dear Srila Prabhupada,

Please accept my most humble and respectful obeisance at your lotus feet.

All glories to Your Divine Grace.

On this auspicious appearance day of your divine grace I wish to glorify you through your divine pastime:-

Pita : Although it was devastating when you first saw Prabhupada's deteriorated physical condition, after you were with him for a while you got used to it. When devotees saw him in that condition for the first time they'd cry and we'd all start crying seeing these devotees crying. At one point Prabhupada said, "Why are you all crying?" We said, "Srila Prabhupada, we're crying because you're so sick and we are afraid that you may leave." Prabhupada said, "I will never leave you. I live forever in my books so there's no reason to cry. Old people die, that is natural. When a young person dies there's some mistake because a young person should live until he's old. When he's old he should die. For me it's a natural thing, so don't cry." One devotee said, "But Srila Prabhupada, we are crying because we can't be without you and when you leave, we won't know how to communicate with you." Prabhupada said, "I will communicate with you through your heart. I will come to you in your dreams. I will communicate with you through dreams as caitya-guru."

In the above pastime you clearly confirmed your immortal divine eternal presence & association through your books and as caitya guru. By your mercy we all are getting your guidance through the authority system governed by you personally. Please bestow your mercy upon me so that I can successfully execute the instructions given by my spiritual authorities with full faith and enthusiasm.

You have brought the divine sunlight of your books in this age of darkness, which leads us Back to home back to Supreme Personality of Godhead. You are the leader of Sankirtana movement especially in the western countries, who brought the divine Ratha Yatra and the mercy of Sri Caitanya Mahaprabhu to the whole world and saved the whole world from the darkness of Kali. You are the savior of the whole world from the snake of material existence.

In just 12 years... 108 + Radha Krishna temples, 60+books, 10000+disciples, 1900+lectures, 6300+letters,...

Your glories are unlimited, which cannot be described by my small brain substance,

Thank you for keeping this fallen soul in your divine association .

All glories to you, Srila Prabhupada, the savior of the whole world!!

Nanda Kishora Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance at your lotus feet. All glories to Your Divine Grace.

The depth of your compassion cannot be measured. You sat through the nights translating books. When I read these books I simply wonder the clarity you have regarding each sloka, each phrase. I see and meet many people in my preaching service. Most of them have their concocted ideas and perceptions. Sometimes I wonder if they make sense to themselves. They blabber contradictory ideas in same sentence. Maybe they want to protect their money.

Money is sweeter than honey. To protect something so insignificant, these people go to any extent. I call it insignificant because either money leaves them or (at death) they leave their precious money. What you are offering is valuable; no priceless. For this knowledge, this revelation stays with the soul even after the body is gone. People don't know that they have received this birth after a very long period of time. At least after 8,000,000 lives. I have not performed any austerity. And I was a miser previously, so I would have never performed any charity. Yet such profound knowledge has been blessed upon me by you, Your Divine Grace. You keep blessing so many people with this knowledge. I thank you for allowing me to serve you in my capacity. I thank you for allowing me to be an instrument in your hands.

Your Insignificant Servant,

Srila Prabhupada my eternal spiritual master and my eternal spiritual father,

oh master , if you had not taken this worm from the stool what would be this soul's future?! Only by your causeless mercy this soul is initiated and chanting 16 Rounds of Hare Krishna Mahamantra and following the Regulative principles and able to understand the goal of human life through your books. By reading the Bhaktivedanta purports I am able to know what is Spiritual world and What is my Ultimate destination of Going back to Home Back to Krishna...

Kindy help me to preach the Krishna consciousness to the needy so that I and all my family members and relatives and friends take shelter of your lotus feet and go back to Krishna loka.

My dear Srila Prabhupada,

Please accept my humble obeisance. Your appearance in this world is the best thing that happened in the last century. You spread the mission of Lord Chaitanya Mahaprabhu in the entire world single handedly. Even after undergoing a lot of problems, you never considered to step down from this mission because you had full faith on the divine instruction of your spiritual master. This shows how eager and dedicated you were to serve Krishna. I wish if I could get even 0.001 percent of this dedication towards you, my dear spiritual master. I am so fallen that I have no attachment towards your instructions. Although you accepted me as your disciple because of your mercy, but let me confess that I don't deserve to be your disciple. I think it is the worst match one can ever see in his life. You are 'patita pavana' (deliverer of the fallen) and I am most fallen in this entire universe.

My dear spiritual master, I am so fallen that instead of offering something to you on your divine appearance day, I am asking your mercy to develop attachment towards Krishna. You accepted this fallen soul without considering anything about me. This shows how much compassionate you are on all of us. This shows how you came to eradicate the ignorance that we can get permanent happiness from material enjoyment. You showed me the path of enlightenment through your divine instructions but alas! I am still stuck on the path of ignorance. I am still attached to lot of material things and hanker after obtaining happiness from them.

Undoubtedly, the greatest moment for me in my entire life was when you accepted me as your disciple. But my dear Prabhupada, I am very sorry for still remain materially attached.

I am extremely sorry for all the wrongdoings Prabhupada! I promise my dear spiritual master to try my level best to follow your divine instructions from now onwards.

Yours obediently,

Nava Yogendra Dasa

Dear Spiritual Master,

My respectful obeisance at your lotus feet,

This wonderful society created by you has many aspects which attracts all kinds of people. I got very much inclined by the pure and candid association of your devotees. From the very start of coming to our programs I enjoyed the company of the devotees backed by your genuine concern for us flowing through those devotees.

Recently, when I walked in the room of one of the devotees I walked out with the goal of my life simplified. Though I had already known the words but this sudden encounter struck a chord and had a lasting impression. The translation to shloka SB 7.12.1 goes,

“Narada Muni said: A student should practice completely controlling his senses. He should be submissive and should have an attitude of firm friendship for the spiritual master. With a great vow, the brahmachari should live at the guru-kula, only for the benefit of the guru.”

I got a great sigh of relief. All glories to your loving compassion in the form of your translations and purports.

Another instance when a devotee shared with me that the actual reason for the Lord Sakshi Gopal deity to agree to walk with the Brahmana boy was that the Lord was very pleased to see a younger Brahmana nicely serving an older Brahmana. All glories to you for giving me a great opportunity to serve Vaisnavas under the able guidance of your beloved devotees.

Another instance shared by the devotee on how the Lord is most unpleased. Hiranyakasipu created a great nuisance throughout the universe but his one mistake of putting stumbling block in the devotional service of Sri Prahalada Maharaja put an end to his empire. Therefore, I seek your protection from offenses to Vaishnavas caused due to misunderstandings.

By your grace I am now in the most esteemed company of your devotees and seek your blessings to remain as such. This is my only prayer and I am sure all other spiritual opulence of bhakti will automatically follow.

Servant of your eternal servants,

ALL GLORIES TO SRILA PRABHUPADA , PLEASE ACCEPT MY HUMBLE OBIECIENCES,

In order to learn that transcendental science one must approach bonafide spiritual master in disciplic sucession fixed in the absolute truth

acaryam mam vijaniyan nave manyate karhicit

ma marya buddya suyeta sarva deva mayo guruh

One should understand the spiritual master to be as good as I am said the blessed Lord, nobody should be jealous of the spiritual master or think of him as an ordinary man because spiritual master is the sum total of all demigods, that is, the acharya has been identified with Godhead himself. He has nothing to do with affairs of material world, he does not descend here to meddle with affairs of the temporary necessities but to deliver the fallen and conditioned souls , he appears before us to reveal the light of the vedas and to bestow upon us the blessings of full fledged freedom after which we should hanker at every step of our life's journey.

The systematic sadhana programme chalked out by your grace{Srila Prabhupada}, is the only solution to all our problems , and to uplift our consciousness to Krishna consciousness

As your self demonstrated practically, by travelling to the west by the order of your spiritual master.

And by simply following his instructions you achived the perfection in spreading the holynome, I also beg your mercy Prabhupada from you to consider this insignificant disciple to spread the Holy name, our knowledge is so poor, our senses are so imperfect and our sources are so limited that it is not possible for us to have even the slightest knowledge of the absolute with out surrendering ourselves to your lotus feet.

Srila Prabhupada as I am struggling to perform my sadhana you are the only solace as your grace is waking me up for mangla arathi in the midst of difficulty in raising two children in Krishna consciousness, I beg your blessings to uplift me to over come all vices and to grow spiritually as a strong Krishna conscious pure devotee.

Yours most fallen servant,

All glories to my saviour Srila Prabhupada!!

I was entrapped in an ocean of ignorance and sense gratification was my long term and short term goal. I had built a strong friendship with eternal enemies called lust, anger ,greed, illusion, pride and envy headed by Mr Mind. They gave nothing but frustration in my life. So I was pondering about the reason behind this gigantic manifestation and why these false friends gave me frustration instead of happiness. Then I came to Bangalore for doing higher studies and while I was in KSRTC bus going back to my native I saw a Prabhuji distributing Bhagavad Gita- As It Is and I remembered once my lecturer saying that one should read Bhagavad Gita to overcome difficulties in life. But unfortunately I didn't have money to buy and bought 3 small books. When I saw your photo in SSR book I was wondering why you are so simple. According to me a sadhu should have matted hair, big tilak and bright saffron attire. But when I read your books I understood that you are not an ordinary person but you are an extraordinary spiritual personality. Your every line of purport in Bhagavad Gita is a Vedanta sutra. 'Jiva jaago' happened in me. There are many ways to wake up a sleeping person. But your style of waking up a jiva is to give a big slap on face

through your books and teachings. My dear Srila Prabhupada your books immediately made me to follow devotional principles and helped me to come in touch with your unparalleled institution ISKCON. Even before coming in touch with ISKCON I have heard Hare Krishna Mahamantra from a person but I was not so interested, but the same mantra when I received from you and chanted it brought miracles in my life. Its by your recommendation, Nama Prabhu took me to the stage of initiation and I became your initiated disciple by your mercy even though I lacked qualification.

Later my internal and external false friends slowly started to fade away in my life and I got true eternal friends and they are Hari, Guru, Vaishnava and Bhagavad Gita. I wanted to serve you and Lord throughout this life and in next lives also, wherever I may be. But I underwent lots of struggles. Then I understood how many difficulties a devotee has to face when decided to be a part of your mission. I remembered the verse “daivy hy esha guna mayi” from Bhagavad Gita. And having faith in you and Lord and by your mercy I am serving you as a full time missionary. Thank you so much. Whenever I see your picture or deity I usually think what would have I become if you had not come in my life!! And I could see myself drowning deep into the ocean of repeated birth and death and lacking the oxygen called Krishna I would have drowned into the darkest part of this material ocean and would have met spiritual death. I am very happy that this adhama has got an utthama friend that is why you are addressed “ Sri Guru Karuna sindhu adhama janara bandhu”.Srila Prabhupada you are touchstone and your representative devotees are gold. Thanks for giving me an opportunity to live in the midst of golden personalities and render service unto you. I beg you to decide what is best for my future Krishna conscious life and I do not know but you as my best friend. I am not able to understand Lord Krishna. Since you are His intimate friend and my immediate friend, I kindly request you to bless me to understand something about Supreme Lord Sri Krishna and His activities. Please help me!! Let me be your eternal insignificant servant.

Dear Srila Prabhupada,

Please accept my respectful obeisances. All glories to Your Divine Grace.

Thank You Srila Prabhupada, for your kind blessings upon me.

Only by your kindness, only by your patience, I was saved from falling into further ignorance despite of my nescience.

Out of Your causeless mercy, you have come and forced me to get away from submerging in sense gratification, and led me to this life of religiosity. You are personality of mercy, but all I can do is render some insignificant service to the best of my ability which you have endowed upon me. I beg of you one thing that you may implant in this lusty heart of mine the desire to sincerely utter the names of Hare Kṛṣṇa and follow regulative principles strictly.

Thank You for your kind blessings upon me. By engaging in the personal service of their Lordships Sri Sri Radha Krishna Chandra and Your Divine Grace.

An Embodiment of Fathomless Love, Compassion & Benevolence Incarnate!!!

My dear Srila Prabhupada,

Please accept my humble obeisance. I bow down at your lotus feet with great awe and reverence.

All glories to you on this auspicious day of your Vyasa-puja

The Guru's form is the best to meditate upon; the Guru's feet are the best for worship; the Guru's word is the mantra; the Guru's Grace is the root of liberation.

“On such an auspicious day today, as this, it is my privilege to bring to memory the life and teachings of this deeply unassuming, unostentatious and august personality, sitting in whose presence I experience a deep silence and peace which emanates from him as fragrance from a flower divine.”

Thank you for accepting me as your disciple, even though I am the most fallen and born with demoniac qualities such as extreme pride, arrogance, conceit, anger, harshness and ignorance. Please forgive my offenses. My only wish is to have my consciousness purified. I wish to continue to be your disciple and eternal servant. Other than that I have no meaning.

Although I feel unable to offer anything pleasing in your service, I do have a strong appreciation of and attachment to your loving guidance. And, although undeserving, I pray that you continue to benedict me with everything I need to develop an intense desire to be purified by your words.

Now, that you are with me in the material world in the most revered form, spaces have opened up inside of me that I never knew existed. The doors to my Mind's Eye and my Heart have opened almost violently. So much so that I have to catch my breath. My only prayer is that I may continue to help you in some small way or some great way, whatever you desire, to continue to spread Krsna consciousness to every fallen conditioned soul.

My relationship with you being of the highest expression of friendship, for it's based on an unconditional divine love and wisdom and is the loftiest and most sacred of all relationships.

You have taught me many lessons in humility. Each time I realize that I need to take a step back, I become angry and embarrassed, but I realize it is necessary. This human body cannot handle such powerful spiritual awakenings all at once.

I hope that I am giving you all that you need from me. I hope that I am doing it the right way.

Your ever-humble servant,

Parashara dasa.

Pavana Nitai Dasa

My Dear Srila Prabhupada,

There is a plethora of unalloyed qualities for living entities to accept you as a Spiritual Master. Out of which, your unalloyed compassion to bring the most fallen and deeply conditioned souls like me and give me an opportunity to serve Sri Sri Radha-Krishna Chandra, gives me a glimpse of your magnanimity.

Before coming to Krishna Consciousness, I wished and searched for broken pieces of glasses but the Lord within my heart is so merciful that He has guided me to a diamond which is more glorious than the diamond that Dhruva-Maharaj got which is your glorious Lotus Feet. This year of calendar will be inched in my heart forever as I officially entered your discipleship.

I have observed that you have shown the naked reality of my existential insignificance and animalistic instincts, so that I may purify under your excellent guidance through my authorities and act on the constitutional level to serve you and your beloved Lordships.

I'm a person who can easily occupy the post below the most conditioned living entity.

You're so glorious that you shower your mercy even on me, the most fallen and vicious amongst all entities.

Srila Prabhupada, day-in and day-out, I'm understanding the hardness and darkness of my mind and heart, by your mercy I have also come to know that the easiest way to clean all the dirt is to chant Hare Krishna with all attention, as a realization.

My dear father, you refer this verse in many of your purports from ŚU 6.23,

yasya deve parā bhaktir yathā deve tathā gurau

tasyaite kathitā hy arthāḥ prakāśante mahātmanaḥ

One who has unflinching devotion for the Supreme Lord and is directed by the spiritual master, in whom he has similar unflinching faith, can see the Supreme Personality of Godhead by revelation.

Prabhupada, I have a desire to follow all your instructions without any deviation but I am unable to follow all of it. I beg at your Lotus feet to constantly train me to discipline my activities in such a way that I can follow your instruction with firmness and determination and exhibit the above verse.

Your Divine Grace, I have done so many mistakes and have fallen again and again just like a toddler, it is by your unbound compassion that you gather me from that broken and fallen condition and help me walk in life towards Sri Sri Gaur-Nitai.

If I had got a chance to ask the Lord a boon, I will beg him to help me make my existence as this verse of Sri Guru-Vandana,

*guru-mukha-padma-vakya, chittete koriya aikya,
ar na koriho mane asha
sri-guru-charane rati, ei se uttama-gati,
je prasade pure sarva asha*

Make the teachings emanating from the lotus mouth of our spiritual master one with your heart, and do not desire anything else. Attachment to his lotus feet is the best way to make spiritual advancement. His mercy fulfills all desires for spiritual perfection.

Humility is the greatest ornament that a Vaishnava like you decorates. I have got a desire to decorate this ornament too. Dear father, it is only by your mercy that I can inherit such a treasure. I beg you to give me more of this ornament so that I'm rich enough to serve all the entities of Lord's creation.

Thank you Srila Prabhupada for all your help, guidance and unconditional love.

May, I someday reciprocate with the equal amount of love by your mercy!

Your most fallen Servant, Pāvana Nitai Dasa

Jai Srila Prabhupada

Please accept my offerings. Since last many years I have never written Vyasa puja offerings.

Due to your blessings today I am in a right path. I have left many bad habits and I am also trying to be a good person. Because of You, today I am able to do devotional service during the festive days of Lord,...and also reading, chanting, etc...and visiting holy places. In unlimited ways, you full fill my all desires in spiritual path. You guided me

in doing sadhana. I don't know how and what to write for Vyasa puja homage. I have no words to thank also. I am not so

perfect in English. Please guide me and give the strength in spiritual progress.

Always help me to do devotional service....in whatever service assigned. Please remove my anger also.

Always bless me..

Prabhakanta Dasa

All glories to Srila Prabhupada on this auspicious Vyasapuja Celebrations.

Dear Prabhupada,

Please continue to shower your mercy upon us. Because of you we are some of the fortunate few.

You are witnessing the growth of ISKCON - all this is because you established a solid foundation. You have provided a true relief for our soul. Your instructions are so important as the time passes by no body will ever forget your instructions. You have inspired me to do more than I think is possible in Krishna Consciousness depending solely on Krishna and Guru and the goodwill of all the vaishnavas.

I am trying to focus on my sadhana as much as possible. I pray at your lotus feet that I can do my sadhana properly. I often think of you and try to meditate on your instructions, regarding each and every matter.

I just beg once again for your mercy that has showered upon me always and aspire to be your faithful servant.

Prabhakanta Dasa

Prahlada Prana Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance's at your divine lotus feet, on this glories day.

“tvam naḥ sandarśito dhātrā, dustaram nistitṛṣatām;

kalim sattva-haram puṁsām, karṇa-dhāra ivārṇavam;”

“We think that we have met Your Goodness by the will of providence, just so that we may accept you as captain of the ship for those who desire to cross the difficult ocean of Kali, which deteriorates all the good qualities of a human being.” (SB-1.1.22)

Your compassion is immeasurable; Dear Srila Prabhupada, you appeared in to this miserable world just to release the suffering beings from this temporary world which is full of miseries {birth, old age, disease and death}, as well as to give freedom from the strong bondage of three modes of material nature, and engage in the loving devotional service un to the Supreme Lord. Your appearance indicates good fortune for the entire universe. Everyone can now very easily understand the nature and form of the Supreme Personality of Godhead by your causeless mercy.

Your sweet will; Your appearance is very essential which reestablish the actual Vedic knowledge; as opposed to the atheistic philosophy which tries to establish that God and the living entities are one and the same. Your appearance, therefore, is not forced like the conditioned soul. By Your sweet will only, You agree to appear. It is our great fortune that we have been able to see Your divine lotus feet every day. Anyone who becomes attached to divine Your lotus feet is automatically elevate to the supreme position of neutrality and is uncontaminated by the material modes of nature.

Your purpose; “A man bound by the hands and feet cannot free himself - he must be helped by a person who is unbound. Because the bound cannot help the bound, the rescuer must be liberated. Therefore, only Lord Kṛṣṇa, or His bona fide representative the spiritual master, can release the conditioned soul. Without such superior help, one cannot be freed from the bondage of material nature.” (BG-ppt).

Top-secret to please the Supreme Lord; “when the pure devotee of the Lord is worshiped and served very nicely, then the Supreme Lord Krishna is more pleased than, when He Himself is nicely worshiped. This gives Him more pleasure, when He sees that His pure devotees are glorified.”

Sādhū-saṅga; everyone in this material world are entangled and bound by the actions and reactions of their own karma. However, when one comes in touch with a pure devotee of the Lord and associates with great saintly person can at once be freed from material desires and from bondage to karma, one is freed from material actions and reactions by the momentary association of a bona fide spiritual master.

Divine instructions; Gurudeva please forgive me for not following your instructions rigidly, which are very simple, and at the same time the most sublime (chant 16 rounds attentively every day, follow the R/R, etc...) nonetheless to follow these instructions especially chanting attentively is very challenging. Every day I am struggling to chant attentively & this inattentive chanting is the root cause for lacking in surrender & growth of unwanted creepers. O master of the entire universe Prabhupada, if you so desire, please bestow your causeless mercy upon this useless soul and keep me always engaged in your service under the guidance of authority, please keep me in the association of your disciples.

Your eternal useless servant, Prahlada Prana Dasa

Prahlada Rakshaka Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances.

I want to thank you for keeping me in Krishna Consciousness in spite of my misgivings. Thank you for giving me the opportunity to visit Mayapur Dham this year. Thank you for molding my life in such a way that I can chant and read, and hence feel blessed on a daily basis. Thank you for fulfilling my desire and giving me the opportunity to read Srimad Bhagvatam. Thank you Prabhupada, for explaining the Bhagavad-gita's slokas and making me realize their imports.

Thank you Srila Prabhupada, for engaging me in Lakshmi contribution service for your movement. Please give me year on year targets which I strive to achieve.

Prabhupada, I want to chant all 16 rounds early in the morning with utmost sincerity, attention and affection. Please guide me. Please give me the strength to follow the four regulative principles in mind, words and action.

Prabhupada, people with karmic consciousness surround me and it affects my consciousness and desires. I beg for your continued protection and blessings. Please protect me from the situations where their desires become mine. Prabhupada, I spend very little time in sadhu-sanga. Please help.

Prabhupada, please bless me with the strong desire, determination and dedication to serve your mission to the best of my abilities.

"Brahmanda bhamite kona bhagyavan jiva guru-krsna-prasade paya bhakti-lata-bija"

"In the course of traversing the universal creation of Brahma, some fortunate soul may receive the seed of bhakti-lata, the creeper of Devotional service. This is all by the grace of guru and Krishna."

I was also loitering, life after life in different species with no idea why I have taken the birth in this material world. Prabhupad it's only by your mercy and Krishna's mercy I got an opportunity to be in touch with ISKCON temple and then I understood the real purpose of my birth and the goal of the human form of life. I always realize that I am very much fortunate to receive real knowledge of the supreme Lord Krishna and his holy name by only your mercy.

The material world is fully attracted to sense objects and maya is so strong it becomes very difficult to overcome the grip of maya but when I have Prabhupad and Lord Krishna's mercy on me it becomes so easy to cross over this material world. Prabhupad as I have started reading your books and chanting Hare Krishna maha mantra I am getting purified day by day and feeling very happy inside. I feel I don't require anything apart from your blessings. Prabhupad please bless me and count me as one among your disciple and always guide me so that I can perform spiritual activities nicely.

I really would like to say THANK YOU very much Prabhupad for your love and care. Please bless me always and help me to grow in spiritual life. Thanks again!!

I am so blessed and fortunate to be a servant of a pure devotee. The transcendental knowledge given by you through your books which is otherwise so difficult to understand is just so simple to understand. Your books and Bhagavatam classes are really like nectar which is so soothing to learn and understand.

I feel very privileged to be in your shelter. I have heard and even witnessed your grandeur on kicking the materialism(Maya). You are a transparent ray of light. Too often though, I feel that I do not take advantage of your generosity and mercy.

I pray that I can leave those dark corners behind and eternally take the shelter that you selflessly offer me.No matter how much ever bad times come in my life, you must give me the intelligence to chant the Holy Name and glorify you. I really owe everything to you.

Please accept my humble obeisances at your lotus feet. All glories to you again and again.

On this most auspicious day, let me try to offer my hearty gratitude. I have no other desire but to serve the lotus feet of my most glorious spiritual master life after life.

I was born in complete darkness. But, by Your great mercy, You have demonstrated and shown us, how to engage ourselves in devotional service of Krishna. This satisfies Guru and Krishna.

Srila Prabhupada, you gave everybody an opportunity to associate with Krishna every moment by chanting His holy name and engaging in His devotional service. You take charge of those devotees who have surrendered themselves completely at Your divine lotus feet.

You will guide and lead them to the final goal – Krishna Prema.

Once again accept my humble obeisances at Your divine lotus feet on this auspicious day and bless this most fallen and insignificant soul.

एक शुद्ध भक्त के जीवन का गुणगान सुनना चाहता हूँ।

लेकिन उनकी करुणा का अनुमान लगा नहीं पाता हूँ।

नाम अभय उनका बचपन में बाद में चरणारविंद जुड़ा।

सत्तर की बर्ष में महापुरुष पाश्चात्य देश की ओर मुड़ा।

जलदूत जहाज पर कृष्ण दूत पाश्चात्य देश को पहुंच गए।

थी नहीं यात्रा बड़ी सरल दो हृदय घात भी अति सहे।

लेकिन उसी रात सपने मे देखी उन्होंने विचित्र बात।

दसों अवतार जलदूत खींच रहे रखे कृष्ण थे सिर पे हाथ।

कृष्ण बोले हे प्रिय तात निश्चित सफल तुम होओगे।

इस जगत के कल्मष को हरिनाम गंगा से धोओगे ।
मेरे नाम के महामंत्र से भक्ति का बीज तुम बोओगे ।
इस दुनिया को कृष्ण भावनामृत की माला में पिरोओगे ।

इसके बाद श्रील प्रभुपाद धरे पैर उस धरती पर ।
की कृपा अपने चरणों से पाप बोझ से मरती पर ।
देशों के कोने कोने में हरिनाम का कोलाहल मचा ।
भक्तिवेदांत स्वामी ने यह अद्भुत इतिहास रचा ।

मिट्टा दिया इस दुनिया से निराकार विपत्ति भारी को ।
स्थापित किया परम सत्य चक्र सुदर्शन धारी को ।
की स्थापना अंतर्राष्ट्रीय कृष्ण भावनामृत संघ की ।
धूर्त गुरुओं की प्रतिष्ठा प्रभुपाद आपने भंग की ।

हा दंग की सारी दुनिया हरिनाम के प्रचार से ।
बचा लिया त्रस्त लोगों को तुमने माया की मार से ।
हा भार से मुक्त की धरती शास्त्रों के आधार से ।
शास्वत धर्म स्थापित हो गया प्रभुपाद की हुंकार से ।

हरे कृष्ण आंदोलन आग की तरह था फैल रहा ।
जैसा महाप्रभु किये घोषणा नग्रादि ग्राम था हो रहा ।
ऐसी नाजुक हालत में प्रभुपाद जगत को छोड़ दिए ।
अपनी आध्यात्मिक यात्रा को गोलोक वृन्दावन मोड़ दिए ।

उन्हें अंतर्धान होने के बाद काले बदल छा गए ।
कुछ शिष्य बनके काली चेला संस्था को नोच के खा गए ।
हा बहा गए मिट्टी में सब पूजा की लहरों में समा गए ।
लेकर पदवी गुरु की वो संघ पर कहर है ढा गए ।

श्रील प्रभुपाद ने किसी शिष्य को गुरु नहीं बनाया था ।
लेकिन किया विरोध जिसने भी उसको बहुत सताया था ।
सुलोचन दास नामक भक्त को प्राणों से मरवाया था ।

प्रभुपाद के अनुयायियों को इस्कॉन से भगाया था।

लेकिन दो दसक बाद सच कुछ भक्तों को पता चला।
किन्तु चुनिंदा भक्त थे वो कर सकते थे क्या भला।
फिर भी उन्होंने प्रभुपाद को समर्पण करने की ठानी।
विरोध किया झूठे गुरुओं ने किन्तु बात उन्होंने न मानी।

साम-दाम और दंड भेद से गुरुओं ने मनमाने की ठानी।
क्यूंकि उन झूठे गुरुओं की प्रतिष्ठा को थी हानि।
लेकिन भक्त अडिग रहे प्रचंड अत्याचार सहे।
किन्तु अपराध करने वाले कृष्णभावनामृत में नहीं रहे।

इतना होने के बावजूद भी सच अभी नहीं उगले है।
जो करते ईर्ष्या प्रभुपाद से वो हंस वेष में वगुले है।
हा डोंगी है वो गुरु नहीं उद्धार नहीं कर सकते है।
करके अवज्ञा प्रभुपाद की वो गुरु कैसे हो सकते है।

दो दसको के समय काल से संघर्ष अभी भी जारी है।
इन चुनिंदा भक्तों ने आंदोलन को दी चिंगारी है।
फिर से दुनिया में हरिनाम की आग फैलने बारी है।
एक इस्कॉन बैंगलोर सब झूठे गुरुओं पे भारी है।

यदि अनुसरण करेंगे प्रभुपाद को तो निश्चित जीत हमारी है
मै राधा विनोद दास सभी भक्तों का बहुत आभारी हूँ।
उनकी असीम कृपा से आश्रम में ब्रह्मचारी हूँ।
और प्रभुपाद के आंदोलन में एक आंदोलनकारी हूँ।

Dear Srila Prabhupada,

Please accept my humble obeisances at your Divine lotus feet.

Shrila Prabhupada,

You are the empowered deliverer of Gaura-vani. From within the Lord's inner circle, you have been specially sent to deliver this greatest blessing in abundance. Your appearance in this world is the fulfilment of Shrila Bhaktivinoda Thakura's vision—as well as the expressed desire of the latter's glorious son, Shrila Bhaktisiddhanta Sarasvati Thakura—that foresaw this great flood of mercy inundate the whole world. You were indeed specifically chosen to be the greatest ever channel of this divine flood of Gaura-kripa and Gaura-vaṇi. Having spent your entire life deeply absorbed in pure devotion to guru and Krishna, you were thus able to deeply realize the sublime truth of Krishna bhakti as revealed to the world by Shri Caitanya Mahaprabhu and His empowered followers. You thus spent the entire of your life's energy in sharing these greatest truth for the upliftment of all mankind. One may wonder what the secret of your amazing success was. As in all such matters, the key is also contained in your empowered books, wherein you often quoted the verse “yasya deve para bhaktir,” that all the truths of transcendental life are fully revealed only to those who has got implicit faith in guru and the shastra. We can readily observe in your own life how perfect was your own faith in your Spiritual master's every word. As you told some of your own disciples, “Because I was very eager to hear the divine message from my Spiritual master, so now I am also very eager to speak these same truth.” Having been repeatedly instructed by your great teacher to spread the sublime message of Mahaprabhu to the English-speaking world, you made that instruction your heart and soul, your life's only mission. Nourished by your unconditional faith, you were able to draw from your inconceivable devotion to fully carry out this divine order and eventually spread Krishna bhakti on an unprecedented scale worldwide. In the process, you also attracted thousands of dedicated disciples. Safe under your enlightened guidance, they also shared in your faith and preaching potency to most effectively transmit the yugadharma of harinama to countless others. When you sat down under the tree in New York's Tompkins Square Park to chant for the pleasure of your great masters, your pure love for the holy name began to work miracles into the hearts of your listeners. And your potent kirtanas and classes continue to really change so many other sincere hearts. Such are the glories of the pure Gaura-vani so abundantly flowing from your heart and lips.

And may we all continue to pray that we can somehow assist you to deliver this divine flood of mercy and help spread this greatest blessing to the whole world.

All glories to Shrila Prabhupada!

Your Humble Servant

Raghava Pandit Dasa

Raghukula Nandana Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories unto your lotus feet.

Scriptures mention extensively about the role of a Spiritual Master in delivering the disciple from the clutches of this material world. On this most auspicious day of your appearance, I am just attempting to glorify you with my limited knowledge.

As we hear from Bhakti Rasamrita Sindhu by Rupa Gosvami that there are 26 qualities of a pure devotee and you demonstrated all these qualities to its fullest extent when you were physically present on the planet. One among

these qualities which catches my attention is that you are an ocean of compassion for the fallen conditioned souls who are all engaged within this body. People are completely engrossed in this material world in their own selfish enjoyment and Maya has kept them busy in the illusory enjoyment. Sometimes I wonder how your mercy has fallen on me and reflect upon but I don't trace any reason and it is only a causeless mercy.

Prabhupada, you are constantly encouraging your disciples to spread Krishna Consciousness far and wide due to compassion bubbling in your heart to take back the suffering conditioned souls to our eternal father Lord Krishna. Very few souls are actually interested in their spiritual progress and among those who are interested most of them will take shelter of self-proclaimed gurus. So it's very rare to come in touch with a pure devotee like you. The compassion was evident in a letter to Dayananda, Nandarani, Uddhava :

Letter to: Dayananda, Nandarani, Uddhava

Delhi 20 September, 1967

My dear Dayananda, Nandarani and Uddhavadas,

Please accept my blessings. I am in due receipt of your letter post dated the 8th instant and I am very glad to note the contents. I was very much anxious to get the new address of our new center in Los Angeles and now I am pleased that our desire is fulfilled by the Grace of Lord Krishna. Your specific duty is to chant and hear the transcendental Name of the Lord, read some passages from my English version of the Srimad-Bhagavatam and Srimad Bhagavad-gita (Gitopanisad) and explain them as far as possible you have heard from me. Any devotee who has developed genuine Love for Krishna can also explain the truth about Krishna because Krishna helps such sincere devotee seated in his heart. Every one must be frustrated who is not Krishna conscious because the eternal relationship with Krishna is so nice. That eternal relationship with Krishna can be revived simply by chanting His Holy Name in right earnest.

I understand from your letter that the situation in Los Angeles is different from San Francisco or New York, in the matter of communications. But the flavor of Krishna consciousness is so far-reaching that it will go far and wide if we chant with devotion. After all Krishna is the master of all situations. In the beginning you may feel some difficulty but rest assured that Krishna is always with you and he will help you in all respects.

I understand also that you are very much anxious for my return to your country and I am also equally anxious to return and see you again. So far my health is concerned I am definitely improving in my health but if I work a little hard or walk a little more I feel tired. Unfortunately there is no good typewriter here and this letter I am typing myself. Acyutananda is not fast typewriter and Kirtanananda is going back to London tomorrow. I have advised him to start a centre in London positively and after a month Rayarama will join him from Boston. Kirtanananda has experience to start a new centre and therefore I have entrusted him with this great task. I hope he will be successful there as I have given him one important letter of introduction for London. Please pray to the Lord that he may be successful. I have heard from friends that the climate of Los Angeles is warmer. For my health I require warmer climate. Whatever improvement is made here in the matter of my health it is all due to warm climate. As such I shall be pleased to know about Los Angeles with special reference to its climatic conditions.

Encouragement to the dead souls in the western countries is to inform them that God is not dead. He is not only alive but also we can go and live with Him face to face. The Bhagavad-gita gives us this specific information and one who goes there in the Kingdom of God would never come back to this miserable material world. There is no need of artificial talents. One has to serve Krishna sincerely with whatsoever talent one may have. Guidance of the Spiritual Master and sincere service to the Lord will give us all strength in the science of Krishna.

The Tiloks on the forehead and other parts of the body are symbolic representation of Radha Krishna Temples. In other words by marking Tiloks on all parts of our body we become protected by the Lord from all sides. Besides Tilok marking at once makes one known as Vaisnavas therefore they are necessary as much as the beads. Hope you are well and shall be glad to hear from you.

Yours ever well wisher

A.C. Bhaktivedanta Swami

Please bless me to carry a small portion of compassion and spread your teachings within my limits. Thanks for giving me an opportunity to spread your teachings in Gulf countries. Please bless me to always remember and strictly follow your instructions.

Dear Srila Prabhupada, Please Accept my Humble Obeisances

Based on ones karma, one gets birth accordingly, all money, good family, health, skills, intelligence, but getting in touch with a Pure Devotee of the Lord is the greatest Gift for anyone

One of the Qualities of a Pure Devotee is he is very Simple, I was amazed by seeing a picture of you sleeping on bare ground below a tree, that too after having thousands of disciples around the world in a span of 10years & having billions of rupees worth temples, a feat that is impossible to achieve for ordinary human beings

In the Past times of Krishna we can see that there where powerful Warriors like Arjuna, Bhima etc, who has been empowered by the Lord, by which they could do herculean tasks. By Krishna's Grace Arjuna could burn Khandava Forest single handedly in which he had to face oppositions from demigods, nagas, ghosts , demons etc & in the Battle of Virata Arjuna defeated all the Kaurava warriors single handedly,

Pure devotee of Lord like Arjuna did not claim the credit for himself. After Krishna left the world Arjuna mentions to Yudhishtra Maharaj that its only because of Krishna's Grace he could conquer various warriors in the battle field of Kurukshetra,

In Kaliyuga when Lord himself came as Chaitanya Mahaprabhu, his weapon was Hare Krishna Mahamantra, & Lord Chaitanya flooded various parts of India with Hari Kirtana, & with the same weapon You defeated Scientists, Atheists, Hippies & Hard core Karmis around the world & established hundreds of Temples, Gurukuls etc in various parts of this world,& you never took the credit, rather you always glorified & gave all credit to your Spiritual Master & Lord No wonder like Arjuna or Bhima or other pure devotees of the Lord like Uddhava you are also one of the confidential Servant of Lord Krishna Your teachings defeat not just scientists, mayavadis & other philosophers but even moralists, modern management gurus, positive thinkers etc

A management guru who talks about Positive thinking will defer from his teachings once life starts going tough for him, he cannot say be positive & continue your work if he faces from bad health, if he runs out of money, if his subordinates are not well qualified & behaved etc, but your Divine Grace facing extremely Poor health, having little money, having people untrained in brahminical culture & people having inhuman habits & at the age of 70 plus, single handedly established ISKCON, you proved that only through Krishna Consciousness one can really think positively & become successful

I should admit the fact that in spite of taking initiation from you, in spite of knowing that following the instructions of a pure devotee like you , then only one can stop this cycle of birth & death etc, I still am not seriously following most of your instructions, when I faced various difficulties in being in Krishna Consciousness, you helped me in different ways, which I could not even imagine, so by following your instructions sincerely anyone can be in Krishna Consciousness & cross this ocean of birth & death.

I humbly Request you to make me your Eternal Servant, for which I am not qualified.

Dear Srila Prabhupada,

Please accept my humble obeisance.

Thank you for adding one more colorful Krishna conscious year into my life. By your mercy, it was filled with lot of realizations and revelations which have increased my faith in your instructions, though I am failing to execute them to the best, due to my rebellious nature.

Scriptures say that, faith is the first requirement to begin devotional service. But everyone is not fortunate enough to make this valuable investment of faith, in the right place, that's devotional service.

Srila Prabhupada, I feel very fortunate to be one among those, who have, only because of your causeless mercy, put faith in the right place (kono bhagyavan jiva).

As It's said in the scriptures, all the living entities, by nature, want to be happy and hence are searching for happiness. Being averse to Krishna, the conditioned soul, with false hope, puts faith in the wrong place for want of happiness and considers false things to be truth. In Srimad Bhagavatam you have mentioned

"prasaktam asatam pathi"

The mind is always attracted by asat, the temporary, material existence. Because we have been associated with material nature since time immemorial, we have become accustomed to our attachment to this temporary material nature."

This accustomed behaviour of the mind, of getting attracted to asat, can be changed to getting attracted to Hari bhajana, only by the causeless mercy of pure devotee spiritual master like Your Divine Grace. Service to your lotus feet is the formula mentioned in the scriptures to develop taste for Hari katha. This service opportunity, you have wonderfully incorporated in your divine organization.

Kindly see that, this faith in your divine instructions, keeps growing, which helps me to grow in devotional service and serve your divine mission with great attachment.

Your servant Rama Raghava Dasa

Rama Sevaka Dasa

Dear Srila Prabhupada,

Please accept my respectful and humble obeisances.

This year by your grace I am an initiated disciple of yours. I was initiated on his Divine Grace Bhakti siddhantha Saraswathi Thakur's appearance day on Feb 5th, 2018 by Your Divine Grace.

Prabhupada, deep inside my heart I know very well that I am not at all qualified to be your disciple. But by your unlimited compassion and mercy, you have accepted me as your disciple. For this I am eternally indebted to you. I know that I can never repay you and the only way to repay you is to surrender and dedicate my life to your divine mission in spreading Krishna Consciousness to entire world.

Prabhupada, every time I go away from Krishna Consciousness, you have brought me much closer, this year, one of the most important realization for me was "Importance of Association with devotees". I had taken association

of devotees for granted. It is practically very difficult to follow the principles of Krishna consciousness without association of devotees. I had chosen to practice Krishna Consciousness individually by not associating with devotees much, that was my concoction. This mental concoction literally demotivated me to advance in spiritual life. However, Prabhupada! after my initiation, I have opened my heart to my FOLK Guide. I regret hiding my personal things for a long time, somehow, I gathered courage to open-up since prabhu was guiding me very sincerely to advance in spiritual life.

Prabhupada, you have setup such a nice family where every devotee can advance in spiritual life by taking up proper guidance. Here at ISKCON Bangalore we have devotees like His Grace MPP, CPP, from whom I experience fatherly affection. They are guiding me directly and indirectly how to surrender to Krishna.

Prabhupada, I know it's very challenging for me to start a grihastha life without practicing brahmacharya, but with association of devotees and by your guidance through books and devotees, I shall be able to serve Krishna without desiring for any personal benefit. Prabhupada, please guide me in such a way that I don't concoct more. Please guide me in such a way that I accept your instructions without analysis and results. To avoid this mental concoction, I have decided to move close to temple where I can improve my spiritual strength everyday by attending morning sadhana and by associating with devotees most of the time. Please always keep me in the association of devotees by engaging in some or other service to Krishna.

Prabhupada! Please make me addicted to your books. I don't spend quality time in reading your books. I beg you to please somehow or other make me to allocate a quality time in studying your books. Your Divine Grace has worked so hard to write the books for the benefit of mankind, but I am taking them for granted and not reading them thoroughly. Prabhupada! It is very easy to serve Krishna with the right service attitude, but it is very difficult to serve the servants of Krishna, because of my so many anarthas like false ego, pride, etc. I beg you to make me serve the servants of servants of Krishna so that all these anarthas will go away from my heart.

Prabhupada, please guide me in such a way that I avoid offences while chanting Hare Krishna maha mantra. Sometimes I take the sadhana and many aspects of spiritual life for granted. Please teach me lessons accordingly to take every aspect of Krishna conscious life very seriously.

Prabhupada, as every year I do, this year too I am begging you to please grant permission to visit the holy land of Vrindavan. Since you are very dear to Their Lordships Radha and Krishna, and since without Srimati Radharani's mercy no one can enter Vrindavan Dham. If you bestow your mercy, then I can easily come and relish the Holy Dham with your devotees. Please allow this most fallen soul to smear the dust of the holy Dham.

Yours servant of servants, Rama Sevaka Dasa

Hare Krishna Prabhupada

Please Accept my Humble Obeisances

All Glories to Srila Prabhupada

Thank You, Srila Prabhupada for giving an opportunity to serve your mission. But I am not able to serve upto my strength, due to certain unavoidable circumstances, which is creating anxiety in my mind. Please give the strength to over come them.

Kindly give your causeless mercy to do devotional service, chanting my rounds and do other temple activities.

At present I am employed at Fund raising dept and trying to preach to the donors about the importance of Krishna Consciousness. Please show us the way to connect to the people and provide the platform for them to take Krishna Consciousness seriously.

Kindly pardon me due to certain failures in my sadhana and envious nature of my mind towards others. I beg your pardon for the aparadhas and kindly remove all the anarthas which are the major obstacles in progressive Krishna consciousness.

Your ever lasting servant,

Ramanisha Dasa

Ramapriya Devi Dasi

Dear Srila Prabhupada,

Please accept my humble obeisance unto the dust of Your lotus feet. All glories to You, the saviour of the whole world.

By Your causeless mercy, You have taught all of us the purpose of this very rare human life - Utilizing this life to go back to Godhead because it is only in this human form of life that we are endowed with the consciousness to understand who I am, who is God and what is my relationship with God. A conditioned soul in this world who is repeatedly tumbled by maya has to be instilled by the Supersoul from within to enquire the purpose of human life; and from without the instructions for the same are given by a pure devotee spiritual master like Your Divine Grace.

Srila Prabhupada, You wanted all of us to go back to Godhead after this very life itself and not to wait for another life. You have not only given us the purpose but also the process for achieving that purpose. It is only a pure devotee like Your Divine Grace who can make adjustments to the process (gauna) without compromising the principles (mukhya). The Process of chanting, dancing, taking Krishna Prasadam, hearing Srimad Bhagavatam and then go back home, back to Godhead – this is simple and sublime. I simply marvel at this expert arrangement that You have made for all of us by creating a worldwide movement.

Please forgive me for all my offenses committed knowingly / unknowingly. I beg to be always engaged in the service of Your devotees. You are very merciful and I beg to continue receiving Your mercy, although I don't deserve it.

Your humble servant,

Ramapriya Devi Dasi.

Dear Srila Prabhupada,

Please accept my humble obeisances onto your lotus feet

All glories to you

It's been 2 years and 4 months, I have been staying in ashram. It is by your causeless mercy that even a fallen soul like me has been accommodated in brahmachari ashram. Dear Prabhupada, I pray to your lotus feet to always keep me under your shelter and guide me towards the path of spiritual advancement.

Nowadays I am serving as a Fund Raiser @ISKCON Bangalore. By your blessings, I am doing well and seek more glances of your's on me to serve you better. Please bless me to keep up my promise which I gave you on the day of my initiation. By your grace, I may get second initiation in the month of August. I need your causeless mercy upon me to strictly follow your instructions.

I know you are ocean of Mercy and the savior of fallen souls. Please protect me from this material entanglements and place me as a particle of dust at your lotus feet.

Dear Srila Prabhupada, please give me tenacity to follow the regulative principles and let my effort not be the final nail in the coffin.

Dear Srila Prabhupada,

Please accept my humble obeisances unto Your Lotus Feet.

You guided me into ISKCON through your books and have inspired me in so many ways. Krishna Consciousness is ever blissful irrespective of the external material situations.

I have lost the wholesome opportunity to serve you in the association of devotees due to my ignorant acts. I deeply miss the kirtans, prasadam, special associations, festival services, preaching adventures and so many things.

“Even if one commits the most abominable action, if he is engaged in devotional service he is to be considered saintly because he is properly situated in his determination”.

This verse has given me immense hope to stick on to your movement in spite of all odds. Srila Prabhupada, you are using these situations to revamp my spiritual life, for you know what is best for me.

My authorities have been very compassionate and guiding me in my spiritual growth.

Srila Prabhupada, Aradhana and I, have intense desire to serve you. Hence, I beg you to always keep us busy in your mission.

I am trying to be your worthy disciple and eager to have your divine reciprocations.

Please forgive me for all my shortcomings & protect me from the snare of Maya.

I take shelter of Your Lotus feet.

Dear Srila Prabhupada

“Jagad Guru of the world”

Please accept my prostrated obeisances at your lotus feet.

It's been a decade and half in your movement; it still feels I joined yesterday in your movement. It's your causeless mercy that you have bestowed your Valuable blessings upon this unworthy servant of yours. Please accept this insignificant offering at your lotus feet. As a kid I would see your picture on my teacher's Bhagavad gita and think who is this great man? Is he a freedom fighter? Indeed you are the Real Freedom Fighter. Your grace has been

guiding me in all my circumstances whenever my mind wanders on sense objects and becomes restless. Your valuable quotes hit my mind as a sword of knowledge. By your mercy I'm able to complete my 16 rounds of japa everyday and read your books. I am just a small fish in this big ocean of devotional service. His grace has been personally helping me by giving guidance through Senior Vaishnava's, devotees, quotes, books. I'm a mad man please don't leave my hand at any part of life. Thinking Everyday as my last day I try to do my service at the best, still I commit so many blunders in my tasks. Please help me to be your eternal servant life after life. Till my last breath of my life I should be engaged in the service of guru and Krishna.

We all are searching for happiness in this material world. Who is a spiritual master? A person who can direct us towards real happiness. This year I want to glorify your quality of tri-kala-jnana: who knows past, present, future! Once upon a time in Mumbai there was a small innocent boy who was thief by profession so he saw in a news paper SP wearing a Rolex watch which is very costly so He wanted to steal...

He inquired with his resources and got to know he will be available in Iskcon temple. He went to temple started asking about Srila Prabhupada to devotee later he was guided to the temple president of the temple. The temple president said Srila Prabhupada has gone to a different country. He will return soon to India, the boy had strong desire to possess that watch, so he stayed back in the temple stating I will be here in temple until Srila Prabhupada comes back to India. Slowly he started following all the standards of Iskcon, his head was shaven. He started chanting, honoring Prasad attending Kirtan and so on. But everyday he was driven by the strong desire of possessing the Rolex watch. He always inquired with the temple president and he got to know from devotees that Srila Prabhupada is coming for pandal program. So he threatened president and he got a ticket to go to the pandal program. There he sat along with devotees. Just by seeing Srila Prabhupada his heart was transformed. Srila Prabhupada glanced at this small boy who was sitting along with his western disciples. The boy came upon the stage to offer his respects to Prabhupada. He removed his Rolex watch gave it to boy's hand. Boy denied but Prabhupada insisted to keep the watch. That devotee's name was Hari Dasa who went on to become director of Srila Prabhupada autobiography. In this pastime one more quality is glorified which is Power of association

'sādhū-saṅga', 'sādhū-saṅga'—sarva-sastre kaya

lava-mātra sādhu-saṅge sarva-siddhi haya

The verdict of all revealed scriptures is that by even a moment's association with a pure devotee, one can attain all success.

You have bestowed me with your most pleasing service Book distribution. It's a wonderful journey of my life. Where in I meet thousands of different kind of people. There are many instances in this journey. One such event was we went to fish exhibition event. I never had a hope doing good book distribution in such event but I always prayed to Srila Prabhupada. We sold around thirty thousands of Srila Prabhupada's book in a single day. It was your mercy which helped us to do such miracles. Please keep me under your shelter eternally. Please give me strength to follow your instructions sincerely and strictly.

Dear Srila Prabhupada,

Please accept my humble obeisance at your lotus feet. All glories to you, Srila Prabhupada!

My dear spiritual master, with your causeless mercy you have accepted me as your disciple, I do not have any qualification I was living a life of animal -simply eating, sleeping, defending, and mating. You have enlightened me with your instructions, It's your causeless mercy that you have showed me who I am, what is the purpose of my life and greatness of spiritual master with your own example even though you are eternally liberated servant of Krishna directly coming from Goloka.

Your Divine Grace said that when the spiritual master accepts disciple, it means he has taken responsibility of delivering his disciple, even if disciple deviates from the path, spiritual master will appear to deliver him. You also said that the spiritual master is real father who takes care of his disciple. This enlightened me about the real relationship of a disciple with the spiritual master.

I heard conversation of your Divine Grace instructing one of your disciples, what is the duty of a disciple "Disciple is the one who takes anxiety for his spiritual master" Your Divine Grace was weeping near Advaita Acharya's house to serve the mission of Bhakti Siddhanta Saraswati Thakur. After hearing this incident, my eyes were filled with tears since I'm still living a life like an animal without serving your mission, with my life which you have given. Still I'm working materially like a rascal, please cast your merciful glance on me so that I can serve you with my life very soon.

I remember a few instances from your life, that my god brother was sharing.

Prabhupada: [after seeing a golf player playing in the early morning] so much energy he is spending in the early morning. If he diverts same towards Krishna, his life will be successful. [Your Divine Grace was so compassionate on the golf player that tears were coming from your eyes out of compassion]

You once said: Chant loudly. Who told plants, animals, creatures can't hear? Even if they hear unintentionally they will get benefit, you will also get benefitted.

In another instance your Divine Grace said "If you can't even achieve 30 percent of success in your devotional life just hold on my dhoti I will take you to Goloka I have back door key"

Your Divine Grace is so merciful, compassionate to everyone, my only desire is to serve your mission with my life and soul. In this fallen age of Kali you have given the most glorious holy name of Krishna to the entire world. Your Divine Grace is the commander-in-chief of Chaitanya Mahāprabhu's movement. Out of compassion you have given us books, lectures, instructions, association, temple, etc. Please accept me as your servant. Please empower me to follow your instructions life after life eternally and also to serve your movement and your lotus feet eternally wherever I be, life after life.

Aspiring to serve your lotus feet,

Oh My Dear All Merciful Spiritual Master Srila Prabhupada,

Please accept my humble obeisances at your divine lotus feet. All glories on to you.

In a forest fire all the animals are confused. They do not know where to go to save their lives. Similarly the whole world is suffering in the fire of one's own sinful activities. They are confused where to take shelter. Sometimes the

shelter looks promising, but the end is disappointing. When the people lost hope of survival from this fire and surrounded by the darkness created by the smoke, YOU have appeared just like a brilliant sun with cloud full of mercy to extinguish the blazing fire.

guravo bahavaḥ santi vittāpahārakah

taṁ tu guruṁ na paśyāmi śiṣya-santā-pahārakah

"There are many gurus. They are very expert in plundering disciples' money, but it is very difficult to find out a guru who can take out all the anxieties of the disciple."

Śiṣya santa-pahārakah. Guru is meant for taking away the santāpa. The whole world could feel their fire in the heart being extinguished when they took shelter under your glorious lotus feet. How is this possible?

samantāt santāpodgama-viṣama-saṁsāra-saraṇī-

praṇītām te tṛṣṇāṁ haratu hari-līlā-śikhariṇī

The pastimes of the Supreme Personality of Godhead are like śikhariṇī, a blend of yogurt and sugar candy. The pastimes of Śrī Kṛṣṇa reduce the miseries existing in the material world and nullify all unwanted desires.

Satadhnva after learning that Lord Krishna is back in Dwaraka wanted to hide from Lord Krishna. He knows that he will be killed. He tried taking shelter under Krtavarma and Akrura. Both denied the shelter but they have explained the position of Lord Krishna. Owing to his very sinful heart, he could not understand position of Lord Krishna and surrender unto Him. Similarly people of the whole world could not surrender in spite of hearing about Krishna owing to blazing fire in their hearts.

King Rahugana could not understand the words of Jaḍa Bharata. Saintly people like Jaḍa Bharata do not speak ordinary words. The listener must also be advanced to understand the words of such exalted, spiritually advanced people as Jaḍa Bharata. Bhagavad-gītā was spoken to Arjuna, because Arjuna happened to be a great devotee and confidential friend. Similarly, great personalities also speak to the advanced, not to śūdras, vaiśyas, women or unintelligent men. You mentioned that "the general mass of people, although śūdras and less, can be purified by chanting Hare Kṛṣṇa mantra. Then they can understand the exalted philosophical statements of Bhagavad-gītā and Śrīmad-Bhāgavatam. Materialistic people like strī, śūdra and dvija-bandhu cannot understand words of spiritual advancement, yet one can take to the shelter of a Vaiṣṇava, for he knows the art of enlightening even śūdras in the highly elevated subject matter spoken in Bhagavad-gītā and Śrīmad-Bhāgavatam". You have mercifully facilitated an opportunity to all to come out of the blazing fire through your Hare Krishna movement. How shall I take shelter of one more merciful than he who bestowed me the way out of this blazing fire although my heart filled with all contaminations? All glories unto you Srila Prabhupada.

Dear Srila Prabhupada,

Please accept my humble obeisance at your divine Lotus feet.

It is by your mercy that an unqualified person like me has been able to take up Devotional service. It's by your mercy that I am able to see and realize a little that this material world is dukalayam ashswatam. The knowledge of the Absolute Truth which is very difficult to understand even by the high intellects has been simplified by you. You have given us lot of programs through your ISKCON, that has helped us to follow the instructions of the Supreme Lord and advance towards loving him.

With your most simple yet authoritative explanation of the Bhagavad-Gita and Srimad-Bhagvatam, You have driven away all the confusions (such as impersonalism, voidism etc..) that are there in our minds.

The materialist work so hard just for the maintenance of the body, you have shown us how to dovetail this attitude in the service of the Lord by your own example. You have sacrificed your entire life for our real benefit. Your compassion towards us is immense. But I am so unfortunate that I am not taking any serious step to take that benefit. As said by Rupa Goswami that, by having unflinching faith on the spiritual master and Krsna, everything becomes revealed very easily (NOD: chapter 7)

It is seen that the devotees who have unflinching faith on you have done wonders in their services. Please help me to develop such an attitude.

“yasya prasādād bhagavat-prasādo, yasyāprasādān na na gatiḥ kuto 'pi”

By your mercy one can receive the mercy of the Krsna. And without your grace one cannot make any advancement. It's seen that just by trying to please you sincerely many devotees have experienced wonders in their lives.

Let my only desire be to follow your instructions as life and soul.

Your servant

I was born in the darkest ignorance, and my spiritual master opened my eyes with the torch of knowledge

Dear Srila Prabhupad you have shown me the light but, I am still remaining in darkness. Initially when I used to read your purports, I used to feel how long they are but, truly your purports show how much in depth you were connected to Krishna and relished each word of the sloka. No one can write with so much involvement unless one is blessed by the Supreme Personality of Godhead Krishna. You are shakti avesha incarnation of the Lord. Only you can save me from this miserable life. Books which you wrote at elderly age of 70 and 80s just to benefit me, I am feeling difficulty in even reading them, I am not able to chant the holy names with attention, please

completely destroy my false ego and place me under your lotus feet. Please don't leave my hand only by your mercy only I can get rid of all anarthas. I just want to catch hold of your lotus feet, I may leave it, but you please kick me or do whatever you want but always keep your lotus feet on my head and protect me.

I also request all the devotees present here forgive me for my offences. Jai Srila Prabhupada.

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet. All Glories to Your Divine Grace!

On this occasion of your Divine appearance day, I thank Your Divine Grace for accepting me as your formally initiated disciple.

Before coming in touch with Your Divine Grace and even in my initial days of Krishna consciousness, I was foolish enough to hold on to these strong convictions:

1. Human means to enjoy sense gratification!
2. I thought that if any one took to Krishna consciousness, he's a big loser!
3. I was thinking that if I took to Krishna Consciousness, then I need to sacrifice everything!
4. I was thinking that I need to satisfy everyone in this world!
5. I was thinking that my existence in this material world is eternal!!

But Prabhupada, through your Divine instructions, you have removed my deep rooted ignorance and have changed my life forever! You taught me that:

1. Yes life means to enjoy sense gratification, but not for our own senses it should be for Krishna's senses.
2. Yes, Krishna consciousness means to loose taste for sinful activities: meat eating, intoxication, gambling and illicit sex.
3. Yes, we need to sacrifice our lording over tendency and serve the Lord for our ultimate gain.
4. Yes, if I endeavour to satisfy Krishna, then everyone will be satisfied. I don't have to try satisfying everyone separately.
5. No! Spiritual world is eternal. Material world is just 1/4th of the entire existence and only fools would like to remain in this prison house!

Thank you, Srila Prabhupada and please bless me with more and more service opportunities in your mission.

Dear Srila Prabhupada,

om ajñāna-timirāndhasya jñānāñjana-śalākayā cakṣur unmilitam yena tasmai śrī-gurave namaḥ

I offer my most respectful obeisances unto my Spiritual Master, His Divine Grace A.C. Bhaktivedanta Swami Prabhupada, who has opened my eyes with the torchlight of knowledge when I was standing in the darkness of ignorance. This ignorance is forgetfulness of Krishna, and by the grace of Srila Prabhupada this ignorance dispelled.

Dear Srila Prabhupada my fortune started in this material world after I come in touch with you. You explained what my actual function is, “doing service to Lord Krishna and to his devotees”. My service to Krishna started the day I started serving you. “From the personal example of Śrī Nārada Muni in his previous birth, it is clear that the service of the Lord begins with the service of the Lord's bona fide servants. The Lord says that the service of His servants is greater than His personal service. “Purport SB – 1.5.23. By your mercy I am able to learn science of devotional service which is very rare to get in this material world that too in Kali yuga where irreligion and bogus gurus are prominent.

Dear Prabhupada, your compassion, love and care for all the jivas shows that you are not the person from this world. As you told, you are present through ISKCON institution and authority system you setup. It is unbelievable to me to see your presence in my life. Only qualification to see your presence in every act of my life is be serious and sincere to follow your instructions and authority.

I always feel after reading your books I am less fruitive, less greedy and less in other qualities of material nature. I am very confident that by reading your books, anyone can understand what pure devotional service is. I feel if anybody wants render pure devotional service, only way is they should read your books and just follow your instructions. Most of the time, I couldn't understand the translations but only your purports show actual understanding. Dear Prabhupada, you translated and wrote purports for parampara books and typing the same at midnight. This hard work you did to save all of us from material entanglement.

By hearing lectures of your sincere disciple HG Madhupandit prabhu, I have corrected my personality as per Vaiṣṇava qualities. I thank you for giving his association to me. Prabhupada, I am not enthusiastic as before due to health issues. Kindly give your mercy for maintain enthusiasm to do service.

“It is the spiritual master who delivers the disciple from the clutches of māyā by initiating him into the chanting of the Hare Kṛṣṇa mahā-mantra. In this way a sleeping human being can revive his consciousness by chanting Hare Kṛṣṇa, Hare Kṛṣṇa, Kṛṣṇa Kṛṣṇa, Hare Hare/ Hare Rāma, Hare Rāma, Rāma Rāma, Hare Hare.” Purport-CC Madhya Lila 9.61. Dear Prabhupada please give me strength to chant Hare Krishna mantra without offenses.

sakale sammāna korite śakati, deho' nātha! jathājatha

tabe to' gāibo, hari-nāma-sukhe, aparādha ha 'be hata

O lord and master! Please invest me with the power to honor all living beings properly. Only then will I sing the holy name in great ecstasy, free of offenses.

Dear Srila Prabhupada on this auspicious day of your appearance in this material world, I beg at your lotus feet, please give me strength for continue my service to your instructions and be a part of your mission to spread the Holy Name to everyone. I am eternally indebted to you for your causeless mercy showed upon me. Please always engage me in your service. I also beg for forgiveness for committing aparadhas at your lotus feet and at your loving disciples.

Servant of your servant, Sanatana Govinda Dasa

Sanjaya Krishna Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances unto your lotus feet on this auspicious day of your divine appearance .

The year gone by was a year of great struggle. The year was marked with perplexities and problems. What otherwise is a smooth process - or not a difficult one - for others was laden with all sorts of problems at every stage of the process when we went through it. It was a process to make an asset for ourselves which is considered as life's achievement in the material realm.

Though we had to face varied problems and difficulties which normally do not happen in such transactions we came out successful in the end by the causeless mercy of Your Divine Grace and of their Lordships Sri Radha Krishna. We are very grateful and thankful that you bestowed on us the necessary strength and endurance to face the difficult situations without giving in, although at times we were fed up with all that we were going through. Even as of now we have still not reached the end of the process while the delays and problems still continue though of lesser gravity.

All these problems and difficulties that we faced were in fact your benediction to make us more strong and dependent on the Lord. At every step we fervently prayed to the Lord that he give us strength and courage to expertly handle the situation. I believe that all these tribulations were given to us so as to protect us from something unfavorable and unpleasant in future.

I pray that may we be bestowed with sufficient strength and endurance to face any undesirable situation that we may have to go through by the will of Providence and that Lord Krishna protect us in every such situation.

I also pray that whatever be the situation – favourable or unfavourable – I be given the blessing that I remember Krishna in all situations and be the recipient of His and your mercy such that I never get disconnected from either of you, either in this life or in other lives in eternity.

Please pardon me for any offense that I may have knowingly or unknowingly committed at your lotus feet or of any other Vaishnava.

Eternally in your service,

Sanjaya Krishna Dasa

Sankarshana Narayana Dasa

Dear Srila Prabhupada,

Kindly accept my humble obeisance at your lotus feet.

On this most auspicious day of your Divine appearance, I beg you to kindly accept this small literary offering.

Jada Bharata prays:

*rahuganaitat tapasa na yati na cejyaya nirvapanad grhad va
na cchandasa naiva jalagni-suryair vina mahat-pada-rajo-'bhisekam*

"O King Rahuguna, the perfectional stage of devotional service or the paramahansa stage of life cannot be attained without being blessed by the dust of the feet of great devotees. It is never attained by tapasya (austerity), the Vedic worshipping process, acceptance of renounced order of life, the discharge of the duties of household life, the chanting of Vedic hymns, or the performance of penances in the hot sun, within cold water or before the blazing fire." (Srimad Bhagavatam. 5.12.12)

Thus the potency of an actual spiritual master can be understood, if the dust can be gathered from his lotus feet and taken as the goal of one's life, then Krishna's mercy is very easily obtainable. And if the whole universe comes to take the dust of such a pure devotee's feet, then the whole universe can be delivered from the clutches of maya. Thus such a pure devotee may be very aptly called "Jagad-guru", the spiritual master of the universe.

Birth in this material world brings with it various kinds of miseries, diseases and attachments—but there is one good opportunity—association with a pure devotee of the Lord. After wandering through millions of species of life, propelled only by my enviousness of Krishna, it is indeed remarkable that I have gotten such an opportunity. I beg your mercy that I shall become and remain suitably grateful.

Now I'm under the able guidance of your sincere disciples. I believe that, this is your personal intervention in my life.

Dear Srila Prabhupada, I'm eternally indebted to you for giving me this opportunity to render service to your divine mission, which is very rare to obtain.

Kindly accept me as your humble dog and engage me 24/7 in the enthralling mission of the most beautiful Gaurasundara.

Your eternal servant,

Sankarshana Narayana Dasa

Sankirtana Dasa

Please accept my humble obeisances to your lotus feet dear Srila Prabhupada.

yat-pāda-saṁśrayāḥ sūta munayaḥ praśamāyanāḥ sadyaḥ punanty upasṛṣṭāḥ swardhuny-āpo 'nusevayā

O Sūta, those great sages who have completely taken shelter of the lotus feet of the Lord can at once sanctify those who come in touch with them, whereas the waters of the Ganges can sanctify only after prolonged use.

bhavad-vidhā bhāgavatās tīrtha-bhūtāḥ svayaṁ vibho tīrthī-kurvanti tīrthāni svāntaḥ-sthena gadābhṛtā.

My Lord, devotees like your good self are verily holy places personified. Because you carry the Personality of Godhead within your heart, you turn all places into places of pilgrimage.

In this connection I remember a pastime with you Srila Prabhupada a sadhu or babaji was around 700 years old came to your lotus feet and fell flat. He offered obeisances to you tell how his life is a success, as he has taken your shelter. I remember in this connection a Vaishnava poet Govinda Dasa song bhaja hu re mana srinandhana bandhana abhayacharanvindhare this abhayacharanvindhare refers you also as it means one who has taken shelter at the feet of Krishna, he can be free from fear. By taking shelter at your feet one can achieve same as taking shelter of Krishna. Recently I met a person in temple hall as he started his conversation with me telling that Krishna says in Bhagavad-gita 7.28

yeṣāṁ tv anta-gataṁ pāpaṁ janānāṁ puṇya-karmaṇāṁ te dvandva-moha-nirmuktā bhajante mām dṛḍha-vratāḥ

“Persons who have acted piously in previous lives and in this life, whose sinful actions are completely eradicated and who are freed from the duality of delusion, engage themselves in My service with determination”. So that person asked me than how is it possible for most sinful person. To become Krishna consciousness. I couldn't answer immediately I was just thinking and praying to Krishna. Krishna says in Bhagavad-gita from him comes remember knowledge forgetfulness etc. So I just prayed to Krishna to help, then I remember a verse in which sukhadev goswami tell in 2.4.18

*kirāta-hūṇāndhra-pulinda-pulkaśā ābhīra-śumbhā yavanāḥ khasādayaḥ ye 'nye ca pāpā yad-apāśrayāśrayāḥ
śudhyanti tasmai prabhaviṣṇave namaḥ*

“Kīrāta, Hūṇa, Āndhra, Pulinda, Pulkaśa, Ābhīra, Śumbha, Yavana, members of the Khasa races and even others addicted to sinful acts can be purified by taking shelter of the devotees of the Lord, due to His being the supreme power. I beg to offer my respectful obeisances unto Him”. So I told them with full strong conviction that by taking shelter of pure devotee like Srila Prabhupada one can become Krishna conscious without any delay

As it is a common saying that we can't repay debt of mother, father and guru. I am an insignificant person. How can I glorify you Srila Prabhupada? As offering Ganges water to Ganges doesn't make any sense, similarly what I can glorify you?! You have proved yourself that you are the Jagad guru. I can't even imagine what a good position you have given me by choosing me to be in your movement Iskcon, that too Iskcon, Bangalore in which we accept you as only guru of Iskcon.

I don't have any qualification to be part of this movement. It is purely Krishna and your causeless mercy that I am here.

Guru Deva, I am praying please let me not become prey to maya. Please protect me from strong influence of maya. You have already protected me from material world I beg that I may not be prey of maya again. Please let me not miss opportunity to serve you and Krishna .

I have a strong faith in Krishna, where Krishna says to Arjuna “declare that my devotee will never perish”. That's true in your case Srila Prabhupada one who has taken shelter of your feet, it is cent percent guaranteed that devotee will never perish

Srila Prabhupada on this auspicious occasion of your divine appearance day I beg that please give me strength, knowledge, power and wisdom to preach the holy name of Krishna. It is possible only by you and Krishna. So whatever little service I can do to your lotus feet let me do it sincerely and nicely for your pleasure and pleasure of Sri Sri Radha Krishna chandra.

Plases give me strength to tolerate and let me come to my true sense to become humble servant of you.

As words can't glorify a true representative of Krishna, you have proved yourself that you are Jagad guru by establishing centres across the globe.

Srila Prabhupada you have proved that you are a truly pure Vaishnava. I remember in one of your class you said that Prahlada maharaj is a Vaishnava because he is not concerned about himself as he is safely protected by Narasimha deva. Vaishnava thinks good of others, para dhukha dhukhi. By making Iskcon embassy across globe, you have given chance to each and every entity to become Krsna conscious person. It is stated in 7.6.1

śrī-prahrāda uvāca

kaumāra ācaret prājṣo dharmān bhāgavatān iha durlabhaṁ mānuṣaṁ janma tad apy adhruvam arthadam

Your divine grace had given a path to follow by giving navavidha bhakti.

Thank you Srila Prabhupada for giving a chance to write a small offering to your lotus feet. Please consider this most fallen soul. This statement “most fallen soul” is not just words but it truly and fully applicable to me.

Ekale isvara krsna ara saba bhartya.

Just Krishna is one Supreme Lord all others are His servant similarly your divine is the only Jagad Guru all others are rithvik

Trying to be servant of you Srila Prabhupada who is the well-wisher of all. Jai Srila Prabhupada

Your servant,

Sarathi Krishna Dasa

Dear Srila Prabhupada

Please accept my humble obeisances

All glories onto you!

It has been quite some time that you have out of your causeless mercy accepted me as your disciple although I never deserved it, with all the humility and devotion I possess I thank you for accepting such an unworthy soul at the shelter of your lotus feet. Just like Lord Ramachandra engaged the unworthy monkey's in his service in the same way being Lords true representative you gave me an opportunity to do some service for the mission of Lord Chaitanya through your esteemed organization ISKCON Bangalore. Please bless me to cling on to your lotus feet somehow or the other and please give me enough strength to follow each and every instruction of yours which comes through the authority system set up by you without any personal consideration.

I am extremely grateful to you for your personal day to day guidance, chastisement and encouragement you give me though your morning quotes, books, Bhagvatam lectures, the authorities and the devotee's association.

I beg for your mercy again and again so that I can one day act as a good instrument in your hand. I know Prabhupad I have a very long way to go but, I am firmly convinced that till I have you in my life I can cross over any obstacle which comes on my way of attaining the ultimate goal that is unalloyed devotion to the Supreme Personality of Godhead Shri Krishna.

Oh! spiritual master of the whole universe please keep me under the shelter of your lotus feet make me faithful servant life after life if you so desire.

बेवकूफ बनाती आयी है माया ।

इस घोर धुंध को किया उजागर,
गुज़र गयी वो काली छाया ।
ज्ञानदीप से प्रज्वलित हुआ घर,
मिट गयी तामस की साया ।
एक महत पुरुष अवतरित धरती पर,

कारुण्य का भव्य जहाज़ बहाया ।

इस जहाज़ में खींच बिठाकर,

श्रील प्रभुपाद ने मुझे बचाया ।

कृष्ण का नाम सदा जीभ पर,

कृष्ण को न कभी भुलाया ।

कृष्ण के सेवा में लीन निरंतर,

केवल कृष्ण को दिल में बसाया ।

कृष्ण के आदेश को सदा निभाकर,

कृष्ण को आनंद दिलाया ।

उस भूले कृष्ण की याद दिलाकर,

श्रील प्रभुपाद ने मुझे बचाया ।

विश्व भर के गाँव और नगर

में कृष्ण-नाम-क्रांति फैलाया ।

संकीर्तन की खोली अनोखी डगर,

जिसमें पूरा जगत लहराया ।

निताई-गौर के दिल को जानकर,

अनुपम कृष्ण-प्रेम बँटाया ।

अप्रतिम आनंद की आस जगाकर,

श्रील प्रभुपाद ने मुझे बचाया ।

मैं तो हूँ एक नीच गीदड़,

कितना प्यार आपने दिखाया ।

स्वच्छ ज़मीर पे फेंकू कीचड़,

सम्मोह का विष भर के खाया ।

मैं खुद हूँ मेरे अभाव की जड़,

आपकी कृपा का स्वाद न ले पाया ।

फिर भी अनुकम्प से सतत ही तत्पर,

श्रील प्रभुपाद ने मुझे बचाया ।

आपका तुच्छ अशक्त शिष्य सत्य संकल्प दास

Dear Srila Prabhupada,

On this glorious 122th appearance day of your divine grace I offer my humble obeisances at your lotus feet again and again, because you have blessed us with your causeless mercy, giving me shelter at your lotus feet. I have no words to express your mercy. How merciful you are!

Srila Prabhupada, you are ocean of mercy and allowing me to be in your mission as I am totally unfit, unqualified and rotten and good for nothing.

Srila Prabhupada, Out of your compassion you have come to deliver us as we are suffering in the burning fire of material existence and saved us from hellish life.

You came, out of compassion for fallen souls like us and travelled all over the world with the mission of bringing souls back to Godhead, back home. It is a great mahātmās or Vaiṣṇava's duty. You are such a great Vaiṣṇava.

We had forgotten Kṛṣṇa, and you taught us how to become Kṛṣṇa conscious and serve Kṛṣṇa. I am a very wicked fellow and servant of maya and hoping to get the mercy of the dust of your lotus feet.

We humbly pray on this auspicious day, Śrīla Prabhupāda, that you give us strength to realize your mercy and appreciate your benediction more and more

Śrīla Prabhupāda, you are the real paramahansa. You had complete faith in the instructions of your spiritual master. You struggled for thirty-five years to establish this Kṛṣṇa consciousness movement on this planet. This is the only movement that can save humanity from going to hell. By your personal example, you showed how a devotee should always be involved in reducing the suffering of the living entity. Even when the doctors advised you to take rest, you never stopped preaching.

Srila Prabhupada, by your mercy only I am saved from imminent attack of big disease of tuberculosis and gave me a new life of second chance to be part of your glorious mission. Million times I thank you Srila Prabhupada.

Srila Prabhupada, you have blessed me by encouraging to read your books which are treasure house of Kṛṣṇa consciousness philosophy. And I relish and love to read your transcendental books.

Srila Prabhupada, you have blessed us to read your books systematically through the “Bhakti Sastri Course” which is being conducted weekly basis for thorough study.

Srila Prabhupada, I love to hear your lectures (vani) and it purifies my heart and it gives me new dimension in my thinking process and get the godly and satvic vision and gives inspiration to develop Kṛṣṇa consciousness amidst the devotees.

Srila Prabhupada, you have blessed me and given privilege to worship your Lordships by assigning the “Deity Service”, it has been amazing experience and I love to do it more and more.

Srila Prabhupada, When I was sick and have been in guest house all alone without meeting and talking to anyone, in beginning I felt loneliness, moroseness and fearful just like I got lost in dark dense forest, at that time you gave me protection and I felt your personal presence over there by feeling a lot confidence and support from you and there was a great force of inspiration got generated in me to chant and read and hear more and more your vani, I got immense support and inspiration from within, by you and your instructions. Srila Prabhupada, please keep bestowing your mercy to this fallen and rascal soul.

Srila Prabhupada, you and your representative - authority are very merciful in allowing me to be in association of devotees and giving me opportunity to do devotional service.

Srila Prabhupada, you are extremely merciful upon this fallen soul and I am struggling to follow your instructions specially regulative principles, please bless me and bestow your mercy to follow your instruction rigidly.

Your are teaching by your own example : In January 1971, Once ISKCON had setup camp in Allahabad in Kumbha Mela and It was in the month of January severe piercing cold and you requested all disciples to attend Radha Krsna Mangla Aarti in our camp and due to pinching cold devotees were not attending Mangala Arati and due to finding difficulty in getting up and taking bath in cold season. So next day you got up early in morning before 4 a.m, and took bath in open area underneath a hand pump with cold water and all the devotees got shocked that Srila Prabhupada is taking bath with cold water underneath hand pump even at the cost of his health in such advanced age. All the devotees present there realized that we must get up early in morning and take bath and come for attending Mangla Arati. You taught us by own example that we Must get up early in morning, get bathed and attend Mangla Arati without fail and followed by other spiritual activities.

Your fallen and insignificant servant Satyajit Gauranga Dasa

Satyananda Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

Srila Prabhupada, I thank you from the bottom of my heart for showering your mercy on this fallen soul and engaging in Krishna's service. I beg you to keep me engaged more and more so that I can have control over my mind and senses and improve my sadhana quality. I want to have my spiritual growth every day after day. Please help me in that also. I beg you to help my family to grow in Krishna Consciousness.

Once again I thank you for showing your causeless mercy on this fallen soul.

Seeking your service always,

Your Servant, Satyananda Dasa

Shadbhuja Gauranga Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories to your Divine Grace.

I feel very grateful to be your disciple and glad to get an opportunity to glorify your Divine Grace on the auspicious occasion of your Divine Appearance in to this world to spread Chaitanya Mahaprabhu's mission all over the world in English language. I beg your blessings & seeking your forgiveness before I write.

O Prabhupada! Though I am so fallen, still you have shown your causeless mercy upon me and chosen me as a soldier in your glorious army of Hare Krishna Movement. Lord Chaitanya's mission is to deliver the fallen souls from this nescience of material world and as a representative of his mission you are also delivering the most fallen souls (patiata) like me in all over the world.

It has been a year of taking harinam initiation from your Divine Grace, but I have not became more serious to your instructions, especially chanting 16 rounds seriously and attentively, which is the most important element for advancing in spiritual path.

I am very happy to be in this movement where we are trying to follow your instructions in terms of Guru-parampara and so on. So at last, I beg your mercy again and again to improve my japa and become more serious in following your instructions. As it is said:

*“yasya prasādād bhagavat-prasādo
yasyāprasādān na gatiḥ kuto 'pi”*

By the mercy of a spiritual master one receive the benediction of Krishna and without his mercy one can't make any advancement.

Seeking your mercy always,

Your fallen Servant,

Shadbhuja Gauranga Das

Sharadendu Krishna Dasa

Dear Srila Prabhupada,

Please accept my respectful obeisances. All glories to Your Divine Grace.

Thank You Srila Prabhupada, for Your kind blessings upon me by engaging in the personal service of their Lordships Sri Sri Radha Krishna Chandra and Your Divine Grace.

In the last one year, You've guided me, made me aware of how Deity service is so essential and important for my devotional life. As You mention in a lecture: If you offer something to Kṛṣṇa, it is for your benefit. The example is given: just like the original person is decorated, in the mirror the reflection of the person is also decorated. Similarly, if you decorate the Deity gorgeously, you will feel happy. Kṛṣṇa has many devotees, or many things for being decorated. But if you, in the temple, if you offer Kṛṣṇa all nice things, all nice flowers, all nice dress, all nice food, everything, everything, all nice, then you will feel happy. That is your interest. {Lec- NOD, Vṛndāvana, November 3, 1972}

As mentioned in a letter- To be able to personally serve the Deity is a great privilege and such a person is very fortunate indeed. {Surat, 29 December, 1970}

Please bless me to recognize and value this great privilege and fortune.

By Your causeless mercy, I am in the temple practicing devotional service. There is a tremendous change in my Sadhana, Behavior, Attitude and everything. "Transcendental devotional service cannot be complete and cannot be relishable without the association of devotees. We have therefore established the International Society for Krishna Consciousness. Anyone who is trying to be aloof from this Krishna Consciousness Society and yet engage in Kṛṣṇa consciousness is living in a great hallucination, for this is not possible". {SB 4.9.11Purport} Please bless me to value and grateful to Your Institution.

Another great blessing is Your devotees association, they are very merciful on me. Their mercy is sometimes beyond my sense of appreciation. Please bless me to understand, be grateful, and be respectful to them.

Thank you for all Your mercy and protection on me. Please bless me to glorify YOU more and more.

Aspiring to be a servant of Your servants,

Sharadendu Krishna Dasa

Sharath Chandra Krishna Dasa

Dear Srila Prabhupada!

Please accept my humble obeisance at your lotus feet. May Your glories be spread all over the three worlds!

This year we saw Your divine glories being spread to many more souls in the form of the Hare Krishna movie. Wish we could see many more such initiatives in the coming days. There are many such mega projects in pipeline conceived by Your sincere servants of ISKCON Bangalore temple. Praying for Your mercy for the speedy completion of all those projects, so that Your causeless mercy can reach out to the scale of billions of souls from the current

millions' scale. Definitely, with that scale of preaching of Krishna Consciousness, that day will not be far when Lord Chaitanya's prediction of every town and village chanting His holy names comes true!

This year personally, You gave me an opportunity to be part of Bhakti Shastri course and thus gave me the association of many senior Vaishnavas, even though I'm not eligible for this kind consideration. It gave me realizations on how fallen I'm and how much more I have to improve my sadhana to even reach the Kanishtha Adhikari platform. I could see that I've not yet come out of my offensive chanting habits and still have not developed any taste for the Holy Name. I cannot imagine how many lifetimes of sins I must have accumulated so far and how much volumes of sinful reactions may have been waiting to engulf me, had You not given me the protection of Hare Krishna Mahamantra and accepted me as Your disciple.

I'm eternally indebted to You Srila Prabhupada for showing such mercy to this undeserving soul!

However, it surprises me while introspecting on the sad state of affairs I'm in. Instead of becoming serious at the opportunity of having been recruited into Your army, that too without possessing any qualifications, I'm taking Your mercy for granted and becoming complacent in my sadhana. Probably, by now I've realized that I'm not capable of paying back anything to You, Srila Prabhupada and like the average Christian who takes Lord Jesus Christ's crucifixion for granted, I'm continuing my offensive ways banking on You as my savior.

Even though I've heard that simply by endeavoring to undertake the services that You have assigned me through Your representatives I will be able to please You, yet I'm not keen for doing even that much endeavor. I only seem to be taking up my assigned services after repeatedly being reminded by my authority, which is such a disgrace for Your disciple! Hence my dear Srila Prabhupada, my prayers is to make me live up to the expectations of my authorities and become Your worthy disciple one day. Please give me the will power to complete all my assigned services always to Your satisfaction. Please give me the faith and courage to take Your transcendental instructions as my life and soul and mold this life based on that.

Please see my condition Srila Prabhupada, I only end up asking for more and more favors from You every year on this occasion of Vyasa Puja. But it is a fact that without being in the shade of Your lotus feet, I cannot even maintain my sadhana. I need Your favor to be able to understand the Lord's teachings, to guide my family and meet the responsibilities of a Grihastha. I need Your causeless mercy to continue to be engaged in devotional service. I need your guidance to live the rest of this life by practicing the principles of Krishna Consciousness and to be an instrument in Your divine hands to contribute towards this glorious mission of Lord Chaitanya.

O, my dear Srila Prabhupada please do not abandon this undeserving beggar even though I'm most fallen and most offensive at Your lotus feet and not capable for anything else.

Your fallen servant,

Sharath Chandra Krishna Dasa

Shauri Krishna Dasa

Dear Srila Prabhupad,

Thanking you for holding me at your lotus feet for one more year as I once again try to offer few prayers at your lotus feet on this auspicious day of your appearance. You exhibited and still continue to bestow your unlimited mercy on the living entities of this world. This is evident in the way my life which changed after I first heard your voice chanting the Hare Krishna Mantra about 20 years back when I visited the ISKCON temple at Bangalore. Similar to my life, I see that the lives of such thousands of people getting changed from a goal less endeavor to a Supreme goal of human life by the passing of every day. Srila Prabhupada, we all can see, experience and confirm your compassion towards us living entities who gave us the process of devotional service to Krishna. The magnanimity of Nitai Gauranga or Lord Krsna - Jagannatha is otherwise unknown to us.

You gave us Chanting, You gave us instructions – in your books, You gave us transcendental association through temples and devotees, You gave us deity worship, You gave us engagement in serving Kṛṣṇa through our work. You practically made us understand that 24 hours in a day is not enough and a devotee actually hankers for more time in a day for his activities in Kṛṣṇa Consciousness. You proved to every one of us living entities, that engagement in Kṛṣṇa Consciousness brings about unlimited opportunities and pulls us all into a whole new realm of real original life far away from the artificial, boring, mechanical lifestyle. There is still overflowing populations struggling in this world awaiting your causeless mercy and thereby require your instrumental intervention in every nook and corner of this material existence. Srila Prabhupad, I request you to help me to endeavor more and more to act as your instrument.

Through your devotees association, I am now engaged in understanding the subject matter in more depth for effective understanding & distribution of the Supreme Lord's message. This has enabled me to read your books more closely and thereby made me realize that you literally live in the books as you always said "I will live in my books". I am able to now associate and feel your presence more closely. You have given so many minute lessons, examples, experiences, humours and instructions that can't be fully understood in a life time. Srila Prabhupad, you are not an ordinary person – a Spiritual Master is not an ordinary person – He is transcendental and has come from the Spiritual world to deliver the ever struggling souls. This is true and I am realizing this more and more. Thank you Srila Prabhupad once again for still holding on to this insignificant, most sinful, useless living entity. Please continue to do so, forever as I have only you and none other, who can take me back to where we belong.

Your eternal servant, Shauri Krishna Dasa

Shivanandasena Das

Dear Srila Prabhupad please accept my humble obeisance's,

om ajñāna-timirāndhasya jñānāñjana śalākayā

caḥṣur unmīlitaṁ yena tasmai śrī gurave namaḥ

Prabhupad thank you so much for giving me new life for every moment which is completely spiritual and moving towards the ultimate goal of every human life and which is not available anywhere else, I am so fortunate to be your disciple.

mūkaṁ karoti vācālaṁ paṇḍuṁ laṅghayate girim

yat-kṛpā tam ahaṁ vande śrī-gurum dīna-tāraṇam

I am so fallen and I don't have any qualification to be your disciple, by your causeless mercy today I am leading a wonderful spiritual life, Your Grace please engage me more and more in devotional service, make me to become an instrument in the Mission.

Your Servant, Shivanandasena Dasa

Shreshta Rupa Dasa

My Dear Srila Prabhupada.

Please accept my humble obeisances, All glories unto you.

By the association of a pure devotee like Sivananda Sena even a dog received the mercy of Chaitanya Mahaprabhu, and by Association of Madhvacharya even a bull was elevated to the position of an Acharya. and so are millions like me elevated similarly by your association. I am truly indebted to you for giving me the opportunity of engaging in devotional service to Krishna by preaching his glories, when I look back in years that I have had your association,

I just cannot imagine what life could be like without your mercy

You are practically Chaitanya Mahaprabhu, who has appeared once again. But for you who could flood Krishna consciousness into the hearts of low born sense gratifiers and greedy minds. You have created unlimited fortune for the most unfortunate people on earth by engaging them in your service. There is not the slightest loss or diminution in any service rendered unto you rather he is benefited a billion fold. I can understand how every drop of service rendered unto you is creating waves in the ocean of devotional service propounded by Sri Chaitanya Mahaprabhu.

The last 41 years, after your Disappearance our Movement Has undergone various transmutations mainly because of disfiguring your instructions to satisfy many independent crumbling desires. But now the grief is started dissipating and I wait to watch the day when the that ocean of Devotional service will inundate the globes surface. The Krishna consciousness movement started by you is now the Hare Krishna movement, which more clearly emphasizes on the purpose of our movement that is to dole-out the holy name Hare Krishna Hare Krishna Krishna Krishna Hare Hare Hare Rama Hare Rama Rama Rama Hare Hare.

True leaders of your movement like Madhu Pandit Prabhu and other senior devotees are flooding your mercy and personality throughout the whole world. In them we can clearly see your heart's desire being manifest. The power of your instructions are manifest in their actions and I am happy that you have surrounded me with such association, although I myself am not in anyway worth it.

I offer my respects again and again at your lotus feet and unto the feet of all your sincere disciples.

Your fallen servant, Shreshta Rupa Dasa

Shvetadvipa Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet. I have no qualification to glorify you nor to even come close to any of your disciples, yet out of your causeless mercy you have not just blessed me with both the above opportunities but also bestowed me with an unbelievable chance to become one of your disciple and thereby serve you and Lord Krishna.

Just when I was blindly entering the vicious eat-sleep-mate-defend cycle, you took the trouble of preaching through Youtube just to wake me up from deep slumber. It is amazing how your lecture popped out of nowhere while I was listening to mundane music. I remember the below 2 sentences through which you strongly touched my soul.

Srila Prabhupada, you told me that Krishna says “My dear child, why are you rotting in this material world, please come back to me”

“If you have any affection for your spiritual master, finish your business in this life”

I was wondering why Krishna thought I was rotting while I was, according to my material calculations, comfortably situated in a far island doing, what I thought, what an IT engineer out to be doing. It is then Srila Prabhupada, that you slowly started convincing me by unfolding the timeless knowledge of Bhagavad-Gita and Srimad Bhagavatam in a simple yet most convincing manner. I remember being astonished with “How did you know I was having this doubt Srila Prabhupada?” when you would answer my queries in the very next lectures that I would listen. When this started happening with almost every single query, then my dull head realized that the Guru continues to guide through Vani.

Srila Prabhupada, I do not know how to thank you for bringing this crow-class man to be amongst the swans (all your disciples), but I can only beg you to please keep this useless crow as a menial servant of the swans. Please forgive me for the zillion offenses that I have committed and bestow me with the intelligence to stop committing further offenses.

Beloved Gurudeva, kindly provide me with the strength to devotedly follow all your instructions, because I am sure with my own strength I would not be able to follow even one.

I sincerely hope to be a tiny instrument in your divine plan to propagate Chaitanya Mahaprabhu's mission.

Your most undeserving servant,

Shvetadvipa Dasa

Shyam Kishore Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances to you.

Sharing the best among many reciprocations that I have received from you, I would like to start first with my encounter with KC-

1. Vartma-pradarsaka guru- Life was in turmoil internally although materially speaking it was great with an IIT degree, good package job in giant MNC Oracle and no future responsibility for next few years, so, a youngster like me landing in a sense-gratification hub like Bangalore would have easily lost himself but you have saved me by sending your dedicated soldier (Achyutananda dasa) immediately for rescue and thus fencing me with Vaishnava association. Coming from Mayavadi background and having skeptical nature, I was not ready to accept authority of guru or scriptures, but your powerful soldiers charged by your divine preaching potency helped me to bring positive changes in life and by your mercy I could dovetail my reading habit to rediscover its appetite in your transcendental books.

2. Mantra miracle- Chanting one round for nearly 10 days made me leave non-veg for-ever which I could not do so even after many attempts with my previous meditational practices. So, you mercifully allowed me to experience the direct mercy of the holy name and thus made me to take japa more seriously.

3. Dham miracle- First Vrindavan trip turned out to be a purification test arranged by Krishna in which you mercifully helped me to go through successfully ending it with a lifelong-relishing gift in form of a very sweet transcendental realization. So, the story goes like this that I was barely walking that time due to viral infection and despite doctor's advice to take rest and not to go to anywhere, I became fortunate by taking the risk after believing in my that time folk guide HG Vainetya Prabhu's words. So, I reached Vrindavan dham and as expected my pain got aggravated and with great difficulty I survived the trip and came back to HK hill where the actual miracle happened. Since I was always fond of dancing in Kirtan and because of excruciating pain I had to avoid that for long time so, after the Vrindavan experience I realized that in spite of taking painkillers I am still having mild pain so, why not I just go and give my best shot to enjoy my most favourite activity that is dancing, anyhow pain has become integral part of my life nowadays, so, whatever will happen afterwards I will see. Thus, the story ends with me participating in Sunday evening folk Kirtan for almost an hour after logically and divinely dropping any hesitation from my mind regarding participation and miraculously the next day lord reciprocated by removing the painful episode from my life.

This reciprocation was so powerful that today also I sometimes remember it specially in my struggling days in KC to strengthen my faith and accept the fact that the Lord is in full control of everything in and out of creation so, if he wants he can play with his laws anytime just like the character Neo in the movie matrix who could change the binaries of the matrix system.

Now, after joining the movement by the blessings of his divine grace, everyday Srila Prabhupada internally & externally reciprocating in my life in so many ways that my foolish eyes could actually see. Whether it is exposing my Anarthas in different situations, training me to work not the way I would like to do for my own pleasure but the way it would give pleasure to him. Teaching me not to run or avoid the services which are out of my comfort zone but to take a step further and dare to do things against my own likes and dislikes.

O Gurudev! even though I do not understand the true meaning of devotional service in reality, but still I feel amazed to see the depth of your merciful heart who accepts these mixed devotional services rendered by me. Also seeing the unfortunate and degraded position of this conditioned soul, who does not know the ABCD of bhakti, you out of your compassionate nature help him in ways beyond comprehension and here & there you allow this poor soul to taste little drops of your bhakti just to keep him alive in his day-to-day struggle to choose maya or Krishna. Even though this fallen soldier of your army always keep on falling short to meet the standards of devotional service that is expected from him and always gives in to the great forces of subconsciously-rooted anarthas which keep on trying to embarrass him in every endeavour, you, the commander-in-chief of Lord chaitanya's army, still keep a close watch on this pawn-like soldier by inspiring him not to give up this great war against his own selfish self as his enemy. I feel blessed to have such a merciful guru who maintains this fallen disciple even though he is not qualified to be kept under his shelter. The selfish desires within his heart is uncountable and by your divine arrangement everyday this ignorant soul is being shown the truth of his personality to realize how much fallen he is actually but in the midst of these heart-overwhelming confessions I would also like to say that you keep on enlightening this ungrateful soul time to time and thus enable him to simultaneously see the depth of your merciful nature to accept a fallen soul like me as your disciple.

Praying for your forgiveness for my offenses at your lotus feet and desiring to receive your causeless mercy,

Shyam Kishore Dasa

Shyama Karuna Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances to your lotus feet.

By your mercy I have completed one year in ashram. By your divine arrangement, I got chance to associate with senior devotees as well as with my god brothers and could understand the importance of practicing devotional service in a community.

[SB 3.25.25 Purport]

“The process of advancing in Kṛṣṇa consciousness and devotional service is described here. The first point is that one must seek the association of persons who are Kṛṣṇa conscious and who engage in devotional service. Without such association one cannot make advancement. Simply by theoretical knowledge or study one cannot make any appreciable advancement. One must give up the association of materialistic persons and seek the association of devotees because without the association of devotees one cannot understand the activities of the Lord.”

In Kaliyuga it is very difficult to practice devotional service alone. It has become easy in association with devotees. Thank you Srila Prabhupada to provide me such a wonderful environment i.e. association of devotee where I can always be under the authority and improve my weakness which is hindering my devotional service.

Srila Prabhupada, You have chosen me to become the servant of Srimati Radharani. Srila Prabhupada, I am not capable to do this great service for your lordship. I have heard that you are an expert cook. So in this special occasion I am begging to you please bless me or give me sufficient intelligence so that I become capable to cook for the pleasure of your lordship.

Every day you are showing me how to accelerate my progress toward the supreme destination, the lotus feet of Sri Sri Radha and Krishna, by improving my chanting of the Holy Names:

Hare Krsna Hare Krsna Krsna Krsna Hare Hare

Hare Rama Hare Rama Rama Rama Hare Hare

After knowing this great gift, still I am not able to give full attention in each bead of Hare Krishna mantra, later part of my chanting becomes mechanical. Srila Prabhupada, please give me sufficient strength to chant and hear Hare Krishna mantra with better and better quality.

Please give me sufficient strength to follow four regulative principles.

Srila Prabhupada, At last if I had done any offense unto the deity and at your lotus feet and other Vaishnavas knowingly or unknowingly, please forgive me.

Please let me remain your eternal servant.

Your servant, Shyama Karuna Das

Shyama Vallabha Dasa

Respected Srila Prabhupada,

Please accept my Obeisances at your lotus feet. All glories to your Divine Grace.

The Mantra 7 of Isopanisad says as follows

*yasmin sarvāṇi bhūtāny ātmaivābhūd vijānataḥ
tatra ko mohaḥ kaḥ śoka ekatvam anupaśyataḥ*

The translation is “One who always sees all living entities as spiritual sparks, in quality one with the Lord, becomes a true knower of things. What, then, can be illusion or anxiety for him?”

The materialists propose and propagate various schemes of bringing everyone to the platform of oneness. Many great thought leaders have done this in the past and continue to do it. But we see that all of them are constantly tormented by various illusions and anxieties. How then can one understand that this sloka is actually true?

Just as a person who has never perceived God or his influence denies his existence, one who has never met you or perceived your influence would thoroughly denounce this verdict of the sastras. You, as a Bhaktivedanta and Acharya, walked the talk with full emotion and action as necessitated by the Sastras. Thus attracting many to surrender unto you. Whereas those who flaunt a sense of oneness but act on the bodily platform are actually false philanthropists.

Once when you were giving a lecture in one prestigious Christian school in Montreal, one Bengali gentleman, who apparently, was your admirer suddenly criticized you loudly in the midst of everyone. All the devotees over there were thoroughly upset, but you were totally undisturbed. Rather subsequently when you were leaving for America, you had actually called this person and blessed him. Similarly in another instance in Uppsala University in Sweden, on being challenged by a Marxist, you declared yourself as not a first-class Brahmana but a fifth class man. While these pastimes show how you were very tolerant, it also shows how you dealt with each circumstance. You had dealt with them exactly what the circumstance requires.

In the same challenging debate at Uppsala University, while you never protected yourself against personal insults, you still took the position of a preacher convincing the opponent logically and also about Krishna's position. While staying completely humble about your position, you were completely logical and aggressive in your convictions.

Once a disciple inadvertently banged the Dictaphone with the microphone that produced loud enough sound that would have flinched anyone. However, as a goswami, the disciple could see no shock or surprise, No involuntary muscular movement, No anger, No negativity, No sign of disturbance in you. Consider this, as a Dictaphone is very dear to your service and it is in New Vrindavan where it cannot be repaired. You saw the repentant disciple and did not chastise. You felt there was no need for Anger and hence not used it. Your senses could not determine your reaction.

Similarly, there were many instances of using or not using anger, as and when a circumstance demanded. Like a tortoise you choose to use your senses or anything or circumstance, only to enable others Krishna Consciousness. Your responses to every circumstance have always been supramundane, superhuman and indeed personification of a goswami. A goswami whose Krishna consciousness is deeper than the mighty ocean and rooted in its purpose can only be undisturbed by the millions of timingalas tormenting one for attention.

You not only saw every living entity in all circumstances correctly as per their situation but also gave them a Vaikuntha atmosphere which is free from illusion and anxiety. Thus demonstrating the unique link given in this Mantra of Isopanishad.

Srila Prabhupada, Far from being a preacher I am a Kanishta adhikari, struggling with my mind and senses. I am filled with illusion and anxiety even while chanting, despite years of chanting. What a hard hearted fool I am? I do not have the intense desire required to follow your orders. While you gave an anxiety less environment to those who are with you, you had personally taken the anxieties of following your guru's orders. All apparent contradictions and paradoxes resolve in you.

Hence I pray unto you to give me sufficient intelligence, realization and strength to face the challenges I have to face while rendering service unto you. I also beg for your mercy to appreciate your qualities which are unfathomable to us. Let me have the consciousness of an instrument eternally with me.

Trying to be a servant of your glorious servants, Shyama Vallabha Dasa

Shyamala Devi Dasi

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

In this material world you have made your appearance by your causeless mercy upon all the fallen souls, who are wandering in this material world without knowing their relationship with supreme father Krishna.

*Brahmanda-bhramite-kona-bhagyavan-jiva
guru-krishna-prasade paya bhakti-lata-bija*

“According to their karma, all living entities are wandering throughout the entire universe. Some of them are being elevated to the upper planetary systems, and some are going down into the lower planetary systems. Out of many millions of wandering living entities, one who is very fortunate gets an opportunity to associate with a bona fide spiritual master by the grace of Krishna. By the mercy of both Krishna and the spiritual master, such a person receives the seed of the creeper of devotional service.”

As stated here, it is such a rare opportunity to get association of a pure devotee. I have been wandering aimless for time immorial and passed through all kinds of species, not once but innumerable times.

It is my great fortune that you have casted your causeless mercy upon me. I have no qualification to become your disciple, yet you have given an opportunity to serve you. Please bless me to serve your mission in full capacity. Please guide me to take decisions which are conducive to Krishna consciousness.

I sincerely thank you for all the blessing that you have bestowed upon me, though am unworthy of it.

Please forgive the mistakes and offenses that I have committed knowingly or unknowingly at your lotus feet.

Your humble servant,

Dear Śrīla Prabhupāda,

Please accept my prostrated obeisance's at your lotus feet. Your Divine Grace is a messenger from Goloka Vṛndāvana, and your mission is to attract the conditioned souls to associate with Śrī Kṛṣṇa and His eternal associates. You are the representative of Balarāmajī, the original spiritual master and the source of spiritual strength for all devotees. You are the manifestation of the Lord's infinite mercy, and therefore you are more merciful than the Lord. Thousands of births of penances and austerities cannot liberate one from the whirlpool of material energy but one word from the spiritual master, and the conditioned soul is at once free. As a business firm is bound by the order of its bonafide representative or by his signature on a contract, so Lord Kṛṣṇa is bound by the words and promises of His bonafide representative. If you accept someone in the service of the Lord, then Kṛṣṇa also accepts him.

You are an ocean of mercy pulling us who are rotting in the kingdom of material energy. As the swan dices deep into the water and grasps only the essence of the water, the milk, so you have forgotten everything material and grasped the essence of everything spiritual, the fearless lotus feet of the son of Nanda. And the nectar which you are always tasting from the feet of the Lord is flowing like a river from your lips in the form of the narration of the glories of His name, fame, form and pastimes. Simply by hearing from you, Śrīla Prabhupāda, can give relief from the fire of material nescience, and simply by following your instructions we can enter into the association of His Lordship Śrī Kṛṣṇa in His eternal abode and receive from Him the special power of bestowing love of God to all living entities.

My dear Srila Prabhupada on this auspicious day I need to recall some of your important letters.

This world is just like a forest fire and a spiritual master is just like the cloud in the sky. As the forest fire can be extinguished only by water from the sky, one can be peaceful and elevated in spiritual consciousness or Krishna Consciousness

only by the mercy of a bona fide Spiritual Master.

One should always feel very humble, that will help one to make progress in Krishna Consciousness. So your humble feeling that you are shrouded by illusion is very nice, at the same time your feeling that Krishna Consciousness is so nice that it makes everything easy.

- Letter to Malati: New York, May 4, 1967

Krishna is very kind to the meek and simple, so dullness of the material world and consciousness about Krishna go well together. Too much intelligence in material activities are detraction from Krishna Consciousness. ... There is a nice story about Bharata Maharaja, who remained just like a dullard, in order to avoid material association. And he was known as Jada Bharata, but when he was tested, Maharaja Rohugan found him highly advanced in Krishna Consciousness, and became his disciple.

- Letter to: Madhavi Lata, Montreal, June 20, 1968

- Letter to: Upendra, New York, May 4, 1967

If you have got some time; the best thing would be to chant Hare Krishna more and more. Because our life is very short, we have to finish our Krishna Consciousness in this life very quickly. We do not know when we shall meet our next death, our next exit from this platform. But before going out of this platform, we may try to finish Krishna Consciousness. That is our main business.- Letter to: Jayapataka, Seattle, October 6, 1968

My dear Srila Prabhupada thanks for giving me the opportunity to render devotional service at ISKCON, Bangalore, devotees here have accepted you as the soul deeksha guru of ISKCON.

Kindly forgive me if I have done any offences to Krishna, your divine grace and my god brothers by knowingly or by unknowingly.

Finally, Srila Prabhupada thanks for the wonderful gift of Krishna consciousness.

Dearest Srila Prabhupada,

Please accept my humble obeisance at your lotus feet .

By your blessings your Akshayapatra central office received the 'great place to work' certification for the second consecutive year with improved scores. This year again we posted significant surplus. When I look back at the strides Akshayapatra is making, I realize that it is YOU who is making it happen and you give the credit to Akshaya Patra team.

Your Akshayapatra will be crossing cumulatively the 3 billion mark for prasadam served to children in Feb 2019. It is my ardent desire that the world sees you as the 'Visionary seed giving father' of Akshaya Patra. I sincerely hope in the years to come many of these children who are eating prasadam for years together will make a strong army with you as the commander –in –chief.

While you have given me tremendous clarity on what I should be doing from a life goal perspective of getting 1008 leaders to your lotus feet and thereby building your brand in the world, I am unable to show significant progress. Every day I pray at your Radha Krishnachandra Temple so that I could make some progress on my life goals that pleases you. This world badly needs your guidance, Srila Prabhupada. Please bless me in this endeavor.

I was very glad when I could speak about you in a forum in Dubai where over 1000 CAs participated . Now three top professors from Harvard Business School know about you as visionary seed giver of Akshaya Patra. You made me realize that Akshaya Patra is the key to your brand building. You gave me an opportunity to speak on linkages between Akshaya Patra and Bhagavad Gita as it is to over 40 sreshtas of Bangalore. Post that I got the clarity that I should step up my reading, hearing and chanting. I have a very very long way to go but by your blessings the goal and the road that leads to the goal is clear.

You gave an excellent definition of qualities of a leader : “ A leader must be peaceful, self-controlled, austere, pure, tolerant, honest, wise, learned and religious ---- Letter to Karandhara , Bhaktivedanta Manor 27th July 1973. Please bless me so that I can follow the instructions you have given.

Srila Prabupada, other than chanting / reading / hearing, I am unable to follow the standards you have set for deity worship at home. Being a 'comfort seeker ' by nature I am unable to follow the austerities which you want your disciples to observe. I sincerely seek your pardon for the same. I hope in the near future I could show some improvement.

By your blessings today, in our home program a partner of Big 4, a leading Neuro surgeon and many other doctors from leading hospitals, PhD's etc. are chanting Hare Krishna and are taking to Krishna Consciousness seriously. Please bless ISKCON, Bangalore that in the next 5 years there are 2000 + such intelligent people taken to KC from the home program.

Knowingly or unknowingly I commit many offenses at your lotus feet. Kindly forgive me as a father forgives his son.

Your aspiring disciple, Srikara Govinda Dasa

“By the mercy of the guru, even a dumb man can become the greatest orator, and even a lame man can cross mountains.”

I am greatly obliged to you Śrīla Prabhupāda. You engaged me in the personal service of the Lord. Every day I have a great opportunity to spend my time with Supreme Lord's personal service. I always feel great for my fortune to serve lord in very closer way. I got this fortune due to your causeless mercy.

On your divine appearance day, I would like to share one incident, which happened recently. I still remember when I joined ashram early days I faced few challenges due to my family attachments. I informed my temple authority that it is very difficult to stay here. That day fortunately I met one of the senior devotee in his room. He shared with his earlier day's life and his family problems. He gave one statement that “When you are serving Supreme Lord in the temple according to Spiritual master instructions, Krishna will take care personally about your family”. When I went my parent's home recently I recalled the same statement. My mother told me that what you did is correct please stay there only and render service. Previously we had several issues with our relatives but now everything cleared and my father and mother are leading very peaceful life. They also started worshiping Krishna. Out of your causeless mercy, these are changes happened in my life. Now I am so happy that I do not have any issues from my family to practice Krishna conscious with devotees in ashram.

I really feel great that every day we have several opportunities to serve the Lord personally from Jagarana to Shayana seva. Bathing, dressing, decorating, feeding, performing arati to the Lord, massaging His body these activities are not an ordinary activities. I am very thankful for your causeless mercy on this servant.

Kindly forgive me for offences if I committed due to my ignorance nature.

Thank you Śrīla Prabhupāda for giving us the greatest wealth, Kṛṣṇa consciousness!

Srila Prabhupada,

Srila Prabhupada, thanks for giving me an opportunity to serve in your Chaitanya's Sankirtan movement. Please bless me to Serve & Continue with full faith.

In this occasion I would like to remind myself that in each & every step of my life you have saved me. You have also assured me that you protect even unqualified or unfaithful person like me from falling down from spiritual practice. Srila Prabhupada, Thank you very much for this.

Srila Prabhupada, I have seen how you have transformed many people from Hippies to Happy. Moreover, I got an opportunity to see some, who have avoided your mercy, have remained to be like hippies. Practically they are regretting for avoiding your teachings. I can compare myself with my childhood friends that how you have made me separate individual from them. Srila Prabhupada, Thank you very much for this.

Srila Prabhupada, I was thinking that I had learnt many principles from constant reading of Srimad Bhagavad Gita & Srimad Bhagavatam. But there was an occasion where I felt I could have got better learning from studying Materialistic Science. Simply By such Materialistic Thoughts I got so many kicks from Maya, & felt no one except you can protect me in that stage & so you protected me. Srila Prabhupada Thank you very much for such Protection.

Srila Prabhupada, There are many masters they may help up to certain extent but after that even they are incapable of solving problems of life. But i witnessed who have taken shelter of you, have surpassed Real Problems of life & attained real Goal in their life. I feel very fortunate that I got such a spiritual master in this life. Such fortune has arrived to me because of your compassion. Srila Prabhupada, Thank you very much for this.

Srila Prabhupada, Years of year practicing the Devotional Service in association devotees, you made me to drink the nectar of Association of devotees. Without Such association or satsang, feel this world is nothing. Though there is a chance of occupying a Big Post, without Association of devotees, whole world looks like danger. Srila Prabhupada, Thank you for showing me the importance of Association of Devotees.

Srila Prabhupada, you have proved that you know how to teach lessons to your disciples. I admit that I got best lessons from you, being offensive in following the devotional service. You made me to go through such a dangerous situation in life which is impossible to crossover. But you made me to surpass it so easily by simply remembering your instructions. Srila Prabhupada, please remind me not to commit such offenses by giving your Divine Instructions.

Srila Prabhupada, Please give me more chances to serve your movement with full strength, with the association of Devotees, with the Sankirtan, with the Prasadam with your Vani & with your Mercy.

Thanking you,

In The Service of the Lord

I was born in the darkest ignorance, and my spiritual master opened my eyes with the torch of knowledge. I offer my respectful obeisances unto him.

I offer my respectful obeisances unto His Divine Grace A.C. Bhaktivedanta Swami Prabhupada, who is very dear to Lord Krishna, having taken shelter at His lotus feet. Our respectful obeisances are unto you, O spiritual master, servant of Bhaktisiddhanta Sarasvati Gosvami. You are kindly preaching the message of Lord Caitanyadeva and delivering the Western countries, which are filled with impersonalism and voidism.

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet

All Glories to Your Divine Grace!

One more year of countless favors and blessings of Your Divine Grace upon this fallen soul has passed! Your Divine Grace has been very mercifully and patiently tolerating me since 10 years now! I am literally wonderstruck at Your Divine Grace's limitless benevolence and tolerance!

Srila Prabhupada, even though you have countless worthy servants all over the universe, my reasoning and logic fail when I try to understand why you have chosen me to serve your mission! Definitely this is due to your causeless mercy. What else could be the reason for this special favor upon this undeserving and insincere fellow, who is struggling hard and failing miserably innumerable times to please you by following your instructions diligently?

Srila Prabhupada, Your Divine Grace said in a conversation dated April 1, 1969 in San Francisco: “If you are sincere, He will give you good counsel, ‘You do like this.’ You’ll get dictation from within. That requires advancement of spiritual life. Then you get from within dictation. So God is helping from within and without. Within, as Paramatma, and without as spiritual master. Both ways. As soon as you are sincere, then God will send you to somebody who is His bona fide spiritual representative.” I do not know what sincerity Your Divine Grace saw in me that you have mercifully intervened in my life and have put an end to my hopeless life of serving maya and her agents. This I feel clearly, is a miracle caused by Your Divine Grace’s causeless mercy! Thank you Srila Prabhupada, for accepting me as your servant and engaging me in your wonderful mission.

As years are passing by, Your Divine Grace has been engaging me in more and more services with “higher” responsibilities. Your Divine Grace is using me as an instrument, though inefficient, in making devotees for Lord Chaitanya’s mission! Srila Prabhupada, I pray at your lotus feet on this Divine Appearance day of yours, to please continue to keep me always engaged in your mission life after life. Please continue to use me as an instrument in whatever way you want. My request to you is please keep me always grounded, let small success in my service not blind me. Srila Prabhupada, let me not get carried away. Let me always remain fixed up in your glorification.

Srila Prabhupada, I thank you for all that you have given me: association of your sincere and serious disciples, opportunity to serve them, your books and lectures, morning sadhana program, deities, temple, prasadam, kirtans and everything else that has kept me engaged in Krishna consciousness. I pray to you kindly continue to guide me through your sincere disciples so that I can please my spiritual authorities. Please bless me to take my sadhana seriously and practice Krishna consciousness with increased vigor.

Hoping to always stay blessed at your lotus feet,

Your insignificant servant, Srivigraha Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance unto your lotus feet.

I have experienced in past few years of my spiritual life that there are many avenues for sense gratification even in the spiritual path but only by strong adherence to your divine instructions and strictly observing them, we can remain on spiritual plane and execute the devotional services without any hindrance. I thank you for actively engaging me in your service.

You have been spiritual master for thousands of devotees who are sincere souls looking for spiritual quest. Qualities of spiritual master described in scriptures are befitting your personality and hence you are famous as Jagadguru or savior of the whole world.

I was reading the pastimes of your struggle for Juhu temple land and came across this inspiring pastime, Prabhavishnu Swami: Once I went into Prabhupada's room when he was sitting in the corner with his head in his hand. He sat there for a few minutes with a pained expression on his face. Then he looked up at me and said, "This Bombay project is such a headache. It is such a headache." He paused and then said, "But it is for Krishna, so it is all right."

This expression showers an inspiration to execute our assigned services and never look for any comfort zone but take all steps to please Krishna. It is all right to take headache to please Krishna than inviting unwanted headache by non-Krishna conscious activities.

There is profound knowledge in your teachings but only fortunate people can appreciate it. You write in one of your purport that, whole world undergoing hardships of "struggle for existence" and "survival of the fittest," but neither can they exist nor can they survive; because no one can escape death without becoming a devotee of the Lord. People blinded by the illusory pleasures are unable to understand this simple truth. Since we have taken your shelter, so we are greatly relieved from these material onslaughts of various struggles and survivals. Let me strongly hold on to your lotus feet which leads the path back to godhead by crossing this ocean of nescience.

Sri Caitanya Mahaprabhu's warning is not to associate with worldly minded people but always be in the association of devotees and execute devotional service under the expert guidance of pure devotee. Though personally I am not qualified, but by your causeless mercy I have received this benediction to associate with the devotees who are attached to your lotus feet and striving for perfection. I beg to remain always under your shelter that leads to the path of perfection rather than neglecting devotional service and entering the path of repeated birth and death.

Srila Prabhupada, if you neglect me, then my life is like a riven cloud that blown away by the wind of maya and becomes a nonentity in the vast sky of material existence. Kindly protect me.

Always aspiring to be under your shelter and guidance,

Your unworthy servant,

Suchi Shrava Dasa

Sudarshana Dasa

All Glories to Jagath Guru Srila Prabhupad

Prabhupada, in my 2nd year journey by your causeless mercy, I have experienced many realizations and learnings.

One of that is from Srimad Bhagavatam, you writes in one of the purports that, remembering the prayers which are offered by pure devotees of the Lord will help one to attain Krishna easily. And I am trying to execute in my day to day life. I need your blessings for this. You are guiding me through the authority system to improve my tolerance and dependency on Lord even though I am not qualified.

One of your quote says that remembering means remember to write it down, through this quote you inspired me to leave my laziness and practice to write the Bhagavatam class notes. You blessed me with an opportunity to cook for the Lord, still I don't have any skill rather you are giving guidance through my superiors. I am very much happy for this. I beg your mercy to continue the service with enthusiasm.

Your care for your unqualified disciple has wonderstruck me that, one day I met a senior devotee and I got guidance on my health issue. Now I am feeling very much better than previous days. Through this I understood that the importance of the association of the senior devotees in every aspect of the devotional life. (sadhu sanga)

You are inspiring me to develop brahminical qualities in dealings with senior and junior devotees. As per your guidance, in ashram a quote by Srila Bhakthisiddantha Sarasvati maharaj is placed and whenever I see that I remember my faults and in dealings with other devotees, in service, in mental disturbances and so on..., amidst many things by your grace only I remember it and will be motivated further.

I heard from a senior devotee that if a devotee distributes a Krishna book to anybody, you will be happy for that. So whenever I get a chance to go Gita counter, I will be targeting to distribute Krishna book and when it is done, I say loudly in my heart "Jai Prabhupada".

One amazing observation is that when I am preaching to someone, the sloka and the flow will come automatically by your mercy. On this auspicious day I beg your mercy to flow forever upon me to progress in Krishna consciousness and to render devotional service enthusiastically.

Your disciple, Sudarshana Dasa

All merciful Srila Prabhupada. Please accept my obeisances unto Your divine lotus feet!

Certainly I cannot look up to Your divine Lotus Face....for I am not worthy. But certainly, Your divine lotus feet are always my shelter.

When King Prataparudra was denied by Sri Chaitanya Mahaprabhu to meet Him, he immediately put his petition and begged to devotees of Shri Chaitanya Mahaprabhu. It was only then that King Prataparudra could meet Shri Chaitanya Mahaprabhu. Thus I understand that - Srila Prabhupada, without Your mercy and recommendation, fallen soul like me cannot attain Krishna.

Srila Prabhupada, in last year, You have given me this important realization that – I am existing SIMPLY on Your divine mercy. My whole spiritual life, my knowledge, my service, my Krishna consciousness, my desire to stay & continue devotional service....EVERYTHING is resting on Your kripa – Your causeless MERCY.

Dear Srila Prabhupada, I have fallen down and hit the bottom. Sometimes, I am hit by Maya on the left, sometimes on the right, sometimes I am hit in some other direction. This is totally because I am not following Your instructions, and continuing to associate with material things even after understanding so many instructions on spiritual subject matter.

Somehow, YOU are reviving me again and again.

Dear Srila Prabhupada, I have no humility, no shame, no seriousness. I am most stupid.

I only beg little dust of Your Lotus Feet....everyday...every moment..

I beg to have remembrance of Your Lotus Feet every time.

I desire that- if possible, if Your mercy falls upon me.....then at the end of this life or next or some life, I may become so much saturated with Krishna Consciousness that, I may not look for satisfaction of any material senses or fulfillment of any material desires.....and my heart and consciousness may be filled with the nectar of NAME, FORM, QUALITIES and PASTIMES of YOU, VAISHNAVA ACHARYAS, CHAITANYA MAHAPRABHU, SRI SRI RADHA-KRISHNACHANDRA...

I am totally unqualified for such a precious gift, however I submit my desire to You.

Your insignificant disciple, Suguna Krishna Dasa

Sujana Vaishnava Dasa

Dear Srila Prabhupada,

Please accept my respectful obeisance.

My life is flowing like a river without stopping for a second but you have been guiding me to reach in a correct destination, as you have said that practising bhakti sincerely is like walking on a razor's edge only by your grace I can hope to follow it and continue my journey serving you.

To have a spiritual master is, one in million life opportunity and still, I am not serious about it. I don't have enough intelligence to understand my own mistakes and rectify it that's why you have provided me great Vaishnava devotees to take care; still, I am not taking the advantage. Please have mercy on me and bless me to chant 16 rounds without committing any offences and be in your shelter always.

You are the spiritual master of this age and have delivered many fallen souls. Your mercy bestowed upon everyone with Lord Krishna's devotional service. So please bless me with more chances to serve your divine mission. I will do in every situation of my life. The Institution your setup has lifted up many fallen souls like today when I go back to my life and compare the present and past I found that I have changed very much, thank you Srila Prabhupada leading me to this path. I will try my best to follow this path.

Thank you for everything Srila Prabhupada

Your Servant,

Dear Srila Prabhupada,

Please accept my humble obeisances I am extremely grateful to be your disciple.

"Guru is always engaged in chanting Mahāprabhu, glorifying Lord Caitanya Mahāprabhu. That is his business. Mahāprabhoḥ kīrtana-nṛtya-gīta. He's dancing and chanting in the... By chanting the holy name of the Lord... Because this is the remedy for all calamities within this material world at the present moment." I came across this passage in one of your lectures.

I feel myself so lucky that I was chosen to receive this blessing from you. I would never have inculcated this activity of chanting Hare Krishna mantra in my life as it's generally considered outlandish by the ignorant mundane society. In ignorance I wouldn't have conceived that this is the single point remedy to all problems of our lives. In today's world practically no one knows the secret of devotional service which the soul's constitutional activity. In this age of confusion and contamination where practically everything is contaminated IT IS ONLY YOUR CAUSELESS MERCY that I am able to take this process. I would beg only your strength to stick to this process of devotional service of Krishna. I am also extremely grateful that you accepted me in Lord Chaitanya's army to serve the mission of the Lord and execute his program of work. If not here, I would be serving somewhere else like an ass.

Please bless me that I never in my life turn to Maya and be your faithful servant.

Dear Srila Prabhupada,

Please accept my humble obeisance at your lotus feet

All Glories to Your Divine Grace!

Prabhupada, first of all I would like to thank you for making me to come in touch with your ISKCON Bangalore where all your sincere disciples are trying all possible ways to spread your mission.

There is no word to express your mercifulness because you have accepted a fallen soul like me as your disciple who commits mistakes even after knowing the consequences.

Currently, I am reading your Biography. I can see you have taken your spiritual master's instructions so seriously and have tried to follow them throughout your life. But I am not able to complete my regular Sadhana daily. Please bless me with strong determination.

As you are aware I am going through a critical phase of my life. I am shortly going home to inform my parents about my decision of joining your movement full time . I need your merciful intervention in this crucial phase.

Srila Prabhupada, you have said: "Please do nice Sadhana daily if you want Lord Krishna's intervention in your day to day life". But in my case, I don't think I am doing my sadhana up to the expectation of my spiritual authority. My humble request to you is that please take me as an exceptional case and bless me so that I can cross this phase and become a full time missionary in Chaitanya Mahaprabhu's movement, if you so desire.

Please give me strength so that I can follow my immediate authority's instruction sincerely. Please give me required intelligence to complete the assigned service properly and become dear to my authority. This is something which always worries me because I don't have good memory and required skills.

Prabhupada, Please bless my brother, father and mother so that they can become good devotees of Their Lordships Sri Sri Radha Krishnachandra.

Hare Krishna Srila Prabhupada,

Please accept my humble obeisances.

All glories to Srila Prabhupada.

You are the bonafide Spiritual Master coming in the line of Paramapara.

You are so merciful that you want the entire human race to go back to home, back to Godhead.

You have given us the great nectars of Krishna Prema through your Preachings and Books.

You have worked relentlessly for us. How can we pay back your causless mercy showered on us.

With your dedication and causeless mercy, you have moulded even the foreigners who were not aware of Krishna and His culture. You are the Sakthyavesa avatar.

You are the aura of spiritual teachings and you have awakened the sleeping souls.

You are never without thinking of Krishna even for a moment. Every moment of yours, such as walking, talking, preaching, treating others, etc. is a good example for us to lead a simple and enriched Krishna conscious life.

You have taught us how to live like a lotus in the material world.

Your causeless mercy fell on our family 5 years ago even though we were not eligible for that. We did not enjoy your voice when you were singing Hare Krishna Maha Mantra... Hare Krishna Hare Krishna Krishna Krishna Hare Hare / Hare Rama Hare Rama Rama Rama Hare Hare which was played in a Venkateshwara temple on Vaikunta Ekadashi. Even though we didnot enjoy your voice, You have showered your causeless mercy on us and given the taste of Krishna and His Prasadam. Now, the same Hare Krishna Maha Mantra... Hare Krishna Hare Krishna Krishna Krishna Hare Hare / Hare Rama Hare Rama Rama Rama Hare Hare gives us so much solace and your voice is so melodious. You have transformed our consciousness just like that.

With your mercy you can change the fallen souls like us. That's possible only for the Pure Devotee of Krishna, that is You.

Without your causeless mercy, me and my family would have been rotting in this material world. You are the saviour not only for us but for the entire World.

I humbly request you to shower Your causeless mercy continuously on us and hold us with the bridle of Krishna consciousness.

Your ever servant,

Sumitra Krishna Dasa

Sunanda Hari Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances. Dandavat pranams. All Glories to Your Divine Grace!

Srila Prabhupada, Thank you very much for accepting this insignificant, unqualified soul on recommendation of your glorious disciples. Please bless me to realise how fortunate I am to get access to treasure of Divine love of Godhead.

Your disciples are so wonderful, they consider pleasing you and your mission as their life and soul. They are so brilliant in finding various ways and means to spread Krishna Consciousness. It's really amazing to serve them. They are very genius in engaging everyone in service of Their Lordship Sri Sri Radha Krsna Candra under your expert guidance.

Often I experience that the obstacles on the path of practicing Krishna consciousness, just gets evaporated on the way of its actual arrival into existence. Such is the power of implementing your divine instructions.

As helpless, powerless, ignorant, dependent child is most cared by parents, you have bestowed special mercy on this dull, weak soul by facilitating favorable ambiance to execute Krishna consciousness. Still I am such a fool that I keep complaining about my surroundings. Please bless me to become your humble and meek disciple. Let me always satisfy your disciples by serving them enthusiastically and not to dissatisfy them at any time.

Though I am unqualified, unintelligent to preach Krishna consciousness, because of my association with your disciples I have a drop of desire to participate in spreading your supreme mission for my purification. Please bless me to become your good instrument in spreading your message. Let me not become victim of any obstacles like anger, pride, illusion etc., Thank you very much dear Srila Prabhupada for all your blessings and causeless mercy.

Your insignificant servant Sunanda Hari Dasa

Sundara Govinda Dasa.

My glorious Spiritual master HDG A C Bhaktivedanta Swami Srila Prabhupada,

Your mercy poured on this soul is like a cloud burst of the tip of hill which can hold no mercy water but can only get wet. In fact it is the incapability of the puffed up falsely elevated tip of hill to capture your mercy. But your continuous shower of mercy water keeps me always wet in Krishna consciousness. Please never stop pouring this mercy.

Entry in spiritual embassy: A year back when I went to Vrindavan trip, I enjoyed every moment of devotees association. The association of every single thing in Vrindavan like trees, animals, water bodies, buildings, people etc. reminded me of Krishna. Atmosphere was surcharged with Krishna. When I returned to Bangalore I felt separation of this atmosphere and wanted to always remain in such a spiritual atmosphere. I considered myself unfortunate. But by your mercy when I joined ISKCON, Bangalore as a full time missionary, my desire got fulfilled to again be Krishnaized. It is really spiritual embassy or miniature of Vrindavan. Now I am very fortunate by your blessings.

Someone interpreted my dedication as a full time missionary as Fool time missionary. You say “one should feel like a fool in front of the spiritual master”. Let my consciousness always be Full time fool in front of you.

Anarth Nivritti: Let me always believe that you have always engaged me in service as per my nature because you are fully aware of me, my actions and my thoughts. So far you have very limitedly exposed my anarthas, might be because I am not ready. Please purify me more and more. Engage me in more rigorous service at your lotus feet.

You gave me the information of eternal life after death else I would have been materialist, busy in making this life waste. “mad-bhakta-pujābhyadhikā” as Krishna says, “worship of his devotee is greater than His own”. Let me always engage in your worship.

Devotee association: I desired to get association of senior vaishnavas in community. I was thinking association means hearing them and speaking to them. Now by your mercy I am associating by service. Even though I am a fool, those vaishnavas very patiently correct me in my mistakes. Let me serve them with intelligence. Probably this kind of special association is your very special mercy on this fallen jivā. I pray to get more of such mercy.

Thank you for introducing the great acharyas in line of devotion. Bhaktivinod Thakur's life is very inspiring. Those great souls would remain unknown, if you would have not introduced them.

Please make me more and more humble.

Your indebted servant,

Sundara Govinda Dasa.

Sundara Rama Dasa

Dear Srila Prabhupada,

Please accept my humble obeisance.

I remember my life before I come in touch with you. I had no clue of Krishna. No knowledge. No discrimination. Just passed time meaninglessly with no aim in life.

Its by coming in touch with you that I received knowledge. Got to know What to do, what not to do, how to do, how not to do. It is then I got a clue of real knowledge. No one else could give me. Thanks for giving knowledge.

It is then I started acting rightly with little faith which was your own blessing. It is just the guidance and association of you and your devotees which kept and keeping me going.

It was you who gave me firm faith in Krishna. Whenever I get deviated, it was/is your books and lectures which kept/keep showing me light. Those are the ones which inspire me and give me strength to keep up my Sadhana. All that little intelligence and inquisitiveness is just your blessing. It is you who is giving me the spirit for doing spiritual activities. Thanks for giving all these.

Most importantly, you gave mercifully the most precious gift, Krishna and you are the one who is helping me increase love for him. Although it is very rare to get such a gift, you gave it even though I am very unqualified. If at all any little feelings I have for Krishna, it is just your mercy.

Let me never lose this precious gift of yours and always remember you and Krishna at the core of my heart. It is by your mercy that I am aspiring to become more and more Krishna conscious. You keep guiding me mercifully from within to progress in love and devotion. Please keep guiding me.

My life is useless without you. Anything good if I have got is just your mercy. My heart felt gratitude unto you. Let me always remember you and serve you at the core of the heart to my best capacity. Please engage me more and more in your service.

Please pardon my offenses. Kindly bless me and accept me as your servant.

Your humble servant, Sundara Rama Dasa

Suniti Devi Dasi

Hare Krishna.

Dear Srila Prabhupada,

Please accept my most humble obeisances at your lotus feet. All glories to my revered spiritual master.

By your causeless mercy and grace, I have come in touch with Krishna Consciousness movement. The word Guru means one who removes the darkness of delusion. The Guru is the grace bestowing power of Lord Krishna. This Shakti through Guru is transmitted to devotees through his boundless grace. It awakens the Divinity within us. It is not possible to know our true self through self efforts. You have opened my darkened eyes and filled my heart with transcendental knowledge. The fire of knowledge burns away the desires of disciple whenever we surrender to Lord Krishna and self realisation blossoms forth. Kindly protect me & give me the strength and blessings to be always in service at your lotus feet. I am grateful to you for allowing me to be in the association of devotees. By following your instructions and chanting 16 rounds of Hare Krishna Mahamantra daily, I am progressing with your grace in spite of my weaknesses. Please pardon me for my mistakes and accept me as your humble servant. I sincerely pray to your Divine Grace to kindly give me the eternal shelter at your lotus feet on this auspicious day of Vyasa Puja.

Thanking you.

Yours humble servant, Suniti Devi Dasi

Sura Dasa

Dear Srila Prabhupada!

Please accept my humble obeisance unto your divine Lotus Feet. All glories to you.

There are many striking points from your teachings that impacted me in my life. Out of those many ones is that, all the living entities are entitled with four defects: imperfect senses, tendency to cheat, getting illusionised and to commit mistakes. When I first heard this from you in classes, it made me think like, "OH Really, am I defective?, and all others too!". In course of time I started testing or analyzing these defects in me and others, just to check is

this what the situation with each one of us. Eventually I started sensing that yes I am defective and with further duration I could understand same is the case with others as well.

I accepted that I am defective.

But next question hit me is why are you saying so? If the knowledge has to be received from a person who is free from those defects, then are you free from these defects? Because presently I am receiving the knowledge from you and it becomes my responsibility to be aware whether I am receiving knowledge from the right source. Gradually I found that it is only you in this planet who is free from all these defects. Every word you speak has no flaw, every word you write has no mistake, every action you perform has no defect, and whatever you think has no ambiguity.

These qualities of yours are the ones which are transcendental and make us feel what true love and compassion is.

Your Aspiring Servant, Sura Dasa

Surabhi Devi Dasi

Dear most Srila Prabhupada. My humble obeisances unto you.

Here I lay helplessly in front of you again paying obeisances unto you with repentance. Although I shamefully accept that I have been committing varieties of offences at your divine lotus feet, I should mention that I am able to feel your presence more and more, every time. My Vyasa puja homage is like a confession letter of all my mistakes rather than glorifying the endless glories of the most merciful Spiritual Master such as you. Please forgive me for this Srila Prabhupada. I am sincerely trying to overcome my faults day by day. I am consciously putting maximum efforts in this regard. But my purva janma krta vasanas are still disturbing me in numerous ways. Srila Prabhupada please give me strength.

As you have engaged me in teaching children, the Bhagavad-Gita for a considerable time, I have information of the details in the Bhagavad-gita, but then I am also understanding very well that I am so poor in knowledge because I have not realized even one of that information. I am able to relate what you or Krishna say about a particular material situation, but I am failing miserably in applying it practically. I wonder when will I do only things told by you and reject every other thing in my life. This is because I am attached to many things. When will I sever this karma granthi with the sharp vijnana. Please give me strength Srila Prabhupada to tolerate the temporary pains of that disassociation from the sense gratification. Please fix my consciousness when I take a proper decision in lines with your instruction, let my intelligence not slacken by the effect of my cunning mind's agitations.

My tiny endeavor in this path is that I have somehow managed to make my routine of attending Mangala arathrika, chanting in the Brahma muhurtha, listening to your divine sweet voice in the form of your lectures for one to two hours a day, attending the lectures in the temple discoursed by your good self or our senior Vaishnavas, reading your books, attending the Bhakthi shasthri school, strictly follow nirjala fast on all ekadashis, strictly follow some austerity during the Chaturmasya, that's mentioned by you and more, rendering service in the organization to the best of my ability, trying to consciously overcome the fault finding tendency, performing deity worship at home, eating prasadam and nothing else, trying to render service to Vaishnavas to my capacity etc., All these are helping me to keep myself engaged in not doing something unfavorable to my spiritual progress. But Srila Prabhupada, I still can feel how strong Mayadevi is that she can captivate any person who considers himself very strong in devotional practices. One last item which is the most important is your causeless mercy Srila Prabhupada. Please help me Srila Prabhupada. Like one devotee said, I am riding on the bicycle, if I can somehow hold on to your motor car, I can reach my destination, by my own it just appears like the aakasha pushpa but by your divine mercy, I can.

You know, and only you know my inner heart, so I kindly beg you to please not neglect this soul, poor of any sanity, because a pure devotee like you is always surrounded by your strong, sincere and simple disciples. I am not strong,

neither simple nor sincere, But I am endeavouring to be simple and sincere. Please consider this useless jiva as an exception and have a consideration in some corner of your mind. That is more than enough for my success. Right now, I just pray that I continue with whatever sadhana I am doing right now with more seriousness and humility. Even by chanting 'Thank you' millions of times in millions of lifetimes wouldn't be enough to show a little gratitude for gifting us Krishna Consciousness, what to speak of repaying! Please allow me to be in some corner of your organization ISKCON life after life, I may also someday become a strong, sincere and a simple disciple of yours, Srila Prabhupada.

"Goodness was the stranger I met after you looked at me, Srila Prabhupada"

Thank you

Your's eternal servant,

Sureshwar Das

My Dearest Spiritual Master Srila Prabhupada,

Please accept my fallen obeisances at Your Eternally glorious and effulgent Lotus Feet.

I neither have enough purity at heart to realize the quantum of Your magnanimity. Nor enough words to glorify you properly. But one thing I understand for sure that I am among the most fortunate beings having gotten the most glorious opportunity to somehow reach the shelter of Your effulgent lotus feet. You are the only one who can protect me from this blazing fire of uncontrolled desires, lust, greed and anger. I still do not find myself qualified enough to call myself a disciple to Your Divine Grace. But I pray to Your benevolent self the following.

'I hereby offer myself at your feet with all that I consider mine. Please let me be engaged at your lotus feet life after life. Chastise or punish me as you wish. But in any case please do not let me go away forgetting the glories of your lotus feet. O the personification of the mercy potency of the Supreme Lord Sri Krishna, please be merciful to this fallen one so that I may forever be prostrated at your disposal. So that I may forever be ready to do all that I am asked to do for the furtherance of your mission.'

Hoping to be able to be your disciple some day,

Your fallen servant

Sureshwar Das

Tribhuvananatha Dasa

Dear Srila Prabhupada.

Please accept my Humble Obeisances. All Glories unto you.

This has been a very nice year in Krishna Consciousness, I got the opportunity to visit 2 Holy Dhams within less than 4 Months to Udupi and Kishkindha Dham with wonderful devotees. The visit to both the Dham was very joyful, inspirational and filled with Krishna Conscious Engagements. To go with the devotees for a Dham Yatra is always an out of the world experience with Grand Temples, get inspiring association, honor mouth watering Prasadam and participate in amazing Kirtans. In past one year, I have been able to clearly observe the nature of mind and senses which are always eager for sense gratification and try to find ways to deviate the owner the soul from practicing Krishna Consciousness. By your blessings and the wonderful process of Krishna Consciousness I have been able to avoid the traps and distractions which are put up by the mind and senses in various situations. I also got the great opportunity to stay in FOLK Residency, which has helped me practice Krishna Consciousness

very smoothly and make a lot of progress. I was able to practically realize the many truths about the nature of the material world, life in the material world, the jiva & his tendency to enjoy independent of Krishna, the tendency to fall for the traps set by Maya and many more realizations. The various truths of Krishna Consciousness became more evident by staying with devotees in FOLK Residency. Practicing Krishna Consciousness in the association of devotees is the best for every serious spiritual practitioner. In the following year, I hope to make more and more progress and continue having the chance to stay in the association of devotees and practice Krishna Consciousness just as you have instructed and hopefully join temple as full time missionary at the earliest by your blessings. I am ever indebted to you, Srila Prabhupada.

You are My Lord Birth after Birth.

Your Servant,

Tribhuvananatha Dasa.

Vainateya Dasa

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories to Your Divine Grace!

When I sit back and remember how I had so many goals in my life before I had come in touch with devotees, and after coming in touch with devotees, I joined ISKCON!! What made me take such a life-changing decision? It's your causeless mercy. You gave me a mission in life that is far more superior to all other missions in life that anyone can ever have.

As it is said in SB 7.7.55, That, "In this material world, to render service to the lotus feet of Govinda, the cause of all causes and to see him everywhere, is the only goal of life. This much alone is the ultimate goal of human life, as explained by all the revealed scriptures".

In spite of knowing all this, still I was very reluctant to take up Krishna Consciousness as the goal in my life, but it was only your causeless mercy that made me seriously pursue it. I had so much attachment with my so called family, taking a step of complete dedication, which I had never ever dreamt about it. But, your causeless mercy made it all possible. If I look back and think what made me chant 16 rounds daily, read your books, do book distribution, etc, I don't have any answers except your causeless mercy and your compassion towards this undeserving soul.

Despite whatever our deficiencies were, you were invariably compassionate and patient with us, and this in turn increased our desire to please you. Just like one of your disciple recalled that when the bananas were to be placed onto the fire (for marriage ceremony), Sam and Melanie, initiated as Shyamasundara and Malati, thought that Prabhupada wanted them to eat the bananas. So they began peeling and eating the bananas, and Prabhupada said, "No, no, put on the fire." So at one point, Prabhupada told them to bow down to pay obeisances, and both Sam and Melanie thought that Prabhupada said, "Blow, blow, blow out." So they began trying to blow out the sacrificial fire. They got down on their hands and knees and started blowing very forcefully on the fire. So it created some disturbance, and Prabhupada corrected them saying, "No, no, bow down, bow down - obeisances!" So they finally understood and got up. So they were all so new, so neophyte, but Srila Prabhupada just saw their sincerity.

Even Lord Brahma, had to meditate for one hundred years before he could understand the supreme cause of all causes, and then he wrote the Brahma Samhita. One has to wait for the mercy of the Lord before one can either render service unto Him or know Him as He is (SB 3.8.22). But, you had it so easily available to us.

For advancement of material knowledge there is a need for personal ability and researching aptitude, but in the case of spiritual knowledge, all progress depends more or less on the mercy of the spiritual master. The spiritual master must be satisfied with the disciple; only then is knowledge automatically manifest before the student of spiritual

science (SB 2.1.10). You had mention that by strictly following the rules and regulations of bhakti yoga & endeavoring to preach Krishna Consciousness will please you the most.

Please give me the strength so that I can strictly adhere to the rules and regulation of devotional service and come out of lethargy and boldly go out and preach. On my own I don't think I'm capable of it, but I require your causeless mercy. Let your instructions be my only sadhana, sadhya, my only livelihood. I should not be able to give it up at any stage of my life and will follow those instructions whether I feel happy or unhappy.

I have a desire to preach to good class of youth in colleges and company, so that some of them can join your mission full time and take your mission to great heights. Srila Prabhupada as you had told in one of your conversations that:

We should always be enthusiastic to try for capturing the rhinoceros. That way, if we fail, everyone will say, "Never mind, nobody can catch a rhinoceros anyway," and if we succeed, then everyone will say, "Just see what a wonderful thing they have done!"

Please Srila Prabhupada, inspire me, bless me, so that I start aiming for rhinoceros, because that's what pleases you and my spiritual authority. Despite all the hardships, please bless me so that I can continue my devotional service, retain my purity (by following 4 regulative principles strictly) and don't waste my time in gramya katha.

Srila Prabhupada, as I had mentioned before that I was very reluctant to take up Krishna Consciousness full time, but your causeless mercy made it possible. I have been assigned a service to inspire other youths to take up Krishna Consciousness as their only goal in life. I'm finding it little difficult and lots of obstacles are coming on the way. Please bless me so that I'll be able to give up my independent nature and everything that I do from this moment on, every decision, every act, will be based only on "Will this please Srila Prabhupada and my spiritual authority?". Please make me an instrument in Your divine mission to preach to the non devotees so that more and more suffering souls come under your shelter .

Your Servant, Vainateya Dasa

Vaishnava Bandhu Dasa

Dear Srila Prabhupada,

Kindly accept my humble obeisance at your golden lotus feet on this auspicious day of your appearance. All glories unto you my spiritual master!

As predicted by Lord Chaitanya, you appeared to propagate His mission in every town and village of this world. Your endeavours in this regard are being glorified by great scholars. This is amplified by Mahasadhaka book in Kannada. I am inspired by the sincere desire of your dear devotees, at ISKCON Bangalore, to spread your glories widely through various initiatives like Prabhupada Lila mobile app, websites, etc.

Just like a brave soldier who would prefer dying in the battle to relaxing at home, you preferred to die while serving the order of HDG Bhaktisiddhanta rather than living comfortably in Vrindavan, the home for God lovers. With your mightiest weapon, the Holy Name, you have removed the dense dark ignorance of the conditioned souls. Srila Prabhupada, the evils of voidism and impersonalism disappear when your mercy enlighten our lives. "If even one man becomes a pure devotee of the Lord we shall consider our attempt a success." - You wrote at the end of the Preface to Bhagavad Gita As It Is. Such is your uncompromising delivery of the precious product, the message of Lord Krishna as it is to all the suffering souls.

I do not know how long I have been suffering in this material world accepting material bodies in different planets and species. I can't estimate how many sufferings I've undergone. Your causeless mercy has opened my eyes in this life. "The guru's business is to see that no human being suffers in this material world. No one can claim that he is not suffering." - you state this in The Science of Self Realisation book. Let me stick to this wise decision, which I have made, to cross over this ocean of nescience with you as my captain of this ship-like human body. I wish to

sincerely follow your instructions which are capable enough to favour my journey towards reaching the supreme abode of my dear Lord Krishna. Srila Prabhupada, going back to Krishna is the highest goal of human life. However, Lord Chaitanya Mahaprabhu specially instructs us that to remain in the association of pure devotees and act as the loving servant of Krishna is the ultimate. Let me act on this instruction which you have kindly given to us.

Dear Srila Prabhupada, I pray at your Lotus feet to keep my determination steady and my devotion unalloyed. Let me not run after satisfying the insatiable enemy called lust. I seek your mercy to help me improve the quality of my reading of your divine books. Let my eternal identity as the servant of Krishna always prevail in my consciousness through your nectarine words that are rich with the message of Godhead. Please inspire me to “serve you the way that pleases YOU” disregarding my foolish personal ambitions.

I utterly beg your mercy so that I can constantly chant the Krishna Nama with all the humility and hear without the ten kinds of offences. All glories to you, Srila Prabhupada!

敬爱的灵性导师圣帕布帕德：

请接受我在您莲花足下最诚挚的顶拜！

jaya sri-krishna-caitanya prabhu nityananda

Hare Krishna Hare Krishna Krishna Krishna Hare Hare Hare Rama Hare Rama Rama Rama Hare Hare

一切荣耀归于您及上主戈朗噶！

敬爱的导师，我并不是一个很会表达的人，也并不知道应该怎样赞颂才能真正荣耀您诸多的优秀品质。您的优秀品质那样多，我只是希望我自己也能稍微具有一点点，但大多数时候我只不过是看到自己的无知，堕落，多么没有资格为您服务。每当念诵和服务的时候看到自己的不堪当，我都为自己感到惭愧。但是就算这样，一直以来您并没有放弃我，继续收留我在庙宇里服务，容忍我的过错，宽恕我的罪过，依然祝福着我，净化着我的内在，为此我真的感激不尽，谢谢您无尽的慈悲，包容了我的不完美，渐渐培养我对上主的爱。

有时我问自己，到底什么时候我才能像您一样对上主具有那自发而强烈的爱？我渴慕着，但是自己差得实在太远，总也够不着祂的美。我着急。只能更努力。希望有一天我可以彻底转变，不再自私，贪婪，易怒，极端，焦虑，嫉妒，冷漠...，而变得更纯粹一点，能更好的为您做无条件的奉献服务，也能靠上主更近一些。

希望您祝福我。我在您的莲花足下谦卑的顶拜并祈求您的怜悯，我想要的只是对奎师那的爱，其他的都不重要，我也要训练自己彻底弃绝这个世界，而回到灵性世界和您们在一起。我渴望着。我知道您一定能看到我的心，就请您祝福并启发我吧。我希望自己对您的爱和服务更加纯粹。祈求您的祝福。

千言万语说不尽。感谢您的无私，博爱，宽厚，仁慈，容忍，体谅，智慧，怜悯...，以及对上主纯粹的爱。我感到自己万般幸运可以成为您的门徒。希望自己今后可以更完美的为您服务。

一切荣耀归于您，愿您永远受赞美！哈瑞奎师那！

Jai Śrīla Prabhupāda.. All Glories to Srila Prabhupada..

Hare Krishna Śrīla Prabhupāda.. Please accept my humble obeisance at your divine lotus feet.

I offer my respectful obeisances unto my spiritual master, the deliverer of the fallen souls. His mercy turns the dumb into eloquent speakers and enables the lame to cross mountains.

Dhyana Moolam Guru Murti, Puja Moolam Gurur Pādam,
Mantra Moolam Gurur Vākyaṁ, Moksha Moolam Guru Kripā

The Guru's form is the best to meditate upon; the Guru's feet are the best for the worship; the Guru's word is the matra; the Guru's Grace is the root of liberation. (Skanda Puran Dialogue between Shiva and Uma)

Śrīla Prabhupāda As the time goes by, I become more and more intense aware of my helplessness. By your mercy my false pride gradually diminished, and sometimes the sense of genuine helplessness shines through in my habitually proud heart. The day of your Vyāsa-pūjā is a very special day, because it gives me a chance to think deeply on the matter of my helplessness and I am completely dependent on your mercy.

Without your selfless mercy I will immediately become void and useless. So therefore your mercy is all that I am made of. Being without your mercy is like fire without heat, or a body without a soul. So please, Śrīla Prabhupāda, please don't cut off your mercy. My body is belong to you, so you can do what you want with me. But I am asking that you allow me to continue my service to you eternally. By your causeless mercy you have pulled me out from this material entanglement.

Śrīla Prabhupāda, you have given us, and indeed all mankind, the most precious gifts. You have given us the knowledge of our true identity as eternal spirit souls, parts and parcels of Kṛṣṇa, our supreme father, master and well-wishing friend. You have given us books and wonderful purports. You have given us the method by which we can re-establish our relationship with Lord Kṛṣṇa—śrī-kṛṣṇa-saṅkīrtana. You have given us the opportunity to associate directly with Lord Kṛṣṇa by means of His holy name and by worshiping His transcendental form Deity in Temple. Śrīla Prabhupāda, you have given us ISKCON & morning program and full sādāna. You have given us wonderful Lectures. You have given us everything in your ISKCON to make our lives perfect and to help others make their lives perfect. Thank you very much Gurudeva.

Our spiritual master is the ocean of mercy, the friend of the poor and the lord and master of the devotees. O, master! Be merciful unto me. Give me the shade of your lotus feet. Your fame is spread all over the three worlds.

Still, although I know myself to be unqualified and materialistic, I pray to remain your humble servant and learn the art of associating with Devotees.

Your insignificant eternal servant,

Vasudevasuta Dasa

Vasudha Priya Devi Dasi

Jai Sri Radha Krishna Chandra! Jai Sri Nitai Gauranga! All glories to Srila Prabhupada!

My Dear Spiritual Master and my Spiritual Father, Srila Prabhupada,

Please accept my several humble and respectful obeisance unto your holy lotus feet.

As I begin my Vyasa Puja offering unto your lotus feet, it is giving me immense pleasure because I remember how special and important this year has been for me. This year, you formally and officially accepted me as your disciple. This means so much to me. I thank you endlessly for that and I beg unto you to kindly bless me so that I can keep up the promises I have made to you in this entire life and beyond and to serve you in a very nice way with love, commitment, dedication and devotion. I accepted you as my spiritual master and as my spiritual father. You have accepted me as your disciple and as your spiritual daughter and the same you reciprocated to me in my dream and also through your quotes & messages. This is the most precious relationship that I treasure always. There is no other better or wonderful thing that can ever happen to me in my life than this. I am forever indebted and grateful to you. We are fallen souls and you have come to selflessly help us and liberate us eternally to Lord Krishna's kingdom. You have come to teach us how to love Krishna and how to serve Him. Nothing in this universe can be greater and sweeter than this. Ultimately it is all about loving Krishna. Without your guidance nothing is possible.

To conditioned souls like us who are deeply entrapped in Maya, there is no one to save us except for the great causeless mercy of a pure devotee of the Supreme Lord. We all are so fortunate that we have your causeless mercy upon us. There is no better friend than you. You are the true friend and the ever well-wisher to all humanity and to all the living entities. It is because of your causeless mercy we found the real meaning of our lives. Our lives became worth living because of the torch of devotion that you lit up in our hearts. Dear Srila Prabhupada, I honestly want to say that I really lack words to explain how grateful I am to you. I can only feel it deep within my heart and soul.

Dear Prabhupada, I want to thank you endlessly for the opportunity you gave me to visit few of your pastime places in the Western world (East Coast USA) this year. I am deeply moved. The amount of selfless sacrifices, the endeavors, the hardships, the efforts, the sufferings you have gone through are too great and they are immeasurable. Even though I was not so fortunate to be there when you were physically present, by visiting those pastime places where it all began and by listening to the pastimes, it helped me to visualize the pastimes in a much better manner. It increased my commitment even more to the Krishna Conscious mission and it doubled up my love, appreciation and respect for you. I pray that all your disciples get the opportunity to visit these places and get closer to you and your mission. The causeless mercy you are showing on all the insignificant, fallen and conditioned souls is the only ray of hope in this fallen age of Kali-yuga. Thank you so much Srila Prabhupada. All glories to you and my humble obeisance unto you.

Your servant,

Vasudha Priya Devi Dasi

Vedavati Devi Dasi

Dear Srila Prabhupada

Please accept my humble obeisances unto your lotus feet.

All glories to your divine grace.

In Guruvashataka it is said that, "The lotus feet of our spiritual master are the only way by which we can attain pure devotional service and attain Krishna". Dear Prabhupad you are the ocean of mercy and friend of the fallen soul, without your mercy we cannot get the love of Krishna. I am such an unqualified fallen soul. I know I am not a worthy to get your's and Krishna's mercy, but still you are showering your compassion upon me. So please bless me and give me the strength to become your humble and meek disciple and serve your mission to the best of my endeavour. Since you entered in my life, I realized the importance of Guru in my life. Only by your grace one can cross over this difficult ocean of birth and death cycle. You are my Lord birth after birth. Only By your mercy and wish we can get the love of Krishna. Being an unqualified, fallen servant I beg to your lotus feet to please keep me under your shelter and bless me to be your good instrument to guide my daughter and others whom I come in touch in my life to inculcate Krishna consciousness and your instructions to the best possible way.

Thank you very much dear Srila Prabhupada

Vedavyasa Dasa

Dear Srila Prabhupada, please accept my most respectful, humble obeisance. All glories to Your Divine Grace!

Srila Prabhupada, Your Divine Grace have displayed enormous devotional qualities during the golden time You physically graced this world. Although this world is full of degraded qualities, Your transcendental appearance blessed this world. It is our greatest fortune that all of our lives have been blessed by Your Divine mercy.

On this auspicious day of Vyasa Puja, I humbly submit at Your Lotus Feet that how You transformed over the years since I came in touch Your Divine Grace. It's truly wonderful. You teach who the guru is by Your personal example.

You have always represented the Absolute Truth in Your speech and actions. Your presentation of the purity of guru Tattva or the principle and surrender of a disciple to Guru, who is a personal representation of such purity was most impressive.

Dear Srila Prabhupada, You have mercifully set up the ISKCON institution with Your transcendently brilliant foresight and made this guidance available at all levels from different Vaishnavas who are servants of Your Divine Grace.

I am ever grateful to Your Divine Grace for sheltering us so lovingly and protecting my devotional service in spite of always falling short of sufficient faith and devotion unto Your Lotus Feet. Please bless me so that I can be worthy of being the servant of the servant of the most sincere and obedient disciples of Your Divine Grace. It is only by Your causeless mercy that I am engaged in devotional service since I am not worthy of it and have no personal qualification to be engaged thus. I am eternally indebted to Your Divine Grace for Your eternal shelter, kindness and continued flow of mercy.

Your most fallen servant,

Vedavyasa Dasa

Venulola Dasa

Srila Prabhupada, please accept my humble obeisance on this auspicious occasion of Vyasa Puja

Srila Prabhupada, it is simply impossible to glorify you with my very limited knowledge of words. I always think of only one thing in my life that if I have not come in contact with Your Grace, I would have lead the life of an animal i.e. Eating, Mating, Sleeping and Defending, which is a life of large portion of the human society.

Srila Prabhupada, Your lotus feet is the only way by which I can attain pure devotional service. I bow down to Your lotus feet at least three times a day with great awe and reverence. With your mercy, I am confident that I can cross this ocean of material suffering and obtain the mercy of Lord Krishna.

Srila Prabhupada, Please give me all strength to be part of your movement.

O master, Be merciful unto me. Give me the shade of your lotus feet.

I beg forgiveness for my many offenses that I committed while trying to do little service to your movement.

Thanking you Srila Prabhupada for being my divine, loving spiritual master life after life.

Your eternal servant

Hare Krishna,

My dear Srila Prabhupāda, Please accept my humble obeisances. All glories to Your Divine Grace on this, the 122nd anniversary of your glorious appearance day.

All glories to Your Divine Grace, savior of the fallen souls, and the most dear friend of all devotees engaged in the sankitana movement of Lord Chaitanya Mahāprabhu. On this auspicious day, the anniversary of your appearance in this world, we have an opportunity to renew our commitments to your service and review our failings and accomplishments in the past year. It is a time to reflect on the sacrifices You made to bring us into contact with Krishna consciousness. It is without doubt the most important day of the year for all the devotees in ISKCON. It is a day that brings us together and strengthens the unity of your spiritual family. It is a festival that no devotee can afford to miss.

Srila Prabhupāda, Please allow me to be a servant of the servant of your devotees. Please keep me under the shelter of your lotus feet.

Your servant,

Vijayendra Krishna Dasa

Vimala Krishna Dasa

Dear Srila Prabhupada, on this auspicious day of your Vyasa Puja, I bow down to your lotus feet again & again which is the abode of pure devotion.

Because you are so merciful that you accepted me as your initiated disciple. You have given me an opportunity to do well at your lotus feet and make my life successful.

The guru is essentially the servitor of the Supreme Lord but he is also a plenary manifestation of the Lord. In this connection Krishnadasa Kaviraja Goswami quotes from Srimad Bhagavatam Eleventh Canto that one should know the Acharya as me and never disrespect him in any way, not envy him thinking him an ordinary man for he is the

representative of the all the demigods this is the manifestation of the Lord as an external spiritual master also called the Acharya. Krishna manifests himself as Supersoul and as the greatest devotee of the Lord. In this connection, Uddhava offers a prayer mentioned in the 11 canto - “My Lord you appear in two features: externally as the Acharya and internally as the Supersoul to deliver the embodied living being by directing him how to come to you”.

Dear Srila Prabhupada all your pastimes are inspiring and instructive. The most inspiring pastime for me is when you showed your compassion upon Hanuman Prabhu at the same time displayed your humility. When that devotee fell from his Sannyasa and approached you in a humble way you accepted him by stating “Lord Chaitanya can make whole world devotee in one second but I’m the servant of the Lord, I need your help. If anyone helps me in my service, I’m eternally indebted to them”.

Dear Krishna thank you So much for Your Divine mercy.

O Krishna! By Your Grace,
I met His Divine Grace.
He opened my eyes with,
The torch of knowledge;
Threefold miseries,
The things I acknowledge.
I possess no single quality,
Your mercy is my only ability;
Bless me with intelligence,
Help me to check arrogance.
Showed the path of emancipation,
Chanting, the way of glorification;
O Krishna! By Your Grace,
I met His Divine Grace.

Follow your words crystalline,
Partake in your mission divine;
Attachment to worldly pleasure,
Separated from eternal treasure.

Enable me to glorify you,
Beyond boundaries of my view;
In your service I offer,
Life, mind & words to proffer.
I pray to serve in pleasure or pain,
To make my life perfect again;

O Krishna! By Your Grace,

I met His Divine Grace.

In my limited observation, I can see that you carry the same mood as Hanuman. Just like Hanuman crossed the ocean for the mission of the Lord. When Hanuman entered Lanka, he had to see obscene activities in the palace which you had to see in us. Hanuman is the epitome of service to the Lord. He displayed full Shakti & Bhakti. You also displayed similar qualities. In your advanced age, you traveled the world 14 times displaying your devotion to the Lord. Hanuman healed the wounds of Lakshman and the Vanara Sena by giving Sanjeevani. Similarly, you healed the wounds of the whole material existence by giving Krishna Nama. I pray to Sri Hanuman to bless me to become a sincere servant at your lotus feet.

Your Unworthy Servant,

Vimala Krishna Dasa

Vishnuduta Dasa

Dear Srila Prabhupada,

Please accept my most respectful obeisances. All glories to your Lotus Feet!

It really amazes me that even I have an opportunity to exercise my free will to express my gratitude, however imperfect it may be, to your Divine Grace on the auspicious occasion of your appearance day. While the majority of the living entities in the material world are running hither & thither due to ignorance, you have most compassionately allowed me to come in touch with you by bestowing your ever-boundless causeless mercy.

Prabhupada, just like Krishna's glories can never be fully narrated even by Lord Anantadev's thousands of hoods, your compassion for all the conditioned souls can never be rightly appreciated or glorified to the fullest extent, for you're always in touch with Krishna.

You exhibited all the 26 qualities of a pure Vaishnava, while you were physically present on this planet. Humility is one among those qualities that you prominently exhibited several times.

Guru Das shares:

"I had begun to read Bhaktivinod Thakur's writings a lot and I really liked it because of the poetry in me, the imagery, it was very flowery. Talk about compassionate. In my heart I liked Bhaktivinod Thakur's writings the best, I liked Prabhupada's the best but Prabhupada had a formal side to me and them... public persona. When he was lecturing he was apparently more stern, not always. As far as the writing, is very nice but sometimes I found it to be 'repetitious'. So in my heart and I'm not meaning this as blasphemy and just being honest as a person, I liked Bhaktivinod Thakur's writings. So I lied on the walk, that Bhaktivinoda Thakur is my second favorite author.

Prabhupada looks over at me and says: second?

Again at least I read that that he read my mind. So I said actually he is my favorite.

He said "Yes, if I was one-tenth the..... and he sobbed", if I was one-tenth of Bhaktivinod Thakur, I'd be a great devotee."

Thank you Srila Prabhupada for instructing & teaching us how to always embrace humility by your personal example.

In the second chapter of CC Adi Lila, you write:

"A disciple of Kali cannot become a ācārya by the decision of some high court. Mundane votes have no jurisdiction to elect a Vaiṣṇava ācārya. A Vaiṣṇava ācārya is self-effulgent, and there is no need for any court judgment. A false

ācārya may try to override a Vaiṣṇava by a high-court decision, but Bhaktivinoda Ṭhākura says that he is nothing but a disciple of Kali-yuga.”

Thank you Srila Prabhupada, for allowing me to be in touch with your bonafide institution that strives to carry out your instructions without any deviation and upholds your position as the final authority and Diksha-guru of ISKCON.

Prabhupada, the value of your divine instructions that you have given in your books for our benefit is immeasurable & unfathomable.

On this auspicious occasion, I pray unto your Lotus feet so that I may have the strength to always be conscious of your instructions and carry them out without any compromisation or deviation.

Krishnadasa Kaviraj Goswami writes in CC Adi Lila:

*ācāryera mata yei, sei mata sāra
tānra ājṣā laṅghi' cale, sei ta' asāra*

“The order of the spiritual master is the active principle in spiritual life. Anyone who disobeys the order of the spiritual master immediately becomes useless.”

Dear Prabhupada, I helplessly beg for your mercy so that I may always be engaged in making your order as the active principle of my life and serve your glorious mission of spreading Krishna consciousness.

Your aspiring servant, Vishnuduta Dasa

Vrajeshwara Govinda Dasa

Dear Srila Prabhupada,

Please accept my most humble and respectful obeisance. All glories to Your Divine Grace.

I deeply and wholeheartedly thank you for your protection, guidance and helping in my journey throughout the amazing Krishna Conscious life.

I often ignore and forget the most fundamental principle of Krishna Consciousness is to please the spiritual master.

*yasya prasādād bhagavat-prasādo
yasyāprasādān na gatiḥ kuto 'pi*

"By satisfaction of the spiritual master, the Supreme Personality of Godhead becomes satisfied. And by not satisfying the spiritual master, there is no chance of being promoted to the plane of Kṛṣṇa consciousness".

This is the most essential instruction for advancing in spiritual life. That is the secret of success. As stated by Viśvanātha Cakravartī Ṭhākura in his eight stanzas of prayer to the spiritual master.

Also, I have realized that I can please you only through pleasing my spiritual authorities. Please help me to remember and practice this fundamental instruction always.

I have also noticed while I'm rendering the devotional service, I need to glorify you and that should be the prime objective of the disciple.

But due to my anarthas and inabilities even though I would want to glorify you but I feel I'm doing a great injustice.

Srila Prabhupada, I strongly pray at your lotus feet that please help me to overcome my anarthas and inabilities so that I can glorify you without any hindrance or my personal motives.

Srila Prabhupada, I am always hankering and longing for the below 3 key parameters in my spiritual endeavors.

1. Association:

Srila Prabhupada, On this auspicious day I humbly pray that always keep me in the association of sincere, serious, dedicated, committed and beloved disciples of your grace.

Bhaktivinoda takhura sang, tumi ta' thākura, tomāra kukkura, baliyā jānaha more (Saranagati 19). He thus offers to become the dog of a Vaishnava. There are many other instances in which the pet animal of a Vaishnava was delivered back home to Vaikunta back to Godhead. Such is the benefit of somehow or other becoming the favorite of a Vaishnava.

Please bless me so that I become a dog of your beloved disciples and my spiritual authorities and thus bless me to becoming favorite of your beloved disciples.

2. Mercy:

Srila Prabhupada, You always exhibited how to pray and beg the mercy from our previous acaryas and gosvamis in this way: "without your mercy, I cannot do anything. Give me the mercy. Give me the strength that I may fulfill your orders."

On this auspicious day, I fervently pray for your limitless mercy on this disobedient soul to execute your orders effectively.

Even though you have engaged me in youth preaching service, due to my anarthas and inabilities I'm not rendering service in my best capacity. I need your mercy to overcome all the unwanted things.

3. Faith:

Though I understand that one shouldn't get carried away by the glaring material energy, I'm the most disobedient and untrusted in this aspect. Unnecessarily I'm keeping my faith in illusion than in your instructions. You had saved me from the terrible situations I had encountered in the last year. I have realized that one can not get rid of terrible, unpleasant experiences and calamities. It is a blessing on a disciple to depend more on spiritual master and develop staunch faith.

As you mentioned in Markine Bhagavata-dharma prayers :

bhakti nāi beda nāi nāme khub daro

I have no devotion, nor do I have any knowledge, but I have strong faith in the Holy name of Krishna

Srila Prabhupada, Please help me to have the staunch faith in your instructions and Holy name of Krishna.

Due to my inability in managing the services, I have been so oblivious to your divine association every day. I beg on this auspicious day to shower mercy to associate with you every day.

Srila Prabhupada, You are my life savior and how can I repay you back anything? I only can render more devotional service though I'm unable to do it.

Please bestow your mercy on this most unworthy and disobedient disciple and engage me in your eternal service. Please give me the unflinching spirit of service at your lotus feet.

Your eternal Servant,

Vrajeshwara Govinda Dasa

My prostrated & repeated humble obeisances at the Lotus Feet of My Spiritual Master .

All Glories To Your Divine Grace...

Dear Srila Prabhupada ,

I feel very happy that, this is a wonderful opportunity to me & all other devotees of Krishna who have taken shelter at your Divine Lotus Feet - to think about you , to remember & glorify your love , concern, protection, mercy, your teachings, your reciprocation in our life which makes us - to feel joy, to regret for our mistake, to realise, to beg forgiveness, to change, to become determined, enthusiast, serious, sincere & to take commitment & so on ...

Dear Prabhupada, I was wandering in this material world with full of miseries, misdirected by so called family, friends, relatives & others to lead a materialistic life. Though being harassed by maya at every moment, I was still leading a so called human life. It was you who saved this soul by your causeless mercy. The Hare Krishna Mantra given by you changed me internally without my knowledge & your wonderful books inspired me to take up Krishna Consciousness seriously. Your purports added an extra dimension to my understanding of Krishna consciousness.

Though I am frivolous & lazy but it's only by your mercy that I am still hooked on to Krishna Consciousness. Though you have given me the highest thing ever, I am still hesitant to take it seriously.

Oh! Prabhupada please don't leave me. If you leave me I will be no-where. Please bless me with the shade of your lotus feet .

Please bless me, so that I should take care of my Sadhana with utmost care & seriousness & do more & more devotional service intensively.

Trying & aspiring to be your pure, simple, sincere, serious, humble, obedient, disciplined disciple & servant,

Yadukula Nandana Dasa

Yaduvara Dasa

Dear Spiritual Master,

Please accept my respectful obeisances unto your lotus feet.

Firstly, thank you for resolving, in the previous year, the conflict of where to continue and take further steps in my devotional service.

Another year filled with KC activities, and learnings from the teachings of your Divine grace; yet there is a sense of little incompleteness as am still not able to serve you fully. I can't imagine how merciful you must be, thank you for all the wonderful things you are showering so compassionately and freely in this world.

Prabhupada, am kind of a selfish person. Although I have actively involved myself in self improvement, in improving various aspects of KC and also non-KC stuff (that might be useful in KC) for myself, I have never fully involved in giving back or inspiring the life of others; caught up in my own sadhana, I hardly spend time in preaching, except in temple on weekends. I believe, transformation in others lives only takes place by your grace, but give me the strength to act as an instrument and serve you to my best capacity.

Recently, I heard from one of your sincere servant (one of my authorities) in an association that You and KRISHNA will take us, in the course of our KC journey, through various situations to show us our weakness. It has been true in my case.

The latter half of the past year has been a roller coaster ride for me personally. It was like all the theories that I learnt from the beginning of my KC years put into test from Jan 2018; resisting all the temptations that might have

taken me away from KC, tolerance, sacrificing, detachment, surrendering to the will of Krishna and more importantly being equipoised in distress also. Somehow am stuck to your movement and never left association of devotees, it must be by your grace only. Srila Prabhupada, I now believe that you are in charge of my Life Path, although am not fully surrendered.

Thank you for all the practical realizations that you are giving and helping this fallen soul in overcoming weaknesses; You and Krishna can do anything with our lives. However, Prabhupada I have certain questions, Am sure you will reveal answers to these questions in the course of my rendering further devotional service; am ready to do any Tapas (austerity) to get answers to these by your grace.

Thank you for giving me the association of wonderful devotees who have been so patient in handling me, without forcing anything. They have mercifully taken a neutral stand and allowed me to make a choice when I had to decide on accepting the offer of pursuing a Business and Management course at IIMB (an old desire), which came on its own accord. Prabhupada bless me to utilize whatever skills and networking that I learn from this premier institute in the service of devotees and your mission.

Lastly, I have taken so much from your organization, let me take the resolution to serve your great mission at least now onward, under the guidance of my spiritual authorities without taking any independent decisions. Always keep me in the association of devotees and give me the strength to surrender fully to the will of KRISHNA.

Your Servant of the servant of servant,

Yaduvara Dasa

Bhakta Abhi Ramani

Dear Prabhupada,

It's our pleasure and fortune to follow in your footsteps to make our life successful in this yuga of Kali. Examples you quoted in your lectures help us to realize the truth of this world and to make others understand about Krishna Consciousness. The biggest gift anyone can ever give to mankind is the Hare Krishna Mantra. The power of this mantra is unbound. This mantra is very charismatic like the Supreme Lord Himself. Once who started retreating this mantra he will feel the presence of God around him all the time.

Please continue to shower your blessings and causeless mercy upon this conditioned fallen soul, for there is nothing other than the shelter of your Lotus Feet that can help us stay focused and disciplined in our spiritual life. Words are not enough for us to express the gratitude and reverence for your mercy upon us.

All glories to Srila Prabhupada.

Your servant,

Bhakta Abhi Ramani

Bhakta Abhijit Chandra Roy

Dear Srila Prabhupada,

Please accept my humble obeisance. I am very fortunate and grateful to have You as the spiritual master in my life.

From my childhood, I was fortunate enough to be in touch Your books. It was my grandfather who used to read those books and sometimes enlighten me with the subject matter. However, during that time I was too young to understand the essence of the spiritual knowledge.

After my 10th standard, I was out of my home and as a result, I was out of touch with that knowledge. Fortunately, due to Your unconditional mercy on me, in 2011 when I joined IIT Kanpur, on the auspicious occasion of Sri Krishna Janmashtami, I met a devotee, who introduced me to Krishna consciousness, and since then, I am fortunate to associate with great devotees of Sri Krishna. And now through Your programs at IISc, I'm continuing to be in touch with Your teachings.

My beloved master, You are as merciful as Sri Krishna, whenever I did a mistake, You had forgiven me with no time even though I was unqualified for the same. You have helped me in transforming my life and the meaning of my life from an illusory one to a meaningful spiritual life. Your infinite mercy brought me more close to Sri Krishna.

I thank You my spiritual master, for Your showers of mercy on me and showing me the right path and meaning of my life.

Your insignificant servant,

Bhakta Abhijit Chandra Roy

Bhakta Abhijith

Dear Srila Prabhupada,

Please accept my humble obeisance on the most auspicious day of your divine appearance.

I beg for your mercy for whatever mistake I have done knowingly and unknowingly. You have guided and lifted the entire world from darkness. Your book and knowledge are spreading and I hope I am able to grasp as much as possible and also spread your message. You have shown to us that nothing is impossible by spreading and leading the Hare Krishna movement to a position in such a short tenure. In my life whenever I feel low, I look up at you and see how your divine path and how nothing is impossible by the blessing of Krishna. You have given so much to the human society through your books.

You didn't sleep and compiled books so that we can uplift ourselves. I dedicate a poem written by me which still is less to describe you

Charismatic Srila Prabhupada
In a shrivelled weathered world,
On a holy day was born thou,
True disciple to lord art thou,
Planted the holy seeds of Krishna consciousness,
Whose fruits purify souls and enlightens minds.
Like a mighty messenger of Krishna,
Thou crossed the storm-tossed sea,
For humanity, thou endured pain and struggle,
When the true path lost in the materialistic kalyug,
Thou divine teaching showered as an ever shining light,
Inspiring minds with peace, love and consciousness,
Thou circled the globe fourteen times,
A writer, a messenger, a devotee, an administrator,

Endowed with incredible endless qualities,
Yes, a charismatic leader art thou,
Your hundreds of books uplifting and stimulating minds,
Into millions heart will thou ever stay,
shinning like a star above so high,
Look down to us and shine our path,
Bow always will we, for your blessings and mercy.

Please shower divine blessings on us and every individual to spread Krishna Consciousness and practice Krishna Consciousness. Please shower your mercy to uplift me and purify my soul.

Your servant, Bhaktha Abhijit

Dear Srila Prabhupada

अज्ञानतिमिरान्धस्य ज्ञानाञ्जनशालाकया चक्षुरुन्मीलितं येन तस्मै श्रीगुरवे नमः

Bewildered by the material world, I aspired to be a successful entrepreneur. I was raised in an environment where cut-throat competition is a norm. Fuelled by passion, i worked extremely hard, ran from pillar to post but almost all my efforts were futile. Despite putting in everything that i got, the success was so limited that i eventually drove myself to frustration. Depressed, angry and agitated, i barely remember when was the last time i even smiled. And even if by chance there was an opportunity to smile, i would refrain myself from doing so, as i was scared that something bad might happen if i do so. I was informed that i had some dosha in my kundli and there is nothing that can be done about it. I slowly drove myself to wrong-doings which eventually lead to major set-backs both personally and professionally. I was filled with unanswered questions and kept cursing my luck.

Completely frustrated and having given up on all hopes, I remember the day when i came to ISKCON. Surprisingly, for the duration when i was inside the premises of the temple, I forgot all my worries and when i came out, there was this strange feeling where i was feeling a little happy. It was a surprising feeling where I was asking myself that why am i feeling happy whereas the material situations around me were all depressing. I returned home and there was this happiness magnet which wanted me to come back to the temple again. This drove me to the temple regularly and i slowly got acquainted with His divine grace Bhaktivedanta Swami Prabhupada. I started hearing about his past-times and i started reading his books on a regular basis. Surprisingly, all my questions started getting answered. I accepted Prabhupada as my spiritual guide and completely surrendered myself to him.

Life took a complete U-turn. Prabhupada showed his mercy to me and I felt that he is guiding me wherever i go. It was relatively easy for me to chant 16 rounds of the magical Hare Krsna Mahamantra which (as said by Prabhupada) started purifying me from inside. I felt this immense power and control over my senses and felt that strange adrenaline rush of energy. By reading more and more esp Bhagwad Geeta and later Srimad Bhagvatam (currently i am reading the 4th Canto), i slowly started understanding what is real success, what is the true purpose of human life and how precious and rare it is. It has been his mercy that I completely accepted Krsna Consciousness as the perfect way of life. I started working again with a rejuvenated energy, only this time in Krsna consciousness and started dedicated every result to Krsna (as directed by Prabhupada). Slowly, but definitely, things started improving. Incomplete tasks started getting completed. And finally after a long, long time, i started smiling again.

I sincerely thank Prabhupada for accepting this fallen and sinful soul and for helping me stand again on my foot. I pray to Prabhupada from the bottom of my heart to continue to guide me and give me more and more opportunities

to serve Krsna to the best of my abilities. I also ask for forgiveness for all the sins that I have committed knowingly or unknowingly and I pray that the love for Krsna continues to increase with every passing moment of my life.

Hari Bol...Hare Krishna

Respected Srila Prabhupada,

Please accept my humble obeisance unto your lotus feet. On this auspicious occasion,I would like to express my heartfelt gratitude to you for your mercy which brings me in light of Krishna Consciousness.

I was small when I went to Iskcon where I got the chance to hear the maha-mantra and listen about Krishna. I heard maha-mantra first in music system. The maha-mantra was too amazing due to which I forgot every songs and poem and just chant it in school, home, street everywhere. Most of my friends are in bad company and practice every kind of bad activity. By your mercy and teachings, I never engage myself in bad company.

My life is full of joy and my desire to do service for chant maha-mantra never gets satisfied. When I increase chanting rounds I fell less satisfaction. Just by your mercy, I got a chance to understand Krishna. You are too near to Krishna just keep your mercy upon us and helps to bring the fallen poor souls to service of Krishna. keep us near you so by which can get near to Krishna. I took shelter of your lotus feet an got the real happiness of life. Cannot express the glory of your mercy in words.

Dear Srila Prabhupada,

Please accept my humble obeisances.

You have been my source of inspiration from the day I read Your biographies. Every time I think about You, I am always left with awe as how could a person be blessed with so much strength to endure innumerable frailties of the world and still leave the prasadam of Krishna for the insignificant creatures like us. Whenever I mention about You to any friend of mine, I get goosebumps and I would get an urge to talk endlessly about Your pastimes.

I have been impatient, and have had my own share of shortcomings. I have made ample mistakes, for which I beg Your forgiveness. I request You to kindly bless me with enough strength to continue and evolve on my journey on the spiritual path. Only because of You, I have started to feel the presence of Krishna in my life, for which I am immensely obliged.

Please acknowledge this letter as a “thank You” note, which had been pending from my end for a very long time. I am certain of the fact that I would always have a hand of protection from You and Krishna.

Please continue to enchant me with Your fond memories and pastimes.

Dear Srila Prabhupada,

Please accept my humble obeisance's

All glories to Your Divine Grace!

It is stated in the 4th chapter, verse 2 of Bhagavad-gita: evam parampara praptam, which means the transcendental knowledge was received in disciple succession starting from Lord Krishna Himself. In this Kaliyuga, when our minds and thoughts are so polluted, Srila Prabhupada, You came to ensure that this disciplic succession is not broken and the knowledge should reach the us as it is.

Srila Prabhupada, You also instructed that a disciple should follow the instructions of his spiritual master without any doubts in mind. You Yourself demonstrated this when You went to the western world to preach the holy message of Krishna Consciousness, practically penniless, with firm belief in Your Guru Maharaja's instruction. Because of Your compassion, today the holy name of Krishna is resounding in every part of the planet.

Srila Prabhupada, I was transformed the same way You transformed the hippies in USA as I was involved in all sinful activities before I was given the true knowledge by Your disciples. When we chant the Holy names, the Lord in the heart actually reveals what is right and takes us away from the wrong path. Thank You for giving me the Holy names, Srila Prabhupada.

Dear Srila Prabhupada,

Kindly accept my humble obeisances unto Your lotus feet.

Though I am nowhere qualified and although I do not have the capacity to be able to glorify Your Divine Grace, yet I am taking an attempt to do so because You are just like an ever-loving father who appreciates even a small effort done by his child.

Srila Prabhupada, it is only because of You that so many fallen and wretched souls like myself could get this wonderful opportunity to revive our 'true' nature in the form of Krishna consciousness. You truly have built a house wherein the entire world can live happily forever. This is not because we all deserved it, it has been made possible only due to Your CAUSELESS mercy, which is the topmost quality of a true Vaishnava.

There is no end to Your divine qualities as 'ALL' Your words and actions are always remindful of Krishna. And that is the utmost perfection of life.

Now that You have freely distributed us the opportunity of a lifetime, You kindly also provide us with the required spiritual strength and enthusiasm with which we can make the best use of this 'Matchless' gift of Krishna consciousness. Otherwise, there is no other hope for wretched souls like myself. Kindly never take Your merciful eyes away from us.

Aspiring to be a servant of Your servants,

Dear Srila Prabhupada,

Please accept my humble obeisance unto Your lotus feet.

I am not even qualified to write about You, but due to Your fiery preaching movement I have come in touch with Your bhaktas and taking this opportunity to thank You for Your words, movement, organization and many things You created to save the fallen souls like me.

You gave me the reason to understand the meaning of life and way to live the life. I was engaged in leading a life in “andhakupa” material world where our leaders are blinded by the dazzling reflection of maya. Yours appearance on the earth as predicted by Chaitanya Mahaprabhu is to relieve and deliver the fallen souls like me.

We are more engaged in resolving the material world mystery and making futile efforts by exploiting more materialistic life which in turn gives us only miseries. The most essential remedy for all this worldly misery is to cling on to Your lotus feet and Harinam sankirtan which only can destroy all the unnecessary problems of the material world. Please give Your blessings to this fallen soul and continue to guide me to utilize this human form of life in Your service.

"I offer my respectful obeisances unto my spiritual master, the deliverer of the fallen souls. His mercy turns dumb into eloquent speakers and enables the lame to cross mountains."

Please accept my humble obeisance unto your lotus feet. I pray for your merciful glance onto me on this auspicious occasion of your 122nd appearance day celebrations.

Prabhupada, I do not have a count of, how many lives I was wondering from places to places, universes to universes, a body to another body, eating faeces of the different-different kind and ensuring myself that this is the ultimate. Which anyone can achieve or aspire to. Believing that I can do whatever I want or I feel like by challenging the existence of supreme. Believing what God can do?. What Krishna and his small number of representative can do?. Believing that all this is fictitious!!!

But, one fine day I got a knock where I experienced the power of Krishna's external energy, which is way stronger than what these senses of mine can perceive for, and that made me realise that “what I think that I can do” is misleading, which I am carrying from the past so many years/lives. All these realisations I am able to experience are only and only because of your causeless mercy. My dear Prabhupada, I have no idea how can I remunerate for your causeless mercy which you have bestowed on me. Your instructions have driven me in the righteous direction. All glories to you Srila Prabhupada.

Prabhupada a glance of your's on this most fallen conditioned soul, made me realise that all this, while I was in the darkness of illusionary energy and conceiving this inconceivable in this particular life, is nothing other than the shelter of your lotus feet.

Prabhupada your instructions are the most wonderful things which I ever came across, without your books, your temples, your representatives and your presence, this fallen conditioned soul would have been still getting kicked from Maya. I am very fortunate to be under the shelter your lotus feet.

Prabhupada, it has been three and half years that I have come in touch with Krishna consciousness. The initial days were very enjoyable, palatable and extraordinary but now the same has become a challenge. Chanting 16 rounds, reading your marvels, your books and performing sankirtana use to be pleasing and motivational, but now it feels that when will it get over. And now all the times I keep on excusing myself with the unformed excuses. Prabhupada, I feel that I myself degrading my spiritual life had known that after this body perishes I can only have my spiritual credit. Prabhupada, I have been living in FOLK Residency for a long time and I feel that whatever spiritual consciousness or strength I am holding is due to the environment provided by you. Whenever I am in the FOLK Residency, I perform my sadhana, but the time I am outside it get disturbed to a great extent.

I have been guided by your representatives very lovingly, and I respect and astonished at the kind of support I receive from him. If he was not piloting me I wonder where I would be. I have been a very poor and selfish devotee of yours I pray to your lotus feet to give me sufficient knowledge and strength to prepare myself to contribute to your moment. I am aware that I am worthless and my contribution will be insignificant to your moment but if I could able to associate myself with your transcendental service, my reason for existence will be bridged.

Prabhupada I want to share something with you, I most of the time feel that if you were there in person it would have been better and had made more sense. I will keep on getting multiple doubts and uncertainty on functionality of the material nature, and that time I would think that if you were there it would have been so easy to clarify, but I don't know a miracle will happen and I will get across with the same doubt with an answer in some of your lectures or in your books or in the temple Bhagavatam lectures.

With this, I could able to apprehend that you are always with me in the form of your Vani and I get a feeling that you are there with me always.

Prabhupada I deeply thank you for letting me glorify you and thank you very much for responding to me and correcting my mistakes, making me believe that Krishna is the ultimate truth. Your glories are endless, your mercy is causeless, Prabhupada please please please..... give me opportunities so that this negligible soul could serve your lotus feet and able to render insignificant service to Lord Krishna.

Dear Srila Prabhupada,

Please accept my humble obeisance on your devine lotus feet. All glories to you .

I am great full to you for showing us the divine path you gave us the knowledge which we had forgotten that we can reach the level of yogi only by chanting Hare Krishna maha mantra. Whole world rejuvenated by your teaching.

Thank you my great guru. Please keep your blessings on us. All glories to you on the auspicious day of Vyasa puja.

Dear Srila Prabhupada,

Please accept my most humble obeisance unto Your Divine lotus feet.

It fills my heart with joy to write on this auspicious occasion.

By Your Divine Grace, my life is becoming stable.

My willingness to exercise the principle of Gita has brought great changes in life, I thank Srila Prabhupada and beg him and pray him that let my mind be always on Krishna. Let the situation create in such a way so that my mind never moves away from Krishna, let my shraddha become so strong so that what so ever the situation may be, my mind remains unchanged focusing on Krishna, I pray to You to make me a dhira.

I pray Guru, Srila Prabhupada to make my life successful. I am not a perfect person and I can still sense that I still have lust inside me, and also I often feel greedy and I may also be angered but somehow by the mercy of Srila Prabhupada and Krishna, I could control them and witness it without being affected by it.

I pray let my determination and discriminating power be strong enough so that I shall always do only that which is in agreement with Krishna.

I am such an imperfect person and I pray Your mercy to be always on me so that I won't get influenced by Maya anytime and let my work be always as an offering unto Krishna.

Your unqualified and unworthy servant,

om ajnana-timirandhasya jnananjana-salakaya caksur unmilitam yena tasmai sri-gurave namah

The above verse was a treat to my ears when I first heard it during a bhagvatam class. Not because I understood what it meant back then, I still don't know why I liked it in the first place, maybe the composition sounded wonderful when chanted : no matter by whom. And I kept on hearing from devotees reciting these chant before every class. I was really intrigued to find out the meaning of this very popular mantra (apart from maha mantra). Then I decided to ask one of the devotees about its meaning. And the devotee read me the English translation. Even though I understood the English meaning of the verse; I couldn't accept the fact that I was ignorant and needed someone to help me out. That attitude continued and it is still abundantly there in me, but I'm glad it is reducing because of your (Srila Prabhupada) grace. It is the effect of your legacy that is keeping me grounded. The books that you have written , the temples that you have established, the disciples that you have, .. (the list can go on) all are like the gems over my ordinary thread like life, just like each gem increases the beauty of the necklace similarly your every contribution has made my life beautiful too. Thank you so much. But even after all that undeserving help that is offered to me I'm still a cocky person from inside and as everyday passes by I feel that I need more and more counselling from you. But I'm really grateful that to you for showering your blessings on me. All I can do now is to put all the effort and give my best to do justice to all the efforts taken by you and the league of devotees (who take so much pain in counselling me).

Please accept my humble obeisance at your lotus feet .

Dear Srila Prabhupada,

Please accept my humble obeisance unto Your lotus feet. And kindly accept my words below as my offerings as it is.

Since this is going to be presented as a publication which will be revealed to Your aspiring and inspiring servants, I would therefore limit myself to present not my personal bond with You but my public gratitude for Your Mercy and Kindness that You have bestowed upon me. Being although aware that my heart is always full of filth, still You have humbly placed Yourself. We make so many complaints for the stinky, dirty places forced to accommodate while compromising. But You have, out of Your causeless mercy and choice took the courage to reside in a filthy place such as my heart.

I cannot repay what You have done neither I can match. In the most bewildered state, You have been with us like a strong father, a caring mother and the most importantly The One and Only Guru for not only this life but eternity. Thereby I can only pray to You to please always stay with us. Since You are with Krishna always, Kindly request Him to take us all Back to Home Back to Godhead.

We have no strength, no intelligence, no desire and no will to act on all Your instructions, but still I pray at Your lotus feet to please accept us with our faults, make us strong enough to wash off our sins and develop the desire to love and serve You, NitaiGuaranga, Sri Sri Radha Krishna and The Devotees. Acknowledging the fact that not all of us have the desire to join Your movement as temple devotees which is the highest occupation in the current scenario, therefore please accept and make us strong enough to become Your Grihasta disciples who can render service that equally pleases You and The Lord.

Your Fallen Servant,

Dear Srila Prabhupada...

Based on Srila Prabhupada's books, I got clear answers to my questions. Like what is purpose of life? Based on his publication of books I understood that to serve Lord Supreme Personality Krishna is the way. For this he spread the Maha Mantra (i.e. Hare Krishna Hare Krishna Krishna Krishna Hare Hare Hare Rama Hare Rama Rama Rama Hare Hare). This Maha Mantra is suitable for this yuga and this is mentioned in sastras i.e. Kali-Santarana Upanishad. His publications are simple and understandable and straight forward with present situation examples. I am slowly doing japa mantra, I feel that is way to my SpiritSoul liberates and I understood that body and soul are different. So, I started to take care about the Sprit Soul. Spirit Soul is part and parcel of Supreme Personality Sri Krishna.

Srila Prabhupada is one of the greatest spiritual Master in Kali yuga.

A bona fide spiritual master is in the disciplic succession from time eternal, and he does not deviate at all from the instructions of the Supreme Lord.

One is therefore advised to study Bhagavad-gītā, or any other scripture, under a bona fide spiritual master, with service and surrender. A bona fide spiritual master is in the disciplic succession from time eternal, and he does not deviate at all from the instructions of the Supreme Lord as they were imparted millions of years ago to the sun-god, from whom the instructions of Bhagavad-gītā have come down to the earthly kingdom.

To take both the good or bad with equanimity. I keep remembering Krishna and regularly doing Japa 16 rounds and reading Prabhupada's purports and totally depend on Prabhupada and Krishna. I keep attending Temple events and association with disciples. I make documentation of Srila Prabhupada's quotes and watch Srila Prabhupada's Youtube videos.

All glories to Srila Prabhupada....

Dear Srila Prabhupada,

Please accept my humble obeisance at your lotus feet.

I would like to apologize in advance if I am grammatically wrong due to my poor English skills. I am glad to write my first letter to thank you, who have given me a great support and direction through your teachings, lectures, books and disciples.

Your Divine Grace introduced me to the spiritual world and brought me closer to Lord Krishna. I wouldn't be what I am today without your causeless mercy. It's your mercy upon me, Prabhupada that allowed me to take up Krishna Consciousness.

I feel I was the most unfortunate and fallen soul who couldn't commit and keep up my words, it was a very unconscious commitment I gave to one of your disciples that changed my life and I became part of FOLK at ISKCON Bangalore in Nov 2011. I could render few services and became an active and fully charged FOLK member.

Srila Prabhupada, I am thankful to you and your disciples who gave me more service opportunities through Path of Perfection college programs. Later I was a Part of FOLK Theatre and enacted a few roles like Hiranyakashyapa, an arrogant father, a furious boss, and Ajamila in plays. I haven't shared this with anyone, but while playing these roles in the plays, it deeply rooted my interest in Krishna consciousness and rekindled the Krishna consciousness in me.

I was in tears while playing Ajamila's role, as it resonated with my life. My desire to learn more about devotional service increased.

Srila Prabhupada, I request you to please please please please help me to get back to Krishna consciousness, chant my rounds and read your books.

Srila Prabhupada, Please accept my heartfelt gratitude and help me get out of this cruel material life. Your aspiring servant,

Bhaktha Ajay Murkhe

Dear Srila Prabhupada,

Please accept my most humble obeisance on this most auspicious day of Your divine appearance.

Srila Prabhupada, You deserve all the honor in this world for all Your extraordinary preaching activities.

Srila Prabhupada, Your divine grace is full of unlimited divine qualities which can transform anyone who comes in contact with them to become a devotee. May Lord Krishna bless me with the ability to glorify Your divine grace in all possible ways so as to reach out to the maximum number of people whose heart will be touched and transformed simply by hearing Your divine qualities.

On this most auspicious day, I beg for Your mercy.

Please accept my humble obeisance's.

All glories to Srila Prabhupada. I offer my humble obeisance's onto your lotus feet. I will be eternally grateful to you for showing us the correct path and saving me from impersonalism and showing me the right way of bhakti. Without your help I would be bewildered and for ever inspiring us to perform bhakti fearlessly in any circumstances

and never leaving the side of truth. You never talked about any mundane topics and even if someone talked about any mundane topics you brought the topics towards bhakti and your topics was ever Krishna and nothing else which is the sign of great devotee and pure devotee. You never talked any nonsense, as shastras have said no one can understand the pure devotee similarly we cannot understand your activity unless you bless us. So on the most auspicious day of your appearance I beg that You please accept this offering as a humble attempt to somehow or other reciprocate with your causeless mercy. Furthermore, I beg that you kindly remove the black umbrella of ignorance that is presently covering me so that I can properly receive and follow your instruction and try and serve your lotus feet with ever-increasing purity, love and devotion. Please forgive my constant offenses and bless me so that I can able to chant, dance, eat prasadam, engage in devotional service, and be in association of devotees throughout the life and go back to Godhead, back to Krishna.

Dear Srila Prabhupada, Please accept my humble obeisance. All glories unto your lotus feet. I was born in the darkest ignorance and my spiritual master opened my eyes with the torch of knowledge, I offer my respectful obeisance onto him. Jai Srila Prabhupad.

Me being unqualified to write about my spiritual master, as I am the most fallen in all the three worlds, you have blessed me with a benediction which is not mundane and temporary, that is eternal love of Krishna.

Your teachings have impacted my life and have had a paradigm shift from looking at life from a material perspective to transcendental Eternal and Spiritual perspective .

Apart from discipline, you have taught me to awaken love for Krishna in other's heart too. As Krishna says in Bhagavad Gita, "In Millions only a few endeavor to know me". I feel lucky that being such a fallen soul, your Causeless mercy is always there on me. And I only pray to you, my spiritual master to give me strength to hold on to your "Dhoti" ever after and keep me strong and determined in practicing Krishna consciousness and serving my god brothers, Guru Maharaj and Krishna!

As you always wished to spread the teaching of Lord Krishna and His Holy names, I pray to you to make me an instrument in accomplishing His mission.

I thank the devotees of ISKCON Bangalore who have given this opportunity to glorify you, my spiritual master, wholeheartedly.

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories to Your Divine Grace

When I was abroad, in Estonia and the USA, I have gone to ISKCON temples. I have participated in the Ratha Yatra at Tallin, Estonia. I was overwhelmed with joy to see that Krishna Consciousness was being followed there.

It is only by your mercy that I have come to ISKCON. I have read many of your books. The message is very clear and strong. I have also participated in pilgrimages to Vrindavan, Jaipur. and Dwaraka. I have started practicing five

principles of devotional service and chanting 16 rounds of Hare Krishna Mantra. I humbly pray to help me become more responsible and serious in practicing the principles of Krishna Consciousness and lead me back to Godhead.

Respected Srila Prabhupada,

I bow down to you for continuing to keep me, a fallen soul, in touch with Lord Krishna. I don't have words to thank you. My humble prayer to Your Lotus feet to help me grow in the Prem Bhakti of Sri Radhe-Krishna so that I can continue to remember and serve Their Lordship. I know I am not up to your expectations but am trying and I sincerely hope to make you happy with my dedication one day.

A misled soul like many others searching for the goal of life, little was known of the light your messages has lit the candle of hope in the otherwise darkest storm. New energy has been pumped in the dying vine. It has now come to life. Millions have been benefited and billions will. You have given us the opportunity of serving you.

Dear Srila Prabhupada.

My dear spiritual master, please accept my humble obeisance.

I thank You for introducing Krishna, Supreme Personality of Godhead into my life and to all, out of Your causeless mercy.

You are the ocean of spiritual knowledge. You are very close to Krishna and You want all of us to go back to Godhead. You deliver the love of God to one and all.

Though it is not easy to attain Bhakti, the process recommended by You helps people to attain the same very easily. Under Your shelter, we feel protected against all the bad influences.

You are very merciful. If anyone serves You, Krishna gets pleased. You feel sad when You see people like us suffering in the material world. You have showered Your mercy onto us and brought to us Krishna himself in the form of his holy name.

On Your mission of spreading Krishna consciousness, You have faced a lot of difficulties just to prevent us from taking repeated births and deaths. At present, through Your books, Your in-numerous devotees and Your international society, You still continue to show us the right path, the path that leads to Krishna's abode. You never left us. You are always there with us standing in front of Krishna's abode so that in case if we fall short of our eligibility to enter Vaikuntha, then You can hold our hands and take us inside. Such is Your mercy. You cannot see us suffering in the material world.

I offer my humble prayer to You and desire that You should bless me with Your mercy so that I can serve You as much as possible.

Bhakta Amith Nayak

Dear Srila Prabhupada,

Please accept my humble dandavat pranamas at your lotus feet.

My name is Amith Nayak. I belong to a community called Gouda Saraswat Brahmins which follows Kashi mutt guru parampara(Madhwa). Although right from my childhood I have been fortunate enough to chant the Hare Krishna maha mantra, sing bhajans and kirtans, I had made very little spiritual progress in all those years. I had no knowledge or any understanding of spirit soul or the supreme soul. For me it had become more of a ritual or a matter of obeying elders than actual spiritual process to purify my consciousness. Consequently over time, I had lost interest in devotional service and other activities of devotion to the supreme lord and was living an absolutely directionless life. At some point I also indulged in all kinds of non-sense activities and stooped very low in life. It was then at the lowest point in my life that somehow the lord bestowed his mercy on me and brought me into association of your divine grace through the society you have established so carefully and painstakingly just to uplift the fallen souls like me.

Coming in contact with your video lectures, books, temples and associating with your disciples has been life changing for me. I have practically experienced miracles happening in my life after I started chanting as prescribed by you. I want to say that, whatever little knowledge and understanding of spirituality and devotional service I have now is only because of your divine grace. Although I was theoretically aware of the need of chanting the Harinaam even before I came in contact with you, it never happened earlier. It is purely because of you that today there are

holy names everyday on my tongue. You have been so kind to me that you have given me knowledge about Krishna, a chance to get closer to Krishna and all the support system I need to make practical spiritual progress in this life. I can never repay your debt for all that you have given me. But I want to at least please you by following your words. By chanting nicely 16 rounds, following the regulative principles, rendering devotional service, distributing your books and doing whatever I can to spread your movement.

In spite of all this thinking, I sometimes become disobedient and my mind wanders into some kind of foggy confused state and drifts off into darkness. I request you to kindly consider me as your foolish child and forgive my mistakes. I request you to please guide me into light, please keep me under your shelter and utilize me in your holy mission of spreading Harinaam to everyone.

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

Your Divine Grace is the Founder-Acharya of the ISKCON movement because of which people like me, around the world, in this age of kali yuga, are able to get the priceless gem of Krishna consciousness. In kali yuga, we are bereft of true nature or qualities of humanity and in such times a greater awareness of Krishna consciousness is of utmost importance. Prabhupada, you are the empowered incarnation of Lord Krishna who came to this material world, with the intention of liberating all trapped souls like me from this material world prison house and take us back home, back to Godhead.

Through your instructions, Krishna consciousness has been my strength, both in times of joy and distress. Prabhupada, you are the greatest spiritual master, one could ever hope for. Even without physically being present, you are kindly providing me guidance to understand and experience the higher truths of spiritual existence. My heartfelt gratitude to Your Divine Grace, Srila Prabhupada.

Dear Srila Prabhupada,

I often wonder whether I would have taken to Krishna Consciousness if not for ISKCON, and the answer I almost always get is No. This reaffirms in me the fact that only by your ocean of mercy I am able to practice Krishna Consciousness.

There aren't any words to convey how thankful I am to you. I request you to guide me through the path that I tread. I request you to bless me and help me control my mind.

Dear Srila Prabhupada,

Please accept my humble obeisances unto your divine lotus feet. Please accept my respectful obeisance at your lotus feet.

I have no words to sufficiently glory Your Divine Grace. Your glories are like the fathomless ocean. I am a wretched soul, how can I, who is so insignificant, glorify you properly. But you are like the merciful father who appreciates even the broken words of his child. I am just amazed again and again at my fortune to have come in touch with Your Divine Grace, even though I have never met you physically. Your instructions are electrifying. Your life is Krishna consciousness personified. Your preaching is like the roaring of a lion, which drives away one's elephantine vices, and still you are more humble than a blade of grass. Your every word is filled with Vedic imports. Your every action is sufficient to remind us of Krishna. Your very presence can infuse a person with Krishna consciousness. You always preached what you followed. Even though you endeavored day and night to establish this worldwide Krishna consciousness movement, you never took personal credit. Where can I find such a personality, who is a storehouse of all good qualities?

You have so mercifully left behind a great treasure and legacy of your instructions, that anyone at anytime, anywhere can feel your divine presence. As per your instructions, I have just started chanting since one month. I feel more calm and composed. This is an experience like never before. Chanting is a meditation which transforms into continuous source of energy. Srila Prabhupada, give me your blessings to practice Krishna consciousness for eternity.

Dear Srila Prabhupada.

All glories to you. Please accept my humble obeisance unto your lotus feet.

I came to know the importance of my life when I came in touch of your great representatives in ISKCON Bangalore. By reading your books I started realizing that being the part and parcel of Krishna I should not waste my time working hard for own sense gratification which causes immense distress at last, rather I can work hard to please Krishna which is secret for peace, happiness and satisfaction. I beg Your Divine Grace to forgive me for all the offenses that I have committed at your lotus feet and to keep me always in your service.

Dear Srila Prabhupada, being an atheist I never believed in God out of ignorance, but after coming in to the touch of ISKCON Bangalore devotees I started my journey towards light which awakened me and developed my sight to see with clarity. I started coming out of ignorance with association of such devotees who really love you. With the blessings of Your Divine Grace the dormant seed of devotion in my heart has finally germinated. I beg into your lotus feet for protection by engaging me in your mission to serve Krishna more and more.

Dear Srila Prabhupada You have saved me and personally reciprocated with me during most critical situations of my life. I have realized this without any doubt. Recently, I got some experiences in my personal life which was eye opening for me and were a turning point in order to devote myself for Krishna.

My beloved Srila Prabhupada, please bestow your mercy upon me so that I can serve You more and more. I never want to go away from association of devotees whatever the situation is. I am most fallen person here, my mind is very powerful and uncontrolled. I am trying but I am not able to serve properly. I need proper guidance. Your

Divine Grace, I beg you, please help me in achieving the perfection in devotion so that I can become Krishna Conscious forever and never go away from Lord. Please accept me as your servant, so that my life will be successful.

Dear Srila Prabhupada,

I offer my humble and respectful obeisance unto your lotus feet.

I was born in the darkest ignorance and you have opened my eyes with the torch of knowledge.

Thank you Prabhupada, only because of your mercy, I was able to come in touch with your movement, although I am not worthy of this, because of your causeless mercy I have been able to

1. Hear about Krishna
2. Serve His devotees (during the festivals held in ISKCON)
3. Honor prasadam
4. Visit some of the holy dharmas and learn about the pastimes of the Lord.

Dear Prabhupada, you are a pure soul who is most dear to Lord Krishna.

I will always be grateful to you, because you have given the simple way of liberation from material world: chanting the Hare Krishna Mantra. I am very thankful to you for showing me this way so that I can realize my constitutional position, of being servant of the Lord.

Dear Srila Prabhupada,

Please accept my humble obeisance... 'Hare Krishna'

This word changed my view towards world. We are shaped by our experiences. So my experience in Iskcon was very good I would say it's more of a Tourist spot then a Temple very disciplined and clean. It became more awesome by attending the Seminar called "YOGA FOR HAPPINESS" which revealed the secret behind happiness. The devotees who were our Guides of seminars taught me the meaning of life. They showed me the real HAPPINESS. They showed right path. They introduced my own soul to me and showed me the right track towards Lord Krishna and gave meaning to my life. Attending to morning arati and dancing with the devotees and chanting Hare Krishna mantra gives the real HAPPINESS and SATISFACTION. I think I am very lucky and blessed one to experience all this. I am very thankful to my FOLK Guide Vrajeshwara Govinda prabhu and volunteers who kept me inspiring. I'm very thankful to A.C. Bhaktivedanta Swami Prabhupada for whatever is happening to me.

The word 'guru' is untranslatable. Neither does the word 'teacher' nor the word 'Master' have that beauty. In fact, the phenomenon of the guru is so deeply Indian that no other language of any country is capable of translating it. The word 'guru' is made of two words, 'gu' and 'ru'. 'Gu' means darkness, 'ru' means one who dispels it. Guru literally means 'the light'. And you have the light within you, yes!! & through those lights my darkness's are fading away.

In this age to take a person from one dimension of experience to another dimension of experience, we need a hand which is of a higher level of intensity and energy. That hand is what we call as Guru. In one word that's your hand. As a Guru you have touched us in every dimension where no one else can touch us. Our Guru-shishya relationship has been held as the most sacred relationship in this culture. I have taken this jump with immense trust & faith upon you.

I am very much thankful to you because you taught me the true essence of Bhagavad Gita in a simple and realistic way and how to implement the learnings in our daily life. Because of you I learned what is called “to live” & what is called “selfless service” in this life. Because of your mercy I have learned how to chant the Holy Names of Lord & Be Happy!!!

To my beloved Guru – A. C. Bhaktivedanta Swami Prabhupada (my Divine Masters) kindly allow me to earn all your kindness and spontaneous blessings!!

Dear Srila Prabhupada,

Please accept my humble obeisances unto your lotus feet!

I recently completed reading two of your most beautifully written biographies - Miracle on Second Avenue and What is the Difficulty? - and my heart is teeming with many exquisite pastimes you enacted while you physically walked this Earth. I have heard that, in stark contrast to what happens to materially significant personalities, your pastimes and tales of loving reciprocation have been, and is only going to be, ever increasing. I earnestly pray that I at least get to be a witness, if not an insignificant part, of such pastimes.

On the occasion of your Vyasa Puja, I would like to reiterate once more that any and all interest I have got in philosophy, spirituality, devotional service or the association of devotees is only because of your mercy. In spite of me causing tremendous pain to you by my faithless thoughts, rebellious acts, and constant offenses, you have always allowed me to be a part of your organization and gifted me the association of the Lord's devotees. At no point in my life have I had to live too far away from your temples, or be disconnected for a long time, or not have the opportunity to honor prasadam. I thank you again for showing your mercy on me, and pray that you give me the strength to fight my lack of faith, and the onslaught of material desires, with the help of the Lord's Holy names.

You are pure, loving, merciful and magnanimous. You are the spiritual master of the whole world. All glories to you!

Dear Srila Prabhupada

Please accept my humble obeisances unto your divine lotus feet.

It is my pleasure that I came in to Krishna Consciousness at this age. I belong from a poor family. Whatever I have achieved till today in my life is through my teachers, friends and elders. In my early age I had followed lot of people and demi gods. Nothing made me satisfied. Among lot of things what I had observed is, money is everything in this world. So I tried hard in my academics to get a good job. And can earn lot of money. So that I will become happy. But after getting lot of money also I have seen lot of problems in my life. It can not be fully solved as it has been nicely mentioned in Bhagavat Gita.

After coming to Krishna Consciousness I have understood that Krishna is the Supreme Personality of Godhead and Creator of everything. Then I started chanting. I have seen lot of changes in my life. My way of dealing with

problems, my behaviour, attitude has changed a lot. Nowadays I don't feel pressure tension kind of things even in difficult circumstances also.

Please give me blessings so that I can continue chanting and spread this message to others also. Thank you Prabhupada for showing me the greatest knowledge of human life. Hare Krishna

Dear Srila Prabhupada

Please accept my humble obeisance at your divine lotus feet.

Today, on this most auspicious occasion of your merciful appearance, I thank you for giving me a chance to glorify you even though I am not qualified to do so.

When I look back today, to what I was 2 years ago and what I am now, I find myself speechless, I have no idea how such a huge transformation took place in my life, because there was nothing which I did from my side to become qualified to receive this matchless gift of Krishna consciousness, I was deeply engrossed in sense gratification, I had no idea where I am heading to, what is my real self-interest, the question 'Who am I?', never ever came to my mind because I was firmly convinced that, 'I am this body', 'I belong to such and such family, society, nation etc.' and in that ignorance I was simply wasting my time satisfying my temporary identity.

But then, by the merciful arrangement of the Lord, I came in touch with you through your books and through your glorious devotees, I still remember that day when I read the introduction to Bhagavad Gita and I was completely blown away, it was so satisfying, so complete, having logical explanations like a nuclear bomb which destroys all the ignorance of millions of lives in one single shot, and this was just a beginning, then by your grace I got a chance to go to Sri Vrindavan Dham and those were the best 3 days of my life in which I got convinced completely about the ultimate aim of my life and I started chanting 16 rounds of Hare Krishna Maha-Mantra.

But Prabhupada, I am so fallen and rascal that even after you gave me this benediction, still, because of my past habits I sometimes used to get indulged in sense gratification, but you never leaved me. Just like a small child who is trying to walk and keeps on falling, you Srila Prabhupada always helped me transcendently, motivated me, guided me and made me more strong and mature failure after failure, that's why we sing daily that 'You are an ocean of mercy'.

However, by your grace, after repeated failures I developed this strong conviction that I can never follow Krishna Consciousness alone, I should always remain under the association of devotees, I always prayed to you to keep me always under your shelter and association of devotees, I prayed to you to kindly allow me to join your movement because I understood this fact that the temple of yours is the best AND THE ONLY place to follow Krishna Consciousness the way you want from us.

Srila Prabhupada, being the ocean of mercy, you heard my prayers and allowed me to join your movement so that I can stay along with the devotees. It is simply by your causeless compassion that now I am part of a huge family having variety of devotees each of them having a unique skill to serve your mission.

Srila Prabhupada, neither I can repay the debt of what you have given me, nor do any of my words have the potency to glorify you. If at all you want to give me some causeless benediction, then I only pray being a part of a family, that, If you so desire, Please kindly keep all the devotees always under your shelter, keep us all always in the association of devotees, keep us all always engaged in your service in all time, all place, and all circumstances. May all the plans of all the devotees to go out from the association be frustrated. And at last I beg you Prabhupada,

please kindly give us all the faith in the Holy name of Krishna and bless us all so that we can chant attentively, distinctively, and without any offences.

Dear Srila Prabhupada,

Please accept my most respectful, humble obeisance.

I was roaming around in the material world hankering for material gains and lamenting for the material losses. Your mercy has helped me see with clear vision the purpose of life which is spiritual and beyond material world. You have given us the real wisdom of 'Bhagavad Gita as It Is'. You are the epitome of devotional service and mercy. Your pastimes and lectures inspires us to lead a life of austerity and devotional service. You have given the real purpose of life, the real happiness beyond the mundane contamination, which once experienced one will hanker for more without any end. Coming in contact with your lotus feet I am able to give up lot of anarthaas. Please help me to continue practice Krishna consciousness undisturbed and empower me to serve you better day by day and empower me to spread the mission of Sri Krishna Caitanya Mahaprabhu.

ALL GLORIES TO THE SPIRITUAL MASTER, SRILA PRABHUPADA!

Hare Krishna Prabhuji,

1. I still clearly remember that fortunate day when the mercy sought and reached me in Mumbai in 2001, through this wonderful movement, so painstakingly established by your Holiness. I was an Engineering student at KJ Somaiya College of Engg, Mumbai. I am still struggling to comprehend anything, far away from the safe, protected confines of my home at Lucknow, plagued by total uncertainty, insecurity suddenly tossed into the big bad material world. My journey in life was supposed to begin from Mumbai, credited with making a successful material life of whosoever, comes in her fold. I had no inkling that indeed it would, for me too! The only difference was that I was also introduced to Krishna consciousness here and my life got a new sense of clarity and direction.

2. Though still struggling, I cannot, but truly thank you for carrying forward this mission of Lord Chaitanya in this age without which degraded souls would never have got such a wonderful opportunity to go back home - Back To Godhead. It is marvelous and a source of great inspiration that at the ripe old age when people stick to the comfort of their homes, you ventured and circumambulated the globe so many times selflessly without caring for yourself at all.

3. I pray at your lotus feet and seek your blessings and mercy that I may attain purity, devotion and be able to achieve the perfection of life.

Dear Srila Prabhupada,

Please accept my most respectful, humble obeisance on to your lotus feet on this most auspicious appearance day of your Divine Grace.

“God has many dealings with his many devotees and according to these dealings. He is called certain names. He has innumerable devotees and innumerable relations with them.” Krishna” means all attractive. God attracts everyone.

“When doubts haunts me, when disappointments stare me in the face, and I see not one ray of hope on the horizon, I turn Bhagavad Gita and find a verse to comfort me. I immediately begin to smile in the midst of overwhelming and sorrow. When I had started coming to ISKCON temple, my goal was to read bhagavad Gita and understand the purpose of life. After coming to ISKCON, I had been touch with a devotee who told to chant the “Hare Krishna Mantra” which I felt is very powerful and directly connects me to God. After chanting the “Hare Krishna Mantra” it gives me an inner peace and connects me to God. I was a non-vegetarian human being, but when I had started reading your books, I felt it was so cruel to eat the flesh of an animal to satisfy my hunger and I had completely stopped eating Non- Veg. I found the difference between an animal and a human being .The only goal of a human being is to connect with god and ISKCON helps to connect everyone with God. Thank You very much.

Dear Srila Prabhupada,

Please accept my humble obeisances unto your lotus feet.

Srila Prabhupada, I cannot explain in words how fortunate I am to be able to know the real truth of life after coming to ISKCON temple. You have saved me from falling into the sinful pit of life. I was living such a meaningless life before but due to you, I am able to live a life with a purpose which is reaching the Supreme Personality of Godhead Krishna.

Srila Prabhupada, you are so merciful, you never got angry at any person who committed mistake knowingly or unknowingly; instead, you show the path to rectify the mistakes. How fortunate are those devotees would have been who directly got knowledge from you about Krishna consciousness. You never discriminate among anyone

and teach every one unbiasedly about the most important thing in life. We are so fortunate that we have access to your teaching through your books and lecture. We will never be able to pay you back for what you have done for the benefit of the society.

Srila Prabhupada, I request you to please shower your blessing towards me so I can complete my duties in this material world successfully and return back to the spiritual world. Please forgive me for my mistakes.

Dear Srila Prabhupada,

Please accept my humble obeisance at your lotus feet. Thank you Srila Prabhupada for your love, kindness and mercy. Thank you for all your blessings. Thank you for keeping me in touch with your organization and allowing me to do some service to your mission. Kindly forgive me for my mistakes and offences. I am trying to understand your mission and the process that you have established to achieve the mission with my limited tiny mind and understanding. But I am not successful in understanding these things. Kindly give your mercy and blessings so that I can understand more of it and appreciate from the deepest core of my heart and so that one day I can officially be part of it.

One thing I have understood is that your mission is so so so good, it's Lord's Mission and I am very happy and satisfied to play some role till now. It will be very nice for me if I can do more and contribute more, but I get afraid if I can sustain if I join as a full time missionary in your organization, I get fearful what will happen if I am not able to continue. Hence request you, please help. Please guide me. Please give me the required faith, understanding and knowledge, so that I can take a proper decision.

Dear Srila Prabhupada, as you know, and by your mercy only now I am staying at Bellandur Folk Residency. Once upon a time, I was very sure that I will never join any residency because of so many rules, regulations and processes. But it's a miracle in my life that I am part of the folk residency. Somehow or other your disciples made me join the residency, and of course, I also wanted and it's good for me. In the beginning it was uncomfortable, but with time, I realized it's very good for spiritual advancement. However I am unable to follow everything properly. Please bless me Dear Srila Prabhupada so that I can follow things nicely and take responsibilities so that I can contribute more in your mission.

Awaiting your mercy

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories to Your Divine Grace.

I believe that definitely your unconditional mercy helped me to chant 16 rounds daily now. Jai Srila Prabhupada. Thank you very much, Srila Prabhupada, for giving Krishna consciousness to this fallen soul like me.

Gurudeva, please give to this servant just one drop of mercy. I am lower than a blade of grass. O Master, when will such a genuine ecstatic condition be mine? I will constantly sing the holy name and remain absorbed in profound devotion while maintaining the material body. In this way I will obtain your mercy. Shrila Narottama dasa Thakura says, chadiya vaisnava-seva nistara payeche keba: "without serving a pure devotee, one cannot advance in spiritual life." (SB 4.22.22).

The service of the spiritual master is essential. If there is no chance to serve the spiritual master directly, a devotee should serve him by remembering his instructions. There is no difference between the spiritual master's instructions and the spiritual master himself. In his absence, therefore, his words of direction should be the pride of the disciple.
(CC Adi 1.35)

Your divine pastimes, we can very easily and without any doubt confirm that you are the true confidential devotee of the Lord Krishna. You incessantly travelled to preach Krishna consciousness across the globe, taking all risks including the risk of old age and ill health, show that you are the dearest devotee of the Lord. Thus, you have treated the illusioned living beings (including myself) and transformed them into bhakta.

By your great mercy only I got an opportunity to serve you that Bengali to English translation for your Lila app and that was successfully completed. Please help me to get in touch with many new souls in our IISc campus, so that they will also experience your sublime programmes.

I would like to say thanks to the devotees of ISKCON Bangalore group of Temples, as they are rendering service to your lotus feet personally and showing a way of perfect civilized life to us.

Dear Srila Prabhupada, you have played a major role in my life and I am very glad and thankful for that. To begin with the very first day I came to ISKCON was on Folk's mango mania event where I enjoyed a lot and had a nice Krishna prasadam.

Afterwards I received invites from Iskcon to attend various other programs which happens on Sunday and started chanting one round of Hare Krishna mahamantra. The day I started the mahamantra a real impact happened in my life and I promised to chant till my last breath, all positive things started to happen in my life. I got a job by your grace and many other things came in place. My heartfelt and humble thanks to Srila Prabhupada and all the people out there who taught me each and everything.

Dear Prabhupada,

As a person of this fallen Kali age, I consider myself a fallen soul yet a very fortunate soul to get an opportunity to surrender unto the Lotus feet of Divine Grace A. C. Bhaktivedanta Swami Prabhupada. My spiritual master, you are teaching me the art of Loving my dearest Lord, Krishna. Through your Blessings, Lectures, Kirtans, Prasadam, and Books I am on the path of realizing the real purpose of this human life. By your Grace, I m trying to serve Krishna The Supreme Personality Of Godhead in Krishna Consciousness.

Meeting You, My dearest Spiritual Master for the first time was a very emotional moment for my heart and Soul. Through your books you made me surrender unto The Lotus feet of Krishna on Vaikunta Ekadashi Day, Dec 2017 at ISKCON Temple Bengaluru.

Since then by Your mercy, my journey in Krishna Consciousness is very blissful and beautiful.

Dear Gurudeva, All I want in this life is to serve your Lotus feet in pure Krishna Consciousness.

Dear Srila Prabhupada,

Please accept my humble obeisance's in the dust of your lotus feet. All glories to Your Divine Grace.

Thank you for coming to this world to save us in spite of the tremendous difficulties and obstacles which you had to face alone, depending solely on the mercy of the Supreme Lord Krsna and your eternal spiritual master, Srila Bhaktisiddhanta Sarasvati Thakura.

Srila Prabhupada, your heart is a great big ocean of transcendental mercy, filled with pure unalloyed love for Sri Sri Radha and Krsna. Miraculously, that rare spiritual mercy is showering like rainfall upon the dry parched sands of this desert-like material world, nourishing the tender roots of innumerable devotional creepers, planted by his loving glance and destined by his desire to grow and blossom into lush green gardens of pure devotional service, filled with the most delicious fruits and fragrant flowers of bhakti-rasa.

You are the Supreme Personality of Servitor Godhead, freely bestowing your causeless mercy upon the unqualified and ungrateful souls of Kali-yuga. I am amongst the most fallen of living entities and yet, by your unlimited compassion, you have glanced in my direction and now my life has become successful. Who can properly describe the glories of Your Divine Grace?

On this most auspicious day, I beg for your mercy and help me become a good instrument in your hands. Please help me remember always that there is no difference between Lord Krishna and His Holy names. Please help me chant the holy names with respect and attention.

Dear Srila prabhupad

Please accept my humble obeisances

I'm the most fallen, by your casualness Mercy I got opportunity to come in contact with your mission. I was in the darkest of the darkest condition state of my life. Though I had the desire to search for the absolute truth I was looking for many answers like why this life and I used to feel that many things were repeating in my life. Somehow years passed by and I went through many organisation but finally my brother came to ISKCON to have Darshan he got yoga retreat pass and invitation for 2 persons, I was always against Krishna due to his way of killing Kauravas but the movement I attended the program at Iskcon which I was not willing to attend, but my mother and my brother forced me to attend.

I was really astonished and was very happy at the first class itself and initially accepted Krishna as the supreme personality of godhead till now I couldn't forget Lord Krishna and all credits goes to Srila Prabhupada. Through that one pass I am still here at Iskcon I was eager to follow all the principles, but I couldn't because of my laziness. Initially I counted 16 rounds in full spirit but as we become familiar to ISKCON I became more lazy and days passed by and many ups and downs came in my life spiritually. After 10yrs now I am able to chant and follow your instruction still I am not happy for whatever seriousness I have got now, because there is no satisfaction for a devotee the moment I associate with the material activities I became polluted

Thanks for all the opportunity which you have given us and most important thing is that thank you very much for keeping me in your moment but I want to serve more and more and for that I need more determination, please bless me.

Srila Prabhupada, I thank you for blessing me with the association of Krishna conscious devotees and allowing me to be a part of FOLK. I thank you for giving me an opportunity to practise Krishna Consciousness.

I have learnt a great number of things and still learning, right from the first day I joined FOLK. I learnt to be independent and take proper care of myself. I learnt to be humble and helpful to my fellow devotees. I also realized the importance of and the satisfaction derived from selfless devotional service.

I have been able to concentrate better on my studies and manage my moods and emotions effectively with the help of the power derived from chanting the auspicious Hare Krishna Mahamantra. I thank you, Srila Prabhupada, for showing the world the greatness and significance of the Mahamantra. I have also benefited greatly from the Srimad Bhagavatam classes and books that speak of your life which was full of devotion to Sri Krishna, the Supreme Personality of Godhead.

I was not at all eligible to serve Krishna but because of your causeless mercy, sinful person like me also are able to get the association of devotees and Krishna. Only because of your mercy I was able to chant Krishna's holy name, which is the only way to come out from the circle of birth and death. Chanting Hare Krishna maha mantra is pure bliss which is beyond any experience we have in this material world.

Only because of your mercy I was able to have delicious mahaprasadam which is non-different from Krishna. Simply by honoring mahaprasadam one can get the mercy of Krishna. You have given us melodious kirtanas which allow one to taste the bliss of harinama. As stated by Chaitanya mahaprabhu only harinam sankirtan in the form of hare Krishna mahamantra is enough to cross over material world.

You have given us books which, when read with devotion can gradually change the heart of anyone, who is suffering because of three modes of material nature and give him ocean of happiness. You have given us beautiful temples and deities which allow us, who are most sinful in this material world to revive our love for supreme personality of Godhead Krishna.

Thank you for bestowing us with required knowledge that forms as a torch in this dark age of Kali. Today, I would like to take a special opportunity to bring out some of the important impacts you have created in the lives of people on this planet.

It is due to your relentless, selfless efforts that we have access to the purest form of knowledge of Bhagavad Gita in the form that can be understood by a mundane person like us. You have made devotion simple and sweet, your books are straightforward with no cheesy lines which show your personality. Your lectures reverberate in our ears and hold us when we are about to fall down. It is due to your divine effort that today I and many others have a direction and goal in life. Our life was more sinful than animals and mundane, it is your words that we read every day through numerous books you wrote that we have become human and practising to be a devotee of Lord Krishna to whom you are very dear.

Dear Srila Prabhupada,

Please accept my respectful obeisances at Your Lotus feet.

I had heard about ISKCON many years ago as a Krishna temple with many fulltime missionary devotees from IIT background.

I came to my true senses through a program called Yoga For Happiness by Kalakanta Dasa Prabhu at Basil woods Preschool, where my two-year-old daughter studies.

In this process, so much learning about Krishna Consciousness added to my spiritual path (in a scientific way too). I have devoted 6 months(weekends) to the sessions which lay the foundation of Krishna Consciousness. Now I am chanting 4 rounds and taking it slow & steady towards further Krishna Consciousness.

Currently, I am not attending any sessions as I have to dedicate my time and presence to farming and holistic education, which is my passion. There is a saying that goes "God helps those who help themselves.

So I beg you to forgive me for not attending any sessions. Thank you for all your support and teachings. Hare Krishna!

Hare Krishna,

Qualities of Srila Prabupada as observed by the disciples

As observed by the disciples' Srila Prabupada was their leader, hero, closest friend, guardian and ever well-wisher. Despite his physical absence, he is still the source of their inspiration. He lifts them through the best and worst times.

Disciples' say he was always very kind. Small boys could talk with him and old men could talk with him. English people and Indian people; He did not differentiate between anyone.

The contemporaries who knew and followed him, can learn from his example not only as JAGAT GURU, but also in his dealings as a friend, a God brother and a well-wisher. They found inspiration and hope in Srila Prabhupada's famous purport in the first canto of Srimad Bhagvatam.

“When there is fire in a house, the inmates of the house go out to get help from the neighbors who may be foreigners and the neighbors understand the need, even though not expressed in the same language. the same spirit of cooperation is needed to broadcast this transcendental message of the Srimad Bhagvatam throughout the polluted atmosphere of the world”.

Dear Srila Prabhupada

Everyone is involved in their own personal journey through the Samsaar, but it takes a real spiritual master to guide countless other souls through this expedition.

My first introduction to HDG Srila Prabhupada was at an early age of 12 when I got to read his book 'Journey to Other Planets'. Even though the material was a little advance for my age, what motivated me to complete it was the pure love with which, the book-distribution mandali, that were visiting my house were involved in the kirtan. Even then I could tell that their dedication was different from the other saffron-clads that I had seen till then.

The typical blueprint of the modern-man's life is designed in a completely deterministic way. All throughout, we are under the illusion that happiness on earth is achievable by working harder, without giving any thought to what happiness really is.

Srila Prabhupada, a devotee from childhood, which could be attributed to the seeds sown by his father at an early age, is an exception. From his life-story 'Srila Prabhupada', I became aware of his journey. He had a usual life as a Grihastha and was involved in business for his family's sustenance. If I imagine myself in his role, I would easily have gotten lost in the rat-race, always thinking of how to make it bigger, get an even more luxurious life. Krishna consciousness would have faded somewhere in the background.

That is what a normal, flawed human being would have ended up doing. But not Srila Prabhupada.

At an age when you want to rest and be done with any form of engagement, there was an internal drive within Prabhupada to indulge deeply with KC, travelling the entire worlds with nothing other than his belief in Krishna. Even though we Indians like to think of our culture as a glorious one and take pride in it, rarely anyone goes through the steps of actually adopting the instructions.

This is where I feel Srila Prabhupada's contribution is of prime value. We were in an amnesia, wherein we had become detached from the Vedic way to Godhead. Even though there have been many great Gurus, but Srila Prabhupada was the one who revealed the way to Krishna to the masses. The number of lives that he has touched and changed is comparable to none other.

Since I have started following Srila Prabhupada's way, even though I cannot say that I know it all, but it has made me open to the possibility of something apart from this material body and the need to dig deeper. The scriptures say about various ways of realization. But Srila Prabhupada, realizing the weakness of current generation, has directed us towards the Bhakti Yoga way. This shows the love he has for every spirit soul.

I would like Srila Prabhupada to bless me so that I can take control of my senses and focus on the only thing that matters in this cosmos, knowledge and devotion.

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

Truly speaking, I don't have enough qualification to even talk about your personality, Srila Prabhupada. How you have spread the glories of Holy Name of the Lord all over the world is actually miraculous. I am one among those fortunate souls to know about the Holy name, only because of the blessings of Your Divine Grace and Lord Jagannath.

How was I two years ago, before coming in touch with your movement, and what am I now, it is completely different. Initially I had so many material desires, aims and objectives about future, career planning, attachment to so many alluring things, bad habits etc. Due to regular chanting of Hare Krishna maha-mantra, reading your books and listening to your lectures, so many mental concoctions and desires are slowly vanishing.

It feels like I was actually in a deep dark well, lost somewhere, without knowing the truth/reality hankering for cheap, valueless, worst things and struggling to achieve them. It is by your causeless mercy that I have grown above such dark temporary attractions, not though fully, but slowly I am trying to decrease my material attachments by applying myself to various Krishna conscious activities that you have kindly instructed.

I shall try my best to continue chanting, to improve quality of chanting and to develop attachment to Lord Jagannatha's lotus feet. I pray to you, Srila Prabhupada, to keep me always at the shelter of your mercy and to bless me to develop unconditional love for Lord Jagannatha.

Dear Srila Prabhupada,

Hearing the amazing pastimes of building 108 temples around the world in such a short span of time has taken me surprised. I'm very happy to be a part of the FOLK residency where I'm guided constantly by my authorities who have been inspired from you. Whenever I'm deviated in consciousness, your lectures and books always pulls me back and helps me discriminate and wisely choose the right over wrong. Dear Srila Prabhupada.

All glories to Your Divine Grace. Kindly accept my humble obeisances.

I would like to summarize the journey so far and the transformation over the last few years which is only due to Yours and Krishna's mercy.

Lifestyle: earlier was living to enjoy which was in short no thinking and high living

Now, moved towards simple living and high thinking... still long way to go.

Music: earlier hearing to film songs, little bit of devotional music but more, just to relax.

Now, have significantly lost the taste in any music (other than kirtans).

Travel: earlier, was more interested in places of tourism and enjoyment with friends (so called). Was finding it difficult to spend more than 5 to 10 minutes in temple.

Now, more to spiritual places with devotees. And devotees explaining the significance and pastimes of Yours and Krishna's which provides a different understanding and perspective on the place traveled.

Also enjoying the time being spent easily a couple of hours in temple which is mainly due to the activities performed (like kirtan, chanting etc)

Reading: earlier, I used to read Leadership related books and some books on philosophy.

Now, I spend lot of time hearing to Your lectures. Most of the messages in lectures are repetitive but it gives a different meaning every time I hear. Travel has become a pleasure now due to Your lectures.

Relationship: earlier, very transactional relationship with friends/relatives and lot of attachment to or what they do and perform.

Now, able to and try to love each living entity (irrespective of what they are and what they do) which is primarily due to understanding that all are from the same seed giving father.

Food: earlier, used to focus on taste, variety, ambiance.

Now, I focus on to eat, to what is required and relish more of prasadam.

Association: earlier, was Interested in meeting friends and relatives and spending time with them. Now, am enjoying the time spent with devotees and in temple.

What a transformation it has been from what I was to what I am now under Your direction. This had a significant impact on my family, my profession. With Your blessings and guidance I am confident to travel towards the destination.

Your humble servant,

Bhaktha Balaji Narayanan

Dear Srila Prabhupada,

Please accept my humble obeisances. There are no words with me to thank You for Your contribution towards the society and fallen souls like me. Because of You now a days there are more than 10 lakhs devotees across the globe practicing Krishna consciousness and seek Your protection and blessings to make more and more progress. In the history of India it is You that who made possible, spreading the eternal religion (sanatan dharm) and Indian culture through out the world.

I'm inspired by Your enthusiasm and determination on the age of 70 what You have executed on Your Guru Maharaj's order and even more Your books. I don't have much words to explain all Your glories but I do pray at Your lotus feet, please keep me under Your shelter.

Dear Srila Prabhupada,

Please accept my humble obeisance unto your lotus feet. All glories to you, on this auspicious occasion of Vyasa puja.

Prabhupada I am very thankful for your causeless mercy upon me, for accepting me as one of the part to serve your mission in spreading the glories of holy names and message of Lord Sri Krishna.

This year it was most memorable in my life, I don't know Prabhupada how I can express my deepest grateful attitude unto your divine lotus feet, from the core of my heart I am always obliged for the causeless mercy, compassion and kindness which you bestowed upon me to take up a decision to serve your mission as a full time missionary to spread your glorious mission under the shelter of all senior devotees who are working very hard day and night for propagating to spread your glorious mission all over the world. The whole universe to come in touch with the bonafide spiritual master like you and to get the seed of devotional service to serve Lord Sri Krishna is very very rarely achieved, even great great jnanis, yogis and many other pious people in this material will not get this opportunity, but in my case of me when I look back in to my life some years back rotting in the this darkness material world. Now when see myself in the association of all devotees practicing the four regulating principles, rising early, attending mangala arathi, daily chanting sixteen rounds of Hare Krishna mantra, serving your mission and eating the nectarian delicious remnants of Krishna prasadam and also purifying my existence in the association all devotees. In many lectures you said all are part parcels of Supreme lord, the ultimate goal and

mission in this human form life is to revive our forgetful relationship with the supreme personality of godhead Lord Sri Krishna.

Prabhupada, I sincerely offer my humble obeisance unto your lotus feet, with lots of attitude of gratitude unto your lotus feet for opening my darkened eyes with your graceful glance upon me, as a cloud pours water on blazing forest fire, similarly you have poured your causeless blessings in my heart for providing all the required spiritual strength to become a small dust part and parcel to serve your mission which is leading all the conditioned souls BACK TO HOME, BACK TO GODHEAD. Prabhupada even after receiving your causeless blessings, I'm still struggling to come out from my past conditioned nature, but you said in one letter by sincerely seriously trying to follow your instructions in one stroke you can kick away all the stumbling blocks in the path of devotional service that is the only hope for me. Prabhupada I'm sincerely begging from you please forgive me for all my offenses, whatever difficult situations may come my only humble request unto your lotus feet is always keep me under the shelter of association of all devotees, give me good service attitude to serve your mission.

Aspiring to be your servant,

Dear Srila Prabhupada,

Please accept my humble obeisance's unto Your Lotus feet.

All glories to You!

It is a very pleasant memory for me to recall when I got introduced to the Krishna Consciousness movement three years ago. My seeking for the truth and unanswered questions began even before I came to Bangalore twelve years back. I am glad to realize the fact that by the causeless mercy of Srila Prabhupada, the truth in the form of a devotee from ISKCON, was actually seeking me unexpectedly! I could not have asked anything more.

I am so fortunate to be in the association of such knowledgeable and sincere preachers, devotees and disciples at ISKCON. I am immensely benefited by all that You've contributed to the world. To say, Temple, books, and Your teachings, through the disciples at Temple.

Although, knowing that I am so ignorant and undeserving, I beg You to continue show mercy on me and provide me Your blessings to remove all the obstacles in my path of devotion and service.

On this auspicious occasion of Vyasa Puja, I would like to express my heartfelt gratitude to You, for blessing me in contact with the movement of Krishna Consciousness. I also would like to thank all the people who are associated with the Krishna Consciousness movement at this time.

Dear Srila Prabhupada,

Please accept my humble obeisance on this most auspicious day of your divine appearance. All glories to Your Divine Grace.

As Visvanatha Cakravarti Thakura says “The spiritual master is receiving benediction from the ocean of mercy. Just as a cloud pours water on a forest fire to extinguish it, so the spiritual master delivers the materially afflicted world by extinguishing the blazing fire of material existence. I offer my respectful obeisances unto the lotus feet of such a spiritual master, who is an ocean of auspicious qualities.”

Srila Prabhupada, I must admit frankly that I don't have any spiritual qualifications. I even struggle to follow your basic order as to chant 16 rounds and to follow 4 regulative principles. As I know, nobody can be spiritually qualified without your and Lord's grace, so kindly bestow this insignificant soul to follow the basic instructions of Krishna Consciousness.

On this auspicious day of your divine appearance, I beg for your mercy. Though your mercy has already transformed millions of hearts, somehow I have lagged behind in accepting your mercy. I now pray that I may wholeheartedly accept your mercy and actively work for spreading your divine glories.

Your aspiring servant,

Dearest Srila Prabhupada,

Please accept my humble obeisance. All glories to your Divine Grace!

I feel fortunate to write this for you. I want to share my journey in Hare Krishna movement by the your grace. One day I came to ISKCON Bangalore temple. I met a devotee there. From there my spiritual journey started. I saw your “Hare Krishna” movie with all ISKCON devotees. After being inspired, I joined ITPL Folk Residency. Here I learned the real meaning of meditation. What is the purpose of my existence. I still have many questions. I keep on reading your books, so that I can get those answers. By your grace, I started realizing what Love of Lord means. You guided

me through the biggest treasure of life, which is “Name of the Lord – Hare Krishna Mantra”. Chanting helps me control my mind and makes me more mature. The pattern of my life changed after chanting the Holy name of the lord. I have started becoming more spiritual, earlier I was lost in partial understanding. I thank you for having your mercy on all of us, for giving me the chance to come in Sat Sangha, for guiding us the way to the love of Krishna, Otherwise many people were lost without your knowledge.

I request you to keep your mercy on all of us forever.

Your Eternal Servant,

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet. All glories to your Divine Grace.

Sometime back, when I first read Śrīla Prabhupāda-līlāmṛta, particularly the conditions under which you were publishing the Back to Godhead in 1956, I was wondering why the Lord put you in those hostile conditions.

In the words of Surendra Kumar Jain (the printer) – “My first impression was that he was a nice person and straightforward. I felt pity also because of the conditions under which he would come. I know he didn't have even twenty-five paisa. He would come all the way on foot and without any breakfast or anything. He would come in the morning to the press, and when I would ask him, "Swamiji, did you have anything to eat this morning?" he would say, "Oh, no, Mr. Jain. I just came because I had to see the proofs." "That's all right," I would say, "I will get breakfast for you." I would call for breakfast, and then he would sit and work. He would come in the morning around seven and stay until he had seen all the proofs. It was a regular thing that he would come without breakfast, I would arrange for breakfast, and we would sit across the table from one another for hours together. He was always talking on religious subjects only. His financial condition was very, very weak. Sometimes the printing would be difficult because he was not able to arrange for the paper. Many times I told him that if he was feeling difficulty, why was he continuing? But he said, "No, it is my mission, and I will always carry it on as far as possible." I tried to accommodate him to the maximum possible extent. But he was a real pauper.”

Srila Prabhupada, you were sincerely trying to follow the orders of your Guru Maharaja and were trying to publish and preach in English language. I used to wonder why the Lord did not provide you with favorable material conditions. Why should a pure devotee of the Lord, who is so dear to the Lord, be made to suffer so much?

But, in history, we see the examples of great devotees like, Prahalad Maharaj or the Pandavas, who had to suffer so much despite being devotees and serving the Lord. Despite testing conditions, Prahlad Maharaj or the Pandavas had firm faith in Lord's lotus feet.

Your Divine Grace is not different from any of these examples from history. We remember great devotees like Prahlad Maharaj or the Pandavas, even today because of the firm faith they had in the Lord, completely attached to the Lord, not caring for the material conditions. Perhaps, the Lord want many conditioned souls like me, rotting in this material world, to remember you for many generations to come, by reading / listening to your nectar-like transcendental qualities like these.

Recently, I read another pastime of yours in Stockholm, September 1973. After lecturing to a university crowd of rowdy students on the four classes on men, a student in the front stood up and said, "Of course you think you are a first-class man. That's why your followers offer you flowers and you sit on a high seat." It was dead silent in the room. Srila Prabhupada, you practically pleaded with this student, saying, "No, no, no. I am not a first-class man. I am a fifth-class man." Everybody was shocked. It was dead silent again. In this deafening silence, Srila Prabhupada,

you said, "Because I am the servant of everyone." You said thus at a time when you had dozens of ISKCON temples around the world.

I can recall many such pastimes of yours which depict your sweet transcendental qualities. As, ātmārāmas get attracted to the Lord, who possess transcendental qualities, the Lord's plan perhaps is to depict your transcendental qualities by putting you in these situations so that conditioned souls like me get attracted to you for the next several thousands of years to come.

Srila Prabhupada, please bless me with your mercy, so that I can render some service to your mission, by which you would be pleased.

Jai Srila Prabhupada!

A fallen soul,

Dear srila prabhupada,

All glories to your Divine grace. Please accept my respectful obeisances.

I am very fortunate to be part of Hare Krishna movement by your Divine grace, it's by your mercy one can able to chant hare Krishna mantra regularly, your teachings to mankind is the highest contribution to mankind, just by your association one can make massive advancement in spiritual life and can go back to god head in this life only.

I am the most fallen soul who came in touch your Divine instructions which are based on direct instructions from Lord Himself, your 4 regulative principles are turning point to fallen soul like me to elevate gradually to the platform of absolute truth, your instructions which come from your lotus mouth are directly from Lord Krishna himself.

I remember before I come to your association my all activities were sinful, I had no intelligence to identify which is sinful and not sinful by your Divine instructions now I minimized most of the sinful activities, these were all not possible without your mercy and instruction.

You have taught us that every living entity is part and parcel of Krishna, You are the universal spiritual master and any soul who bow down to you is assured to receive your causeless mercy. I beg your mercy to give me all the strength and intelligence to surrender unto Krishna and your lotus feet.

You have given light to the souls in the darkness of kaliyuga, you can deliver anyone from evil, you are the way to Krishna loka, you have saved many lives.

Your contribution is the highest, your books are medicine to the materially diseased, you sent to this earthly planet by Krishna himself to deliver all fallen souls.

Dear Srila Prabhupada I am begging you, please forgive all my mistakes, and bestow your mercy upon me, always guide me, make me realise, give me an opportunity to serve Krishna and your lotus feet life after life.

Dear Srila Prabhupada,

Please accept my respectful humble obeisance.

I am not eligible to glorify You, I do not have any qualification, I do not have any word knowledge to describe You. Please excuse me if I make any mistakes in my literary.

Before I coming to Krishna Conscious I was very unhappy, full of doubts, discrimination, uncomfortable and miseries. Gradually I evolve in Krishna Conscious practices the doubts uncomfortable and miseries become reduced. On the other side health, happiness and brightness are being increased. I feel the association of devotees is secure and the non-devotees fellowship make me insecure.

I cook prasadam, I wish to honor only prasadam and enjoy. These all are possible only because of reading Your books, listening to Your lectures, following Your instructions being in association with Your pure disciples.

After being in Krishna Consciousness, there was new dimension added to my way thinking which is called Krishna consciousness thinking. Every activity, interaction and thinking I do in a day all become well organized disciplined and they are keep on getting better and better day by day as I keep on reading Your books, listening Your lecturing and preaching.

Dear Srila Prabhupada You are such a wonderful spiritual master to this material world, so please accept my respectful obeisance unto Your lotus feet.

Dear Srila Prabhupada,

Please accept my humble obeisances at Your lotus feet.

Prabhupada! I am grateful to Your Divine Grace as Your message of Krishna Consciousness has helped me in living a balanced life. My nature has changed in a way I used to be in extremes (Sad or Happy) mostly. Once I understood that my body itself is temporary so why should I bother about small things or hurdles of material world? The realization that I’m driver of my car(life) & Krishna is my GPS, is very important. This GPS is the most accurate than anything in the world!

Srila Prabhupada, before I came in touch with You, I was only involved in accumulating zeros without understanding that they have got no value unless I(Krishna) is behind them. I have literally stopped running after zeros after I came in touch with Your message, Srila Prabhupada!

The realization that death is certain is the important principle that helps in tolerating the pains of life. Everyone is living a life but making an impact to change is wonderful spirit. It gives the purpose. I owe a lot to Your movement, Srila Prabhupada. I get the inspiration from all Your intellectual devotees and Your Divine Grace's instructions to make a difference. Thank You so much for coming to me life, Srila Prabhupada!

First day I was with my family in my home we decided to go to ISKCON and I was excited to come to ISKCON. I came to the temple, prayed and I visited the prasadam counter. Later I came many times and after some months my friend told me that there is a competition in ISKCON called mango Mania so I was excited to come and attend the competition after attending the competition I was very happy. I thought I want to go again and again and I was getting calls from ISKCON, I was attending competition. Then someone asked me to attend yoga for happiness and I attended it was very beautiful, interesting and I got to learn new things in ISKCON it is very beautiful to be a part of it and prasadam is very tasty, we can learn new things here and it's superb and very beautiful. Please accept my humble obeisance unto your lotus feet.

On this most auspicious day, I feel very happy to be part of your Krishna conscious movement.

I couldn't think of myself and my position if I haven't encountered this most beautiful, powerful, grateful Krishna conscious movement. I was completely travelling in darkness have no idea of my true destination, having no idea of my original identity, having no idea of my real position.

Your preachings in form of your books made me realize who am I, where am I from, why am here. I realized that this human form can be completely satisfied, human sense urges can be completely controlled, human necessities can be completely fulfilled just by following your instructions.

Your Kirtans made my mind and heart get rid of unwanted stuff. One thing I can assure myself is whenever I feel I'm getting down the level in Krishna conscious movement, I would hear your kirtans at first step, then your audios later your essays and articles. At the end I would be in complete command by you.

Dear Prabhupada, I humbly request at your lotus feet to help me in chanting 16 rounds without fail and with cent per cent concentration.

Your servant,

Dear Srila Prabhupada, the dispeller of my darkness,

Please accept my humble obeisances at Your lotus feet.

I don't have words to say thanks to You. Knowledge of all words of all languages in this world is insufficient to describe Your attributes, mercy, and Your endeavors to save us from this mighty clutches of material bondage. But I feel it's my duty to render the sense of offering gratitude unto You on the auspicious occasion of Your Vyasa Puja.

Few years ago, I was suffering in the life of darkness, bewildered with the anxiety of repeated failures in academic and personal life and remained with no hope of survival. But it is You, who pointed the absence of real necessary element of my life. Due to Your mercy, it didn't take more time for me to understand that, the necessary element was nothing but SARVALOKAMAHESHWARA, the seed giving father of all entities, SRI KRISHNA.

In the beginning, Your disciples introduced Your books to me so that I could understand the knowledge of Supreme Personality of Godhead. Your books gave me the spiritual knowledge of devotional service by which our life becomes successful. I was wandering to know who is real God, what are his real attributes and qualities? Even though I found many definitions and ways to find God earlier, they failed to bring me the spiritual pleasure. But the way You taught through Your books and lectures, gave me the perfect answers to all my questions related to God, bringing an end to my confusion.

I was bewildered, thinking that the so called LOVE in this world is true. But when I was deceived by this world of maya, You showed the real love of Krishna.

It is because of Your instructions and lectures I came to know the fact that all my sufferings were due to my past deeds and all pleasures and miseries are temporary. You reiterated that, BHAKTHI is the only way to get out of it. This made me become strong mentally, since I was questioning myself why bad things happens to me even though I didn't do bad in this life.

I was feeling insecure in life, like a ship without captain. But now I have a confidence that the Lord Krishna is with me like a father and You are there to guide like a mother. This confidence may not avoid all sufferings in this material life, but it acts like an umbrella which protects from rain even though it doesn't stop it.

It's great to see many fallen souls taking the advantage of Your spiritual instructions and becoming devotees across the world. Even though You are not here physically, it is indescribable and unbelievable that, still now, You are lifting the innumerable fallen jīvas like us from the dark well of material entanglement through Your literature, lectures, devotees, and Your organization, ISKCON.

I was feeling insecure when I was devoid of Krishna. You made me secure by giving me Krishna in my hands and heart of the soul. I was worrying that I didn't have a good material friend. But now You have given me eternal permanent friend who doesn't die. I was worrying about insecurity, what if my biological father and mother would not be there in future. But You have given me eternal father and mother who don't die and will be with me even after my death.

Hence, O spiritual master Srila Prabhupad, I am indebted to You forever. I request You to grant me the strength to imbibe the spiritual knowledge of Krishna and devotional service in the hearts of all people who become familiar to me in my life including my family members. You have transformed my life from mere material ignorance to spiritual goodness and also Your process of transforming me is still progressing. I am chanting the holy names of the Lord without fail as told by You and Sri Chaitanya Mahaprabhu.

May You be glorified in all lokas of the creation. Even though You are not present materially or physically, I hope, in the upcoming hundreds and thousands of years, innumerable number of conditioned souls who are suffering, will take the path You showed us.

O Guru, Srila Prabhupada, please bless me eternally. I bow my head at Your lotus feet. Remind me always about Krishna. Give me unlimited opportunities to serve You and Krishna, irrespective of wherever I am & whatever the life I get.

Dear Srila Prabhupada,

Please accept my respect obeisances

I thank You Srila Prabhupada for giving me the mercy that I can read Bhagavad Gita and Your other books. Thank You for giving me a chance to do seva in Your temple.

Seeing Your selfless deeds and Your voyage of compassion to the west at the age of 70 inspires me to do seva and read Bhagavad Gita. Your Bhagavad-Gita As It Is has enlightened me about Krishna and His valuable instructions. I experience many good changes in my life after reading Your Bhagavad-gita As It Is and attending Youth programs at Your ISKCON Bangalore. I pray to Your Divine Grace to give Your causeless mercy to make me more serious on the path of Krishna Consciousness.

Srila Prabhupada, I met You when there was no hope in my life, there was no way to live this life, there was no happiness in my life, there was a wrong path waiting for me but then one fine day I came to ISKCON and met You. Till now that was the happiest day of my life which I realized much later. You protected me every time. You became my guide, teacher, friend and took this life from darkness to light. You gave me hope through Your teachings. You taught me how to lead my life. You are the one whom I look upon in my life when I need answers. Just a glance of Yours is enough to find solution! Now I walk on the path of Krishna Consciousness shown by You. You have filled my gloomy materialistic heart with the Supreme light of Krishna. Thank You Srila Prabhupada for everything!

Dear Srila Prabhupada,

Please accept my humble obeisance all glories to your Lotus Feet.

Everyone will always be perplexed in this material world and even I was in the same state before stepping into Krishna consciousness. You have simplified the incomprehensible science of god to everyone in this conditioned world. It's been a few years that I have been into Krishna consciousness and its because of you that I have turned dilettante into earnest. You made it easier to understand the god consciousness which was indecipherable to me and I have learned it up to my levels of understanding. You have testified every little doubt of mine about Krishna consciousness in a comprehensible manner. It's really hard to find words to express my gratitude.

Please accept my endless gratitude.

Dear Sri Guru Srila Prabhupada,

Please accept my respectful obeisances at Your Lotus Feet on this holy day of Sri Vyasa Puja.

The absolute mercy of the Lord, Guru Parampara and pure devotees had bestowed this golden opportunity of leading Krishna conscious life. I came to know about You, dear spiritual master when I had written a competitive examination conducted by ISKCON, Bengaluru on "Srila Prabhupada's Life and Teachings" in my 6th standard. Again by Your mercy, I came in connection with devotees during my first year engineering. Finally the connection has been seeing its revival through the nurturing of FOLK - youth empowerment club of ISKCON, Bengaluru.

You had awakened me from the deep sleep of ignorance and Your showers of wisdom are strengthening my mind and enriching my wholesome personality. You have gifted me the association of devotees to motivate, the best enlightening books to read, divine temple atmosphere to refresh, like minded youth as friends to accompany, melodious and glorifying Kirtans to sing and dance in ecstasy, energising and the tastiest prasadam to relish, very caring FOLK Guide to mentor. Above all Your mercy to uplift me, has inculcated in me, the practice of transcendental chanting and hearing of Hare Krishna Mahamantra.

Your teachings have paved way to understand the science of self realization, the real purpose of life and the means to fulfil that purpose. A pebble is on its journey of transforming into pearl, by Your kindness. I feel very much privileged to be Your humble disciple. I seem to be fortunate to learn from You the easiest and befitting process for this age to feel the presence of the Lord by chanting His holy name. I offer multimillion thanks for everything.

This appearance day of Yours is the most precious day which has led foundation to such mighty process of transformation. This day had been the cause for bringing Krishna into our lives. Dear Karuna Sindhu Guru, please accept my heartfelt gratitude and continue to hold my hand and accompany me in all the journey ahead.

All glories to A C Bhaktivedanta Swami Prabhupada!! Srila Prabhupada ki Jai !!

Dear Srila Prabhupada,

All glories to You, Please accept my humble obeisances.

Truly saying, I was just living my life without any basic understanding and direction of life. Just eat, drink and enjoy, knowingly and unknowingly facing law of Karma.

I remember first time I visited ISKCON Bangalore and registered for weekend Folk classes, got chance to chant Holy Hare Krishna Mantra and felt changes in my life.

I used to go early morning to office by bus during Brahma muhurta, in that time used to listen morning sadhana recording, it impacted my life.

Prabhupada, still I am fighting Maya by taking shelter of your lotus feet. Please take charge of my life and give me intelligence to follow the path of dharma guided by you.

Please be merciful upon me.

Dear Srila Prabhupada,

Please accept my most humble obeisance on this most auspicious day of your divine appearance. All glories to your divine grace.

The transcendental knowledge of the Vedas was first uttered by Lord to Brahma, the creator of this particular universe. From Brahma, the knowledge descended to Narada, from Narada to Vyasadeva, from Vyasadeva to Madhva, and in this process of disciplic succession, the transcendental knowledge was transmitted by one disciple to another. The knowledge that we receive from our Gurudeva is not different from that imparted by God Himself and the succession of the acharyas in the preceptorial line of Brahma. We adore this auspicious day as Sri Vyasa-puja-tithi because the Acharya is the living representative of Vyasadeva, the divine compiler of the Vedas, the Puranas, the Bhagavad-gita, the Mahabharata, and the Srimad-Bhagavatam

During your physical presence, out of your natural humility, you distanced yourself from honour and glory of your personal self. I must admit that my biggest lacking in preaching is that I have not sufficiently glorified you.

Your divine grace exhibited summit cleanliness, both internally and externally. His heart and mind were constantly submerged in the purifying waters of the love of Godhead and his shining body was always engaged in the Lord's pure devotional service. Srila Prabhupada's cleanliness was so profound and far-reaching that not only was he himself impeccable, but he also purified the lives of thousands of men and women who had previously possessed no proper concept of spiritual or bodily cleanliness.

The fact is that your divine grace is completely surrendered to Lord Krishna was demonstrated by your constant engagement in devotional service with body, mind and words. One symptom of a soul who is fully surrendered to Lord Krishna is his consequent detachment from bodily affectation. At the advanced age of seventy, and in the face of several heart attacks and various other onslaughts that would have incapacitated and demoralized a mere mortal, Your grace single-handedly broke through Maya's formidable stronghold and planted the seed of devotional service in the hearts of millions of fallen souls. Your ability to accomplish this feat was due to your complete surrender to Lord Krishna.

On this most auspicious day of your divine appearance, I beg for your mercy so that I can serve your mission sincerely by giving up my false ego and lethargy.

Yours most insignificant disciple,

Bhakta Dipu Majumdar

Dear Srila Prabhupada.,

I feel very honoured to submit my Vyasa Puja offering on this auspicious occasion.

Dear Srila Prabhupada, if I do any mistake knowingly or unknowingly, please forgive me and keep me at your lotus feet.

Please help me to remember Krishna and his holy name always. I beg for forgiveness as I am not able to keep up good sadhana from last 4 months. I am not coming regularly to temple and not chanting 16 rounds. Please bless this fallen soul, so that I can be protected from the clutches of Maya and remain at the shelter at your lotus feet. I sincerely beg for forgiveness for any offences committed knowingly or unknowingly as I am still learning how to serve you. Kindly bless my family so they can also become devotees of Lord Krishna .

Dear Srila Prabhupada,

Please accept my humble obeisances

All glories to Your Divine Grace!

First of all, thank you very much for giving me the opportunity to chant the Hare Krishna Maha Mantra, associate with devotees, read your transcendental books, hear your lectures, relish prasadam, take darshan of the Lord and enjoy the kirtans.

It's so very difficult to practice Krishna Consciousness in today's world but because of your hard work, sincere efforts and causeless mercy I have been able to do an insignificant bit. Although, I have failed to follow your instructions, you have been benevolent and given me ample opportunities to purify myself.

Taste for chanting Hare Krishna Mantra, transcendental knowledge, spiritual realizations are far from my reach, however, your affirmative words and the enthusiasm of your disciples inspire me to keep trying to pursue the path of devotional service. Last but not the least, I express my sincere gratitude to you for bestowing special mercy on Transdimensions club in IISc.

Please give me faith and strength to abide by your instructions and help the suffering souls to take up your instructions seriously.

Jai Srila Prabhupada,

Please accept my obeisance at Your lotus feet. It is said that every devotee must have the blessings of a spiritual master. As I'm blessed by You to take part in your Krishna Consciousness movement, I'm getting the most auspicious thing of my life. Before Krishna Consciousness I was full of miseries and my mind was always fluctuating with material attachments. But after reading Your book, (which is non other than Your presence with me) I realised about the body and the Soul. Another most important thing came in my life was "Nama Sankirtan". You made me understand that there is no difference between The Supreme Personality and His holy name.

It is fact that those who get instructions from a bonafide spiritual master are the precious soul in this material world. So I thank You personally for creating such a great movement of spreading Krishna Consciousness. By this our souls are getting purified. Also the devotees at ISKCON Bangalore, have taught me some great principles of Your life and the essence of Bhagavadgita and Srimad Bhagavatam.

Through Your blessings I have got all sorts of happiness. Only by Your mercy one can cross the ocean of material attachment. I thank You for making me and my family to get under your movement i.e., Krishna Consciousness. And I promise You that I will be implementing your principles in my life and chant 16 rounds of Hare Krishna Maha Mantra.

Finally in my future, I request You kindly to show me the directions to attain death by remembering Krishna, The Supreme Personality of Godhead or Yourself.

Dear Srila Prabhupada

Srila Prabhupada You have inspired me to understand the importance of time in my life. You have also thought me many things which I only had questions of but would never ask he has given me a clear picture of what I am and what is my duty as a human. He has inspired me to look at things from a devotees perspective. And how to invoke and understand the love of God and inculcate immense love for Krishna.

Prabhupada presented the Bhagavad Gita as it is to everyone without consideration of what he/she is. I think it is very important to understand that a person without a guru is like a man with no direction.

Prabhupada led the road to KC and along him took so many on the path of true realisation. And inculcating love for Krishna I think it is very important to have a guru is a life as he will take you where you belong.

Dear Srila Prabhupada,

Please accept my respectful bottom from heart' obeisance's unto Your lotus feet.

On this auspicious occasion of Vyasa Puja, I would like to express my heartfelt pray and gratitude with the movement of Krishna Consciousness. I would like to thank a lot

You for blessing us with the Hare Krishna Maha-Mantra, enlightening us with its meaning, and also giving us the initial taste for chanting, so that we could embark on our journey in Krishna consciousness.

In my limited journey on this path, I have certainly realized one thing, that the understanding and taste for such spiritual knowledge cannot be achieved by any amount of material efforts, unless one has the mercy of the spiritual master.

I would like to thank You for blessing us with the opportunities to render practical devotional services for the pleasure of the Lord, even though we are not at all qualified for it. By Your relentless efforts, Your vision into the future and Your causeless mercy upon the conditioned souls, You envisioned and started the movement of Krishna Consciousness, which is deeply impacting the lives of millions of living beings and helping us understand the true purpose of human form of life - "To attain Love of Godhead".

Even though You are not physically present with us in this material world, Your instructions in the form of books and lectures make us feel Your presence every moment, and inspire us to advance in our spiritual lives.

Please continue to shower Your blessings and causeless mercy upon this conditioned fallen soul, for there is nothing other than the shelter of Your lotus feet that can help us stay focused and disciplined in our spiritual life. Let me express my gratitude to you for showing the world, the path of enlightenment, the purpose of life and establishing the foundation stone for Harinam Sankirtana movement across the world.

Personally, joining the folk hostel, and being part of the Vaishnavas was the best thing happened so far in my life. I wear it as a badge of honor being part of such a curriculum. I used to sing aarti and do kirtan daily. You are my inspiration and hope that one day I will also with your blessings take this movement to whichever part of the world I will be. Please be by my side and bless me just like the way you have blessed other devotees with wonderful Kirtan skills. Please bestow me as well.

Words won't be enough to express my gratitude.

I thank you for giving me the opportunity to be part of your movement.

Dear Srila Prabhupada,

Please accept my humble obeisance's on this most auspicious day.

Your mercy is infinite. In Srimad Bhagavatam 7.5.32, it is mentioned:

mahīyasāṁ pāda rajo 'bhiṣhekaṁ niṣhkiṣchanānām na vṛiṇīta yāvat

“Until we bathe ourselves in the dust of the lotus feet of a Saint, we can never have an experience of the transcendental platform.”

I would like to express my deep appreciation for You for the opportunity You gave me to understand and preach the glories of Lord Krishna and Srimati Radharani.

On this most auspicious day, please give me the strength to follow all instructions which lead me to become a good devotee and make me capable to serve Your mission in propagating Krishna consciousness.

As a part of my stay in FOLK Residency, I am getting the good environment to practice Krishna consciousness. The association with FOLK Residency devotees always help me to solve out some issues and listening to Krishna's pastimes from them always make me happy.

One of the pastime which inspired me was when once You were invited for some program by Your Godbrother from Gaudiya Math. At that time Your health was not good but You went ahead to attend that program. While climbing the steps, You got injured but You addressed the audience like nothing had happened to You. This pastime

inspired me a lot. Your perseverance, integrity and God-loving nature continue to inspire me. I beg Your mercy to enable to give me that attitude so I can also serve Your mission like true Vaishnava.

My dear Gurudev, its all your causeless mercy that even after having no qualification and capabilities I am able to chant Hare krishna maha-mantra.

On the occasion of your 122nd Vyasa-puja, I want to thank you for bringing me to Krishna conciousness.

Because for you mercy I am very fortunate to have association of devotees at FOLK. I feel at home when I am in temple. I have learned many beautiful prayers in FOLK sacred chants club. Thank you Prabhupada, for providing me with different service opportunities in temple. I enjoy rendering services on different festivals and on weekends. It makes me really happy.

Dear Gurudev! You have written so many nice books which are full of knowledge and simple to understand, you teachings guide and motivate me whenever I feel low and anxious. It's me who is not taking full advantage of the wonderful opprtunities you have kindly bestowed upon me. As my reading is poor, please help me to improve my reading of your transcendental books.

You have blessed my entire family as my parents and wife have also started chating the Hare Krishna maha-mantra.

Please forgive me for all my offenses at your lotus feet.

Dear Srila Prabhupada,

My name is Gopal Krishna Agarwal and I am from Kanpur. From childhood I was fascinated by Shri Krishna. I and my family worship Thakurji which our ancestors have been worshiping. I have grown up visiting Vrindavana and it never stops to amaze me the beauty aura of supreme personality of Lord and his activities. I had always been in touch with Krishna every time I have a chance to do so. I eagerly waiting for shri Krishna Janmashtami, were in my father always took us to Krishna temple and we used to spend all night and see the birth of the supreme personality of godhead. It was always exciting for to celebrate all the activities associated with janmashtami as all my family were involved in the festivals. I came to Bangalore in the year 2005, I develop strong association with Krishna as I started to leave alone. I use to cry very much when I feel lonely I used to call the lord. After completing my engineering I had no job and came to Bangalore again after doing my 2 years studies at IIT Kanpur. I had no one to support me, then I came in touch with ISKCON and attended my first SOS session and came to know about folk Residency. Then I moved back to Kanpur to study for MBA and got admission in Goa institute of management. After doing my MBA I got job in Mumbai and again came back to Bangalore and joined the folk Residency.

Dear Srila Prabhupada,

Please accept my humble obeisance of your divine lotus feet.

At 1st I would like to say one thing that, it's not enough to say " Thank You" to express my gratitude towards on you. it's something beyond.

I remember that when I was 11/12 yr old I heard your name & about ISKCON from my father. He brought Srimad Bhagavad Gita & Sri Krishna book. I had seen the painting which explains the glory of Lord.

By your blessings, after a long period, I came to touch with Devotees. I think from there my spiritual journey started. Gradually I was inspired from them & started chanting, later on trying to follow the principal to become a devotee. This journey is still going on.

To become a "Dasha nu das" of Lords, I need your help & blessings. Please give me a strength & awareness through I can take a strong commitment to control my materials desires. Because of your movements an insignificant being, like me are able to take the holy name and also came to know the glory of Lord.

As I know it's not enough to write and express my emotions & feelings, help me to remember the holy name.

Finally, because of a devotee, I dare to write some thing like a kid .

As your insignificant servant,

Hare Krishna. This is Haladhar Sahoo from HAL Bangalore.

I have been associated with ISKCON since 2007. By this I learnt that we r soul and change our body like clothes. I also chant Hare Krishna mahamantra regularly. By this two activities I got so much energy that I could manage my father s separation from me to whom I love most. I regularly visit rathayatra since last 10 yrs without break. But this year due to tradition I should not go to temple for one year but through one devotee kiran prabhu you have

sent message that god is coming out from temple. No need to be inside. So without destroying tradition I could see lord on chariot.

Thank you Guruji by blessing me.

Dear Srila Prabhupada,

I offer my respectful obeisances on to your lotus feet.

My mind and intentions were very bad before coming to path of Krishna consciousness. Your teaching and principles which was carried from guru parampara struck my mind and brought me to spiritual understanding. Everyone are drowning in this material ocean. Assuming that their mental speculation and hard work would bring them peace and joy.

Truth is that if one does not choose the platform of Krishna consciousness, their whole life cannot reach to the self-realization. You taught us how to surrender for Krishna and why to engage in his devotional service. I am so blessed to hear and to follow your instructions and I pray to you to bestow your blessings and direct me to engage in devotional service regularly. Please provide me enough courage to face any obstacles which comes on my path to Devotion. May I be an instrument to carry your message wherever I can and help people to understand the real goal of their life and make their sublime and blissful. Whatever contribution I can make, I will be more than happy in doing the same.

Even though You have given wonderful Caitanya Mahaprabhu philosophy to the undeserved soul like me my mind still wandering to enjoy the material life.

I act like doing devotion but really i have no qualification. I beg You to please keep showing mercy to the undeserved soul like me with your causeless mercy. Please give us the strength and vision to follow your pure teachings so that i can become true follower.

Hare Krishna Hare Krishna Krishna Krishna Hare Hare Hare Rama Hare Rama Rama Rama Hare Hare

At the age of 12 I had visited ISKCON for the first time in my life, and that was my last visit to ISKCON till 2017. And that experience was really wonderful with my friends.

After my graduation I was looking for a job, my grandmother suggested me her friend who is working in ISKCON since 18 years. He called me and asked to come for an interview. I was a bit nervous because it was my first interview in life.

After the interview I was a little doubtful with the selection and suddenly they told me that I have been selected and can come for the job. I think this is a mercy of Srila Prabhupada and blessings of Lord Radha Krishna. From then i have decided to give my 100% towards my job and serve the Lord. After I started my job I slowly realized the changes in my life and then I started chanting the holy name Hare Krishna mahamantra which really made a difference and impact in my life.

I had a very bad nature of being angry for small things and I didn't respect elders properly, but after joining ISKCON I have learned to be patient and to give respect to my elders. All this credits goes to ISKCON devotees who are humble to each other and through them I learn many things.

To be honest, it's been 8 months with ISKCON that I've been working and serving the Lord Radha Krishna! and I don't feel any stress or tension except some situation where I make mistakes.

I would love to serve more to Krishna and all this wouldn't be possible without Srila Prabhupada and his Mercy.

Hare Krishna!

I'm HARSHAVARDHAN V a devotee of Shri Krishna. I have heard many stories and I have read many books of Srila Prabhupada.

I'd like to share an incident which I got inspired by divine Srila Prabhupada. When I was in 7th grade I just visited ISKCON Bangalore for the first time and I didn't know anyone only for the sake of interschool competition conducted by ISKCON Bangalore i.e Gitafest. There all devotees started telling about Srila Prabhupada and his achievements and also he's the founder of ISKCON all over the world. That sentence made me go through his life history book. Once I started reading that book I got to know who's Srila Prabhupada. The day I finished reading the book I've become a great disciple of him too.

Remembering his name and his achievements one should always praise him in a devotional way.

Srila Prabhupada plays a vital role in spreading of Krishna consciousness all over the world even though he faced many difficulties in initial stages but later on, even junkies started praising him, that's the power of Srila Prabhupada.

I'd like to end by praising him again please give me the power and knowledge and much more.

Thank you!.

Dear Srila Prabhupada,

All glories to Your Divine Grace!

O Gurudeva! I am very insignificant in this world and I am working day and night without thinking about you, still you show your causeless mercy upon me and keep me under your shelter. I have no desire to spread your movement still you keep inspiring me to spread your message through your lectures and books. I don't know when I will contribute even a small effort to your movement, I am the most fallen amongst all. I am hankering after petty material things, offered by maya, but you are like torch in the dark who is showing me the path towards my ultimate goal. I have no intense desire to serve you and the Lord. So I beg at your lotus feet to please help me in developing a deep desire to execute my fundamental duty of serving the Lord.

O Gurudeva! You have been trying to remove my ignorance by being so kind upon me. You have not left me for a single moment alone. As soon as maya attacks me, you send your disciples somehow to bring me back to Krishna consciousness. I feel always energized because of your instructions. You are the one who made me familiar with the Absolute Truth and made me realize about my eternal duty.

Thank you Srila Prabhupada for everything which you have given me as priceless gifts, though I am not worthy of it. I request you to please always keep me under your shelter.

Bhakta Harshit Sethi

Dear Srila Prabhupada,

Please accept my respectful obeisance unto your lotus feet.

Although I am not officially initiated, I believe that you have personally blessed me and accepted me as your disciple.

When I try to analyze that how and why I became interested in this philosophy of Krishna Consciousness, I see no reason apart from your causeless mercy, that a fallen conditioned soul like me, started feeling the taste in practicing Krishna Consciousness. Whenever I come across your words, be it through your books, your lectures, your letters, I am always amazed as to how simplistically you explain even the highest of philosophy, in a manner that a layman like me can understand. There are numerous situations when I read a book, listen to a lecture, and my eyes are filled with tears of joy and realization.

By your causeless mercy, you have given me so many opportunities to perform practical devotional service to purify myself, even though I don't deserve/qualify for such a position. Thank you for blessing me and giving me an opportunity to act as an instrument to spread this knowledge of Krishna Consciousness to others. Simply by repeating your words, I am able to convince and invite more and more people to practice Krishna Consciousness, for I have very little knowledge and realization.

By Your causeless mercy and by the Will of Krishna, now that I have begun my spiritual life, I request you to please take charge of my journey and show me the right direction and empower me with the adequate strength. As fallen as I am, as insincere as I am, as conditioned as I am, I would request you to please be patient and tolerant with me, just as a parent is with their child, who repeatedly makes the same mistake despite being warned about it. I, as an individual, is very weak to overcome the most trivial obstacles in this journey, however, I am sure that with your blessings, even the most difficult obstacles can be overcome with ease, Srila Prabhupada.

It is difficult to put in words, the gratitude which I have towards you, as you uncovered and revealed to me the most secret, confidential and mysterious knowledge, which cannot be understood by simply having the eyes to read, but which has to be understood and realized, and which is impossible without your causeless mercy.

Thank you for allowing me to taste the nectar of this knowledge, so that I could advance towards increasing my love and devotion for the Supreme Personality of Godhead.

As a servant begging at your lotus feet, I humbly request you to please continue to shower your causeless mercy and blessings on this fallen conditioned soul, as only the shelter of your lotus feet can help me stay committed and focused in my spiritual life, and help me advance towards the purpose of my life, which is attaining pure love and devotion for the Supreme Personality of Godhead, Sri Krishna.

Your aspiring servant, Bhaktha Harshit Sethi

Bhakta Hemant

Dear Srila Prabhupada,

I am glad that You have led me unto the path of self-realization for before this, I was mindlessly going through the annals of life without any discrimination. Your efforts have far-reaching consequences and have recently made me join the force. Now I have access to a huge repository of Your books that help me gain the knowledge of the spiritual life. Not only that but the chanting and dancing for the pleasure of the Supreme Lord is an experience that is beyond words. I am only a humble soldier and I will try and do my best to be an instrument like the prabhu who has imbibed me.

Nowadays there is never a time feel lonely or depressed as I regularly started participating in services of devotional nature. There is a sense of contentment and freedom from bondage. The knowledge and wisdom passed on by devotees at ISKCON is something that will stay with me and is shaping me to be a better person.

Hare Krishna.

Praying my humble obeisance on his lotus feet of my dear Spiritual Master Bhaktivedanta Srila Prabhupada and their Lordships Sri RadhaKrishna Chandra.

I came to know about this Krishna Consciousness Movement(ISKCON) when I was pursuing my BCA in 2007 in Berhampur, Odisha by one of my colleague whose name is Krishna Achary in an institution where we both teaches 5th-10th standard students.

At that time, I was very new to this movement and after attending every Sunday Satsang Classes in temple and honoring delicious prasadam, my interest was gradually developing to know more about it and it was gradually going on very nicely.

By listening and reading Srimad Bhagavat Gita As It Is rigorously, I realized the effect of the 4 principles of human life and then left all these bad habits - gambling, meat eating, drinking alcohol, smoking and illicit sex which was happened by my insensitiveness, uncontrolled mind and senses what I did for few years and I was no aware of the consequences of them before.

Since last 1 year not eating onion-garlic foods. By Guru and Lord Krishna mercy, I'm preparing myself prasadam and honoring it daily.

By Srila Prabhupada's mercifulness and blessings, from the last 5 years I'm practicing the Krishna Consciousness by chanting the holy name "Hare Krishna Maha Mantra" and reading srimad Bhagavad Gita As it is and Bhagavatam regularly, strictly and make progressing in Bhakti path to seek the mercy of my dear Guru and Gauranga as well Sri RadhaKrishna Chandra and blessings of all other Vaishnva Devotees till the last breath of life.

Without the mercy and blessings of Spiritual Master, his guidance and instructions as in his sacred books, I cannot able to attain this stage of my life surely there is no doubt of it.

Today what I'm is quite different as compare to past 5 years back what I was.

These all happened by only the mercy of Guru and Lord.

Your Servant,

Bhaktha Hemanta Kumar Dora.S

Bhakta Hemanth Kumar

Srila Prabhupada, I offer my hallowed obeisance's to You, our savior.

Primarily, I'm grateful to You for imparting me with the greatest knowledge. I'm grateful to You for giving me the realization or understanding to perceive KRISHNA. As my spiritual guide conveys that "Out of one in thousands' aim for liberation and out of only ONE in those who aim for liberation will get to know KRISHNA", we, as devotees feel lucky and owe You a lot indescribable in just words. I neither aimed for liberation nor had any knowledge regarding spirituality. If it would not have been for You, oh spiritual master, it'd not have been possible to be able to realize who I really am and what I should really be doing.

Thanks to You, today people are high, thinking, chanting and serving for Jagannatha. Forgive me for all my wrongdoings as I'm trying to follow Your instructions seriously each and every day. On, this special occasion of Vyasa Puja, I sincerely bow down to You offering my respects and also to help me to stay focused on remembering Sri KRISHNA!

Your tiniest devotee, Bhakta Hemanth.

Bhakta Himanshu

Dear Srila Prabhupada,

Please accept my humble obeisance's at Your Divine lotus feet.

I want to express my sincere gratitude in awakening me to the Spiritual world which I was never aware of until I surrendered to Your teachings about the eternal world. I was lost in the material world and was seeking happiness and love from each and every human being which was never ever fulfilled, and I kept on wandering in the material world birth after birth.

By Chanting the Holy name my thinking pattern changed. All the negative thoughts and waste thoughts are subdued.

While Chanting, only positive and productive thoughts come. It makes my mind more and more subtle to realize the supreme personality. It helps to concentrate on work/ daily work, improved the sleeping quality. I personally experienced that my sleeping quality improved a lot, now i sleep less but my sleep in very deep.

I do request You to please keep me under Your shelter.

Dear Srila Prabhupada,

Please accept my humble obeisance's at Your lotus feet. All glories to Your Divine Grace!

I offer my respectful obeisance's unto His Divine Grace A.C. Bhaktivedanta Swami Prabhupada, who is very dear to Lord Krishna, having taken shelter at His lotus feet. As its written in the Guru Ashtakam which we daily sing during the auspicious Mangala Arati:

*sakshad-dharitvena samasta-sastrair
uktas tatha bhavyata eva sadbhih
kintu prabhor yah priya eva tasya
vande guroh sri-caranaravindam*

The Spiritual Master should be worshiped like the Supreme Personality of Godhead, and this injunction is obeyed by pure devotees of the Lord. The Spiritual Master is the most confidential servant of the Lord. Thus let us offer our respectful obeisances unto the Lotus Feet of our Spiritual Master."

yasya prasada bhagavat-prasado

yasyaprasadan na gatih kuto 'pi

dhyayan stuvams tasya yasas tri-sandhyam

vande guroh sri-caranaravindam

"By the mercy of the spiritual master one receives the benediction of Krishna. Without the grace of the spiritual master, one cannot make any advancement. Therefore, I should always remember and praise the spiritual master. At least three times a day I should offer my respectful obeisance's unto the lotus feet of my spiritual master."

Srila Prabhupada, on this auspicious day of Your Vyas Puja celebration, I offer my dandavat to the dust of Your lotus feet. Lord Krishna says that one should approach a bonafide Spiritual Master for becoming self-realized. But, You approached me in my life while I was a bewildered soul searching for a Guru. It is all because of the unlimited compassion that You had over a fallen conditioned soul like me. It's been more than 5 years I've been chanting, starting from just 1 round to 2 rounds to 4 rounds to 8 rounds and finally reach the magical figure of 16 rounds. At certain times, with Your Divine Grace, I even tried chanting 64 rounds which seems difficult for me to do it now. How things changed and developed during these years, it's still a mystery for me. It's certainly by Your Divine Grace that I've reached to this stage though am still a neophyte.

There was a time few years back (2015), when I was just chanting maximum 4-8 rounds, I used to contemplate and desire, that when I will start chanting 16 rounds, when I will attend Mangala Aratis regularly, when I will be in the association of the great devotees. And as they say, universe starts conspiring in order to help You to achieve Your deep desires and dreams. Things and circumstances changed and I landed in Bangalore unaware of blessings that were waiting to come into my life in the near future.

It was a chance visit to ISKCON Bangalore in one fine October (2016) morning, where by Your Divine Grace, I met one devotee. As I was sitting at corner in the main temple hall, struggling to be awake in order to chant the 16 rounds at 5 in the morning, that devotee came up to me and asked about myself and introduced me with few others devotees. From then onwards, he became my constant lighting guide towards the process of Krishna Consciousness. Under his guidance and Your divine grace, my chanting improved and I started reading, understanding and cherishing Your philosophy. I cherished each and every moment there in the temple. Mangala Arati, SB lectures, association of senior devotees, Kirthan, Prasadam, transcendental Music and dance, etc., etc... And even after leaving Bengaluru, You gave me ample opportunities to be in touch with the devotees in Vrindavan and Mayapur.

I took one step towards You and You took 100 steps towards me and helped me come out of my difficulties in Krishna Consciousness Sometimes I feel, "I don't deserve this special mercy". Now that I am trapped by Your mercy, I pray at to the dust of Your lotus feet, that I become a good instrument in Your hands and become a sold out slave of Your Divine Grace. Your mercy is most important to me than anything else. How can I understand Krishna, without Your blessings and guidance? You always stress about "Pure Devotional Service" and that sound vibration has imprinted in my heart. It is now my duty to strive for pure devotion and serve You in Your mission of spreading the message of Lord Krishna.

Thank You, Srila Prabhupada. By Your grace I am understanding so many things and am able to share it with others despite my disqualifications. And I see the real love flowing. If You forever keep me as Your humble instrument, I will never have anything else to ask for. Srila Prabhupada, please bless me the spiritual strength and intelligence to chant holy name without offenses, sincerely, consciously without personal motive or sense gratification and follow

all the regulative principles religiously. Srila Prabhupada, please forgive me for any offenses committed knowingly or unknowingly at Your lotus feet considering me as an insignificant servant.

Always begging at Your mercy.

Trying to be Your servant.

Hare Krishna

I Indrajeet Kumar joined ISKCON Bangalore as a FOLK Member "Youth Empowerment Club". I was unaware about the spiritual life.

Coming to contact with my spiritual guide, I got familiar with the spiritual life and learned the motives of life.

Many situations came where I felt lonely, But we should not leave hope. As Said in BG 14.19

*" nānyaṁ guṇebhyaḥ kartāraṁ yadā draṣṭānupaśhyati
guṇebhyaś cha paraṁ vetti mad-bhāvaṁ so 'dhigachchhati "*

We should take a guide from the real spiritual master Lord Krishna and His Pure Devotee.

As Mentioned in BG 2.47

*"karmaṇy-evādhikāras te mā phaleṣhu kadāchana
mā karma-phala-hetur bhūr mā te saṅgo 'stvakarmaṇi "*

We should do with our prescribed duty without thinking of the fruits of action. Supreme Lord has plans beyond our thinking they have some other plan.

At Last but not the least I would like to conclude it by saying that it has inspired me a lot they have given a way of thinking beyond the box. A Special thanks to "Srila Prabhupada".

Thank You,

Dear Srila Prabhupada,

Please accept my humble obeisances

I would like to express my prayers and gratitude to Your Divine Grace on this auspicious occasion of Your divine appearance.

A lot has changed since my last offering to You Prabhupada. I've left FOLK residency for reasons You would definitely not be happy about. My priorities have shifted from spiritual to material in spite hearing Your various instructions on this topic which makes me a sinner of the worst kind. While writing this offering the only thing that ran in my head was, "What am I supposed to tell You?" The choices I've made can definitely be called going rogue.

Irrespective of all this one thing that hasn't budged an inch is my belief in Lord, and I have only You to thank for this. He is the one I look for protection always, see His lotus feet the first thing in morning, chant Narasimha kavacham daily, listen to Narasimha Aarti the first thing while travelling anywhere and while remembering the Lord's name numerous times in a day, one thing that is always associated with it is my gratitude for You.

I cannot call my sins mistakes and ask for Your forgiveness as they are my choices at my discretion. I hope to come out of this ignorance some day during this journey of life and I seek Your blessings for that.

I'll be ever grateful to You for the gift of the Holy name.

Aspiring to serve Your cause someday, Bhaktha Ishaan Abhinav

Dear Srila Prabhupada,

Please accept my humble obeisances on to Your lotus feet!! You have been so merciful to me oh Prabhupada. Time and again I have fallen down from my path to Krishna consciousness but You have never left my hand even in the midst of darkness. Really I don't think I am even one percent fortunate enough to know about the almighty Krishna but it's just by Your guidance and grace I somehow came in touch with Krishna consciousness.

Oh ocean of mercy, please stay in my sight and keep on illuminating the magic shine of Krishna consciousness. Oh Savior please help me to regain my Krishna consciousness and please bless me that I'm never forgetful of You!! Show me the path closer to Krishna closer to home back to Godhead.

Your most most most fallen disciple,

Dear Srila Prabhupada,

Please accept my humble obeisances at Your lotus feet

We understand life is always good until we have real realization and meaning of it. I was always happy with job corporate life and thinking I'm on the mark with race with tons of stress and problems/challenges. Touching Bhagavad-gita first time in my life gave me first breakthrough in my life to become a trainer, which stands out to be the best opportunity to improve my presentation, interpersonal skills, which is also a key skill in my corporate life to achieve greater heights. Today I stand strong in presenting my view in front of any one / any stage/ forum.

When I was thinking only in such material lines, through Your causeless mercy, I came in touch with Your movement and today I am using all my corporate skills to serve Krishna! Thank You Prabhupada for engaging me in Your service.

Coming in touch with ISCKON and accepting Your Divine Grace as my Guru gave me real understating of faith which was just a work for me. Today with zero doubt and fear, I live my life with understanding that when the Lord is there to protect and take care of me, I do not require to have any strain of doubt as to what is going to unfold in future. As its clear, Your Divine Grace will guide me on the path and will make the journey of life easy as parents' guide and take care of their child.

Today I have life with zero stress, optimistic, positive thinking, fearless (of future), always present feeling and to serve/help other. After understanding and practicing Your Divine instructions under the guidance of Your disciples, I am progressing on the path of fearlessness. I have no fear as I feel that Lord is taking care of me. This realization, thoughts and feeling can only come upon with the mercy of a pure devote spiritual master, that is Your Divine Grace, Srila Prabhupada!

Thank You Srila Prabhupada for coming to my life!

Dear Srila Prabhupada,

Please accept my respectful obeisances

Thank you Prabhupada, for everything You did to make us conscious about Lord Krishna. I am grateful that at least at this age I am getting Your blessings through the association of Your disciples. When I listen to Your speeches and watch your videos, it feels like that I should have born in early 60's to see You personally. You are like a gem who dazzles across this world everyday attracting large number of materialistic people like me towards Krishna. My knowledge is very less to describe you in words. Please keep Your blessings on me that my mind will always think about Krishna and that I do all my actions as a service to Lord Krishna.

Dear Prabhupada.

I pay my humble obeisances from the core of my heart unto your lotus feet. Dear Prabhupada, you are so merciful upon me. Even though several times I was unable to practice Krishna consciousness and Japa, You have mercifully pulled me back many times to the track. So I thank you and again pray for your mercy so that I can concentrate more nicely on my Japa and Sankirtana (preaching) without deviation.

Give me more strength and association of your pure disciples for following all the regulative principles which are the most essential part in preaching with personal practice.

Let no impediments of Grihasta life pull me down into mode of darkness from my regular practices. Please accept my humble obeisances again and again and protect me from any downfall because of my uncontrolled senses. Thanking you...

Dear Srila Prabhupada,

Please accept my humble obeisances.

You have made a great difference in my life. First of all, I was not aware of real purpose of life. After reading the science of self-realization, I got clarity in my life. I am not human being, but spiritual being with human experience. The clarity with which with You have made clear about life with reference of scriptures is incredible.

Guru and God is sole purpose n soul of my life. When I visited holy places like Vrindavan, Mayapur I could completely realize Your works.

You saw humanity in totality. You wanted to help humanity in totality ignoring caste, creed, religion, country etc.

The diligence with which You have written translation of great scriptures is a great boon to me. I am very fortunate to be associated with You.

You have shown me the greatest way and method to love Krishna. Lord Krishna's temples are taking me to the level of ecstatic shudda sattva platform.

You have destroyed all the impediments and obstacles between me and Krishna. Daily I converse with You for one hour. I listen to You daily. You never leave me unanswered.

Your answers are 100% authentic, clear, practical with scriptural reference. You are personified embodiment of definition of Spiritual Guru.

One day when I went to attend Mangala arathi at Mayapur. I was stunned to see Russian in complete Vaishnava attire doing Kirtan. Tears were just flowing out of a Tsunami called gratitude and respect for You in my heart. You are the person who is solely responsible for this.

I thank You from bottom of my heart for accepting me as Your disciple. I know You have accepted me 100%. I may not be qualified, still You have given me chance.

Srila Prabhupada, You have made me a spiritual being from a human being. You have given me an identity as spirit soul. You gave me my real identity as spirit soul and connected me to supersoul.

Vande Jagatguru Srila Prabhupada.

Dear Srila Prabhupada,

Please accept my humble obeisances unto Your Divine lotus feet.

It gives me immense pleasure in trying to glorify the most merciful spiritual master of the modern world. Your glorious pastimes are breathtaking and awe inspiring. My heart gets filled with love and respect whenever I try to remember the struggle You have taken to follow the order of Your spiritual master to spread the message of Your beloved lord to the western world.

Out of numerous nectarean pastimes of Yours, I would like to recollect one which I recently came across. One of Your disciple Nava yogendra Swami was sharing that once he saw You awake whole night translating Srimad Bagavatam in spite of Your bad health and advanced age. He was very much concerned about Your health. Then You said to him “This body is useless. When animal dies, his body is useful. It’s skin, bones, flesh, everything is useful. But the human body is useless after death. Whatever You can do in Krishna’s service is to Your credit. While we are living we should serve Krishna. We should not give up serving Krishna”. And You lived it by showing Your own life as an example. At an advanced age of 70 years You have alone without any followers traveled to the west, in the boat for 40 days, suffering two cardiac arrests for awakening the sleeping souls. You used to sleep only for two to three hours at night and rest of the time You were translating the transcendental literatures.

You always worked for the benefit of mankind. How much You were dedicated to Your lord. You are the greatest fortune for the people of today’s world. The kind of mercy that You have bestowed on the conditioned souls is immeasurable. You made the process of bhakti very simple to practice. You have taken great pains to gift the modern generations the message of the lord through Your books. But unfortunately I have taken it for granted and have no proper enthusiasm in reading Your books. Oh! My dear Srila Prabhupada, kindly bless me so that I can gain required determination and strength to thoroughly read and understand Your books.

It’s been more than two years that I came in touch with Your teachings, Your institution, ISKCON Bangalore and Your wonderful disciples. I’m eternally indebted to You for bringing me out of darkest well of ignorance. Only by Your unconditional mercy and guidance of Your representatives I have reached to the level of chanting 16 rounds of Hare Krishna maha mantra daily. But still I’m in a very precarious state for not being able to fully and sincerely follow Your instructions, for committing offenses at the feet of other Vaishnavas due to my false ego, for taking the

association of devotees for granted, for still maintaining material attachments. But sometimes I am truly amazed by Your causeless mercy for still allowing me to be engaged in Your service overlooking my faults. You kick me but always keep in the association of the devotees. Please forgive me for the offenses that I may have committed knowingly or unknowingly unto the lotus feet of Your divine grace or any other Vaishnava for that matter. Kindly give me proper intelligence to become humble and meek. Provide me the strength and determination to fully follow the instructions of my spiritual authorities. Bless me so that I can become part of the Lord Chaitanya's mission.

I am very grateful to You to have as my spiritual master You guided me in every movement of my spiritual progress. As You have said that You live in Your books. Sometimes I feel as if You talking to me through Your books. Srila Prabhupada something I am lacking in my spiritual progress please help me to not fall in hands of Maya.

I cannot get up in the morning and chant it becomes almost evening to finish chanting. Till now I am not able to chant my rounds in the morning. Please help me to chant and finish the rounds in the morning. After touch of Your lotus feet my anger is gradually coming down. Cooking is my art You had made me to cook prasadam for Radha Krishna and devotees for this I am very thankful oblige to You. I feel always You guiding me in the form of Radha in cooking the prasadam for Radhakrishan and devotees.

Now we are cooking prasadam in temple and distributing to all devotees I feel very happy. Please guide me throughout my life to improve in the Krishna conciseness and progress in taking Hare Krishna movement to all souls in the world. The balam rice story I remember always when we come touch with Your lotus feet and Krishna we cannot leave without Krishna consciousness. This is the only way in kaliyuga to progress life without any problems.

Lastly Prabhupada please make me to be humble, gentle, tolerated whatever may come to me and to humble to all

Dear Srila Prabhupada,

Please accept my humble obeisance on to Your lotus feet.

It's been great journey since I came in touch with Krishna Consciousness philosophy. This greatest among all philosophy has been presented by You profoundly to the whole world. Before coming to KC, I used to believe in impersonal form of God. But after reading Your books and associating with devotees, this perception has changed. All credit goes to the way You have presented this philosophy with logic, reasoning and conviction.

I generally observe world carefully and used to think that if at all there is God then why there is no much suffering in the world. I used to think that why people are working so hard, why there is scarcity of resources, etc. If God is

there and he is so powerful then why can't he remove all these problems? But I was in deep ignorance and didn't know that this is the property of material world. And there is different world called Spiritual world where everything is Sat-Cid-anand. Your philosophy has enlightened me and taught me this transcendental knowledge. And it is You who has taught me that this life is not meant for working like donkey and there is higher purpose.

There are millions and billions and trillions of Jiva busy in this material worldly affairs thinking that there is enjoyment. But You have handpicked me and it is Your causeless mercy that one gets Spiritual master like You. I know that there is long way to go and it is impossible task to achieve without Your mercy. So please keep me under Your lotus feet. And please excuse me if I have committed knowingly or unknowingly any offenses at Your lotus feet or to any of Your devotees. Please give me strength to come over my anarthas and do more loving devotional service to Krishna.

Your Servant,

Bhaktha Jayant Golhar

Dear Srila Prabhupada,

Please accept my humble obeisance unto your lotus feet.

First and foremost I wish to thank you for the opportunity to be a part of this Krishna Consciousness movement. I have been practising Krishna Consciousness for some time and despite having my fair share of problems I have been persistent through your mercy.

On this most auspicious day, please give me the strength to follow your instructions very sincerely. I have been facing many problems and find it hard to concentrate on my chanting and find time to engage in service to Krishna. My memory does not help in remembering your writings. I am surrounded by distractions that always pull me away from my duties as your disciple. I find myself constantly feeling that I have let you down. Please give me strength to fight this trying phase of my life.

Despite facing these problems I have observed that Krishna Consciousness remains to be the silver lining. It is the calm centre of the violent storm that is my life. I see significant changes in me from the person I was a while ago. My thoughts are more ordered than it used to be but I face constant indecision in my life. I do not know what I should or should not do. Please guide this neophyte on his journey to Godhead.

Let me always remember that chanting of the Holy Name is direct association with the Supreme Personality of Godhead Himself. Let me hear each word and syllable with the utmost of awareness.

Let me always remember that Krishna is the controller of everything that is and I am just an instrument of His pleasure.

Let any credit go to all the Vaishnavas who work day and night to propagate this Krishna Consciousness movement, which is the only way to remove all our sins in this age of quarrel and attain self-realisation.

I have a long way to go on my journey to godhead and there is a lot to be done. Please bless me with your mercy.

Please accept my humble obeisances,

I always thought from my childhood to be in service of Hare Krishna Hare Rama which i first heard from my elders in my hometown. As I grew up in a small village and didn't find chance to join ISKCON program and get blessings.

From the age of 12, I have been in search to join myself in ISKCON and now I am 34 years old and got a chance to be here to serve.

One and half years ago I was here in ISKCON and had asked to give a chance to learn and which I got now and I will not miss this anymore to learn and serve.

I am very small boy 8 year old and studying in 3 rd std.

I want to tell something to you. When Prabhupada was small boy he was pulling a small chariot with Krishna Balaram deities.

Srila Prabhupada you came in my dream and said - you are very obedient to me, I should give you the boon of knowledge.

Every Sunday I am going to Chaitanya center.

In this way- Srila Prabhupada gave me the blessings to serve Him.

At last I want to stay with Srila Prabhupada

Offering my humble obeisances at the feet of our Dear most spiritual master Jagatguru Srila Prabhupada.

It has been almost 3 years since I 've come to know and receive the mercy of Srila Prabhupada. Of one thing I'm certain, if it was not for the mercy of Srila Prabhupada, these 3 years would have been an impossible obstacle in my life. It is through his mercy only that I have been able to tolerate the horrible effects of my karma which have unfolded before me like a horrible nightmare at times. Gurudeva exemplifies the character of a Vaishnav Thakur, full of mercy for fallen conditioned souls like me. After exhausting all of the Lord's mercy in vain and selfish pursuits, I found myself like a beggar looking at the terrible face of material existence with nothing in hand. Slowly I was being consumed by the horrors of this world full of suffering and agony. I cried, I was lost and hopeless, powerless, shelterless to face this existence.

Lo and behold, there came the mercy of a Vaishnava, the representative and disciple of our spiritual master Srila Prabhupada. He showered upon me the matchless gift of chanting the holy name of the Lord. Like a very rich man

organizing help for the poor and hopeless, Srila Prabhupada has sent his army of disciples to distribute his causeless mercy upon us. All glories to Srila Prabhupada our divine savior, redeemer and dear most well-wisher. All glories to Srila Prabhupada our exalted spiritual master who only keeps giving and giving again without asking anything in return.

I feel like a most wretched soul, ungrateful and foolish, unintelligent and wicked. How could I have received the mercy of this most wonderful person that we lovingly and respectfully address as Srila Prabhupada? Surely Gurudeva would have seen into the deepest and darkest corners of my hard and polluted heart, despite seeing my arrogance and pride, he ignored it all. His heart melted for me, a lowly ungrateful and most incorrigible of all souls. This is the greatest mystery to me. This is the mercy of a Vaishnava, endless like the ocean.

How could I be even eligible to call this most aristocratic, noble and exemplary person as my spiritual master? He showed us through his own life the character of an ideal man. With courage that would put a lion to shame and yet with the sensitivity and softness to not hurt us, to not judge us, he guides us gently like a father teaches a small child to walk. He could easily shatter us into pieces with one look but his love and mercy make him take our burden upon his own shoulders. With humility that easily deceives us into thinking he is one among us, he understands us and is patient with us.

My words cannot describe his endless glories and qualities. Therefore, I simply fall at his lotus feet and pray, O Lord, O master please forgive this most ungrateful and fallen soul, please give me shelter at your lotus feet at all times O Lord, please protect me from the onslaught of Maya, ignorance, and delusion. And please transform me into a decent person, so that I may serve you eternally by your grace.

Your lowest servant

Dear Srila Prabhupada,

Hare Krishna,

Please accept my respectful obeisance unto Your lotus feet. All glories to You.

I had the great fortune of coming in contact with the devotees in Aug 2016. Inspired by their spiritual knowledge and purpose of human life, every day I used to hear past times of the Supreme Personality of Godhead, during that time I also got the chance to ready the books “Civilization and Transcendence”, “Journey of Self-discovery”. Those books made me come to the temple on Sep-16 for attending program yoga for happiness. I remember most about that day was how warm and kindhearted everyone was. From that time, I attend regular temple programs on every Sunday. With Your blessings, I also got the opportunity to do service on Sundays after kirtan and attend evening classes in FOLK. With Your blessings this time I got the opportunity to travel to holy places Mayapur and Kishkindha also Hyderabad for temple inauguration in the association of devotees where I got the opportunity to hear more past times of Lord Chaitanya and devotees in Mayapur, Bhakta Hanuman and Lord Rama's past times in Kishkindha. I also got some opportunity to do service in the dham.

While writing this letter, I remembered one of the past times quoted from Ramayana, after killing of Vali, Sugriva was declared as the king of Kishkindha. After that, there was a rainy season for 4 months, Rama and Laxmana was staying in maulyavantha hill. After 4 months Sugriva along with his army visited the place and Rama was so depressed on the loss of Sita, he requested Sugriva to search for Sita in one month else he will give up his life. Sugriva divided 4 teams and each team went in search of Sita in directions. All the teams try hard but they could not able to find Sita. Whereas one team went to the south with Hanuman. Here Hanuman before the meeting of Sugriva met Hanuman personally and narrated the secret which he and Sita were knowing, the secret his upon

touching lotus feet of Rama the stone got liberated and turned into a beautiful woman, Sita said if this is possible what will happen if this diamond (most precious metal) if it touches Your lotus feet. Rama said if You narrate the story along with the diamond ring to Sita, then she would believe that You are my messenger. Hanuman found Sita in Lanka gave this ring and narrated this story. Upon his return Rama was totally fainted and was about to go unconscious by that time Hanuman delivered the message from top in very intelligent way, even though the grammar formation of sentence was wrong but it conveyed the message to the master and made him happy, he said “found Sita I”, “instead of I found Sita”. This is a great learning that we should not take any credit for the accomplishment, the result should be always left to the Lord.

In spite of all the inspiration You have bestowed upon me through Your pure hearted devotees, still, I have for so long been shamefully aware of my unwillingness to whole heartedly follow in their footsteps where I sometime get confused by the mayawada bhashan. Therefore, I am begging You, Srila Prabhupada, to please continue to cast Your merciful glance upon me through books, speeches and hearings through Your pure hearted devotees also please give me opportunity to hear Your more conversations and to read Your books daily without miss so that in some lifetime this aspiring Bhakta can take proper advantage of Your treasure house of good fortune. I also request please give me the opportunity to do more service with full heart and save me from Maya which stops me in doing the service Until then, I will continue to pray for the day when I am free from the envy, lust, and lethargy and mayawada bhashan that sometimes block my path. On that glorious day, I will truly know what it means to have joined Your Krsna consciousness movement.

Hare Krishna Srila Prabhupada,

All Glories to Srila Prabhupada. Please accept my humble obeisance.

First of all, Prabhupada, I want to thank You for accepting me as Your child and for giving me the opportunity to serve Sri Sri Radha Krishna Chandra. Prabhupada, even though I am not qualified to do all this but You have made this happen. You say to all “qualified or not” still I love You. This shows how much compassionate You are on all the falling condition souls like me. How many times people denied Your instruction but still You are showing Your love and mercy to them.

Prabhupada, please don't ever leave me, please don't ever put me in circumstances when I could not able to remember You, not able to eat Krishna prasadam, not able to associate with devotees, not able to chant Hare Krishna. And Prabhupada thank You so much for descending on this dirty planet, which is like hell, only to elevate us, to make us aware that we are part and parcel of Krishna.

This planet is so dirty but still, You wish to live here only to elevate us, only to make us happy, only to make us realize about what actual happiness is, only to make us realize about ecstatic love for Krishna, only to make us not to suffer like beggars.

Still, I have not taken Krishna's service very seriously and understood Your causeless mercy. In this mortal world, You are the only hope for everything. You are one & only savior of the world.

Dear Srila Prabhupada,

Please accept my humble obeisance to Your lotus feet.

Thank You for giving me the opportunity to work on Your mission. Thank You for giving me the opportunity to serve Your devotees. Thank You for the spiritual knowledge about the God.

I believed Bhagavad Gita was an art of mantras & yajnas, but after coming to ISKCON Bangalore & associating with the devotees, I got a practical knowledge of meditation. As I am coming from the material world, my mind is in material aspects, please give me some spiritual knowledge about Sri Krishna.

Thank You again & again for giving me the opportunity to work on this dream project of Krishna consciousness.

Dear Srila Prabhupada,

Please accept my humble obeisance onto Your Lotus Feet. All glories unto You!

Prabhupada, You brought light and happiness in my life, which was full of anxiety and darkness. Though I'm not qualified to live in Your organization because of my innumerable anarthas and continuous offenses towards my God-brothers and other Vaishnavas, You are showering Your unlimited compassion and allowing me to stay in Your establishment.

Due to my independent nature, I am unable to build a strong relationship with You and the authority structure, that You have defined. This independent nature is stopping me to become the servant of Your disciples. In spite of my independent nature, still, You are showing Your causeless mercy upon me from time to time to pull me out of this material entanglement. Prabhupada, if I had not come in touch with You, I would have definitely lead a deadly life.

Prabhupada, I beg at Your Lotus Feet to give me the strength and faith in Krishna to give up my independent nature and come out of the false ego so that I become Your faithful and humble servant. Only by Your Divine Grace, I have started transforming myself from a materially diseased state and progressing in Krishna consciousness. Prabhupada! Oh, Ocean of Mercy! I beg at Your lotus feet to always keep me under Your shelter.

Dear Srila Prabhupada,

I am blessed to realize the essence of life which is following the Krsna Consciousness. Chanting of Hare Krsna Mantra gave me the focus and calmness which helps in progressing in the spiritual life. Regular practice of chanting makes me meditate in a better way. I am a better person than I was. I am blessed to have a devotees' association, whom I can share my problems and seek for guidance. These all could be possible because of Your blessings and guidance.

All my pranam to You. Please Help me in realizing my potential and remain in Krsna Consciousness.

Dear Srila Prabhupada,

All glories to his Divine Grace our beloved and merciful spiritual master his Divine Grace A C Bhaktivedanata Swami Srila Prabhupada

I offer my humble obeisance to You my master, please accept me. Thank You Prabhupada for everything giving me life and showering Your causeless mercy upon me even I'm such a useless soul standing in last. You could have given this opportunity of serving Your lotus feet to some other great soul. Even today also I have the guilt if I remain useless without serving You. I'm not serving You directly my dear Prabhupada but even don't know how much I will be serving You indirectly. Yet You have showered Your causeless mercy upon this useless soul, which is capable of nothing. If my place was given to some other soul it might used to its fullest in serving You. But You have shown mercy even a soul like me. I have no words which I can express myself to You Prabhupada.

Today I'm alive because of You, if You weren't in my life I wouldn't be in time phase which You have given the mercy to relish the transcendental love of Sri RadhaKrishnachandra. You had faith in me Prabhupada that even such a low end soul like me even can serve and feel the love which is Krishna. Thank You for being a bridge and tolerating me so much to carry me towards the Lord. I'm an offender, sinner, inauspicious simply a waste. Yet You have causelessly shown Your mercy upon me Prabhupada. Let I serve You and Your mission of propagating love of godhead which is yugadharma, chanting Hare Krishna mahamantra and spreading Lord Chaitanya's message. In that way please guide me and let I carry that humility, humble, tolerant, patience, faith, love forever life after life than liberation. Let all Your servants and devotees of Lord be happy, thank You eternally for giving me LOVE.

Dear Srila Prabhupad,

Please accept my humble obeisances at Your lotus feet All glories to Your Divine Grace. All glories to Your international society for Krishna consciousness!

"My" and "Mine" are the possessive words we use to describe what we feel belongs to us. Actually everything belongs to Krishna. By Your divine grace I am now beginning to understand this fact. Real gratitude, like joy, is a feeling that can't be conceded. I can never repay You for Yours grace upon us. I have received Your gifts of love and mercy beyond our imaginations.

With these few words of gratitude, I pray that I remain in Your service life after life.

Srila Prabhupada,

With each experience that life has imparted, I have learned how much I have been undervaluing the gift of knowledge You have given us. That value has risen with each passing experience.

You have not only given us the knowledge, You have also given us the process, the access, and the environment to cultivate and internalize it in our daily lives. You have made it so simple yet I find it so difficult. You have showered so much mercy, yet, here I am, seeking more of it.

Please Prabhupada, shower on me more mercy, so that I don't deviate again and again.

Regards,

Dear Srila Prabhupada,

Please accept my obeisance at Your lotus feet.

Firstly, I am very grateful for giving me a wonderful opportunity to serve Radha Krishna in ISKCON Bangalore.

On this most auspicious day, Srila Prabhupad, I bow at Your lotus feet for Your blessings so that I will be able to understand all Your instructions and follow them accordingly. If at all whatever success or progress, I have made in Krishna Conscious the credit completely goes to You. Please empower with more strength and steady faith in Krishna throughout my life.

Let us ever remember Govinda the prime cause of all causes. Let us surrender to him and always work for his satisfaction. Let us give all credit to the Lord for all our accomplishments.

Please give me more strength so that I will Chant my 16 rounds of Japa attentively every day without commenting any offences. Always make me remember while chanting Holy Names that there is no difference between Krishna and his Holy names and I am constantly associating with Krishna while chanting his Holy Names.

On this auspicious day I beg for Your mercy and offer this prayer:

Nama om vishnu-padaya krishna-preshthaya bhu-tale

srimate bhaktivedanta swamin iti namine

namaste saraswati deve gaura-vani-pracharine

nirvishesha-shunyavadi pashchatya-desha-tarine.

I offer my respectful obeisance's unto His Divine Grace A.C. Bhaktivedanta Swami Prabhupada, who is very dear to Lord Krsna, having taken shelter at His lotus feet. Our respectful obeisances are unto You, O spiritual master, servant of Bhaktisiddhanta Sarasvati Goswami. You are kindly preaching the message of Lord Chaitanya and delivering the Western countries, which are filled with impersonalism and voidism.

In ISKCON Bangalore, there is still a long way to go and lot be done .Please put us in right direction and fit to be eternal servant of Lord Krishna.

Dear Srila Prabhupada

Please accept my humble obeisances,

To all glorious to Srila Prabhupada

First time I saw ISKCON temple blueprint was in my grandparents' house in the village, which was brought by my uncle and my grandfather had nicely pasted it on the wall of the hall. I saw trees, water fountain and grand temple structure which inspired me to visit. My uncle was an architect and lived in Mahalakshmi layout where my grandfather and my brother visited him, he took them to ISKCON for the first time and they brought me a Hare Krishna dollar since I couldn't go. Once visiting my uncle, he shared the directions to ISKCON temple and during my 10th vacation with the help of my friends and family i managed to visit ISKCON for the first time.

Standing in the queue I was offered a complimentary YFH pass, afterwards I heard Amitsana Prabhu's presentation on charitra habits and special chant of Hare Krishna inspired me and gave me immense joy and I was also offered delicious prasadam.

All this is because of Srila Prabhupada Ji.

Dear Srila Prabhupada,

For all that we strive for in today's world, it is usually hard to find the way to God. Is it mantra's or going to temples? No one could answer these questions better than You.

In You, I see the love for God and the God's love!

You have shown the world that with love for him alone is enough to win the whole world, and the world would fall in his feet whose love for him is pure and deep.

Your silent follower, a distant seeker,

Dear Srila Prabhupada

1. You changed my way of thinking by spiritual master greatest work of literature it turned me from atheist to theist
2. I have come across that even light mercy on devotee takes him to higher progress. So complete surrender to spiritual master is only way for progressing in spiritual life
3. The hard times of Srila Prabhupad strikes me, even though he had heart attack, lack of money he was never stopped of these reasons was always full of bliss in spreading Krishna Consciousness
4. As described in the Bhagavad Gita the quality true master is "he is never attracted towards sense gratification "

This can be seen in life of spiritual master

Thanks, Bhaktha Koushik

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories unto You.

Most of the people in the present day try to seek happiness by seeking fame, money, power etc. but it is difficult for everyone to understand that the happiness that they are seeking after is evanescent and will vanish within a blink of eye. People chase these temporary objects of happiness like a mad person only to realize at the end of their life that all their achievements, fame and money have been of no value and have not given them the happiness and contentment they were actually looking for. Like this one leads a life with no purpose and wastes the precious form of human life.

By Your causeless mercy, I have got the gift of Krishna Consciousness which has made me and numerous other people aware of these illusory realities of this material world. It is by Your grace I have understood that serving the lotus feet of the supreme personality of godhead Sri Sri Radha Krishna Chandra is the only motive of one's life and by doing so only one can achieve the true happiness. It is by Your grace that I have understood that one's capabilities and intelligence are a gift from Their Lordships and have no value if they are not used in Their service.

I am thankful to You for giving me an opportunity to stay in the association of the devotees, practice my sadhana, honor Prasadam and render some service to Sri Sri Radha Krishna Chandra. At the same time, I am perfectly aware of the fact that I am neither able to do my sadhana perfectly nor render services as per the expectation. I am extremely sorry for this and I will try to improvise on these aspects. I would like to thank You once again for this beautiful gift and I would like to pray to You for Your blessings because without Your blessings it is impossible to make an inch progress in the spiritual life. If possible, please bless me so that I can practice my sadhana nicely and render my devotional services aptly.

Your servant, Bhatha Krishanu.

Bhakta Krishna C G

Dear Srila Prabhupada,

Please accept my humble obeisance at Your lotus feet. I have to admit that I feel totally unqualified to write this Vyāsa-pūjā offering. Due to my contamination, I am unable to fully describe of Your achievements and glories.

Srila Prabhupada! Because of Your mercy, the most secret of all secrets has become available to

those who want to hear from the lips of the pure devotee. And also You have requested Rādhā and Kṛṣṇa to accept our offerings and worship. And they appeared at Your invitation in so many towns and cities throughout the world and the mass public following Your footsteps of vigorous preaching, chanting, temple worship, festivals and prasadam distribution; a divine deluge of mercy upon this. You have made so simple for the simple. Indeed, simply by Your smile and Your words, so easily available to everyone, and we taste sublime spiritual loving relationship.

Srila Prabhupada! Anyone who reads Your books, and see as a fact that even a few lines can tell what needs to be known, that shows the way from darkness to light, from vapor to real, from death to immortality and from māya to Kṛṣṇa. Due to Your causeless mercy when I chant the Holy name, I always feel that this Holy Name fills the gap b/w my soul and super soul by reminding my constitutional position in rendering service to Guru and Radha Krishna and it will surely release me from clutches of Maya.

Dear Srila Prabhupada! You're a Jagad Guru. You are not an ordinary guru but an empowered śaktyāveśa-avatāra. It is not an exaggeration to say that You are famous in the higher planets, for Your advent was predicted in the spiritual world by none other than Lord Śrī Kṛṣṇa Himself. He told the anxious Nārada: "Do not worry about the

darkness of Kali-yuga. Very soon I will send My great general, who will spread My holy name to all the countries of the world, and thus the whole world will be inundated by the saṅkīrtana movement.” Truly You are in the same league as Nārada Muni, though he is Your worshipable predecessor ācārya, for You are the embodiment of parivrajakācārya—one who spreads Kṛṣṇa consciousness anywhere and everywhere without consideration. This is so, for now even in remote Siberia hundreds of devotees are chanting Hare Kṛṣṇa by Your mercy!

Dear Srila Prabhupada! With closely related devotees—friends, husbands, wives, children or others—there is always the danger of material familiarity. To become liberated from the misconception of “I” and “mine,” we have to take guidance from a self-realized devotee in cultivating the vision that we are always a servant of Lord Kṛṣṇa’s servants. When Lord Caitanya Mahāprabhu told us, “Whomever You meet, try to help them progress in Kṛṣṇa consciousness,” this included our friends and family members too. Only in this way can we truly help ourselves and others. Lord Rṣabhadeva cautioned us not to take up positions of responsibility, such as husband, father, or spiritual master, unless we will sincerely try to help our dependents go back to the spiritual kingdom. Thus, in spiritual life, the role of a husband is that of a servant who helps his wife and children develop their Kṛṣṇa consciousness. To advance spiritually, a wife must fulfill her responsibilities in the same way.

Srila Prabhupada! I humbly pray at Your lotus feet that You give us more and more taste for chanting the Hare Kṛṣṇa mantra. By Your mercy, even one as fallen and disqualified as we are can make one life’s mission a success by being able to remember You at the moment of death. This is our fervent desire; please don’t kick us away from Your lotus feet.

With Your blessings, my father, mother, wife, son and brother are chanting every day and also following 4 regulative principles. Please bless all of us to increase more spirituality and spreading KC to Grhasthas by organizing the KC programs.

Dear Srila Prabhupada,

All glories to Your Divine Grace.

Ten years ago, when I started my journey in this material world, I was lucky enough to get pulled into the spiritual world immediately by your grace.

I feel lucky as it did not take much time for me to take shelter of Krishna. I am indeed deeply indebted to serve you and the mission of Krishna consciousness. There are greater desires within me to serve you to the fullest extent.

In fact I feel intense guilt within that I am taking more from Krishna rather than giving back. Everytime I sing the kirtan I make sure I sing your name loud enough so that people around me will know that you are the father behind building this Krishna conscious family. Every morsel of prasadam that I have is just by your mercy. You showed me the way to please Krishna very easily and I have personally experienced Krishna’s mercy upon me just by following the path you showed.

The words "Thank you Prabhupada" are not enough to express my gratitude towards you. My only wish is to keep me under the shelter of Krishna till my last breath and serve your mission to my greatest extent.

Dear Srila Prabhupada,

All glories to you Srila Prabhupada, Please accept my humble obeisances at your lotus feet.

I thank you for making me experience Krishna Consciousness through the right methods and practices. Thank you for giving me books to read through which I get answers for different materialistic mundane questions, also get enlightened spiritually. On this auspicious and wonderful day, kindly bless me to practice Krishna consciousness in a stricter and rigorous manner. Please take the rascal out of me and bless me with pure bhakti, which I can offer to the merciful lotus feet of lord Krishna. Please bless me with enough memory and strength to remember the holy names and the pastimes of Lord Krishna.

Let me remember that due to your causeless mercy i am able to hear and chant the holy names and past times of Krishna. Please bless me with lot of concentration so that I don't get distracted while chanting the holy names of lord Krishna. Please bless me with enough strength and awareness so that I am very careful, cautious and respectful while chanting the holy names of Lord Krishna. On this auspicious day I beg you to please bless me and enable me to fully hear and feel the vibration of the mahamantra with full concentration. Help me to hear each word distinctly and clearly during Japa. Please bless me to remember that while chanting I am connecting directly with Lord Krishna.

Please help me and bless me with your mercy and guidance in every step of my Krishna Conscious life.

Hare Krishna

I just can't thank You my master for the bundle of opportunities that You have placed all around me. The books You have translated and written, the songs sung, the culture brought up by You did more than what I can be grateful for. What questions me deep in my mind, is to be grateful.

With the impact of education becoming competitive, I lost trust on people where every other person is a competitor for me. Because of Your teachings, I could change my mind and see people as Lord's children. I am now blessed to be honest, to express gratitude in a very slight way, to love and have regard for the Lord. I am weak in analyzing my blessings and I request You to excuse me and help me develop more qualities with Your blessings.

There are many people who have taken a promise to continue Your mission and it is by the wisdom You have placed in these devotees many Student are having an opportunity to understand our culture and progress in lives. Every single thing we receive and every moment of peace we experience is Your blessings my dear Guru Maharaj.

In my school, I was asked to cultivate habits and maintain them but never I was asked to focus on qualities. I am grateful to my parents and Your teachings that helped me understand what qualities are and inculcate through sincere practice. The praise I receive and the goodwill I gain amongst people is all Your mercy my dear Guru.

I as a student, am able to aspire for the love of the lord and peace rather than money, job and other things. These intentions have helped me be stable and strong in conducting my duties. All these positive things are just a blessing of You my dear Guru.

If I am able to defend my distractions, it is all by Your valuable advice and teachings. I wonder how mind struck my life would have been had I not received Your association. Your footprints apart from being holy are an inspiration

to our lives. Thank You Prabhupada Maharaj for everything. Please bless me with wisdom and strength to continue devotional service and spread Your message.

Dear Prabhupad,

The past year has been a busy one. I have joined medicine in Rajarajeshwari medical college, a fine institution, made a lot of friends, in this field is where I realized something deep, full of meaning, no matter what kind of trouble I was in, whenever I chanted the Mahamantra all my pains would go away, right from getting a good grade to staying out of trouble.

I am only a recent FOLK member but a long time been associated with ISKCON during culture camp. I am excited and eager for more things I learn in FOLK. I hope the next year is as blessed as always.

Dear Srila Prabhupada,

Please accept the most humble and respectful obeisance of your most unworthy servant. All Glories to you.

I still remember the days when I use to come to ISKCON Bangalore to see the magnificent temple, beautifully decorated deities of their Lordships and the delicious prasadam. I really feel uncomfortable that I wasn't noticing the Shri Nitai Gauraga and your deities as I had no idea who they are as I had heard that Lord Krishna/ Vishnu is the Supreme Personality of Godhead and I should only pray Lord Krishna/Vishnu. Eventhough I was ignorant , Srila Prabhupada, you are a pure devotee of Lord Krishna and you showered your mercy and compassion on me. Srila Prabhupada you have an equal vision not only on human beings but also on the most fallen animals like me. It is only by your compassion and mercy, I got in touch with one of your instrument at ISKCON Bangalore and through your divine books you have been instructing, guiding and showering your mercy on me. While coming back from Ekachakra dham to Navadwip Mayapur dham, you instructed me through your instrument to read one of the your glorious book 'Teachings of Lord Chaitanya' which made me to get attracted and deepen my faith towards Lord Chaitanya Mahaprabhu and Sankirthan movement so much that I remember more of Lord Chaitanya Mahaprabhu who is Lord Krishna himself, than Lord Krishna.

Srila Prabhupada, you are my Eternal Father with full of compassion and mercy, but I must admit that I'm idle and lethargic in receiving your mercy and I have failed to please you and your servants. Please bless me so that I may please you and your servants in all my endeavors. If you and your servants are pleased Lord Krishna is also pleased. Srila Prabhupada, please bless me to chant Hare Krishna Mahamantra with great care and attention and to hear each holy name of Lord Krishna distinctly and clearly. Please bless me to read your glorious books submissively. I beg your mercy to actively involve in your divine devotional service.

Srila Prabhupada, it's all by your mercy that things are getting favorable to join your glorious mission as a full time devotee. Srila Prabhupada, you have instructed while chanting we should pray 'Please Krishna just place me in your society of service' in one of your letters. Srila Prabhupada, your mission is Lord Krishna's mission and vice versa.

Srila Prabhupada, you are my only refuge. I, your most unworthy servant pray you very humbly 'Please Srila Prabhupada just place me in YOUR society of service'.

Dear Srila Prabhupāda,

Please accept my humble obeisances.

I am inspired by You as You are the spiritual master of the entire universe for intellectual quality about the understanding of God.

You precisely describe in the holy book Srimad Bhagavad Gita that there is only one God but called by different names. And the Supreme Personality of Godhead is Lord Krishna who is introduced by You to the western world.

You travelled to the western world with 2 heart attacks which You survived by Krishna's mercy. I learnt that You were old when You started this mission and went out of Your comforts and preached about Krishna with less money. Within 12 years, You established ISKCON and opened 108 temples with the help of Your disciples.

You make me feel strong when I think about You transforming 1000's of ignorant people to devotees.

I follow 4 regulative principles ,chant regularly and increase belief in Krishna on daily basis.

If we observe the qualities of You, which You followed every word to word as instructed by Your Guru and didn't follow what You wanted. That's being a true disciple to a Guru which I want to become.

Jai Srila Prabhupada

Hare Krishna!

This is the first time I am writing about the influence of Krishna Consciousness in my life. I cannot say that I have become Krishna conscious but sure hope that I have taken the first steps towards getting there. And this is purely

due to the causeless mercy of Krishna and Srila A.C. Bhaktivedanta Swami Prabhupada who has made this Bhakti movement so approachable and available for everyone following Sri Chaitanya Mahaprabhu and his own spiritual master Srila Bhaktisiddhanta Sarasvati Thakur.

It's through his mercy that we conditioned souls have got such easy the access to the everlasting philosophy and truth about us being parts and parcels of Krishna and not being the bodies which we have been falsely considering to be ourselves. Had he not started this movement, we would have never come across our shiksha gurus who have been tirelessly working under his instructions and providing us with such wonderful answers

There are multiple qualities in Prabhupada and I wanted to mention a few which I feel can benefit everyone not just spiritually but also mentally/materially. These have been personally inspiring for me and I am sure can be seen as motivation for all aspiring devotees.

Energy and youthfulness: Starting the Krishna consciousness movement at the age of 70 and that too in a geography and people not his own cannot be done by anyone unless he is feeling youthful. Clearly for Prabhupada, age was just a number and we all have heard multiple of his pastimes where his younger disciples have failed to keep up with his energy levels be it in kirtans, preaching or writing and even his regular morning walks.

Dedication towards Guru and Krishna with unalloyed faith: Prabhupada could do what he has done through his faith in Krishna and complete dedication towards his guru. Had he not followed his guru's instructions, ISKCON would not have been available to us. We should also aspire that we follow his instructions as such without adding our interpretations/speculations

Compassion: His compassion can be seen not only in establishment of the movement to benefit all conditioned souls but also by his compassion in making the process easier that his guru for the current so called busy population. He has always seen that a devotee (or aspiring devotee) is allowed to perform devotion based on the current time and circumstances. A clear example is reduction in the minimum number of rounds to 16 as it was clear that without this not too many people will become devotees and be able to obtain Krishna. Akshay Patra is another major example of continuation of his compassion through his disciples

Truthfulness without any hypocrisy: Prabhupada never sought to feel accepted in the godmen community and therefore we cannot see any instances in his life where he agreed or accepted philosophies which were not directly coming from God/ Krishna. His objective was never fame or following for himself but for Krishna

Leading by example: He never preached activities/ philosophies which he himself was not following. Be that minimizing bodily comforts, following the regulations, participation in prayer rituals, regular preaching or continuously remembering Krishna. Anyone wanting to follow Krishna's instructions can do so by following Srila Prabhupada's instructions.

I just hope that I someday become worthy enough to get his blessings directly and through his guidance am able to reach back home, back to Godhead.

Hare Krishna! Srila Prabhupada ki Jai!!

Dear Srila Prabhupada,

Please accept my humble obeisance and encourage me to engage in the services of Krishna.

On this most auspicious occasion of Your Divine Grace's Vyāsa-pūjā, I humbly fall at Your lotus feet and seek Your kind mercy and blessings to stay at the rightful path. The way one cannot cross an ocean without a ship, similarly, one cannot overcome Maya and approach Krishna without You. It is the ship of Your teachings that is helping us

to overcome the Maya. On one hand, where we have to work hard spending hours and days to earn insignificant material pleasure, Your teachings, on the other hand, help us to gain devotional pleasure, the association of Krishna's devotees and Krishna's blessings just by chanting holy names of the Lord.

In the good and bad times, You have always blessed me, kept me keen on the progressive path of Krishna consciousness. Srila Prabhupada, You have respected all the living things seeing them part and parcel of Your beloved Krishna. I want Your blessings to endure this quality of You to respect all creatures. I want Your blessings to progress steadily in the path of Krishna consciousness. Days when I fall weak and get diverted from the goal, I seek Your blessings to show me the right path.

I would also like to thank You for blessing me with the spiritual guides in the form of FOLK Guides who keeps showering correct guidance and keeps me engaged in Krishna's services. With Your blessings, all the insignificant duties of the material world are also taken care of.

Dear Srila Prabhupada,

I offer my respectful obeisance's unto You!

I offer my sincere thanks to You for having started this mission of Krishna consciousness to elevate the fallen souls like me. This mission is growing by its meaning and has changed my life to true mode of happiness and joy.

Srila Prabhupada! As You say this world is not false but it's temporary, and is the shadow of the spiritual world; but here I find permanent things too, that is the knowledge that You have imparted us, and this is something that I am going to carry with me through all my lives. The discipline that You have brought in me through the process of spiritual benediction, has also sorted my material life and made me compassionate in making decision to the things at my addressal.

I hope that I incorporate Your teachings to a larger extent in my life and become a good devotee of Krishna as You always wanted me to be. Once again I would like to thank You for being there with me.

I am very fortunate for having Your mercy upon me. I am very thankful to You for simplifying Krishna Consciousness and making it available to everyone in the world. After listening to Your lecture and following them I could connect to Krishna in more better way. I have a firm faith that Krishna will protect me under all condition of life (रक्षतिइत्येव विश्वासः) . I got more insights about dham yatra, importance of chanting, eating prasadam, significance of Ekadashi and many more things. By going to dham yatra my chanting quality has improved and also I got to know more about the pastimes and also the significance of the place.

During Your physical presence, out of Your natural humility You distanced Yourself from honor and glorify of Your personal self. But You more than deserve to get such honor for all Your extraordinary preaching activities.

I am very lucky to have a best spiritual guru in the world. Wherever I may go in my life, I will always remember that I have the excellent guide in the form of the guru.

Thank You for Your guidance, Your books and Your discipline.

Thank You for creating an environment of enthusiasm for learning, appreciation for spiritually growing. I am grateful to have a guru and a leader like You.

Thank You for sharing Your knowledge and books and especially gift of chanting. I will try my best to glorify You in the future through my actions. Hare Krishna,

Bhakta Likith

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories to Your Divine Grace.

It is only by the mercy of the spiritual master can one cross the ocean of suffering. It is only by his causeless mercy can one attain Krishna. It is practically true in my life as well. It was only by the mercy of Your Divine Grace that I started chanting 16 rounds and only after accepting You as my life and soul, I learnt Gurushtaka, even though many times I have heard many devotees singing it.

I just want to mention a pastime of Your Divine Grace in this regard. There was one of Your disciple who was initially sincere unto Your Divine Grace and served Your mission seriously, but later fell down and got addicted to LSD etc. Finally, that disciple went into the coma. In one of Your lectures, You had mentioned that INITIATION MEANS YOU ARE PROMISING YOUR SPIRITUAL MASTER AND KRISHNA OF CHANTING 16 AND FOLLOWING THE PRINCIPLES. SIMILARLY, THE SPIRITUAL MASTER ALSO PROMISES TO TAKE BACK THE DISCIPLE HOME BACK TO GODHEAD. Such is the responsibility of the Acharya. Doesn't matter whether the

disciple is offensive still spiritual master is always waiting to take him back to Krishna. This shows how much tolerance a pure devotee has.

I also remember another instance where You were preaching in America and immediately after Your classes devotees who were new started to go to chocolate shops and some started to smoke. And You were observing this offensive nature of them and still, You always tolerated them and gave them Krishna. You always prayed Krishna so that let they become pure devotees. And it is actually a fact that today if they have surrendered unto Krishna that is only because of Your Divine mercy. Even though that disciple had fallen and went into the coma, at last, it was You who delivered him. Even though he was unable to successfully follow Your instructions, You never forgot Your children and Your promise to Your child. This is another quality of a spiritual master where he never cheats.

In our current society, there are thousands of gurus in the name of spirituality. It is very very hard to find a genuine guru and even if one finds a genuine guru, unfortunately, he is also captured by Maya and he gets deviated towards bogus gurus.

I especially glorify You for one special thing which You gave me in my life. That is none other than Yourself. I cannot describe how valuable You are to me and how very very rare You are to souls like me. You are so kind that You have not only made Yourself available to Your disciples but You have made Yourself available to everyone through Your books. Your books very strongly show Your presence.

Thank You for everything Srila Prabhupada. Please always keep me under Your Divine shelter. Please kindly forgive me for all my offenses towards You, Your disciples and towards Krishna.

Srila Prabhupada, You have so much future planned for ISKCON. Because of You is Akshaya Patra, so for all your initiative I bow down to You.

Your humble servant Bhaktha Lohith

Bhakta Lohith K

Dear Srila Prabhupada,

Please accept my most humble obeisance unto Your divine lotus feet.

I thank You for all the showers of mercy on me in building a relationship with the Supreme Personality of Godhead. By Your grace, I had visited holy Dham like Vrindavan, Srirangam & Kishkindha.

Jagatguru Srila Prabhupada, it is just because of You i am able to chant the holy names of Lord Krishna. Please bless us to do more devotional services & engage in sadhu sanga to purify my heart.

I have no words to explain Your causeless mercy. Thank You for all the blessings.

Your unqualified & unworthy servant,

Bhaktha Lohith K

Bhakta Madan M R

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories unto You.

I take this wonderful opportunity to sincerely thank You for bestowing Your causeless mercy on me. You have given me the Hare Krishna Maha Mantra to chant, the Yuga dharma of this age, even though I was an ineligible person.

You have given me, a wonderful opportunity to render devotional service unto the lotus feet of their Lordships Sri Sri Radha Krishna Chandra through the FOLK Residency and ISKCON Temple, Krishna prasadam to control the tongue, Lord Krishna's pastime, philosophy, books (Bhagavad Gita as it is, Srimad Bhagavatam, Krishna, the supreme personality of Godhead, and many more), such a nice FOLK Guide, parents and all the material comforts to lead the life.

You have been seamlessly guiding me in all aspect of my life, I sincerely thank You for that.

On this auspicious appearance day, I pray for Your mercy, please continue to guide me and help me to progress spiritually and help me become firmly fixed up in Krishna consciousness.

Yours servant,

Madan M R.

Bhakta Madhu Kumar

Dear Srila Prabupada,

Srila Prabhupada, please accept my humble obeisances at Your lotus feet.

My words cannot begin to show my gratitude for all the things You gave this world. Anyone is fortunate enough to be able to have the association of Krishna's pure devotee, THE GURU who lives through his books. Inspired by Your association, Your Global Movement continues to give birth daily to billions of sound incarnations of Radha-Krishna. They are dancing round the universe and purifying it. As in Guru-Ashtaka 8th verse,

yasya prasādād bhagavat-prasādo

yasyāprasādān na gatiḥ kuto 'pi

By the mercy of the spiritual master one receives the benediction of Krishna. Without the grace of the spiritual master, one cannot make any advancement. Without Your divine appearance it would have been next to impossible to understand Krishna. You have saved the whole world by showing us the way back to godhead. Your mercy has allowed us to chant the holy names of Radha-Krishna. Your books are a great mystery even to the expert scholars. Please help me understand it in the right way, As it is.

Prabupad, may I always be able to follow Your divine instructions and be able to bring as many fallen souls to Your lotus feet. Without Your mercy, we the fallen souls may have to go through the cycle of birth and death for many millions of years. Please guide me so I may always be able to chant the holy names in an offense less manner in a humble state of mind and considering myself lower than the straw in the street. Please give me the strength to be more tolerant than a tree, devoid of all false prestige and be able to offer all respects to others. On this brief journey, we have been incarcerated in the material world.

Your mercy alone has opened the doors of the spiritual world and given the tools of purification. You have given us a perfect movement which will exist for the next ten thousand years. You have revealed how the movement will expand, by book distribution. You mentioned that books are the basis of our movement and if anyone wants to

please You then one must distribute Your books. Please give me the strength to distribute as many of Your books as possible.

Thank You for coming to our rescue and for guiding this movement through Your books, You are a universal hero. As stated in the Guru Ashtaka by Adi Shankaracharya

masashcenna lagnam guroranghripadme

tatah kim tatah kim tatah kim tatah kim

If one's mind be not centered upon the lotus feet of the Guru, what's the use, what's the use, what's the use?

Prabupad, may I always be able to focus my mind upon Your lotus feet and make Your instructions the only reason for my existence. You have descended from the spiritual world just to reclaim the fallen souls of the material world, You're the most merciful. By Your mercy one cross this ocean of material existence and attain the lotus feet of Radha and Krishna. Your Divine Grace is an expansion of Lord Nityananda Prabhu who has appeared before us to put some sense into our dull heads. Prabupad, please forgive me for I have been the greatest sinner. I wanted to enjoy this material world. Hence, I was given a position to enjoy in the material world. My only wish is to glorify Your lotus feet and making Your instructions the ultimate guideline for my life. I beg forgiveness for all the offenses that I have committed at Your lotus feet, without Your mercy this human form of life is useless. You are my only shelter Prabupad, please accept me as a speck of dust at Your lotus feet.

Your Insignificant Eternal servant,

Bhakta Madhu Kumar

Bhakta Madhukar

Dear Srila Prabhupada,

Please accept my humble obeisance at Your lotus feet.

I thank You for providing Vedic knowledge in a very simple way through Your books. Your transcendental books and nectarine instructions have changed my life and I could able to come out of the deep dark well of material existence only because of Your grace and mercy. You have shown me a very simple way of going back to Godhead by chanting the holy name Lord and following some regulations which is very much required to control mind and sense.

Your servant,

Bhakta Madhukar B

Bhakta Madhurjya

“Gurudeva, give to this servant just one drop of mercy. I am lower than a blade of grass. Give me all help. Give me strength. Let me be as You are, without desires or aspirations. I offer You all respects, for thus I may have the energy to know You correctly. Then, by chanting the holy name in great ecstasy, all my offenses will cease. O Lord and Master! When will such mercy fall to this one who is weak and devoid of intelligence? Allow me to be with You. If You examine me, You will find no qualities. Your mercy is all that I am made of. If You are not merciful unto me, I can only weep, and I will not be able to maintain my life.” (Śaraṇāgati)

Dear Srila Prabhupada,

Please accept my humble and respectful obeisances at Your lotus feet. It a great fortune to me that by Your transcendental mercy on March 8, 2018 I received the greatest boon to be in the company of Your Caitanya's army

to preach the holy name of Kṛṣṇa far and wide. I'm thanking You a lot for all Your reciprocations and love expressed through Your organizational system of pure divinity. Srila Prabhupada, please protect my soul.

Trying to write this offering with mountains of limitations and aberrations, the remembrance of a verse from Bilvamangala Thakura came to me in very nice way - "If I am engaged in devotional service unto You, my dear Lord Kṛṣṇa, then very easily can I perceive Your presence everywhere. And as far as liberation is concerned, I think liberation stands at my door with folded hands, waiting to serve me." This statement is true for You as well. And I think, along with goddess liberation, goddess material nature is also waiting to serve You. When Vyāsa saw the Supreme Personality of Godhead, he saw māyā in the background (māyām ca tad-apāśrayam). She was shy to face the lord because of her thankless job of clutching living entities in her mire and making them forget Kṛṣṇa. Now in Your bhauma lila she wants to serve You and assist You to please her master Kṛṣṇa.

As Srila Visvanath Cakravarti Thakura says, yasya prasādād bhagavat-prasādo yasyāprasādān na gatiḥ kuto 'pi. In Your whole pastime I find so many instances giving beautiful evidences of this. One or a few I would like to cite here, You have written about Your Jaladuta Voyage: "At about eleven there is a little lurching. The captain tells that they had never such calmness of the Atlantic. I said it is Lord Krishna's mercy. His wife asked me to come back again with them so that they may have again a calm Atlantic Ocean. If Atlantic would have shown its usual face perhaps I would have..."

Again HG Śrutakīrti Prabhu writes in his memory: Oct 7, 1972, LA: I often brought jasmine to his bedroom in the evening. He occasionally smelled them during his massage. He then kept them on his pillow (close to his nose) all night. The following morning, I would find the flowers gently lying on the pillow exactly where they had been the night before. The flowers were as fresh and fragrant as ever, looking as if they had just been picked.

So I understand that by surrendering to Your lotus feet I'll be able to overcome Material nature's illusory influence. Surrendering to You means surrendering to Kṛṣṇa's lotus feet. Because You Are Prabhupada – Extended personified manifestation of Kṛṣṇa Caitanya's lotus feet.

Srila prabhupada, please help me chanting 16 rounds daily, attending Mangala arati, reading books, attending all sadhana programs, going out for sankirtana etc. These elements constitute backbone of Kṛṣṇa consciousness. Please help me follow all Your instructions to associate with You in Your vāṇī form constantly. Please help me to learn 6 principles of Śaraṇāgati and bless me to develop faith and surrender unto You. At last, please pardon this silly attempt to glorify You by this rascal number one. Jaya jagadguru.

Your Aspiring servant Bhaktha Madhurjya

Bhakta Madhusoodhan

Dear Srila Prabhupada,

All glories unto You!

Please accept my most humble obeisance unto Your Divine lotus feet. I am very grateful and very thankful to You for guiding us through Your teachings.

It is very rare and difficult to get in touch with a pure devotee like Your divine grace and starts his journey back home back to Godhead. "brahmāṇḍa bhramite kona bhāgyavān jīva, guru-kṛṣṇa-prasāde pāya bhakti-latā-bīja" Every time I think about the causeless mercy You have showered on me by giving Your association and making me fortunate to accept You as my shelter life after life even though I am not at all deserve for that, it is just inconceivable. Actually, You have given this opportunity and made Yourself available widely to anyone and everyone in this planet.

"janme janme prabhu sei"

"You are my Lord, birth after birth"

You were always humble and fully dependent on Krishna which is inspiration to many devotees and me as well. I am low, fallen. I know I have no qualification to become Your servant. But Your causeless mercy & by Your pure disciples give me an opportunity to serve You in some or the other way. Don't consider this insignificant servant as an outsider. If at all You are able to bestow a particle of dust upon me I consider this eternal soul to become eternally successful.

Oh my Lord, Gurudeva! Prabhupada! I just want to be a dog of Your disciples; mercifully they have given me an eternally wonderful opportunity to practice devotion Srila Prabhupada, You are distributing the instructions of Lord Krishna to everyone without any change. You are the ocean of auspicious qualities, and by Your presence, auspicious prevails everywhere. You are the most confidential servitor of Lord Krishna. When You see that the devotees are satisfied by eating bhagavat-prasāda, You are satisfied. Srila Prabhupada, by Your grace, one can make advancement in devotion to Krishna. Please always give me shelter under Your lotus feet, and bless me always to serve the Supreme Lord, Sri Krishna and always engage me in Your divine plan of the Hare Krishna Movement. I again offer my respectful obeisances unto Your lotus feet.

Thank You so much Srila Prabhupada for giving me an opportunity without which I would have surely continued to rot in the material sufferings.

Your servant and aspiring devotee, Madhusoodhan

The Guru-Disciple tradition is a very unique feature of our culture. On the occasion of Vyasa Puja my humble obeisance on lotus feet of Srila Prabhupada.

The Word Guru means one who remove the ignorance of disorder from our life and teaches us how to live a blissful life

Our Spiritual Guru Abhay Charanaravinda Bhaktivedanta Swami Prabhupada reveals our true identity to us. Owing to ignorance, we are under the false impression that we are just a material body. But Prabhupada made us realise that we are not the body but the SOUL. It means GOD himself reside in us and does look into our actions

Let us express our gratitude to our Spiritual Master Prabhupada who brought the HARE KRISHNA MOVEMENT in this Kali-Yuga to reach the GODHEAD by chanting HARE KRSNA Maha Mantra and helping a lay man to understand what GOD is through his Books and lectures and letters.

All glories to the Lord Jaganath and Srila Prabhupada

Dear Srila Prabhupada,

Thank you for Your ever increasing mercifulness.

Like the Supreme Lord Krishna, You are unlimitedly merciful on all of us.

In one lecture You had mentioned that to understand that “I am not this body” is alright. But to realize and to act on that platform, we need to WORK for that.

So You have so kindly bestowed upon us so many services(WORK) that we, conditioned souls can engage in.

Please help me to come out of the philosophical plane and bestow Your mercy on me, to be engaged in practical devotional service. Let me consciously understand and act on a practical devotional service platform.

Being proud of the acquired knowledge and family affection, I am losing my battles against Maya often. Please bestow Your mercy on me to counteract such material forces with the help of Your transcendental instructions.

O Master, kindly bless me with practical services, for Your pleasure.

Srila Prabhupada, kindly bless my family to take Your Divine shelter

Trying you follow Your instructions,

Respected Srila Prabhupada ji

Gurudev Aap Ke Charan kamalon main dasa nu das Mahesh ka sadar pranam.

After being introduced to Krishna consciousness my life had a radical positive change. It became more systematic and meaningful, had a spiritual turn from being a mere materialistic one, full of wants and desires.

I have learned the Vaishnava traditions and started following some of the practices regularly but still, there is a long way to achieve total surrender to grace of Lord Krishna.

Earlier I was expecting others to comply with my views and desires, now I'm trying to change myself.

I hope that by Your Grace, will be able to realize and achieve total surrender in near future.

With best regards.

Your dasanudasa Bhakta Mahesh Dutt Trivedi.

Dear Srila Prabhupada,

Please accept my humble obeisances at Your lotus feet,

Chanting of holy name has created huge impact in my life, I lost the taste to hear Bollywood and Hollywood songs after I started hearing kirtan.

It has also helped me to guard from all kinds of bad habits, by going to temple we get tips on how to follow regulative principles, also to chant, and main thing is Krishna prasadam. Even the person who is jealous of You, will Love Krishna prasadam. Thank You Srila Prabhupada for giving us such a wonderful gift of this society call ISKCON where we can practice devotional service practically. Thank You.

Your eternal servant, Bhakta Mahesh karigoudar

Respected & Dear Srila Prabhupada

Please accept my humble obeisance and all glories unto You.

It was in the year 2012, I came in touch with Your divine teachings showing the path to the place of eternal existence. Days, months & years have been passed since then but my love towards the supreme person Lord Sri

Krishna didn't increase gradually. Although it is understood and realized that the materialistic world is like forest fire, am still haunted by few materialistic desires. I humbly request You to shower Your mercy to regain my consciousness. The ability to present myself in the execution of day to day activities came from the way You led the life.

I possess all the literature given by Your divine grace but am unable to keep the consistent book reading for some definite time duration although I knew that it gives me great relief. You have delivered infinite souls and in such occurrence by Your Divine will, let me also one among them. It is You alone who shown me the path of attaining the love of godhead and made me understand without even an infinitesimal doubt. Please give me the strength to chant the prescribed rounds of "Hare Krishna" mantra. Nobody else would have made me understood regarding the goal of life as You made me understood. Also am eternally obliged to You for giving such a magnanimous transcendental literature by reading which the incidents, pastimes, qualities and paraphernalia related to the lord gets visualized and felt. You are my strength and confidence when I go through tough times in my day to day life affairs. Also I would humbly express my desire to be initiated disciple of You and as such I request You to give me sufficient strength and mindset to keep up the standards and be eligible. You are the one who let the ordinary people like me also reach Lord Krishna and please tell him to recognize me.

Life would have been baffled, meaningless had not been I came across Your divine and pain relieving teachings. I offer my humble obeisance again and again and also request You to shower Your powerful blessings to keep up the unshrinking faith in Krishna consciousness. Am seeking a life of Krishna consciousness which is ever lastingly peaceful and I beg for Your mercy upon me to lead so.

Jaya jaya Srila Prabhupada !!

Bhakta Maheshwar Reddy

Dear Srila Prabhupad,

Please accept my humble obeisances All glories to Srila Prabhupad. All glories to Your Divine Grace".

In this age of Kali, cultivating spiritual life is the process of fighting against māyā. All the jīvas including me entangled in this material world by clutches of māyā. To deliver such conditioned souls, You made Your divine presence on this auspicious day in this material world as the representative of Lord Krishna to return all fallen souls to supreme abode through Your divine teachings "the love of God".

Dear Prabhupad, most of cases, I am inspiring by Your divine instructions through Your books where incomparable knowledge is being transferred to generations. One of the teachings from Lord Chaitanya Mahaprabhu in Chaitanya Charimrtha madhyalila Verse 2.108

"jīvera svarūpa haya-kṛṣṇera nitya-dāsa kṛṣṇera taṭasthā-śakti bhedābheda-prakāśa

It is the living entity's constitutional position to be an eternal servant of Krishna because he is the marginal energy of Krishna and a manifestation of simultaneously one and different from the Lord."

You self- realized this Absolute truth and understood the condition of living entities in this abominable material world. You set up a system by establishing Hare Krishna movement to transcend themselves to real quality "eternal servant of Lord Krishna." I am one of these jīvas on whom showered the ocean of Your mercy to comprehend this truth.

Dear Srila Prabhupad, Your pastimes are amazing and significant learnings to me. Recently I read one of Your pastime with western devotee "Srila Prabhupada was in New Dwaraka in the spring of 1973. Hearing His Divine Grace ring his bell, I immediately went to his room and offered my obeisance's. Pointing to the floor near my legs, he looked at me with wide eyes and great concern. "Do You see that bug?" he asked. Looking around for a few moments, I finally spotted a small insect. I nodded. In a serious voice Srila Prabhupada said, "I have been watching

that bug for some time now and he has not moved. I think he is hungry. Get a prasadam flower and take him outside. Put him on a plant so he can get some nourishment.” it is one of great and indiscriminate quality of Yours showing mercy upon all living souls without any racism. Likewise, You are so compassionate on me also, though I am unqualified and insincere in following path led by You. You provided me all facilities to practice Sadhana-bhakti. This is unpaid help ever to me. Only thing what I can do is

vande guroh sri-charanaravindam

I offer my respectful obeisance's at Your lotus feet. What I can do is 'follow Sadhana-Bhakti which is instructed by You to purify my heart.'

SrilaPrabhupad, You are so magnanimous. Being in ignorance I committed many offenses knowingly and unknowingly. Please forgive me and Please do not deviate Your attention from me.

Thank You Prabhupad for giving this opportunity. Jai Srila Prabhupad!!!

Who has shown the forgotten path in a new way in this new age towards Dharma through Krishna consciousness? Hare Krishna Mahamantra. What I want to additionally convey is at age of 70 he had traveled west which is inspiring to present youth who are lazy to wake up early in morning. Thank You Srila Prabhupada for making me understand the path of devotional service to the Lord. Thank You Srila Prabhupada for making me more kind human being than before towards all living entity. Thank You Srila Prabhupada for teaching me how to respond instead of reacting. Thank You Srila Prabhupada for giving me opportunity to read and understand easily Your books throughout this life. Thank You Srila Prabhupada for giving the instructions regarding progress in Krishna consciousness. Thank You Srila Prabhupada for everything You have done to this fallen soul.

Dear Srila Prabhupada,

I pay my humble obeisance at your lotus feet.

You took birth in the era of almost lost humanity to teach all of us about the god, to show us the path back to Godhead, the meaning and purpose of life.

I never believed in God for years. The brief touch of Mahamantra fired a curiosity. I was surprised to know about your life.

At first, it was like a fairy tale. I used to wonder listening about you. Started reading the teachings by you.

And now I am suffering from a sweet Disease - diabete tempestivitas gaudium (The disease doesn't exist.It's a hypothetical disease written by me).

Life has no meaning if he doesn't have a goal. Similarly, he doesn't have any value, if he doesn't know about God. You gave us the way to know godhead and introduced the harsh reality of life called as Materialism, where people are actually suffering without their knowledge.

I realised the existence of soul for the first time after reading your Book (Science of Self Realization) - the person is dead-son is lamenting-his father left him. But father was there only. What had left was the soul. The second realization was the existence of God (RajaVidya).

Why we need only eyes to see god, where there is five total sense of Gratification or special sensory organs. I started feeling the presence of God.

People are suffering, some because of others and some by themselves. Please empower all of us to come out of this suffering. Bless all of us.

On the auspicious day of your appearance, I pray you to give me strength and support so that I can practise Krishna consciousness with more energy, enthusiasm, can help others to know about the existence of Supreme Lord.

Last but not the least, please give me the strength to fight and defeat my own emotions, thoughts and anger. This is something in me, whom I failed to defeat.

Your aspiring student,

Bhakta Manish Kumar

Bhakta Manish Manohar

To my beloved spiritual master Srila Prabhupada,

I offer my humble obeisances unto you. I want to express my humble gratitude towards this great mission that you have begun.

It is because of your great efforts that today I am able to stand as a successful person. I have begun to understand that I am the spirit and not the body. By associating with devotees, I was able to know more about the Supreme Lord Krishna. Hare Krishna!!

Just by chanting I am so much sure about a wonderful day in this material world. Please help me to cross all the hurdles that come in the path of my spiritual progress. Chanting helped me to get great ranks in competitive exams and I even qualified JEE Advanced (toughest exam in the country).

Every weekend when most of the people go to malls and other places, I used to come to ISKCON temple and enjoy the wonderful programmes by FOLK. Thank you for giving me an opportunity to sing kirtans and dance in front of the lord and of course enjoy the tasty Krishna prasadam (Hari Bol!)

To become Krishna conscious is not that easy but by your blessings, we have all been showered with the spiritual knowledge.

I now know that no matter what is going to come in front of me, I will surpass those difficulties with ease as I have taken the shelter of the Supreme personality of Godhead Lord Krishna. On this auspicious day, I wish to get more blessings from you Prabhupada!!

Your humble servant,

Hare Krishna.

Jaya Srila Prabhupada.

Thank you for your causeless mercy in guiding me through your books and lectures about the real meaning of Krishna Consciousness. Until I came in touch with my disciples I was not aware of the fact about a soul being eternal and body being transient. Nor was I aware of Chaitanya Mahaprabhu's mantra to go back to Godhead in the Kaliyuga.

I, your insignificant servant would like you to guide me in following the path of devotional services now and forever during my existence.

I dread to think what would have happened to me if you did not have mercy on me and showed me this right path.

Please keep me under your guidance.

Your insignificant servant,

Bhaktin Manju Vijay

Bhakta Manjunath

Dear Srila Prabhupada,

It's my pleasure to write this to you.

I am glad to inform you that I have realized the self-spirit with the maha-mantra(Hare Krishna mantra). It was a great gift from you to me.

When I first visited to Mathura and Vrindavan Dham I had spent some time in Govardhan parikrama at midnight 🕒.

I had realized that so many devotees irrespective of their age and gender were taking Krishna's blessing around Govardhan Hill by chanting:

Hare Krishna Hare Krishna Krishna Krishna Hare Hare

Hare Rama Rama Rama Rama Hare Hare

This is a priceless gift to lead a peaceful life with unlimited happiness, under the path created by you. Earlier I used to have everything without any discrimination in the habits of eating, sleeping etc., but now by the mercy of Lord Krishna, I'm getting spiritual understanding.

Dear Prabhu Srila Prabhupada, I commit myself to share my Krishna Consciousness experience to all my family members and I will work on your mission and vision in keeping people and society always happy by realising Krishna consciousness.

Your servant,

Dear Srila Prabhupada

I am thankful and grateful for a memorable year which happened so fast.

So many events, decisions and emotions for one year. I thank you for giving me the power to walk through with ease with your blessings.

I pray for your blessings to remove the obstacles to chant 16 rounds.

Hare Krishna,

Your Servant,

Bhakta Manjunath H R

Bhakta Manohar Joshy

Dear Srila Prabhupada,

Please accept my humble obeisance at the dust of your lotus feet.

I thank you for showing your causless mercy by introducing me to Krishna Consciousness.

Before KC I was a confused person, not knowing the goal of my life.

But you showed me through your books that the ultimate goal of living entity is to surrender to God, to attain the love of God, to attain the lotus feet of Sri Radha Krishna.

It is true as stated in Śvetāśvatara Upaniṣad 6.23

*"yasya deve parā bhaktir yathā deve tathā gurau
tasyaite kathitā hy arthāḥ prakāśante mahātmanaḥ"*

"Only unto those great souls who have implicit faith in both the Lord and the spiritual master are all the imports of Vedic knowledge automatically revealed."

O dear spiritual master, let me never forget that it is through you that I can receive the mercy Krishna and Chaitanya Mahaprabhu. Let me not waver in bhakti at times of difficulty and challenges.

Let me go from strength to strength in KC. Let me gather the strength to follow the 4 regulative principles and chant 16 rounds of Hare Krishna mahamantra. Let me again fall at your lotus feet.

Your insignificant servant,

Bhakta Manohar Joshy

Bhakta Manoharan

My Dear Eternal Guru Srila Prabhupad,

I pay my repeated obeisance to your lotus feet, even though I do not have the qualification to offer my obeisance or being a disciple of yours.

I had remained lower than a grass of blade, with very poor fund of knowledge about The Supreme Personality of Godhead and his past times.

I continued to remain as one of the most fallen souls, with my intelligence completely stolen by Maya. It was because of your causeless mercy and guidance by your senior disciples at ISKCON that I was able to start following the path that you had shown for neophytes like me.

Dear Srila Prabhupad, you are an ocean of mercy and it is because of your and Sri Krishna's compassion for me that I am able to write this offering to you. Otherwise I would have remained completely ignorant and would have continued like that for many more lifetimes, and I would not even know as to how many.

Even now, I feel that I do not deserve to be at your lotus feet and need to travel far far in my spiritual journey to say that I may deserve to be a dust at your lotus feet.

Dear Srila Prabhupad, you are a big inspiration for neophytes like me who are trying to find their feet in spiritual waters.

Because of your causeless mercy and guidance by Senior ISKCON devotees, all the neophytes like me from the Whitefield area started reading your books regularly. Our major motivation to take up book distribution was your one statement - "anybody who opens my books and reads is already initiated" and that person, hence, takes the first step in the spiritual journey.

With your and Krishna's mercy and blessings, I was fortunate to be part of the team at Whitefield that reached out to all the prisons in Karnataka and distributed BG and other smaller books so that the prisoners also get an opportunity.

We fondly hope, because of your causeless mercy, some of them will start reading and getting benefitted, and by this process they can take their first step towards Krishna Consciousness. With your continuous guidance and mercy, we would like to do more in this area.

Dear Srila Prabhupad, you are like the Sun who does not discriminate and shines for everything and everybody. In the same way, you have shown your mercy and compassion to all – irrespective of nationality, community, cast, creed and gender.

With the light of knowledge that you have given us, I am confident I can make progress in understanding Krishna, His opulence's and His past times.

My challenge is that I am limited by my capability to fully soak and absorb in the great treasure of knowledge that you have given us. I seek your continued blessings and mercy so that I am able to improve my capability to fully absorb the knowledge and mercy you are showering on me.

You have set such a high standard for spiritual practice and you have always lived them by examples. For people like me, I am sure, it will take many many births even to reach a small fraction of your standard. I would strive continuously to be a deserving disciple and seek your blessings and mercy for the same.

Your compassion has no parallel. It is your compassion and continuous support that has helped me to overcome weaknesses so that we can follow the regulative principles. I can continuously feel the power of Maya. I do not think we can ever be successful against the all-powerful Maya without your and Krishna's grace and support.

The war against Maya is a long and arduous journey as you have stated many times in your books. Please bless me and continuously guide me so that I can make progress in my spiritual endeavor overcoming the difficulties that come in my way. Please give me the strength to follow the regulative principles 100% without failure.

I pray to your lotus feet to bless me so that I am continuously associated with other devotees and take up higher and higher level of participation in your mission. I am convinced that that will give me the greatest satisfaction.

Please accept this humble offering and bless me with your and Krishna's service in whatever form,

Bhakta Manoharan

Dear Srila Prabhupad,

Please accept my humble obeisances.

Srila Prabhupad in Bg 4.34 it is said that

tad viddhi pranipatena pariprasnena sevaya

upadeksyanti te jnanam jnaninas tattva-darsinah

Just try to learn the truth by approaching a spiritual master. Inquire from him submissively and render service unto him. The self-realized soul can impart knowledge unto you because he has seen the truth.

Prabhupad it's heartening to see a lot of devotees becoming recipient of your mercy because they are submissive and they are rendering service unto you. In the purport to the above verse you say that:

"Inquiries and submission constitute the proper combination for spiritual understanding. Unless there is submission and service, inquiries from the learned spiritual master will not be effective". Actually because i am not rendering service constantly without interruption, I am not perceiving results discussed in the purport.

I request to please give me enough strength to render service, chant my rounds everyday as and to read your books every day.

Your Aspiring Disciple,

Bhakta Manu

Dear Srila Prabhupada,

Please accept my heartfelt obeisances at your lotus feet. All glories unto you,

My Dear Gurudeva, This is the most auspicious day, the day of your appearance, the best day to glorify your transcendental qualities, which are hidden treasures manifesting your pure devotion. I am such fallen soul, but out of your causeless mercy you have given me shelter at your lotus feet and engaged me in the devotional service of Sri Radha Krishna Chandra.

Without your mercy, I would be nowhere. I am trying to figure out what mercy truly means to me on a personal level. Basically, it came down to the fact that for me you are mercy personified, in the sense that without your going out of your way to drag me out degraded state that I was in.

samsara-davanala-lidha-loka- tranaya karunya-ghanaghanatwam

praptasya kalyana-gunarnavasya vande guroh sri-charanaravindam

The above Visvanath Cakravarti Thakur song completely mirrors of yours. In this few years I have seen many ups and downs in the life, and to tackle this I found the kind of knowledge you have given is sublime and profound to deal with all the problems.

Dear Prabhupada, I am doing 16 rounds of chanting, however, I am struggling to do a quality round of japa and read your books.

Srila Prabhupada, remembering you and doing even small service to your mission gives solace to the heart afflicted by material existence. Your form is the embodiment of attachment to Krishna. You are the source of strength that will keep me pure.

Thank you very much.

Dear Srila Prabhupada,

Please accept my obeisances. Glories to Srila Prabhupada.

I would like to take this opportunity on auspicious occasion of Vyasa Puja to glorify my Spiritual Master Srila Prabhupada and express my in-heart feelings and thoughts about how he influenced me by his words, his books and the great Hare Krishna movement.

I am heartily thankful to Srila Prabhupada that he started this movement. People, who have totally fallen into this material world, forgetting Krishna, are now getting benefited highly and that includes me. It is because of him, fallen souls like me are getting ready to understand this pure knowledge and absolute truth. I am deeply thankful to him that he wrote so many books, translated old scriptures including Bhagvat Gita and Srimad Bhagvatam due to which today I and million others can also read them and understand them and as a result we are adding value to our lives.

I would like to thank Srila Prabhupada for opening Temples all over the world. Now people can go to temples and can have association of the devotees who are already following spiritual path and are well situated in this knowledge. People can take guidance for other devotees, ask questions, clarify doubts, and practice spiritual life. I am fortunate that I am surrounded by such devotees, Srila Prabhupada's books, online resources. Anytime and anyplace I am in touch with Srila Prabhupada teachings.

Srila Prabhupada has given us the best gift of all time i.e chanting. Attaining Krishna by merely chanting is the best gift I can imagine in this age of Kaliyuga. Please bless me and guide me Srila Prabhupada.

Dear Srila Prabhupada,

On your most auspicious appearance day, I would like to tell a few words about you. You are the one who had lifted me from falling from the deep ocean of birth and death, giving me the Hare Krishna maha-mantra to chant, choosing me as one of your servants and making my life bright.

You have made me do some little service in the temple. You were the inspirational person in my life, you have shown me little of your mercy upon me so that I can practice Krishna consciousness without any break. Sometimes I had a hard time to deal with some situations, you have rescued me from that situation by guiding me.

I thank their Lordships Sri Sri Radha Krishna Chandra for giving me a perfect and dearest pure Vaishnava devotee as my spiritual master. On your 122nd Vyasa puja, I pray unto you bestow your mercy upon me.

My Dear Srila Prabhupada,

Please accept my humble and respectful obeisance's in the dust of your most merciful lotus feet. All glories to you.

I know there is no way that I can repay debt to you. But I pray that I will keep trying. I know that your mercy unlimited and that you appreciate this insignificant servant little efforts to serve you.

How can I repay you for your transcendental gifts to us, You have given us Holy name, top most knowledge with your books and also opportunity give this to others through preaching. You have translated and written books for the welfare of poor souls like me, with in a time even it could not be in our imaginary. Books change lives. Your books have changed so many lives over the past years, including mine. Your books are changing hundreds and thousands, may be millions of lives at every moment. And your books will continue to change countless lives during next ten thousand years and beyond.

How can I, insignificant and unqualified servant of you with out of any devotional qualities, glorify your exalted devotional qualities, I cannot glorify even a spark of your greatness to the full extent. However, It is this particular quality which deeply captivates me, With the instructions and mission of your spiritual master Srila Bhakti siddanta Sarasvathi Goswami Maharaj, At age of 60, with critical health conditions, you crossed the oceans, to guide us to

cross this material ocean. With your instructions and books, you left us with a boat to cross this material ocean. You envisioned ISKCON in the unfavorable western environment, your exalted quality, tolerance with early western disciples made ISKCON possible what am practicing and experiencing the fruits now.

I realized from your book, Bhagavad-Gita As it is (From Chapter 4.34 Purport): “Satisfaction of self-realized spiritual master is the secret of advancement in spiritual life”. I pray and beg for your mercy to empower me to please you and to please all Vaishnavas with my insignificant little service for my spiritual growth.

You are not present physically with us. But there are numerous instances, where I personally experienced your mercy and guidance through your instructions and books, whenever I was in the confused state in discharging my duties as servant in your service, through authorities you guided this unqualified servant.

Brining new souls to your shelter for this insignificant and unqualified servant is impossible, but by your empowerment and blessings am able to do little insignificant service to you. With Guru krupa, even dumb can be good orator and deaf will be excellent listener. By your unlimited mercy, even if it is unknown things to me, you guided and made this unqualified powerless servant as an instrument in your service.

Please bless me to attach more and more to holy name, detach from material things and to be an instrument in your preaching movement. Please bless and empower me with your service to bring more qualified souls under your shelter and as to offer as little flowers to your lotus feet.

You are my only hope. It's my realization, more than ever, without your mercy I will surely be lost. Praying to remain under the shelter of your lotus feet,

Your Unqualified Servant, Bhakta Munikrishna

Dear Srila Prabhupada,

Please accept my respectful obeisance unto Your Lotus Feet.

All glories to You.

I could clearly see your hand in my life, the way I have drastically transformed by your causeless mercy, yet long way to go. I don't know what I would have done with my life, if you wouldn't have picked me from the garbage and placed me on this beautiful path of Krishna Consciousness.

I started chanting holy name, one round every day, gradually I increased the number of rounds, now am doing 3 rounds of chanting either in the morning or evening time.

By chanting daily, I am feeling like relaxed and de stressed.

I feel like by chanting the holy name for some time daily, will make me to connect with the Krishna.

Dear Srila Prabhupad,

Please accept my humble obeisance

Srila Prabhupad, I've been so unfortunate to be addicted to many sinful actions. I've been so unfortunate in not developing taste for devotional service. I've been so unfortunate that my mind does not dwell completely on the lotus feet of Krishna. I've been so unfortunate not to contemplate on devotional service. I'm so unfortunate that I'm not capable of being your disciple. I'm really an unfortunate soul, my dear master.

But there is one aspect in which I've been fortunate. In getting your mercy. You've been so merciful on to me Srila Prabhupada. I know it, and I feel it! In the midst of my life situations, in the midst of series of unfortunate events. In the midst of my life, that's like a turmoil. You were there to help me Prabhupad. I know it. Like a light at the end of a dark tunnel. Like a unexpected pond of water in a planet made of deserts. Like a chance given to a life imprisoned criminal. you gave me a chance Prabhupad, guiding me always and helping me get back to Krishna consciousness when I fall out.

Please excuse the sins that I have made for it is out of my ignorance.

Please bless us, sharmila and me to become Krishna conscious dear master. Please make us eligible to follow your footsteps and please purify our desires to follow your instructions.

Yours faithful Servant,

Dear Srila Prabhupada,

Please accept my most respectful, humble obeisance on to your lotus feet.

I was not aware about ISKCON. I was searching for a job in Bangalore from 5 April 2017. By grace of Lord I got a job and joined a marketing company on 2nd may.

After few month one day I and my friend planned to roam around the city and visit some good places. As per the plan we went Orion mall from there we went to temple. After darshana we met one devotee who guide us to attend Introductory session of yoga of happiness, it was turning point in my life.

We attended that session after few days, but I didn't registered for the further FOLK program since I have to work on Saturday and Sunday. But I was very much interested to know more about the programs. In June month my office got shift to Koramangala, I was looking for Paying Guest through google map, i came to know about FOLK residency. Under the guidance of the devotees I joined FOLK residency.

I am very thankful to you Prabhupada for give me an opportunity to stay with devotees. I am very much pleased and happy to stay here.

All glories and glories to the spiritual master of the world, Srila Prabhupada.

Dear Srila Prabhupada, I pay my humble obeisance countless times at your lotus feet.

I have no qualification and ability to describe your unlimited greatness, unparalleled compassion, mercy, and magnanimity. Before meeting you, I was living life in complete ignorance like an animal. I was completely unaware of the objective and meaning of this very rare human form of life. Out of compassion and causeless mercy, you revealed to me the meaning and ultimate objective of this human form of life.

I am the most sinful and lowest of all living beings, yet very kindly you are still guiding me on the path of devotional service. It is only by your causeless mercy that I have come to know about Shri Shri Radha Krishna Chandra and Their loving devotional service.

I am the most sinful, fallen, and lowest of all living beings, and I have no qualification at all to practice Krishna Consciousness. Yet very mercifully, you have given me the rarest gift of the loving devotional service to Shri Shri Radha Krishna Chandra.

I pray to you Srila Prabhupada, kindly give me the strength to follow your instructions and teachings. I have no words to express my gratitude to you. Please forgive my offences that I may have committed at your lotus feet.

Srila Prabhupada, I cannot repay even a fraction of what all I have received from you.

I can only pray to Shri Shri Radha Krishna Chandra that may I always receive you as my spiritual master, life after life eternally. Dear Srila Prabhupada, thank you so much for bestowing your causeless mercy on me and allowing me to practice devotional service.

Your eternal and most unfortunate servant,

You showed me the aim of real life, otherwise I will be in somewhere else. Millions and billions of fallen Jiva's include me came to KC because of you.

Thank you for giving this wonderful opportunity being in Krishna consciousness. Please keep me always in your shelter through reading your books, chanting and following regulative principle.

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

yasya prasada bhagavat-prasado

yasya prasadan na gatih kuto pi

dhyayan stuvams tasya yasas tri-sandhyam

vande guroh sri-caranaravindam

"By the mercy of the spiritual master one receives the benediction of Krishna. Without the grace of the spiritual master, one cannot make any advancement. Therefore, I should always remember and praise the spiritual master. At least three times a day I should offer my respectful obeisances unto the lotus feet of my spiritual master."

Srila prabhupada you are present in your vani; your books and instructions. You are present still in your pictures and murti's. You live in the hearts of your sincere devotees. You have touched us all so deeply; we cannot help but remember you. Srila Prabhupada, I am most unworthy to have received your mercy, and because of knowing my insignificance, it has caused me to be even more grateful and appreciative of your blessings.

In the Sri Caitanya-caritamrta, there is one verse I would like to use to describe my mood and feelings:

"Indeed, I am just like a dwarf who wants to capture the moon. Although I am completely unfit, a desire to receive Your mercy is awakening within my mind."

Many years have passed since the day I walked into your Iskcon Bangalore temple and was so mercifully blessed with your divine association. Somehow or other you allowed me to join your happy family of loving devotees and it changed my life forever. You saved me, Srila Prabhupada, and I am eternally thankful and indebted to you.

Over the years i have been struggling & had difficulties and sometimes there have been harsh set of situations I had to face for no reason. I've done enough wrong on my own, I don't want to get blamed for something I didn't do.

So, I learn from my mistakes. It's a very painful way to learn, but without pain, the old saying is, there's no gain. I found that to be true in my life. You miss a lot of opportunities by making mistakes, but that's part of it: knowing that you're not shut out forever and that there's a goal you still can reach.

Although I have no qualifications whatsoever, today I come before you with a humble prayer in my heart. Please Prabhupada help us to heal the rifts between us and to come together as a family once again at your lotus feet. There is so much service to be done in executing your blessed mission of delivering the conditioned souls in this world and therefore we need to work together in a spirit of love and co-operation to be truly effective in the way that you desired. But without your blessings, it will never come to pass. So I humbly pray at your lotus feet that you will so kindly enter our hearts and inspire us to find the ways and means of fulfilling your beautiful transcendental vision of a happy and unified world movement under your leadership and direction. Kindly help us to please you in this way .

Please kindly forgive for all the offences I have done knowingly or unknowingly.

This is my position, I am completely unworthy, and most fallen, therefore by showing me your mercy, your mercy is most successful. For you are patita-pavana, the saviour of the fallen souls, and who is more fallen than me? I have no good qualities; born of low birth, without good intelligence, without beauty, or wealth, I am a fallen soul, desiring only your causeless mercy to be bestowed upon me.

This is a moment in my life, when I can say.

"Prabhupad, I gave up.. Please take control of my life. I'm tired of doing it my way".

"On this auspicious day I have come with this offering just to worship you, remembering your lotus feet."

The fact that you have always resided in my heart, and have been my most constant friend and ever well-wisher, even without your physical presence, proves our eternal relationship with you. So many friends and family have come and gone, but you Srila Prabhupada, have remained in my life as the one constant I could always turn to.

Srila Prabhupada you have taught that one must approach a pure devotee of Krishna and surrender to him. And this is an absolute necessity in spiritual life.

The shastra says one has to surrender to a guru, tad vijñānārtham sa gurum evabhiṣacchet [Mundaka Upaniṣad 1.2.12]. One must approach guru. This is vidhīn. Not that it is optional, I may accept the guru or not accept guru. No. One must. Gacchet means he must. It is vidhīn. This verb is used where the purport is "one must." Otherwise, it is not possible.(Srila Prabhupada's class in Toronto on June 18th, 1976)

Srila Prabhupada given in his purport to the Sri Caitanya Caritamrita, Adi Lila, Chapter 1, Text 35:

"One should always remember that a person who is reluctant to accept a spiritual master and be initiated is sure to be baffled in his endeavor to go back to Godhead. One who is not properly initiated may present himself as a great devotee, but in fact he is sure to encounter many stumbling blocks on his path of progress toward spiritual realization, with the result that he must continue his term of material existence without relief. Such a helpless person is compared to a ship without a rudder, for such a ship can never reach its destination. It is imperative, therefore, that one accept a spiritual master if he at all desires to gain the favor of the Lord.

We can see from the above purport that if one stubbornly refuses to accept initiation that they will continue in the cycle of birth and death without going back to Godhead. We can also see that if one refuses initiation that he will not receive the mercy of the Lord.

So I beg my folk guide Hemanga Chaitanya Prabhu to consider me for Harinam initiation & help me take diksha from you(SP). Although I am an insignificant soul & not qualified.

Srila prabhupada, please bless me that I will remain your menial servant forever and not leave you even for a moment.

Today when I look back I feel I have wasted so much time not listening to you. I took one step towards you and you took 100 steps towards me and helped me come out of my difficulties in Krishna Consciousness. You give

constant guidance to any question we (disciples and Students) ask you. Sometimes I feel, "I don't deserve this special mercy". Now that I am trapped by your mercy, I pray at to the dust of your lotus feet, that I become a good instrument in your hands and become a sold out slave of your Divine Grace. Your mercy is most important to me than anything else, "How can I understand Krishna? Srila Prabhupada, without your blessings and guidance? You always stress about "Pure Devotional Service" and that sound vibration has imprinted in my heart. It is now my duty to strive for pure devotion and serve you in your mission of spreading the message of Lord Krishna.

Today I cannot contain my tears, my Love for you is so so deep and strong and I miss you so so much, I dont know what to do. On this very special day of your appearance day, I miss you even more then before.

My heart and soul is with you at every second.

I am for ever your eternal servant and I hope and pray that for ever Krsna will keep me as your servant. I owe you my life.

Please never ever forget about me and keep me always at your Lotus feet, which are my only shelter. I feel so much Love coming from you even if we are physically far, I feel closer to you then ever and I try to serve you here by serving the community of wonderful devotees that live here at Iskcon Bangalore.

And all that I owe to you and your Mercy towards your most fallen disciple.

I Love you so so much with all my heart for ever and ever...

Your menial & aspiring servant,

Dear Srila Prabhupad,

Kindly accept my humble obeisances to your lotus feet.

Srila Prabhupad, I don't know how you are tolerating this rotten soul. Your causeless mercy to me has given me hope of getting rid of material miseries. From animalistic, undisciplined, faithless life to chanting Hare Krishna Maha Mantra, association of your devotees are all your causeless mercy. I am utmost grateful to your Divine Grace. Your words of instructions are very soothing in this blazing fire of material miseries and have changed life of millions. You are the real saviour of whole world and most unfortunate is me I have so many difficulties to follow your instructions but still you reciprocate with this fallen and guide me for my advancement. I don't know how to explain your influence in my life because whatever I know about spirituality, spiritual life are because of you. You have given me new life all together which this rotten soul never deserved. Neither I approached you for understanding goal of life nor I was inquisitive about absolute truth nor I was hankering for knowledge but your Divine Grace, very compassionate upon fallens, have given me shelter just because you can't see anyone suffering. You just picked me from gutter and gave the taste of Bhakti. I am deeply indebted to your Divine Grace.

Just to say how compassionate you are, I happened to hear one pastime of your Divine Grace from Srila Prabhupad Lilamrita: ' Srila Prabhupad in his morning walk with his disciples used to see every day, one person sitting in car, he always looked very sad. Disciples used to greet him by saying Hare Krishna but he never responded. One day Srila Prabhupad after seeing him in same situation went to him and talked to him for a minute only. That person became suddenly happy and left from there. From next day he wasn't seen there. It's His Divine Grace who is so compassionate couldn't see anyone unhappy. Srila Prabhupad gave him Sukriti by just talking to him and he became happy'.

Srila Prabhupad, when will this fallen be able to render some services unto you? When will I be able to chant holy names attentively? When will I have same faith in your words as you had in instructions of your Spiritual Master?

When will I be in situation where I continually think about you and think about how to please you? When will I be continuously thinking about executing your orders and instructions as you have shown by your example. I have accepted you as my Lord, as my Spiritual Master birth after birth. Kindly bless me with right attitude to perform devotional service unto your lotus feet.

Jaya! Srila Prabhupad!

Dear Srila Prabhupada

Please accept my humble greetings to you.

On this auspicious occasion I would love to promise you that I will do my best to help the people in need by spreading the chanting of Hare Krishna mantra . I don't know if I will be getting positive outcomes everytime but I will do my best to help the people in need by connecting them to Krishna.

I humbly request for your blessings so that even in my toughest times I do not get distracted or lost & chant the hare Krishna mantra so that I can back my words and I can develop the wisdom to come out of this material world.

First of all my humble pranams on the lotus feet of srila prabhupad and ISKCON. After getting connected with ISKCON, chanting becomes part of my schedule. Chanting helped me a lot to see the incidents in my life in different angle. Chanting also helped me to think seriously about the real purpose of life. After connecting with ISKCON I started spending more time in devotional activities.

Without the association of pure devotees and their timely instructions I might not have chosen the path of Krishna consciousness seriously. As a part of spreading Krishna consciousness, Iskcon opened many satang centers in different parts of Bangalore which motivates the people to take devotional activities more seriously.

Srila prabhupada helped me many ways to progress spiritually. From prabhupad's literature I came to know about Krishna's supremacy, the relationship between the living entities and God etc. Prabhupada's books are filled with true love towards Krishna. Reading such books will definitely motivate the devotees to love Krishna unconditionally.

Prabhupada's instructions are really a manual for an ordinary person to lead a meaningful life. His teachings are applicable especially for the people in the modern world. His instructions are based on sanathana dharma. Our spiritual master has not created his own rules and regulations. His teachings are based on bhagavatham or bhagavad gita, which are the authoritative scriptures based on sanathana dharma. Many spiritual organizations are instructing the people to approach god and have faith in god.

But many of them are failed to give clear cut instructions to approach or attain god. Srila prabhupad made a tour package to all of us. Destination is vaikunta. The eligibility to avail the package is chanting the Hare Krishna mahamantra and strictly follow his instructions. It's simple and practical for the people in the present age. But without the mercy of god and guru nobody can follow them. My humble obeisance on the lotus feet of guru and lord to help me to follow the path of Krishna consciousness seriously.

Wherever or whatever may be my state. I ensure that Prabhupada's teachings and instructions will definitely help one to cross the ocean of this material existence. Prabhupad is very merciful, if we have a desire to progress spiritually, he will provide all the facilities for us to progress spiritually. Prabhupad says I will guide my disciples through my books.

Prabhupad's Bhagavad gita and Bhagavatham are examples for the same. It's a fact that a true devotee never feels any separation from his spiritual master, if he is ready to follow the instructions of spiritual master.

Once one reporter asked prabhupada "Only by chanting Hare Krishna mahamantra if one can attain perfection why iskcon publishes variety of spiritual books"?.

Srila prabhupada replied "Only by chanting one can attain perfection. There is no doubt about it. Still many of the devotees may be interested in hearing about Krishna and his leelas. For them we are publishing these books. The reporter very much moved with prabhupad's answer. Prabhupad is very merciful towards his devotees.

Without his teachings it might not be possible for all of us to know about god and the importance of devotional services. Prabhupad is fixed with his determination. He followed Bhakti sidhantha saraswathi thakur's instructions to spread Krishna consciousness in Unites states. With this many of the fallen souls got an opportunity to come into Krishna consciousness movement and become liberated.

Prabhupad gave us a simple and unique method to cross the ocean of material existence. That method is chanting of Hare Krishna mantra. Let us all follow the same and attain perfection in this birth. Just By following this method Krishna will definitely help us to go back to god head.

Hare Krishna

Dear Srila Prabhupada,

Kindly accept my respectful obeisance onto your lotus feet . My heart fills with immense gratitude whenever I think about your contribution towards humankind. You gave us greatest gift in our life by making us Krishna Conscious , by providing us multiple temples where we can get association of devotees ,by simplifying the toughest concept of bhakti through your lucid lecture ,by reviving Krishna consciousness movement . Whenever life seems in a queer paradox your lecture , your book brings solace .

You provided greatest strength in life by showing the rational path . In this materialistic life where life itself lose the true meaning ,I consider myself fortunate to have your mercy ,to have your vital input to fight against all adversities . You are so merciful that you gave most precious Krishna consciousness to a fallen person like me . I am falling short of words to write about your unconditional mercy and affection towards us . You gave us a meaningful life . You made us to taste the nectar of chanting . You made ordinary life to extraordinary by blending nectar of devotion in it.

Srila Prabhupada,

I am in touch with the Krishna consciousness society for almost 7 months now.

I have experienced a huge change in my life since then. Now I am able to say NO to some of the bad practices like eating meat and eggs. My alcohol consumption has gone down drastically.

It's bringing a positive change in me and my family. I have been to the temple of Lord Krishna twice and it's difficult to express the blissful experience. I am chanting two rounds. At times, when I am very anxious, it is very helpful. I still have a long way to go, but the journey so far has been very beautiful. I have started finding peace.

I am glad I am practicing Krishna consciousness.

Thanks, Prabhupada for starting this movement.

Regards, Bhakta Nikhil Nayal

"Any person who is seriously desirous of achieving real happiness must seek out a bona fide spiritual master and take shelter of him by initiation. The qualification of a spiritual master is that he must have realized the conclusion of the scriptures by deliberation and arguments and thus be able to convince others of these conclusions. Such great personalities, who have taken complete shelter of the Supreme Godhead, leaving aside all material considerations, are to be understood as bona fide spiritual masters."

-Śrīmad-Bhāgavatam (11.3.21)

It is our Great fortune to take birth as a human in Bharata varsha and even greater fortune is that we came in touch with the mission of Lord Chaitanya; but we have got greatest fortune by receiving the mercy of a Mahabhagavata Acharya and we are always grateful to You for these fortunes.

Meaning of Acharya is who teaches by example and You are guiding us with ultimate knowledge as well as practical and logical instructions, also caring as a Spiritual mother. Gurudeva, you are the powerhouse of spiritual knowledge and are flowing through your sincere disciples as guidance and instructions.

I remember even in the midst of a remote location where there is no hopes of any devotional atmosphere you have guided and provided the path towards Krishna by Your vani. I had this experience even a dead phone had become a media for Your vani and I still wonder how that was possible?

In a realistic way You are teaching us how just by connecting any material activity or things in Krishna's service can become spiritualized. And You have revealed us the success formula in Spiritual life Management and that is – "Following 100% Your instructions without any deviation".

I offer my sincerest gratitude for the Spiritual life that you have provided for this conditioned person. And entreat forgiveness for all mistakes I performed. Also pray to make me free from these material contaminations.

My Dear Srila Prabhupada

Please accept my humble obeisances,

Generally I speak to you everyday but today is something is very special which is Vyasa Puja 2018. So here I am expressing my heartiest gratitude unto you.

Its only because of your mercy Prabhupada that I have been able to continue my journey in your huge holy mission from past 3 years. There were many tribulations in my life where I was so much depressed and upset so that practicing KC was becoming a burden for me.

But I know, it is only through your mercy prabhupada which escaped me out from all these conditions and made my journey again and again step by step favorable to KC.I feel so fortunate to be part of your organization, which is flourishing to its height today just because of blessings and teachings. If prabhupada you were not there then it could never be possible for me to know about the glories of Lord, and about the purpose of life and many divine facts.

It's only because of ISKCON today that many jivas are getting to know about the ultimate goal of life and able to practice the regulative principles taught by you, which will help one to go back home, Back to Godhead. Who says that ,“Guru has to be physically present to guide to go back home to Godhead”.

For those who just follow your instructions and stick to the core of it, is enough to be delivered from this material world.

I myself as many times felt that your blessings are with me and you have been instructing me personally through your daily quotes through your books through your disciples and given me so many realizations. I can't express in words prabhupada that “How my life has changed just because I was simply in association of your disciples and followers.

I always say to all my friends and family that devotees association is such a powerful thing that it can transform even the most sinful person into a great devotee of Lord.So I always beg you prabhupada “Never allow me to go out of your organization.Sometimes I become very upset and heartbroken when I used to think “How much struggle you would have gone through to spread in the KC in the western countries.

I wish I could have also be present at that time to serve your mission when you were alone on streets distributing the magazines of “Back to godhead” and when you were alone on the streets of Western countries to preach the cult of Chaitanya Mahaprabhu. But never so late you allowed me to be part of your Holy mission through ISKCON Bangalore. I am very fortunate that I am able to render some services directly to Lord Krishna in the temple every weekends and on festivals.

Becoming an instrument to spread your teachings to as many souls as possible, fills my heart with great joy and gives me immense pleasure. But due to my own conditions I do mistake to not to choose Krishna always in my life as a first priority and for which I get nice beatings of maya .I beg you prabhupad that keep me always engage in the service of lord and unto you.

Those who knows the secret of how to become free from this material contaminations just by rendering an unalloyed devotional service to the Supreme Personality of Godhead and Guru, can never be attacked or influenced by any material energies.

I don't know when I'll be following all your instructions sincerely and seriously and serving our mission to the next level but one thing is for sure that , it can never be possible without your Mercy.Being so overwhelmed by your divine Grace I always strive to be a perfect disciple

I offer my respectful obeisances unto His Divine Grace Śrīla A.C. Bhaktivedanta Swami Prabhupāda who is very dear to Lord Krishna, having taken shelter at His lotus feet.

I thank Sri Krishna for allowing me to come in contact with you through your writings. They completely gave me a whole new view of the world. Because of you I have been able to chant the Maha Mantra although I hardly have any taste for it. Only because of your blessings on me, I have been able to understand many aspects of spiritual reality. You have taught me how to dovetail my activities in the service of Krishna. Although you are not present before my material vision, still I sense your presence when I read your books.

Still there is a lot I have yet to learn and I ask that you continue to show your mercy on me and guide this fallen soul towards his journey to Krishna in the association of devotees.

Dear Srila Prabhupada,

All glories to Your Divine Grace on this most auspicious day of your Vyasa Puja. I have the great fortune that I am under your shelter .I always Inspired by my senior devotees enthusiasm and cordiality,

Bangalore Temple You live in the hearts of your sincere devotees. You have touched us all so deeply; we cannot help but remember you. Srila Prabhupada, I am most unworthy to have received your mercy, and because of knowing my insignificance, it has caused me to be even more grateful and appreciative of your blessings..

Prabhupada always says “Sarva-sastre kaya, lava-matra sadhu-sange sarva-siddhi haya. For me, personally, I had the opportunity to talk with my spiritual master not more than ten times in my whole life, not more. It may be less than that. But I tried to follow his instruction, that's all, So I am so fortune that I came to touch with Prabhupada and I feel your presence in your instruction.

I always remember below quoted Prabhupada's words, this keep me motivated to depend on guru and Krishna. “I do not know why You have brought me here. Now You can do whatever You like with me. But I guess You have some business here, otherwise why would You bring me to this terrible place? How will I make them understand this message of Krishna consciousness? I am very unfortunate, unqualified and most fallen. Therefore, I am seeking

Your benediction so that I can convince them, for I am powerless to do so on my own.”Prabhupada you have innumerable qualities; you are the true well-wisher of the society. There is no difference between in your words and works.you are so merciful,the ultimate expression of mercy is to freely afford everyone the opportunity to develop pure love of Godhead.

This Srila Prabhupada did by opening over one hundred temples, printing millions of books and sending his disciples all over the world to teach the science of Krishna consciousness. You gave the gifts to the world were filled with tremendous spiritual value. He gave us a wonderful philosophy to live by, knowledge of our true spiritual identities, beautiful Deities of Krishna to worship, the all-auspicious holy name of Krishna and delicious Krishna-prasadam. Srila Prabhupada also gave us the spiritually enlivening association of devotees and the chance to attain love of Krishna and return to a life of eternity, bliss and knowledge in the spiritual world.

In spite of all the inspiration you have bestowed upon me through your pure hearted devotees, still I have for so long been shamefully aware of my unwillingness to wholeheartedly follow in their footsteps and please take me as an instrument in your hand bless me with your service . Therefore, I am begging you, to please continue to cast your merciful glance upon me so that in some lifetime this aspiring bhakta can take proper advantage of your treasure house of good fortune. Until then, I will continue to pray for the day when I am free from the envy, lust and lethargy that has blocked my path. On that glorious day,

I will truly know what it means to have joined your Krishna consciousness movement.

Dear Srila Prabhupada,

Please accept my humble obeisance's

As written true by Kabirdas Guru-Gobind Dou Khade, Kake lagu Pay. Balihari Guru Aapano Gobind diyo Bataya.

By the Lord's Grace, I took birth in a religious family, hence was involved in religious activities since my childhood. It seems that my continuous trust on the Lordship has brought me in touch with Your ISKCON movement, which teaches us Krishna Consciousness in more systematic way. I am very much thankful to You for establishing such a wonderful institution. And of course, to the supreme Lord as well for bringing me in touch with it.

I personally find that chanting the Hare Krishna maha-mantra, as taught by Your Divine Grace, is very effective. It increased my work efficiency to much higher level, brought discipline in my daily life and all seemed to happen occur so called "good luck". I accept that I have not reached to the level, from where I can understand all Your teachings. I am thankful to Your system of devotee association.

Despite getting the association of Your devotees, I am not able to take Your Hare Krishna Movement in serious manner and I attribute this to my ignorance, ego and some queries. I have complete faith on Lord Krishna that my queries will be answered in right time as I will be able to understand and appreciate Your teachings better.

I have experienced that when I chant the MahaMantra daily, I can free myself from ignorance, except the ego that since I was chanting, I consider myself superior to those who were not chanting. This, I think, has let me down. Srila Prabhupada, my sincere request to You is please make me free from all these bad habits.

Srila Prabhupada, I am really thankful to You for introducing me to Krishna through ISKCON. I developed interest in Srimad Bhagavad-gita and in teachings of Lord Krishna after coming in touch with Your ISKCON movement. Thank You for all the blessings.

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories unto Your Divind Grace.

It has been close to 4 years since I came in constant touch with your books, which have been the gateway to my minute understanding and exposure to our vast vedic literature.

However, a little over 20 years ago, I was gifted a book titled "Coming Back", which was written by You. I remembered reading that book as a college student and was intrigued by the profound explanations, that too in a very easy to comprehend language. My inquisitiveness was awakened, but I did not have the opportunity of being in constant touch with Your teachings.

After 20 long years, I have the good fortune to hear from the Bhagavad Gita, Srimad Bhagavatam and other books related to Vedic subjects, thanks to Your mercy and blessings.

All glories to you Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

Please accept my most humble devotion to you on this auspicious day of your divine appearance.

I can never forget the positive impact you have on my life. I can feel the positive vibe around me all the time because of chanting. Even when I'm not chanting, I can feel that you are somewhere around me which motivates me to chant another round.

I was a man who could never follow any routine but sticking to chanting has helped me do that as well. My concentration has increased as well which I have found most beneficial in my daily life. Also now I get up at 6 in the morning unlike previous timing of 8 or 9. I always feel motivated. Chanting has changed my life in a positive way, and hopefully it will do wonders in days to come. This is the only means which can take me out of the cycle of birth and death All Glories to Lord Krishna and Srila Prabhupada!

My master Srila Prabhupada! O ocean of mercy!

My words are limited to describe your potency.

O bestower of Krishna Prema! With the wealth of holy name
You left from Vrindavana, into the dark ocean of material pain

O deliverer of fallen soul, what a mismatch is our combination

Like diamond lie in the coal mine, with great perturbation

O savior of the whole world! Savior from the forest fire

I do not have any qualification, still, I am your servitor

Among the philosophy of impersonalism, full of dry speculation

O messenger of Krishna! Savior from soul suicidal conception

What the cost can be paid! When the ocean of mercy is available

May Krishna bestow me, make me more favorable

As the gem in elephant, is very very rare

So is your association, very very valuable

Roaming across millions of life, wasted time uselessly

O my mind understand, take Krishna Consciousness seriously

O savior of mankind! Your presence is very rare

Still, I don't utilize it, I am so inferior

Far top from the spiritual world, you appeared as the savior

Impossible for me to comprehend, you are so glorious

Bereft of Krishna Prema! Suffering blazing fire

O mercy personified! bestow my soul desire

Despite my ignorance, you are so much merciful

O destiny of my nature, kindly make me grateful

Although like a mad person, I ignored the spiritual instruction

O ocean of compassion ! Give me your protection

O creator of my destiny! Have mercy on my plight

Bestow service opportunity, Srila Prabhupada, the source of spiritual delight

Dear Srila Prabhupada,

Please Accept My Most Humble Obeisance's at Your Divine Lotus Feet!

On this most auspicious day of Your appearance, I humbly request You to accept this piece of writing as Vyasa puja offering from my side and shower Your blessings upon this most fallen soul.

I am big day dreamer, where most time my heart is filled with unlimited material desires. Always I am destroyed by my own pride & am always lustful. Even though I have constant anxiety about my material position still I have great desires to earn money.

With this state of unclear mind, I was given the householder responsibilities. I tried following Your instructions through the senior devotee's association to lead householder life. Your divine grace causeless mercy, we are given opportunity to serve the Lotus feet of Sri Sri Nitai Gauranga in Chaitanya center. We are influenced somehow, or other to take up the given opportunities to be in association of devotees.

Srila Prabhupada, I have no words to describe Your divine grace kindness & mercy to give us the morning sadhana program, weekly satsang & Sunday feast. Srila Prabhupada, Your formula is workable for all to have joy and bliss in their daily lives. Whenever Krishna Consciousness reaches a jiva, I feel his life will see a change soon or later. If I had not taken association of Your devotees, then I would have continued with my aimless journey. Now even though I see a ray of spiritual hope, still I am in a constant perplexed state. This is due to my inability to understand things how it works under the will of supreme Lord Krishna.

Srila Prabhupada, Your divine grace causeless mercy, the Supreme Lord, Sri Radha Krishna Chandra, Sri Krishna Balaram & Sri Nitai Gauranga blessed us with a son. As You instruct in BG 7-11 Purport, "The responsibility of parents is then to make their offspring Krishna conscious." We will be able to perform this duty only by holding Your divine lotus feet, as we are incapable to do anything by our self.

Srila Prabhupada we are grateful and very thankful for giving us the most precious jewel – Krishna Consciousness which has inconceivable power. You remain with us in Your books, letters and in Your recorded classes, lectures and conversations. We can even still listen to You chanting Japa, singing bhajans and leading kirtans.

I try my best of capability to think of You and meditate more and more on Your words and instructions regarding each and every matter. I beg & pray at the lotus feet of Gauranga Maha Prabhu, to give me ability to understand

Your teachings from which I can handle my fickle mind. In that way, I will go in the direction shown by You, on the path back to home, back to Godhead.

It is my desire that somehow, we may be engaged in Your service, either serving You directly, or serving Your true servants, in whatever state of life we be in. On Your appearance day we pray from You that we may be steady in our vows at Your lotus feet, especially the chanting of harinam & reading Your books.

Thank You very much Srila Prabhupada! Please forgive this insignificant soul for all my offenses knowingly or unknowingly committed unto Your Divine Grace's lotus feet.

All glories to Sri Sri Radha Krishna Chandra! All glories to Sri Sri Krishna Balarama!

All glories to Sri Sri Nitai Gauranga!

All glories to Srila Prabhupada!

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories to You!

I first saw Prabhupada deity in 2009 at ISKCON Anantapur it's 3k from my home ...I thought he is really the human but later my friend said it's deity. The atmosphere in temple was peaceful and I saw the posters about life cycle, 3 gunas, life span of yugas, 4 dharmas.

I started coming to temple and used to read Prabhupada books and nice lectures, evening Geetha & morning Bhagavatam those were changed my behavior and character.

I realized, we should not eat with my father permission I stopped eating non-veg. And started following Bhakthi and devotees and used to follow Dharma as much I understood from You.

The journey started till my final year Btech(2014)...after I reach to Hyderabad, I spoiled with lust in the friendship of few of my classmates. When I try to chant Lord names and songs they used to told me like we should not always be singing about God (people used to treat me like old man- their philosophy is we should chant Lord names after 60 years)

Due to so many reasons I was deviated from spiritual path and doing Adharma.

I agree that I am lazy, selfish. And I am not pure devotee of Lord. I stopped chanting Lord names, and only chanting when I am in trouble, Balaji is helping and saving me, even I am in wrong path & doing nonsense.

My mother expired when I was small child and raised by the help of Lord's grace. In my life I observed only Lord Balaji is my well-wisher. My only request in my soul life(eternal) is, whenever and whatever situation and whichever ashram I will be in, please always allow me in Hari seva. It's very nice and joyful for me to do Rama Seva.

Dear father Srila Prabhupada,

I am very much thankful to you all the time - my whole life is not even enough to thank you. I addressed you as my father - there is a reason Prabhupada. My parents gave me physical birth but you gave me the spiritual birth in Krishna Consciousness. Parents love their children like anything but children can't give back the love to their parents, not even 10%.

In the same way, as a spiritual master and father, you showered your love upon me like anything; still you are giving me many opportunities though I am committing many mistakes. I am the best example for badly fallen soul who is trying to be a devotee. Many times, I am falling down from this path influenced by māya.

I am falling flat onto the ground. But still, you are lifting me up. Only a father can excuse his children's mistakes. Same way, you excused me every time. I really wish to be your good son forever, Prabhupada, with your mercy. Please show me the right way, and if I am doing something bad, please give me a slap and guide me.

Please engage me always in Lord Krishna's service. With your mercy. I am very fortunate. It's a transformation of life for me.

Dear Srila Prabhupada,

Please accept my most respectful obeisances at your lotus feet and heartfelt gratitude unto you.

I pray at your lotus feet to give me required intelligence to write this vyasa puja offering unto you.

In the midst of ocean of material desires where I was living in, you have awakened me with the torch of spiritual knowledge. It is the greatest fortune that my life has been touched with your divine mercy. It is you who showed me the spiritual path and leading my life moment by moment from material platform to transcendental spiritual platform.

From the day of my Krishna consciousness journey has started, is full of ups and downs but you are always there my side guiding me. Many times I depended on my own abilities to keep up my spirituality but now I have understood that it is only by your causeless mercy still I am alive in this movement. The struggle which you have taken for pleasing your spiritual master and for preaching this Krishna consciousness is glorious. And because of that I am here in the shelter of your lotus feet through ISKCON Bangalore today.

Your teachings, your lectures, your books, your conviction on Krishna are the great inspiration for me to practice spiritual life. You have given us so much knowledge about concept of soul, after reading so many things also, I fail sometimes by relating myself with the body, still not able to come out of this bodily concept of life, committing offences towards holy name and vaishnavas.

Oh Prabhupada! When will I chant holy name Hare Krishna maha mantra attentively with utmost respect??? But I know that only by your mercy I can achieve that. Please give me the blessings so that I can chant Hare Krishna maha mantra attentively with utmost respect and without any offenses....

By understanding your teachings, by realizing my constitutional position which is to serve KRISHNA but nothing else, I have decided to dedicate my life to your mission. Oh Prabhupada! Please forgive my all mistakes and please

accept this fallen soul as your disciple and remove all these stumbling blocks (family, attachment, sense gratification, etc..) and my dear spiritual master, please make a good disciplined disciple.

Your eternal servant

Dear Srila Prabhupada,

Please accept my humble obeisance on this most auspicious day of your divine appearance. All glories to Your Divine Grace.

During your physical presence, out of your natural humility, you distanced yourself from honour and glory for your personal self. But you more than deserve to get such honour for all your extraordinary preaching activities. Even though I have many deficiencies in the area of preaching, I must admit that my biggest deficiency in preaching is that I have not sufficiently glorified you.

I had this realisation when I heard many reputed scholars, poets, journalist and litterateurs glorify you during the various seminars on the book MAHASADHAKA (Srila Prabhupada's biography in Kannada). Most of them said that they knew about ISKCON but did not know about you (Srila Prabhupada) until they read the book Mahasadaaka. The author of this has very nicely described your preaching activities. After this book was released, one of the readers was so moved by reading this book that he actively worked with the temple Devotees in getting four book seminars organized with the support of many reputed people in the literary field. All the speakers and participants in the seminars glorified Your Divine Grace with choicest words much to the satisfaction of the temple Devotees

The fact is that Your Divine Grace is full of unlimited divine qualities which can transform anyone who comes in contact with them to become a devotee. Therefore our service of making devotees in this preaching mission of yours is very easily accomplished by just glorifying Your Divine Grace. May Lord Krishna bless us with the ability to glorify Your Divine Grace in all possible ways so as to reach out to the maximum number of people whose hearts will be touched and transformed simply by hearing your divine qualities.

On this most auspicious day of your divine appearance, I beg for your mercy so that I can serve your mission sincerely by giving up my false ego lethargy. Though your mercy has already transformed millions of hearts, somehow I have lagged behind in accepting your mercy. I now pray that I may wholeheartedly accept your mercy and actively work for spreading your divine glories.

All glories to Srila Prabhupada.

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet. By your causeless mercy I came in touch with Krishna Consciousness. Please put me at the shelter of your lotus feet and let me carry out your divine instructions. Devotional service to Krishna is the only way to come out of this material darkness. I beg at your lotus feet to give me strength to continue my devotional service to Krishna.

Chanting holy names of the lord is the only way of Self-realization in this age of Kali, By chanting Hare Krishna maha manta one can purify his heart and know his relation ship with the lord. All living entities are part and parcel

of the supreme lord and constitutional position of the living being is to serve the lord. Forgetfulness of ones relationship with the lord is the cause of suffering of a living entity. One can revive his original relationship with Krishna by chanting his Holy names and by associating with devotees of Krishna.

Dear Srila Prabhupada! Let me be sincere, humble and intelligent enough to always seek the shelter of your lotus feet by submissively hearing, understanding, and carrying out your divine instructions. I pledge at lotus feet of Srila Prabhupada to put me forward in the progressive path of devotional service to Lord Krishna and let me execute all my prescribed duties as a service to Krishna.

Dear Srila Prabhupada,

Please accept my humble obeisances.

Your devotion towards Krsna is pure and unalloyed. Your life journey is an inspiration. Anyone who reads your life journey will feel what it means to be pure devotee of the Lord.

I often think about your voyage to America. You were so old, had little means, yet you were determined to carry out the orders of your spiritual master. You did not care about your health, your own comfort. You were so compassionate that the message of Sri Chaitanya Mahaprabhu needs to reach across the world. You knew how critical it was to uplift people by introducing chanting to the whole world. I can't think of someone being so motivated to do so much for the upliftment of people.

You brought all the transcendental knowledge to us by translating the commentaries of previous Acharyas into English. These books are such powerful means to uplift our spiritual consciousness. You worked so much and so diligently to translate the books despite old age.

You established ISKCON and provided a shelter to us in this material world, where we can get solace and make spiritual advancement. In this material world, where we all feel defeated at times, the shelter of ISKCON helps us get revitalized by giving us the opportunity to experience real joy by singing and dancing to the Lord's name.

What you have given us is immeasurable, incalculable. I am grateful, thankful and indebted to you. Thank you so much for your kind mercy upon us. I seek your blessings always.

Dear Srila Prabhupada,
Please accept my humble obeisances at your lotus feet,
Where is my happiness? Where is that dopamine roster?
Where are the days of my carefree laughter?

A spiritual depression is killing my rhyme,
But the memory of the name still makes me smile.

With sighs and bated breath I flow forgetting my self,
Empty husk of a life I lead, waiting for the bitter end.

So much this entangling net i have bound myself to,
Like a spider trapped by the ghosts of its own making.

“So first you must chant” is my solace now,
The only meaningful prana I can try to spend everyday.

So let me back in your dream-space now,
My master, you captaincy is my anchor and plow.

If you wish, please feed this choosing beggar,
For you, are the only shelter ,of my three worlds.

Please accept my humble obeisance at your lotus feet.

om ajṣāna-timirāndhasya jṣānāṣjana-śalākayā cakṣur unmīlitaṁ yena tasmai śrī-gurave namaḥ.

Thank you Srila Prabhupada for identifying me in the crowd of millions of people's by showing me the torch light of knowledge. I do not know what qualities you have found in me, but you have showered lot of mercy on me. It shows that your krishna consciousness movement is giving an opportunity to all living entities irrespective of how fallen he is. By your causeless mercy I am practicing krishna consciousness since from 6 years. I have lot of short comings, I beg at your lotus feet to shower mercy on me so that I can cross over this short comings and fix my mind in your service.

I remember one of your pastime that, once when you are traveling to South America, on board you are taking puffed rice as Prasadam. Suddenly one Air hostess came and asked for the puffed rice eaten by you. The shrutakirti Prabhu who was assisting you, offered her the remnants eaten by you and she became very happy after eating Prasadam. She also offered you hot milk and served you Srila Prabhupada!. Some days later, your disciples went to a remote village in South America to preach krishna consciousness and they knocked the door of a house, one lady came and opened the door. The devotees astonished to see her with Tilak on her forehead and she welcomed the devotees inside her house and got shocked by seeing her house that the book shelf was filled with Srila Prabhupadas books and Krishna's pictures on the wall.

By seeing all that the devotees asked how you became krishna devotee and she replied that I WAS WORKING AS AN AIR HOSTESS AND I MET THIS OLD MAN SRILA PRABHUPADA ON BOARD. I HAD VERY SMALL CONVERSATION WITH HIM AND I TOOK THE REMNANTS OF PRABHUPADA THAT'S ALL I BECAME A DEVOTEE. IT SHOWS THAT

'sādhū-saṅga', 'sādhū-saṅga'--sarva-śāstre kaya lava-mātra sādhū-saṅge sarva-siddhi haya. "The verdict of all revealed scriptures is that by even a moment's association with a pure devotee, one can attain all success.

Dear Srila Prabhupada only by your effort, this krishna consciousness movement has spread all over the world and converting so many fallen souls in to Vaishnavas. With so much of compassion in your heart, you travelled in Jaladuta to full fill your spiritual masters order with full faith in krishna. You have transformed so many hippies to krishna consciousness devotees. You have spent so many sleepless nights to write books so that all humanity can take benefit by reading your books. You have travelled all over the world at the age of 70 by keeping aside all your comforts just to lift the fallen souls from ignorance.

O my spiritual master kindly protect this servant from material attractions and engage me in your service.

Dear Srila prabhupada, you have given me the jewel of Hare Krishna mahamantra which cannot be compared to anything in this material world. I do not find any way to repay this. Please utilise me to spread your mission. Ocean of mercy please bless me and give me strength to control my senses and engage in your service.

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet

First of all, I would like to apologize Srila Prabhupada, because I am not very good at writing a good offering in your glorification.

I feel undeserving to even stand in front of you, because my of the unlimited sinful desires I have got and acts I have performed. I came to know from your disciples that when you accept anyone as your disciple, you take away his sins and give him a new birth free from all sins.

By the association of your disciples, I have developed a desire to go back to our real home along with your others disciples. So, kindly give me a chance to serve you.

I am very thankful to you Gurudev, you have created so nice environment for all those fallen souls who want to come out from this material world and want to go back to their real home. You have created many temples all over world, you have arranged delicious Krishna Prasadam only for our sake. And to do all these, you have taken so many troubles. Through your actions, you have shown us that if we work for Krishna, then there is no need to worry. Everything will happen without any difficulty by Lord's blessings.

I am very grateful to you Srila Prabhupada for giving me Krishna consciousness. I again offer my respectful obeisances at your lotus feet and pray to you to engage me in your devotional service.

That I came to know when I came Bangalore ISKCON, when I attended kritan, when I had prasadam, I started chanting. I felt that how much near I am to Lord Krishna. When I start chanting, my life has change, I came to what is spiritual life. I meet many devotees, I learn many things.

Please help me chant the Holy Name with respect and attention.

Please accept my most humble gratitude on this great day of your divine appearance. All Glories to your divine grace.

During your physical appearance, you did so many things and explained the way of life to people from all parts of the world. You spread our great ancient culture to all parts of the world. Because of your advice present in your books and lectures, I came more close to God and learned how to be happy in life in every situation. Before coming to ISKCON, I am not aware of ways of service for Krishna the Supreme Lord. By doing services here I feel happy.

Whatever the changes in my life have occurred is due to the advice present in your books and lectures. There are lots of things but I am unable to express. I am concluding by this great quote on guru "guru govind dou khade kake lagu paye balihari guru aapne govind diyo bataye"

Dear Srila Prabhupada,

Please accept my humble obeisance. I have been attending ISKCON activities for the past three months. I am very much grateful to you for providing me an opportunity to enter into this infinite spiritual world. The first inspiration for me to enter this world happened via attending a speech by a devotee on 'reaction and response' . Responding to a situation always makes us more matured enough to make wise decisions. Being responsive also conveys message that- let your emotions not control you, instead you be in charge of controlling your emotions.

I believe, attending regular events at ISKCON and opportunities to serve the Lord enhance my spiritual knowledge, which obviously provides well needed life lessons. Importantly, the power of the maha-mantra makes me nearer to the Lord, and therefore, makes me lead a meaningful life. Thank you for bringing me in touch with your Divine movement.

Dear Srila Prabhupada,

Your appearance in this world was to show the right direction to humanity. You as a spiritual master transformed billions of souls. In 1966 you founded ISKCON in New York and then the journey began to transform this world. We are thankful to be associated with ISKCON. The world was devoid of Krishna consciousness but your effort transformed this world into Krishna consciousness world and devotees realized the essence of spiritual life by your spiritual teachings and also mantra meditation and Krishna sankirtana. It transformed many lives and gave it new dimensions.

You continued the tradition of Brahma-Madhva-Gaudiya Vaishnava sampradaya. The great Bhakti movement which was started 500 years ago by Chaitanya Mahaprabhu. You successfully continued that movement and enriched all our lives. We all, youth generation, will always be grateful to you for making us religiously connected to great bhakti movement. You taught us the essence of bhakti yoga and how to surrender to Lord. You have written literature which will always guide us in all walks of our life. You taught us to surrender to the lord and be happy in life. From bottom of my heart with great devotion, I thank you for your mercy on humanity.

Finally, I promise to spread your message of Krishna consciousness to deserving souls upon your mercy & please our beloved Lord Krishna. Here in the temple, we always feel your presence and you are the only guiding force behind all activities.

Dear Srila Prabhupada,

Please accept my sincere prayers and obeisances unto your lotus feet.

Years ago I was lost in this material world enjoying and suffering. It was more of suffering though. I had least knowledge of how to come out of this entanglement once for all. I had tried different ways like practicing different types of meditations and reading philosophical books but none of them showed me the permanent way for salvation with clarity.

Finally, you gave me an opportunity to come to ISKCON on Krishna Janmashtami day and that changed my life. After that there was no going back as the journey started and is uninterrupted. I was so very impressed with big Temples and particularly with western devotees as that made me think why westerners are following Krishna Consciousness? As they are very logical people, there should be something in it.

I had multiple experiences and realizations till date and in every situation I was able to learn something new even it might have been a bad one. This made me realize that the material world is not the place to live eternally and I need to work on my Eternal Life. I have gone through many ups and downs but was able to handle them with your mercy. Your purports are so nicely written that it will be easy to understand even for a beginner. Your video and

audio classes are mesmerizing with full of spiritual knowledge. The dham yatra were filled with joyful experiences and were blissful.

You know my current situation and I am very thankful that you have been taking care of me in such a nice way. I trust that you will show me the way forward as well. I thank you from bottom of my heart for ISKCON, Hare Krishna maha mantra, Sankirtan movement, Rath yatra, Mahaprasadam, all the associations and many more And thanks for your mercy upon me.

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories to Your Divine Grace.

I am writing this letter as token of small tribute for teaching me about Krishna conciseness and how to lead a true life. When I came in touch with ISKCON temple Bangalore, I felt really happy and peaceful like never before by associating with the Krishna devotees. My heart filled with lot of respect towards You for giving such a priceless gift to the humankind called ISKCON where lakhs of people's mundane life has changed to meaningful life. It is because of the mercy of You through ISKCON, I have been given Your wonderful books and the association with devotees.

I thank You for Your wonderful teachings which had great effect on my life when I heard the lines from one of Yours lectures "The creator and proprietor of this world is God. All things and all beings come from Him and are His. Real knowledge also includes recognizing that the soul—the life in the body—is different from the body and is an integral part of God. A person in complete knowledge knows God, the soul, material nature, and their

interactions" by listening this I got soul stirring experience from inside. Which took me towards me to learn and know more about who is Jagadguru A.C Bakthivendanta Śrīla Prabhupāda in detail after knowing about Your hard work in executing Your spiritual master order for selfless craving to give Krishna conciseness knowledge to the betterment of the people and to the world understanding this my heart filled with lot of love toward You.

I myself consider to be incredibly fortunate to have had the opportunity to read Your written books and getting opportunity in contact with this movement. Before Krishna consciousness, I was in a pitiable state. My grades were poor, I was incredibly unhappy, and I was desperately seeking an alternative to normal materialistic life. However, everything in my life soon changed only because of Your mercy. Through the chanting of the Hare Krishna mantra, I felt so much happier than I had ever felt in my life. By reading Your books, I was able to find an alternative to materialistic life and find deeper, fulfilling purpose. I am deeply indebted to You Prabhu, and it is a debt I shall never be able to repay. Thank You very much.

Dear Srila Prabhupada,

Please accept my humble obeisances unto your divine lotus feet.

Once's life journey is successful when one knows the destination. Otherwise it's just a mere movement here and there will not lead us to anywhere in life. I am also one of the billions of human beings who didn't the real purpose of this human life, until I came under purview of His Divine Grace A.C.BHAKTH VEDANTA SWAMI SRILA PRABHUPADA through his cauleless mercy and blessings. Then by Lords arrangement I met a devotee who invited me to come to Lord Jagannath temple. There they conducted a weekend program for college students and working people on ever saturday. The session had three components a philosophical discussion, followed by Kirtan and prasadam. The devotee guided me to chant the Holy names of the Lord and gave me a book named Science of Self Realization which laid the foundation for the start of my spiritual path. Especially Srila Prabhupada books is the most influencing factor behind taking up the Krishna Consciousness.

The philosophical part which I got attracted to the most was the definition of the Supreme Lord, the jivas constitutional position with relation to the Supreme Lord and how to serve him. Srila Prabhupada is the true epitome of a pure devotee of the Lord. I was astonished by the sheer determination of following his Spiritual Masters orders instruction to spread Krishan Consciousness movement in the USA single handedly. I am amazed by the spiritual sadhana which Srila Prabhupada did everything day and translating huge volumes of commentaries on Srimad Bhagavatham, Bhagavad Gita.

When I started chanting of the Hare Krishna Mantra there was days I skipped it for days together like the analog meter going hither and thither. Once I prayed to Srila Prabhupada to guide me and bless me to Chant the holy name every single day without fail and Prabhupada answered the prayers in one of his video lectures and it goes like this 'Just chant the Holy name and follow my instruction' and with little patience you will become steadfast.

I request all the devotees to bless me so that I can progress further in my spiritual growth and serve Srila Prabhupada as a humble servant.

Dear Srila Prabhupada,

After a brief period of time in association with the temple, I have realised that you are the one I should follow instructions of. The clarity in your commentaries and discourses has made me stunned and at the same time is a constant reminder of my current position and how far the actual destination is. How you always speak of Krishna and nothing else is a real motivational factor to continue to be in the service of the lord. Due to unstable mind and other limitations, I'm slow on the path of spiritual progress.

Please bless me with enough strength so as to practice the sadhana undisturbed what so ever. Please make me an efficient tool to serve your mission of spreading the Krishna consciousness with whatever best I possess.

Dear Srila Prabhupada,

The one line that has had a profound impact on the way I see things and made me introspect is "There is no scarcity of anything within this world. The only scarcity is of Krishna consciousness."

How true the world is rich in material and spiritual assets and in abundance for everybody to be happy. Unfortunately the spiritual perspective of Krishna Consciousness is missing and this is what can change the world's perspective to oneself and mankind at large. The true homage one can offer to Acharya Srila Prabhupada is to contribute passionately to fulfil his mission which he embraced with utmost devotion to Lord Krishna and with great tenacity and zeal which is unparalleled in many ways

Your humble devotee trying to be a good pupil,

Bhakta Premkumar

Bhakta Prithvin Kamath

Dear Srila Prabhupada,

Please accept my humble obeisance All glories to You

At a point when I could find no purpose in life, leading a life filled with intoxication, I somehow came across a serial about Mahabharata. When Lord Krishna answered to Arjuna's questions, it felt like my own personal questions were being answered. Since I watched only the last few episodes, I could only find a few answers to my never ending list of questions. I was disappointed and begged God to help me with answers and guide me at every

point in my life. Sure enough, he answered my prayers by making me come across his devotees in a folk class which was arranged at teacher's colony.

It couldn't be co incidence that ISKCON was arranging classes on Bhagavad Gita, that too right next to my house. I had various doubts as to why Hinduism was polytheist and most religions were monotheist. I always wondered why there were so many contradictions between the religions. I wondered why religion and science were contradicting each other. When I associated with Prabhupada through his devotees and his books everything became crystal clear as if I was enlightened. I was so curious that I started reading Srila Prabhupada's purport in Bhagvatam about the universe and also later on Bhagvat Gita. I was amazed as to how all religions are trying to teach the same message and that it was very much in line with science. Prabhupada has so clearly explained it; I would certainly not have understood it by my own speculation in many more lifetimes. Like Prabhupada said "Religion without philosophy is sentiment, or sometimes fanaticism, while philosophy without religion is mental speculation". He certainly walks the talk and has proved it with his life. He always encouraged people from every religion to follow their own religion with dedication and said that if one could achieve love of God it has served the purpose. He said nationality, religion, race, caste only arise in the bodily concept of life. When we identify ourselves as the soul being a part and parcel of the supreme Lord we would no longer see discrimination. I initially only read Bhagavad Gita and wasn't very keen on Srila Prabhupada to be honest after seeing so many Bogus gurus that are existent today. Surely Srila Prabhupada doesn't need to prove himself, just by associating with his recorded lectures I had to surrender to a Guru like him. I took my own time and surely anyone who has genuinely spent time reading his work would bow down to him. He didn't present himself as the center of the movement and always wanted everyone's attention to be only towards the Supreme Lord which is so uncommon in today's world. Today every so called spiritual organization highlights the guru forgetting totally about God consciousness which is supposed to be the main purpose. People glorify the Guru more than the God. I would certainly be blessed if my Dear Srila Prabhupada, has accepted me as his disciple although I am not qualified for the same and accept me with all my imperfections.

Thank you.

Your Humble Servant

Bhakta Prithvin Kamath

Dear Srila Prabhupada,

All Glories to You. Please accept my humble obeisance.

I want to thank You for accepting me as Your child and for giving me opportunity to serve Sri Sri Radha Madhav. Prabhupada, You are so compassionate on all the falling condition souls like me. How many times people denied Your instruction but still You are showing Your love and mercy to them.

Guru is one who transforms the life of all of his disciples, and raise one's to the platform of pure devotional service. A guru is one who teaches by his personal example behavior and words. Moreover, a guru is one who takes everyone to eternal abode of Krishna. When You appeared in this world, the fortune of the world has changed and You created revolution in the spiritual field on Your own.

You took care of Your disciples like a father loves his child, You gave Krishna prema to the world which has no comparison throughout the three worlds without asking for any return. Srila Prabhupada You taught us to be like a real human being. You gave us everything in our life by giving Krishna to us. The people of this material world my come and go and will be forgotten easily but it is not so in Your case. You will live eternally in mind, heart and even in blood of Your disciples through Your instructions.

At last I, would a humble disciple of You kindly request You to keep always under Your lotus feet so that I may serve Krishna and You in spiritual kingdom along with Your disciple eternally.

Yours humble disciple,

TRANSLATION {SB1.1.10}

O learned one, in this iron age of Kali men have but short lives. They are quarrelsome, lazy, misguided, unlucky and, above all, always disturbed.

Thanksgiving ...for coming in our lives for giving us a scope of understanding the philosophy as it is which is very easy to understand because of Your live purports.

And for having offering prasadam and then honoring, kirtans and dancing in our lives.

Your insignificant servant, Bhaktha Purnesh

All Glories to my Spiritual Master His Divine Grace A C Bhaktivedanta Swami Prabhupada.

“Please accept my humble obeisances unto your lotus feet”.

Srila Prabhupada on this auspicious day of your appearance, I would say that there would not be any happiest movement for me than celebrating your Divine Appearance. All Respects to you.

Prabhupada it's all your causeless mercy and blessings that you gave me the Shelter under your lotus feet. It's been almost a 4years that I am in "Krishna Consciousness", in this ocean of material existence I was wandering for the consequences of life and hankering for the happiness (which is like broken piece of glass). As mentioned in the Shrimad Bhagavatam that when we are there in the womb of our mother we cry and struggle for existence, however once we take birth we forget the sufferings underwent. The same process of material energy was reflected upon me as well. But by the mercy of yours Srila Prabhupada from 2015 my new phase of life started.

Srila Prabhupada, you gave me the answer for the consequences. For which I was wandering.

Srila Prabhupada, you gave me the crust jewel like "Krishna Consciousness" whereas I was searching for the broken glass pieces in this material world.

Srila Prabhupada, you imparted true and absolute knowledge of human civilization and their real goal of life through your books, lectures and pastimes, whereas I was hankering for the happiness in material enjoyment and sense gratifications Day and night my heart burns from the poison of these worldly activities, and on account of this my mind never finds any satisfaction or happiness. I pray that in this very life, to please accept this fallen servant and fix me as a particle of dust on your lotus feet. Kindly give me shelter to this insignificant servant. Srila Prabhupada actually I am Your eternal servant, but having forgotten this I have become slave to Maya & bound up in the network of Maya's kingdom.

Srila Prabhupada, Please accept me as instruments in the devotional service to Lord Sri Krishna. There is no way that I am fortunate enough to be part of the devotional activities designed by you actually it's only your causeless mercy which will make me to engage in the devotional services always.

Srila Prabhupada, your glories are matchless, just like the supreme personality of godhead Sri Krishna is lord of whole universe and your glories are spread all across the three worlds, but Prabhupada If you examine me, you will find no qualities in me to glorify your Transcendental activities. Your mercy is all that I am made of. If you are not merciful unto me, I can only weep.

Srila Prabhupada, From the core of my heart I pray unto your lotus feet that please give me the Medicine which can wipe out all the disease of illusion and be free from suffering, by which I can be in constant touch with holy name Hare Krishna Hare Krishna Krishna Krishna Hare Hare, Hare Rama Hare Rama Rama Rama Hare Hare.

"PLEASE CHANT HARE KRISHNA AND BE HAPPY".....!

This statement inspires me always.

Srila Prabhupada, your kirtans are so influential and ecstatic in nature that just by hearing your "HARE KRISHNA MAHA MANTRA" and "JAYA RADHA MADHAVA" Kirtans I forget all miseries, distress, anxiousness and material happiness I just feel only to hear the Kirtans again and again to the fullest.....!

Prabhupada by your grace you have bestowed your mercy upon this conditioned soul to chant the holy name of lord "Sri Krishna". Since than I committed to chant 16 rounds of Hare Krishna Maha Mantra, my topmost priority is chanting the Hare Krishna Mantra Early in the morning. Krishna Says in Bhagavad Gita that one should accept a bona fide Spiritual Master and serve him to know the real goal of life. Prabhupada you're the absolute spiritual master for me and by your mercy and the blessings of their lordships "SRI SRI RADHA KRISHNACHANDRA" and the blessings of all the Vaishnavas I joined the mission of Sri Caitanya MahaPrabhu, on "GAURAPURNIMA" 2nd March, 2018 The Appearance day of "Sri Krishna Caitanya MahaPrabhu". Without your interference in my life everything could have been absolutely Zero.

Yours insignificant Servant Bhakta Purushotham

Dear Srila Prabhupada,

Please accept my humble obeisance as the dust of your lotus feet. Guruji, I offer my greatest thanks to you for having been introducing me Krishna Consciousness and giving me an opportunity for me to practice the same.

On this most propitious day, Guruji, please give me the courage and strength follow your words to the full of my extent and help me one of the most weapons in a lot of many to become a successful Krishna Consciousness Individual and to preach the same to my immediate society for the better of Mankind. I request you god-head to kindly help me improvise my MAHAMANTRA chanting skills by helping me connect to every vibration created by the words of MAHAMANTRA and to listen distinctly and connect myself to the lotus feet of Lord Krishna.

Your Books and lecture have been a real motivation for myself and most of the youngsters to connect themselves with your movement, understand, appreciate and to further helps the lord ultimately. Dear Guruji, I am foremost thankful for your spending valuable time on all these books and making our path easier to connect to you. As mentioned in one of your books 'SCIENCE OF SELF REALISATION'- "the very importance of this Krishna Consciousness movement is to save human society from spiritual death", hence dear guruji, please give me the strength and power in reading and understanding your books as properly as possible and to deliver the nectar to the human society.

The human-kind is still struggling, unable to distinguish between the material and spiritual happiness. There is a huge long way to go. I beg for your mercy and guidance to empower us in helping us serve yourself and to the lordship to help us get relieved by material happiness to whole-heartedly connect to the lord-head. Please guide all the Krishna consciousness members to improve ourselves to spread love and continuing practicing the movement uninterruptedly for years to come.

Your insignificant and unworthy servant

Bhakta Rahul

Bhakta Rahul Kumar

Dear Srila Prabhupada,

I offer my respectful obeisance onto your lotus feet again and again. Please accept my respectful obeisance.

Being the most fallen creature in this whole world, you came to me like a light which eliminates the darkness and the ignorance that covered me. You, being the most merciful gave me the knowledge of the Supreme without any discrimination. You pulled me out from an endless pit.

As your teachings have always taught me to serve the master and that will please Krishna but being an insignificant soul I serve you and that is the ultimate purpose of a human life.

There are a lot of things that one can learn from your pastimes. Your pastime is an example for an aspiring devotee where one can learn how to be fixed in Krishna Consciousness, even though you had a lot of difficulties and hardships in your life.

Your qualities are godly. You have all the qualities that a spiritual person should possess. You are the most fixed and desireless. You are the most respectful and non-defiant. You are the most merciful and most compassionate.

You showed me the path when there was no path. You showed me light where there was no light and you have always reciprocated to me with your teachings.

So, I thank you from the bottom most part of my heart and I pray at your lotus feet to give me the instructions of not desiring anything and always serving Krishna. Please continue to guide me.

Your most fallen servant,

Bhakta Rahul

Bhakta Rahul Ranjan

Dear Srila Prabhupada,

Please accept my humble obeisance's at Your lotus feet

I beg for Your mercy to empower me with enough intelligence here to compile my feelings of gratitude towards You.

I am one of the countless fortunate, whose life transformed after coming in touch with Your sublime mission. Now it's been two years for me in Krishna consciousness, truly the glorious days of my life! This journey filled with - wonderful realizations, association of sincere devotees, Your books, Prasadam and the philosophy made me to feel nearness towards the Lord like never before. I can recollect many instances in my journey when I could relate or realize Your words and texts about the science of God and the spirit. Whenever I see people around me under various gradations of ignorance, my heart gets brimmed with gratitude towards You.

I am privileged only due to Your causeless mercy that conferred upon me the ability to distinguish between the reality and illusion. You have shown the path of unending happiness, knowledge, eternity and the actual purpose of human life. Your Lotus feet is the only solace for souls struggling in the swamp of the material existence.

I had been wandering in the darkness of ignorance, searching for true satisfaction and happiness. It is just by Your grace I came in touch with the Hare Krishna mantra and what is called the spiritual life, made so simple and clear. Your books and recordings mark Your immortality as the true spiritual master guiding millions of truth-seeking souls, irrespective of time and space. All glories to You for being instrumental in spreading the holy name, chanting, dancing and the mood of Vrindavan globally. It is You who has clearly defined the most mistaken and misunderstood words namely - 'God' and 'religion' though very basic but intricate enough for the most intelligent!

My dear Prabhupad, me and countless other souls have been bestowed with Krishna Consciousness via Your institution - ISKCON, Your teachings, books and instructions. All these shadow Your great endeavor, pain, compassion towards the suffering souls. I indeed feel indebted to You for You have saved me from the greatest loss of wasting the priceless human life and bestowed Krishna to me. I pray to You to please make me Your instrument and guide me to serve You to the best of my ability. The shastras confirm the position of the spiritual master as:

sakshad-dharitvena samasta-shastrair uktas tatha bhavyata eva sadbhihi

kintu prabhor yah priya eva tasya vande guroh sri-charanaravindam

“The spiritual master is to be honored as much as the Supreme Lord, because he is the most confidential servitor of the Lord. This is acknowledged in all revealed scriptures and followed by all authorities. Therefore, I offer my respectful obeisances unto the lotus feet of such a spiritual master, who is a bonafide representative of Sri Hari [Krsna].”

Thus You being the true representative of Krishna, it's You who owns Krishna and it's You only who can bestow Him to me. The success of my life lies in following Your instructions and I pray You to empower me with true attitude of servitude towards You and all the vaishnavas for alone I possess no capacity or qualification. Through this offering I beg for Your blessings to chant everyday 16 rounds without fail and follow the regulative principles.

Aspiring to be Your servant, Bhakta Rahul Ranjan

Dear Srila Prabhupada,

Please accept the humble obeisances of this fallen conditioned soul at your lotus feet

The way you have described about the position of a bonafide guru has made me follow you with full faith and satisfaction. Your teachings have made me put full faith in Lord Krishna.

Though I am in the fifth year of my Krishna Consciousness, I just completed reading Bhagavad-gita As It Is and its just because of you I have realized, how conditioned I am. Being a conditioned soul, I just pray to you to keep me under your spiritual umbrella along with all other devotees.

Your voyage of compassion has become a saving grace for me and even being amidst the thunderstorm of this material world I am enjoying the mercy showered by you in the form of Hare Krishna Maha Mantra.

Srila Prabhupada, please keep blessing me with Krishna's mercy and delicious Prasadam.

At your lotus feet,

Conditioned soul Bhaktha

Dear Srila Prabhupada,

Please accept my humble obeisances at Your most holy lotus feet. Our dear spiritual master by your causeless mercy I have come in touch with you and your disciples. By associating with you, your words and devotees I received knowledge about Krishna, spiritual master, I and our relationship. It's by your sacrifice that today we have wonderful enlightening knowledge in your books which are matchless gifts to all human beings. through your books one can easily realize the importance of human form of life which is otherwise very difficult.

I am sorry for all the sins, nonsense and mistake that I may have committed even after coming in touch with you and I promise that I will not repeat them. I aspire to be an instrument in your hands to spread Krishna consciousness, the mission of Mahaprabhu.

Thank you for your causeless mercy. Jai srila Prabhupada!

Dear Srila Prabhupada,

My humble Dandavath obeisances at the lotus feet of your Divine Grace on the glorious occasion of your Vyasapuja festival.

I thank you for bestowing your mercy upon me because of which I am able to distribute your transcendental books and got the spiritual strength to follow the 4 regulative principles. I am greatly indebted to your Divine Grace for your blessings because of which I am able to chant 16 rounds of Hare Krishna maha mantra daily and follow the 4 regulative principles. One of the area for my improvement is to improve the quality of my chanting by hearing the transcendental sound. I seek your help to improve the quality of chanting.

Kindly give me your Ashraya so that I continue to chant 16 quality rounds of Hare Krishna Maha Mantra daily, follow the 4 regulative principles, read, hear your transcendental vani & engage in practical devotional service and be in the association of your devotees. Kindly bestow your mercy on me & my family members.

Thanking you,

Your Servant,

Bhakta Rajbhupal. Nadagouda

Bhakta Rajeev Natarajan Rajan

Hare Krishna Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

Since about 22 years, I have known you. I have been reading your books and following the principles as best I can based on my circumstances. Each and every day I follow the requisite sadhana of deity worship at home, chanting 16 rounds and reading your books. I also attend to weekly programs at ISKCON temple or center as much as my schedule allows.

I do have a lot of frailties in following your robust instructions which helps in achieving the Love of the Lord and the easy route to our Real-Home. My frailties include not being able to get initiated and easily getting influenced by my maya/illusion. Both of which I am sure is taking me away from being able to really appreciate the real goal of life.

Srila Prabhupada, Your books are the only solace. Each day, I read quite a bit and get enthused with renewed spiritual energy with a higher taste. I hope to continue this practice day-in-and-day-out and be able to trash maya's influence around me to associate and preach your principles for the current and future generations.

ISKCON Bangalore has been doing a lot of great work under your guidance and leadership. The group is opening so many centers around the world, just to wake up people like me and to bring them closer to you. I have been contributing miniscule effort in this endeavour and hope to gradually offer my services more rigorously.

Thank you Srila Prabhupada for leading me in the right direction of life.

Your humble servant,

Bhaktha Rajeev Natarajan Rajan

Bhakta Rajib Kumar

My Dear Lord and Srila Prabhupad,

Please accept my most humble obeisance's at Your lotus feet. All glories to You, You're the savior of all fallen soul.

I would like to be always under Your shelter and constantly gain knowledge about Krishna Bhakti. This is not possible without Your mercy. Please always guide me to cross this bhava sagar. I know I am not qualified directly to get the Krishna prema but You're so merciful that I got this knowledge through You.

From the 10th and 11th chapters of the Ninth Canto of Srimad-Bhāgavatam. One thing that has particularly struck me about Lord Rām is his absolute faithfulness to Mother Sitā, as You describe there, Srila Prabhupāda.

In the purport of 9.10.54 You explain how Lord Rāma went to great efforts to rescue Sitā when She was kidnapped. He could have easily manifested more Sitas and not worried about the original one, but He went out of His way and endured so much because of His dedication to His eternal consort. When I was reading this purport I thought of

You, Srila Prabhupāda, and Your absolute dedication to Your spiritual master, Srila Bhaktisiddhānta Sarasvatī Thākura. You were his man, and You never let anyone else come between You and him.

You told us that this was the secret of success in expanding the Kṛṣṇa consciousness movement.

Yes, this is the order. Guru-mukha-padma-vākya, cittete koriya aikya. Now citta means conscious-ness or heart. “I shall do this only, because My Guru Mahārāja told me; I shall do this.

” Cittete koriyā aikya, āṛ nā koriho mane āsā. So it is not my pride, but I can say, for Your instruction, I did it. Therefore, whatever little success You see than all my Godbrothers, it is due to this. I have no capacity, but I took it, the words of my guru, as life and soul.

So this is fact. Guru-mukha-padma- vākya, cittete koriyā aikya. Everyone should do that. But if he makes addition, alteration, then he is Finished. No addition, alteration. You have to approach guru—guru means the faithful servant of God, Kṛṣṇa—and take his word how to serve Him. Then You are successful. If You concoct, “I am very intelligent than my guru, and I can make addition or alteration,” then You are finished.

So that is the only. So on this day I am praying that I can follow in Your footsteps, Srila Prabhupāda, and not become deviated from Your lotus feet.

Your most fallen servant,

Bhaktha Rajib Kumar

Dear Srila Prabhupada,

Please accept my respectful obeisances unto your lotus feet. On this auspicious occasion of Vyasa Puja, I would like to express my heartfelt gratitude to you for blessing me with your causeless mercy by bringing me in contact with the movement of Krishna Consciousness. I would like to thank you for blessing us with the Hare Krishna Maha-mantra, enlightening us with its meaning, and also giving us the initial taste for chanting, so that we could embark on our journey in Krishna consciousness. In my limited journey on this path, I have certainly realized one thing, that the understanding and taste for such spiritual knowledge cannot be achieved by any amount of material efforts, unless one has the mercy of the spiritual master. I would like to thank you for blessing us with the opportunities to render practical devotional services for the pleasure of the Lord, even though we are not at all qualified for it.

By your relentless efforts, your vision into the future and your causeless mercy upon the conditioned souls, you envisioned and started the movement of Krishna Consciousness, which is deeply impacting the lives of millions of living beings and helping us understand the true purpose of human form of life - "To attain love of Godhead". Even though you are not physically present with us in this material world, your instructions in the form of books

and lectures make us feel your presence every moment, and inspire us to advance in our spiritual lives. Please continue to shower your blessings and causeless mercy upon this conditioned fallen soul, for there is nothing other than the shelter of your lotus feet that can help us stay focused and disciplined in our spiritual life. Words are not enough for us to express the gratitude and reverence for your mercy upon us.

Your aspiring disciple, Bhakta Rakikanta

Dear srila prabhupada,

Please accept my humble obeisances, Through the spiritual master Srila Prabhupada and Krishna's grace I got in touch with Iskcon. Thanking you Srila Prabhupada for giving me such a divine opportunity to be part of folk community. Most I loved in iskcon is that am experiencing the limits of joy in a spiritual way. Getting associated with devotees and rendering service is amazing. I heard, the only way to get closer to Krsna is by chanting Hare krishna Mahamantra, getting associated with devotees and rendering service. With ISKCON i got a platform to transform myself. I am experiencing considerable changes in so many aspects in my life such as Managing my hectic work, work life balance etc. This is all because of his divine grace Srila Prabhupada.

Please bless me to do chanting daily, read your books nicely and associate with devotees more.

Your Servant,

And Thank you for The all powerful hare Krishna maha mantra which cleanses our heart and drives us towards Krishna. The Supreme personality of godhead Krishna/vishnu's Hand is visible in every part of the journey of my life. I still wonder how I survived this life, only because of your mercy prabhupad otherwise I would have got lost in material life.

Dearest Srila Prabhupad my Guru-Maharaj,

We offer our most respectful and humble dandavat pranams at the dust of your lotus feet. All glories to Jagad-Guru, Srila Prabhupada and all glories to your loving divine grace.

Om ajnana-timirandhasya jnananjan- salakaya

Caksur unmilitam yena tasmai sri-gurave namah

Guru-Maharaj, another year that passed by, has been full of ecstasy and new realizations on the spiritual domain by your blessings. Starting the day with Guru Vandana and offerings unto you, each day I can feel how your causeless mercy has flown unconditionally in the upkeep of my devotional service. It's now been now 6 years since Lord

Krishna mercifully got me acquainted with your Shiksha Gurus and my life changed. Though I have never personally met you ..I have begun to feel that there has been a long association with you as your devoted student even though I am still struggling to keep up with your instructions...I am sure that your blessings will help me to become a first class devotee...

Guru-Maharaj, you have made all arrangements for upcoming disciple like me and also paved way for humanity at large through your many innovative directions you had given to all the Shiksha Gurus and they have executed them so nicely as per your instructions and this has been possible only through your mercy and grace of Smt Radharani. Two years back I was struggling to bring my whole family in to Krsna Consciousness and I can see a distinct change in all my family members through your grace this year..

Guru-Maharaj, I must admit today that I am continuing to bask in the immense pleasure I obtain by serving Guru and Krsna and this servitor attitude which was never an agenda in my life before has become the main forte and very purpose of existence .It has instilled a great deal of hope and direction in my otherwise directionless life. As I am writing this I am enjoying pure ecstasy as it is for the pleasure of Guru and Krishna, and I can see that I am getting personal purification.

Guru Maharaj ...your statement that don't try to understand Krsna just love HIM and "Don't try to see God but act in such a way that God will notice you", has guided me so well and inspired tremendous hope for absolute Krsna Prema and I am happy to be a dull and unintelligent person as I can avoid unnecessary mental speculations and stick to your perfect teachings. Your statement that "We all may be imperfect but what we are preaching is perfect as it has come from a perfect source Lord Krsna " is enough to keep me with your books and writings. Guru ..., on this very auspicious day I beg for your mercy and blessings to elevate this fallen soul to much higher levels of spiritual growth .It is with ecstatic tears that I end this offering to you knowing fully well that you exist amongst us devotees in this mundane world and that you will not leave till you deliver the last Devotee to Goloka Vrindavan ...On this auspicious day, I pray to remain a speck of dust at your lotus feet, O my beloved Guru-Maharaj. Wishing that I will be always in your personal association to celebrate this day and directly get the nectar of your association. Srila Prabhupada ki jaya! Srila Guru-Maharaj vyasa-puja Mahotsav ki jaya!

Your most fallen but aspiring to be a first class Devotee,

Bhakta Ramakrishnan

Bhakta Ramanathan Rahul

Dear Srila Prabhupada,

Please accept my most humble obeisances. All glories to Srila Prabhupada.

Another year that passed by ,has been full of ecstasy and new realizations on the spiritual domain by your blessings. It's now been now 4 years since Lord Krishna mercifully got me acquainted with your Shiksha Gurus and my life changed. On the blessed day I pray to Lord Sri Krishna for continued guidance from you. I am most fallen, have no qualifications to glorify your divine qualities. You reach to the unworthy person to give your most sublime mercy, although we do not deserve it. After associating with devotees, a lot of changes have happened to me but I am still struggling to follow all your instructions to the fullest. Dear Guru Maharaj, please continue your unconditional mercy and show me the way to the ultimate goal of life. Your guidance is my only hope in this material world.

Your most fallen servant,

Bhakta Ramanathan Rahul

Bhakta Ramanjaneyulu

Oh my dear beloved spiritual master Srila Prabhupada,

All glories to you. Kindly accept my humble obeisances unto you. On this auspicious day of your divine appearance for your pleasure, i would like to offer my humble and sincere feelings and realizations in writing... Oh my Gurumaharaj Srila Prabhupada, I have been Practicing Krishna consciousness for the past five years by your causeless mercy. I could recollect how you have blessed me to give up my job and also to come out from very strong false family attachment particularly mother to join in your organisation Hare Krishna Movement as a full time preacher to serve your mission. Oh my spiritual father Srila Prabhupada, certainly i do not have any good qualifications to be your disciple and due to my past sinful life my mind is always prone to offend at the lotus feet of Sri Sri Radha Krishna and Vaishnavas. But still you have given shelter to this most sinful rebellious fallen soul. This shows that your compassion and causeless mercy is unlimited. No one can able repay to the spiritual master. Every disciple of you is indebted to you eternally.

Dear Srila Prabhupada I am very thankful to you for the ashrama life that you have given to seriously practise krishna consciousness and to engage fully in devotional service without any material struggle. Srila Prabhupada whatever the spiritual life we are enjoying today such as delicious Krishna Prasadam, Ecstatic kirtana, devotees association, chanting hare Krishna mantra and festival celebration are all result of your tapasya that you have taken to stablish the 108 ISKCON centers all over the world. My guru maharaj Srila Prabhupada, finally I beg mercy from you that let me always be obedient to the authority and bless me to serve your mission with full enthusiasm and patience without any personal ambitions till the last breath of my life. Thanking you Srila Prabhupada for giving me opportunity to share vyasa puja offerings in writing to you.

Trying to be your humble servant,

Bhakta Ramanjaneyulu.Bh.

Bhakta Ramesh Chintala

Dear Srila Prabhupada,

Please accept my humble obeisances at Your lotus feet

I have been practicing Krishna Consciousness for almost three years. While I was writing my PhD thesis in Indian Institute of Science I came across Krishna consciousness through a Senior Scientific Research Staff Mr. Bhasker. During that time one of Your humble disciples, was conducting chanting and Bhagavad-gita sessions in IISc near main-building, it an administrative building where the office of Director of IISc is located. We were then a small bunch of students attending these programs.

I used to feel happy listening to Bhagavad-gita, it may be because I used to watch Lord Krishna pastimes during childhood in television. But, my Krishna Consciousness practice didn't go smoothly, giving time to both Krishna Consciousness practice and handling Ph.D. final years became very challenging. Sometimes balancing both became so tough. But devotee association helped in knowing about the higher purpose of life. Handling tough situations became easy by listening to stories of great devotees, Prahlad Maharaj, and about Your Divine Grace's biography. This helped me to believe in how Krishna protects His devotees. When You have assured protection just by remembering Krishna, what else I need: just remember Supreme Lord Krishna.

Association of Your sincere disciples helped me to increase my sadhana. Association with fellow devotees helped me to come back to Krishna Consciousness practice whenever I went away or deviated from spiritual practice due to my hectic Ph.D. schedule. Attending festivals like Brahmastava helped me in feeling the vibes of connecting to Krishna.

Thank You Prabhupada, for showing Your causeless mercy upon me. I feel eternally indebted to Your Divine Grace.

Your aspiring servant,

Dear srila Prabhupada,

Please accept my humble obeisances at your holy lotus feet. All glories to your unequaled stature in the world of devotional service!

You are a genuine spiritual master because you are able to present appropriately the spiritual subject matter of God, or Krishna consciousness to anyone and everyone, including the big leaders of society. ISKCON (the International Society of Krishna Consciousness) is a non-lucrative organization, whose purpose is to promote the well-being of human society by drawing its attention to God. We are a non-sectarian society, and our members include people from Hindu, Christian, Jewish and Muslim as well as Hindu faiths. The aim of ISKCON is not to found a new religious sect, but to invoke the living entity's dormant love of God, and thus provide the human society of all faiths with a common platform of clear theistic knowledge and practice. Members of ISKCON may retain their own respective religious faiths, as ISKCON is meant to establish a clear, practical common formulation of the common ideal of all theists, and to defeat the unnecessary dogmatic wranglings that now divide and invalidate the theistic camp. This common ideal of theism is to develop love of God. Actually, you are the center of our lives. For instance, today we have all come together to observe the anniversary of your appearance day, as opposed to observing the Guru Pūrṇimā ceremony, which, you explained, is generally performed by the Māyāvādī sects. Or when we chant japa, circumambulating around Tulasi Devī, we perform an extra bodily revolution just to acknowledge your presence on the vyāsāsana. You control us as much as we agree to follow your beneficial instructions. It is a matter of love and strength on both sides. It is not a matter of force, even though force entails strength. Even though you relinquished your physical form forty years ago, in November of the year 1977, while I was not even born, you are in fact very much with us. This is confirmed in various ways.

For example: 1) When a reporter asked you who the next ācārya would be, after your passing, you side-stepped the question, delighting all your disciples and followers with your grand and bold reply: "I shall never die; I will live forever in my books!" In the mood of the exuberant, enthusiastic, and sometimes wild early days, collective exclamations of "Jaya!" and "Jaya Śrīla Prabhupāda!" followed.

2) When you noticed how your pictures were somehow being neglected, you clearly explained that the bona fide spiritual master, being situated on the absolute platform, is not different from his pictures and that your pictures should therefore be treated accordingly. The same reasoning applies to your mūrti on the vyāsāsana, and therefore you are very much here, right now, in front of us. Let us treat you accordingly, with all due respect, consideration, and propriety. At times you do indeed reciprocate with us directly from the vyāsāsana.

3) Most importantly, anyone can always directly associate with you through sound vibration by listening to your lectures, which have been so nicely produced by the Bhaktivedanta Archives, by reading your books, or by chanting japa in your company. You have so kindly, expertly, and liberally given us all your knowledge and realizations. Where is the question of separation? please guide me to chant the holy names through your transcendental followers and disciples.

Trying to be your servant

Dear Srila Prabhupada,

Hare Krishna.

I offer my respectful obeisances unto you. All glories to you on this auspicious day of your Vyasa-puja!

Today I'm very happy and grateful to glorify you by writing this Vyasa Puja offering. Thanks for giving this opportunity in this way to glorify you. Today I'm experiencing your causeless mercy upon me, I received so many reciprocations from Krishna which I can't believe sometimes it happened just after praying to you. Thank you for giving me a life-changing experience to cultivate and practice a Krishna conscious life which has become more valuable & aimful as I've seen so many fallen souls living aimlessly. They don't know what is the purpose of life, they are wandering like a herd of sheep. Thank you for making me aimful.

Your mercy is growing nicely like a tree and is giving fruits of Krishna consciousness & is made available to everybody. Those who pluck it by surrendering to the guru, they only can relish the real taste of joy. I'm very sure that you've blessed me so much to lead Krishna conscious life. Krishna gives what we lack that is very true in my life. He understands my desire nicely & he knows what I want I feel practising Krishna conscious life is like a shaping a stone using a chisel, the one who bears the pain knows the truth & becomes purified and liberated (from this material world) then reaches his original position.

Dear Srila Prabhupada, you've given us the pathway through parampara system for the suffering souls go back to their original abode and to reach the real father. You've given a single mantra 'HARE KRISHNA HARE KRISHNA KRISHNA KRISHNA HARE HARE, HARE RAMA HARE RAMA RAMA RAMA HARE HARE'. In this age of Kali-yuga, this mantra will make the bewildered souls more focused to the Supreme Lord. Hare Krishna mantra has brought tremendous changes in my life.

Dear Srila Prabhupada, you are always available with us through books, kirtan, Bhagavatam class, devotees association; I feel these are catalyst of devotional life. Somehow or other, I'm getting services through your causeless mercy & making a part in your missionary activity. I beg you to please bless me to become more and more dear to Krishna.

Thank you very much, Srila Prabhupada. All glories to your divine lotus feet.

Your humble servant, Bhakta Ramesha

Bhakta Ramu

Dear Guru Maharaja,

Please accept my humble obeisances. All glories to Your Divine Grace, Srila Prabhupada!

I am so fortunate to receive protection and guidance from you. Your strength is a transcendental force. So on the most auspicious day of Your appearance I beg that You please accept this offering as a humble attempt to somehow or other appreciate and acknowledge your causeless mercy. After coming in touch with your ISKCON Bangalore, a lot of things have changed in my life for good. Thank you Srila Prabhupada for giving me Krishna consciousness.

Out of many millions of wandering living entities, one who is very fortunate gets an opportunity to associate with a bona fide spiritual master by the grace of Krishna. By the mercy of both Krishna and the spiritual master, such a person receives the seed of the creeper of devotional service. Please forgive my sins and bless me, to continue to follow your instructions.

Your servant, Bhaktha Ramu

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories to your divine grace. The best part of Krishna consciousness is kirtan I would like to dance in front of you whole heartedly. I love honoring Krishna prasadam. The science of self realization, book opened my eyes because of which I understood the meaning of life, the need for mind control, the purpose of having this material life. I have read many of our books now.

I'm aspiring to chant 16 rounds of Hare Krishna Mantra regularly. I fervently pray for your causeless mercy.

Your Servant,

Bhakta Ranjith.

Bhakta Ranjith Kumar

Dear Srila Prabhupada,

Please accept my most humble obeisance at Your divine lotus feet. All glories to Guru and Gauranga.

On this auspicious day, I raise my hands in prayers and look up to the Lord with the earnest desire for everything that gives my spiritual master intense happiness, May the Lord grant me everything that I need to make my spiritual master happy.

You are such an expert preacher Guru Maharaja, each time I hear You speak I am amazed at how You can say exactly what I need to hear. I remember Your instructions every day; they are my inspirations. What You achieved in just ten years is probably the greatest miracle this world has ever seen, and will probably be equaled only by the spreading of Krsna consciousness all over the world.

As I have been reading Your books and listening to Your lectures, it has come stronger than ever to my notice that in many ways You requested—even pleaded with—Your disciples and Your audience to perfect their lives in Krsna consciousness and spread it for the ultimate benefit of others. Your heart is filled with compassion for the conditioned souls. As Your servants, we have a duty to fulfill Your requests to the best of our ability.

Gurumaharaj, a moment association with a pure devotee of the lord can be at the utmost benefit for a person. In fact, dear Gurudev You made me more convinced about this fact. I am really touched by Your compassionate mood. So much pity, love and attention are there just to encourage us spiritually.

Gurumaharaj, I am full of those six impurities mentioned in the Gita about the jiva. Despite Your instructions being so transcendental and have no costing materially, I am unable to take them seriously due to my wretchedness. I am being kicked from a body to another and I am rotting in this material world. I have no hope to get out from this samsara davanala except for Your causeless mercy.

Gurumaharaj, please reveal Yourself more and more in Your instructions. Please also give me Your personal association so that I can become more strong. Please give me the dust of Your lotus feet so that I can develop the taste for harinam and attentive chanting, never deviating from the four principles the onslaught of Maya devi is very difficult to overcome but I shelter me in Your association, Your vani, Your melodious and meditative kirtans and lectures I will be always safe from its temptation

Krsna says in Srimad Bhagavatam (10.80.34): "I, the soul of all beings, am not as satisfied by ritual worship, brahminical initiation, penances or self-discipline as I am by faithful service rendered to one's spiritual master."

Gurudeva, it is my sincere desire that I may be able to assist You, in some small way, in Your service to Srila Prabhupada. Please allow me to stay in devotional service and please allow me to stay close to Your lotus feet. I can

never actually express to You how much I appreciate You and all that You give me and how much effort You give to try to teach me. I can only try to serve You, and I sincerely pray that one day I will have no desire other than Your service.

On this auspicious occasion, I pray that I may become sincere devotee & develop very strong faith on You, following 4 regulative principles and be chanting 16 rounds, in addition, I must take prasadam because this is very difficult as of now in this situation, to read and hear Krsna's pastimes. Instructions which I have to follow regularly and with my spiritual strength to deal with the obstacles which is coming from materially also from dangerous apasampradaya culture and at any cost, at any circumstances I must not give up our 16 rounds of chanting and I must not deviate from the 4 regulative principles, reading and hearing. Please bless me and all my God-brothers who are practicing very seriously.

Srila Prabhupada extremely thank You for tolerating my inability to express my gratitude and for keeping me in Your movement and in Your blessings.

Please keep me always under Your shelter and engage me and god brother's in Krishna service, we all know well that You are always with us to save from the material life. Only by Your mercy we can cross over this ocean of material life. Please kindly lead us the way You want. Please guide our thoughts, desires, inspirations and actions in to the right path because there is nothing more than to please the pure devotee of Sri Sri Radha Krishna-Chandra

Your instructions constitute the seed of success for our advancement in Krsna consciousness. It is Your order, and we must fulfill it. I am begging to remain under shelter of Your lotus feet always and aspiring to be Your most humble servant

Please bless me to sincerely chant the holy name, taste its nectar, and distribute that nectar to others for the remainder of my life.

Thank You, Srila Prabhupada.

Your servant,

Bhaktha Ranjith Kumar

Bhakta Ranjith Muniraj

Dear Srila Prabhupada,

Please accept my obeisance in the dust of your divine lotus feet. This year I'm writing my Vyāsa-pūjā offering from Newcastle, UK feeling separated from Sri Sri Radha Krishna Chandra temple for over one and half year. Most of the population here is covered by the material modes of ignorance and passion. Absorbed in material life they think themselves very happy and satisfied. The life here in the city is very hellish, people are dedicated to the illusion of material happiness. Yet with all these living conditions, your teachings are acting like a protection to me, you are so kind upon this useless soul.

I was wandering how in this unknown land of struggling and strange culture to overcome pains and acquire objects of sense gratification. But having come in touch with Your Divine Grace, my struggle has come to an end, this is my good fortune. I am most fortunate to have you as my spiritual master. I just have to follow your instructions sincerely and I have nothing else to worry. Carrying out your instructions and trying humbly to serve you is my only desire. This alone gives me real pleasure. I am extremely thankful unto the Supreme Lord Sri Krishna for giving me this invaluable opportunity of coming in touch with Your Divine Grace and being eternally connected with you as my spiritual master. It is a unique turning point in the eternal journey of my life. It has given me relief from the pangs of material suffering which is compared to a blazing forest fire.

“Advancement of material civilization on the basis of sense gratification means increasing the duration of the material existence of a living entity. Therefore, this lust is the symbol of ignorance by which the living entity is kept within the material world. While one enjoys sense gratification, it may be that there is some feeling of happiness, but actually that so-called feeling of happiness is the ultimate enemy of the sense enjoyer” BG 3.39 purport. People do not know that the feeling of happiness in sense enjoyment is actually their ultimate enemy. You have shown us in your teachings what is good and what is bad for us. You have delivered all of us from allurements of maya and have shown us the right way of enjoyment - tvad-vīrya-gāyana-mahāmṛta-magna-cittaḥ – take pleasure in chanting the glories of the Supreme Lord. You have given us the Hare Krishna mahamantra and instructed us to chant at least 16 rounds daily. You have given us the solution to all problems - chanting the Hare Krishna mahamantra sincerely with attention. You have given us the source of all knowledge and bliss - chanting the Hare Krishna mahamantra with love and devotion. Since we are conditioned souls, we do not have the affinity to chant and hear the glories of the Lord continuously with great attention. To get the affinity to hear the glories of the Lord you have shown us the way: “By serving the servants of the Lord, one gradually gets the quality of such servants, and thus one becomes qualified to hear the glories of God. The eagerness to hear about God is the first qualification of a devotee eligible for entering the kingdom of God.” SB 1.2.16 purport.

Associating with your transcendental messages are sweeter than nectar, Not only is hearing from you the sweetest nectar, but churning that nectar with others makes it even sweeter. “In the association of pure devotees, discussion of the pastimes and activities of the Supreme Personality of Godhead is very pleasing and satisfying to the ear and the heart.” SB (3.25.25) You are that pure devotee in whose association we are blessed to be, whose words guide our life and inspire our realizations.

I have many shortcomings and weaknesses. Still you are tolerant and merciful and have kept me under your shelter. You have given me a chance to stay in constant association of your sincere disciples and in that way, you have given me opportunity to serve the Lord. This is a great favour shown to me by Your Divine Grace.

It has been one and half year away from Sri Sri Radha Krishna Chandra temple, but Your divine grace you have made me complete the task you have brought me here. I humbly beg your mercy and direction to use the knowledge which I have learnt here for service of Sri Sri Radha Krishna Chandra only. Kindly guide me and give me strength to withstand the forces of maya that impose different kinds of obstacles in building and designing beautiful palaces for Krishna.

I beg your mercy and humbly request you to enlighten me and drive away the ignorance from my heart. Kindly bless me so that I may always remain a humble servant of your sincere disciples and let me be free from anarthas like lust, greed, anger and pride. am always thankful to your sincere disciples who have been guiding me and trying to support me in various ways. By your blessings, miracles can happen. You have shown this by preaching all over the world and making the Westerners devotees of Lord Krishna. The most fallen people can become pure devotees just by getting a slight contact of Your Divine Grace. You are like a touchstone. Your instructions penetrate the hearts of ignorant people and awaken them to come to the light of Krishna consciousness.

I request you to always keep me under your shelter and protection and give me eternal service at your lotus feet. I beg your pardon for all the offences that I have committed knowingly and unknowingly. Dear Srila Prabhupada, please be kind on me and forgive me for all the offences that I have committed.

Aspiring to be your humble servant and disciple,

Bhakta Ranjith Muniraja

Bhakta Ratnadeep Chakraborty

Dear Srila Prabhupada,

All glories to your divine grace on this most auspicious day of your Vyasa Puja.

By the mercy of a spiritual master, one receives the benediction of Lord Krishna. Without the help and guidance of the spiritual master, one cannot make any spiritual advancement. So, I offer my my obeisances upto your lotus feet.

Prabhupada, you have influenced me to read more books about Lord Krishna and Chaitanya Mahaprabhu and chant his holy name. You have given a formula to this world to get rid of this material world of sins and go back to Godhead. You went to the western countries without any money. You just wanted to fulfill the desire of your spiritual master Bhaktisiddhanta Sarasvati. You circled the globe fourteen times in twelve years and yet it didn't slow your literacy output. You were truly incredible. Thank you Prabhupada for being an inspiration. Please keep me under your shelter throughout my life. All glories to your lotus feet.

Your Servant, Bhakta Ratnadeep Chakraborty

Bhakta Ratnadeep Ray.

Dear Srila Prabhupada,

Please accept my humble obeisance. Srila Visvanatha Chakravarty Thakura says

“yasya prasādād bhagavat-prasādo yasyāprasādān na gatiḥ kuto 'pi”

So without the mercy of the spiritual master it is impossible to receive the mercy of God. Recently in the Folk trip to Hampi, we were told why Supreme Lord Rama didn't save Sugriva in during the latter's first clash with Vali in front of Lord Rama. Lord Rama did so because He wanted to send the message to all that without being favored by the guru or Vaishnava, Lord will never intervene in anyone's life and activities. Similarly the king Prataparudra needed the recommendations from Lord Nityananda, Sarvabhouma Bhattacharya, Ramananda Raya and many other close associates of Lord Chaitanya to receive the mercy of Lord Chaitanya. Similarly for us you alone are the way for receiving the mercy of the Lord.

I know I have committed several offences against the holy name of the Lord, His true devotees, deity worship. So I have scared of the consequences. However I know you are the most merciful one, more than the Lord Himself. So holding your lotus feet will surely free me from the past committed offenses and in future also you causeless mercy can stop me from repeating the similar offences. Like Lord Nityananda prabhu's mercy saved Jagai-Madhai from Lord Chaitanya's wrath, similarly your mercy can save me from Lord Krishna's wrath for my offences.

In the past one year, visiting different dhaams like Vrindavan, Mayapur, Hampi gave me tremendous bliss and many realizations as well. But there are n-number of people visiting such places everyone without experiencing much bliss and any realizations. So I can make out only your mercy made the difference in my case. Also in my personal life I experienced the Lord's protections which I believe wouldn't have come without your mercy as Srila Visvanatha Chakravarty Thakura had pointed out in his Guru Ashtakam.

Besides these, I started enjoying the yukta vairagya in my life. I enjoy sketching and painting. So thanks to your inspiration and instruction, I could dedicate this art of mine in Lord's service by painting and sketching His photos. Therefore kindly continue to bestow your causeless mercy on me and lead me. Please bless to enjoy the your association through your books, your lectures along with the associations of your sincere followers and disciples. Please bless me to serve your mission also in my best possible way. Hari bol.

Yours insignificant and aspiring servant,

Bhakta Ratnadeep Ray.

Bhakta Ratul Sarkar

Dear Srila Prabhupada,

Please accept my respectful obeisances unto your lotus feet. I would like to express my heartfelt gratitude to you for blessing every creatures in this world especially humans who have a great opportunity to join Krishna consciousness movement with your causeless mercy and bringing me to this great and unique Krishna consciousness movement.

I would thank you for this wonderful Krishna consciousness movement which was started by you because this gives a peace and calm us for further useful works which can be done, it provides and expands the awareness towards Krishna and love towards Krishna which is most likable by me. Krishna consciousness movement not only attracts people but also educates the people spiritually and make them free from all miseries and help them to go back to god head. I have no words to express my gratitude to you for your causeless blessings. Thank you

Dear Srila Prabhupada,

All Glories unto You, Please accept my humble obeisance's unto your Lotus feet. I first want to beg you to please forgive me for all the offences I have committed at you lotus feet. During the last few years I have gone the a lot of ups and downs in spiritual and material life, theoretically I understand that any material situation cannot impact individuals spritual life, but I have no realization and lack seriousness. It is by your mercy that I am somehow able to hold on to chanting.

I request you to please help me chant quality rounds and save me from all kinds of attacks of Maya. I cannot imagine where I would have been if you have not founded ISKCON. I again beg you to please forgive me for my offenses and keep me at the shelter of your lotus feet.

Your useless servant Bhakta Ravi Agarwal

Bhakta Ravi G

Dear Srila Prabhupada!

Please accept my humble and respectful obeisance at Your lotus feet.

I am very much thankful to You for making me a part of Lord Chaithanya Mahaprabhu's Hare Krishna Sankirtan movement. With Your movement, ISKCON temples and devotee associations, I am getting so much benefited.

By Your mercy I am able to chant 16 rounds of Hare Krishna Maha-Mantra daily and I started reading Your books every day and listening Your lectures every day. All these processes are helping me to control my mind and senses and I am able to follow regulative principles and able to attend Sunday programs and getting Lord's mercy (Prasadam) and able to attend FOLK trips. These all are helping me a lot in advancing in Krishna Consciousness.

Srila Prabhupada, please empower me to practice Krishna Consciousness more seriously and please help me to understand the philosophy You have presented through Your books, lectures and conversations about the transcendental pastimes of the Lord and His devotees.

Dear Srila Prabhupada, I am a most fallen soul in this world, but by Your mercy/movement now I am able to understand about my position here and about purpose of life in this world.

Srila Prabhupada please give me strength to beat all the trials and troubles and free me from all material desires. I have no one for proper guidance except You and Your instruction through Your disciples. Srila Prabhupada in this life I have committed so many mistakes knowingly and unknowingly. Please, kindly forgive me and I am submitting everything at Your lotus feet and begging to show Your mercy on me.

Once again please accept my humble obeisance on Your lotus feet.

Aspiring to be in Your eternal service,

Bhaktha Ravi G

Bhakta Ravi K R

Respected Srila Prabhupada,

“Hare Krishna Hare Krishna Krishna Krishna Hare Hare

Hare Rama Hare Rama Rama Rama Hare Hare”

Please accept my humble obeisances to your lotus feet.

I would like to offer my gratitude to you for having given me an opportunity to serve in your organisation for the last 6 years plus. A fallen soul like me getting this opportunity is unbelievable. Serving in Iskcon for last 6 years, I feel I haven't made substantial progress spiritually and improving in my sadhana. I am trapped in Maya and am slipping on many occasions in completing my 16 rounds on a daily basis.

I have accepted you as my spiritual master for ever which you know. Given the situation I am in, I only beg your mercy guruji so that I am pulled out of the maya's force of control at least to the extent of doing 16 rounds every day. I am following the 4 regulative principles as per your desire. With your mercy, I have been successful in leaving coffee/tea for the last 15 years.

I know that the foundation for progressing spiritually is regularly chanting 16 rounds daily effectively. My only prayer to you Srila Prabhupada is showering your causeless mercy on me so that I chant regularly 16 rounds. Also, my wish is to serve your mission until the end of my life.

As always, I humbly beg you to forgive me for all my offences done and hold my little finger and protect me from Maya and bless me with the association of devotees.

Your fallen servant soul,

Bhakta Ravi Pipaliya

Dear Srila Prabhupada,

Please accept my most humble obedience unto your divine lotus feet.

I am taking this moment to thank you for everything that has transpired in my life over the past year. Without your causeless mercy and instructions, I wouldn't have had the courage to make progress in my Krishna consciousness

Please keep me under your shelter and bless me with the opportunity to serve Sri Sri Radha Krishnachandra. Please provide me with the required strength and intelligence to dutifully provide service to the lord without taking any credit for the fruits of the service. Give ample opportunity to this undeserving soul to please their lordships.

Your unqualified and unworthy servant, Bhakta Ravi Pipaliya

Bhakta Raviprakash

Dear Srila Prabhupada,

Please accept my humble obeisance. All glories to you.

Prabhupada, you changed the way of thinking in my life i.e. from materialistic view to spiritualistic view. Most of the people in this world are running behind materialistic things but all those things are temporary. Once we die all the things are gone. Only the spiritual things will be there with us. Today there are many way of lifestyles and the young generation get disturbed about the way one should live. But you told us the way how one should live with Krishna consciousness.

Also you are the one who revealed the actual meaning of Gita. I can't see you but I know you are caring for me everytime, guiding us to be Krishna conscious. But due to materialistic influence I am not able to follow Krishna consciousness properly. Mother cares and guides us from life till death but Prabhupad, you care and guide us beyond death too. Lastly I would like to pray to you that please be merciful upon me and don't leave me in this material world.

Your aspiring servant, Bhaktha Raviprakash

Bhakta Rayjan Bhattarai

Dear Srila Prabhupada,

Please accept my most humble obeisance. All glories to Your Divine Grace!

Thank you won't be enough to describe what all you have done for a fallen soul like me. O, my master! although I have no qualification to serve Krishna. But by your causeless mercy, the most confidential mantra of the scriptures i.e. Hare Krishna maha-mantra is revealed to a materialistic person like me. I would have simply suffered in this dukkhalayam asasvatam place but by your mercy, I have seen the path of liberation. If I follow your footsteps, I can be free from janma-mrtyu-jara-vyadhi. O, Master! please always bless me with your mercy so that I will never be away from the bhakti marga.

I will always remember the verse:

brahmāṇḍa bhramite kona bhāgyavān jīva guru-kṛṣṇa-prasāde pāya bhakti-latā-bīja

[Cc. Madhya 19.151]

And feel that my life is complete. I am the most bhagyavan because I have you O Bhaktivedanta! as my guru and by your causeless mercy I'll have Krishna in my life.

O, My master! My limitless obeisance unto your lotus feet which is the only means to cross the oceans of birth and death. Tears come in my eyes when I hear about you who on just one order of your spiritual master went to preach the western world and turned the sinful hellish land into a place full of devotees. O, my master! Please always keep me attached to Krishna by blessing me with your mercy. Srila Prabhupada, please forgive me for all my misdeeds and offenses as I am an immature neophyte devotee and please help me repeatedly to grow more and more for unconditional service of Krishna.

Your Fallen Servant, Bhakta Rayjan Bhattarai

Bhakta Rishabh Kumar

Dear Srila Prabhupad.

Please accept my humble obeisances.

Thanks for bringing me in your shelter. I have recently gotten in touch with Krishna Consciousness and I feel it's a great way to lead a life, a life full of happiness, knowledge, satisfaction. After listening to your lectures and reading your books, I feel spirituality is a great science. I have been highly motivated by your dedication, sacrifice and struggle just to fulfill your master's wish to preach Krishna Consciousness in the west which many had thought was impossible. But you showed the world that nothing is impossible if you are working for the Krishna's cause. You have changed many diseased souls and helped them to cure by showing them the path of Krishna. I pray to have your mercy and blessings upon me and show me the right path to help other helpless people.

Your Servent, Bhakta Rishabh Kumar

My dear srila prabhupad,

Please accept my humble obeisance's,

Two years back, i was completely different. I was believing in gods and I was confused that whom should I worship. When I was small that time my mother use to tell me that before sleeping you should fold your hand and thank god by chanting there name and I use to chant jay Durga Maiya, jay saraswati Maiya, Jay Kali Maiya, Jay Ram ji,and so on and in last I till last I used to think that I left Bajrangbali if I will not send he will feel bad so at least for 5-10 minutes I have to think that I chanted each and every name of god. But because of my spiritual master, prabhupad, I got this causeless Mercy and tasted this Krishna consciousness and understood who is actually the lord and now because of him I am chatting lords name everyday 16 rounds. Even in scriptures it is said that chanting the holy name is not an easy task, Who ever had taken bath in all holy rivers and he should have that much pious credit then only he can chat Lord name but prabhupad give the holy name to each and everyone of us very easily.

2 year back I was thinking that only God should be worshipped but not this Babaji's. When I join folk Residency I thought that you will be like other Babaji only , but when I got to know about you I was shocked how a 69 years old person can do this many things alone and now I only believe in Acharya who are in our Parampara till Prabhupad.

Thank you so much prabhupad for introducing ourself , who actually we are.

Your servant

Hare Krishna my dear Prabhupad,

Please accept my humble obeisances unto your lotus feet.

Prabhupad, I see you daily on mobile , sometimes hear your lectures, sometimes meet you in temple. Whenever I see you I have something materialistic in my heart that I wish to have. I am not able to clean my heart even after so much time. In happy timings I always believe myself a devotee but when difficult time comes my faith in you and Krishna reduces. Also today I realised that I started speaking lies due to my lazyness and ignorance. I promise you that I will not speak lies to good people nowonwards. I am the lowest among your all children. You have put

so much trust on us but I am so foolish that I become lazy, started lying and becomes servant of my senses. And I know Prabhupad that you are always there guiding me inside my heart.

I accept all my wrongdoings Prabhupad and I accept that I couldn't come out of my ego till now. Prabhupad my mother is a good believer in you and also my father is a good person, I see him following the principals of Bhagavad Gita. I wish that they can come out of chaos currently going in my home and we can come to meet you in Mayapur soon and I can introduce you and Krishna Concious a bit to them though I am not capable of it.

I remember your quote that I read couple of days before - until and unless we know the truth that no one can save us neither money, nor children, nor family, nor assets but only Krishna mercy can save us in this materialistic world till that time we dont become Krishna Concious. Prabhupad, my heart is so dirty that although you have written everything in your books but I dont take out time to read them and I complete my 8 rounds of chanting just as a duty. I am not able to come to little pure conciousness. May I get association of devotees more and more and by hearing them, seeing them my heart becomes cleaner. Prabhupad, I want to be in your association through chanting, book reading and devotional service.

I promise you Prabhupad that I will be more serious in my day to day activities and I will remain humble to everyone and lead my life under your shelter. Please dont put me apart from you, please bless me that wherever I am living I can regularly meet you, regularly do chanting and keep doing devotional service. I always think of you Prabhupad. May I share your glories to more people and before that may I become a good servant of yours. Thank you Prabhupad for everything I have in my life and for giving me chance to write a letter to you. I hope that you read this and bless me. haribol!!

Jai Prabhupad, you are my beloved Spiritual master, May I follow your instructions seriously without any mistake and make you happy.

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories to you.

It's been two years, I came in touch with your institution, ISKCON and now I'm dedicating full time for your mission, in ISKCON-Bangalore.

It's because of your causeless mercy, today I'm away from many material anxieties and I'm able to engage in your service. Now, I have the best facility and opportunity to attend sadhana, follow your instructions and render devotional service every day

Better late than never. Though I'm late to join, for dedicating my life for your mission, I see your mercy in every step. Without your causeless mercy I wouldn't have got this opportunity.

I recently heard your pastime where a thief became your sincere disciple. And I see in my personal life, how, just by your association, so much of anarthas (unwanted things) vanished from my life. Especially, vikarma (sinful activities) related to the Four Regulative principles.

Because of your causeless mercy, today I am able to understand and follow the instructions of Bhagavadgita at least to some extent. I am sure; you will bestow your causeless mercy to those who really desire. And I pray that your mercy be always on me, so that I can understand and follow your instructions seriously.

It's very true that you reciprocate to your disciples. There were times when I was completely confused and perplexed with the material problems. I used to blame the external factors/circumstances, that I'm not able to render devotional service. Through your books, I always get answers to my questions.

I pray for your mercy, so that I'm always engaged in devotional service enthusiastically and I follow your instructions seriously.

Let my focus be always on you and your instructions.

Your servant,

Bhakta Rohith

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet

You are the path to enlightenment in my life. Forgive me for all my sins or unknown mistakes I have committed in my life. I had come to ISKCON just as a theatre enthusiast on the call of your humble disciple. I had no ideas about Krishna consciousness whatsoever. But the very first day I spent in the temple made a very huge impact in my life. One of your humble disciples introduced me to the world of Krishna consciousness that literally changed my life from there on.

I was not attached to spiritual life until I had spent the whole day with the lord at ISKCON Bangalore. I was inspired and awakened by your teachings that your devotee introduced to me. From that day I decided to dedicate a part of my life to Krishna consciousness and to spread Krishna consciousness which made a huge impact in my life. I was instructed to chant the Hare Krishna maha mantra which has gloomed a wave of positivity over my thoughts and soul.

Srila Prabhupada, I assure you that I will always be a humble servant of your divine lotus feet and that of Lord Krishna. I assure you, that I will never ever leave Krishna out of my mind. Krishna has made a huge impact in my life and His consciousness is the most powerful purifying element on this planet.

Srila Prabhupada, allow me to render service to the lotus feet of yours and that of the Lord. I would also like to thank your humble disciple, for introducing me to the world of Krishna consciousness.

Your humble and little servant

Dear srila prabhupada

“Hare Krishna Hare Krishna, Krishna Krishna Hare Hare”

“Hare Rama Hare Rama, Rama Rama Hare Hare”

Despite year of academic study, I didn't know anything until I met Srila Prabhupada.

“In this material world there are different types of achievements but of all them the achievement of knowledge is considered to be the highest because one can cross the ocean of nescience only on the boat of knowledge. Otherwise the ocean is impossible to cross”. (Srimad Bhagavatam – 4.24.75)

“Wales it's people, Climate and History” was a myopic 61-page reports of facts and maps by a proceed ninth grader (me) who thought on completing the most extensive research paper I'd ever done. I thought I know something about wales’.

Looking back what I know about wales after completing the report was theoretical at best beet in board terms all that my fellow students and I got from the entire scope of our education wasn't actually knowledge, at least in Krishna's terminology.

Thanks

I am not qualified to write “Vyasa Puja” offerings to you Dear Prabhupada, please forgive me for attempting to write and offending you by not following your divine instructions.

I am always wonder struck and in awe about your lilas when I read about them day in day out...

You're so merciful upon a fallen soul like me, even though I am not following all your instructions, still you out of your causeless mercy you help me to realize and think about you daily and appreciate Lord Krishna, Bhagavata Dharma and Iskcon. Even during difficult times, when I follow your instructions you shower mercy...

I always remember your words from the senior temple devotees here in Iskcon Bangalore that “If we take one step towards Krishna, he will be so happy and he will take 1000 steps for us”, even a fallen soul like me realized this... But please help in relishing this experience always...

Please help me to revive my Sadhana Bhakti and provide me the enthusiasm, energy, free will to follow your divine instructions

I want to chant 16 rounds of Mahamantra daily as instructed by you. Please help this poor conditional soul ie., me who is utterly useless and is as low as a worm in stool.

I want to lead a much disciplined devotee life whose ultimate aim should be to remember Lord Krishna Always. So dear Srila Parabhpada let me be atleast a small minute dust under your Lotus Feet.

Below Verse provided by you is one of the most inspirational for me...

Please make me, my wife, my daughters, mother and father to serve you unconditionally and help us to follow your divine instructions...

I was born in the darkest ignorance, and my spiritual master opened my eyes with the torch of knowledge. I offer my respectful obeisances unto him.

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories to Your Divine Grace!

You are an ocean of mercy and friend of the poor. It has been some time since started trying to follow your instructions but I am always feeling very dissatisfied that I am not able to serve your 'transcendental lotus feet' properly. I just keep finding new ways of serving my own senses all the time. I know that lust is the greatest enemy as mentioned in the third chapter of the Bhagavad-gita as it is, but my own mind and senses are uncontrolled and are always driving me towards dirty objects. I know its not possible for me to control them but even if I get a drop of your kind mercy then I shall be able to cross the ocean of "nescience and ignorance". You are our beloved spiritual master and the only 'ray of hope' is that just by your mercy we can achieve 'Krishna Prema' one day.

Srila Prabhupada, I have been sending your quotes as sms to my friends and acquaintances and I have posted hundreds of your quotes, so far in about last 2 years on websites to glorify the holy name and your divine instructions. What I personally feel is that people in India (or of Indian background) are naturally inclined towards Krishna Consciousness and we just need to awaken our dormant love for Krishna. By talking to them on phone, motivating and encouraging them I am able to do that. Also, sometimes I have offended you and these young devotees while preaching to them; please forgive me for that and empower me to preach your message to more and more souls.

Dear Srila Prabhupada,

Please accept my respectful obeisances unto your lotus feet.

On this auspicious occasion of Vyasa Puja, I would like to express my heartfelt gratitude to you for blessing me with your causeless mercy by bringing me in contact with the movement of Krishna Consciousness. I would like to thank you for blessing us with the Hare Krishna Maha-mantra, enlightening us with its meaning, and also giving us the initial taste for chanting, so that we could embark on our journey in Krishna consciousness. In my limited journey on this path, I have certainly realized one thing, that the understanding and taste for such spiritual knowledge cannot be achieved by any amount of material efforts, unless one has the mercy of the spiritual master.

I would like to thank you for blessing us with the opportunities to render practical devotional services for the pleasure of the Lord, even though we are not at all qualified for it.

By your relentless efforts, your vision into the future and your causeless mercy upon the conditioned souls, you envisioned and started the movement of Krishna Consciousness, which is deeply impacting the lives of millions of living beings and helping us understand the true purpose of human form of life - "To attain love of Godhead". Even though you are not physically present with us in this material world, your instructions in the form of books and lectures make us feel your presence every moment, and inspire us to advance in our spiritual lives.

Please continue to shower your blessings and causeless mercy upon this conditioned fallen soul, for there is nothing other than the shelter of your lotus feet that can help us stay focused and disciplined in our spiritual life. Words are not enough for us to express the gratitude and reverence for your mercy upon us.

Dear Srila Prabhupada,

It is only your causeless mercy that I have come under your shelter. You have taught me what the real purpose of life is and also what is the ultimate test. I am indebted to you. I have received something from you which cannot be repaid in any manner but only through preaching and propagating this movement. Without your mercy, one cannot understand the Supreme personality of Godhead. Also, one cannot make any advancement in spiritual life without your mercy. I thank you for bringing me under your shelter. It is only you who can lead us to the Supreme abode. I thank you for awakening me from this illusory material world. I thank you for showing me the way to succeed in life. On this auspicious day of Vyasa puja, I vow to take up chanting of sixteen rounds of Hare Kṛṣṇa mantra daily.

Dear Srila Prabhupada,

Please accept my sincere obeisance's

I had no idea how blessed I am to come into Your shelter of instructions. The instructions that made me a devotee. For You my master, I dedicate the following poem.

You are my dearest and non-different from the Lord Himself.

In the midst of chaos and destruction

I found You standing strong

Showering Your instruction

About what is right and wrong

That penetrated my heart

As an invisible bullet of belief.

In the midst of distress and agony

I suffered and suffered endlessly

Infected by lust, anger and greed

But only by Your pleasing touch

At once I was freed.

Oh lord You are so merciful

Though You bestow all there is

Though You can grant any boon

So I ask You, oh the mighty grateful

I want not salvation or lovely relics

Your love alone I faithfully seek.

Please accept my offering my master, and thank You for everything You have done for me.

Om ajnana timirandhasya jnananjana Salakaya Caksur Unmilitham Yena tasmai sri gurave namah

When I was in 7th standard, I saw an accident happened near my village in which 10 people dead on spot and one person somehow got out of it. This accident deeply struck in my heart. Many questions arose in my heart. Many questions arose in my mind like 1)What is the meaning of death? 2)Can't we leave eternally? 3)Where do we go after death? 4)Who decides how long one live? 5) Don't we have individual existence after death?

Such questions are hunting me after that accident. At that time for 6 months i was scared and was always separated from my friends. Because I need answers. I started looking for books which could give me answers. Over a period of time I happened to forgot this accident. In engineering 1st year 2nd semester ISKCON came to our college (NMIT) with workshop named "Path of Perfection". Fortunately I attended the program, which gave me all answers briefly to all my questions. Then I thought this is the path I should walk on. This way I took up Krishna Consciousness.

The first thing I am impressed with Mangala Aarathi at 4:15 Am. Because I have not seen directly devotees worshiping the Lord such early morning. If I take part in Kirtan I feel completeness. I don't even feel hungry sometimes. Such an impact Kirtan makes so much of joy kirtan gives us. And the Maha prasadam". I really felt that there is some thing different about prasadam. It impacts our consciousness. It's not like normal food which is cooked by karmis. In fact we can't point out at something and this is not good. All thing happen at ISKCON are like able and soul saving. I was ignorant person and I think still i am. When I started walking in Krishna Consciousness, I didn't feel like paying obeisances to prabhupad. It was out of Ignorance. In one of the lecture or somewhere else I heard or I read that Prabhupada said one of the neophytes that by paying obeisances to guru we will get that feeling

over a period of time. By doing so Prabhupada revealed this mystery (confidential knowledge) is revealed with in the heart. All my questions which I had after I saw the incident were cleared by the mercy of Prabhupada over a period of time.

Prabhupada, you are like a “living Bhagavatam”. I liked your determination to make people Krishna Consciousness. You are humble and merciful towards fallen souls like us. Even though we are not qualified, You have revealed this knowledge and made us Krishna Consciousness. Prabhupada is a Guru “ Who knows the way, who goes the way and then shows the way”.

Dear Srila Prabhupada!

All glories to you!

There is absolutely no hope in this material world other than your lotus feet, no love and compassion other than your divine love. Even a moment of association of yours can bring back the lost spiritual life in the living entity. The blessings of guru lie solely in his instructions and if the disciple sincerely follows it, his path of pure devotion is guaranteed. The disciple receives his guru’s mercy flowing through his transcendental words. But, being conditioned I always chose to be whimsical on my false ego which is influenced by the modes. I never understood the potency and treasure hiding in the instructions of yours. Now I have shown little inclination to surrender onto the lotus feet of the Lord, you are showing me the path to attain sadhu- sanga through which you manifest your mercy.

Srila Prabhupada! The ability to do service comes from your instructions as Krishna promises in Bhagavad Gita “yoga-kṣemaṁ vahāmy aham”. I have no desire other than taking your words as life and soul but on my own I have no strength to carry out your orders. The best way of your reciprocation is seen in my joining ashram, where I have no hope of facing my mother but just because I have followed your instructions through your devotees I am under your shelter. Having gotten such transcendental instructions from your lotus mouth, my only goal is glorify the Vaishnava’s, holy name and your message to the ignorant souls rotting in this world, how hard the struggle may be. My only prayer is to kindly keep in the association of your devotees and help me serve their instructions sincerely and honestly.

Please accept my respectful obeisance unto Your divine lotus feet. All glories to Your divine grace!

Thank You for showing the way of transcendence to all of us. I personally don't know how I would have been or what I what I would have been doing if not for Your causeless mercy. My whole life was about to change for the best when I started reading Your book "Beyond Birth And Death" when I was 13 years old. Later on, I started reading many more books like “Raja Vidya”, "The Science of Self Realization", "Perfect Questions and Perfect Answers" and many others, started attending Srimad Bhagavatam classes regularly and honoring delicious Krishna prasadam both at the temple and at the house.

Their Lordships Sri Sri Radha Krishna Chandra and many deities of the Lord allowed us to stay in their house (in which we all stay now). By serving their Lordships and chanting the holy names of Krishna, all of our family have experienced pleasure which incomparably surpasses the mundane happiness received in the material world. This transformation in our lives from burning alive in this gross, sensual world to enjoying cool, soothing bliss at the lotus feet of Krishna was made possible by the divine grace of one person, that is, You my dear Srila Prabhupada, my eternal spiritual father.

Only one key can open the lock of real happiness; that is 'love of Krishna' which You have generously distributed all over the world.

All glories and glories and never-ending glories to Your divine lotus feet!

Dear Srila Prabhupada,

Please accept my humble obeisances all glories to you,

I am really blessed to come in touch with you through books from April 2012 and I started chanting from then onwards.

My concept about religion and God has changed through Krishna consciousness movement and the teachings which you have presented are very scientific and simple for a practical life. By your Mercy I am currently employed at food department. I used to believe Bhagavad Gita is a set of mantras but after coming to ISKCON and getting associated with devotees here i have got a practical knowledge and realisation of the fundamental difference between matter

and spirit. The words written by you are simple and understandable. I have gained so much knowledge, help and support from you that I can't repay this debt. I can only try my best to do my basic Sadhana and serve your devotees who had directed the life to your service. All glories to you all glories to Sri Chaitanya Mahaprabhu

All glories to Your Divine Grace!

On Your divine appearance day, it is my privilege and joy to glorify You with a lot of gratitude and honor. Thank You for this undeserved opportunity.

I came to realize that being a pure devotee is not as simple as it appears to be. As You rightly said, "It is simple for the simple, but difficult for the crooked." I know that I have yet to become a pure devotee. And this obliges me to appreciate Your personality more and more.

You hold an important position in my life as the deliverer of the fallen. I am praying that You continue to cast Your mercy on me. Please don't become indifferent to me or see me as a hopeless case. My intentions are good, but my heart still needs Your strength—Your words of power—to prosper and heal and thus grow towards being an ideal human being.

I see my joining FOLK Residency as Your kind investment in me. I am most obliged by the devotees' love around me. You have given me a beautiful position where I can try to serve my beloved Sri Ramachandra as much as I can.

Kindly accept whatever little service I can give and make me better. Kindly excuse my mistakes.

Jai Srila Prabhupada,

I'm very fortunate to be in touch with Krishna consciousness for 10 years. I'm a grihastha and doctor by profession.

I have been following the four regulative principles and from the past few months I have also been sincerely chanting 8 rounds of the Hare Krishna Maha-mantra daily and reading Srila Prabhupada's books.

I'm aspiring to chant 16 rounds in the near future. I humbly pray to You Srila Prabhupada to protect me from all kinds of Maya and bless me to be His eternal servant, so that I can continue to progress on the path of Krishna consciousness.

Hare Krishna.

Dear Prabhupada,

Thank you for creating a Iskcon foundation which is serving society in tremendous ways by spreading love and happiness, also teaching youths to know why they came here what's their purpose.

The mantra is so powerful that by chanting hare Krishna mantra i can feel the dynamism, positive vibes, confidence in me. We can overcome anxiety, stress, depression by practicing Krishna consciousness. I love kirtans, musical sessions conducted by ISKCON. They teach how to stay connected with lord Krishna and enjoy every moment of life. I express my gratitude towards great sacrifice made by you, Srila Prabhupada.

As I was progressing on materialistic way one day I realized I am not satisfied and lot of problems are there so I thought to gain some spiritual knowledge. so I started to attend to class in ISKCON and got to know purpose of life. I like Prabhupada because he represented scriptures very simple way so that it is easy to understand and his determination of preaching after facing so much up and down moment in India as well as abroad. While he was in abroad the people and environment was not much comfortable to preach Krishna consciousness but with patience and lot of hard work he created ISKCON society for the spiritual practice and sharing spiritual knowledge.

I feel very fortunate that I came across Krishna consciousness and learn lot of things about life and gradually progressing on the spiritual path. I am very great full to Prabhupada because of I am able to understand the real purpose of a human life.

Thanks,

All Glories to Your eternal existence through all means like ISKCON and Your teachings which give eternal happiness. I am so delighted to get this opportunity to glorify You on this occasion.

About 16 years ago I came in touch with Your Krishna consciousness movement by attending a program called Yoga Retreat. Due to Your causeless mercy I really got know Who is God, what's spirituality, what is eternal soul. Your teachings opened my eyes to see the world of happiness by realizing the ultimate truth Sri Krishna.

O my spiritual master I don't know how to thank You because of You the whole world is experiencing boundless joy of Krishna consciousness.

Apart from regular visits to the temple and chanting I have been retreated by Krishna with exciting opportunity to serve You through FOLK Theatrics club activities. Due to this, I could serve Krishna in different and unique way.

In coming days please engage me in more and more service. I want to spread this Krishna consciousness to as many people as I can and make them experience the ultimate happiness of life through Krishna consciousness.

O my spiritual master, please forgive for the mistakes which I have done and give me more strength to be better and serve You more.

Please accept my most humble obeisance on this most auspicious day of your divine appearance. All glories to your divine grace Today is the celebration of your appearance day in the world and it is a time for rejoicing in devotional services. We are very grateful to serve Lord Krishna in devotional service. Before coming to Krishna consciousness, I knew only worshipping the god for material benefits. Without ISKCON, there will be no chance to practice devotional service nicely and I'm lucky to be a part of ISKCON. Thank you Srila Prabhupada for your mercy on me. Please bless me with more opportunities to serve Lord Krishna and help me to chant Hare Krishna Maha Manta more effectively

Dear Srila Prabhupada,

I can You, Prabhupada is savior of kaliyuga, a doctor who have given prescription for all our miseries and problems and remedies to cure our self. I was reading the Prabhupada, the messenger book and I was really inspired by the life journey and his path towards the work for society through Krishna consciousness.

I am so fortunate to know about Prabhupada and understanding what are our actual problems and how to lead life so that at the end of life, we won't regret.

I accept Prabhupada as my Acharya and will follow his instructions to my capacity.

Thank You.

Dear Srilaprabhupada, Please accept my humble obeisance. All glories to you on this auspicious day of vysapuja. All glories to your divine grace!

Thank you for giving opportunity to learn about Krishna. This is amazing journey of my life after which I came to ISKCON change my mind and also my habits of living the life. I feel really happy when I read you're past times .you

are so compassionate and merciful upon all the living entities irrespective of their gender, mentality, intelligence, sincerity etc. I would like to thank you for getting me into Krishna consciousness and giving me association of so many devotees through whom I am able to feel presence of Krishna around me always. At last, please empower me to serve you and your mission with my potential and faithfulness.

Dear Srila Prabhupada,

Please accept my humble obeisance's.

I was searching for a solution to get out of this material pleasure traps, which sometimes used to make me act like a robot. Stimulus, eliciting a certain learnt reaction, making me totally blind during that period when these impulses were taking over me. I searched a lot. With some mental speculation and resources, landed upon breath meditation. Gradually this process was throwing light upon the concept of God, his mercy, showing gratitude to him etc. While continuing with that practice I met one of Your servants.

In the initial days, I felt all that was spoken to be like common sense. I still had a hope that there was something really effective thing in the teachings. I want to thank You a lot for helping me have that hope. I felt it to be just some blind faith, group, like goat herd. I have seen many of my friends just branding the teachings as ritualistic, illogical etc. It's Your mercy that I was made to not give up like others. I have gradually understood that bhakti yoga process is not mere sentimentalism, but Buddhi yoga, done with proper reason, taken up by the intelligent.

The vigor with which You give lectures make me strong in increasing my attachment towards You and Krishna, increase my efforts to do devotional service. I pray to shower mercy upon me to get more attached to You and Krishna. I am most fallen that I quite often experience Presque vu (failure to remember something), never able to recollect lectures with clarity, always hazy memory. Please give me strength to memorize better, so that I can serve You well. I am very fortunate to get in touch with You.

Your most forgetful fallen follower,

Heartfelt Namaskara to His Divine Grace AC Bhatedanta Sri Prabhupada,

I had came to know about ISKCON during my engineering. And what intrigued me was the faith of all devotees in Krishna. I believe that all devotees had sacrificed a lot for a bigger purpose. I was interested to know what lies in ISKCON culture. And I began to read some of the books and started attending 'Back to Basics' classes. I must say I have learnt a lot from all these sessions. It would be a lie, if I say I am convinced with every explanation that I heard or learnt. But altogether I know better than before. For that, I admire and have deep respect for you and devotees. With this I offer my pranamas to you.

I hope, to find some of the answers to life's mysterious questions with your help.

Always your servant,

Bhakta Santosh Upadhye

Bhakta Sarvan G S

Dear Srila Prabhupada,

I bow to you please keep your blessing on me always.

Before I was knowing only about ISKCON, as a temple. And I was not knowing about Srila Prabhupada. But after coming in touch with ISKCON, Bangalore I felt good that in this temple they encourage people with good classes as yoga for happiness, workshop classes, Sunday program and even BHAGAVAT-GITA AND BHAGAVATAM to develop spiritually and teach this KRISHNA consciousness movement.

To understand the real purpose of life. Why human being takes birth on this earth?

After knowing about Srila Prabhupada and hearing about him made me to do more service.

The most I like in Srila Prabhupada, is patience, that how he made even the low classes people to follow Krishna consciousness. He waited and never lost hope that one or the other day they will follow.

Every teaching and thought of Srila Prabhupada makes me to learn and follow the spiritual life and go back to Godhead.

He faced many difficulties but he never turned back because he believed in KRISHNA.

He wrote many books and translated to make it easy for us to understand.

Guru is the only way who teaches us to go back to Godhead.

Yours child as a servant Bhakta Saravan

Hare Krishna.

All glories to my Gurudev Srila Prabhupada. All my obeisances to your lotus feet; Sri Gurudeva. It has been 4 years since I have come into the light of Krishna Consciousness by your divine grace. It was purely by your blessings and mercy that I could take this path. I can wholeheartedly claim now that you have brought true happiness into my life. Most of my confusion about existence of God has been undoubtedly cleared by your mercy.

Dear Gurudeva; my consciousness has had a profound change after I entered this path. You are constantly correcting me each and every minute and trying your best to bring me back to the right track whenever my mind wavers here

and there. Now I confidently know where am heading to and where am destined to go. By your grace, you have shown me a true path and true knowledge. It is certainly very difficult for me to travel through this all alone. I plead you again and again to hold me tight and to take me through this journey of sadhana as I am a very weak fallen soul. It is not just in one lifetime, I request you to put me to track throughout my journey back to my eternal original position. I also request you to forgive me as I know I have not withstood to most of the regulative principles as per your guidelines. I have got all the weakness of an animal and now I would be left in the darkness if you also leave me in the middle of this journey. I promise you that I will strive to do my best and improve my sadhana and correct myself but it is certainly very difficult for me to go through the clutches of Maya and to prove before her strong tests if I don't have your support.

Dear Guru Maharaj, I also plead at your lotus feet to allow me to do my family activities and my samsara dharma simultaneously and correctly; along with the sadhana of Krishna consciousness. Without your support, neither me nor my family members can realize Lord Krsna. Without you, I can never understand Lord Krishna nor do I have their mercy. Without you, I can never imagine to cross this ocean of miseries.

I have been constantly doing mistakes and sins knowingly and unknowingly; my jealousy has not come down. My desires for material pleasures have not come down. More so, I have become more and more lethargic towards my sadhana. I beg you Sri gurudeva to forgive me and if not you, who else can forgive me and hold my hand. Please wake me up Sri gurudeva and trust me, I will not lose faith in Krishna Consciousness. I am dying to go back to Lord Krishna and only you can do that for me. Your mercy and blessings have already proven that they can do wonder to me and my life. Thus, I request you again and again at your lotus feet to show mercy upon me to lead the correct path and cross this ocean to reach Lord Krishna and to have the blessings of Sri Radha Rani.

I am neither worried of my health now, of course, the only points of worry now for me are: Will I get the mercy of the Supreme Lord and Radha Rani and will I reach there? Will my family members understand the Supreme Lord?!! Will I discharge my duties correctly? Will I reduce the sins to do my sadhana perfectly and will I be able to cross this ocean?!! When will my children get your mercy and take up to this path of Krishna Consciousness?? Dear Srila Gurudeva, please don't leave us and guide me and my family to take up this path of Krishna Consciousness and also help me to contribute to my best in serving your mission. Even that can happen only if you can shower your mercy upon us.

Bhakta Dr. Sashi K

Dear Srila Prabhupada,

Please accept my humble obeisances. All glories to your divine grace.

Today is your 122nd appearance day. I am so glad that I am here. I can never explain your glory Srila Prabhupada but I am always thankful for the knowledge of birth after birth. But some line I can share which may be able to show your mercy. You taught the loving path of Krishna by which we can attain perfection in our life that is Krishna Prema. You made me realize my relationship with Krishna and the science of self-realization. I am trying to know your teaching that you have given us about Supreme Lord Krishna, Radharani and their lordship.

Krishna consciousness, delicious prasadam, kirtan, dance in kirtan, Darshan, association of devotee and the most important is the service to Krishna, without your mercy we can't do anything for Krishna. Thank you for AkshayPatra which provides unlimited food for education and thank you for Krishna Consciousness and your blessings.

Now I want to share with you the incident of 2016. I wrote VyasaPuja offering that I have desire to join your movement next year. I wrote letters as Ashram devotee. This time you accepted me officially as your insignificant

disciple. You very well know how am I and you accepted me as your disciple although I am unworthy for that. I can say that you are the most merciful in whole universe. You are really representative of Krishna.

Srila Prabhupada, please keep mercy upon me always I want to serve your divine mission. All glories to Srila Prabhupada.

Jai Śrīla Prabhupāda Ji

I am very glad to have you as my guru for Kṛṣṇa consciousness where you have taken lot of hardship for this consciousness to spread around the world.

As a guru you have motivated to do the task of chanting, book reading, temple visit with bhakti and love for Kṛṣṇa. Due to this Kṛṣṇa conscious development in me has made my attitude different and see the material world in a different perspective -not only life of human being but also other living animals - by understanding the existence of the soul which is different from the body which perishes with time. I am more eagerly waiting for your blessing for even deeper understanding of this creation especially the life we undertake in this material world.

Thank you.

You dāsānudāsa Bhakta Satish

Bhakta Satish Singh

Dear srila Prabhupada,

Please accept my humble obeisances at your Lotus feet.

In our guru parampara beginning from Brahma to you, all the archaryas have 26 qualities. I don't have even one among the 26 qualities but you showed us the way to achieve these qualities. You taught us how to depend only on krishna. By depending on krishna we will develop all these qualities. I was wandering in this material world fl of miseries, misdirected by so called teachers, relatives to lead a materialistic life. Though being harassed by Maya at every moment I was still leading a so called Human life. It was you who sent your disciplines to save this soul through your preaching program. The hare Krishna mantra given by you changed me internally without my knowledge and your wonderful books, lectures, past times, dedication inspired me to take up Krishna consciousness.

I respect to you as God, because you are not ordinary master. The past times of yours is something which is not possible by all. It's marvelous, I have tears in eyes in my eyes when I feel the difficulties that you have faced. But it's Lord's blessings which made you to go on. You have given a very simple and easy way to go back to godhead. Just by hearing, chanting, dancing, having prasadam we can go back to godhead. Though I am so frivolous and lazy only by your mercy that I am still hooked on to Krishna consciousness. Though you have given me the highest thing ever I am still hesitatant to take it seriously. Oh! Prabhupada please don't leave me. If you leave me I will be no where. please bless me with the shade of your Lotus feet.

Trying to be your humble servant.

Your servant

Bhakta Satish Singh.

Bhakta Satyanarayan

His Divine Grace A.C.Bhaktivedanta Swami Prabhupada inspired me through his books, and his philosophy. initially i started with 'science of self-realization' which gave me the basic understanding of who is supreme personality of god head, who is guru, what is a soul and many more things, this laid me a foundation to build Krishna consciousness within me. Later Prabhupad lectures helped me understand in-depth philosophy of KC. Along with Prabhupad books and lectures, chanting Hare Krishna mantra as prescribed by Prabhupad and devotees association (especially FOLK) helped me change my life. Also the regulative principles prescribed by Prabhupad is also helped me progress in KC.

As per the Vedic civilization and Shastra's its very clear that without Guru it's impossible to reach supreme lord Sri Krishna. Also Sri Krishna him-self mentioned this in lots of his conversations. But we should be very careful choosing a bona fide spiritual master, Prabhupad gives instructions in his lectures that what are the qualities a guru should have based on this we should choose our bona fide spiritual master, i choose my spiritual master as "Prabhupad". Also Prabhupad still mentions about a guru that a guru is a true representative of Krishna, guru delivers the message of Lord as-it-is without any interpretations and he will take us back to god head if we sincerely follow his instructions.

I read that Prabhupad used to stay in Vrindavan near Sri Radha Dhamodhar temple and used to sit in front of Rupa Goswami samadhi mandir and cry to beg his mercy, to deliver Sri Chaitanya Mahaprabhu's message throughout the world, this moved my heart and it leads to understand how humble he is.

I am inspired by Your Qualities of being

- 1) Boldness - Prabhupad is very clear about shastras, lords message and principles, and he is very strong in following these.
- 2) Spiritual Knowledge - He knows everything about spiritual knowledge hence he can be considered as a bona fide spiritual master.

Dear Srila Prabhupada,

All glories to Your Divine Grace on this most auspicious day of your Vyasa Puja. I had the great fortune of coming in contact with the devotees. Inspired by their enthusiasm and cordiality.

We see that your Iskcon has not only stood the test of time but is replete with wonderful accomplishments that will surely continue to propel us far into the future with great transcendental force. I am so happy to have visited yatra's where Iskcon is expanding at a rate reminiscent of the days you were personally with us. Although it is impressive to see all the big beautiful buildings that are going up and projects that have been started, what I have been truly overwhelmed by more than anything else is how many pure hearted souls your stalwart disciples and their followers are attracting. In spite of all the inspiration you have bestowed upon me through your pure heart devotees, still I have for so long been shamefully aware of my unwillingness to wholeheartedly follow in their footsteps.

Therefore I am begging you, Srila Prabhupada, to please continue to cast your merciful glance upon me so that in some lifetime this aspiring bhakta can take proper advantage of your treasure house of good fortune. Until then, I will continue to pray for the day when I am free from the envy, lust, and lethargy that has blocked my path. On that glorious day, I will truly know what it means to have joined your Krishna consciousness movement.

Your servant, Bhakta Satyanarayana

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

It is indeed a great fortune for me to write this homage which will be compiled along with your great loving disciples in a book as an offering unto your lotus feet.

I sincerely aspire to thank you for showing the path of pure devotional service to the most sinful, anomalous person like me which in itself is an insignia of merciful nature of your Divine Grace. Your life biography in this material world is the hallmark of purity and unalloyed discharge of devotional service to the Supreme Personality of Godhead Sri Krishna. I always remember a quote from your teaching which said “You should not be so impatient to see Krishna but instead you should do devotional service in such a manner that Krishna becomes eager to see you” and your life memoir is the essence of this statement. Your divine books and recorded orations are the foundation of the ISKCON Hare Krishna Movement worldwide today.

It is my deepest desire to take initiation at your lotus feet and become your disciple as soon as possible, which will be the greatest gift of my existence to have a spiritual master like you. It is always my heartfelt ambition to follow all your instructions. I wish to escalate my Sadhana, Book reading, Japa, Devotional Service from 16 September 2018 and become a contributing person in your mission. I beg you to please bless me so that I can achieve this goal and remain steady at your lotus feet. My family members have newly started Japa and Krishna Conscious activities at home, I request if you can please bless them too, to remain steady with devotional service at your lotus feet. I wish to be part of the Vyasa Puja Celebrations on September 4th, 2018 (Tuesday).

Thanking you,

Your Aspiring Servant,

"mūkam' karoti vācālam' paṅgum' laṅghayate girim

yat-kṛpā tam aham' vande śrī-gurum' dīna-tāraṇam"

By the mercy of the guru, even a dumb man can become the greatest orator, and even a lame man can cross mountains.

It is because of your causeless mercy that all of us are able to understand at least something about the spiritual life and Importance of chanting and deity worship etc. It is because of your vision and causeless mercy that many people are getting the chance to practice real spiritual life. You have created so many things for the whole humanity, like the establishment of temples all over the world, the community of devotees, books and lectures (If someone hears with attention surely he will be able to understand the real goal of his life). Your instructions can bring even a lowest of the mankind to the stage of Pandita.

If you are pleased with someone than very easily he can achieve the ultimate goal of life which is Krishna Prema. Please bless me so that I can improve my Sadhana, and will become eligible to render service at your lotus feet. Please bless me so that I can get rid of my anarthas and render more devotional service.

Dear Srila Prabhupada,

Please accept my humble obeisances

Thanks for guiding and protecting many of the conditioned souls of this age from maya(illusion) and ignorance. You are the highest honour that an individual will ever imagine to get. The influence and impact on my life from your teachings, life, books, lectures and other services towards Krishna Consciousness is incredible and incomparable. I used to see things as they were, no question, no complaints. But when I took the shelter of your lotus feet, then I realised that each and everything in this material world is a part and parcel of the Supreme Personality of Godhead Lord Sri Krishna and has subtle meaning and significance. You gave us the way to conquer our own senses and making right choices that can lead us to a healthy and sound life both materially and spiritually. I offer my respectful obeisances to Lord Krishna for sending you from his abode to this world as our Spiritual master to lead us back to Vaikuntha. I don't have words to describe how many emotions I'm going through while writing this. I feel your presence day and night with me through your books. As a student I take you as the ultimate source of motivation. As you went to Boston just to keep the words of your Spiritual master. This level of surrender I'm incapable of doing as I'm not a pious soul like you. Please bestow your mercy unto me so that I can follow the divine rules like chanting the holy names 16 rounds a day, have food offered to lord first, preach the people in our community who are still in complete ignorance and distress, and so on.

Dear Srila Prabhupada,

All glories to you, Please accept my humble obeisance at your lotus feet.

I remember the days before joining RV FOLK residency I was frustrated and was trying to find a college for myself and how the life was constantly pulling my leg and I was distressed. The only hope was God and now I can see it that by your causeless Mercy that flowed and brought me from Varanasi to FOLK Residency. I never thought what awaited for me at the doorstep of FOLK Residency. I got the greatest treasure so easily, to find which people are wandering all over the world and I took it so casually. Till date I have not understood Krishna Consciousness to its fullest extent but I know that what you have taught is enough to follow spirituality and find peace in this world.

I want to follow your instructions but my desires are big, I need those as they can help me lifting up in both the ways i.e. spiritually and materially.

The only thing which I have understood in 3 years is that the soul and substance of whole Krishna consciousness is to help oneself in any part of life that I must cling to you and Krishna's lotus feet and chant Hare Krishna. That's all.

Your reciprocation with me has been many and it startles me that my faith gets increased more and more on your instructions, but I feel that my mind controls me, though you have given instructions, my ignorance overpowers me. I pray that I could get those valuable realizations so that I can follow you more and can succeed materially and spiritually.

You know that I am innocent. People are daily playing politics, eating like vultures, trying to kill one another etc, but please guide me, train me, teach me, make me learn, make me do everything so that I can stand outside like a lion. because of you I am glowing like blazing fire or else the fuel to the lamp was already over many years back.

I always want to pray, please I might leave and I might ask you to leave me at some part of my life but please don't ever leave me because I am yours. Thank you very much from deep within the core of my heart. Till date what I am is because of you and I am eternally obligated to you Srila prabhupada.

Dear Srila Prabhupada,

Please accept my humble obeisance on the most auspicious day of Vyasa Puja.

All glories to Jagat Guru Srila Prabhupada.

The pain and struggle You have suffered throughout Your life to help our miserable conditions are beyond selflessness. In the generation where people are too selfish, where they think that the material pleasure is the only degree of enjoyment, where mundane entities are distant from the truth, You have stepped forward for us, taken all the miseries for us. Your guidance has helped us to understand life which wouldn't have been possible. I feel to be among the luckiest of souls to have come under the shelter of You.

Your divine qualities have enchanted even the purest of soul, Your association can even purify the most sinful person. Your guidance has always been with me throughout and will always be. I am falling frequently and miserably. Even though I am struggling in it, I am much stronger than before because I know I have You beside me in each step I take. You are a father to me, I am so blessed to have You in my life. I love Krishna, I know I don't give the purest of love to my Lord, but the love will be stronger and You are the reason behind.

On this most auspicious day of Vyasa Puja. I beg for Your mercy so that I can serve Your mission sincerely by giving up my false ego and lethargy. You have transformed even the most mundane people into the purest levels of devotees, I have lagged in accepting Your mercy. I pray I become a better devotee than before by accepting Your mercy.

Dear Srila Prabhupada,

Please accept my humble obeisance's at your divine lotus feet.

I want to express my sincere gratitude in awakening me to the Spiritual world which I was never aware of until I surrendered to your teachings about the eternal world. I was lost in the material world and was seeking happiness and love from each and every human being which was never ever fulfilled, and I kept on wandering in the material world birth after birth.

I am coming to ISKCON from last 3 months.

After attending "YFH" I have started to chant Hare Krishna Maha mantra, now I am chanting one round daily.

After started to chant I am feeling positive results in self control.

I will continue to chant I hope one day I will have full self control and realisation of Bhagwan.

I pray prabhupad and Bhagwan Sri Krishna to give strength and resources to achieve my dreams.

Final humble request to Srila Prabhupad and Bhagwan is to give Mukti.

So always be merciful upon this fallen soul, you have been my only savior from this darkest well of materialistic life which is full of suffering and forgetfulness of the relationship of Krishna in the form of your divine instructions passed on through your dedicated disciples and books.

I pray that you strengthen my mind in hearing my japa and bless me to follow all the regulative principles, so that I get the strength to practice and preach.

Dear Srila Prabhupada,

My humble obiesances at Your Lotus feet, Hare Krishna,

It all started just few years ago, when I was completing my bachelor's degree. Ultra fast life with colossal task on each corner; day in- day out. It is certainly true that we are lost in this superficial material world, misleading us to the omnipotent but pernicious circumstances. There was a sheer sense of astray until I tasted close-knit nectar of Bhagvad Gita. Bhagvad Gita, a true inner purpose to our peripheral activities. It is a sheer realization of our existence and role in this chaotic world. For me it has become my Guru, Srila Prabhupada , my philosopher, my guide. The joy one gets by following

Bhagvad Gita is unprecedented and Your Divine grace Srila Prabhupada is epitome of all. It has been said by someone wisely that, we all are students and developing through learning is our true nature. I am not an exception to that, Your Divine Grace Srila Prabhupada taught me many things; one of which is persistence. His drive for the greater cause is simply supreme. You see such great personalities and suddenly you realize how small our problems are.

Making my way towards the ending, I would like to extend my humble gratitude to You Srila Prabhupada who's blessings are always with me.

Your Servant Bhakta Shashank P

My Dear Divine Srila Prabhupada,

Oh revered one, the most exalted and highest spiritual master in all spheres, All glories to You. Oh master, the most merciful, deliverer of sinners, fountain head of absolute Knowledge & Truth, Oh the most dearest to Supreme personality of Godhead Sri Sri Radha Krishna, redeemer, saviour of the whole world, I humbly bow down to your lotus feet. In this material world without you I am lost in darkness but by your causeless mercy , you deliver the most fallen souls , hence I beg you for your mercy on this most auspicious day to help me surrender at your lotus feet. In your divine Leela you have made the hippies in to devotees, oh Guru deva when will I be fortunate like them? Guru deva I seek your guidance in every step of walk in my life just like a loving father guides his ignorant child. Kindly bestow your mercy on me such that I am able to follow 4 regulative principles nicely & chant auspicious divine Maha Mantra-

Dear Srila Prabhupada,

Please accept my respectful obeisance's unto your lotus feet.

On this auspicious occasion of Vyasa Puja, I would like to express my heartfelt gratitude to you for blessing me with your causeless mercy by bringing me in contact with the movement of Krishna Consciousness. I would like to thank you for blessing us with the Hare Krishna Maha-mantra, enlightening us with its meaning, and also giving us the initial taste for chanting, so that we could embark on our journey in Krishna consciousness. In my limited journey on this path I only realized one thing, that the understanding and taste for such spiritual knowledge cannot be achieved by any amount of material efforts, unless one has the mercy of the spiritual master. I would like to thank you for blessing us with the opportunities to render practical devotional services for the pleasure of the Lord, even though we are not at all qualified for it.

By your relentless efforts, your vision into the future and your causeless mercy upon the conditioned souls, you envisioned and started the movement of Krishna Consciousness, which is deeply impacting the lives of millions of living beings and helping us understand the true purpose of human form of life - "To attain love of Godhead". Even though you are not physically present with us in this material world, your instructions in the form of books and lectures make us feel your presence every moment, and inspire us to advance in our spiritual lives. Please continue to shower your blessings and causeless mercy upon this conditioned fallen soul, for there is nothing other than the shelter of your lotus feet that can help us stay focused and disciplined in our spiritual life.

Words are not enough for us to express the gratitude and reverence for your mercy upon us. On this special day I beg your lotus feet to give me an opportunity to be servant of your servants forever eternally.

O spiritual master, Hare Krishna

Please accept my respectful and humble obeisance at your lotus feet. Please bestow some mercy on me on the auspicious occasion of appearance day of your divine grace.

You are the person in whose direction we can easily attain the eternal abode of Krishna which is not easily possible for yogis who have done so much tapasya. You simply distributed the message of Godhead all over the world to save all living entities from the clutches of birth and death and to attain the abode of Krishna which is blissful and eternal.

So many messengers came, distributed Krishna Prema and went back to Krishna. But, you spread Krishna consciousness all over the world by preaching, by writing books, by conducting kirtans & festivals everywhere you went. You proved that wherever a pure devotee of Krishna goes, that land becomes purified and devotee transforms all hippies into devotees and makes that land as Krishna dhama(temple).

You have not disappeared, I feel that you are eternally living in the form of your books, teachings, your messages, kirtans. You showed us the path of living Krishna consciously in this material world by living like that

I would like to ask you that "please show some mercy and Krishna prema on this rascal and please lead me to Krishna"

Respected father,

After twelve long years, I can say without a shadow of doubt that this charade has gone on for far too long.

You have blessed me with everything I wished for—a residence very close to a veritable treasure house that is ISKCON Bangalore, an extremely sincere and serious devotee wife, parents who urge me take up Krishna consciousness seriously, a friends and relatives who are devotees who inspire devotion by their mere presence. Yet I do not waver and continue steadfastly with the life that is nothing but an explicit mockery of the spiritual standards You left us.

I've made a ritual of fervently apologizing for my shortcomings. But this act has become evidently stale and insincere. I am but a perfect personification of the “Amar jivana” song written by Srila Bhaktivinoda Thakur. Unlike Him however in my case the purport of the song is an irrefutable fact not an exercise in humility. Thank you dear master, for I truly am amazed at your incessant mercy upon someone despicable like me and grateful for your patience with me. However I finally feel this vicious cycle must end. Please help me end this charade.

Your most despicable son, Bhakta Shiva.R

Dear Srila Prabhupada,

Please accept my humble obeisance's at the dust of your lotus feet.

I have been worshiping and admiring Lord Krishna since I started existing but coming to Krishna consciousness gave me a totally different atmosphere and real reason to have devotion for the Lord. I was fortunate to be brought to this pure atmosphere and stay in the company of other very nice devotees at Folk Residency by my friend. I have started realizing the importance of discipline and determination.

I like the culture in FOLK residency. I found that Your books and lectures are very deep and they are very valuable assets in the form of Your blessings to the world. In this multi-dimensional culture where music, art, debate, etc are supported I find myself growing in my spiritual life. I am very thankful to all the devotees and friends who are a part of this journey. I am very blessed and thankful to You for allowing me to learn about You even being a great Guru of the whole world. I offer my sincere obeisance's to You Srila Prabhupada. Thank you so much.

Dear Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

I am fortunate to have the opportunity this year to express my gratitude towards you and the devotees in the Hare Krishna Movement. It was around 2 years ago that I came in touch with the movement fortuitously. A devotee invited me to attend the Yoga For Happiness program at ISKCON Bangalore on my way out from the temple. I wonder how different my life today would be had he not invited me to attend the program.

In these 2 years of my association, this spiritually thirsty soul quenched his thirst to a great extent through harinam sankirtana, association with devotees, book reading, chanting, prasadam and all the various practices established by you. At the point of writing this, I am at a crucial junction in my life as I am headed to the United States of America for higher studies. I fear that the seed of bhakti that has been cultivated in the past 2 years may not cultivate

further due to lack of association. Hence, I pray to you and Krishna that my love for Harinam Sankirtana stays alive and grows further in the very country where the movement started.

There are some things in the books that I find hard to digest given my background of modern scientific upbringing. I pray that I gain clarity in those subjects too. Further, I pray that my taste for chanting the holy name enhances, which at times dwindles. The university I am headed to hardly has any devotees. I pray that your message of Krishna Consciousness reaches more people there and that my seed of bhakti stays alive and grows further with the association of genuine senior devotees.

Thank you for your merciful blessing.

Dear Srila Prabhupada,

Please accept my respectful and humble obeisance on this most auspicious appearance day of Your Divine Grace.

Prabhupada, I am indebted to you forever for bestowing your causeless mercy upon me. Still, I wonder why you have given me this great opportunity to be a part of your mission even though I'm so undeserving. I was like a Mrigari wandering without giving any importance to this valuable human life. It's because of your unimaginable mercy, I got the association of devotees guiding me towards self-realization.

Please accept me, Prabhupada, as your disciple and allow me to engage in your service. I have no intelligence to understand the transcendental knowledge, please make me eligible and purify my consciousness. As it is said in Guru Vandana please be merciful unto me and give me the shade of your lotus feet. When I hear your pastimes, I wonder how you are causelessly merciful to your disciples and the love you shared is impossible to exhibit by any other person. Mukunda dasa writes in the book Science of Self Realization on "who is Srila Prabhupada?" as "At various times people have called him a scholar, a philosopher, a cultural ambassador, a prolific author, a religious leader, a spiritual teacher, a social critic, and a holy man. In truth, he was all these things and more". We can easily relate all these qualities from your pastimes.

Thank you, Prabhupada for guiding me from your authorities to stay connected to you.

All Glories to Srila Prabhupad

I pay my respectful obeisances unto your lotus feet with utmost humbleness and gratitude.

Oh! Gurudeva, how merciful you are. I see no one like you in the past, present or future. How glorious is your life, which in itself is a pastime of Radha and Krishna combined. You were always prepared to serve the Lord in any circumstance and at any place. My bodily hairs stand up straight when I hear about your tireless service towards the Supreme goal of Lord Chaitanya and fulfillment of the desire of Srila Bhakthi Siddhantha Saraswathi Maharaj.

Your purity and humility in narrating the Leelas of Sri Krishna melts even the stone hearted people of Kali yuga. You are the real parivraajakaacharya who didn't stick to any particular holy place or temple, yet purified the whole world by touching down your divine feet. Organized the grand Jagannath Ratha Yatra and sincere deity worship by properly enlightening your disciples. I am proud to be a disciple of your divine grace who showers unconditional

love of Nithyaananda to all beings and sowing a seed of Bhakthi to one and all those who come in touch with your Vani and Vapu.

Please give me more association of your pure disciples so that I can experience permanent enlightenment all through my life in this world of darkness. Please constantly engage whole of my family in the service of your mission and guide us through your Vani by sitting in our hearts to attain perfection in Krishna consciousness. Dandavat pranams to your lotus feet and all the Vaishnavas for sheltering this fallen soul.

Thanking you.,

Dear Srila Prabhupada,

I visited ISKCON in Bengaluru for the first time with my parents. After that, I came in contact with ISKCON through FOLK. There I understood that spiritual knowledge is more important than anything else.

I wanted to do theater acting which I got to follow through ISKCON. I got to meet an amazing group of people with various talents. The respect, the devotees give to each other, is impressive.

Thanks a lot for providing this beautiful space for us.

Humble obeisance to Srila Prabhupad.

My feelings for Him would always be short of words for the kind of selfless service He has rendered to elevate us. Always felt fortunate to be in association with the pious souls. There is a divine connection that I have always felt in my life and that saves me. Even though am fallen but feel this connection saves me getting further degraded.

Can handle the up and downs of the material life better, believe that it is only because of this knowledge that I have been able to stay comparatively calm and see the bigger picture and the real essence of life.

My heartfelt gratitude to Srila Prabhupad and His disciples who by their kind association try to help the fallen soul like me.

Dandwat pranaam to Srila Prabhupad, Hare Krishna

Bhaktha Shobhit Trivedi

Bhakta Shravan Kumar

Dear Srila Prabhupada,

I offer my respectful obeisance's unto my spiritual master, who has opened my eyes, which were blinded by the darkness of ignorance, with the torchlight of knowledge.

I offer my respectful obeisance's unto His Divine Grace A. C. Bhaktivedanta Swami Prabhupāda, who is very dear to Lord Kṛṣṇa, having taken shelter at His lotus feet. Our respectful obeisance's are unto You, O spiritual master, servant of Sarasvatī Gosvāmī. You are kindly preaching the message of Lord Caitanyadeva and delivering the Western countries, which are filled with impersonalism and voidism.

I have been introduced to KC for some time now, influence of Your Divine Grace in my spiritual growth exists right from the beginning of my KC but it was more effective when I read about Your lilamrita book. One such incident which influenced me a lot was "It was during the evening of November 14, the Kaviraja asked him, "Is there anything You want?" and Prabhupada replied faintly, kuch iccha nahi: "I have no desire". This statement from Prabhupada made me so emotional.

I regret myself every time for not following the simple rules (no meat eating, no intoxication, no gambling and no illicit sex) which was prescribed by You, I'm very much frustrated, sinful, adversely affected conditioned soul. Please shower me Your causeless mercy on this insignificant soul, so that I chant the holy name more attentively and read Your books with utmost dedication.

I know chanting, hearing, reading, participating in kirtan & associating with devotees are the only process through which I can attain the supreme abode of Krishna. But due to the material bondage, I could not find any bala in following all those practices. Prabhupada, I take this as a special occasion and beg to Your lotus feet, please consider this frivolous soul as a disciple and instruct me through Your books.

Neither I have realized the philosophy of KC nor the great sacrifices done by all the Acharyas, Vaishnavas. Please get me out of this breakneck situation of Maya. I want to follow Krishna consciousness process sincerely but couldn't able to practice due to material entanglements. Prabhupada, my only desire in life is to serve all the Vaishnavas with utmost sincerity and bless me with all the tolerance in executing all Your instructions by proper discipline.

Your insignificant servant, Bhaktha Shravan Kumar

Bhakta Shree Ram

Dear SRILA PRABHUPADA,

Please accept my humble obeisance at your lotus feet which can deliver most sinful of men.

It is said in the shastras that

om ajṣāna-timirāndhasya jṣānāṣjana-śalākayā

cakṣur unmīlitaṁ yena tasmai śrī-gurave namaḥ

which means that- "I was born in the darkest ignorance, and my spiritual master opened my eyes with the torch of knowledge. I offer my respectful obeisances unto him."

It is so true that whenever I encounter this verse I remember your mercy unto me but still I am not able to serve your lotus feet therefore I beg your mercy so I can come out of illusion and can serve guru and Krishna without any material motive.

PRABHUPADA, we are blessed to have devotees association, kirtans, prasadam ,deity darshans and it is all your causeless mercy upon us that we are experincing these blissful moments because your lotus feet are shelter for all of us and we are being protected by you always.

PRABHUPADA, you gave us this purest holy name and told us that there is no difference between Krishna and His name. You told us about our home "GOLOKA VRINDAVAN" and my relationship with KRISHNA which I have forgotten.

PRABHUPADA, I was trying to be the master of everyone life after life but you mercifully told that my true position as servant of KRISHNA.

PRABHUPADA, you gave us the most confidential and necterian knowledge through your books which is the only solution for all humanity .

It is said in the shastras that Bhagavatam is meant for PARAMHAMSA'S and I am fully sure I am not one of them but still by your merciful glance we are enjoying ever blissful pastime of Lord Krishna.

PRABHUPADA, you have given us so many spiritual things but we don't have any inclination towards your instructions. So please PRABHUPADA give me shelter under your lotus feet.

It is said

mukam karoti vachalam pangum langhayate girim

yat-kripa tam aham vande shri-gurum dina-taranam

"I offer my respectful obeisances unto my spiritual master, the deliverer of the fallen souls. His mercy turns the dumb into eloquent speakers and enables the lame to cross mountains."

My condition is same as of dumb and lame man because neither I can see the spiritual bliss nor I am able to walk on instructions which are given by you so my only hope is your causeless mercy on this fallen soul.

PRABHUPADA, please give me strength to chant holy name attentively and without offences .

PRABHUPADA, please give me strength to follow your instructions rigidly.

PRABHPADA, please give me the strength to carryout your mission to spread this holy name.

PRABHUPADA, please bless me with service attitude which you have towards your guru maharaj.

PRABHUPADA, I can't describe your causeless mercy with these few words and insignificant tongue.

So PRABHUPADA, there is a long way to go on this spiritual journey but we know by your grace we will reach to our final destiny "back to home, back to KRISHNA".

So thankyou so much for a new life, PRABHUPADA.

Hare Krishna Prabhu,

Please accept this as my Vyasa Puja offering.

Dear Srila Prabhupada,

I could have got lost in the complexity of Life, but it is only because of your causeless mercy, I have somewhat understood the true essence of Life. It is only because of your association through vani and books, I have come to a stage where I can appreciate Krishna Consciousness as the solution to all the problems in my life. The aspiration of daily chanting in brahma muhurt, which is inculcated in me is only by your teachings. You have transformed me from a night owl to an early bird. Whatever little humanly qualities I have gained, is all by your association in your books. I don't even realize how indebted I am at your lotus feet. Unfortunately, I have minimal attraction towards you and in rendering service unto you. Hence, I humbly pray unto your lotus feet to please enable me to study your books and implement your teachings in my day to day life.

Inspired by your relentless efforts in publishing books and "Back to Godhead" magazines, even I aspire to render service under the guidance of devotees by publishing a magazine for FOLK. I shall pray unto your lotus feet to bless us with guidance, strength and intelligence to release the magazine in a great grandeur on Shri Krishna Janmashtami, Sept 2, 2018. Please accept our humble attempts as an offering while serving your mission. Please bless me with remembrance of your lotus feet and please bless me with service at your lotus feet, if you so will. Please bless me to take up your instructions very seriously and make your mission as my life and soul. Thank you for everything!

All glories to Srila Prabhupada! Jai Jagannath!

Sincerely,

Dear Srila Prabhupada,

Please accept my humble obeisance's

The day I was told about Krishna Consciousness by a friend around 9 years back, I was hesitant as being a Jain to participate. But, somehow my heart didn't stop out of fear, but kept moving to attend the session. What I found that day is the most beautiful and truest of friend "Krishna".

After that day I was never alone, fear never stops me doing something I want to do. I have the answers, strength inside my heart in Krishna's presence to move ahead and keep moving.

In all the ups and downs of life and in the journey of self, I have found the voice of Krishna always with me. Have found the best of friends, Krishna. All these are because of Your blessings, Srila Prabhupada!

Srila Prabhupada, I thank You for giving the world the path to meet their best friend Sri Sri Radha Krishna through Your organization, ISKCON.

I also want to thank Your disciples who have limitless patience to keep bringing people like me back to Krishna Consciousness, if we get deviated.

Thanks a million for having me a part of Your movement, Srila Prabhupada!

2. Guru is the ultimate way to reach Krishna.
3. Even in such old age you traveled around the world and spread the Hare Krishna movement.
4. Full faith and devotion towards Krishna.
5. If we want to be happy in this material world the only means is hare krishna mahamantra. There is no other way. There is no other way.

I bow to your lotus feet with great awe and reverence please guide me and help me in chanting the holy name.

Dear Srila Prabhupada,

Please accept dandavat pranaam unto your lotus feet.

I am one of the most fallen soul who got an opportunity to come in touch with your teaching through ISKCON Bangalore centre. ISKCON has changed my life as what I see rather than what we perceive by our limited understanding. Your books are so awesome/logical and practical that I am thrilled by the analogy and explanations. It shakes us to understand the importance of human form of life which is so rare and valuable.

As I could not join temple and serve the movement full time, I decided to join The Akshayapatra Foundation, so that I could do some service through day to day activities and whatever limited skills Krishna has given me.

I am planning for initiation in next year. Please accept me so I can become a part of Chaitanya Mahaprabhu's mission

I read daily pastime we receive in mailbox. It opens our eyes as to what all you went through to set-up the institution for the cause of humanity.

Srila Prabhupada was always ready for any service for the Lord. This inspires me that when Prabhupada can be always ready at such an advanced age, then why not we at this age. It is all due to Prabhupada books and devotee's association that I got the meaning to this life.

If I have sincere desire to do a service, I have personally seen that Krishna and Prabhupada will make it happen in spite of all challenges which we see in material world. With his Grace, I am somehow devoted to the temple services as and when required and look forward to do the same for the whole life.

Hare Krishna.

Dear Srila Prabhupada.

Please accept my humble obeisances in your lotus feet. I am very fortunate to come in contact with you by Lord's mercy.

After coming in touch with Krishna consciousness, I left many bad habits and started chanting of the Hare Krishna Mahamantra. It is because of your mercy that I am getting the association of devotees at ISKCON. Started reading Bhagavad-Gita and try to progress in spiritual life. Your contribution to the society is invaluable. At old age you struggled so hard for us by writing and translating timeless Vedic wisdom through Bhagavad Gita and other books. For these important scriptures you have given word-for-word meaning, translation and purport of each verse. Please bless me so I can practice Krishna Consciousness very seriously and follow your teachings.

Dear Srila Prabhupada,

Please accept my humble obeisance into the dust of your lotus feet and all glory to your divine grace.

It's been a year filled with changes since my surrender to this divine power. As of now, I am in contact with your societies folk guide, who have been a tremendous source of enlightenment to me. I have been devotedly practicing the chanting of Maha mantra which changed a lot in my life.

Reading the Srimad Bhagavatam in one of the purports I came across an instruction wherein you have said that "One can attain to the highest perfection of life simply by attentive hearing of the transcendental pastimes of the Lord from the right sources, as Śrī Nārada heard them from the pure devotee (bhakti-vedāntas) in his previous life." This was a very important instruction for me to change the way of seeing things. I started reading Srimad Bhagavatam

me became more closer to lord . Started practicing karma yoga and bhakti yoga after attending yoga for consciousness .

Weekly programme by your society are perfect for an individual where he can get away from all his life style n totally dedicate himself in lotus feet of Sri Krishna .

sravanam kirtanam vishnoh smaranam pada-sevanam

"Chanting of the holy name of the Lord, his form, qualities and paraphernalia and pastimes , serving the lotus feet.

At last just want to say guide me on this tough road so that I can give my meaningless life for your movement and Lord Chaitanya's message and can became a servant of servants a devotee of Lord Sri Krishna and your disciple.

A fallen soul seeking the shelter of your feet

Dear Srila Prabhupada,

Please accept my humble obeisance.

Srila Prabhupada, Your mercy has been immense upon me. Though I had started the quest for Spiritual knowledge. I had not understood the right and authentic path to acquire it . The day I came in touch with You, You showered Your mercy upon me and You slowly brought me out of the ignorance that had prevailed upon me.

Now I have learnt about the philosophy of Krishna Consciousness, I still fail to follow it rigidly. I do not have the proper anushthana still in me. I beg You to please help me develop this so that I may not ruin the rest of this precious human life. Who knows, when I would get it again if I lose this opportunity.

Time and again I resolve to move in this direction but fail again and again. I beg You to kindly help me develop the spiritual strength to rigidly follow the principles of Krishna Consciousness.

As I hear from other great acharayas in our parampara that only knowing the philosophy is not enough, to practice this one has to be immensely blessed by his spiritual master. I beg You to Kindly be merciful upon me.

Dear Srila Prabhupada, Your pastime on this earthly planet is eternally inspiring. The struggle and sacrifices that You have made to spread the message and glories of Lord Chaitanya Mahaparbhu has always inspired me and the moment I remember that I feel my struggle to follow on the path of Krishna Consciousness is insignificant.

Though I many times feel left out, without positive Krishna Conscious association, You kindle a new ray of hope and bestow Your mercy and lead me further. I beg You to please establish me in positive association of devotees so that I may be able to rigidly and enthusiastically follow the principles of Krishna consciousness.

Dear Srila Prabhupada,

Please accept my humble obeisances.

- As from childhood by reading science I was in the impression that God doesn't exist or might be not much aware of the divine.
- With time I was confused and unhappy within and not sure what is life and why I am lonely.
- With Time by reading Prabhupada and listening lectures also an association of devotees it changed my thought
- Now I feel the presence of the divine in every moment with my dear Lord Krishna.
- I feel he is always there and try to attract me but due to my ignorance and material attachment, I could not get connected before.
- Sometimes I feel, I could be in the Path before though I had changed and felt guilty about it
- But my guilt goes by listening Prabhupada that Krishna accepts everyone who calls him there is no late for the Bhakti path.
- Sri Gauranga is so merciful and loving my hearts always bows down on lotus feet because of his grace in my life
- Hope all of us Join Krishna consciousness then we again enter to Ramarajya.

Dear Srila Prabhupada,

Please accept my humble obeisance

Another year has passed in my stay at FOLK Residency and by Your mercy I am getting opportunity in every festival to render practical devotional service.

After Janmashtami the most awaited major event was Book Marathon and I was very much excited to get a good no of contacts for Folk programs. Every time I go for book distribution my dependency and faith was increasing more and more and this was possible when i started preaching to the general crowd because it is practically impossible to bring a soul to You who doesn't have Your mercy.

And then there was a FOLK trip to Sri Mayapur Dham. In association with the devotees in the Dham and especially with Your sincere disciples' association where they quoted some verses of Chaitanya Charitamrita. One of them was this verse which I could not forget, it was always running in my head. The verse says:

prabhu kahe,

vaishnavera seva nama sankirtana

dui kare, shighra sri krishna charana

which means, The Lord said, You should engage Yourself in the service of the servants of Krishna and always chant the holy name of Krishna. If You do these two things, very soon You will attain shelter at Krishna's lotus feet.

After that, I am always trying to serve devotees more and more so that I can quickly achieve the lotus feet of the Lord. But all these will never be possible unless I get Your blessings.

Please bless me so that I can serve the Vaishnavas more and more.

Because of lot of material desires and contamination, I am unable to read Your books every day. My humble request to You is to help me in this regard and inspire me to read Your books every day without missing.

I pray at Your lotus feet to help me in following the regulative principles and make me chanting 16 good rounds every day.

All glories to you, Srila Prabhupada. You are the dearest servant of Śrīla Bhaktisiddhānta Sarasvatī Ṭhākura because, in spite of all personal difficulties, you have taken his order to preach Krishna consciousness all over the world as your life and soul. You are showing us by example how to advance in Krishna consciousness. Give everything to the spiritual master and the spiritual master will give you everything-Krishna

I thank you very much for bringing me to Krishna consciousness and request you to hold me tightly in this movement for so many years without contributing anything to this movement. I am very much thankful for Your causeless mercy on me.

Dear Srila Prabhupada, I beg your mercy from the core of my heart to let me chant the Holy name of Krishna with utmost attention and effectiveness so that I can make significant spiritual progress in this life! Dear Srila Prabhupada, you are as Good as God and the most confidential servant of Lord Krishna, so please bless me so that I can engage more and more in your's and your disciple's service. I beg your forgiveness upon this fallen soul for having committed offenses at your lotus feet knowing or unknowingly. Be merciful to me so that I may never commit any offenses at the lotus feet or any Vaishnavas and I should be always ready and eager to serve them

wholeheartedly. Srila Prabhupada, it is my humble request, to always please me always in your service and bless me so that I can chant nicely and follow the four regulative principles.

Dear Srila Prabhupada,

Please accept my submissive obeisance. All glories to Srila Prabhupada. All glories to You on this auspicious day of Your Vyasa puja.

Srila Prabhupada you are so benign that without any reason You are giving the knowledge of Krishna consciousness to this ignorant child. My nature, my behavior has been changing from last five months when I started chanting the holy name of God and came into contact with the devotion and it is changing day by day and I am gaining more and more in Krishna consciousness. By chanting the holy name of God, I feel energized and my mind becomes calm.

O my spiritual master, please keep your merciful vision on this ignorant and fallen soul and help me not forget Krishna and to increase knowledge in Krishna consciousness. I am living in ignorance and do not have much intelligence to serve Lord Krishna, so please pardon me for my mistakes. I am very thankful to You for giving me Krishna consciousness at this earlier stage.

Dear Srila Prabhupada,

Please accept my humble obeisances.

I was in darkest place in this material world and my life was full of problems and many things. But after coming to know about you, my way of life changed slowly and I feel that I did not come to you but it is you only who picked me from this material world. I can not return whatever things you gave to me till now but I will try to serve you and your organisation until my last stage.

Material people may have lots of money and luxurious life but real happiness is what one can understand by following your rules. Because of your mercy only, I am able to chant 16 rounds daily and getting opportunity to serve Krishna. Please bless me always and never leave me at any cost because my life without you is nothing.

Dear Srila Prabhupada,

Please accept my humble obeisance.

I want to thank you from the core of my heart for being there for me whenever I needed you. I have always made you upset with my behaviour and the reasons are countless, for example, I broke my promise to you about chanting every day. But Gurudev, even when I failed you, not only once by many times but still, you are not ashamed of me. In my last Vyasa Puja offering to you, I have told you that I am so blessed to get your guidance, but my actions

always say otherwise. You might think that I don't love you or I am not concerned about you, but I want to tell you that it is not like that, I love you more but I am unable to convert this into actions, maybe because I started loving my desires more.

Gurudev, please help me in removing all fears and desires from my mind so that I can concentrate on the much better way in Lord's service. Please give me strength so that I can fight with Maya and my desires. I don't want to lose you. Please help me before it's too late. Please request Lord to give me intelligence for carrying out devotional service seriously. You have always been there for everyone.

Please save me Gurudev

Dear Srila Prabhupada,

I offer my respectful obeisances unto His Divine Grace A.C. Bhaktivedanta Swami Prabhupada, who is very dear to Lord Krishna on this earth, having taken shelter at His lotus feet.

Srila Prabhupada I have no knowledge of spiritual world and Krishna. I am so foolish that neither I know about myself. Even after getting knowledge that I am a soul, part and parcel of Krishna and not this lump of matter my senses are so blunt that I don't have the actual realization of this. But by Your causeless mercy only can I understand these eternal truths otherwise these are just informations stored in my mind.

Sometimes My mind and nature are going against the true knowledge of spirit and its ideal behaviour.

Please protect me from vaishnav aparadha or any kind of offence against devotee.

Dear Srila Prabhupada,

My hearty Pranam to your Lotus feet.

One day I met the Devotees in Bangalore. They suggested me to come and do meditation and to attend the folk programs. I learned about how we should maintain a good relationship which is so important in daily life, I came to know about spiritual knowledge and personal development programs. They gave motivation to take a right decision to come up in life and how to overcome from stress and other things also. I am very thankful to Iskcon temple to organize the program for youth and it will help the youth lead a right path.

Hare Krishna.

Dear Srila Prabhupada,

It would not possible otherwise. you have given me the spiritual intelligence to understand the philosophy.

Your humble servant, Bhakta Sravan

Dear Srila Prabhupada,

Please accept my humble and respectable obeisance's to your lotus feet.

Dear Prabhupada, I have no eligibility to tell about your glories and do not have many words to write about your grace. I am trying to learn what is absolute truth from you. As Bhagavad Gita stated.

*tad viddhi praṇipātena paripraśnena sevayā
upadekṣyanti te jñānaṁ jñāninas tattva-darśinaḥ*

“Just try to learn the truth by approaching a spiritual master. Inquire from him submissively and render service unto him. The self-realized soul can impart knowledge unto you because he has seen the truth.”

Dear Prabhupada, you are the inspiration for millions of people in this world, you have come to this world to teach and spread the message of Krishna consciousness. On this process you have taken lot of pain and risk in your life. You went to western world to spread message of Krishna and Chaitanya maha prabhu teachings. After knowing all these past times, I question myself, why Prabhupada bared all these sufferings for whom. The ultimate answer I found is “you want every living entity should engage in service of Guru and Gauranga and go back to godhead.” You have taught us the process how to go back to godhead and nothing left confusion. After knowing all your sacrifices and your efforts, realized giving less importance or compromising in Sadhana is not at all acceptable.

I am fallen soul and trying to purify and render in service with your mercy. Year after year we trying to improve our Sadhana and following your instructions. To become energetic we are supplying food to this material body. Similarly I understand, to be sincere and strong in Krishna consciousness, we have to chant Hare Krishna maha mantra loudly and attentively 16 rounds. In this process of the sound vibration Krishna is entering in to our body thru ears and mouth and residing in all our body, To give guidance and protection every moment. I strongly believe this is the only medicine to purify our consciousness at any circumstances. In general we use the word “PERMANENT”, this is a comical word in English, I realized that nothing is permanent, except transcendental knowledge and Bhakti. When I have any mental speculations due to material nature day to day life interactions or circumstances, after hearing Srimad Bhagavatam clarifies and educates us how to receive the situation. This is because of your mercy and you are guiding the even fallen souls who are just in touch with ISKCON, nothing majorly contributed to your moment. This shows how kind you are with the devotees who have faith on you. You taught us your mission, vision, goal and objective clearly, only things left is my endeavor. Prabhupada i will follow your instructions and try to spread your teachings my best.

Dear Prabhupada, you are Jagat-guru the universal spiritual master, please forgive me the offences i have committed knowingly or unknowingly. My humble obeisances to all the Vaishnava Devotees, who have contributed to your moment. I wish life after life you are my spiritual master and savior. Please bless me to be serious in sadhana and render in unalloyed service at your feet, literally begging...

Your last bench student, trying to become good disciple someday...

Dear Srila Prabhupada,

Before come in touch with Krishna Consciousness I was one among the material insects but You lifted me from this ocean of nescience (bhavabdi) this I can realized by myself.

There was a time I was preparing for civil service examination and had intense desire to serve society. I thought that Manava Seve Madhava Seve.

I amazed that You understood my desire to serve the society for that You showed the platform of Akshaya Patra which was Your dream of feeding a child.

Now I am realizing that my desires are not mine but desires of You and Krishna.

I am very happy that I am building my spiritual strength in institution set by Your servant.

So I beg in You and Krishna please please please please please empower me with Your spiritual blessings, for that I am ready to become stick in Your mission.

Where are You now? I know that You are there with Radha and Krishna in Their kingdom.

I know that You are here in Your words as instruction.

Now I understand that life doesn't end when the skin ends;

You made me see that the body is temporary but I am eternal.

Thank You for Your causeless mercy and unlimited grace and Your compassionate love

You are the Jagat-Guru the universal spiritual master and we bow down before You in thanks in gratitude in love.

I too wish to serve You with purity, love and devotion

Dear Spiritual Master A. C. Bhaktivedanta Swami Prabhupada,

My respectful obeisances are unto you, O spiritual master, servant of Sarasvati Gosvami. You are kindly preaching the message of Lord Caitanyadeva and delivering the Western countries, which are filled with impersonalism and voidism. I thank you for opening my closed eyes which were filled with ignorance with torch of knowledge. I thank you for letting me know the real eternal father which I had forgotten due to my bad deeds.

Without you I would be blind person with ignorance, who is in search of light. There are lots of knowledge in the world, but you have bestowed the king of all knowledge to us. With your mercy I'm able to chant the holy name of Lord Krishna, my eternal father. Please be merciful so that I can chant the holy names throughout my life. By your grace I am able to chant 16 rounds every day and also reading your books which destroys the ignorance.

Give me more strength and knowledge so that I can become more dearer to Krishna, by reading your books and doing service. By your mercy and Vrinda devi mercy, last year I was able to visit Vrindavana. Please be merciful even this year too so that I can visit Vrindavana and be spiritually advanced.

Once again please bless me Prabhupada so that I should not forget Lord Krishna and be in Krishna consciousness always.

Dear Srila Prabhupada,

Please accept my respectful obeisances unto Your lotus feet.

On this auspicious occasion of Vyasa Puja, I would like to express my heartfelt gratitude to You for blessing me with Your causeless mercy by which I have realized the easiest way to obtain the Lotus Feet of Radha- Krishna Chandra. Thank You for blessing us with the Hare Krishna Maha-mantra and also for providing us with a Home away from home in the form of Folk Hostels. I would like to thank You for blessing us with the opportunities to render practical devotional services for the pleasure of the Lord, even though we are not at all qualified for it through these services we have got a chance to come closer to Radha-Krishna for which I am really grateful.

Please continue to shower Your blessings and causeless mercy upon this conditioned fallen soul, for there is nothing other than the shelter of Your lotus feet that can help us stay focused and disciplined in our spiritual life. Words are not enough for us to express the gratitude and reverence for Your mercy upon us.

Srila Prabhupada,

Please accept my humble obeisances at Your lotus feet.

In this kali yuga, I had a chance with Your disciples, I was fallen and in deep distress in my life. Your guidance and instructions, through Your books and institution ISKCON has opened my eyes.

Prabhupada, You are an ocean of mercy, I can understand that. I was having bad habits, unwanted association. Even though I am not qualified and unfit, I am able to hear Srimad Bhagavatam lectures which is amalapurana, apaurusheya.

I have been given the opportunity to read about Your teachings, hearing lectures, preaching to others, service, book distribution, eating Krishna prasadam, chanting and association with Your devotees. So what else, I and my family want. This is more than vaikuntha.

I came to know the real meaning of Bhakti. I know You are guiding me every day in my life in various ways. I have found the real purpose in my life. I bow down to You and I beg at Your lotus feet. Please do not leave me and my family in every pain.

Praying for Your guidance & Shelter

Bhakta Subodh B K

To Beloved Srila Prabhupada

I am Subodh and I am from Bangalore, I am staying here from past 20 years but I was unaware of ISKCON but when I was in college studying 7th sem of engineering, I came to know about ISKCON and firstly I attended the 'FOCUS' workshop. Here I came to know how our mind will be vulnerable to the things which are going around us. Here I learnt few tips to control our mind and focus on our work. The 2nd event in the ISKCON was 'YOGA FOR HAPPINESS' workshop. Here I learnt four principles i.e ABCD: A for Association, B for Book reading, C for chanting and D for diet, in addition to that I learnt how to give respect to elders and how to worship the God, few things about karma.

In our life we will be doing one or the other mistakes knowingly or unknowingly to liberate from those sins, we should chant 'Hare Krishna' mantra which will remove all our sins and make our mind fresh and relaxed. Later I joined to Folk club, as the name suggests FOLK: Friends of Lord Krishna, we are blessed to worship the Lord Krishna. Initially I was not able to attend few classes due to exams and project work but later I started to attend regularly on every Sundays. Every Sunday folks meet together and chant Hare Krishna mantra, there will be musical events, hangouts, good lessons to us which will give moral strength. At 6pm we all attend keerthan and dance in front of lord Krishna, at last we will have love(dinner) feast i.e prasadam. These things changed my way to worship god and changed my mind to some extent and I started to help others who are in need. All these changes happened due to HIS Divine Grace A.C Bhaktivedanta Swami Srila Prabhupada,

I am very grateful to You. Let Your blessings be on me always, I will try to change as much as possible and do good things for others. I will apologize for my mistakes for what I have done till now and I will make sure it won't repeat again. I want to be independent and look after my family for that I need Your grace and blessings. My humble request for You Is to bless me and my family.

Hare Krishna!!! Jay Srila Prabhupad!!!

I express my heartfelt Gratitude for all that You have done for me, my Beloved Spiritual Master His Divine Grace A.C. Bhaktivedanta Swami Srila Prabhupad.

I pray to Supreme Lord Krishna, Srimati RadhaRani, Nitai Gauranga & all Vaishnavas to bless to become eternally Your humble servant.

You are my ONLY Hope in this world known as Sansara Dava – Blazing Forest Fire.

Your books, Your quotes, Your videos, Your Pada (Lotus feet), Your pass times, Your wonderful disciples are the guiding light for me in my journey on planet earth to Goloka Vrindavan.

Your guiding us regarding the Yuga Dharma of chanting the Hare Krishna Mahamantra has transformed my life & inspired to be on the path to be one of Your initiated disciples.

You guided me on the path of real freedom from birth, death, old age & disease also known as Bhavarog. You provided the diet i.e. Krishna Prasadam & medicine (aushadi) i.e. chanting of the Hare Krishna Mahamantra.

You introduced us to the most merciful incarnation of the Lord as Sri Chaitanya Mahaprabhu & his associates Sri Nityanand Prabhu (The Panchatatva, the Six Goswamis..and the list goes on)

You brought us the knowledge which was hidden in Scriptures and explained it to us in simple language which we can understand. You worked day and night (not caring for Your personal physical comfort) so that the transcendental books on Krishna Consciousness be made available to one & all.

In spite of getting heart attacks on the Jaladuta ship during Your journey to America at an old age where usually people retire and live in solitude You made the words of Your Spiritual Master BhaktiSiddhant Saraswati Thakkur as Your life and soul “to spread the message of Krishna Consciousness to the western world”.

I am eternally indebted to You for all the Kripa (Mercy) that You have bestowed upon a fallen conditioned soul like me and taught us that we are all the children of the Supreme Lord Krishna & the real happiness lies in serving Guru, Krishna & Vaishnavas.

You guided me on the goal of my life,

Guru Seva, Vishnu Bhakti, Krishna Prema, Vaishanava Seva.

Your warmth and presence can be felt in the dealing with Your wonderful, dedicated disciples of ISKCON Bangalore – Hare Krishna Movement where they are following the actual initiation process of Your actual position as being the Sole Diksha Guru of ISKCON.

HG Madhu Pandit Prabhu taught me Jivera Svarup hoyo, nitya Krishna das. Kali kale nama rupe Krishna avatara. HG Sampati Prabhu taught me, whom we need to follow in life ... Guru, Sadhu & Shashtra. Since I am working in Software and projects keep changing... HG Kalakantha Prabhu guided me that the first priority in life is Krishna Consciousness project & then all other work related projects. HG Sri Vighraha Prabhu taught me that we chant the Hare Krishna Mahamantra because it is mentioned as Yuga Dharma for Kali Yug, in Kali Sankirtana Upanishad. The list goes on & on....(restricting due to 1 page limit)

Hoping to be Your humble eternal servant, (Dasanu dasunu das...hundred times downward...)

Please accept my humble obeisance's on Your lotus feet. All glories to You.

I am very fortunate to have the opportunity to write an offering to You on the auspicious day of Your appearance.

First of all, I am very thankful that I got connected to Your movement in this life. First of all, I want to express my gratitude to You today for all Your efforts and hard for setting up such a magnificent institution spanning many countries of the world, and many people of different origin are taking shelter in Your organization even to this day. Your organization has not only sheltered many people but also upheld many truths of our religion. I came to know more about Krishna consciousness through one of my colleague.

Since I've started to come I have developed a consciousness of Krishna. As the goal of the organization is to develop Krishna consciousness to all devotees, it has been very successful in my case in developing such an amazing consciousness. It has given me a new dimension to my life. I feel that I'm very very fortunate to have fallen in the hands of the wonderful organization.

Dear Srila Prabhupada,

Please accept my respectful obeisance unto Your Lotus Feet. All glories to You.

I could clearly see Your hand in my life, the way I have drastically transformed by Your causeless mercy, yet long way to go. I don't know what I would have done with my life, if You wouldn't have picked me from the garbage and placed me on this beautiful path of Krishna Consciousness. I was getting influenced by Mayawadi philosophies and was indulging in more and more sense gratification, but by Your grace, now I am fixed up in correct path.

Dear Srila Prabhupada, I never imagined that a time will come when I can chant 16 rounds daily, but only by Your mercy, I have been chanting 16 rounds daily for past 10 months. Please provide me strength to chant more attentively and consistently.

You are so merciful, Prabhupada, that even though this most fallen soul has disobeyed Your instruction multiple times, still You have been personally guiding me in the journey. I beg Your forgiveness for it. Prabhupada, please give me strength and conviction, so that I can follow Your instruction very obediently and become Your humble servant. Please Bless me so that I am constantly engaged in Chanting Hare Krishna Mahamantra, reading Your books, listening to Your lectures and rendering devotional service.

Srila Prabhupada,

I want to give all credits to the Supreme Personality of Godhead which is Lord Krishna. I have been across seas where my association with Krishna and the exuberance of living under his Dyuti diminishes and Prabhupada's efforts came to my rescue. That great man's motivation and adherence to his acharya's words got me the needed shadow when my soul was dragged out in the harshness of the menial chorus, which I had subscribed to meet my materialistic objectives.

I initially got exposed to Brahma Gaudiya sampradhayam during my first job, where me being a Sri sampradhayam follower needed a vegetarian roommate. That's when I met Amarnath Chennamaraju. He lived in LA ISKCON Ashram where we used to eat and attend Bhajans and enjoy maha prasadam. It was our Ekadasi rescuer and gave us a great sense of life.

After my marriage, I and my wife enjoyed great Satsang in NJ run by ISKCON Edison NJ. My wife loved the mahamantra more than me that helped us to keep the association going while we are still following Sri Sampradhaya. Now we are blessed with that Bhajan and Chanting next door in Bangalore making us feel that our soul would have earned some great credits in its past time.

Thanks a lot, Prabhupada, Bhakta Sundar.N

Hare Krishna,

Please accept my humble obeisances, All glories to Srila Prabhupada,

Prabhupada, You have come to my life when I was wondering without clues about what's happening in life and what is the point of life.

You have guided me as a father and friend, and shown the highest goal of human life. There is no exact way how I can show my gratitude for that.

You have given me the focus, fulfillment and the future that I can aspire for. You are true representative of Krishna, for You have shown compassion on most fallen beings on this planet.

Please engage me in Your permanent service. Jai Srila Prabhupada

Dear Srila Prabhupada,

When I first saw Your smiling face effulgent, I knew somehow there would be a place of shelter, undeserved kindness and love unconditional, for this fallen soul at Your feet.

A struggle I knew if easy would guarantee nothing. I pray each day for my sufferings, fill my heart with love and knowing, with a longing to see again Your face, so beautifully glowing.

Thank You Srila Prabhupada for saving this wretched worthless thief, my only hope one day to succeed in fulfilling Your instruction.

Your aspiring servant, Bhaktha Sunil Kumar.

Dear Srila Prabhupad,

I am (this soul) so fortunate, because of you (the spiritual master) got a chance in this human life (very important birth) to realize, to know, to understand, to follow God (Krishna)consciousness, the science of God consciousness.

You are still present with us your disciples in the form of books, the commentaries that you have given. Only because of these I am able to understand the goal of our life, the purpose of KRISHNA consciousness i.e. attending our original constitutional position or go back to our home KRISHNALOKA.

I am following your four regulative principles and thank you for giving those, I am chanting maximum/minimum rounds of chanting “HARE KRISHNA MAHA MANTRA” that is our first principle of KRISHNA conciouness.

THANK YOU very much Prabhupad.

Yours follower,

All glories to Srila Prabhupada,

I offer my respectful obeisance unto Lotus feet of my eternal spiritual master His Divine Grace A.C Bhatkivedanta Swami Prabhupada who gave me Bhakthi Latha Bija and shown the path to achieve highest goal of life that is to attain the mercy of Lord Shri Krishna.

Dear Prabhupada You are always telling that I should never die I always lives in my instructions. You took so much difficulties in Your advanced age for benefit of the fallen conditioned souls, because You came to this planet to awaken the conditioned souls and make them to remember Krishna.

There is a statement in Nectar of Instruction

A sober person who can tolerate the urge to speak, the mind's demands, the actions of anger and the urges of the tongue, belly and genitals is qualified to make disciples all over the world. So this statement is very true that Your are making disciples all over the world. According to Srimad Bhagavatam people in this age of kaliyuga are very unfortunate because they are misguided by bogus gurus and i am also unfortunate because took birth in this age but by the mercy of Your Divine Grace I am getting real knowledge.

My dear Prabhupada please give me determination that I should never leave chanting of Hare Krishna Maha mantra in any circumstances of my Life and I pray to Lord Krishna to give me required strength intelligence to serve the mission of Srila Prabhupada and strictly follow His orders.

My dear Prabhupad where ever You traveled in this planet You carried the Personality of Godhead within Your heart and You turn all places into places of pilgrimage.

I am most sinful person I am servant of my senses and I beg to Your Lotus feet with humility and sincerity You to please bestow upon me Your merciful glance, please pick this fallen soul and fix it on lotus feet of Krishna.

I never thought person like me can start practicing bhakti yoga process. It your mercy only by which my faith in Your Divine Grace and Lord Krishna is increasing. It will be my fortune if I can become part of your movement and serve you more and more in upcoming years of my life.

Dear Srila Prabhupada

Please accept my humble obesiances.

Srila Prabhupada on this day I would like to thank You for each and everything which You have done to me. It is by You I came to know Hare Krishna Maha Mantra and its glories. Because of You only everybody came to know about Vrindavan else who were aware of Vrindavan, Otherwise I was just a fool and like a demon, so by Your mercy and grace now i am little bit able to follow Your direction and instructions as the way You teach in Your books. Please bless so that I can serve Your lotus feet and of The Supreme Personality of Godhead Lord Sri Krishna.

By Your grace I am able to chant maha mantra while driving bike. As I am a food delivery boy so it's not possible to complete 16 round of beads but by Your grace and mercy i can chant more than sixteen round while driving. Your are the only greatest spiritual master I have ever seen in this world. You are the only spiritual master who have changed this darkest world into a brightest world. Please Srila Prabhupada bless me like this so i can always serve Your lotus feet and of Supreme Lord Sri Krishna.

Jai Srila Pabhupada. Jai Sri Krishna.

Dear Srila Prabhupada,

Please accept my most respectful, humble obeisance on to Your lotus feet on this most auspicious appearance day of Your Divine Grace.

Srila Prabhupada, You are the savior of the whole world, You are so merciful, in this age of Kali by Your causeless mercy You have attracted so many jivas towards Krishna. Please bestow Your causeless mercy upon me, so that I should also get attracted towards You and Krishna completely. Even though in this age of Kali Lord is personally present in his holy name, but I am so unfortunate that I don't have any attraction towards holy name. I have no taste for holy name, I have no devotion towards lord I don't know what is devotion and my mind is filled with desire for sense gratification.

O my spiritual master please help me, bestow Your causeless mercy upon me and remove the obstacles on the path of my spiritual life. So that I can overcome all these obstacles and get more and more attached to You and Lord Krishna.

Thank You so much for giving us this matchless gift of Krishna consciousness.

Your unfaithful servant, Bhakta Suraj

Dear Srila Prabhupada,

Please accept humble obeisances of an insignificant person, who in his life have never heard Your name before neither about Your mission but still I have memory of innumerable situations when I received Your causeless mercy. Gurudeva, I am not so good in philosophy neither I have good knowledge of shashtras from which I can use good words to describe Your glory like You pure disciples, but whatever I have is a heart full if gratitude and love for You and a strong determination to follow Your instructions. You are my real father who is my real well-wisher.

Father, You have put me in such a nice condition so that I can serve our lordship and You. It's Your mercy that You have guided me to such a place where I am getting association of Your disciples who dedicate their whole life just to follow Your one instruction.

By surrendering myself at Your lotus feet I feel very safe. Prabhupada, my whole life is now fully in Your control, use me like an instrument. Being like a puppet in Your hand is the success of my life.

Dear Srila Prabhupada,

Please accept my humble obeisances at Your lotus feet. All glories to Your Divine Grace. Also my sincere obeisances to all the Vaishnava devotees.

Dear Prabhupada, I am very fortunate enough for coming in contact with the Krishna Consciousness Movement which has been established by You and I am always grateful to You for choosing such a fallen soul like me and giving me an opportunity to serve the Supreme Personality of Godhead, Krishna.

It is stated in the Bhagavad Gita as it is,

*tad viddhi praṇipātena paripraśnena sevayā
upadekṣyanti te jñānam jñāninas tattva-darśinaḥ*

The most alluring aspect of Krishna consciousness Movement is Chanting Hare Krishna Maha Mantra and Sankirtana. You always urged the devotees to engage in the Kirtans which are the best part of this Movement as it cleanses our mind and soothes our heart. You have always encouraged the Chaitanya Mahaprabhu's Sankirtana Movement which is one of the ways of glorifying the Lord. You have been providing Krishna prasadam to all Your devotees which help in following regulative principles, cleansing our mind and making quick progress in Krishna Consciousness.

Srila Prabhupada, please help this fallen soul to keep practicing Krishna consciousness and I am also very thankful to You for keeping me under Your shelter and I humbly request You to engage me in Your service in future also. Please keep me under the shelter of Your lotus feet and guide this fallen soul in the right way and also give me the strength to serve the Lord.

Dear Srila Prabhupada,

Please accept my humble obeisances.

It has been a great journey with a touch of devotional service in my life and it was only because of You I got to know the value of the Human form of life. There has been ups and downs in the past while practicing devotional service.

O Srila Prabhupada, an ocean of mercy, please forgive me with all those faults I might have committed knowingly or Unknowingly. I sometimes feel that I am completely not fit to be Your follower, getting covered with temporary goals in life makes me get this thought. Probably I have been put into this situation by the will of the Lord, not being sure of whether I succeed in un-flickeringly carrying out the rules and regulations prescribed by You; I am in full need of Your mercy. There have been instances in the past that You truly saved Your disciples when they were out of their mind and got into clutches of Maya which gives me full faith in You.

Please bless me with Your mercy.

Your humble servant,

Dear Srila Prabhupada,

My heartfelt obeisance to Your holy feet.

The holy land of Bharatavarsha has seen a great number of gurus, Acharya's and yogis from time immemorial. The present Kali yuga (esp. modern time of 1800s and after) is deficient of such great personalities. By the Divine grace, we are fortunate enough to have a person like You having all the combined qualities of gurus, Acharya's and yogis. It is because of Your Divine grace that we could get enter into the ocean of divine bliss. Also the westerns could actually understand the scientific and true aspects of our religion because of You. We couldn't have known the very purpose of our life if it hadn't been brought out to the society about the real truth by You. We are really indebted to Your Divine blessings on us.

My life has changed a lot after I had come into the association of the devotees and chanting.

It's all because of the divine seed planted by You which we are enjoying the fruits now.

I really thank You for the blessings shown to me and I would request You to please apologize me for the wrong things done by my foolish mind. I humbly request You to please shower Your blessings and make me feel the divine ecstasy of serving the lord and bring back my devotion and make my life successful to reach the paramdham/ Sri Krishna in this life.

Your servant,

Bhakta Sushant Kumar padhi.

Bhakta Sushil

Dear Srila Prabhupada

Please accept my humble obeisances at your lotus feet .

Genuinely speaking, simple words are in no match to describe what you have given to me because although not inclined towards Krishna and His associates, you have pulled me from the darkness even though I was not inclined to get out of it. Such is your mercy that Krishna doesn't want to disturb anyone who is materially engrossed in sense gratification and recommends that such kinds of people must not be disturbed in their work and that one must go on undisturbed with his spiritual advancement. But you have been showing time and time again that a devotee of the lord is even more compassionate than the lord, because such a devotee approached the ignorant to engage him in the service of the lord which is the only thing beneficial for a jiva.

You have been in true sense practically demonstrating for to live the philosophy of Bhagvat Gita, which is not a mere theory but a science to be applied in daily life. Srila Prabhupada, you are such a leader that you acts and actions have been inspiring devotees through out the world and they continue to do so even in the present moment. Your life has been a practical demonstration of how to live and how to behave.

Srila Prabhupada, for a living entity residing in the aterial world from time immemorable, even to have a conviction that Krishna does exist and he is only me beneficiary is a consciousness which is almost impossible to get, but since you have such Brahma-Nishtaham that you are able to pass of this conviction to others by your books, lectures, conversaations. This is simply such a rare thing even to have the conviction of ' Nitya-Krsna-Das ei biswas' , but by your mercy you are raising the nitya-baddhas to the spiritual platform of developing this belief beyond which the spiritual life actually begins.

My Lord, initially one may seem to not understand as to how are you still present and how is it that you are still acting through your books and disciples because with the material eyes , we demand physical action to take place because such is our narrow mindedness, but by your grace and mercy only can one start to understand the bigger picture of how things shape out . Only for a devotee who has developed trust in you do you start to reveal to him how you are personally present in the system of ISKCON and that how you are really acting on the spiritual plane where even you can give instructions to your disciples from a common man because you are 'Krsna-Preshtha' and by the mercy of the Lord you are able to act with the same potency like the Lord himself.

You explain yourself that in Krsna book the spiritual mastrer is a mercy incarnation of Nityananda Prabhu and in the Bhavat Gita it is explained that you are the external manifestation of the Lord. Also your desire is what the desire of Krishna is and there is not even a slight deviation from this principle and this shows to the whole world what actually is meant by a pure devotee of the Lord since your desires are one hundred percent that of lord, you show to the whole world how can one become completely surrendered unto Krishna. Coming is the bona-fide sampradāya you are also carrying out the desires of the past Acharya's which in itself is resulting in all kinds of success to your movements.

Dear Srila Prabhupada,

Please accept my humble obeisances at Your lotus feet.

I started my spiritual journey from Rajyoga meditation, then practiced chakra meditation, then Shiv Yoga and many more ways just to understand the truth and my connection to it. But always felt an unexplained gap which kept me unsatisfied. Jai Gurudev, it was Your words of Bhagwat Geeta As It Is, which unlocked many queries of mine and transformed me from being solid like ice to water which makes me feel like flowing. Jai Gurudev, though I 'm not initiated and haven't understood the truth yet, but still I feel Your presence in my heart who is guiding me in every essence.

Thank You Gurudev, for Your mercy and making me chant Hare Krishna Maha mantra every day which is indeed making me purer and bringing me closer to You and Krishna as I feel every moment.

Thank You Srila Prabhupada for making my life easier than ever before...

Your eternal servant,

Dear Prabhupada,

My humble and respectful obeisance to Your lotus feet.

You are so merciful on fallen soul like me, by giving simplest still very powerful Hare Krishna Maha Manthra for my wellbeing. Daily I chant 12 rounds of Maha Manthra.

It is only because You established ISKCON, I am getting a chance to taste wonderful, delicious, Varieties of mouthwatering prasadam whenever I visit temple. Especially khichadi prasadam on every Sunday, after Bhagavatam class.

And by reading Your books, helps me a lot in strengthening my understanding about lord.

My friends too at school, enjoys reading small books written by You about Prahlad Maharaj and Dhruva, and I always share prasadam with them, which they love to eat.

I also love association of devotees, because of them I could visit many holy places.

It is my humble request for You to kindly encourage me continuously throughout the journey of this life.

Yours humbly, Bhakta Swaroop G Sarode

Beloved Srila Prabhupada,

"When we find our spiritual Teacher, there is the knowing or a sense of 'I have come home!' "

Please accept my deepest respectful obeisances unto Your lotus feet.

Saying this I feel extremely delighted to express my hearty gratitude to You on this special occasion of Vyasa Puja.

I always had a curiosity to know and find Krishna, but didn't knew the correct address. I was going through many crust and troughs of my life. After connecting with You, I came to the ultimate realization and felt lighter. I felt

better than I had in a long time. I cannot say my problems has been resolved but You helped me realize myself! And after I told myself I wasn't going to make the mistake that I had been making since a long time.

I wasn't going to say that I'll be grateful only if I get better and all was perfect. I was totally resolved to become a totally grateful person. Recently I saw Your documentary and everything You did inspired me with reverence. I am always thankful to You for Your immeasurable mercy and love towards me. I request You to Shower Your blessings and guide me so that I do the best in all my life aspects being in Krishna Consciousness and may I make the best use of my birth.

Concluding, being an electrical engineering student, I love to say like this..You help us to connect with God, much like the electrical socket gives us access to the power plant so our appliances can have electricity and work properly.

May the bonding between You and me be permanent as there is no other bond more sacred and permanent than that between teacher and disciple.

Dear Srila Prabhupada,

Please accept my most humble obeisances unto Your divine lotus feet.

When I was Young, I always used to think about what is the purpose of this life, I was having a lot of questions, to which I never found answers. Finally I almost lost hope, but after several years, I started finding ways to realize God, and somehow in google I got to know the importance of chanting Hare Krishna maha-mantra, and again another problem arose, I don't find any place to sit peacefully and chant Hare Krishna mantra, but once when I went to Cubbon park with my friend, one of the members of ISKCON directly invited me to the temple and the way he invited me was so lovely . Now I'm very happy to be in FOLK and more than everything I've gained perfect solutions for most of the problems.

Thank You, Prabhupada, because of You I am connected to ISKCON and am able to experience real happiness in my life because the one who invited me was also connected to You and used to glorify You, so therefore You only indirectly called me to Your world of divinity.

Dear Srila Prabhupada,

Please accept my humble obeisance's at your divine lotus feet, on this glories day.

“ tvaṁ naḥ sandarśito dhātrā, dustaraṁ nistitīṣatām;

kalim sattva-haraṁ puṁsām, karṇa-dhāra ivārṇavam; ”

“We think that we have met Your Goodness by the will of providence, just so that we may accept you as captain of the ship for those who desire to cross the difficult ocean of Kali, which deteriorates all the good qualities of a human being.” (SB-1.1.22)

Dear Srila Prabhupada, Till the time of joining, I had only read & heard your books & lectures about your description of Vaikuntha life & how everyone is satisfied simply by serving Krishna. That created a desire in me &

I always wanted to live that life in this very life time. My thoughts oscillated between the fear of leaving aside the path followed by majority of the people in the world & faith in your words that Krishna will maintain his devotee. Also, almost every lecture I listened only one thing went always in my mind. You always said, why you are suffering outside in the material world, working hard day & night all through the year. Come here sing, dance & eat Prasadam nicely everyday & finally go back home Back to Godhead.

Those words always fascinated me but somehow I could not gather the strength or to be precise I didn't get enough sraddha to implement that. That's when Krishna helped me to get the strength by making me lose hope in the material world. I started losing interest in the life that was almost like cats & dogs, running a rat life not knowing where we are running. I thought why not risk one life for Krishna like you always said. I did & now I am here, writing first Vyasa Puja offering living in Krishna's palace. This has become possible only by Your mercy & nothing else. Now all days begin with singing & dancing a life we always dream of.

After shifting to Krishna's Palace. I have strong faith on Your words. Whatever you spoken I accepted. Still I am unable to implement everything in my life. I know, I am not strong in devotion & always be with You & serve your mission in any situation. Thankyou Srila Prabhupada, please bless me to understand Krishna & preach Your Instruction to others. I am very-very happy to touch You.

Your eternal useless servant

My Dear Guru Maharaj, Srila Prabhupada,

Please accept my humble obeisances.

Before I came in touch with you, I was totally unaware about my miseries. I was suffering but I was not aware that I was suffering. You introduced me the definition of happiness which is Krishna Consciousness. By your mercy only I started realizing about my real existence that we are not this body we are spirit soul. Thank you for all that wisdom you taught me.

I was fallen, and I am so fallen right now also that even after being aware about the truth (your instructions) I am not able to follow properly. Although I do chanting but that is still in offensive stage. I read your books and I know that these books are the real source of knowledge; I know that these books are nothing but your transcendental presence through your books, but I am such a fool that I forget it after reading.

Srila Prabhupad, I know that this is also your mercy that I can understand that I am a fool who fails to understand the transcendental message of Krishna otherwise I was in the ignorance considering myself an intelligent. I know that I am living a life of an animal, but I am not able to get rid of it.

Prabhupad, please help me. I know you are so merciful that you will help me. I understand that only by service I can achieve the real knowledge and get rid of these miseries of life. I have desire to serve you. Please accept me in your service.

Dear Srila Prabhupada,

Please accept my respectful obeisances unto Your lotus feet.

On this auspicious occasion of Vyasa Puja, I would like to express my heartfelt gratitude to You for blessing me with Your causeless mercy by bringing me in contact with the movement of Krishna Consciousness. I would like to thank You for blessing us with the Hare Krishna Maha-mantra, enlightening us with its meaning, and also giving us the initial taste for chanting, so that we could embark on our journey in Krishna consciousness.

Whenever I'm into the temple or chanting Hare Krishna, I find solace. Whenever I hear Your recording of Maha mantra, my heart feels warm and it injects me with humbleness. I had been deprived of such un-explainable happiness and I found it after stepping into the temple.

I can't thank You enough, because this has been my rock strong pillar for when I was stuck in a depressed state of life.

I believe, irrespective of my circumstances in life, Hare Krishna maha-mantra will always introduce hope when I have minute chances of being happy. I thank You from the bottom of my heart!

Prabhupad is my spiritual father, Prabhupad's instructions are out of love and compassion.

I understand that whatever Prabhupad said was for my own happiness.

Without Prabhupad mercy this material disease would have been very difficult to realize.

One should choose a guru who is a great devotee and from authentic parampara.

All my doubts were clarified by Prabhupad's purports in no time. Previously I tried mayawada philosophy which always left me in doubt. Prabhupad has given a very easy and joyful process.

Prabhupad is very smart and his life is very inspiring.

The faith that Prabhupad kept on Krishna, the love that Prabhupad had for Krishna and the way he achieved the impossible task are all very inspiring. Prabhupad proved "avyasyam rakshitha Krishna" statement. Prabhupad taught me that one should not live for sense gratification and not like an animal, but real happiness is in love of godhead.

Prabhupad thought me that there is no happiness in this material world. Everything is possible when Krishna is there.

Prabhupad made me realize that Krishna is supreme lord, supreme controller and supreme well-wisher. Because of Prabhupad I am free from many anxieties in life

Dear Prabhupada,

First of all, please accept my humble obeisances unto Your feet. I am very much grateful to write a homage unto You, my Guru.

I would like to divide my life until now into two parts, one is before Your association and other after Your association. In the past few years, I have learned so many things which I wanted to learn since my childhood. My heart is getting Purified by Your teachings, the Bhagavad-Gita, Your disciple association, Prasadam, Past times of the Supreme Lord.

I have become open-minded and began to accept people as they are. I had an opportunity to visit holy places like Vrindavan, Dwaraka, Puri except for Mayapur. Please sanction me an opportunity to visit this holy place. I would love to thank You for the opportunities

Also please help me to avoid sinful activities and to stand up against the Maya.

Dear Srila Prabhupada,

I find this auspicious occasion of Vyasa Puja as a very valuable opportunity to show my humble gratitude and respect towards You, our beloved spiritual master in the pursuit of happiness, of reaching “Back to Godhead” in this age of Kali.

Your full glories may never be understood by me, but notwithstanding my limited intellect, You have initiated me in the divine Krishna Conscious Movement to spread the glories of the Supreme Lord all over the world for all the fallen souls, irrespective of all types of material differences. This speaks volumes about Your devotion to an extremely pious cause and the universal & transcendental nature of this movement.

You always preached that the association of pure devotees and devotional service to the lotus feet of the Lord are the only means to attain “Boundless Fortune” and “Invincible Armour against all Evils”.

You have given all of us the nectar of devotion for the Lord by glorifying the “Hare Krishna Maha Mantra”, not by speculation, but through the authority of the Vedic scriptures, which would otherwise be inaccessible and unknown to conditional souls like me. You taught us that a very simple and effective way to experience divine & sublime eternal joy is to be engrossed in the Holy names and pastimes of the Lord, the transcendental “Food for the Soul”.

We are a mere instrument in Your grand mission of spreading Shri Caitanya Mahaprabhu’s divine message of Krishna Consciousness.

All Glories to You & May Your blessings shower on everybody!

Your aspiring servant,

Bhakta Vedant Sonar.

Bhakta Veera Prasad

Dear Srila Prabhupada,

Please accept my most humble obeisance’s at Your Lotus feet on this most auspicious day of sacred Vyasa Puja.

It has been more than 2 years that I am hearing about Your instructions of serving God and imparting that knowledge to us by spreading Krishna consciousness. They inspire me every moment of my life.

As You said You always live in Your books, I always get inspired by Your books and speeches.

By Your mercy, I got interested in chanting, dancing, kirtans, eating Krishna Prasadam, in which I am seeking happiness every moment. Now, I am really able to experience what is real happiness. You taught me to live a good life. You taught me that I am not this body but spirit soul who is meant for seeking happiness by serving Krishna.

Dear Srila Prabhupada, I request You to fill my heart with Krishna Prema. Please help me to come out from this miseries and anxiety. Please help me to take shelter at Krishna's lotus feet, which is possible by only Your mercy.

I sincerely thank You for giving me Krishna consciousness and association of great devotees of Krishna.

Please forgive me for all the offenses that I have committed and also please keep me always engaged in Krishna's service.

Hare Krishna,

cakṣur unmīlitam yena tasmai śrī-gurave namaḥ

“I was born in the darkest ignorance, and my spiritual master opened my eyes with the torch of knowledge. I offer my respectful obeisances unto him.”

Dear Srila Prabhupada,

Accept my humble obeisances unto Your lotus feet. Thank You for giving me one more opportunity to glorify You on Your appearance day. It is a duty of a disciple to glorify and honor his spiritual master as the Supreme Lord Kṛṣṇa is honored and it is acknowledged in all revealed scriptures and followed by all authorities. Śrīla Visvanath Cakravarti Thākura writes, “sākṣād-dharitvena samasta-śāstrair uktas tathā bhāvya eva sadbhiḥ”. You are the most confidential servitor of the Lord, delivering all the conditioned souls from the clutches of māyā by establishing the mission of Sri Chaitanya Mahāprabhu through the purity of Your words and Your organization. You are the savior and spiritual master of whole world of this age, Jagadguru.

Before I joined ashram while offering flowers to You during guru puja I used to pray You that to offer me shelter unto Your lotus feet quickly. In spite of lot of obstacles I had, You made me to take the shelter unto Your lotus feet. “brahmāṇḍa brahmite kona bhāgyavān jīva

guru-kṛṣṇa-prasāde pāya bhakti-latā-bija” Out of many millions of wandering living entities, one who is very fortunate gets an opportunity to associate with a bona fide spiritual master by the grace of Kṛṣṇa. Srila Prabhupada, You have accepted me and given shelter under You by showing Your causeless mercy.

Now it is my duty to serve Your instructions as my life and soul. It is said that a disciple should not even think of going back to Godhead. His only concern should be to please his spiritual master by carrying his orders. You have asked Your spiritual master one question which is very important, “How can I serve You?” You have such an aspiring to serve Your spiritual master and have taken his order as Your life and soul and You engaged all Your disciples in serving the instruction of Your spiritual master. So, please bless me to have such an aspiring desire to serve You as You have unto Your spiritual master, having shelter under Your lotus feet eternally “mūkaṁ karoti vācāṁ paṅguṁ laṅghayate girim yat-kṛpā tam ahaṁ vande śrī-guruṁ dīna-tāraṇam” By the mercy of the guru, even a dumb man can become the greatest orator, and even a lame man can cross mountains. As advised by Lord Brahmā, one should remember this śāstric injunction if one desires success in his life.

“yasya prasādād bhagavat-prasādo yasyāprasādān na gatiḥ kuto 'pi” By the mercy of the spiritual master one receives the benediction of Kṛṣṇa. Without the grace of the spiritual master, one cannot make any advancement. So, without Your mercy what will be my gatiḥ, there will be no gatiḥ for me. I will be rotting even more severely than I used to be before. So I need to be pleasing You, I should be pleasing You and I want to please You.

A spiritual master is very expert in engaging his disciples unto the service of the Lord. You are very expert Prabhupad. You engaged each and every of Your disciples who are following Your instructions in the service of Lord Kṛṣṇa. Please engage me, this wicked soul in the service of Lord Kṛṣṇa under Your directions.

Prabhupada please forgive me for all the offenses that I have committed unto Your lotus feet and offer me shelter under Your lotus feet by constantly engaging me in serving Your lotus feet.

Your most fallen servant,

Bhakta Velu.

All glories to SRILA PRABHUPADA.

Bhakta Veluswamy

Dear Guru Srila Prabhupada please accept my humble prayer.

Srila Prabhupada as a Guru

The real devotional service is to get fully connected to the Supreme Lord, Krishna and enjoy unlimited transcendental bliss; get relieved from the four miseries of this material world. This is possible only by taking shelter of a bonafide Spiritual Master. Only through him we can learn how to avoid personal sense gratification, material ambitions and desire, how to control the ever fluctuating mind and concentrate on devotional service. As men may come and men may go, many Gurus may come and go but a genuine guru comes from a disciplic succession. He brings his disciples from darkness to light, sees that no one is suffering in this material world. He also rescues his followers from ignorance that is a Guru applies gnana anjana to his disciple to remove the blinded darkness of ignorance, the most dangerous disease which comes on the way of spiritual progress. He does not misinterpret the words of Krishna, simply presents as it is, as a postman delivers the telegram. Just because his disciples respect him equal to the Lord itself he does not claim that he himself is the God. He never asserts that the Lord's holy name is different from Lord's form and qualities. Oh Prabhu! Srila Prabhupada, You fulfil all these requirements and hence You are a Genuine Guru. That is why the entire world has accepted You as the direct messenger of the Supreme Lord, Krishna himself in this Kaliyuga.

Srila Prabhupada as a Disciple

You are the best example of how a disciple should be. You fulfilled the vision of Your Guru Srila Bhakthisiddhanta Sarasvati by establishing ISKCON movement in the western country. Establishing an organization like ISKCON that to in a foreign country, at the age of 60 plus and with ill health, without any political or money power and spreading it throughout the world in a short period of about ten years is almost a miracle. Without the direct blessings of the supreme Lord, Krishna and Your guru it is impossible. Oh! Prabhupada, it is You, who spread successfully the words of Lord Krishna throughout the globe and helped the people to come out of ignorance and darkness in life, reminded them of the real supreme Godhead Lord Krishna and the way to real happy, peaceful and meaningful life.

Srila Prabhupada as a Leader

You are also an example of a best leader. You had all the qualities of a leader namely peaceful, self-controlled, austere, pure, tolerant, honest, wise, learned and religious also adamant to achieve the goal. All these helped You in establishing huge ISKCON temples in Mayapur, Vrindavan and many in several foreign countries too by guiding Your disciples. Now the Ratha Yatra initiated by You is being done throughout the globe.

Srila Prabhupada as a writer

All devotees in ISKCON derive their teachings from Your books. You had a very special facility that no previous acharya in the Gaudiya Vaisnava tradition had. You had the ability to record the transcendental vibrations coming from Your lotus lips and You had access to book printing, publishing, and distribution systems that were not available to the previous acharyas. By Your books, Your recorded lectures, conversations You were able to make the transcendental sound vibrations coming from Your lotus mouth eternal. All these makes Your followers to associate with You in a very personal and individual way even in Your absence. I pray to You to give me and all Your followers the required courage, commitment and determination in following Your "way to Lord Krishna".

My Dear Srila Prabhupada,

Please accept my most respectful obeisance unto Your lotus feet. All glories to Your Divine Grace. It is our great fortune that You have blessed upon us Your causeless mercy so that we may offer our humble words of glorification at Your divine lotus feet.

When Lord Krishna appeared on this planet, He Himself teaches in Bhagavad-Gita how to surrender into Him, which is the goal of all living entities. And when Lord Caitanya appeared He told the 'HARE KRISHNA' Maha mantra just to teach how to become a surrendered devotee. Prabhupada, in the same way You appeared as a pure devotee on this planet taking up the role of an acarya and You have shown the whole world, the position, the nature and the action of a bonafide Guru. Srila Prabhupada, it took so many years to come to an understanding that except You, nobody can deliver the whole world.

Srila Prabhupada You wrote in a letter "The real ocean of mercy is Krishna" and it is the duty of the spiritual master to tell this to his disciples to come to this ocean and be happy. Krishna is Yours; You have the power to give Him to me. It is by Your mercy that I have got an opportunity to participate in the mission of ISKCON. I just started by attending Sat sang in our office that too in break time. By Your causeless mercy I can attend daily and go temple to participate on Sundays and during festivals - to take the blessing of Lord and chant Hare Krishna Mantra daily and do worship in house also. My family members are supporting partially. And I beg You to make my family members also involved in chanting, worshiping, going to temple and make them also Your disciples. Early days I used to fast whenever I like and under the guidance of elders. But after coming to Krishna consciousness I can fast on Ekadashi. I have noticed many changes in my life after joining ISKCON. This make me to do more service to Your mission.

Srila Prabhupada, also kindly forgive me for all the offenses I have committed at Your lotus feet and I beg You to be my eternal companion and well-wisher in my journey back home, back to Godhead and give me residence at Your lotus feet.

Prabhupada, I was a lost soul who was searching for an identity. Your Divine Grace, out of Your causeless mercy for the conditioned living entities, showed me the highest path of self-realization. I was not aware of my identity as a spirit soul until You opened my eyes with Your fire of knowledge which burns down to ashes all ignorance. You gave me a new identity by revealing the confidential knowledge, "You are not this body."

Oh! Prabhupada, I am eternally indebted to You for protecting me from the clutches of maya every time I fall head over heels, time and time again. Oh! Prabhupada, how am I ever going to repay You for the mercy You have showered on me. Prabhupada, You are the only hope for redemption, the only messiah for the fallen souls of kali yuga.

Oh Prabhupada, this world is such a terrible place where there is danger in every step - padam padam yad vipadam. This world is indeed the ocean of miseries where living entities are helplessly tossed in the dangerous waves and some drown into the abyss. If it were not for Your the ship of Krishna consciousness which Your Divine Grace founded for the purpose of saving lost souls, we would be lost in the ocean of darkness of nescience forever. Your ship is the only hope for millions of souls to cross over the ocean of material existence.

Oh Prabhupada, how fallen and wretched I am that I don't deserve Your mercy. Yet, out of Your causeless mercy, You haven't given up on this most fallen creation. Oh Prabhupada, I pray unto You to strengthen my faith in You and to live worthy of Your love and mercy. Oh Prabhupada, every time I falter, Your invisible hands are lifting me up. Thank You for not banishing me from Your ship of Krishna consciousness.

Yours most fallen unworthy servant,

“I was born in the darkest ignorance, and my guru, my spiritual master, opened my eyes with the torch of knowledge. I offer my respectful obeisance unto him.”

To rescue people from ignorance, which is compared to darkness You have appeared in this material world by the will of the supreme. You are well-wisher of the human society and takes away the three kinds of suffering from forces by nature namely adhyatmika, adhibhautika, adhidaivika.

You have made the people understand very clear in each step in & the words emanate from You enters into the jiva, immediately the jiva atma realise the super soul within,

Reporter: How can a person tells he has a genuine guru?

Srila Prabhupada: can any of my students answer this question?

Disciple: Once I remember John Lennon asked You, “how will I know who is the genuine guru?” and You answered. “Just find out the one who is most addicted to Krsna. He is genuine.”

Srila Prabhupada: Yes. The genuine guru is God’s representative, and he speaks about God and nothing else. The genuine guru is he who has no interest in materialistic life. He is after God, and God only. That is one of the tests of a genuine guru: brahma-nistham. He is absorbed in absolute truth. In the Mundaka Upanisad it is stated, ‘srotriyam brahma-nistham: “The genuine guru is well versed in scriptures and Vedic knowledge, and he is completely dependent on Brahman.

Krsna says,

Regarding accepting initiation from the spiritual master in the Eleventh canto of Srimad-Bhagavatam, 17th chapter, 22nd verses, it is stated that by lord Krsna: “My dear Uddhava, the spiritual master must be accepted not only as my representative but as my very self. He must never be considered on the same level with an ordinary human being.”

O My dear Prabhupada! By hearing about Krsna & his qualities from You, all varieties of rasas or mellows turn into eternity. Please let my attraction draw unto the Supreme Being always.

The elephant who enters into a lake and takes bath very seriously, cleansing his body thoroughly. Then as soon as he comes onto shore he again takes some dust from the earth and throws it over his body similarly, in my life the path being contaminating often so please make my attraction be only upon Krsna, his activities, pastime and with Your mercy on can cross the ocean of miseries.

prema-bhakti jāhā hoite, avidyā vināśa jāte,

You are my Lord birth after birth. From You ecstatic prema emanates; by You ignorance is destroyed. The vedic scriptures sing of Your character.

First canto Srimad-Bhagavatam, in connection with a conversation between the demigod of the earth and the king religion, Yamaraj. It is said therein, “Persons who are desirous of becoming great personalities must be decorated with the following qualities: truthfulness, cleanliness, mercy, perseverance, renunciation, peacefulness, simplicity, control of the senses, equilibrium of the mind, austerity, equality, forbearance, placidity, learning, knowledge,

opulence, chivalry, influence, strength, memory, independence, tactfulness, luster, patience, ability to talk, gravity, steadiness, faithfulness, fame, respectfulness and lack of false egotism.” You possess all these qualities.

By the mercy of the guru, even a dumb man can become the greatest orator, and even a lame man can cross mountains. As advised by Lord Brahmā, one should ever remember this injunction if one desires success in life.

O protector of disciples! Please make me always being with the devotional service of lord.

O my spiritual cultivator! Please make me free from material bondage.

O ocean of mercy! Please make me & my senses for the actual proprietor of the senses.

O my ultimate shelter! Please make spontaneous eagerness to serve Kṛṣṇa.

Please accept my respectful obeisance's unto Your lotus feet.

On this auspicious occasion of Vyasa Puja, I would like to express my heartfelt gratitude to You for blessing me with Your causeless mercy by bringing me in contact with the movement of Krishna Consciousness. I would like to thank You for keeping me in the association of devotees and also giving always the opportunity to engage devotional service in the spiritual path.

I have realized one thing, that the reciprocation happens just by having sincere desire to follow Your instructions through Your books & lectures even to an undisciplined disciple like me and would like to thank You for arranging the situations so nicely to execute practical devotional service towards Supreme Lord Krishna. Such blessings are difficult to achieve without the causeless mercy of the spiritual master.

I beg Your mercy to give me the opportunity to convince more & more conditioned souls to come and execute devotional service to the genuine spiritual master like You.

Please continue to shower Your blessings and causeless mercy upon this conditioned fallen soul.

Dear Srila Prabhupada,

Hare Krishna! Please accept my humble obeisance at Your lotus feet. This is my second Vyasa puja offerings though which I wish to convey certain important changes which have happened in my life in the recent past. I had to move back to Hyderabad to stay with parents for some time before I move to Canada as I don't know when I will be back to India. Please help me accomplish my task for which I wanted to go to Canada, Your biography title "Prabhupada" gave me great confidence on the anticipative survival in a foreign land. It was really great to know how You survived and You practically demonstrated how one will be saved if he has complete faith and dependency on Krishna! FY17-18 was my first year of book distribution and I could successfully distribute 50 Bhagavad Gita Book and want to complete the remaining before I leave to Canada. Please help me accomplish the same.

Prabhupada I had become little lazy and not able to wake up in the morning, please give me strength to inculcate habit of getting up early in the morning so that my day goes smoothly without stress. I am glad to mention that I could successful make my parents and Aunt take commitment of chant one round at least every day. I know I have come down on my rounds on beads. We are offering to lord and eating, taught mom how to make offering and make Prasadam. Prabhupada finally I do miss our temple activities a lot and the devotees' association, kirtans, events and Sunday programs in the temple. Sometimes I feel it was a mistake I made but then life takes each one of us to different place hopefully for some good reason. Please bless me to be Krishna conscious where ever I go. I pray to You to guide me be in touch with devotees in Toronto as well once I go to Canada. Seeking Your love, care, protection and guidance.

Influence of Srila Prabhupada

Till age of 23 I did not worship anyone as I was confused whom to worship, then this jigyasa was answered by one of ISKCON devotee.

Scientific and authentic reasons led me to accept that yes Krishna is the supreme personality and he is to be worshiped and my spiritual journey started.

Philosophy of guru tattva:

I believe the teachings of Prabhupada and his precise instructions for everything like deity worship, Japa, Prasad preparation and undiluted knowledge passed on to devotees are proof that he is always present as a guide through his disciples.

Pastimes of Srila Prabhupada:

I remember an interview where he says, here is god Krishna, what is the problem in accepting him, this has struck my heart, we r fools who try to argue unnecessarily having no authentic knowledge and do so little to follow what this pure devotee has given us. Just chant hare Krishna mahamantra.

Qualities of Srila Prabhupada:

He was most humble, person seen, so dedicated to Krishna that even on death bed he was translating.

Merciful to pass on the authentic knowledge to even degraded materialistic people like us and westerners who were into totally sex and drugs addiction meat eating.

Personal reciprocations:

Prabhupada has answered my queries through his lectures, preaching or his disciples.

Like telling whom to worship, During my recent tough times when I was searching a job badly as I was traveling 3.5 hours daily, not able to spend time with family, 2.5 years no raise, Prabhupada showed way of hope to get me a near perfect, most suited new job while my astrologer friend was amazed to see that job could have come only 5 months later.

The day my wife started chanting within a month she could have milk and digest it also, which was not happening since 5 years after her hepatitis A disease.

Each lecture I have been attending seems to be tailor made to answer my inner questions immediately as it comes to me for example am I doing thing as per my varnaashram, can I go till 16 rounds instead of 4? What is the fastest way to grow spiritually, why we have two groups at ISKCON,

By his mercy, we have got prasadam, puspas, darshan on many occasions which actually seemed impossible. I had been in Bangalore 16 years and not visited main temple, Prabhupada pulled me there, pulled me to take Ashray everything seems to be like a dream and his plan miraculously following me every second completing all my wishes and pushing me to Krishna consciousness so that I can get any excuse.

How could I ever pay him back?

Only real guru whose head has always held high, my tearful obeisance to him for showering his mercy on me and crores of other devotees, to give the real knowledge, real happiness, blessings.

Jai Prabhupada, Jai Gurudev.

All Glories to Srila Prabhupada!!!

Please accept my most respectful, humble obeisance.

By fascinated by famous personality like Mahatma Gandhi and A P J Abdul Kalam and by seeing their material success I brought and started reading Bhagavad Gita in my college days. That Bhagavad Gita was from Gita press. While reading that I did not get any inner satisfaction or inspiration materially or spiritually. In fact, I did not understand most of the shlokas. And, then I stopped reading the Gita press Bhagavad Gita.

Almost after 8 yrs while visiting ISKCON Bangalore I got the inner urge to read Bhagavad Gita and I brought one copy of Bhagavad Gita from ISKCON Bangalore. And slowly and gradually I started reading the Bhagavad Gita. As it is and slowly as the time passed I brought many books. By reading those books cleared the tons of my spiritual doubts, the ultimate aim of life. The concept of soul, three modes of material nature, the position of demigods, etc and boosted my confidence a lot in Your teachings.

But while reading Bhagavad Gita Krishna says that You cannot progress spiritually if You don't have a bona-fide spiritual master. This question used to pinch me always that this world is full of fake gurus then how to find a bona-fide spiritual master. Again by Your mercy one day I randomly visited ISKCON temple, Vaikunth Hill and there I

enquired the same question from a full time devotee. The answer what I got from him cleared all my doubts. The full time devotee's reply was that there is no other spiritual master then You in ISKCON. This boosted my confidence and belief

Prabhupada, You came as real savior on the way of preaching about religion and the supreme personality of godhead is purely logical and jaw dropping for impersonality and for the society who is completely in the modes of Ignorance.

I really thank You Prabhupada, for being so merciful on me for showing me the correct and ultimate path whenever I was looking for truth. For fallen soul like me, I will be always seeking Your guidance and support. Please always engage me in Your service and give me strength to follow Your instructions. Please keep bestowing the love and affection as You always have been. Jai Prabhupada!!!

Dear Srila Prabhupada,

Please accept my humble obeisance's & Prayers.

Srila prabhupada You are an amazing spiritual teacher who transformed the lives of millions and started a worldwide spiritual revolution in Krishna consciousness.

I myself consider myself to be incredibly fortunate to have had the opportunity to read Srila Prabhupada's books and come in contact with his movement. Before Krishna consciousness, I was in pitiable state. Simply I was wasting time in Sunday's by watching T.V, I was incredibly unhappy, and I was seeking an alternative to normal materialistic life. However, everything in my life soon changed only due to the mercy of Srila Prabhupada. Through the chanting of the holy name 'HARE KRISHNA' maha mantra, I felt so much happier than I had ever felt in my life. By reading Srila Prabhupada's books, I was able to find an alternative to materialistic life and find deeper, fulfilling purpose.

Previously I worshipping every God , I feared very much about every god, after coming contact to Krishna consciousness , I came to know that Lord Krishna is the supreme personality of godhead. I read only Mahabharath but skipped Bhagavadgita I thought it was some poems, but later I came to know the importance of Bhagavadgita. Srila Prabhupada's compassion was simply unparalleled in this world. People who came in contact with Srila Prabhupada could feel it. Today in more than 30 languages we can find the books related to lord Krishna, Bhagavadgita, bhagavatam, all this super credits goes to our guru Prabhupada. Today from America to Africa, Russia to London everywhere they celebrate ratha yatra, Krishna janmastami happily, while seeing foreigners celebrating our hindu festivals is a happy thing finally all these possible by Srila Prabhupadas efforts only.

When I saw Hare Krishna movie, I came to know the difficulties faced by Prabhupada to spread Krishna consciousness around the world, but in spite of all odds Prabhupada did that, from this I learned that never quit but achieve. Akshay patra feeding millions of children today all this possible by Srila Prabhupada's ISKCON only.

By chanting the holy name, I am leading a happy and peace life.

Srila Prabhupada, please kindly make me more and more Determination and Enthusiasm to do my Sadhana & Seva. And kindly bless me more and more to surrender unto You and to associate with You and Your Disciples.

Yet, despite all of this, this is but a fraction of the greatness of Srila Prabhupada. One can speak about his glories for the rest of one's life and still no end. So in short, Srila Prabhupada is absolutely incredible.

I sincerely pray at Your Lotus Feet to make me eligible to become Your devotee and take me under Your shelter.

Dear Srila Prabhupada,

All glories to you Srila Prabhupada,

Please accept my humble obeisances at your lotus feet.

During your physical presence on this world , you made lot of people in this world know their real identity. You being the spiritual master made me connect to my lord, Krishna. Before understanding krishna, There was Krishna standing in the form of deity, I used to pray to him , but I never felt him. Once I started reading your books I came to know who am I?and you made me realize that I m definitely not this body and you acknowledged me about why did I born or why did came here on this world ?(The question which was not answered by anyone in my life before).

The connection I have with Krishna makes me feel that He is always with me. I always feel happy , satisfied and completeness in me whenever I feel Krishna is with me. I receive lot of love from his side but I fail to give him back the same amount of love. Srila Prabhupada , if Krishna is the one to be achieved , you are the way or path to reach him or the guide for that path. If krishna is love , you are the one who taught me to get that love.

You by making me connect to krishna , wiped out my suffering and made my soul feel the bliss. I would like to thank your disciples and great follower who gave me the basic understanding of Krishna and made me realize the Lord , I mentioned him here because he was my spiritual master as you mentioned "the one who gives you the understanding of krishna and make you conscious about krishna is the spiritual master" . He being the great follower of you and great devotee of krishna made me conscious about krishna. All glories to you Srila Prabhupada.

I wish to experience Lord Krishna, His love,His mercy , His forgiveness, His existence and finally my realization is just because of you two people.

Thank you for making me realize this.

Dear Srila Prabhupada,

Please accept my humble obeisance at Your lotus feet. By Your mercy I am very fortunate to write this letter of gratitude on You on Your Appearance ceremony - I will never be able to repay/thank You to match all that You have given to me to practice Krishna consciousness, You are the true well-wisher of fallen souls like me because You have given that exact science to the mankind by which people are awakening from deep slumber of soul killing

material nescience and realize the actual do's of human birth to attain the actual goal of human life and I am one such fortunate recipient of Your causeless mercy – Thank You so much for choosing me.

Gurudeva, though You know what's happening with me, Still i would like to bring to Your notice here with an intention of seeking Your protection on my spiritual goal - I have been going through bad days with respect to my spiritual progress for almost a year. Somehow by Yours and Krishna's mercy I tried taking a bold step towards my spiritual goal but couldn't succeed due to my own weakness and the offenses that I have been committing so I decided to step back and continue with material life routines for a time being. I am not serious in my Sadhana and Services due to temporary change in my priorities which is not good for my spiritual health. Though I know all this I still end up committing the same mistake, I am afraid that I might get carried away by maya at any time So I deeply beg Your protection and humbly request You to always have an eye on me so that I don't mess up with spiritual life at any cost and I would successfully join Your movement at the earliest and embark on my spiritual journey under Your divine instructions.

Let make this opportunity to whole heartedly thank You firstly by meditating on Your journey to west at such a difficult age of 70 - My hairs stand on end making me feel very proud and respectful to You whenever I think of Your travel in jaladuta , Initial years of struggle till You got foothold and the incredible feat on establishing 108 ISKCON centers with lots of disciples globally. You are the real hero/savior who out of causeless mercy sacrificed Your stay in Vrindavan and stepped out with unlimited compassion on fallen jivas to save them from spiritual death. Your glories are beyond one's capability of glorification by any combination of 26 letters of an Alphabet English. You are simply wonderful who would do wonders in lives of all by Giving Highest treasure - Krishna Prema.

I would love to contemplate on the pastime of Prithu putra Swami who gave up his body in hospital calling out Your name – “Prabhupad, You came !!” Though he fell from the standards during his later years of spiritual life but because of the nice services that he had rendered for much of his life, You mercifully appeared before him at the time of his death.

In my life there have been instances of Your reciprocation through Your morning quotes reading and sometimes through Your lectures and disciples association. I feel so great and elated that You are personally guiding me for my spiritual growth. I fervently beg at Your lotus feet to be merciful and compassionate towards me and guide me towards my spiritual goal

Dear Srila Prabhupada,

Please accept my most humble obeisances on this auspicious day of Your Divine appearance.

One of the most important duties of Your servant is to understand the spiritual master's mind and serve him accordingly, fully well understanding the spirit of his instructions. You have also said Srila Prabhupada, that one who cannot control his senses cannot be a disciple. When I measure myself on the above counts, I fail miserably. It is Your wondrous thing how despite myself, You keep tolerating me and continue to engage me in the service of Your lotus feet.

On this auspicious day of Your divine appearance, I beg for Your mercy so that I can practice Krishna consciousness in my present and future life. Please give me the strength to follow four regulative principles and Ekadashi.

Your insignificant servant,

Dear Srila Prabhupada,

From the past 4 years I always wanted to dance on stage but I did not get an opportunity. But in my 3 months of FOLK, I have given two dance performances on stage. It was absolutely a delighting and a rewarding experience for me and really thankful to the ISKCON FOLK team. Coming to ISKCON will relieve stress and give positive energy because there are positive people. People in the corporate bubble, should come and participate in ISKCON events to rejuvenate themselves from within and get energized with the positive vibrations. I am greatly blessed to be a part of ISKCON and its enriching culture.

Thank You.

Your servant,

Bhakta Vinayak Boorugu.

Dear Srila Prabhupad,

All glories to You, I offer my humble obeisances unto Your lotus feet.

It is only because of Your mercy I have become Krishna consciousness and have left meat eating.

In this fallen age of kali yuga which is full of quarrel, misunderstanding and anxiety, it's very difficult to sustain here with disturbed mind because of Your causeless mercy I am able to tolerate anxiety and carry on with my life.

It is because of Your mercy my mind has become strong. You are the one who made me understand the truth of the material world.

I thank You a lot for showing me the path of spiritual world where lord Shri Krishna leaves with his associates.

It is because of Your mercy, I feel like going to spiritual world where Krishna enjoys with his devotees

I once again offer my humble obeisance unto Your lotus feet

Please bless me to always hear the holy names most attentively whenever I chant. Please imbibe in me the intelligence to understand more and more about the Lord.

May your blessings provide me the opportunities to perform devotional services for the pleasure of their Lordship. Please make me conscious to be fully attentive in performing devotional services.

Please bless me to cleanse my heart so that I can always remember and ultimately reach the lotus feet of Lord Krishna.

Namaste to Bhaktivedanta Swami Srila Prabhupada.

We are blessed by Swamiji's knowledge and guidance in Krishna consciousness. Thanks for the book Life comes from life, which opened my thoughts to understand science and God. A couple of years back we got in touch with Shyama Krishna Das Prabhuj, who helped us to connect with ISKCON and helped us with the teachings of Srila Prabhupada.

I have noticed that when I started offering my chanting to Swami Prabhupada before chanting Hare Krishna Mahamantra, I felt the sudden presence of Swamiji within me and my voice changed the way Swamiji was chanting. We are blessed that way and wish that Swamiji continues to be within our hearts.

Thank you, Prabhu, for giving us the teachings of Prabhupada.

Our beloved Srila Prabhupad,

I offer my respectful and humble obeisances unto the dust of your lotus feet. Prabhupad, I am utmost grateful to your divine grace, for accepting a most fallen and demoniac person like me who is engaged in sense gratification and into materialism, as your disciple.

It is only through your blessing that I came in touch with Iskcon Bangalore and later became a member of BTM folk residency.

As mentioned in gurvastakam, 'yasya prasadat bhagavat prasadat yasya aprasadat na gatih kutopi', without your mercy I am doomed to suffer endlessly in the darkness of this material world in demonic species life after life.

It is by your causeless mercy that i get to chant Hare Krishna mantra, I get Krishna Prasadam everyday, I get to attend mangala arati of our Lord Sri Sri Radha Krishna Chandra, I get association of devotees in Temple, I got the opportunity to go to Vrindgavan dham and Mayapur dham and I get to hear your message everyday.

Thank you so much Prabhupad for showering your blessing on me by giving me the transcendental knowledge which I never deserve. As mentioned in Krishna book, As Lord Krishna gives a benediction to King Muchukunda 'From now on, you shall always think of me',

I pray at the dust of your lotus feet to bless me so that I may always think of the Lotus feet of your divine grace and the Lotus feet of our Lord Sri Sri Radha Krishna Chandra although I am not at all eligible to receive that.

I beg for your causeless mercy to bless me to increase my love and devotion towards the lotus feet of your divine grace and towards the lotus feet of our Lord Sri Sri Radha Krishna Chandra everyday.

Prabhupad your love and attachment to your spiritual master his Divine Grace Bhakthi Siddantha Sarawathi Goswami Maharaj teaches us how to love and be attached to spiritual master .

Your transcendental and Krishna consciousness vision in every action, teaches us how to look at everything from a Krishna consciousness perspective, as everything being a part and parcel of Krishna and everything is a transcendental lila played by Krishna.

Thank you Prabhupad for taking so much struggle to establish Iskcon because of which I am surviving in this material world today. Thank you Prabhupad for making me realize that the life I was leading was serving maya, which is an illusion.

Prabhupad, I don't have the intelligence to talk about your divine grace, I humbly pray to you to make me a dust particle at the dust of your lotus feet. Prabhupad, the way you always remembered of Krishna's pastimes and thought of Krishna and preached about Krishna is very magnanimous. A loud Haribol !!!

Prabhupad, i humbly pray to you to please bless me so that I may chant 16 rounds sincerely without diversion and I practice Krishna consciousness through out my life. Prabhupad I humbly beg to you to show me your love everyday through your personal reciprocations in any service I do and that I shall always remain as the last menial servant of your servants.

Kindly bless me that I shall distribute so many books, I may do much more sevices in iskcon becoming your instrument. Kindly bless me that I may always read and glorify your pastimes which are so nectarean.

Prabhupad, please bless me and please crush my false ego to the core and let me not have a tinge of ahankara and become very humble in my services . Prabhupad, please bless me so that I can always love you and become mad about you.

As told by Lord Shiva to mother Parvati, the worship of pure devotee of Lord Vishnu is greater than the worship of Lord Vishnu, I once again offer my humble and respectful obesiances unto the dust of your lotus feet.

Prabhupad, kindly show some mercy on this useless soul and please use me as an instrument in your service. Kindly forgive me if I had knowingly or unknowingly committed most abominable offences at your lotus feet because I am the most fallen.

Prabhupad, you are my eternal spiritual father and I love you so much and beg you to humbly show me some minute love and may your merciful glance be upon me.

Vande Guroh Sri Charanaravindam!!

Jai Shrila Prabhupad!!!

Your most fallen servant Bhakta Vishnu kamity

Bhakta Vishnu Unni

Dear Srila Prabhupada,

Please accept my respectful obeisances unto Your lotus feet.

Prabhupada, I was leading a life which was just going ahead...I had no idea where I am heading. I was facing a lot of frustration in my workplace and the only personality I could think of during my suffering was Lord Krishna.

I thought of visiting ISKCON Bangalore because one of my friends suggested me to visit. I never knew I will be a part of the routine activities of the temple as time passes.

It is all Your mercy that I developed a deep attachment to the Supreme Lord. I thank You for imbibing in me interest to chant the Hare Krishna maha mantra..This mantra is taking me more and more close to the Lord..

Prabhupada, when You speak, there is some divine power in Your voice, it shakes my conscience. You are like a sweet and innocent child who is always smiling and always forgiving..

When Your voice is filled with joy, I also feel ecstatic.

But when You are in tears I cannot help but cry with You as if my soul is crying for Your mercy.

I have committed many wrongs in my life. Since I am a professional I sometimes don't find the time to chant the Lord's name..In the spiritual platform, I must have committed a sin. But You showered Your mercy upon me..You taught me the importance of sacrifice and Love for Krishna no matter what.

I thank You for providing me so many devotee brothers without whom I would have been in the dark. It is all Your causeless mercy Prabhupada.

Prabhupada, by Your mercy I tried preaching the glories of the Lord to a non-devotee friend. I also gave him The Bhagavad Gita, Your books will be all around the globe and I hope I played a small part in it.

Prabhupada, although You are not here with us..but when I read Your books, I feel like You are teaching this ignorant fool, sitting next to me, I offer my humble obeisances to You a million times.

Your purports in the Bhagavad Gita and the Srimad Bhagavatam give me transcendental bliss and knowledge to get me close to the Lord.

You are like the Great Father who has helped me and took me out of the dark life of Kaliyuga.

It is only because of Your sacrifices that Krishna Consciousness is now a worldwide movement and with Your kindness, I as Your servant will try my best to impart Krishna consciousness to any person I meet. I need Your blessings.

Prabhupada, please have mercy on my family members for they also are devotees of the Lord. Without their consent, I could not have got the opportunity to come to Your shelter. Kindly shower Your mercy on them.

Kindly give me the strength and blessing to think and glorify the Supreme Lord for eternity.

All glories to Srila Prabhupada, the Guru of all!!

Your eternal servant,

Vishnu Unni

Bhakta Vishwas S

Dear Srila Prabhupada,

Please accept my humble obeisance unto Your Lotus Feet, All Glories to You...!

Because of Your causeless mercy alone, today am practicing Krishna consciousness at least to a little extent. Despite the many odds and changes in my personal life, I can remember Krishna, offer prayers, offer fruits, chant etc. only because of Your Grace.

I wonder how beautiful the whole ecosystem of ISKCON and Krishna consciousness is; this creation of Yours is a heaven and a real nurturing place for spiritual aspirants.

In whatever state I am; Your teachings, words motivate me to increase my Bhakti. Be it joy or sorrow, You are always with Me and You help me to be in the track of Krishna Bhakti.

Though I have committed many offenses, I see that the Lord has always forgiven those and never removed his helping hand. I know this is because of Your Divine Grace. You are compassionate to even an insignificant devotee like me.

What I have realized in the last year is that even if we take just one small step of devotion towards Krishna, the Lord Himself comes down a thousand steps for the sake of His devotee. This beautiful experience I had must be only because of coming in touch with You.

Kindly forgive my sins and bless me that I reduce my offenses in the future, also bless me that I can increase my levels of Krishna consciousness.

Please continue to shower Your mercy and Blessings on me and my family so that we realize the true purpose of Life and can achieve that.

“Vande Guroh Sri Charanaravindam”

Thank You again,

Your eternal & insignificant servant, Bhakta Vishwas S

Dear Srila Prabhupada,

Please accept my humble obeisance at Your Lotus Feet.

Srila Prabhupada, I feel myself to be very fortunate that I came in touch with a pure devotee of The Lord and it's all Your causeless mercy upon this conditioned and bewildered soul.

Srila Prabhupada, You took the pain of traveling all over the world at such an old age to deliver the fallen souls and give them the nectar of the Holy names of the Lord.

Srila Prabhupada, it's because of You and Your kind disciples that I have got the chance to chant the Holy names of the Lord. I beg at Your Lotus feet to bless me so that I can chant and follow regulative principles throughout my life as things are becoming little difficult for me now.

Srila Prabhupada, I thank You for giving me an opportunity to do some service in Your temple and take Krishna Prasadam. Please guide me so that I can contribute to Your movement.

Your aspiring servant, Bhaktha Vivek Dixit

Bhakta Vivek Khandelwal

Dear Srila Prabhupada,

Please accept my humble obeisance's at your divine lotus feet.

I want to express my sincere gratitude in awakening me to the Spiritual world which I was never aware of until I surrendered to your teachings about the eternal world. I was lost in the material world and was seeking happiness and love from each and every human being which was never ever fulfilled, and I kept on wandering in the material world birth after birth.

When I started practicing Krishna Consciousness, I did not get the taste of the movement and I struggled to practice the same. But over a period of time, since I never gave up practicing completely and somehow by your Kripa, I kept on associating with the Devotees and the beautiful Temple, my faith in the movement kept on increasing and increasing day by day.

I learnt from you that how Chanting the Maha Mantra, reading Srimad Bhagavat Gita and other spiritual books and living a simple life can lead oneself to the real success in the human form of life. I am thankful to you for helping me out in following the Regulative principles and reducing sense gratification.

I am thankful to you in understanding that Only by sincere Devotion, once can achieve real happiness. I feel myself very blessed to me associated with the movement and I pray that this firm faith never ever gets extinguished in my heart.

Please provide me enough courage to face any obstacles which comes on my path to Devotion. May I be an instrument to carry your message wherever I can and help people to understand the real goal of their life and make their sublime and blissful. Whatever contribution I can make, I will be more than happy in doing the same.

The most happening and influencing part of your teaching which has appealed to me is the Kirtan which helps me to connect with the Supreme Lord, Shri Shree Radha Krishna Chandra everywhere. I do request you to please keep me under your shelter.

At last I want to say that I am unable to describe my feelings in words since I can never forget the kind of transformation I had since I have been introduced to your movement.

Aspiring to be your eternal Servant,

Bhakta Vivek Khandelwal

To Jagat Guru Srila Prabhupada!

Please accept my humble obeisances at your lotus feet.

I am keep trying my best to stay at your lotus feet and trying to apply your philosophy in my life. Your instructions are just like a branch to one who is drowning. The words emanating from your lotus mouth guide us to follow what Krishna had said.

I pay my humble obeisances unto you again and again Oh Prabhupada !

The method of worship—chanting the mantra and sometimes preparing food for Krsna, read books about Krsna—is not stereotyped, nor is it exactly the same everywhere. It is specifically mentioned you that one should take consideration of the time, place and available conveniences.

Whatever he does, let a single moment pass without devoting his activities to krsna Such action is in full Samadhi. an acharya in the disciplic succession of the Ramanuja sampradaya, has remarked in his commentary that, conditioned souls who are born in lower than shudra families, can also be initiated according to circumstances. The formalities may be slightly changed here and there to make them vaisnava (Srimad Bhagavatam 4.8.54 purport) you have made the conditioned soul to getting out of this “DUKHALAYAM”.

As krishna said,

"Mayi Sarvani karmani sannyasya" - Resign all works unto me

When a person understands that God is the proprietor of everything, the friend of everyone and the enjoyer of all, he becomes very peaceful.

I am trying to understand Gita as you told Oh my Spiritual Master !

"Gita should be understood from krishna as Arjuna understood it"

"tam eva viditvatimrtyum eti"

One can overcome the path of birth and death only by understanding the supreme personality of Godhead Sri Krsna

Krishna said

"Aham sarvasya prabhavo

Mattah sarvam pravartate"

I am the source of all spiritual & material world, everything emanates from me.

Mayi buddhim nivesaya

Engage all your intelligence unto me.

Some conditioned jivas thinking their real self as a body and they couldn't able to understand but my your mercy I am learning to understand you and Krsna, please show me the path.

I have to remember krishna and you at the time of my death as you said whatever we do in life will be tested at the time of death and please help me to curb my restless mind by your philosophy knowledge.

Your humble servant, Vivek

Dear Srila Prabhupada,

Please accept my most respectful, humble obeisance on to your lotus feet.

First time ,I heard about ISKCON from one of my friend , he showed me the path of Krishna consciousness. Fortunately, I came to Bengaluru and started staying in FOLK residency. I am very pleased and happy to stay here.

In FOLK residency devotees are teaching me about spirituality and Principles of Krishna consciousness. My journey towards Krishna consciousness is strongly aided by so many other devotees, I am very thankful to all of them. If I consider reaching Krishna as the ultimate destination of life, my friend is one of the connected bogies and your disciples are one more bogie, and I am very fortunate to have an engine like you.

You provided us with innumerable books and vast knowledge on Krishna and how to be a righteous Vaishnava. I am very thankful you having given shelter at your lotus feet. I am very happy to be part of your amazing family. Besides, Krishna consciousness, social initiatives like Akshay Paatra from ISKCON Bangalore is very inspiring. I offer my sincere obeisance to you, Srila Prabhupada. Thank you so much.

Dear Srila Prabhupada,

For you, I am becoming better and improving daily, realizing myself and my uniqueness. Your contribution for us cannot be measured, only can be felt with pure love.

Since last 2 months, I am feeling my presence each and every moment without being stressed & working my best. You have shown us the path to walk where we will get happiness in abundance.

If every individual will follow your intuition, world peace can be established, No more ego, no more quarrel, no disturbance will be present in this world. Please give us the strength to spread our learning from you and awaken the consciousness of the whole universe. Jay Srila prabhupada.

Dear Srila Prabhupada,

Please accept my humble obeisances unto your divine lotus feet.

I thank the supreme personality of Godhead for giving me an opportunity to be under your shelter. It is due to your mercy I can understand about lord Krishna more and more. Your matchless books are helping me and many readers to understand and get the knowledge which is rare in this material world.

The chapter 'Bad karma' in the book "The laws of nature" gives the details of a person who is bewildered with the bondage with this world and how powerful the influence of Maya is. It is almost impossible to get rid of this illusion without the mercy of spiritual master and Godhead.

I was always eager to know about spirituality, God, soul and connection between this. I thank "yoga for happiness" team for giving introduction to these types of topics which started to give me glimpse about spirituality. After few

weeks I slowly forgot what I have learnt from it. Then I realized that without constant japa and reading your books it is very difficult to remember Krishna which is foremost duty of human life. Without reading your books, doing japa meditation regularly it is very difficult to think about God. I thank God for giving me genuine guru and perfect path to attain him.

Your Servant,

Bhakta Yashas

Bhakta Yateesh

Dear Srila Prabhupada,

Please accept my humble pranam,

During your presence in this material world, you preached people about Krishna consciousness, and showed the path to vanquish all the sins that I have accumulated in many life times.

You showed people how one can take shelter of the Supreme Personality of Godhead Lord Krishna by chanting the holy name,

You have translated Bhagavad-Gita, into so many languages,

At the age of 70 you use to sleep just 2 or 3 hours, to translate the Bhagavad-Gita and many other books that you have written.

In absence of your physical form also, you are still guiding us through your books you wrote. You have given us association of devotees through which we can receive your guidance as well.

Fortunately, by your Divine Grace I am also become the part of your mission, to carry your mission further, please bless, guide and give me strength to get more and more absorbed in Krishna Consciousness.

Your devotee

First I surrender to the Lotus Feet of Our Gurudeva AC Bhaktivedanta Srila Prabhupada

4 years ago, I was not a good human being, when I joined HAL Krishna Ashraya that time I came to know we are not this body and we all are spiritual souls, knowing this truth is possible with your mercy only.

You gave us the Hare Krishna Maha-Mantra and 4 regulating principles to follow. With your mercy we are getting daily Krishna prasadam.

You have shown mercy and given me duties with respect to Supreme Personality of Godhead, Shree Krishna. (with service to Krishna)

Srila Prabhupada you also taught me how to face material world problems. With the blessing and mercy of you Prabhupada, I got my services to Lord Krishna at ISKCON.

Therefore I give My special Thanks to my Gurudeva.

Your Servant,

Bhakta Yeldur K Manjunatha

Dear Srila Prabhupada,

All Glories to you, please accept my humble obeisance at Your lotus feet.

I am one of the most fallen soul but blessed by your mercy abundantly, I really don't know if I am worth it. I have no words to express my gratitude towards you. I don't know how I got in touch with ISKCON, but that's the best thing that's happened in my life. I am so grateful to all devotees who helped me grow in KC and who guided me and is always guiding me.

My life is really changed after getting in touch with you and your disciples, I am so happy for it and will always be indebted to you.

Even though I have got so much opportunity to be under your Lotus feet, I don't make use of it, I am so fallen that I don't fix my mind on you and Krishna. I am not using my time for your service, I don't use my time to glorify you, Srila Prabhupada I beg you to please engage me in Krishna's service always and make me surrender unto your Lotus Feet. Please forgive me for all the offenses I have committed and please guide me.

You are the only shelter I have; please bestow your causeless mercy upon me so that I will be able to follow your instructions strictly and bless me so that I may also possess great fervor to spread your mission.

Yours Aspiring servant,

Bhaktin Akhila A

Bhaktin Anjana Balaji

All glories to Srila Prabhupada.

Kindly accept by humble obeisances.

It has been a really wonderful journey into Krishna Consciousness, thanks to Your mercy. Your Divine Grace's purity, strength, conviction is all evident from the lives of millions of your devotees.

For me, it has been a transformation from a very doubt-filled beginning to ever-growing faith every single day. The simple, yet most effective process of chanting and the guidelines laid down by Your Grace, has started to become the guiding principle in my life, for the past five years.

I believe that You had immense power and spiritual strength, which is clearly evident from the fact that You could preach the message of KRISHNA CONSCIOUSNESS to the Western world, and could transform them, especially who were steeped in the mode of ignorance.

Your books have paved the way for a more meaningful life, Your devotees who preach your teachings give us Your association, that really helps us to work towards attaining the real goal of life.

I am ever-grateful to You, for my journey in Krishna Consciousness, and I pray that I advance further in the right direction, and become your true disciple.

With respects at the Lotus feet of Srila Prabhupada

Srila Prabhupada,

Hare Krishna!

This Hare Krishna Movement led by you would bring lots of positive changes in an individual's life. As a Guru, you taught us, how to attain the ultimate happiness of the soul while staying here in this material world. I learned that with all the pleasures in the material world we only get temporary happiness. If we want to achieve the happiness of soul and bliss we must connect with the Supreme Lord Krishna. Once I got in touch with ISKCON, I started to become a positive person, started getting aware of who am I and what is the purpose of this life. If we consistently chant the Holy names of Lord Krishna the soul gets awakened and we become aware of the ultimate purpose of this life. By chanting the Holy names we can become free from the cycle of birth and death and all other miseries of life.

Thank you, Guruji

Dear Srila Prabhupada,

All Glories to you, Please accept my humble obeisance's.

As Krishna says in Bhagvad Gita

prapya punya-krtam lokan usitva sasvatih samah
sucinam srimatam gehe *yoga-bhrasto 'bhijayate*

It's been a divine mercy of the Lord where I have been blessed to take birth in a Vaishnava family, who are your devotees and serving your mission. Since childhood I knew nothing but Krishna consciousness, whether it be Deities darshan, Bhajan kirtan, Krishna prasadam, association of Vaishnavas, following Ekadashi, attending festivals like Janmastami, visiting holy places like Mayapur, Vrindavan, Rathayatras, life is filled with joy of Krishna's mercy. It's been a wonderful journey to have all these from very beginning of my life.

It's been 23 years of Krishna conscious journey, you have blessed me with many things in my life where I don't even know the complete value of them. ISKCON is been my home where I played, I sang, I danced, and lived around and grew up.

It's been divine mercy of Guru and Gauranga that in my house Lord Gauranga was been served by me since childhood though, I didn't even completely know who Lord was that time. It was a play and joyful experience doing Deity service, Arati, singing and dancing for you during Arati. I loved kirtan, prasadam since childhood.

If I look back in my life, whatever I had in my life is ISKCON (Your mission) mercy whether it be my food, cloth, shelter everything was by your Divine mercy Srila Prabhupada and I wonder in my life, where I got opportunity to serve your mission in ISKCON. I got this very rare opportunity to serve your mission and give back my Guru dakshina in this manner.

Srila Prabhupada I only wish and pray at your lotus feet to give me strength and knowledge to serve your mission to the best of my capacity, where I can show my gratitude for all your wonderful gifts in my life.

Finally Srila Prabhupada, I pray and beg you to give me strength and energy to practice chanting and follow all Krishna Conscious activities at home and please make me serious to take up Diksha soon and become more serious in Spiritual life practice and serve your mission.

Your Servant, Bhaktin Anuradha

Bhaktin Basanthi

My dear Guru Maharaj Srila Prabhupada

Please accept my humble obeisances

My heart fills with sentiments of deep gratitude and a big wonder when I see how you are saving me. I cannot fathom leading my previous life style in which there was not even the slightest trace of Guru or Krishna. What a pitiful life I was leading! I shudder to think of how I had whiled away days months years and lifetimes without chanting the Holy names of the Lord .

Demoniac is the word that I can think of.

It is you my spiritual master by the grace of whom I'm undergoing this very necessary and very urgent metamorphosis. The entanglement into this sticky web of pains, pleasures, sufferings, illusions etc has begun in baby steps, to arrest my involvement into material life. I have only you to thank for. Your wonderful translations to Krishna's teachings in the Gita and your detailed purports in Bhagavatam etc is slowly but surely acting upon dull heads like me. Thank you for writing those immensely wonderful purports to benefit the human race. You really are the personification of compassion dear master

You are very well aware of my current struggles in sadhana; to be unable to give my full attention to hearing while doing the Japa. Also, constantly I'm attacked with pride, ego, fault finding attitude etc. I know that they are the real devils that I need to drive away, but again I'm very unsuccessful in doing it. So I beg for your causeless mercy upon me – only by a guru's grace can a dumb person talk and a lame person climb mountains- this is a direct evidence of your transcendental capabilities . Only with your causeless mercy can these anarthas be warded off and I can become a good disciple to you and a good devotee of the Lord.

Yasya aprasad na gati kuto pi- I'm so blessed that at least I've understood whose shelter to pray for. You are the only refuge for a very diseased person like me ,who is tired, hungry and scared of pains wandering and trying to find the correct way in pitch darkness. Only you can save me from this material life. You are so compassionate that in one of your pastimes you were making sure that even a pet cat should be fed the prasadam milk. All Glories to Srila Prabhupada!!!

Dear guru Maharaj, you, as an ever vigilant coach train each of us according to our strengths/ weaknesses and ready us for “The Ultimate Test” of being able to return to Godhead. I have sensed this before putting in words here. It is due to Your Grace that my sadhana and devotional service is improving over time with a steady supply of the required transcendental knowledge

Just like a master who makes sure that his chained dog follows him silently wherever he takes him to, please chain me too and take me in the pathways that are best for me. Wholeheartedly I will follow you my master. Please shower me with your causeless mercy so that I make your instructions my life and soul and to never ever stray away from this society of Krishna consciousness

Begging to remain forever under your mercy

Your servant,

Bhaktin Basanthi.

Bhaktin Bindhu B P

Dear Srila Prabhupada,

Please accept my humble and respectful obeisance at your lotus feet on this auspicious day of your divine appearance.

Srila Prabhupada, it's been a wonderful experience serving this great mission of yours. We are grateful to Lord Krishna for sending an empowered representative like your good self.

I am just amazed again and again at my fortune to have come in touch with your Divine Grace. I can clearly see how inconceivably you and Krishna worked on me and miraculously guided me in my life. There were times when things didn't go as per my plan, as per my expectations. At times I was disappointed thinking- "Why Krishna is not helping me?" Now, when I look back, I see that all along you have been molding me as per your divine plan.

Let me be always grateful for all your inconceivable mercy. You have been exclusively merciful in my case in engaging me in your service although I am not qualified to do so.

Your sincere servants have been guiding me not to give up hope in any kind of health conditions and there has been a shower of mercy in your service. Following your Instructions and four regulative principles one can attain the spiritual realm. Please bless me with your auspicious mercy again and again, to fulfill your further desires and make me strong and faithful by your grace.

I beg your divine grace to forgive me for all the Offences that I have committed at your lotus feet and to keep me always in your service.

Dear Srila Prabhupada,

"I offer my respectful obeisances unto my Spiritual Master who has opened my eyes, blinded by the darkness of ignorance, with the torchlight of knowledge."

On this most sacred occasion of your 122nd appearance anniversary I fall in the dust of your lotus feet and beg for the ability to properly glorify your divine and magnanimous character. I was living like a dead stone, you gave me life. Now with this life which is your causeless mercy on me, I want to serve you to my utmost capacity.

But for you Srila Prabhupada, I would have fallen into the deepest well of my false ego and would have remained blinded forever. There are no words that would befit my lips, I express my eternal gratitude for your having saved me from this ocean of material existence.

By your grace, Srila Prabhupada thousands of people have been transformed into Vaishnava Devotees of Supreme Personality of Godhead, Lord Sri Krishna.

By your grace, Srila Prabhupada, you have given us your association, your instruction, your example. I humbly request you to bless me with the desire and ability to share these matchless gifts with each and every conditioned souls. Please help me to someday become your real disciple and save your mission life after and life.

Thank you very much for everything, Srila Prabhupad. All glories to your lotus feet.

Hare Krishna! Dear Srila Prabhupada,

Please accept my humble obeisances! “Nama Om Vishnu Padaya Krishna Preshtaya Bhutale Srimate Bhakti Vedanta Swamin iti namine, Namaste Saraswate Deve Gaura vani pracharine, nirvishesha shunyavadi paschyat desha tarine”.

O dear Srila Prabhupada, this is the first time I am writing an offering unto you. Kindly forgive me for the mistakes I commit while writing my offering to your Lotus feet.

Prabhupada, its by your mercy that I have started to understand the science of love for God, else everything was just a ritual since childhood. You have picked us up from our fallen condition and are helping Deepak and myself step by step progress in our spiritual life. We are very thankful to you for showering your mercy upon us.

Prabhupada you have endured and preached Krishna Consciousness to the whole world. May you also bless Deepak and myself to take up Krishna Consciousness with great sincerity. Prabhupada, I feel great pain to see the two groups of ISKCON split. My wish is that they unite as per your desire and spread Krishna Consciousness in synergy.

You have always helped and guided me as my own father for the last 6 years. Every time I have a question you answer it through your transcendental books, lectures, devotees, a man on the street. You really take care of me, of such a fallen soul. Prabhupada please bless me to be more serious and grant me the benediction to carry out your instructions. The recent questions I had; Why aren't we renovating the Goswami temples? Where shall I try to do some Lakshmi seva? to guide me on these chains of questions that were running in the mind, you showed me that already Madhu Pandit Prabhuji has taken up the work of renovating your eternal abode of Sri Radha Damodar temple. Prabhupada, your rooms in Vrindavan are really a transcendental bliss, they really made me feel so much more connected to you. Prabhupada, you are the most special person for Deepak and myself.

Prabhupada, Deepak and myself are moving to UK Coventry just a week after Sri Krishna Janmashthami. I had a lot of insecurities with respect to devotee association and spiritual life there. You answered even this through someone in Nidhivan by telling that Lord is everywhere for a sincere soul so I must try to be sincere first. Your books are the basis Prabhupada, is the realisation you gave me.

Prabhupada, please bless Deepak and myself to do what you desire the most, please guide us to do what you desire during our stay miles away from Vrindavan and please keep us under your shelter birth after birth

Dearest Srila Prabhupada,

Please accept my humble obeisance to your lotus feet.

Today, this Dasi of yours has got the golden opportunity to offer a literary submission of praise and gratitude to the pure Vaishnava Spiritual Master.

My journey of Krishna Consciousness is not a long one, however, my goal, mission of life has changed completely. Born in a Maya world, all my desires and aspirations were materialistic and self-centered.

O spiritual master, the day I came in the association of your followers and preachers of Krishna Consciousness, my life has changed overnight. The world I live in, the people whom I believed so far which were my relatives, turned all into an illusion.

Srila Prabhupada, you gifted this Krishna Consciousness to millions of suffering souls. You taught us that life has a meaning and is not happening by chance. We have got this human body so that we can devote our entire life and every breath in propagating Krishna Consciousness and tirelessly preaching to expand the transcendental mission. You reminded us of the importance of Mangal Arati, Deity Workshop, Chanting, Kirtana, Guru Puja and Hearing Srimad Bhagavatam every day without fail.

You are a pure master, as you did not settle down to relish the transcendental love of Lord Krishna but crossed seven seas, suffering all pain and endurance so that we suffering souls living in the darkness of ignorance of Maya get liberated.

I could never have imagined a person like me, so fallen and degraded, can become a recipient of your causeless mercy. This alone shows how merciful you are by letting me be, a miniature part of immensely expanded Krishna consciousness world.

I'm eternally indebted to your Divine Grace for bestowing your mercy upon me.

Your servant,

Bhaktin Divya Singh

Dear Srila Prabhupada,

I was in the darkest of ignorance, without even the ability to care for my body and mind - what to speak of my soul?

When I got introduced to Krishna Consciousness in 2001, I was told to chant and read. Those days I was a bit reluctant to chant. Nevertheless, I did so. I simply placed the Bhagavad Gita next to my pillow, while sleeping. Slowly, again without any interest but because I was asked, I did chant 1 round with so much of uneasiness. 1 round became 4, 8 and 16 by 4 years' time. Meanwhile, I underwent serious setbacks and trauma making me understand the nature of the material world.

The spiritual shelter I received by your causeless mercy in the form of ISKCON changed my life. I was fortunate to hear a Bhagavad Gita (3.31) lecture, which inspired me to continue devotional service in spite of all my setbacks. I learnt that it would be a gradual process and I need not become disheartened.

The lecture elaborated a simple formula that I could relate with. I realised that my present difficulty to adjust in Krishna Consciousness would gradually decrease and this made me hopeful. I was convinced that if I abide by your divine graces instructions, I can cross all difficulties and progress in spiritual life.

*“ye me matam idam nityam anutishthanti manavah
sraddhavanto 'nasuyantom ucyante te 'pi karmabhih”*

“One who executes his duties according to My injunctions and who follows this teaching faithfully, without envy, becomes free from the bondage of fruitive actions.”

One devotee while giving lecture expanded on this verse giving a simple formula.

Initial Stage --- 100% Defeat and 100% Hopelessness

Second Stage ---- 50% Defeat and 50% Hopelessness

Third stage ---- 25% Defeat and 25% Hopelessness

Final Stage ----- 0% Defeat and 0% Hopelessness or in other words 100% Victory and 100% Hope.

At this Nov 2018 Vyasa Puja, I wish to step into the next level of Krishna Consciousness. I chant and read now. I completed Bhagavad Gita reading once and few other books, by the kindness of some senior devotees. My health of gross body and subtle body improved tremendously as the soul was taken care of. All this was possible only by your divine intervention and protection.

I beg you to accept me as an insignificant servant. I beg for opportunities to associate with your divine grace through devotional service. By your mercy, I have a wonderful opportunity to read your pastimes in the course of my service. Kindly allow me to remain in the shelter of this service eternally.

Your fallen and humble servant,

My beloved Spiritual Master Srila Prabhupada,

I offer my humble respect unto Your lotus feet.

I want to thank You Gurudev for this most precious and unperishable gift of Krishna consciousness that You have gifted to us although we are not eligible for that, but I am such an unfortunate soul, even though I have this valuable thing in life but still I always go in search of bites of garbage and search for happiness.

Although I have suitable association, atmosphere and opportunity to serve Your mission and develop my spiritual life I don't put up my fullest endeavor.

But in certain situations in the material world/working You always make me realize that the spirituality is ultimate & gives us ultimate satisfaction and bliss.

Hope to always seek Your shelter and chant my prescribed rounds properly and attentively. Thanks Prabhupada for guiding me all through my journey although with whatever flaws I have.

Your insignificant disciple,

Pranama to guru Maharaja Srila Prabhupada.

I Offer my respectful dhandapranam to Jagadguru Srila Prabhupad, for making my path clear to go - Back to Godhead by your teachings, which include chanting of Hare Krishna Mahamantra 16 rounds, listening to Bhagavatham, by having trips to holy dhams and making us to realize the power of Hare Krishna Maha Mantra. I thank you for making me to realize the importance of honouring of Sri Krishna prasadam which is controlling my senses and making me to be a part of this Hare Krishna Movement. I thank you for having dharshan of Lord Jagannath on Ratha Yathra organised by the Iskcon centres, which happened because of your causeless mercy. I thank you for giving me a good association of devotees. I thank you for giving me an opportunity to participate in the activities of Krishnashraya programme along with senior devotees of the temple every week.

I thank you for imparting divine knowledge through your spiritual books which is an awakening for the most fallen soul like me and I request you to free me from my dark ignorance in future also.

Thank you

All Glories to Srila Prabhupada .

My memory goes back to when I was writing this about a year ago . All I can say is that I have noticed an immense change in my life and I know that if it were not for your mercy and blessings I wouldn't be what I am today . I consider myself so fortunate to be in this path and I really don't know why you have chosen me among the millions . I am so grateful to you for allowing me to serve our beautiful deities at home everyday and They give us so much joy and they help us in each and every step of our lives . Our lives have definitely changed for the better . It is all because of your grace that we are able to read what we read , hear what we hear . My sadhana has definitely improved but I pray to you to help me become better every day . I pray for your guidance and mercy dear Gurudev.

Dear Srila Prabhupada,

Please accept my humble obeisances. I deeply express my gratitude for giving me shelter at your lotus feet. Please bless me to study well in my academics and in my music classes.

Please forgive me if I commit any mistakes in my chanting and bless me to progress in Krishna consciousness.

Srila Prabhupada,

ISKCON was just a temple for me as a child and most of my adult life too.

I was just told to pay my obeisance to the Deities. I wasn't a spiritual person at all until a couple of years ago. I was just living my life like any normal person who hasn't come across Krishna consciousness.

A couple of years ago we visited ISKCON and met Shyama Krishna Prabhu. That's when we heard about Srila Prabhupada and how he spread Krishna consciousness.

Now the way of living has changed. Shri Krishna is in everything we do now. We are blessed to be a part of the ISKCON community. Hopefully, we will be able to follow Srila Prabhupada's footsteps.

Dear Srila Prabhupada,

I have been waiting to write this letter to You but as I sit down to write, I feel inadequately prepared to offer my gratitude appropriately. Humbly I offer my respectful obeisance at Your lotus feet.

First and foremost, thank You so much for allowing me the good association of Bangalore Iskcon devotees. It was exactly a year ago I landed in Whitefield congregation's kirtan group.

The very first time I rendered my devotional service to Sri Radha Krishnachandra; the feeling was overwhelming. I realized I have found my true calling, a strong sense of purpose in life.

Later that year I happened to read this message from one of Your lectures in 1972. "Everyone has got some particular talent. So, it is the duty of the spiritual master to engage his disciple's talent in the service of the Lord so that constantly he can think of the Lord.

This is spiritual master's duty." - Srila Prabhupada, Lecture NOD - Vrindavana, November 13, 1972. In that very instant, the realization that You have handpicked and engaged me in Harinam Sankirtan dawned on me.

Ever since I have put in a lot of hard work to better myself in my service and You have reciprocated in an unbelievable manner. You have been so merciful that I got a rare opportunity to serve You in a very personal way. Whenever I see those sakshi malas in Your japa bag, I am reminded of Your kindness and also of the progress I am yet to make in Krishna Consciousness.

I was at Vrindavan Chandrodaya temple and thought in my mind I am going to offer You the same handmade sakshi mala. I was naively wondering with whom do I send it. You ensured that a few from the offerings came all the way from the Bangalore temple to the Vrindavan temple.

I may never know how it actually happened! Such is Your causeless mercy that my long-cherished dream of singing for the supreme Lord at Guruvayoor temple is finally coming true. I will be soon offering ashtapadis from Jayadeva Goswami's Gita Govindam to Guruvayoorappan.

The whole thing feels so surreal. Thank You so much! I know the only way I can give back is to start living the life of austerity You prescribed for ordinary people like me. I have started following every aspect of the 4 regulatory principles.

Chanting 16 rounds every day. I need Your shelter more than ever. Please do not give up on me. Please allow me to continue serving You despite my numerous faults. All glories to Your Divine Grace! Aspiring to become

Your servant, Yours truly, Bhaktin Minu Nair

Dear Srila Prabhupad,

I offer my respectful obeisances at your lotus feet. All glories to you on this most auspicious day of your Vyasa-puja.

I am extremely grateful to Lord Krishna, that I have been given an opportunity in this lifetime to have you as my spiritual master.

The intelligence required to understand the depth of transcendental literature is immense and you have been so merciful by translating and explaining the luminous knowledge about the Lord.

You have given to the people of Kali-Yuga a window of hope and light. The treasure chest of spiritual knowledge that you have offered us is vast and profound. I am truly thankful to receive this knowledge and it is because of this of knowledge given by you that I am beginning to understand my true nature and my purpose in the human form.

I am living in ignorance and have been conditioned with much dust over the rebirths. I have so much to do and improve before I can come up to your expectations.

Have mercy on me, Spiritual Master, so that I may be purified, and my thoughts be on Krishna. Guide me to read and understand the transcendental literature, because without your mercy I am nothing.

Give me courage and determination to progress on my spiritual path. Grant me strength to continue to chant the holy name as recommended by Sri Caitanya Mahaprabhu. Help me surrender fully.

My most joyful moments have been spent in devotional activities, so please provide me with opportunities to engage in your service always. And finally, please forgive me for the offences that I commit knowingly and unknowingly.

मेरे गुरु श्रील प्रभुपाद के चरणों में शत् शत् नमन्...

हे दयामय..आपने मुझ अज्ञानी को अपने चरण कमलों में स्थान दिया है -यही मेरे मानव जीवन की परम उपलब्धि है।

मैं जन्म जन्मान्तर से इस भव कूप के गहन अन्धकार में भटक रही थी- आपके दिव्य ज्ञान के कण मात्र ने मेरी आत्मा को तृप्त कर दिया है ।

हे कृपालु .. अब शेष जीवन आपकी सेवा में व्यतीत हो.. बस यही विनती है। हे पतित पावन .. मुझ तुच्छ जीव को अपनी सेवा का अवसर, सामर्थ्य , बुद्धि और शक्ति प्रदान करो।

हे दयानिधान..अब यही आशीर्वाद दो कि एक पल के लिए भी आपका स्नेह मेरे मन से विस्मृत न हो।

हे करुणासिन्धु..आपसे करबद्ध प्रार्थना है कि मुझ गुणहीन को अपनी शीतल छाँव से आप कभी विलग न करें। इस छाँव ने ही मुझमें सभी क्लेशों में सम रहने की क्षमता प्रदान की है। आपके ज्ञान से ही इस जड़ शरीर में चेतना का संचार हुआ है। आपके दिव्य उपदेशों से ही मेरी भ्रष्ट बुद्धि निर्मल बनेगी- ऐसा मेरा विश्वास है।

हे प्रभुपाद..मुझ पतित को शरण में लें.. शरण में लें..शरण में लें..इस असहाय पर दया दृष्टि करो नाथ..

Hare Krishna,

Please accept my humble obeisance's onto your lotus feet Srila Prabhupad.

All these years I was in darkness of total material concept and had no interest to read any spiritual books before joining ISKCON. Now after joining ISKCON slowly I have begun to read your Bhagavad Gita book. I regularly sing the bhajans at home while worshipping, Narasimha Aarthi etc., I also hear the bhajans and Bhagavad Gita slokas while cooking. Weekly I attend the temple programs, doing service as per your instructions on festivals days and other holidays. This year started doing 16 rounds frequently by your mercy. Every day I get up at 5.00AM and most of the days try to finish my chanting. If not at least by end of the day. I am attending Krishna Ashraya program and take part in Bhagavad Gita reading, discussions, sloka recitation. To the best possible I try to cook food, offer and distribute to as many as devotees during the house programs. If not possible totally by me I gather devotees and arrange to do the best. The program started with about 6-8 people, now its 18 people and reaches 25-30 too some days. By your blessing we planned to do Chapana bhog but by your mercy ended up cooking 135 offerings to their Lordships Jaganath Baladev Subhadra. It was a transcendental moment. I am trying my best being associated with ISKCON, doing service, practicing reading. But still need to go lots further. I beg for your mercy to understand and remember your teachings. Thank you for all the guidance.

Jai Srila Prabhupada.

Srila Prabhupada,

Up and Down, life is a roller coaster round,

Sometimes I am happy and sometimes unhappy.

Some days of mine are funny and few are gloomy.

Sometimes I talk a lot with you and sometimes I just want to be quiet for long

Someday I want to party a lot and someday I want to be all alone

Sometimes I want to walk alone. Sometimes I want to walk along

Someday I want to be with you and someday I just want to run away

Sometimes I like you a lot and sometimes I dislike you.

Somedays I listen to you a lot and some days I completely ignore you.

Even though I laugh or cry, I always look around.

I know you are there with me all the time as a father, mentor, philosopher and guide.

Hare Krishna !!!

Dear Srila Prabhupada,

Please accept my respectful and humble obeisances.

It's been one year for me in Krishna consciousness. Each day brings new joy and learning.

I was introduced to Krishna Consciousness by my friend back in 2017. when I told him that I had lost my dad when I was 4 years old, he told me that our eternal father is Krishna and our eternal grandfather is Prabhupada. Though that did not make any sense to me in initial days, after his efforts of teaching KC principles in a way that I could relish them, I got convinced that Krishna is our eternal father and I really feel that you are my grandfather. Before coming to KC, I was a girl with no goals and no meaning to my life. Krishna consciousness movement taught me the real meaning of Human life.

It took more than 6 months to chant 1 round that too with half-heartedly. Somehow you showered mercy on me and everything happened so smooth that my goal is now to serve your divine instructions under proper guidance. You have created a wonderful home for all the devotees. In every home, mother has solution for every problem, similarly you have given us such a nice mother kind devotee who listen and find solutions to every devotee's problems. She was the one who inspired me to be strong in spiritual life as well as material life. She made my Krishna conscious life very easy.

I know very well that we can never repay you for what you have given to the mankind. Madhu Pandit Prabhu always says in his lecture that the best way to repay you is to dedicate "OUR LIFE IN SERVING YOUR DIVINE INSTRUCTOINS". I desire to surrender whimsically to Krishna and dedicate my life full time to serve Chaitanya Maha prabhu mission under your sanction and guidance. Please guide me in such a way that I don't lead my spiritual life in my own way (mental concoction). Every day you inspire me with ideas of how I can serve in spreading this message to different classes of people. Please give me strength to progress more and more in my spiritual life without being misled by my whimsical. I beg for strength to control false ego, pride. Whenever I render service please make me think of only Krishna without expecting anything in return, not even appreciation.

I did not have a habit of reading any book. But I get some unknown happiness when i listen to past times of Krishna and his incarnations from pure devotees. This unknown happiness lead me to read your books and listen to Bhagawatham more often. Currently I am reading "Science of Self Realization" and I listen Bhagawatham class every day. I cherish every movement when I read and listen. Whenever I read your books, I literally get fired up and I feel like I should spread this message to all my friends. Thanks for showing your mercy upon me.

You have created a second home for me, where I got mother, father and God sisters who take care of me more than I deserve. I am Thankful to all the Vaishnavas at ISKCON Bangalore. Prabhupada, please forgive my offences which I commit unknowingly to other Vaishnavas. Prabhupada I have a desire of getting initiated by you. Please accept this most fallen soul as your disciple. I desire to cook many varieties of food stuff for Krishna. Please permit that I get a chance to cook delicious items for Krishna

Your divine grace his and intimate associate of Srimathi Radharani, the queen of Vrindhvan. By your blessings I hope to get the opportunity of visiting the Holy Dham and receive Her mercy in actively being part of your glorious mission.

Yours humble servant & fallen soul,

Please accept my humble obeisances. All glories to Srila Prabhupada.

Words cannot adequately express the gratitude I feel for the mercy you are bestowing on me.

I first experienced your Divine Grace on Jan 1st 2018. And from the moment I listened to your class, I wonder the way in which you spread the message of Krishna Consciousness.

Because of the devotion with which devotees serve you and Lord Krishna and the loving reciprocation you bestow on them, I began to learn what real affection is. It's warm and clear just like your smile, you are lighting up several lives like me.

On this occasion I pray to you, to bless me to be able to follow your instructions and to serve you and Lord Krishna. Always thankful to you.

Your servant, Bhaktin Purnima

My Dear Srila Prabhupada,

Please accept my humble obeisances in the dust of your lotus feet. All glories to Your Divine Grace!

Today I am very much connected to you and the Lord for most of the time on different occasions, it's only because of your causeless mercy upon me and your beloved devotees support. I have seen many a times when I desire right things and sincerely pray to you, I get to see you are with me during all those moments.

Because of your hard work, we are enjoying the frutiv days of understanding which is the right path in this kali yuga else we will be surviving in this material world like animals or inanimate objects.

Recently I was reading the SSR, at times I felt you are with me telling it to me personally and I have seen changes in myself after reading the book.

Somehow you have chosen me to be your devotee and allowed me to join your happy family of loving devotees, You saved me, dear Srila Prabhupada, and I am eternally thankful and indebted to you.

Thanks to Iskcon bangalore for giving me the oppurtunity. Jai Srila Prabhupad

Dear Srila Prabhupada, please accept my humble obeisances to your lotus feet

I am a wondered and confused soul in this material world. I am just like mudhah(fool), if I had not come across your books in which you have described about Krishna conscious life so meaningfully. It's about eight years now since I am trying to improve my spiritual life, please give me strength for the same.

Thank you for your spiritual voice in your lectures which are again very enthusiastic. Bless me to get rid from the clutches of Maya which comes on my way to spiritual path.

Hare Krishna!

My master Prabhupada,

Please accept my respectful obeisances unto your lotus feet.

I thank the Lord for guiding me to your Divine Grace. I am so fortunate to have your merciful glance. You have chosen to deliver me, picked me up, only out of your causeless mercy and guided me to the path of devotional service, giving me the purpose in life, which otherwise was aimless.

Prabhupada, when I look back at the service opportunities I have got, I just wonder, how was it possible for me to execute them. Then I know it's you who is giving me the capability, intelligence, and strength to carry out these services. I am never alone, you are always with me. Although I am most fallen and unqualified, you are giving me a chance to serve you and Their Lordships.

Prabhupada, please let me not become a victim of pride, name, fame, and glorification in the name of service. Please keep me in the association of your servants. Please chastise me for all the mistakes and shortcomings but never bereft me of services at your lotus feet. Actually, I need not ask you for anything, because You know what is good for me.

Desiring eternal shelter at your lotus feet,

Hare Krishna please accept my humble obeisances to you.

It is a great pleasure and opportunity to write our words about you prabhupada.

8 years back I was just normal woman thinking always about family, home and so called happiness....

I feel it's a great change over in my way of life, behavior, language and attitude towards my surrounding society. It's just because of your teaching prabhupada.

As you told that you are still alive in your books, in fact while reading your book I do not want to disrupt myself.

One thing which impressed me about you that at the age of 70 you went western country to spread supreme lord Krishna consciousness, which made us to know the importance of chanting the holy name.

If I want know the duties of woman as a daughter, wife, mother I need not go anywhere, any other person for the answer. Your teaching and lectures are capable enough to give the solutions.

By your lecture and teaching I started learning to tackle the situation and handling the people in my atmosphere with spiritual gloves.

Your teachings made to me leave the so called good taste and cultivate myself to know and think about lord Krishna and his transcendental knowledge.

My offerings to Srila Prabhupada,

Dear Srila Prabhupāda,

Please accept my humble obeisances.

Krishna consciousness is given to us by You in a simple way and I want to value that and make it part of my family which I am trying from past 10 years.

I am able to implement Bhagavad Gita As it is in many walks of my life. Purports provided by You is exact solution in this Kaliyuga and make it simpler to implement.

I am inspired as how You walked the talk, be it raising early in the morning, chanting 16 rounds, attending arati, etc. what expects from Your disciples. You didn't stand aside and say that You are already enlightened now and doesn't need to follow sadhana.

I am using all my intelligence, time, etc. in service of the lord in whichever way I can as You have shared in all the lectures.

I am focusing on being more committed towards quality chanting that's expected at my level. Also on sadhana and taking care of personal Deities.

All glories to Your Divine Grace!

Prabhupada, the most merciful and loving soul I have ever seen. Your mercy has no boundaries. Your smile itself says everything. The way You care and guide Your disciples on the path of Krishna Consciousness has no words and limit. Your Greatness is unlimited, for You take souls like us Back to Godhead. I request You to chastise this rascal mudha (me). My Dear Prabhupada All I can say is Thank You from the bottom of my heart for giving this

wretched beggar an opportunity and place to be a part of this magnanimous movement. This slave will try its best to follow your orders and instructions.

आपने कृष्ण भगवान के बारे में इतने अच्छे तरीके से समझाया है ऐसा लगता है, मैंने सारे लोक घूम लिए, सरे वेद पढ़ लिए । आपसे इतना अधिक ज्ञान मिला है इसके सामने दुनिया के सब ज्ञान फीके लगते हैं । मैं अपने साक्षात् प्रभु कलाकंथ प्रभुजी की बहुत - बहुत आभारी हूँ उन्होंने मुझे आपके बारे में , भक्ति के बारे में जो ज्ञान दिया है वह अविस्मरणीय है । मैं आजकल अमित साना दास प्रभुजी के प्रवचन सुन रही हूँ और आपके बताये रास्ते पर आगे बढ़ने की कोशिश कर रही हूँ । प्रभुजी मेरी भक्ति आगे बढ़ने में मेरी मदद करना, मेरी गलतियों को क्षमा करना ।

Jai Srila Prabhupada!

By your mercy, I have come to know the ways to receive Krishna Consciousness. Now I am chanting 16 rounds Of Hare Krishna Mantra, going for pilgrimages and reading your books. Hare Krishna Prabhupada,

When I was 2 year old I was just coming to HK hill with my parents, as they were offering obeisance to you, I was just doing the same what they are following. First I was coming to ISKCON temple for delicious prasadam. In my 4 years age I came to know about you and your love about Lord Krishna.

After that I started loving Krishna, now I am chanting 3 rounds every day. I like ISKCON temple, kirtan, prasadam and cultural activities for kids conducted in temple. I feel you are the best guru in the world. YOU ARE THE BEST, YOU ARE THE BEST, YOU ARE THE BEST. WE ALL LOVE YOU PRABHUPADA.....

Hare Krishna.

It was around 9 years back when we were associated to the Krishna consciousness. It used to be a Friday class in Edison NJ. The session is for 2 hours followed by a prasad cooked from devotees home. I was pregnant for my first child . The satsang and chanting helped in clearing the confusion in the mind. The keertan and chanting are my favorites from then Restarting the association in Bangalore. Once the kids are born and back to family and work did not get a chance for getting associated with ISKCON. Around a month back ISKCON Whitefield temple is setup next door.We thanked lord Krishna for providing an opportunity to connect with Krishna conscious again.

Bhagawad gita gives clarity of thought while in confusion. Kids learn values and slokas through this movement. Thanks to the movement that helps us to continue our tradition from any part of the world.

My Dear Spiritual Master Srila Prabhupada,

Hare Krishna!

Loving Master, I beg of You to accept my humblest obeisances. All glories to Your divine grace and boundless mercy! As I start to pen down my Vyasa puja offering to You, I find myself at a complete loss for words. Making an attempt to describe the uninterrupted flow of Your grace, is way beyond my limited capacity and ability to express. Humbly beg and pray to You, that I may always be at the receiving end of Your unfathomable grace, as it is 'the' only solace for a lost soul like mine. Beg and pray that I may never ever be forgetful of the countless opportunities You send my way, so as to be able to work on myself. Beg and pray of You, to always guide me in conducting myself in the shadow of gratitude to You and to the innumerable messengers, who You so graciously send along just so that I may not stray away. Thank You from the innermost core of my soul oh loving Master.

Dear His Divine Grace Srila Prabhupada,

On the auspicious day of your birthday, please accept my sincere heartfelt obeisances at your lotus feet.

My life changed the very day I came in touch with your teachings when I was in the third year of my engineering college. I fall short of words to express my gratitude for your generosity. All thanks to you I lead a much more spiritual and complete life remembering Krishna and striving to serve your purpose to the best of my efforts. I often thank Krishna for blessing earth with your Divine Birth on this very day to save millions of humans. Thank you Srila Prabhupad for not only being my spiritual master but also institutionalising Krishna Consciousness worldwide

through ISKCON. Thank you for coming in the thoughts of Madhupandit Prabhu to start ISKCON Bangalore and Akshaya Patra. Thank you for enabling Kalakanta Das Prabhu and Govind Datta Prabhu to be the channels for preaching your teachings to all of us (me and my family in particular).

Please forgive me for my offences. Please help me to serve your mission in the best possible way. Please always keep me in the shelter of your lotus feet.

Striving to be the servant of your servants.

My respectful pranams to HDG Srila Prabhupad.

I offer my humble prayers to you and hope that you will guide me through troubled times and bless me. Since my association with you (HDG Srila Prabhupada), my life has become more simple and realistic. My life's path has become smooth and has more clarity. I have surrendered my life to you. I need not worry as to what is to come or what will happen to me. I believe in you and leave the every thing in your capable hands. I do not waste time thinking about things that are not in my control. My life, from that of a high society lady, has become very simplistic and modest. My desire towards worldly things has been selective and minimal since the time I have associated with ISKCON. I have begun to see the world in a more positive light. I have begun to feel the selfless desire to help others better their lives, rather than improve my own.

I feel immense joy while singing keerthans to the Lord Almighty. Thesatsangs, theertha yatras and frequent visit to the temples have helped purified my mind and soul to great extent. But as only a mere human, I have a long way to go, in completing this process of purification and reaching the levels of devotion of

Hanuman and other pure devotees of the Lord. My Vedic knowledge has improved by reading the Bhagavat Gita and listening to Pravarchans and discourses. Although I am yet to begin reading the Srimad Bhagavatham, I hope my desire to read this book will be fulfilled by your grace.

I was very impressed about the rules and regulations that need to be followed by a pure devotee. It takes lot of willpower and persistency in following these strict regulations day after day. I will try my level best in following these regulations in years to come, under your divine guidance. With awe and reverence to His Divine Grace, Srila Prabhupada,

Your devout follower,

Bhaktin Usha Rontala.

My Dear Srila Prabhupad,

My humble obeisance onto your Lotus Feet!!

There have been some of these questions I used to ponder many a times – What is the purpose of life? What is the Absolute Truth? How do I get access to the spiritual knowledge? Is a Spiritual Master necessary to see through the goal of life? If yes, who is a Spiritual Master? How far can the Spiritual Master help us come out of these miseries in the material world? And so on... By His Divine Grace (which I realize now!), been fortunate to get connected to your disciples @ ISKCON in the last couple of years and they have been helpful in providing me with answers par

above conviction. I should now sincerely thank YOU for being a true dispeller of ignorance and for your great divine contributions including setting up of ISKCON – the sole purpose being only to promote the wellbeing of human society by drawing its attention to the Supreme Personality of GOD, to invoke the living entity's dormant love of God and thus provide the human society of all faiths with a common platform of supreme knowledge and practice. Hundred times thanks to you! You brought us KRISHNA so closer to our hearts and the inaccessible, the forgotten spiritual knowledge so closer to our minds.

Spiritual knowledge as propounded by Krishna in Bhagavad Gita is a matter of Guru Parampara. It is handed down from the Guru to his disciple. Hundred times thanks to you for making this happen through your books of knowledge via medium of ISKCON and your disciples. We can receive this divine knowledge through your invaluable writings that are presented in a wide range of languages and are written in a simple way that even a lay man can comprehend. Lest not to reiterate, your disciples are always available to guide us and help us with open hearts.

You are a genuine spiritual master because you presented appropriately, and AS IS the spiritual subject matter of Krishna – the Supreme Personality of God Head to anyone and everyone. For one to drink the spiritual nectar of immortality which flows from the holy lips of the Spiritual Master, one needs to be an embodiment of humility and meekness. One's individual ego, preconceived notions, prejudices and selfish interests should be given up. All these stand in the way of following the teachings and principles of the Spiritual Master. I humbly seek your Divine Grace to be eligible to experience this divine nectar and help me regain my original position. Help me lay bare on to your Lotus Feet.

It is said that Guru's Grace descends upon those who feel utterly humble and is faithful to him. Faith is confidence and trust in Guru. Faith is the firm conviction of the truth of what is declared by the Preceptor by way of either of testimony or authority, without any other evidence or proof. I beg you. Guide me! Help me to simply obey, obey and obey and not to argue, reason out or cogitate, but just to respect you, follow your guidelines and principles as laid out.

I believe to be fortunate enough to write this note as a humble offering from this fallen soul. This would not have been possible again without your Divine Grace.

I would like to take this opportunity also to thank your disciples @ ISKCON, Bangalore, for their amazing guidance and to have inspired me thread on this divine path. I have put my first baby step now and look forward to your Grace to endeavour ahead.

With humble Pranams unto your Lotus Feet.

My most revered, Srila Prabhupada:

Please accept my most humble obeisances at Your lotus feet, the dust of which can sanctify the whole world _O^_.

ei rūpe brahmāṇḍa bhramite kona bhāgyavān jīva/ guru-kṛṣṇa-kṛpāya pāya bhakti lata bīja

Thank you so very much for picking me out of billions and billions of conditioned souls to be a small speck in Your mission (thus bringing me in the right path of going back home, Back to Godhead and ending the vicious cycle of birth and death). Your Divine Grace has transformed lives of so many conditioned souls and continuing to do so till date through the transcendental words emanating from Your books, lectures, japa, kirtans, etc.

The Supreme Personality of Godhead and His confidential associates have to be glorified using *uttama-sloka*, but I find myself dull headed (less than 34 ounce) and unable to glorify Your Divine Grace with best of chosen words, please forgive me. Sri Caitanya Mahaprabhu is called most munificent avatara of Sri Krishna bestowing love of Godhead for everyone. Your Divine Grace is more magnanimous than Sri Caitanya Mahaprabhu as you took the Hare Krishna mantra outside India, not caring for the risks. Your Divine Grace exhibited highest degree of tolerance, forbearance, compassion, humility, determination, etc. preaching to the western people and struggling to establish the institution.

My dear King Rahugana, unless one has the opportunity to smear his entire body with the dust of the lotus feet of great devotees, one cannot realize the Absolute Truth. One cannot realize the Absolute Truth simply by observing celibacy [brahmacarya], strictly following the rules and regulations of householder life, leaving home as a *vānaprastha*, accepting *sannyāsa*, or undergoing severe penances in winter by keeping oneself submerged in water or surrounding oneself in summer by fire and the scorching heat of the sun. There are many other processes to understand the Absolute Truth, but the Absolute Truth is only revealed to one who has attained the mercy of a great devotee. SB 5-12-12 Translation.

On this most auspicious day, I fervently beg Your Divine Grace to please bestow me the dust of Your lotus feet, the water that has washed Your lotus feet, and the *maha maha prasadam* that's been relished by You as that's the only way I can be saved from *maya*. Please bless me with the strength to worship you everyday in full knowledge and enthusiasm, follow your instructions without going astray, never desire for any mundane things, serve Your mission, and execute Krishna consciousness with utmost seriousness and sincerity...

Dear Srila Prabhupada,

Please accept my humble obiesences at your lotus feet.

I have no words to describe your causeless mercy on this wretched soul. From the early traces of my memory I recollect that the only picture that came to my mind when I came across the word 'Guru' was your lotus face. As a kid when I was hurt or sad I remember tightly embracing your picture placed below the *Sadbuja* form of the Lord and whispering "Please take me back home! This is not my place". I was too young to read your name on the picture or to understand what I said but I still remember how your lotus face felt like home. My heart always hankered to meet you. Thank you Prabhupada for molding my young consciousness towards the Supreme Lord.

Words fall short when I describe the impact of your Divine Grace on my life. It is just because of your immense mercy that I'm blessed with the association of your humble disciples. My eyes well up when I think of the measure of compassion you have showered on a fallen soul like me. Thank you Prabhupada for patiently accepting my unworthy efforts. Your Divine Grace is my only hope. I am indebted to you Prabhupada for teaching me how to love the Supreme enjoyer Krishna! Your transcendental books, lectures and letters are my lifeline which keep me motivated and inspired to serve your lotus feet. Please bless me with your service. My only desire is to serve your mission. Please take charge of my life and accept this most fallen soul as your humble disciple . The only motive of my life is to please you.

I am so unworthy to even beg of your mercy but you are so compassionate that you have showered your mercy upon me . Your words purify my polluted consciousness. Please forgive all the offences that I have committed at your Divine feet. Please bless me that I may remain eternally at the dust of your lotus feet.

Your fallen servant,

Please accept my humble obeisance. Prabhupada I am always trying to serve you best but due to so much desire I am always attracted towards unwanted things which is distracting me from my duty. I am always trying to do my best to serve you but always attracted towards mundane things & temporary happiness & attracted towards material things to satisfy my own senses. Please shower your mercy upon me to get out of all this things. You had given a very simple way to live a life & engage in continuous service of the lord. By reading your books all my doubts are getting cleared and get knowledge to know about god. Please help me to get out from all this temporary happiness & help me to serve you& follow your instruction strictly.

My Dearest Srila Prabhupada,

Please accept my most respectable obeisance's at the dust of your lotus feet. All glories to your Divine Grace! Prabhupada, I'm finding it difficult to glorify you, whatever you have given to the human society is beyond words to express. A human being is meant to understand the value of human life which is a boon obtained after many many births. One must free oneself from the bodily concept of life and realize the supreme personality of Godhead Krishna. This is the ultimate Goal of life. But people in general are not realizing this and are entangled in Maya. You alone can help them come out of this miserable condition. Your mercy is always there, but we have to take it. Just like the sun, it is always there for everyone, but we at least have to stand in a receptive place to get the benefit. You are always present to uplift us. The only thing we have to do is to bring more and more people under your shelter, so that they can be benefited and get out of this earthly miserable condition. We can rededicate our self to meeting people face to face and convincing them of the need for Krishna consciousness. You came to give us Krishna. We can repay you only by giving him to others. We can please others only by first pleasing you and Lord Krishna.

Dear Srila prabhupada, you know my heart better than anyone else. I know you are making all the needed arrangements to purify my heart and mind, so that one day by your mercy alone, Shri Shri Radha Krishnachandra will reside there. On this auspicious day, I pledge to read more of your books. I am a very small and insignificant servant in your worldwide movement. Please allow me to continue serving you in your mission and give me the good fortune of associating with your sincere followers. My only desire is to engage in your divine service and in the service of your followers. All glories to You Prabhupada, without you life would have been a mess.

Knowingly and unknowingly I have committed so many offences, please be merciful to me, though I don't deserve it. Offering Myself and My Family at your Lotus feet. You are my master life after life.

Dear Gurudev Srila Prabhupada,

kindly accept my humble obeisances to your lotus feet on this auspicious day of Vyas Puja. Srila prabhupada, I fall down from the platform where there was a chance to become pure devotee of lord to the platform of mixed devotional service. The actual reasons and my anarthas are known to you and I request you to uproot them and help me to become a pure devotee. I beg pardon for the offences and disservice happened by me and through me to you, devotees and our mission. Kindly forgive me. Due to offences against Krishna, Maya conditions a living entity and thus one can't understand the absolute truth and supreme. I am also conditioned and punished by ignorance. As a father cares more to his weak child than others, I request for your more attention to me to keep me engaged in pure devotion service of Lord. I pray that my every moment, my all energy may be utilized in service of your glorious movement and in pure devotion to shri chaitanya mahaprabhu's Lotus feet.

आदरणीया प्रभुपाद आपके चरणों में कोटि-कोटि वंदन,

मुझे अधम अज्ञान को अज्ञान के अंधकार से ज्ञान के प्रकाश की ओर ले जाने के लिए मैं आपका कितना भी आभार प्रकट करूँ वह कम है। अपने मेरे भटके हुए मन व जीवन को नई राह दिखाई तथा सत्य का परिचय करवाएं इससे मेरा जीवन ही बदल गया है। जब से मैं आपके आश्रय में आया तबसे आपकी कृपा प्राप्त होती गई। तब से मुझ में कृष्णभक्ति तथा सेवा का भाव बढ़ता गया अब तो ऐसा लगता है कि मेरा जीवन यही राधा कृष्ण चंद्र की छत्रछाया में उनकी सेवा में निकल जाए। जाने अनजाने में राधा कृष्ण चंद्र की सेवा में मुझसे कोई गलतियाँ या कोई अपराध हुई हो तो आप उसके लिए मुझे क्षमा कर, और मुझे सुधरने का मौका तथा मार्गदर्शन दीजिए। आपके बताए चार नियमों तथा 16माला जाप निरंतर करता हूँ। ताकि मैं इस मार्ग से कभी भटकूँ एवं सदा कृष्ण भक्ति में बना रहे।

I want to give you something but I am so degraded that I have no qualification to give you anything. Srila prabhupada you always fulfilling my desires both spiritual or material. But I am so fool and rascal that I will do mistakes every time. Srila Prabhupada I know that when I will do my services properly then you will be happy and pleased. I joined this mission to serve you but I know that I am not serving nicely, please give me strength so that I can obey your instructions so so that I can serve your mission properly. I was in darkness but you came in my life with the torch of light to lift me from this miserable condition of material life.

Dear Srila Prabhupada,

Kindly accept my humble obeisance's at your lotus feet. All glories to your divine grace. Thank you very much for giving me one more opportunity to offer Vyasa puja offering this year. As Krishna says to Uddhava "with the dust of my devotees' lotus feet i desire to purify the material worlds, which are situated within me. Thus, i always follow the footsteps of my pure devotees, who are free from all personal desire, rapt in thought of my pastime , peaceful, without any feelings of enmity, and of equal disposition everywhere", Srila Prabhupada by your causeless mercy i have got full conviction in the above statement of Krishna.

The history has already proven that, people in the west got purified and were elevated to spiritual platform of loving Krishna simply by glorifying your divine grace and following your instructions sincerely. I am very fortunate to have an opportunity to stay in your home and render service at your divine lotus feet. Srila Prabhupada by your mercy I could reach (preach) many sincere souls to whom you inspire to serve Krishna. And I'm even more fortunate and thankful to you for keeping me under the loving care your wonderful disciples, who always think of bringing me more close to your lotus Feet.

Srila Prabhupada, please bless me the spiritual strength and intelligence to accept the instructions of my authorities proactively and follow them. Srila Prabhupada, please forgive me for any offences committed knowingly or unknowingly at your lotus feet and at the lotus feet of Vaisnavas, considering me as an insignificant servant. Srila Prabhupada, I'm eternally indebted to your divine lotus feet. Please keep me as a menial servant in your home and engage me in rendering loving service to your divine mission of spreading the message of lord gaurasundara.

Kindly accept my humble obeisance's unto your lotus feet. It's my privilege to write your glorification on this auspicious 122nd year appearance day of your divine grace. As I heard from your divine grace, "Devotees are more merciful than the Supreme Lord". Now I could understand that, by your causeless mercy upon me. In this golden period of time your appearance is great boon for all because you have come to take us back home back to Godhead by giving us the Holynome. Being commander in chief of Sri Caitanya Mahaprabhu, you are engaging all in devotional service by showering your mercy causelessly. Especially we have been blessed by your institution by which each and every one of us getting abundance opportunity to become Krishna Consciousness. My greatful to you Prabhupada that, by glorifying your divine grace i could sustain in spiritual life. So kindly bless me to understand more and more about your qualification in order to staunchly situating myself in Krishna consciousness and spread your glories to others by which everyone will become happy in this life and next.

Dear Srila Prabhupada,

Please accept my humble obeisances unto your Lotus feet.

It is the duty of a disciple to glorify his spiritual master in every moment, which is the descriptions in the revealed scriptures. but my condition is that even once in a year glorify you I not have sufficient matter, that shows what is my spiritual advancements After many years of practicing. Still it only hope left with me is your causeless Mercy. you given me a shelter. actually I am not serving you I am serving my ego but I am not knowing this truth and foolishly I am wasting my time without utilizing my time for the real purpose which is to serve for your satisfaction. this should be a goal of a true disciple. but my condition is so bad I don't know when I will come to this understanding by heart. but only hope is your causeless Mercy at least I am able to chant holy name as you prescribed. As the scriptures mention the key for ultimate success of spiritual life is attachment to the Lotus feet of spiritual master. by serving him, by following his instructions and executing his orders. it is the dream for me too attain that success by my Sadhana. but your causeless mercy is only the hope because you are the Mercy representation of the vaishnavas, acharyas and the supreme personality of godhead Krishna. Srila Prabhupada I beg your Mercy. Please empower me to serve for your satisfaction as you desire.

श्री ए सी भक्तिवेदांत स्वामी प्रभुपाद के चरण कमलों में सादर प्रणाम करती हूं

आप की शिक्षा के कारण मेरा जीवन पूरी तरह बदल चुका है। मैं बहुत ही प्रसन्न हूं क्योंकि आपके ही कारण मुझे आध्यात्मिक जीवन प्राप्त हुआ, आपसे मुझे सदाचारी शिक्षा प्राप्त हुई, जैसे कि सुबह मंगला आरती करना प्रतिदिन 16 माला का जप करना, आचमन करना तिलक करना, भगवान को अच्छा अच्छा पकवान बनाकर भोग लगाना, और वही भोग प्रसाद का सेवन करना, 4 नियमों का पालन करना, लेकिन एक बात से मुझे सबसे ज्यादा आनंद मिला और वह है कि, आपका सिखाया हुआ संकीर्तन। आप की लिखी गई पुस्तकों के अध्ययन करने के बाद मुझे पता चला कि krishna परम पुरुषोत्तम भगवान है। हे गुरुदेव मेरा एक ही इच्छा है कि अंतिम सांस तक मैं आपके श्री चरणों में रहकर आपकी और कृष्णा की सेवा कर सकूं।

Dear Prabhupada,

Please accept my humble obeisance's at your lotus feet. All glories all glories all glories to you Srila Prabhupada. Every day we sing the Guru-ashtakam ..in which it is told that disciples should glorify the spiritual master at least during three sandhyas. Even though we are requested to glorify you once in a year, still i am unable to write anything. i heard many times that unless one receives the mercy of guru one cannot get the mercy of God (Krishna). i am writing this gratitude letter to you itself is a proof of that. I am absolutely not qualified to be a soldier in your army in battle against Maya, but only by your causeless mercy i am standing by your side. Hopefully i can be of any use in this army. By prostrating with a blade of grass in my mouth i beg you to not astray me by seeing my behavior and attitude of not a human being (leave apart a devotee). Only by your continuous shower of causeless mercy on this 2 legged animal, i am sure to become a human being and your disciple.

Dear prabhupada,

Please accept my humble obeisance unto your lotus feet.

I really want to thank you for all the various books that you have written and compiled, they are a great source of enlightenment for me. I regularly read them and have felt that they have helped me a great deal in my spiritual journey. I was not so fortunate to have your darshan physically but the various lectures you have given for the benefit of we conditioned souls are really a great treasure to this human society and personally I have felt hearing the lectures gives such a feeling as if you are present among us only. It was your great determination to follow the orders of your spiritual master Srila Bhakti Siddhanta Saraswati Thakur and preach this message of Krishna consciousness to the western society. And what we see today-so many people have started practicing various spiritual activities all over the world is a result of your consistent efforts and a selfless serving attitude. I beg your mercy that a fallen soul like me can at least try to do some advancement on the spiritual path and just protect me from various aparadhas because they are the biggest hindrance in the spiritual progress.

Dear Srila Prabhupada!

Please accept my humble obeisance's unto your lotus feet! As stated in Chaitanya Charitamrita, our real life begins when we receive the seed of devotional service by the mercy of Guru and Krishna. Srila Prabhupada through his profound teachings showed us how to develop pure love for Krishna. He showed us by his own example that one could develop intimacy with the Lord through unalloyed devotional service. He exhibited perfectly the magnanimous nature of a pure devotee. He dedicated his entire life's energy to offer the entire mankind the gift of Yuga Dharma- Harianam Sankirtan.

On this most blessed day, let me thank you from the depths of my heart for coming to this world to deliver us. Even though undeserving, I feel so fortunate that you blessed my life through your book, "Bhagavad Gita As it is" in 1995. At that time I was unaware of your causeless mercy. But as years passed by I realized your compassion in many marvelous ways. You gave us a wonderful philosophy to live by, beautiful deities to worship and a chance to serve the Lord. It's a wonder how you came into our lives and blessed us with your divine benediction. You enriched our life with the enlivening association of your disciples. Through your teachings you always guided us and poured your unfathomable mercy into our lives. O Master! Please allow me to serve you eternally, please instruct me and make me realize how to serve you for the rest of my life. Please bless us so that we should never ever lose taste in chanting the Holy names of Krishna and never ever give up the association of the devotees.

Please forgive this insignificant soul for all the offences knowingly or unknowingly committed unto Your Divine Grace's lotus feet.

I offer my respectful obeisances unto my spiritual master, who has opened my eyes, which were blinded by the darkness of ignorance, with the torchlight of knowledge.

I offer my respectful obeisances unto His Divine Grace A.C Bhaktivedanta Swami Prabhupada, who is very dear to Lord Krishna, having taken shelter at His lotus feet. My respectful obeisances are unto you, O servant of Sarasvate Goswami. You are kindly preachin the message of Lord Chaitanyadeva and delivering to western countries, which are filled with voidism and impersonalism.

Just as a cloud pours water on a forest fire to extinguish it, so the spiritual master delivers the materially afflicted world by extinguishing the blazing fire of material existence. I offer my respectful obeisances unto the lotus feet of such a spiritual master, who is an ocean of auspicious qualities. Srila Gurudev, I am writing the Vyas Puja offering for the third time and I cannot but just keep thanking you for the mercy you bestowed upon me in these years. I am thanks full to you for keeping from distraction. I have had lot of problems in last 1 year to follow Krishna consciousness but a punctual chanting of mahamantra has kept me entact on right path. By your mercy, I also had a chance to revisit vrindavan dham which eventually gave me lot of positive vibes. Prabhupada, please keep showering your blessing upon me and push me towards right path. "My Dear Spiritual Master Srila Prabhupada",

I offer my most humble obeisances at your divine lotus feet.

Dear Srila Prabhupada,

I am very grateful to Lord Krishna who gave me the chance to associate with you and to be under your shelter. It is my pleasure and very great fortune to follow your footsteps to make my life successful . Whatever you find of value in me are gifts given by you. Because of you I get to know what is the real purpose of my life and how to be happy always. All glories to you for opening up my eyes, to the facts of real life, spiritual life.

Few months back when I didn't know what Krishna Consciousness is I used to seek happiness in mundane materialistic things. I was in association of very bad people and I committed many offences unknowingly, I didn't know what regulative principles are and used to visit temple once or twice a year. But because of your teachings now I know what real happiness is (serving you and Lord Krishna) and now I visit temple daily to get blessings from you and Supreme Lord and try to follow all your instructions strictly. Although, I am trying to strictly follow everything I am so foolish that sometimes I get flow away by materialistic desires and forget what is real purpose of my life. I am still covered with a lot of material desires. Your lectures, books and daily quotes are guiding me into the right path. I sincerely fall down before your lotus feet and beg you for your mercy to overcome all these desires and illusion of my mind and to concentrate my mind fully in the devotional service of you and Lord Krishna and to make my spiritual life more successful.

Please forgive me for all my offences and please bless me so that I can always serve your divine lotus feet.

Thank you so much Srila Gurudev for your blessings and accepting me at your divine lotus feet

Dear Srila Prabhupada,

Please accept the most humble obeisance of your most unworthy and foolish disciple . I have not yet realised your true glory . But I have realised that I am really unworthy to be your disciple. Your disciples are working hard day and night to expand your glories and urging people to come out of this material world, which is full of miseries, and to make a good use of this human body. My spiritual master, it is you whose teachings has taught me the purpose of this body . You have lighten up my life which was full of darkness . Your teachings leaves no doubt

regarding the existence of God. In spite of this, I am such a fool that I am still struggling to maintain my Krishna Consciousness. My intelligence is taken away by Maya and I have no control towards my mind, senses and desires. Please be merciful to me at engaging them in your service. Keep me always in the association of devotees which I am lacking the most. On this auspicious day, everyone is glorifying you but I am in need of your mercy and blessings, without which I see no hope to come out of my sinful activities. Please forgive me for all my offenses which I have committed in being at your lotus feet by not sincerely following your instructions and bless me so that I can surrender my every breathe in serving your divine instructions. Begging your mercy again and again.

Dear Krishna,

First of all I would like to say thanks to you Krishna Ji for allowing and helping me to understand the facts of Bhagwat Geet & relationship between Soul and Body through Srila Pabhupadas teachings.

Dear Srila Pabupada Ji,

During my school and college days I have read Bhagwat Geeta twice. But the facts which I understood through your books, the way you portrayed the Gyan of Bhagwat Geeta & the Hare Krishna Consciousness Movement which you

started helped me and are helping others to reach the destiny of Soul, Golok Vrindavan Dham. Through Krishna's mercy & your Hare Krishna Consciousness Movement I came in contact with one of your disciples. It's about a year; i met this devotee from Hare Krishna Consciousness Movement during Jagannath Puri visit with friends. Though I was aware about Hare Krishna Consciousness Movement, but it took me some time to accept.

An incident happened with me in my life; I found myself stuck in a situation where I had almost no options. I started chanting "Hare Krishna Hare Krishna, Krishna Krishna Hare Hare, Hare Rama Hare Rama, Rama Rama Hare Hare" every where, whether I am driving, sitting or doing anything. I think Krishna Ji helped me to come out from that situation. Thanks to Krishna Ji.

Through your preaching, my way of understanding life and situation changed. Now, I can relate things with the facts mentioned in Bhagwat Geeta. Now I know; What my ultimate goal is? What I need to do for achieving my goal? What is my responsibility as a soul and as material body? Now I try to let others also know the same, who are associated with me, my family members, my friends, my colleagues.

I wish my children's to be associated with Hare Krishna Movement so that they can know the moral & values of life and conduct themselves as guided in Bhagwat Geeta. Hare Krishna

I hope in future, by your grace I'll make myself much better than ever to serve The Supreme Personality Krishna. Thank you Spiritual Master

Mantra Moolam Gurur Vakyam, Moksha Moolam Guru Kripa

I will be eternally grateful to you for showing me the correct path and saving me from impersonalism and showing me the right way of bhakti without your help I would be bewildered and for ever inspiring us to perform bhakti fearlessly in any circumstances and never leaving the side of truth.

I am probably the most worthless soul on this planet. I try everyday to overcome my laziness and at least constantly chant my rounds. I have been trying so hard to make it a part of my life, but haven't managed to fully succeed.

I do not have enough words to thank you, as "thank you" is a very insignificant word for all your kind efforts in bringing us closer to Krishna, for without coming to this movement I would never have appreciated what it means to love and serve God.

My sincere desire is to get initiated and serve the Lord as much as I can. Please Srila Prabhupada, you are so merciful please shower your mercy on me so that I may achieve this, and always keep me under the shade of your lotus feet so that I may never deviate from serving Krishna.

My life seems to be full of most complicated difficulties. But you make everything very simpl. You just say that I should chant Hare Krishna and be happy, serve Krishna with love and Lord Krishna has more better plan than what we are expecting. The more I try to do that the more wonderful becomes my life.

So on the most auspicious day of Your appearance I beg that You please accept this offering as a humble attempt to somehow or other reciprocate Your causeless mercy. Furthermore, I beg that you kindly remove the black umbrella of ignorance that is presently covering me so that I can properly receive and follow your instruction and try and serve your lotus feet with ever increasing purity, love and devotion.

आपकी अनुकम्पा से आज हमारे जीवन में बहुत बदलाव हुआ है। हमारा जीवन भक्तिमय हो गया है। आपके द्वारा निर्मित कीर्तन भजन आरती को सुनकर गा कर अत्यन्त आनन्द महसूस होता है। अन्तःकरण में अत्यन्त सुख का अनुभव होता है। आपके द्वारा बताया गया 16 माला का जाप मेरे लिए अत्यन्त ही लाभदायक सिद्ध हुआ। 16 माला का जाप कर मेरे मस्तिष्क में शान्ति की अनुभूति होती है। अतः आपके दया दृष्टि हमारे ऊपर बनी रहे यही हम आशा करते हैं। और श्रीकृष्ण के चरण में प्रीति हमेशा बनी रहें यही हम भगवान से नित्य-प्रतिदिन प्रार्थना करते हैं।

Dear Srila Prabhupada,

Please accept my humble obsequies unto your lotus feet. You are like my eternal father. The thing which is not taught by my parents is taught by you. You are very merciful. At the age of 69 you leave Vrindavan and go to the America which is hell for a spiritual person but for us you go there. You are mercy personified form of the lord. I

think you are the teacher of whole universe. I saw many lectures of you it is full of transcendental scientific knowledge it gives me a path for my life.

I know Prabhupada my karma (sins) is very large. I am not at all eligible to get this knowledge but you are so merciful.

You worked very hard for us. sleeping only 2 hours in night. You have done a work in 10 years which a normal person can not do even in his whole life. I think a person whole life is not enough to read all your books. But if a person read one book only his life can be transformed.

When i heard about your pastime i realised that you are not a ordinary person. You are perfect example of son, father, mother, shishya . You are Archarya . only to fulfil you guru instruction you go the west alone. Prabhupada can you please engage me in your service i also want to serve you. I want to join your mission. Please make me strong . i don't know Krishna but Prabhupada I know you have contact of Krishna and also you have the back door key of Goloka. Can you please pray from Krishna to make me free from material duties.

Prabhupada this time i am facing many problems my mind is always cheating me. Please prabhupada get me out from this situation. I am bewildered by small incidents please Prabhupada give me strength so that i can achieve the desired success which is Krishna prema. Without you it is impossible to get Krishna prema. You are only saviour.

I am learning regular new things from your books, lectures. Sometime i think that how a person can that much kind but then i know that you are not a person your are mercipersonified incarnation of lord. Prabhupada lord is also like you ??

Please guide me without your guidance even i cant chant a one mantra of hare Krishna mahamantra. Because of you only i able to chant 16 round daily. Only thing inspire me to chant is that you told na that if you chant 16 round daily then i take your responsibility to go back to godhead. But i don't want to go back to god head i want that you take my responsibility and i want to always with you and always serve you.

Thank you Prabhupada for choosing me in your Parampara please make me your disciple. I try to serve you nicely and follow your instructions strictly.

Dear Sir Srila Prabhupada,

First of all hare Krishna, we are heartily thankful to you for teaching us how to meet the life goal and be on track by chanting hare Krishna mantra and immersing ourselves in the never ending ocean of the lord Krishna. You taught us as our body needs food to work properly similarly our soul needs the food of the worship of the lord Krishna.

Thank you, Bhakat Brijendra Verma

Hare Krishna, Swami Srila Prabhupāda

With all due respect, Prabhu. I write this letter to you, for your inspiring preaching that helped me through some hard times lately. First of all, and foremost of all, I want to thank you for your intervention in my affairs in life. If I had 1,000 tongues, I could not thank Krishna enough for your role in making me strive to be a regenerate as Krishna conscious human.

In modern society, we are told to be 'reasonable'. But you have taught me the philosophy, "we are not body, we are spirit soul". Initially to me, happiness comes through material stuff. By reading your books we can easily understand acquiring more and more materials thing not give you genuine happiness Real happiness we can get only when we take the shelter of the God. With the help of books and from your lecture we can easily understand about who is God, why we all are suffering and what the cause of our suffering is? As always told by you, I am regularly chanting Hare Krishna Maha Mantra from past 4 years and always feel calm and happy.

Thank you my spiritual Guru

आदरणीय शीला प्रभुपाद जी

मेरी जीवन में जब से आये हो बहार आ गया है अपनी जीवन व्यथा क्या बताऊ मेरे जीवन में त्यौहार आ गया है।

जीता हूँ आपके सहारे जैसे नदियों का सागर का किनारा मिल गया है

मेरी तमन्ना यही आपके सहारे जीने का जीते यो सभी हैं मगर आपके शरण में आते नहीं है

जो आ गया ओ जीने का सहारा पा गया

न मुंह छुपा के जीओं न सर झुका के जीओं

गमों का दौर भी आये तो प्रभुपाद के शरण में आके हरे कृष्ण महामंत्र गा कर जीओ

घटा पे छुपके सितारे पनाह नहीं होते

अंधेरी रात में दिल की दिया जला के जीओ

कृष्णाभावनामृत अपना के जीओ

न जाने कौन सी पल मौत के अमानत है

मेरी शमशान मे आगे कदम बढ़ा के जीओ

हरे कृष्ण महामंत्र गा कर जीओं

मोर यही अभिलाष प्रभुपाद के दासों के अनुदास यही मेरा निवेदन यही मेरी जीवन धन अंत में प्रभुपाद जी से यही कृतज्ञता करता हूँ कि

श्रीला प्रभुपाद के चरणों में मेरा शत शत प्रणाम,

मैं शाम को बहुत भाग्यशाली समझता हूँ उपरोक्त के पीछे नहीं मेरे नंबरों को मैं अपने शब्दों में व्यक्त नहीं कर सकता हूँ बल्कि सिर्फ इतना ही कह सकता हूँ कि आपका आगमन बहुत महत्वपूर्ण रहा क्योंकि उनके आगमन से मेरे जीवन में बहुत बदलाव आया यह एक वरदान है. है प्रभुपाद आपके संपर्क में आने से पहले मैं अपने जीवन के वास्तविकलक्ष्य को नहीं जानता था और जो मुझे मनुष्य जी वन मिला है उसका कर्तव्य क्या है यह मुझे जैसे अज्ञानी को मालूम नहीं है जैसे ही मैं सुबह माला जप करना शुरू किया है भगवान के प्रति श्रद्धा और बढ़ गई है यह भगवान का प्रसाद खाने के समान है आपके द्वारा चार नियम मेरा आधार बन गया है. है प्रभुपाद कृपा करें केले रोजाना मंदिर आशापुर और सुबह मंगला आरती में आ सकूँ और आपके द्वारा जो भी सेवा मुझे मिली है उसे पूरी निष्ठा के साथ पूरा कर सकूँ और अपने कृपा मुझ पर सदैव बनाए रखना यदि मुझसे कोई भूल हुई हो तो उसे माफ करना.

Dear Srila Prabhupada,

It is not an jargon when I say, "Everyone is born spiritual" because essentially all jivas are spiritual beings getting human experience. But somehow we get enchanted by materials and forget our primary role. A Teacher revokes that interest and engages a student to again pursue and hunt for truth. That is Swami Prabhupada for me. The very first Geeta I purchased was Bhagwat Geeta As it is by You, in Mayapur during my High School days, but never read it, until I was introduced to spiritual and religious books by Your disciples and volunteers of Hare Krishna Movement Bhilai during my college days. I read, I forgot but again got lost in various businesses of mind. But Your books were an initiator to revoke and catalyze that interest in spiritual matters. Today I'm lagging to walk on Your said path, I'm continuing my aspirations to be an ideal servant of Guru and Gauranga. On this Vyas Puja, let me submit my humble prostrations unto Your lotus feet.

All glories to Srila Prabhupada. || HARE KRISHNA ||

Dear Srila Prabhupada,

Please accept my humble obeisance...All glories to Srila Prabhupada !

I know that I am not yet qualified to call myself your disciple, but I am trying from my side to follow the path that you laid down for us. I was having no idea of good or bad, right or wrong. There was extreme misery and distress in my life since my childhood. In 2007 I first came across 'The Bhagavad Gita as It Is' that was given to me by my friend. That was the day when my spiritual journey started. I know that, I cannot repay you back for what you have given to us; even if I serve you for millions of lives; but I am very unfortunate that I still have strong material attachments due to which I am unable to fully surrender to you. I sometimes feel very low because of this.

I am trying to focus on my sadhana as much as possible. I often think of you and try to meditate more and more on your words and instructions regarding each and every matter. Sometimes I feel disgusted when I see that even though there is so much suffering in this material world; still people are not ready to take up to Krishna Consciousness. I sometimes see that many people have to correct themselves, but I know the first need is for me to see my own faults and correct them. Please bless us, Srila Prabhupada, so that these things change in this material world; and people in this Kali-yuga can also take to Vedic culture. Kindly accept this piece of writing as 'Vyasa Puja Offering' from my side and shower your blessings upon me. I beg for your mercy & aspire to be your faithful servant.

Aspiring to be your Servant,

Dear Srila Prabhupada,

Please accept this fallen conditioned soul's humble and respectful obeisances unto your divine lotus feet.

Srila Prabhupada, you are so merciful unto us that you have been given us the most sublime instructions to make our life perfect and traverse back to home back to godhead.

The regular readings of your teachings, Lord Mahaprabhu's & Lord Krishna has made me strong in my internal discipline also which has, in-turn strengthened

my spiritual life. Because of your grace i am continually experiencing relationship with Supreme personality of Godhead Krishna.

My only prayer is Srila Prabhupada, Please save me from all kinds of attacks of MAYA. Some times knowingly or unknowingly i definitely would have committed several offences disrespecting your instruction through authority system you established. All glories to srila Prabhupada!

Please accept my humble obeisances unto your lotus feet.

This auspicious day of your divine appearance in this fallen world is really a great day for all of us. Because you came here to transform us from Fallen to Gentleman. Your appearance is like one rare Lamp in the deep dark wild forest, the forest where everyone is like animal in the form of human they are completely in darkness due to lack of knowledge, full of ignorance and unaware of the real success of the life. But Prabhupada it is just because of your causeless mercy that we got the opportunity to come in touch with you and get enlightened and now we are aware of the ultimate purpose of this human form of life.

Dear Prabhupada you have given me so much which I never ever had thought before. The real wealth Spiritual Wisdom, the most proper atmosphere for spiritual practice, association of the devotees, the great literatures, Krishna Prasadam, and so many more things. But Prabhupada I am so fallen that after getting so much by you still I can't able to follow your instructions and also unable to practice my Saadhna with full determination and regulation. There are always so many disturbances and hindrance created due to my past bad habits. The heart disease of Lust, Anger and Greed overpowers me several time and I simply carried away like a dry straw in river. I tried my best for

curing this but I was completely unsuccessful, but I heard in your one lecture that this can only be cured by the mercy of the Guru and Krishna.

So Prabhupada please show some mercy on your this fallen unworthy servant, please give me the strength to fight with the demon within me, and keep me under the shelter of your lotus feet 'If you so desire'.

Jai Srila Prabhupada

Dear Srila Prabhupada ,

Please accept my humble obeisance unto your lotus feet. Vyasa-Puja is an annual celebration by the devotees of Lord Krishna, as Lord Sri Krishna says, “ one who claims to be My devotee is not so. Only a person who claims to be the devotee of my devotee is a actually My devotee “ In the system of Bhakti-Yoga , the first duty is to accept a pure devotee as Spiritual Master and then render service unto him. Srila Prabhupada I am very small girl in age but still by the divine arrangements of Lord Sri Krishna I could meet to You so early in my life. For this I will say thank to my father Shri Veekaas S Sharma who takes me every Sunday morning for Gopal Sakha Program which is conducted by your disciples at Hare Krishna Movement, civil lines , Raipur.

Srila Prabhupada , after attending Gopal Sakha Program every Sunday I came to in your contact through your Divine instructions. By your Grace only I have learned that I am not this body but I am spirit soul. I do not belong to this material world but Spiritual world. My actual goal of life is to get relief from the cycle of birth and death and go back again to our real home Spiritual world, Goloka Vrindavana. Srila Prabhupad , I am chanting Hare Krishna Maha Mantra also. Thanks Srila Prabhupada , to give me this important teachings. Please Srila Prabupada continue to teach me in this way. Hare Krishna

Dear prabhupada,

Salutations to you; a pure soul who showed the world, the efficacy of lord's name... the power of devotion and faith. You are a ray of hope in the darkness of this kaliyuga. The moment I think of you, maya loosens its grip on me. I feel strong and my mind stops wandering on transient things and settles down at the lotus feet of the Lord, which is the 'parama gamya'. Your life gives the assurance that Lord takes care of his ananya bhakta... 'teshām nityāmbhiyuktānām yogakṣhemam vahnīmīyam'. It is clearly understood by reading your books that you are in communion with the supreme godhead always. Still, by your compassion for the non liberated, suffering souls... you have spent most of your life in guiding them towards the Lord. Anyone can attain the Lord by following your simple, yet powerful instructions. I express my gratitude on behalf of many others like me who benefited from your guidance, works and life. With love and devotion...

प्रिय प्रभुपाद आपके हरे कृष्ण क्रांति से मेरे जीवन में अनेक परिवर्तन आए हैं; वास्तविक भगवान एवं सत्गुरु से परिचय हुआ है। आपके त्याग एवं तपस्या मुझे सदैव प्रेरित करते हैं। आपके चरणों में दो पंक्तियाँ अर्पित हैं:-

अज्ञानता के मेघों से अच्छादित था आकाश,

अंधाधुंध विज्ञान का हो रहा था विकास।

तमाम भौतिक सत्त्व पीकर भी बुझती न प्यास।

सर्व वैभव पाकर भी मानव मन था निराश,

गुरुदेव फैलायी आपने ज्ञान की प्रकाश।

पुनः जागृत हुयी आध्यात्मिकता की आश,

करायी आपने हमारे अस्तित्व की एहसास।

Dear Srila Prabhupada ,

All glories to your divine grace, I offer my respectful obeisance's in to your divine lotus feet.

Today is very auspicious day of your appearance. It is foretold that no one can properly describe your glories but as your disciple I am trying to glorify you please for give my offences.

Srila Prabhupada] you have incarnated in this moral world and taken the position of Srila Vyasdeva only for elevating the suffering souls live me from this material world. Your vaani is very deep and highly philosophical and difficult to understand to the common man , but by your mercy fallen souls live me are able to understand it. So it is by your grace in the form of your vaani a greal change has been Seen in my life . What ever love and devotion I am having towards Krishna is because of you gurudev. It is by your mercy that i am able to fallow your instruction at my best. It Seems to others eyes that I am nice devotee . but you only know that how much fallen and wreched I am and what is the level of devotion, it can be compared to example of Shoubotlek wich you have many times described in your purporls and you only know that what is my Conditioned stage ,but there is a very great opportunity for me to be your Sincere disciple and cross this ocean of material nescience by your grace. You are freely distributing most confidential knowledge of Krishna Prema by ignoring the condition of the Souk for one who is fixed at water Lotus feel the whole ocean of material existence become like the water in low hoofs. it is slated that:-

(SVU-6.23)

yasya deve para bhakfir yalha deve thatha gurav tasyaite kathita bu arlhah prahasane mahal-manah.

One who has having unflinching faith in both guru and Krishna to him all the essence of Vedic literatures is automatically revealed. So please bestow your mercy upon me so that i can develop unflinching faith upon you and follow your all instructions without the tinge of faithlessness. as my life and soul and it is your free will gurudev that in whatever way you want to utilize me in your service, it will be a great achievement for me when i will be counted among one of the dust of your divine lotus feet.

1. Jai Shrila Prabhupada, I belong to a lower middle class family with three sisters and one brother. My father was a Cl-IV employee of Bhilai Steel Plant. Since my childhood on wards i was inquisitive about different Gods worship in our society. There was always a great confusion about who is the Supreme God. I started reading various books about meditation, yoga, devotion, motivation and books of different society i.e Brahma kumari, Shri Arbindo ashram, Swami Vivekananda books and many more. After reading and visiting the ashrams and society still a clear understanding of God and His importance in our lives been not cleared.

2. I came in contact with the books of Prabhupada while travelling back from my military training from Goa to Bhilai. I met one of the devotee of ISKCON pune who was preaching in my sleeper compartment. After paying obeisance i requested him for books in english language, due to my schooling in english medium. During my leave i read "Gita", "Travelling to other planet" and two more books written by Prabhupada. This was the first time that an author bring out the Spiritual literature in a very simple and sublime manner. Many of my doubts been cleared and many started developing after reading. Since then, i was a regular reader and visitor to the ISKCON and Akshya Patra temples across India due my profession as a soldier.

3. By reading, visiting and associating with the devotes my life has completely changed both Spiritual and professional side. My outlook towards the world, living entities and the influence of three modes been improved considerably by the unconditional mercy of Prabhupada and devotees. I feel at present that the Gyana aspect has been covered by me but the Service aspect is lacking due to lack of selfless service towards the mission of Shri Chaitanya Mahaprabhu and Prabhupada. Due to lack of service i am not been self realized. I pray unto both Guru and Krishna to engage me unto there services so as to utilize this material body to its best usage.

4. I have a desire similar to Shrila Prabhupada to organise and celebrate the grand Lord Jagannath Rath Yatra festival. Whatever i desired till now about the progress in Krishna consciousness is been fulfilled by Guru and Krishna. I am sure that the Lord will engage me in his service with best of my abilities.

5. On the forth coming annual event of Vyasa Puja offering to my Guru Maharaj i offer my sincerest and most humbly respect to Gurudeva Prabhupada. Also i request to Guru and Krishna from the deepest core of my heart to engage me as servant and always be in Krishna Consciousness.

A Vyasapuja offering to His Divine Grace. All Glories to His Divine Grace A.C. Bhaktivedanta Swami Srila Prabhupada.

Dear Srila Prabhupada,

Please accept my most respectful, humble obeisances. All glories to Your Divine Grace! I express my humble gratitude to HDG Srila Prabhupada and devotees who are serving Prabhupada's mission. The teachings of Prabhupada has changed my life in past 4 years. I remember my first day when I came in touch with your mission, I realise now, the life was so miserable that time and, now, Prabhupada, you gave us a great boon and just because of the 16 rounds chanting of Holy Name, Association of devotees, Visiting Pilgrimage places, Reading his books, I'm protected in a spiritual arena, without which I would not have been able to practice spirituality. Whenever I fall down, I beg to prabhupada for forgiveness, Prabhupada, being so merciful always lifts me up and guides me rightly through his books, lectures or devotees. I'm highly obliged to your's Hare Krishna Movement which has taught me the realities of life, and changed my thinking process, attitude and developed a little of servitor mode inside, which was non-existent earlier. Prabhupada, one more amazing thing I want to share of your movement, what I experienced is when we work under Krsna Karma, we do literal wonders and the same thing when we do in our capacity, we are not able to do a tinge of it. It is my unfortune that I fail sometimes in executing my duties, I fail to execute my promises again and again. But I'm highly confident that you will certainly save me from all dangers. I humbly pray before His Divine grace Srila Prabhupada, to please shower mercy upon me so that I can continue my spiritual practices with great enthusiasm and further advance in spiritual life and can contribute more in this divine krishna consciousness movement.

I pray before Srila prabhupada to give me strength and knowledge to further preach his message. Jaya Srila Prabhupada! Thanks to Srila Prabhupada ! Thanks to Hare Krishna Movement !

बड़ी जिज्ञासा उत्पन्न हो गई आप के विषय में जानने की फरवरी 2018 से मैं सेक्टर 6 मुख्यालय

में आया और सुबह की कक्षा में सम्मिलित होने लगा श्री नारायण दास प्रभु जी ने माला जपने की

विधि और महत्व बतलाया प्रभु जी सच यह है कि मैं बड़ा सोच में पड़ा कि सिर्फ माला जपने से क्या

होगा किंतु प्रतिदिन सुबह एक बार और रात्रि सोने से पहले एक बार माला जपता हूं कभी कभी छूट

जाता है लेकिन मुझे एक फर्क साफ-साफ महसूस हो रहा है कि मेरे मन में सब के प्रति बहुत करुणा

On this special occasion, I would like to thank Srila Prabhupada for spreading Krishna Consciousness. This has given me an opportunity to get connect with the supreme personality of Godhead. Even though I am born in a Hindu family, I have learnt more about Lord Krishna only through his preaching. Without Srila Prabhupada there would have been no Hare Krishna Movement nor the wonderful translations of the Bhagavat Gita and the Srimad Bhagavatam. His teaching has given me enough insight to cleanse my habits and inner-self. My prayer to Lord Krishna and Srila Prabhupada today is that they give me their mercy to spread the message of Krishna Consciousness in my community. Krishna Janmashtami ki jai! प्रिय श्रीला प्रभुपाद,

मैं अज्ञान के घोर अंधकार में उत्पन्न हुआ था, मेरे गुरु ने अपने ज्ञान रूपी प्रकाश से मेरी आँखें खोल दी। मैं उन्हें सदर प्रणाम करता हूँ। आप ने हम सभी को जो भक्ति का रास्ता दिखाया है वह वास्तव में अद्वितीय है।

Chant Hare Krishna Mantra And Be Happy

यही सत्य है और यही वो एकमात्र रास्ता है, जिससे हम स्थाई आनंद प्राप्त कर सकते हैं। आप के माध्यम से हमें यह ज्ञान प्राप्त हुआ कि अब भी इस कलयुग में भी भगवत गीता प्रासंगिक है। आप ने न केवल भारत में, अपितु सारे संसार में कृष्णभक्तों को जन जन तक पहुँचाया। यह कार्य एक आम व्यक्ति के लिए अकल्पनीय तथा अद्वितीय कार्य है। यह केवल और केवल आप जैसे अध्यात्म गुरु की बस की बात है। यह आप की अगाध प्रयास और भागवत कृपा का ही फल है कि आज दुनिया के हर देश और हर सहर में कृष्णाभाव
